संस्वीय कार्य तथा नौबहन और परिवहन मंत्री (श्री राज बहादुर) : माननीय सदस्य ने बहुत ही महत्वपूर्ण मुद्दों पर इस सदन का ध्यान आकर्षित किया है। मैं उनको विश्वास दिलाना चाहता हूँ कि जहाँ तक सम्भव होगा, केन्द्रीय सरकार इस सेवा को अधिक से अधिक उपयोगी, सुखकर और सुविधाजनक बनाने का प्रयास करेगी। माननीय सदस्य ने मिनी बसिज के परमिट्स की बात कही है। मैं इतना ही कहना चाहूँगा कि मिनी बसिज की आवश्यकता सिर्फ वहाँ होती है, जहाँ तंग गलियाँ हैं और जहाँ बड़ी बसें नहीं जा सकती हैं। हमने इस बारे में विचार-विमर्श किया है और विचार यह है कि मिनी बसिज भी दिल्ली ट्रांसपोर्ट कारपोरेशन ही एक्वायर करे और उन्हें प्राइवेट आदमियों द्वारा चलाये जाने के बजाये खुद कारपोरेशन ही उन्हें चलाये।

जहाँ तक प्राइवेट बसिज का सम्बन्ध है, हम लोग इस एग्जैमेंट से बिल्कुल सैटिसफाइड नहीं हैं कि प्राइवेट बसिज को लगाया जाये। लेकिन शायद वे मजदूरी में लगाई गई हैं। हमारी कोशिश होगी कि जितनी भी जल्दी हो सकता है, कारपोरेशन के अपनी फ्लीट में पर्याप्त वृद्धि करे और अगर कारपोरेशन का अपना फ्लीट पूरा हो जायेगा, तो प्राइवेट बसों की आवश्यकता नहीं होगी। हम सिर्फ उतनी ही, जरूरी हद तक, प्राइवेट बसें रखेंगे, जिनके बिना हमारा काम नहीं चल सकेगा। इसमें किसी का रोजगार छीनने की बात नहीं है। असली बात यह है कि यहाँ पर एक ऐसी अच्छी और दक्ष परिवहन सेवा होनी चाहिए, जो राजधानी दिल्ली के अनुरूप और अनुकूल हो और जो उसकी आवश्यकताओं के अनुसार चल सके।

श्री हुकम चन्द कछवाय (मुरेना) : परमिट के पैसे के बारे में भी बात दीजिये।

श्री राज बहादुर : अगर परमिट के पैसे लिये होंगे, तो वह श्री कछवाय और उनकी पार्टी को ही मालूम होगा।

श्री हुकम चन्द कछवाय : इसकी जांच कराइये।

श्री राज बहादुर : अगर श्री कछवाय एक्वायरी पर ज्यादा जोर न दें, तो अच्छा है। अगर सदन की यह मंशा है कि इस बारे में एक्वायरी हो, तो बाकायदा प्रस्ताव आने पर उस पर विचार किया जा सकता है।

हाईजैकिंग क्यों होता है और कैसे होता है, इसकी पूरी जांच करने की आवश्यकता है। यह भी बड़े अचम्भे की बात है कि हाईजैकिंग की शिकार खाली दिल्ली ट्रांसपोर्ट कारपोरेशन की बसिज होती हैं, प्राइवेट बसिज नहीं।

श्री शशि भूषण : **

श्री हुकम चन्द कछवाय : **

MR. SPEAKER : All this will not go on record.

मेरा खयाल है कि आप लोग यहां आने से पहले भगड़े का घन्टा किसी और कमरे में रख लिया करें।

श्री शशि भूषण : मैंने यह इसलिए कहा...

अध्यक्ष महोदय : आप क्यों इस तरह के रिमाक्स करते हैं जो एन्नाइंग हों ?

श्री शशि भूषण : जब आर० एस० एस० ऐसा करते हैं तो हम कैसे न करें ? (व्यवधान)

श्री रामावतार शास्त्री (पटना) : जब आर० एस० एस० की बात आती है तो यह घबड़ाते क्यों हैं ? बहस हो जाय, वह भी बहस करें हम भी करें। (व्यवधान)

श्री राज बहादुर : मैं कह रहा था कि जहाँ तक केन्द्रीय सरकार का सम्बन्ध है जो भी संभव था, हम लोगों ने 16 करोड़ रुपये से अधिक धनराशि डी० टी० यू० को दी थी इसलिए कि नई प्लोट आए, प्लोट बढ़े, अच्छी सेवा हो, लेकिन बड़े खेद की बात है कि इतनी बड़ी रकम देने के बाद भी सेवा का जो हाल था...

श्री हुकम चन्द कछवाय : आपका चेयरमैन था, उसने घाघली की है। वह चेयरमैन बसें खरीदना नहीं चाहता था।...

श्री राज बहादुर : केन्द्रीय सरकार ने अपने उत्तरदायित्व को निभाया, जितनी धनराशि की आवश्यकता थी, जो मांगी गई वह दी गई...

श्री हुकम चन्द कछवाय : कांग्रेस पार्टी का चेयरमैन था, उसने यह सत्र किया। ..

अध्यक्ष महोदय : आप सोचिये, यह क्या कर रहे हैं आप? किसी को बोलने नहीं देना यह क्या है? आप को जो कुछ कहना है आप का मेम्बर बोलेंगे तो कह लेंगे। यह बीमारी बढ़ती जा रही है। कोई जो बात बिल्कुल गलती नहीं, वह कह देना, जैसे किसी बाजार में खड़े होकर भगड़ रहे हों, इस तरह तो यहां करते हैं...(व्यवधान)...पता नहीं आपको तो अच्छा नहीं लगता होगा तो आप बाहर जाकर बैठ जाते होंगे, यह आपको आप्शन है, पर मेरे लिए तो मुश्किल है, मैं यहां से उधर नहीं जा सकता। मुझे मुनना ही पड़ता है। मुझे तो सजा मिली हुई है। यहां इस तरह के लोगों के साथ एक सिरदर्द हो जाता है, क्या करें? उनको तो बस के धुर्य से होता है, मुझे इन से होता है।

श्री राज बहादुर : मैं शायद इस बात को न कहता लेकिन केन्द्रीय सरकार पर यह आरोप लगाया गया है और जिम्मेदार लोगों ने यह आरोप लगाया है कि केन्द्रीय सरकार ने पैसा

नहीं दिया। इसलिए मैंने यह बात कही कि केन्द्रीय सरकार ने पूरा पैसा दिया और यह भी कहा कि सर्विस अच्छी नहीं है, उसका खेद है तो मैं सर्विस के लिए तो मुबारकबाद भी नहीं दे सकता। अगर सर्विस ठीक होती तो मुबारकबाद जरूर देता।

श्री हुकम चन्द कछवाय : इस पर चर्चा हो जाय, सारी बानें साफ हो जाएंगी।

श्री राज बहादुर : मैं एक बात और कहना चाहता हूँ। दिल्ली को राजधानी के अनुरूप जो भी सेवा हमें देनी है उसकी हम पूरी-पूरी व्यवस्था करेंगे। लेकिन वर्षों की बिगड़ी बात है, उसमें समय लगेगा। इसलिए जितनी सेवा का उपयोग करने वाले हैं, जितने हमारे साथी हैं नागरिक हैं, हमारे विद्यार्थी हैं, उन से मैं अपील करूंगा कि वह भी सहयोग दें और थोड़ा सतोप से काम लें क्योंकि एक साथ सारी प्लोट नहीं बढ़ाई जा सकती, एक साथ सबकी सब जो मरम्मत वाली बसें हैं उनकी मरम्मत नहीं की जा सकती, एक साथ सारी धनराशि नहीं आ सकती। बाड़ी बिल्डिंग के लिए, नई हम 300 बड़ी गाड़ियां डबल डेकर लाना चाहते हैं, लेकिन उनको लाते-लाते समय लगेगा। इस बीच में जो हमारे पास सलाह मशविरे की मशीनरी है, जो जोनल कमेटी है उनके द्वारा हम बराबर सम्पर्क जारी रखेंगे और मैं यह आशा करता हूँ, चाहे वह सेवा का उपयोग करने वाले हैं, चाहे सेवा देने वाले हैं, सब मिलकर ऐसा एक वानावरण बनायेंगे जिसमें कटुता नहीं होगी, कड़वाहट नहीं होगी बल्कि ईमानदारी के साथ यह कोशिश होगी कि जो भी धन हम टैक्सपेयर का देते हैं सेवा के लिए उसका पूरा-पूरा उपयोग हो। मैंने सिर्फ इसलिये यह कहा था। किसी का दिल दुखाने के लिये नहीं कहा था कि जितना केन्द्रीय सरकार पैसा दे सकती थी उतना दिया है और मुझे वित्त मंत्री जी ने यह आश्वासन दिया है कि सेवा को ठीक करने के लिये जो भी आव-

सकता होगी, वह यथासंभव देने की कोशिश करेंगे।

श्री सतपाल कपूर : यह हाईजैकिंग के जो 91 केसेज हैं उनकी एन्क्वायरी कराने के बारे में क्या कहना है ?

श्री राज बहादुर : पुरानी बातों की एन्क्वायरी कर के वक्त खराब करने से क्या फायदा ? पब्लिक अपने आप देखेगी कि क्या किसने किया ? अगर हमारी सेवा ठीक नहीं होगी तो पब्लिक अपने आप हमें भी कोसेगी। इसलिये साफ बात है कि हमें सेवा ठीक करनी है पहले।... (व्यवधान)...

अध्यक्ष महोदय : अगर इससे ज्यादा होता है तो मैं तो कहूंगा कि या तो मैं चला जाता हूं छुट्टी ले कर या इस आदमी का इलाज करें। यह क्या बात है ?

श्री हुकम चन्द कछवाय : मैं ही चला जाता हूं।

अध्यक्ष महोदय : आप चले जाइये पिछले दिनों चले गये थे तो दस पन्द्रह दिन बड़ा अग्रमन रहा था यहाँ।

श्री एच० के० एल० भगत (पूर्व दिल्ली) : अध्यक्ष महोदय, मैं एक दरम्बास्त करना चाहता हूं। यह रोजाना ही ऐसा हो रहा है। आपके बार-बार कहने पर भी आपका कहना नहीं माना जा रहा है और चन्द आदमी हाउस को रेंसम कर देते हैं। हाउस आपके साथ है। आप पूरी ताकत से जो आपकी पावर है उसका इस्तेमाल कीजिये।...

अध्यक्ष महोदय : आपको पता होना चाहिए कि ऐसे मौकों पर उसका प्रोसीजर होता है। वह प्रोसीजर जो आप चलाएंगे मैं उसको फालो करूंगा। आपकी पार्टी बड़ी है। वह प्रोसीजर चलायेंगे तो मैं उसको फालो करूंगा। लेकिन

कोई हद होती है, एक मेम्बर का यह हाल हो कि बार-बार वह सारे हाउस को रेंसम करे। मैं तो इसको और ज्यादा अब बर्दाश्त नहीं करूंगा, यह मैं कहे देता हूँ। पिछली लोक सभा में तो कर गया था, अब नहीं करूंगा। अच्छी तरह से मुन लीजिए।

श्री अमर नाथ चावला (दिल्ली सदर) : अध्यक्ष जी, मन्त्री महोदय ने अपने स्टेटमेंट में यह तो बताया कि पिछले पांच छः सालों से लगातार दिल्ली ट्रांसपोर्ट अन्डरटेकिंग की हालत बदतर होती गई और फैंक्ट्स ऐंड फिगर्स यह साबित करते हैं कि 921 लाख रुपये कर्ज और इन्टरेस्ट के जो डी० टी० यू० को भारत सरकार को देने थे वह नहीं दे पाये। इसके साथ-साथ आप जानते हैं कि सर्विस का क्या हाल रहा ? लोग कतारों में खड़े रहते थे, उनको बसों में जगह नहीं मिलती थी। धुएँ का यहाँ पर जिक्र हुआ था। लेकिन सबसे ज्यादा जो बात है वह यह कि 1391 बसों में से केवल 934 रोड पर आती हैं और उसमें आठ साल से ज्यादा पुरानी 300 बसें हैं। जब ऐसी पुरानी बसें रहेंगी तो क्या हाल होगा। पिछले पांच साल के अन्दर यह हालत है। इसके साथ-साथ मैं यह भी जानना चाहता हूँ कि क्या इसकी कोई प्लानिंग पिछले पांच सालों में हुई ? दिल्ली की आबादी बढ़ती चली जा रही है। दिन पर दिन सड़कों के ऊपर ज्यादा ट्रैफिक हो रहा है। बसों की तादाद बढ़ती जायगी। सड़कों की चौड़ाई भी बढ़ेगी। लेकिन एक बक्त वह आएगा कि जब सड़कें भी बसों की तादाद एक हद तक ही बर्दाश्त कर पायेंगी। तो क्या कोई प्लानिंग पिछले पांच सालों में दिल्ली की जनता को ट्रांसपोर्ट की सुविधा देने के लिये बनाई गई या भविष्य में क्या करना है, अगले पांच दस साल में क्या होना है, कितनी आबादी है, कितनी हमें ट्रांसपोर्ट फैसिलिटीज चाहियें, इसके बारे में पिछले पांच सालों में कुछ सोचा गया ? अगर नहीं सोचा गया तो उसके भी कारण हो सकते हैं। जैसा मेरे कुछ दोस्तों ने यहाँ पर कहा कि इस

[श्री अमर नाथ चावला]

बात पर पिछले पांच वर्षों में जोर नहीं रहा कि दिल्ली की जनता को किस तरह से राहत पहुंचाई जाय बल्कि शायद ह्याल इस तरफ रहा कि अंडर-टेकिंग की बसें ज्यादा तादाद में न बढ़ें, बल्कि प्राइवेट बसों की तरफ ज्यादा तवज्जह रही, इस बात की कोशिश रही कि प्राइवेट इदारे आगे आयें। उनका यह मत रहा कि प्राइवेट इदारे ही शायद ट्रांसपोर्ट की कठिनाई को दूर कर सकते हैं। क्या यह वजह थी जो पिछले पांच सालों में कोई प्लानिंग नहीं की गई? या अगर की गई तो बतायें। अभी मिनिस्टर साहब ने बताया कि दिल्ली यूनिवर्सिटी ने स्टूडेंट्स के लिये पिछले दिनों कुछ सर्वे किया। क्या डी० टी० यू० ने और म्युनिसिपल कारपोरेशन आफ दिल्ली ने पिछले पांच वर्षों में जनता को कितनी ट्रांसपोर्ट चाहिए, कितनी उसे असुविधायें हैं, उसकी कोई सर्वे की अगर कोई सर्वे नहीं हुआ तो साफ जाहिर है कि बड़ी कोताही की गई बस सविस को यहां पर ठीक से चलाने के मामले में।

अब मैं भविष्य के लिये मिनिस्टर साहब से यह जानना चाहता हूँ कि क्या वह यह तसव्वुर करते हैं कि केवल बसों की ट्रांसपोर्ट दिल्ली की जनता को पूरी सुविधा प्रदान कर सकेगी? मेरा ऐसा ह्याल है और यह सुभाव है उनको कि वह इस बात को देखें कि बम्बई के अन्दर दस लाख यात्री हर रोज ट्रेन से इधर-उधर आते जाते हैं। वहां की बस ट्रांसपोर्ट बहुत अच्छी समझी जाती है लेकिन फिर भी वह जनता की मांग को पूरा नहीं कर पाते। तो दिल्ली की बढ़ती हुई आबादी को देख कर के क्या ट्रांसपोर्ट मन्त्रालय कुछ ऐसा सोच रहा है जैसे कि रिंग रोड बनाने की बात थी, वह अभी नहीं बनी है, उससे भी कुछ हद तक यात्रियों को सुविधा पहुँचेगी या अण्डरग्राउंड रेलवे बनाने की कोई स्कीम सोची गई है? अगर सोची गई है तो बतायें वह क्या है?

श्री ओम मेहता: चावला जी ने यह पूछा है कि गुजरे हुए पांच सालों में क्या कोई ऐसी प्लानिंग की गई है जिसमें यह देखा गया हो कि दिल्ली की ट्रांसपोर्ट के बारे में क्या जरूरयात हैं। मैं उनको बताना चाहता हूँ कि हमने एक वर्किंग-ग्रुप फार दी मेट्रोपोलिटन ट्रांसपोर्ट बनाया था, उसने इसके बारे में सर्वे किया, जिसमें रोड रिचर्स इंस्टीचूट के लोग भी शामिल थे। यहां पर बसों की कितनी तादाद चाहिये, इन सब बातों के बारे में उन्होंने अपनी रिक-मेन्डेशन दी थीं, लेकिन बदकिस्मती से उनकी रिकमेन्डेशन इम्प्लीमेंट नहीं हो सकीं। अगर वे रिकमेन्डेशन इम्प्लीमेंट हो जातीं तो शायद इतनी मुश्किलात न आतीं, जो आज सामने आ रही हैं। उन्होंने आने वाले दस सालों के लिये यहां की बस-सविस की नीड्स के बारे में सिफारिशें की हैं और मैं उनको यकीन दिलाता हूँ कि हम इन तकालीफ को दूर करने की कोशिश करेंगे।

जहां तक अण्डर-ग्राउंड रेलवे का ताल्लुक है, हमारे पास तो ऐसी कोई स्कीम नहीं है, शायद रेलवे वालों के पास ऐसी स्कीम हो। इस सिलसिले में अभी कलकत्ता का सर्वे किया जा रहा है, अगर कलकत्ता में वह चीज कामयाब हो गई तो उसको दिल्ली में भी लागू कर सकते हैं। उसके लिये हम वाद में रिकमेण्ड कर सकते हैं कि उसको दिल्ली में भी लागू किया जाय।

उन्होंने प्राइवेट बसों के बारे में पूछा— यहां पर जो पहले अण्डरटेकिंग थी, उसने इनको चानू किया था। हम कोशिश कर रहे कि इन को ज्यादा से ज्यादा कम किया जाय। यूनिवर्सिटी के लिये भी एक कमेटी बनाई गई है, जिसमें वहाँ के वाइस चांसलर और दूसरे लोग हैं, यहां की नीड्स के बारे में सर्वे कर रहे हैं और उस को पूरा करने की कोशिश की जायगी।

BUSINESS ADVISORY COMMITTEE

FIFTH REPORT

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : Sir, with your Permission, I beg to move :

“That this House do agree with the

Fifth Report of the Business Advisory Committee presented to the House on the 17th November, 1971, subject to the modification that against item (27) of paragraph 2 of the Report for "Monday, the 22nd November, 1971" "Wednesday, the 24th November, 1971" be substituted."

Since the Minister of Irrigation and Power who would deal with item 27, namely, the cyclone in Orissa, would be back from Ceylon only on that date, I have moved that this debate be held on the 24th. Government will move a motion on this subject, namely, the situation arising out of the cyclone in Orissa.

SHRI P. K. DEO (Kalahandi) : This is the height of irresponsibility and dereliction of duty on the part of Government that they should shirk the responsibility for an early date on a subject which is of such vital importance to us. So many people have died. The Central Government have been callous. We want an early debate. We wanted the business of the House to be adjourned today to debate this matter. Instead of that, it is being delayed, delayed and delayed.

To add insult to injury...

MR. SPEAKER : Even when the Speaker is on his legs, he refuses to sit down. He still refuses to sit down

SHRI P. K. DEO : Before I complete my sentence, if it is not listened to, what can I do ?

MR. SPEAKER : You must sit down. Do you think I stand for nothing ? This point was raised—whatever you have raised—in the Business Advisory Committee by Shri Surendra Mohanty, and we agreed to fix the discussion on Monday provided the Minister of Irrigation and Power could be present here.

SHRI P. K. DEO : He should be called back.

MR. SPEAKER : Called back from Ceylon ?

SHRI P. K. DEO : Yes : this is most important. His duty is there. The Prime Minister would be there. Why should this

thing be delayed ? Further, to add insult to injury...

SHRI DINEN BHATTACHARYYA (Serampore) : It was to be discussed on the 22nd.

MR. SPEAKER : It was decided to do so if the Minister was available. The Minister has gone to Ceylon. He left before the meeting yesterday.

AN HON. MEMBER : When is he returning ?

SHRI RAJ BAHADUR : He is expected to return on the midnight of 21st—between 21st and 22nd—that is, in the early hours of 22nd morning. He cannot be expected,—and indeed for any human being—to come and attend the House immediately and attend to this item of work.

SHRI P. K. DEO : Further, to add insult to injury, the Minister of Parliamentary Affairs—I take great exception to it—passes judgment sitting here that the Orissa Government is doing nothing and the Orissa Government...

SHRI RAJ BAHADUR : I have not said that.

MR. SPEAKER : He did not say anything like that.

SHRI P. K. DEO : You read the *Statesman* of yesterday—Shri Raj Bahadur's comment in the press.

MR. SPEAKER : Please sit down.

SHRI RAJ BAHADUR : May I say that I would strongly...

MR. SPEAKER : May I say that you did not say it ?

SHRI RAJ BAHADUR : One thing I would like to make clear, because the hon. Member, Shri P. K. Deo, has accused the Government of callousness and he has done so on the floor of this House. I do not know what statement he is attributing to me. May I say that at the earliest opportunity, the Finance Minister of the Union Government visited the cyclone-affected areas ?

[Shri Raj Bahadur]

He was the first to visit ; then the Governor himself went, and then, every Minister concerned has visited Orissa. To say that we have been callous in this matter is not true. I would like to add that the Prime Minister is going to Orissa on her birthday ; she is not celebrating even her birthday. She is going to Orissa to visit the cyclone-affected areas. What more does Shri P. K. Deo want ? I would say that let him leave the matter to the people to judge ; to judge what we have done ?

SHRI S. M. BANERJEE (Kanpur) : As a Member of the Business Advisory Committee, let me say this. Let it not appear that any individual is alone the champion in this cause. The Business Advisory Committee was unanimous that the earliest opportunity should be taken to issue this matter. We actually suggested, today it should be discussed. But you know, the Minister is not available, and now that the Minister is coming on the 22nd morning, let us discuss it on the 23rd at least. On the Business Advisory Committee, it is not that we represent any particular State ; we are the citizens of India.

SHRI RAJ BAHADUR : 23rd may be fixed if the hon. Members insist on it.

MR SPEAKER : 23rd is all right. These are matters about which we simply cannot help ; yesterday, you yourselves decided that the discussion should be postponed if the Minister is not available.

श्री हुकम चन्द कछवाय (मुरेना) : मैं आप की अनुमति से एक बात कहना चाहता हूँ। कल कार्य समिति में जो निर्णय हुआ है, उसके अनुसार ता० 19 को हाउस दो घंटे के लिये एडजर्न होगा। मैं जानना चाहता हूँ—यहाँ पर दूसरे धर्मों के भी लोग हैं, क्या उनके लिये भी ऐसा ही होगा, क्या आप दूसरे धर्मों के लिये भी ऐसी ही प्रथा चालू करेंगे ? कुछ लोगों को नामाज पढ़ने जाना होगा, इस पर मुझे आपत्ति नहीं है, लेकिन उनके लिए हाउस दो घंटे के लिए एडजर्न होना और हमारा सारा काम रुका

रहेगा। मेरा कहना यह है कि अगर ऐसा हो तो यह सब के लिए होना चाहिए।

SHRI S. M. BANERJEE : Sir, I rise on a point of order. The practice is that all political parties, including the opposition groups, are represented on the Business Advisory Committee. In the absence of Mr. Bade, Dr. Laxminarain Pandeya was present there. It was decided in his presence. Some Members wanted that there should be a holiday. The Muslim minority should not be given a holiday ? I said that let a decision be taken, which will also please Jan Sangh ; otherwise they will raise a hue and cry on this issue. You said that there could be one hour recess on the last Friday. I must congratulate you on that. I am sorry that they have become so small. Why is their heart shrinking every day ?... (Interruptions).

अध्यक्ष महोदय : बड़ा विशाल हृदय होना चाहिए। कैसे चलायेंगे, कल को आपकी हुकूमत आयेगी क्योंकि देश में बहुत बसने वाले हैं और सभी को एक साथ लेकर चलना पड़ेगा। मुसलमान मेम्बरों ने कहा था कि हमारी ईद है इसलिए छुट्टी होनी चाहिए। बिजनेस एडवाइजरी कमेटी में बातचीत चली थी। छुट्टी के बारे में तो मुश्किल आती थी क्योंकि और भी छुट्टियाँ हैं और छुट्टियों के बारे में सरकार का रवैया है कि जितनी कम छुट्टियाँ हों वह अच्छा है। फिर यह फैसला किया गया कि जो उनके नमाज का वक्त है उसके लिए एक घंटा दे दिया जाए। आपको इसमें क्या तकलीफ है, समझ में नहीं आता। कल को अगर आपके धर्म की कोई बात होगी तो आपको भी दे देंगे, इसमें ऐसी कोई बात नहीं है।

श्री हुकम चन्द कछवाय : मैंने यह तो नहीं कहा कि यह न किया जाये। मेरे कहने का मतलब साफ है कि और धर्मों की भी छुट्टी रखेंगे या नहीं।

अध्यक्ष महोदय : आपके धर्म की बात

होगी तो वह भी आयेगी, सभी की आयेगी। मेरा अपना ख्याल था कि जब आपके नुमाइन्दे वहां पर बैठे थे तो फिर एतराज नहीं उठाना चाहिए था।

श्री आर० बी० बड़े (खरगोन) : हमारे पांडे जी ने मंजूर किया है इसलिए हमें कोई आपत्ति नहीं है।

अध्यक्ष महोदय : फिर इनको यहां पर नहीं उठाना चाहिए था। लीडरों का फैसला होता है लेकिन ये यहां पर उठकर खड़े हो जाते हैं।

MR. SPEAKER : I shall now put the motion moved by Shri Raj Bahadur, as modified, to the vote of the House.

The question is :

"That this House do agree with the Fifth Report of the Business Advisory Committee presented to the House on the 17th November, 1971, subject to the modification that against item (27) of paragraph 2 of the Report, for "Monday, the 22nd November, 1971" "Tuesday, the 23rd November, 1971" be substituted.

MOTION RE. ELEVENTH REPORT OF THE COMMISSIONER FOR LINGUISTIC MINORITIES—Con d.

MR. SPEAKER : Shri Mohapatra to continue his speech. He is absent. Shri Sambhali.

श्री इसहाक सरभायी (ग्रामरोहा) : सदर साहब यह लिसानी अक्विथतों के कमिशनर साहब की 144 सफे की रिपोर्ट हमारे सामने है। कमिशनर साहब की हम बहुत इज्जत करते हैं और हम समझते हैं कि उन्होंने मेहनत की है, बड़ी

*Published in Gazette of India Extraordinary, Part II, Section 2, dated 18-11-71.

[श्री इसहाक सम्भली]

दौड़-धूप की है लेकिन रिपोर्ट पढ़ने के बाद बड़ी मायूसी होती है। इसमें जा बजा यह लिखा गया है कि ये फैसले किये गये, वे फैसले किये गये, ये आर्डर जारी दिये गए लेकिन देखने की बात यह है कि उन फैसलों और उन आर्डर्स पर अमल-दरामद भी हुआ या नहीं। हमें अफसोस के साथ कहना पड़ता है कि अगर अमल-दरामद के लिए हम देखें तो लिंग्वीस्टिक माइनारिटीज के बारे में सूबों की सरकारों ने और खुद हमारी सेन्ट्रल गवर्नमेंट ने जितनी मुजरियाना खामोशी और जितनी लापरवाही बरती है वह शायद किसी दूसरे मामले में देखने को नहीं मिलेगी। हिन्दुस्तान की सबसे बड़ी उर्दू स्पीकिंग लिंग्वीस्टिक माइनारिटी की जिस तरह से हकतलफी की गई है वह तो मैं अर्ज करूंगा लेकिन मैं यह कहना चाहता हूं कि छोटी-छोटी माइनारिटीज की तकलीफें दूर करने में कोई ज्यादा दुश्वारी का सामना नहीं होता था उनको भी नजरान्दाज किया जा रहा है। इसमें लिखा गया कि जहां पर दस बच्चे होंगे उनके वास्ते उनकी मादरी भाषा में तालीम का इन्तजाम किया जायेगा, जहां चालीस बच्चे होंगे एक जबान के जानने वाले उनके लिए क्लास खोला जायेगा लेकिन मैं जानना चाहता हूं कि कमिशनर साहब ने यह भी जानने की तकलीफ गवारा की या नहीं कि इसपर अमल दरामद है या नहीं? मैं अर्ज करना चाहता हूं कि अबतक जहां कहीं कुछ अमल दरामद था, बाज जगह उनको भी खत्म किया जा रहा है। बिहार के स्कूलों कालेजों में मगध यूनिवर्सिटी में आप देखें कि अबतक वहां यह था कि जो स्टूडेंट बंगाली में जवाब लिखना चाहते थे, उड़िया में जवाब लिखना चाहते थे, उर्दू में जवाब लिखना चाहते थे उनको उसकी इजाजत होती थी। ... (व्यवधान) लेकिन निहायत अफसोस की बात है मगध यूनिवर्सिटी में किसने निर्णय किया—मेरे भाई ने फर्माया कि निर्णय किया—

किसने निर्णय किया यूनिवर्सिटी एथारिटीज ने निर्णय किया, गार्जियन्स ने निर्णय नहीं किया। मगध यूनिवर्सिटी में इन तीनों जबानों में जवाब देने का सिलसिला खत्म किया गया। यहां बंगला स्पीकिंग माइनारिटीज ने इस बारे में सवाल उठाया, उड़िया स्पीकिंग माइनारिटीज ने सवाल उठाया, श्री चिंतामणि पाणिग्रही ने सवाल उठाया, श्री रामावतार शास्त्री ने इस बारे में सवाल उठाया तो कुछ दिन के लिये रुका लेकिन यह प्रथा जिस तरह से चल रही है, जिस तरह से और जबानों में जवाब देने का सिलसिला खत्म किया जा रहा है, मुझे मालूम हुआ है कि पटना यूनिवर्सिटी में भी यह कोशिश की जा रही है, और कालेजों में भी यह कोशिश की जा रही है। बिहार की तमाम यूनिवर्सिटीज में यह कोशिश जा रही है तो जब अमल दरामद की तरफ कोई तवज्जह नहीं तो मैं समझता हूं इतनी बड़ी रिपोर्ट, इतनी मेहनत और इतना पैसों का खर्चा सब बेकार होकर रह जाता है। पंजाबी जबान को सरकारी दर्जा दिया गया, मैं शुक्रगुजार हूं, सही दिया गया बल्कि बहुत पहले यह दर्जा मिलना चाहिए था।

लेकिन मैं मालूम करना चाहता हूं कि इसका वहां पर अमलदरामद क्या है? क्या यह सही नहीं है कि वहां पर दफतरों में हिन्दी भी नहीं बल्कि...

MOTION RE. ELEVENTH REPORT OF THE COMMISSIONER FOR LINGUISTIC MINORITIES—Contd.

श्री इसहाक सम्भली : उपाध्यक्ष महोदय

पंजाब में पंजाबी सरकारी जवान हुई, लेकिन जैसा मैंने कहा सरकारी जवान होने के बावजूद अमलदरामद क्या हुआ ? पंजाबी जवान में वहां काम नहीं हो रहा है । हमारे बुजुर्ग और हमारे मुल्क के रहनुमा सरदार दरबारा सिंह शायद इस बारे में कुछ फरमायेंगे, लेकिन इतना ही कहूंगा कि इस वक्त वहां न पंजाबी जवान में काम हो रहा है और न हिन्दी जवान में काम हो रहा है, सिर्फ अंग्रेजी जवान में रहा है । आखिर इस चीज को देखना किसका काम है ? क्या इन कमिशनर साहब का काम यह नहीं है ?

मैं आप से अर्ज करना चाहता हूं कि पंजाबी शब्द कोश, यानी डिक्शनरी बनाने का जिक्र हुआ । जाहिर है कि डिक्शनरी बनना बहुत जरूरी है, लेकिन मुल्क को आजाद हुए 24 साल होने के बाद भी पंजाबी की डिक्शनरी तैयार नहीं हुई ।

इसी तरह से आप उर्दू के बारे में देखिए । सब से बड़ी लिनिवर्सिटी माइनारिटी, उर्दू स्पोर्टिंग पीपल्स के साथ क्या हो रहा है । इस मीके पर मैं जरूरी समझता हूं कि आन्ध्र प्रदेश सरकार का शुक्रिया अदा करूं क्योंकि उन्होंने अपने यहां उर्दू को बहुत अहमियत दी । हमारा फर्ज है कि उन का शुक्रिया अदा करें । लेकिन इसके साथ-साथ यू० पी० और बिहार में, जो उर्दू के खास सेंटर हैं, उर्दू के साथ क्या हो रहा है ? क्या कुमूर है उर्दू का ? मैं अपने तजुर्बे की बिना पर कह सकता हूं कि जब भी कोई अफसर जाता है तो कह दिया जाता है कि उर्दू पढ़ने वाले बच्चे नहीं हैं, उन की दस की तादाद नहीं है, चालीस की तादाद नहीं है, लेकिन मैं उन स्कूलों के नाम बतला सकता हूं जहां 90 परसेन्ट नहीं, 95 परसेन्ट उर्दू पढ़ने वाले बच्चे मौजूद हैं, मगर कह दिया जाता है कि उर्दू की तालीम का इन्तजाम नहीं हो सकता । यू० पी० के बारे में यह कहा जाता है कि जहां दस लड़के होंगे वहां उर्दू तालीम का इन्तजाम किया जायेगा । हमारे

मुख्य मन्त्री त्रिपाठी जी कहते हैं कि ऐडवान्स में नाम रजिस्टर कराये जायेंगे और जिन लोगों ने लिख कर दे दिया है उन को हम उर्दू तालीम दिलवायेंगे, लेकिन उन का कुछ इन्तजाम नहीं किया गया । इस नाइन्साफी का नतीजा यह हुआ है कि हम उर्दू की दौलत से तेजी से महरूम होते चले जा रहे हैं । उर्दू वह जवान है जो लिखने में बहुत थोड़ी जगह लेती है, उर्दू वह जवान है जिस ने दसियों जवानों को अपने में समा लिया है । उर्दू स्पीकर जितना तेज बोल सकते और जितनी जल्दी इस को लिख सकते हैं उसको कहने की जरूरत नहीं है । उर्दू जवान वह है कि उस की स्क्रिप्ट जानने की वजह से वगैर किसी कोशिश के हम दुनिया के तेरह मुल्कों की स्क्रिप्ट जान जाते हैं ।

लेकिन मुझे अफसोस के साथ कहना पड़ता है कि इसके बावजूद भी उनको उ के हकूक से महरूम किया जा रहा है । यह बादा किया गया था, यह पुरानी मांग थी कि उर्दू यूनिवर्सिटी कायम की जाए, उर्दू कालेज कायम किये जायें । मुझे खुशी है और मैं मुबारिकवाद देना हूं तमिलनाडु को, मैसूर को, केरल को कि वहां पर उर्दू कालेज मौजूद हैं । लेकिन उत्तर प्रदेश और बिहार उर्दू कालेजों से महरूम हैं । आजादी से पहले उस्मानिया यूनिवर्सिटी उर्दू मीडियम की एक यूनिवर्सिटी थी । लेकिन आजादी के बाद उसको खत्म कर दिया गया है । अब वह उर्दू मीडियम की यूनिवर्सिटी नहीं रही है । करोड़ों उर्दू जानने वाले हिन्दुओं और मुसलमानों की यह मांग है कि उर्दू यूनिवर्सिटी मुल्क में होनी चाहिए लेकिन वह नहीं बनाई गई है । क्या कसूर किया है उर्दू की हिमायत करने वालों ने या उर्दू बोलने वालों ?

स्टेट गवर्नमेंट्स क्या कर रही हैं और वहां क्या हो रहा है उसकी तरफ कमिशनर साहिब ने तवज्जह दिलाई है । लेकिन खुद सेंट्रल गवर्नमेंट की नाक के नीचे क्या हो रहा

[श्री इसहाक सम्भली]

है और वह खुद क्या कर रही है, इसको आप देखें। दिल्ली के लिए सैविड जबान उर्दू हो, इसकी मांग की जाती है। मैं जानना चाहता हूँ कि सेन्ट्रल गवर्नमेंट को क्या दुशवारी पेश आ रही है कि वह इसको दूसरी जबान डिक्लेयर नहीं करती है? हम पहली जबान की मांग नहीं करते हैं। हिन्दी हमारी जबान है। हमको हिन्दी पर फख है। हम को खुशी है कि हमारी जबान हिन्दी है, हमारी सरकारी जबान हिन्दी है। लेकिन उर्दू हमारी मदर टंग है, हमारी मादरी जबान है। इसलिए यह जरूरी है कि उसको अपना अधिकार उसको अपने हक़क मिलें। यह कह देने के लिए कि एक लाख रुपया बतौर एवार्ड के दे दिया गया है। कुछ राइटर्ज को या एक लाख रुपया अंजुमने तरक्की उर्दू को दे दिया गया है, उर्दू की तरक्की नहीं होगी, उसका भला नहीं होगा, उसको जिन्दगी नहीं मिलेगी। उसको अगर जिन्दगी देना है और जिन्दा रखना है तो आपको उसे दूसरी सरकारी जबान डिक्लेयर करना होगा। तभी उसके साथ आप इंसाफ करेंगे।

उर्दू के साथ इंसाफ न करने का नतीजा क्या हो रहा है? सबसे बड़ी लिंग्विस्टिक माइनोरिटी उर्दू के साथ जो नाइंसाफी की जा रही है उसका नतीजा यह हो रहा है कि जो दूसरी लिंग्विस्टिक माइनोरिटीज हैं, उस के साथ भी नाइंसाफी करने की आदत बनती जा रही है और बन गई है। जो छोटी-छोटी दूसरी जबाने बोलने वाले लोग हैं, मुझे दुख के साथ कहना पड़ रहा है कि उन्होंने अपनी जबान को नहीं बल्कि अंग्रेजी जबान को अपनी आफिशल जबान करार दे दिया है और दे रहे हैं। नागालैंड को आप देखें। उसने अंग्रेजी को सरकारी जबान डिक्लेयर किया है। मेघालय की सरकार ने अंग्रेजी को सरकारी जबान डिक्लेयर किया है। मुझे यकीन है कि अंग्रेजी से उनको मुहब्बत नहीं है। यह विदेशी जवान

है। लेकिन आप देखें कि फिर भी जो उनकी जबान है, जिस जबान को वे बोलते हैं, उसकी तरक्की के लिए कोई कोशिश नहीं की गई है, उसको सक्रिप्ट नहीं दी गई है, उसके लिए लिट्रेचर फराहम नहीं किया गया है, उसको उसका दर्जा नहीं दिया गया है। यह हमारे मुंह पर एक बहुत बड़ी चपत है कि हम वहां की लोकल जबान को आफिशल जबान न बनाकर अंग्रेजी को मजबूरन वह दर्जा दे देते हैं। मैं समझता हूँ कि उड़िया, बंगला, तमिल, तेलुगु, मलयालम, कन्नड़ आदि में अगर इतना रिच लिट्रेचर न होता जो है वे इतनी रिच लैंग्वेजिज न होतीं जितनी वे आज हैं तो इस बात का पूरा-पूरा अंदेशा था कि वे भी अपने आप को आफिशल लैंग्वेजिज न बना पातीं। क्या ये जो सब चीजें हैं इन पर हम कभी तवज्जह देंगे, इनको कभी हम देखेंगे।

इस वास्ते बड़ा भारी जो सवाल है वह लिंग्विस्टिक माइनोरिटीज का सवाल है। उनके सवाल को हल किये बिना यह जो कमिशन की रिपोर्ट है यह बेमानी हो जाती है। ये जो चीजें हैं इन पर किस तरह से अमल दरामद हो रहा है, उसकी रिपोर्ट पर किस तरह से अमल किया जा रहा है, सूबों या सेन्टर की तरफ से किस तरह से उसकी सिफारिशों को इग्नोर किया जा रहा है, इन सब चीजों के बारे में अगर वह कमिशन रिपोर्ट नहीं देता है तो उसका कोई फायदा नहीं है। मुझे खुशी है कि कमिशनर साहिबा ने काफी मेहनत की है। लेकिन यह देख कर मुझे दुख हुआ है कि इन चीज से उनकी रिपोर्ट खाली है। नई कमिशनर साहिबा गईं और जा कर उन्होंने उत्तर प्रदेश के चीफ मिनिस्टर से बात की, उन से वह मिलीं। चीफ मिनिस्टर साहब बहुत उम्दा बातें करने वाले आदमी हैं। उन्होंने लम्बी-लम्बी बातें कहीं। यह कहा कि हमने यह आर्डर कर दिया है, वह आर्डर कर

दिया है उर्दू के लिए और इस सब को सुन कर वह वापिस आ गई। इस तरह से इनक्वायरी नहीं हुआ करती है, इस तरह से उर्दू के साथ इंसाफ नहीं होगा, उसको इंसाफ नहीं मिल सकता। उनको चाहिये था कि वह उर्दू स्कूलों में जातीं वगैर इत्तिला दिये जातीं। उनको चाहिये था कि उन जगहों पर जातीं जहां से उर्दू के बारे में शिकायतें आई हैं। उनको चाहिये था कि जा कर देखतीं कि जो सरकारी आर्डर हैं उन पर अमल दरामद हो रहा है या नहीं।

बड़ा भारी सवाल यह है कि उर्दू के साथ इन्साफ नहीं हो रहा है, नाइन्साफी हुई है। लेकिन इतना ही नहीं कि उर्दू के साथ इंसाफ नहीं हो रहा है बल्कि इसके और भी बुरे नतीजे निकले हैं। इसके नतीजे के तौर पर जो तमाम लिग्विस्टिक माइनोरिटीज हैं उनके साथ भी नाइन्साफी करने की आदत बन गई है और उस कारण वे लिग्विस्टिक माइनोरिटीज मुतमईन नहीं हैं, वे डिससैटिसफाइड हैं। जा कर आप संथाल परगना में देख लें। वहां के लोगों से बात करके देख लें। वहां लोगों की अपनी भाषा नहीं है क्या? जितने भी कबायली हैं उनकी अपनी जवान है। बड़ी मीठी जवान है। लेकिन हमारी आदत बन चुकी है कि माइनोरिटी लैंग्वेज को सप्रेस करो, उनको दबाओ। इसका नतीजा यह हो रहा है कि जो बड़ी जवानें हैं वे भी दबाई जा रही हैं। छोटी छोटी जवानों को भी दबाया जा रहा है, वे भी दब रही हैं। यह बात मुझे बड़े अफसोस के साथ कहनी पड़ रही है। मैं साफ करना चाहता हूं कि मेरी पार्टी अंग्रेजी के खिलाफ नहीं है, अंग्रेजी की विरोधी नहीं है, हिन्दी की विरोधी नहीं है, लेकिन वह यह जरूर चाहती है कि हमारे यहां की जो अपनी जवानें हैं वे आगे बढ़ें। मैंने हिन्दुस्तान से बाहर देखा है। रूस में भी मेरा जाना हुआ है। मुझे देख कर ताज्जुब हुआ कि वहां छोटी छोटी कम्युनिटीज, छोटे छोटे कबालियों की अपनी जवानें

हैं और उनका अपना लिटरेचर है, और उन जवानों को सक्रिय दी गई है। हमारे यहां क्या होता है? इतना बड़ा हमारा मुल्क है, इतना शानदार हमारी रवायात हैं लेकिन जिन जवानों को हम बोलते हैं चूंकि उनको उनका उचित स्थान नहीं दिया गया है, इस वास्ते बेचैनी पैदा हो गई है। पहाड़ों पर बेचैनी है। गढ़वाली जो बोलते हैं, उन में बेचैनी है। कुमायूं के रहने वाले लोगों में बेचैनी है। यह बेचैनी सिर्फ इस वास्ते है कि उनकी जो जवानें हैं उनको दबाया जा रहा है। जहाँ तक उर्दू का ताल्लुक है अगर यह कहा जाएगा कि यह मुसलमानों की जवान है तो यह इतनी बेइन्साफी होगी कि शायद इतना बड़ा झूठ इस आसमान के नीचे बोला न गया हो। मैं पूछना चाहता हूं कि उर्दू का सबसे बड़ा राइटर आज हिन्दुस्तान में कौन है? क्या कृष्ण चन्द्र नहीं है? उर्दू का हिन्दुस्तान में सब से बड़ा शायर कौन है? क्या रघुपति सहाय फिराक गोरख पुरी नहीं है? इसको मुसलमानों की ही जवान कहना इसके साथ नाइन्साफी करना होगा। कभी कह दिया जाता है कि यह तो पाकिस्तान की सरकारी जवान है। पाकिस्तान वालों की आफिशल लैंग्वेज तो बंगला भी है। चूंकि उसको दबाने की कोशिश की गई, उसके साथ नाइन्साफी करने की कोशिश की गई क्या इसी वास्ते यहाँ गुस्सा और रोष पैदा नहीं हुआ जिसकी वजह से बंगला देश बना? पाकिस्तान के फौजी टोले को, वहां के डिक्टेटरो को जवान के मसले ने फना कर दिया।

एक और बड़ा सवाल है। मुस्तलिफ शहरों में मुस्तलिफ जवानें बोलने वाले थोड़ी थोड़ी तादाद में मौजूद हैं। कलकत्ता में नेपाली बोलने वाले हैं। बनारस में बंगला बोलने वाले मौजूद हैं। अहमदाबाद में मलयालम बोलने वाले मौजूद हैं। वे भी इण्डियन सिटिजन हैं। इण्डियन सिटिजन होने के नाते जैसे हमारा कर्ज है कि हम उनकी फिजिकल सिक्वोरिटी

[श्री इसहाक सम्भली]

का इतजाम करें, उसी तरह से हमारा फर्ज हो जाता है कि उनकी लैंग्वेज का सिक्वोरिटी का भी इतजाम करें। वहां पर उनको उनकी अपनी जवान में तालीम दें। मैंने बहुत तलाश किया इस रिपोर्ट में कि कहीं इसके बारे में कोई मुझे मिफारिश मिलें लेकिन नहीं मिली। इसके बारे में यह रिपोर्ट खामोश है। जवान सिर्फ खयालात का इजहार करने के लिए नहीं होती है, जवान एक कल्चर होती है, तमद्दून बताती है, रहन सहन की रवायात बताती है। इसको अगर मिटाने की कोशिश की गई, जो की जा रही है, तो मैं समझता हूं कि हिन्दुस्तान के साथ यह इंसफ नहीं होगा। यह बहुत बड़ी नाइंसाफी होगी। इस नाइंसाफी को खत्म करना जरूरी है।

मैं समझता हूँ कि वन मैन लिग्विस्टिक माइनोरिटीज कमिशन से काम नहीं चलेगा। इसको खत्म करके पार्लिमेंट की डेमोक्रेटिव सैक्युलर पार्टियों के कम से कम तीन नुमाइन्दे ले कर इस कमिशन को बनाया जाए। जिस तरह से एग्रिकलचरल प्राइमिस कमिशन है या और कमिशन हैं उसी तरह का यह कमिशन बनाया जाये। इसमें रिटायर्ड एम० पी० न हों लेकिन जो एम० पी० चुन कर आएँ उनको लिया जाए। वे स्टेट्स में जाएँ और जा कर वहां हो रही नाइंसाफियों को देखें और यहां पार्लियामेंट में उनको बयान करें, उसके नोटिस में इनको लाएं। अब भी वक्त है सरकार इन नाइंसाफियों को दूर करें। सबसे पहले सेंट्रल गवर्नमेंट की जो टैरिटरीज हैं, उसके जो इलाके हैं वहां पर लिग्विस्टिक माइनोरिटीज को उनके पूरे राइट दिये जाएँ और इसके सबूत के तौर पर सब से पहले दिल्ली में उर्दू को दूसरी सरकारी जवान डिक्लेयर किया जाए। उर्दू जवान यहां पढ़ाई जा रही है लेकिन किताबें गायब हैं। दिल्ली में टैक्स्ट बुक नेशनलाइज्ड हैं। कोई और उनको छाप नहीं सकता है। लेकिन इतनी थोड़ी तादाद में यहा उनको छपा गया है कि उर्दू पढ़ने वाले मारे-मारे फिर रहे हैं, उताहा किताबें मरस्तर नहीं होती हैं।

यह स्टेट गवर्नमेंट्स की बात नहीं है, बल्कि यह सेंट्रल गवर्नमेंट की बात है। मैं उम्मीद करता हूं कि इस बारे में जो नाइंसाफियां अभी तक हुई हैं, उनको जारी नहीं रहने दिया जायेगा। हमें खुशी है कि यह डिपार्टमेंट प्राइम मिनिस्टर के पास है, लेकिन मुझे ताज्जुब है कि किस तरह प्राइम मिनिस्टर को इस बारे में अलग थलग और बेकार कर के रख दिया गया है। मुझे उम्मीद है कि सरकार इन नाइंसाफियों को दूर करने के लिए कदम उठायेगी।

شری اسحاق سمبلی (امروہا): یہ سانی اقلیتوں کے کشر صاحب کی ۱۳۴ صفوں کی رپورٹ ہمارے سامنے ہے۔ کشر صاحب کی ہم بہت محنت کرتے ہیں اور ہم سمجھتے ہیں کہ انہوں نے محنت کی ہے۔ بڑی دُر دھوپ کی ہے لیکن رپورٹ پڑھنے کے بعد بڑی مایوسی ہوتی ہے۔ اس میں جا بجا لکھا گیا ہے یہ فیصلے کئے گئے۔ یہ اگر حجابی کئے گئے۔ لیکن دیکھنے کی بات یہ ہے کہ ان فیصلوں اور آرڈرز پر عمل درآمد بھی ہوا یا نہیں۔ ہمیں افسوس کے ساتھ کہنا پڑتا ہے کہ اگر عمل درآمد کے لئے ہم دیکھیں تو لنگوٹک مانیورٹیز کے بارے میں صوبوں کی ریکارڈوں نے اور خود جاری سینٹریل گورنمنٹ نے جتنی مجرمانہ ناپوشی اور جتنی لاپرواہی برقی ہے وہ شاید کسی دوسرے مسئلے میں دیکھنے کو نہیں ملے گی۔ ہندوستان کی سب سے بڑی اُردو سپیکنگ لسٹنگوٹک مانیورٹیز کی جس مزن سے حق تلفی کی گئی ہے وہ تو میں عرض کروں گا لیکن میں یہ کہنا چاہتا ہوں چھوٹی چھوٹی مانیورٹیز کی تکلیفیں دور کرنے میں کوئی زیادہ دشواری کا سامنا نہیں ہوتا تھا۔ ان کو بھی نظر انداز کیا جا رہا ہے۔ اس میں لکھا گیا کہ جہاں پر درس پچھے ہٹیں گے

ان کے واسطے ان کی مادری بھاشا میں تعلیم کا انتظام کیا جائے گا۔ جہاں چاہیں بچے ہوں گے ایک زبان کے کلاس کھولی جائے گی۔ لیکن میں جانتا چاہتا ہوں کہ کشر صاحب نے یہ بھی جاننے کی حکیت گولا کی یا نہیں کہ اس پر عمل درآمد ہے یا نہیں۔ میں عرض کرنا چاہتا ہوں کہ اب تک جہاں کہیں کچھ عمل درآمد تھا بعض جگہ اس کو بھی ختم کیا جا رہا ہے۔ بہار کے سکولوں و کالجوں میں گندھ یونیورسٹی میں آپ دیکھیں کہ اب تک وہاں یہ تھا کہ جو سٹوڈنٹ بنگالی میں جواب لکھنا چاہتے تھے۔ اڑیہ میں جواب لکھنا چاہتے تھے۔ اُردو میں جواب لکھنا چاہتے تھے ان کو اس کی اجازت ہوتی تھی لیکن نہایت افسوس کی بات ہے کہ گندھ یونیورسٹی میں کس نے فریہ کیا۔ میرے بھائی نے فرمایا کہ فریہ کیا۔ کس نے فریہ کیا۔ یونیورسٹی انتھروٹی نے فریہ کیا گارڈ میز سے فریہ نہیں کیا۔ گندھ یونیورسٹی میں ان مینوں زبانوں میں جواب دینے کا سلسلہ ختم کیا گیا۔ وہاں بنگلہ سپیکنگ مانیورٹیز نے اس بارے میں سوال اٹھایا۔ اگلے سہ ہنگ مانیورٹیز نے سوال اٹھایا۔ شرعی پستاق

ہاگالینڈ کو آپ دیکھیں انہوں نے انگریزی کو سرکاری زبان ڈیکلیر کیا ہے۔ میگلایے کی سرکار نے انگریزی کو سرکاری زبان ڈیکلیر کیا ہے۔ مجھے یقین ہے کہ انگریزی سے ان کو محبت نہیں ہے۔ یہ بدیشی زبان ہے۔ لیکن آپ دیکھیں کہ پھر بھی جو ان کی اپنی زبان ہے۔ جس زبان کو وہ بولتے ہیں۔ اس کی ترقی کے لئے کوئی کوشش نہیں کی گئی ہے۔ اس کو سرپرست نہیں دی گئی ہے۔ اس کے لئے لٹریچر فراہم نہیں کیا گیا ہے۔ اس کو اس کا درجہ نہیں دیا گیا۔ یہ ہمارے منہ پر ایک بہت بڑی چیت ہے کہ ہم وہاں کی لوکل زبان کو آفیشل زبان نہ بنائیں۔ انگریزی کو مجبوراً وہ درجہ دے دیتے ہیں۔ میں سمجھتا ہوں کہ اڑیہ۔ بنگلہ۔ تامل۔ تیلگو۔ ملیالم۔ کنڑاری میں اگر اتنا رچ لٹریچر نہ ہوتا جو ہے وہ اتنی رچ لنگوئج نہ ہوتی۔ جتنی آج ہیں۔ تو اس بات کا پورا پورا اندیشہ تھا کہ وہ بھی اپنے آپ کو آفیشل لنگوئج نہ بنا پاتی۔ کیا یہ جو سب چیزیں ہیں ان پر کبھی ہم توجہ دے گے۔ ان کو بھی ہم دیکھیں گے۔

اس واسطے بڑا بھاری جو سوال ہے لنگوئٹک مائنورٹیز کا سوال ہے۔ ان کے سوال کو حل کے بنا یہ جو کمیشن کی رپورٹ ہے یہ بے معنی ہو جاتی ہے۔ یہ جو چیزیں ہیں ان پر کس طرح سے عمل در آمد ہو رہا ہے۔ اس کی رپورٹ پر کس طرح سے عمل کیا جا رہا ہے۔ صوبوں یا سینٹر کی طرف سے کس طرح سے اس کی سفارشوں کو انور کیا جا رہا ہے۔ ان سب چیزوں کے بارے میں اگر وہ کمیشن رپورٹ نہیں دیتا ہے تو اس کا کوئی فائدہ نہیں ہے۔ مجھے خوشی ہے کہ کثیر صاحب نے کافی محنت کی ہے۔ لیکن یہ دیکھ کر مجھے دکھ ہوا ہے کہ اس چیز سے ان کی رپورٹ خالی ہے۔ نئی کثیر صاحبہ نہیں اور جا کر انہوں نے اتر پردیش کے چیف منسٹر سے بات کی ان سے وہ ملیں۔ چیف کثیر صاحب بہت عمدہ باتیں کرنے والے آدمی ہیں۔ انہوں نے بی بی ہاشم کہیں۔ یہ کہا کہ ہم نے یہ آرڈر کر دیا ہے۔ وہ آرڈر کر دیا ہے۔ اردو کے لئے اور اس سب کو سن کر

وہ واپس آگئی۔ اس طرح سے انٹری نہیں ہوا کرتی ہے اس طرح سے اردو کے ساتھ انصاف نہیں ہوگا۔ اس کو انصاف نہیں مل سکتا۔ ان کو چاہیے تھا کہ وہ اردو سکولوں میں جاتیں بغیر اطلاع دینے جاتیں۔ ان کو چاہیے تھا کہ ان جگہوں پر جاتیں جہاں سے اردو کے بارے میں شکایتیں آتی ہیں۔ اور ان کو چاہیے تھا کہ جا کر دیکھیں کہ جو سرکاری آرڈر ہیں ان پر عمل آ رہا ہے یا نہیں

بڑا بھاری سوال یہ ہے کہ اردو کے ساتھ انصاف نہیں ہو رہا ہے۔ نا انصافی ہوئی ہے لیکن اتنا ہی نہیں کہ اردو کے ساتھ انصاف نہیں ہو رہا ہے۔ بلکہ اس کے اور بھی بُرے نتیجے نکلے ہیں اس کے نتیجے کے طور پر جو تمام لنگوئٹک مائنورٹیز ہیں ان کے ساتھ بھی نا انصافی کرے کی عادت بن گئی ہے۔ اس کا رن اور اس کا رن وہ لنگوئٹک مائنورٹیز متنبہ نہیں ہیں۔ ڈسٹنسٹائیڈ ہیں۔ جا کر آپ مستحقان پر گنا میں دیکھیں۔ وہاں لوگوں کی اپنی بھانجا نہیں ہے کیا۔ جتنے بھی قبائلی ہیں ان کی اپنی زبان

ہے۔ بڑی سنی زبان ہیں لیکن ہماری عادت بن چکی ہے کہ مائنورٹیز کو سہولتیں نہ دیں۔ ان کو دیا۔ اس کا نتیجہ یہ ہو رہا ہے کہ جو بڑی زبانیں ہیں وہ بھی دبائی جا رہی ہیں۔ چھوٹی چھوٹی زبانوں کو بھی دبا رہا ہے۔ وہ بھی دب رہی ہیں۔ یہ بات مجھے بڑے افسوس کے ساتھ کہنی پڑ رہی ہے۔ میں صاف کرنا چاہتا ہوں کہ میری پارٹی کے خلاف نہیں ہے۔ انگریزی کی وہ مدد نہیں ہے۔ ہندی کی وہ مدد نہیں ہے۔ لیکن یہ وہ مدد یا سہی ہے کہ ہمارے یہاں کی جو اپنی زبانیں ہیں وہ آگے دھکیں۔ میں نے ہندوستان سے باہر دیکھا ہے۔ روس میں بھی میرا جانا ہوا ہے۔ مجھے دیکھ کر تعجب ہوا کہ وہاں چھوٹی چھوٹی کومونیز، چھوٹے چھوٹے قبائلیوں کی اپنی زبانیں ہیں اور ان کا اپنا لٹریچر ہے۔ اور ان زبانوں کو سرپرست دی گئی ہے۔ ہمارے یہاں کیا ہوتا ہے۔ بھارت ہمارا ملک ہے۔ اتنی شاندار ہماری روایات ہیں۔ لیکن جن زبانوں کو ہم بولتے ہیں جو ان کا اہمیت اسٹائن نہیں دیا گیا ہے اس واسطے

بہت چنی پیدا ہو گئی ہے۔ ہاٹوں پر بے چینی ہے۔ گڑبھاں ہو جاتے ہیں ان میں بے چینی سے کمائیوں کے رہنے والے لوگوں میں بے چینی ہے۔ یہ بے چینی بہت اس واسطے ہے۔ ان کی جو زبانیں ہیں ان کو دبا جا رہا ہے۔ یہاں تک اردو کا تعلق ہے اگر یہ کہا جائے کہ یہ مسلمانوں کی زبان ہے تو یہ اتنی نا انصافی ہوگی کہ شاید اتنا بڑا جھوٹ اس آسمان کے نیچے بولا نہ گیا ہو۔ میں پوچھنا چاہتا ہوں کہ اردو کا سب سے بڑا رائٹ آج ہندوستان میں کون ہے۔ کیا کرشن چندر نہیں ہے۔ اردو کا ہندوستان میں سب سے بڑا شاعر کون ہے۔ کیا رگھوپتی سہا ہے۔ فراتق گورکھپوری نہیں ہے۔ اس کو مسلمانوں کی ہی زبان کہنا اس کے ساتھ نا انصافی کرنا ہوگا۔ کبھی کہہ دیا جاتا ہے کہ یہ تو پاکستان کی سرکاری زبان ہے۔ پاکستان وائوں کی آفیشل لنگوئج تو بنگلہ بھی ہے۔ پھر یہ اس کو دبانے کی کوشش کی گئی۔ اس کے ساتھ نا انصافی کرنے کی کوشش کی گئی۔ کب اسی واسطے وہاں غصہ اور روش پیدا نہیں ہوا۔ جس کی وجہ سے

آج بنگلہ دیش بنا۔ پاکستان کے فوجی ٹوٹے کو وہاں کے وکٹریڈوں کو زبان کے مسئلے نے فنا کر دیا۔

ایک اور بڑا سوال ہے۔ مختلف شہروں میں مختلف زبانیں بولنے والے تھوڑی تھوڑی تعداد میں موجود ہیں۔ کلکتہ میں نیپالی بولنے والے ہیں۔ بنارس میں بنگلہ بولنے والے موجود ہیں۔ امداد آباد میں ملیالم بولنے والے موجود ہیں۔ وہ بھی انڈین سٹیشن ہیں۔ انڈین سیزن کے ناطے جیسے ہمارا فرض ہے کہ ہم ان کی فزیکل سیکیورٹی کا انتظام کریں۔ اسی طرح سے ہمارا فرض ہو جاتا ہے کہ ہم ان کی لنگوئج کی سیکیورٹی کا بھی انتظام کریں۔ وہاں پر ان کو ان کی اپنی زبان میں تعلیم دیں۔ میں نے تلاش بہت کیا اس رپورٹ میں کہ کہیں اس کے بارے میں کوئی مجھے سفارش ملے۔ لیکن نہیں ملے۔ اس کے بارے میں یہ رپورٹ خاموش ہے۔ زبان صرف خیالات کا اظہار کرنے کے لئے نہیں ہوتی ہے۔ زبان ایک کلور ہوتی ہے۔ تمدن بناتی ہے۔ رہن سہن کی روایات بتاتی ہے۔ اس کا

With regard to maintenance of advance registers, no report has yet been received from the Nagaland Government indicating whether they have accepted the suggestion to maintain advance registers for linguistic minority pupils. In the case of the Union Territories, Chandigarh ; Goa, Daman and Diu : Manipur : and Pondicherry, however,

[श्री मूलचन्द डागा]

not issued orders for maintenance of advance registers.

जैसा कि मैंने कहा है, इस बारे में न तो केन्द्रीय सरकार सीरियस है और न कोई राज्य सरकार ही सीरियस है। चीफ मिनिस्टर्स और सेंट्रल मिनिस्टर्स ने एक स्टेटमेंट में यह राय जाहिर की थी :

It must be remembered that languages, if they are to be known at all well, must be learnt at an early age when it is easy for the child to pick them up. Therefore, both Hindi and English should be taught at an early stage.

राज्यों के मुख्य मंत्रियों और केन्द्रीय मंत्रियों ने यह सलाह दी है, लेकिन कमिशनर कहता है कि उस का स्टाफ बढ़ाया जाना चाहिए। कमिशनर के पास काम ही है। वह शायद एक घंटा रोज काम करना होगा। इस रिपोर्ट से मालूम होता है कि कोई राज्य सरकार कमिशनर की इन्स्ट्रक्शन्स को फालो नहीं करती है और किसी राज्य सरकार ने इस तरफ ध्यान नहीं दिया है। सरकार जबर्दस्ती भाषायी अल्पसंख्यकों के मामले को चला रही है। आखिर तेईस सालों के बाद इस प्रश्न की जरूरत क्यों पैदा हुई है ? कुछ भाषायें ऐसी होती हैं, जिन में धार्मिक किताबें लिखी होती हैं। लोग उनको पढ़ते हैं और संविधान में इसके लिए कोई मनाही नहीं है। आज तक किसी वर्ग ने संविधान के आर्टिकल 347 के अंतर्गत अपनी भाषा की रेकग्नीशन की मांग नहीं की है। सरकार क्यों ख्वाह-मख्वाह इस मामले को जारी रखे हुए है ?

कमिशनर ने मांग की है कि उसके स्टाफ को बढ़ाया जाये। सरकार को यह कदम नहीं उठाना चाहिए। कमिशनर की 11 रिपोर्टें आ चुकी हैं। अब उसकी 12वीं रिपोर्ट पबलिश नहीं होनी चाहिये। अब इस चैप्टर को सदा के लिए क्लोज कर देना चाहिए।

इस रिपोर्ट में कहा गया है :

"While, therefore, the office of the Commissioner for Linguistic Minorities is not the administrative machinery for implementation of the safeguards for linguistic minorities at the Central level, in the discharge of the statutory obligations, the Commissioner is to seek information from the Union Government and the Governments in the States and Union territories."

लेकिन किसी भी स्टेट गवर्नमेंट या यूनियन टैरिटरी ने इतिला नहीं भेजी है। इस बारे में चीफ मिनिस्टर्स की मीटिंग्स 1949 और 196 में हुई हैं। बार-बार कई मीटिंग्स होती हैं। उन्होंने सुझाव दिया है कि इस बारे में एक बड़ी काफरेंस में चीफ मिनिस्टर्स और सेन्ट्रल मिनिस्टर्स के अलावा पार्लियामेंट के मेम्बरों, एजुकेशनिस्ट्स और साइंटिस्ट्स वर्गों को बुलाया जाना चाहिए। कमिशनर ने अपने काम के बारे में लिखा है :

"take extensive tours or investigation of grievances reported, and persuade State Governments and Union territories to implement fully the scheme of safeguards. In this task, the commissioner is assisted by two class I officers, one class II officer and a small team of eight ministerial staff. There are no regional offices. A proposal for the strengthening of the staff is under consideration of the Government of India."

गवर्नमेंट इस बारे में सीरियस नहीं है। उम ने आज तक एक भी डिजिजन को इम्प्लीमेंट नहीं किया है। वह एक औपचारिकता को निभाने के लिए मीटिंग करती है, उस में निर्णय लिये जाते हैं और कमिशनर उस मीटिंग में आकर बैठ जाता है।

जब कमिशनर जयपुर में गया, तो उसने लंग्वेज प्राबलम को नहीं लिया, बल्कि उसने एक नई प्राबलम खड़ी कर दी। इस रिपोर्ट में कहा गया है :

"During the Commissioner's visit to Jaipur in 1969, the president of the

Akhil Bharatiya Sindhu Seva Sangh complained that the Sindhu Seva Sangh pilgrims' party was not permitted to visit the Sadhubela shrine in Sukkur in Pakistan."

उसने लंग्वेज के सवाल को छोड़ दिया और एक दूसरे सवाल को ले लिया, जो उसके जूरिसडिक्शन में नहीं था।

SHRI P. K. DEO (Kalahandi) : Sindhi is a regional language now.

श्री मूलचन्द डागा : इसमें पिलग्रमेज का सवाल कैसे पैदा होता है ? क्या यह सवाल कमिशनर के जूरिसडिक्शन में था ? कमिशनर का काम लंग्वेज और कल्चर के सम्बन्ध रखता है, लेकिन चूंकि उसके पास कोई नाम नहीं है, इसलिये उसने यह सवाल खड़ा कर दिया। क्या यह सवाल उसके स्कोप में था ? इस बारे में रिपोर्ट में क्या कहा गया था ? रिपोर्ट में कहा गया है :

"The Pakistan Government, it is learnt, have refused permission, and the Government of India have since lodged a protest with the Pakistan Government, reminding them of their obligations to provide facilities to such pilgrim parties."

मेरे कहने का तात्पर्य यह है कि उसने इस बारे में एनक्वायरी क्यों की। उसका काम तो विभिन्न वर्गों की भाषाओं से सम्बन्धित है।

आर्टिकल 347 के अधीन किसी लंग्वेज की रेकगनीशन के बारे में इस रिपोर्ट में कहा गया है :

"Article 347 of the Constitution whereby the President may issue instructions for recognition of a minority language as official language in a State has not been invoked so far."

इसका अर्थ यह है कि 1951 से 1971 तक प्रेजिडेंट ने किसी भी लंग्वेज को आफिशल लंग्वेज के रूप में रेकगनाइज करने का डिक्लेरेशन नहीं किया है। सरकार ने अल्पसंख्यकों की भाषाओं के लिए एक कमिशनर बना दिया है लेकिन कोई नए भाषाओं को पढ़ना नहीं

चाहता है। सब हिन्दी या इंगलिश आदि आफिशल लंग्वेज को पढ़ना चाहते हैं। सरकार के पास इन भाषाओं के न टीचर हैं और न किताबें। आप जानबूझ करके कोई दस लड़के कहीं मिलेंगे तो कहेंगे यह इस भाषा को पढ़ना चाहते हैं। अब एक-एक लड़का क्या अलग-अलग भाषा पढ़ेगा ? अल्पसंख्यकों का सवाल लाकर आप समझते हैं कि बड़ी उनकी इससे रक्षा कर रहे हैं। लेकिन मुझे तो कुन उसमें समझ में नहीं आ रहा है। अंग्रेजी और हिन्दी यह दो भाषायें आफिशियल लंग्वेजेज हैं। यह पढ़े हिन्दी पढ़े तो वह कुछ काम कर सकते हैं। अब आप कहते हैं कि उड़िया पढ़ाओ जब कि खुद अंग्रेजी में बोलेंगे। दे बिल स्पीक इन इंगलिश और उड़िया की वकालत करेंगे। आपने खुद तो अंग्रेजी पढ़ ली और दूसरों को कहेंगे कि तुम उड़िया पढ़ो।... (व्यवधान)... कहीं कहेंगे कि भोजपुरी पढ़ाओ, कहीं मध्य प्रदेश वाले कहते हैं कि हमारे यहां की आदिवासियों की भाषा पढ़ाई जाय। हमारा इन लोगों से यह कहना है कि क्या आप खुद उन भाषाओं का उपयोग करते हैं ? उनको तो आप कहेंगे कि रीजनल लंग्वेज जो उस क्षेत्र की है उसी तक सीमित रहो और अपने पढ़ें अंग्रेजी। तो अल्पसंख्यकों का सवाल लेकर 23 साल के बाद आपकी यह रिपोर्ट आती है भाषाओं के ऊपर, यह बात कुछ मेरे दिमाग में बैठती नहीं है। गवर्नमेंट को कोई साहसपूर्ण कदम उठानी चाहिए लेकिन गवर्नमेंट देखती है कि चलो कि जैसे चल रहा है चलने दो, परम्परा जो चली आ रही है उसे चलाए जाओ। एक कमीशन बना दिया, उसने एक रिपोर्ट पेश कर दी। होम मिनिस्टर का एक पोर्टफोलियो इसका बना दिया। लेकिन न तो इसको सीरियसली कभी थिक किया और न इस बारे में कोई कार्य हुआ। मैंने रिपोर्ट को देखा है राजस्थान की, मध्य प्रदेश की, उत्तर प्रदेश की, कोई इसको सीरियसली नहीं लेता उत्तर प्रदेश में तो उन्होंने कुछ सुना ही नहीं। उन्होंने कहा कि...

[श्री मूलचन्द डागा]

सीरियस कंसीडरेशन नहीं है। कोई लड़का पढ़ता है, सिधी में कोई धर्मग्रन्थ है उसे पढ़ना चाहता है तो उसे मना कौन करता है ? और खुद वह भाषा बोलना नहीं चाहते हैं, खुद तो हिन्दुस्तान में अंग्रेजी चलाना चाहते हैं और उनके लिए कहते हैं कि रीजनल लैंग्वेज पढ़ाओ आज यूनिवर्सिटीज के अन्दर यह सवाल है। क्या आप चाहते हैं कि ऐसे लड़के यूनिवर्सिटीज में आये। यूनिवर्सिटी में पढ़ने वाला लड़का तो हिन्दी या अंग्रेजी में पढ़ेगा। वहां उसकी यह लैंग्वेज तो चलेगी नहीं। तो यह जो बात है यह कुछ समझ में नहीं आती। अब 23 साल के बाद कल एक माननीय सदस्य कहने लगे कि कोर्ट में आदिवासी आते हैं तो भाषा नहीं समझते हैं। मैं कहता हूं कि अच्छी तरह समझते हैं आज वह काफी आगे बढ़ चुके हैं।...

श्री आर० बी० वड़े (खरगोन) : आप राजस्थानी की मांग नहीं करते ?

श्री मूलचन्द डागा : नहीं मैं नहीं करता। मैं तो कहता हूं कि हिन्दी भाषा है, ठीक है। मैं छोटी-छोटी भाषाओं के पक्ष में नहीं हूं। और 23 साल के बाद यह आपके कमिश्नर की 11वीं रिपोर्ट पढ़ने के बाद यही देखने को मिलता है कि हिन्दुस्तान की सरकार ने या प्रान्तीय सरकारों ने कभी भी सीरियसली इस पर थिक नहीं किया। अगर किया हो तो बतायें। आज यह तीन भाषायें चाहते हैं। तमिलनाडु में हिन्दी अंग्रेजी और एक वहां की भाषा तीन भाषा चाहते हैं। श्री लैंग्वेज का फारमूला चाहते हैं सभी जगह। तो क्या आप गांव वालों को चार लैंग्वेज पढ़ाना चाहते हैं ? उनके लिए आप चार लैंग्वेज का फारमूला चलाना चाहते हैं ? तो यह जो आप प्रोटैक्शन देना चाहते हैं आज 23 साल के बाद इसकी जरूरत नहीं है। यह अल्पसंख्यकों का कोई सवाल नहीं है। आज भाषा पढ़ने वाले मुस्लिम से 39 परसेंट लोग हैं बल्कि उससे भी कम हैं।

तो यह तो एक बहाना मात्र है। कुछ लोग धर्म के नाम पर मदरसा खोलना चाहते हैं तो खोलें, पढ़ें, उसमें संविधाने मना नहीं करता। इसलिए मैं कहना चाहता हूं कि यह बिल्कुल उपयोगी चीज नहीं है। इसको खत्म करना चाहिए।

SHRI P. K. DEO (Kalahandi) : This country is a rich tapestry where various languages and cultures are so nicely interwoven as to make it a beautiful home. It is a combination of varieties of cultures and languages and this diversity constitutes the richness of this country. Their preservation and promotion is the responsibility of any civilised government.

If you look at a big country like the USSR, it is a federation of autonomous states carved on the basis of culture and languages.

Sir, I do not agree that this diversity of culture and language will stand in the way of national or emotional integration. Unity in diversity is the characteristic of this country and if we deny justice, if we deny them the rightful place in the national life of this country, if we fail to look after them, if we subject them to the tyranny of the majority, as suggested by the previous speaker, then, with eyes wide open, let them have a look at Bangla Desh. I am grateful to the DMK movement against the imposition of Hindi there. They had to bow to the wishes of the people of Tamil Nadu. I take my hats off for them.

This language is such an emotional tie, and the mother-tongue is the first word which comes out from the mouth of the mother to the child; it is such an emotional tie which keeps them binding together. If we go further to the genesis of this national movement, you will see that the entire national movement gathered momentum at the partition of Bengal. This "Banga-Bhanga" movement is responsible for bringing in the national movement to this stage. Even during the national movement, it was the main plank of the national movement to form the States on the basis of language. As I said earlier, language and culture are so interwoven that wherever you draw the line, there would be minorities. We cannot have watertight compartments.

And to look after them and safeguard their interests is the responsibility of the Government of the State concerned.

Taking cognizance of the gravity of the situation, those who framed the Constitution had provided specific provisions in the Constitution. Articles 29, 30, 350A and 350B are special constitutional safeguards for the minorities. Articles 29 and 13 which have been enumerated in Chapter III fundamental rights—have become piecrusts; they can be broken at the convenience or at the sweet will of Parliament.

After Independence, the States Reorganisation Commission was appointed under Justice Fazl Ali who was a former Governor of my State—Orissa. He gave a hurried report. There were various lacunae and that is why there was widespread resentment and so much of bloodshed, and at last the Government was forced to yield to the demands of the Maharashtra Samiti and the Mahanagarat Janti Parishad and had to split the bilingual State of Bombay into Maharashtra and Gujarat. The Punjab Suba was achieved only by the efforts of the people of the area. The Fazl Ali Commission never recommended it. You, Sir, got your Meghalaya because you could assert yourself and because you could make your voice felt by the nation, that it was a necessity. Similarly, Seraikella and Kharaswan, which were predominantly Oriya tracts, which form an Orissa island in the Bihar sea, as it were, which were contiguous to Orissa, were denied to us. Up till now, the same tyranny and torture go on. There is discrimination in getting jobs and there is no facility of education in the primary stage. Various complaints have been brought to the notice of Parliament by this report.

Sir, this report further says that in respect of Seraikella and Kharaswan, so far as Bihar is concerned, the Commission asked for statistical data from the Bihar Government regarding the educational facilities for the minorities. That is in para 133.

But the Commission has stated that the Bihar Government never complied with that request. You will be surprised to find that efforts have been made to completely liquidate the Oriya culture and language in that part of the country. Dirty politics has entered into the Chou dance which is a famous dance there. Similarly, a country

liquor shop has been planted just in front of the girls' primary school in Seraikella to shop its functioning. We are getting such reports. It is a wild cry in this Parliament because we know that the Central Government will plead its imbecility, impotence and complacency; they could not deliver the goods; they pass on the buck to the State Government that they will do; we are helpless; what can we do? Similarly in Andhra Pradesh, the Oriya minorities are not getting their school teachers and the Government forms in Oriya are not available to them. Even in the Registrar's office there is no Oriya clerk. Similarly in the Raipur, Raigarh and Bastar districts of Madhya Pradesh which border on Orissa, there is a large concentration of Oriya population and they had been subjected to the same tyranny.

When so many difficulties have been pointed out and have been rectified after the SRC report, I cannot understand why so many boundary disputes have come to the forefront. Why not have a permanent solution to it? The Mahajan Commission was appointed to go into the question of Mysore-Maharashtra dispute. I am sorry to say that in spite of the recommendations of the Mahajan Commission, the whole thing has been burning fire for so long because the issue has to be decided on a political plane, according to the election prospects of the party in power. Most emphatically I make a demand that the recommendations of these commissions should be considered as awards. The decision on the Mahajan Commission report on the Mysore-Maharashtra border dispute has been, I came to know, left to the sweet will of the Prime Minister to be taken at her convenience as it suits the party in power.

So far as Maithili is concerned, I was inspired to speak about it by my friend Mr. K. N. Tiwari who is there. I was a student in Patna and that language is so rich that right from the days of Vidyapati till today there is such a vast collection of literature. There is even a post-graduate study of this language in Bihar, in the Patna university. Till now it has not been recognised as a regional language.

SHRI K. N. TIWARY (Bettiah): It has been recognised now.

SHRI P. K. DEO: It makes painful reading. It is a futile exercise. I do not

[Shri P. K. Deo]

think any useful purpose would be served in wasting the time of the House on a debate like this. For God's sake you wind up this shop of linguistic minorities commissioner and do not provide a cushion for defeated politicians. It will serve absolutely no useful purpose. If you are keen about it, take courage in both hands and look after the interests of the minorities so that they could be saved from the tyranny of the brute majority. We do not want the law of the jungle to rule here, the right of might.

श्री दरबारा सिंह (होशियारपुर) : डिप्टी स्पीकर साहब, मुझसे पहले बोलने वाले राजा-साहब ने शायद इस की इम्पॉजिबिलिटी को, इसकी अहमियत को नहीं समझा...

श्री पी० के० देव : पंजाबी सूबे के लिए तारीफ़ की है।

श्री दरबारा सिंह : पंजाबी सूबा आप की कृपा से जो बना है, वह कितना लगड़ा-लूला है, वह बाद में कहूँगा, लेकिन जो मैं इस वक्त अर्ज करने वाला हूँ, वह यह है कि यह जो रिपोर्ट है, यह कमिश्नर की तरफ से बड़ी आनेस्ट-एफर्ट है। यह कहना कि इसकी इम्प्लीमेंटेशन सरकारी सतह पर कितनी हुई है या नहीं हुई है, यह अलेहदा बात है, लेकिन इसमें दो रायें नहीं हैं कि उन्होंने जो कुछ किया है, स्टेट्स में जो फैक्टुअल पिक्चर एविजस्ट करती है, उसका जिक्र किया है, उसको माफ-गोई में रखा गया है। इस को ऐसे ही थी-आउट करने की जरूरत नहीं थी। यह कहना कि यह दुकान बन्द कर दी जाय, दुकानें तो और भी बहुत-सी बन्द करने वाली हैं, आप की दुकान भी बन्द होने वाली है, लेकिन ऐसे ही इस दुकान को बन्द नहीं कर सकते, क्योंकि यह माइनोरिटीज का सबाल है।...

श्री पी० के० देव : आप तो मोनोपोलिस्ट्स हैं।

श्री दरबारा सिंह : ठीक है, हम अपने आपको इसलिए जरूर मोनोपोलिस्ट मानते हैं कि आप जैसे दोस्त, जो दौलत पर सांप बन कर बैठे हुए थे, उनको नीचे खींच लिया गया है।

इस रिपोर्ट में बहुत कुछ कहा गया है। मैं एक बात मानना हूँ कि इसका इम्प्लीमेंटेशन स्टेट-सरकारों की सतह पर कुछ नहीं हुआ है इसलिए भारत सरकार को चाहिये कि इसकी तरफ ख़ास तवज़ह दे ताकि जो फैसले हुए हैं उनको सही तरीके से लागू किया जा सके, आज इतना भी नहीं हो रहा है। मैंने इस किताब को पढ़ा है, इस में पंजाब के बारे में एक चैप्टर है, उसमें बहुत कुछ लिखा हुआ है लेकिन साथ ही यह भी लिखा है कि स्टेट गवर्नमेंट ने उनको कोई फ़ार्म मण्डाई नहीं की यह भी नहीं बनलाया कि कितने लडके माइनोरिटीज के पढ़ते हैं, कहां पर वह माइनोरिटीज को मानते हैं कहा नहीं मानते हैं। लिग्विस्टिक सूबा तो बन गया लेकिन कोई भी बनाने वाला नहीं है। आज लिग्विस्टिक माइनोरिटीज को घमं और मजहब के नाम से जोड़ दिया जाय मैं इसको मानने के लिए तैयार नहीं हूँ। मैं अगर कोई लैंग्वेज पढ़ता हूँ, तो इस ख़्याल से नहीं पढ़ता हूँ कि वह मेरे धर्म की लैंग्वेज है बल्कि इस ख़्याल से पढ़ता हूँ कि वह मेरी स्पोकन लैंग्वेज है। उस लैंग्वेज को कौन पढ़ता है, कितने लोग पढ़ते हैं, उसका गही इन्तजाम होना चाहिये।

आजादी से पहले उर्दू सारे पंजाब की जुबान थी, जब हम अलहदा हुये तो पाकिस्तान ने उसको अपनी जुबान बना लिया हालांकि उर्दू उनकी जुबान नहीं है उनके यहां कहां से आई, वह तो हमारी जुबान थी। पंजाब यूनी-लिंगुअल स्टेट बन गया है, लेकिन वहां क्या हुआ, मैं अभी उसका जिक्र करने वाला नहीं हूँ क्योंकि वह पोलिटिकल ईशू है। उससे कितने

लोगों को तकलीफ हुई है, कितनी अन-सर्टेन्टी उससे पैदा हुई है, पंजाब का कितना नुकसान हुआ है, पड़ोसियों का कितना नुकसान हुआ है, मैं इसके बारे में जिक्र करनेवाला नहीं हूँ, लेकिन मैं यह कहना चाहता हूँ कि जुबान का जो मसला है, जो माइनोरिटीज का सवाल है उसकी तरफ ध्यान देना चाहिए।

पंजाब के बारे में मैंने सा रिपोर्ट में जो पढ़ा, उससे मालूम होता है कि सरकार-हिंद को उन्होंने कोई चीज दी ही नहीं और अब जब आबादी का हिसाब लगाया तो उन्होंने कहा कि 1 करोड़ 11 लाख 35 हजार 500 है। देखिये, कितनी प्राम्पनेस में वह काम करते हैं—वहां पर अकालियों की सरकार थी—उन्होंने कहा कि यह जो आबादी है, इसमें किम की सम्मिलित है, होशियारपुर जिले की ऊना तहसील का जो हिस्सा चला गया है, वह भी इस में शामिल है, संगरूर का हिस्सा भी इसमें है, अब आप ही बनलाइये, वह काम कह सकेंगे कि यहां इनने बच्चे उर्दू पढ़नेवाले हैं, या दूसरी जुबान पढ़नेवाले हैं। इसको हमारे यहां "घपला" कहते हैं एक तरह का कन्फ्यूजन है। इसमें इतना कन्फ्यूजन कर दिया गया है कि हिंद सरकार के पास सही रिपोर्ट नहीं आ सकती इसलिए इसके इम्प्लीमेंटेशन के लिये सरकार कौन से जराये अख्तियार करना चाहती है, इसकी तरफ तबज्जह देने की जरूरत है।

इस रिपोर्ट में बहुत सी बातें हैं, सच्चर फार्मुले का जिक्र आया, बहुत लम्बी-चौड़ी बातें हैं कोई-सा सफा उठाकर देख लीजिये पंजाब का ही नहीं दूसरी स्टेटों का भी यही हाल है वे भी फिगर्स देने के लिए तैयार नहीं हैं। एक कमेटी बनी थी—कमेटी आफ जोनल कन्सिल उसमें यह फैसला हुआ था—नो-स्टेट इज यूनिर्लिगुअल। मुझे पता नहीं कब फैसला किया। और फिर कहते हैं यूनिर्लिगुअल नहीं है अगर यूनिर्लिगुअल नहीं है तो उन तमाम जवानों को जो माइनोरिटीज की हैं हर जगह पर गुंजायश की जा रही है या नहीं—

इसके बारे में मुझे कंफ्यूजन है और इसको साफ करने की जरूरत है।

इसके साथ-साथ मैं कहता हूँ कि नेशनल इंटिग्रेशन की बहुत जरूरत है। हमारे दोस्त डागा साहब ने कहा है कि ऐसी चीजों की जरूरत नहीं है लेकिन मैं कहता हूँ इट इज ए फैक्ट आफ लाइफ। हमारे कांस्टीट्यूशन में प्राविजन है और उसके मुताबिक यह सब किया जा रहा है। इसका इम्प्लीमेंटेशन हो पाये और जितनी माइनोरिटीज है उनका तहफुज किया जा सके इसके लिए कम से कम जो उनकी जवान है वह न हजफ कर दी जाये। इसके लिये एक उपाय किया गया है, प्रबंध किया गया है मेजर्स लिए गए हैं। लेकिन मैं इसके साथ साथ कहना चाहता हूँ कि सेन्टर की तरफ से एजुकेशनल सिस्टम को तब्दील करने की जो बात है और जो इंटिग्रेशन की बात है उसमें किसी जवान को दुरुस्त करके हजफ करके जो हम करना चाहते हैं उसमें न उनको कोई आगम होगा और न उनका तहफुज होगा। मैं मानता हूँ कि आप नेशनल इंटिग्रेशन में लगे हुए हैं लेकिन एजुकेशन सिस्टम में क्या है? वह पढ़ाते हैं जो नहीं पढ़ाना चाहिये और जो पढ़ाना चाहिए वह नहीं है। इसलिए एजुकेशन सिस्टम को तब्दील करना होगा। स्टेट लेवल पर जो किताबें निकाली जा रही हैं उनकी भी क्या हालत है? इस बारे में बहुत न कहकर यही कहना चाहता हूँ कि अगर आप चाहते हैं कि कोई यूटिलिटी इसकी हो तो यूटिलिटी तभी हो सकती है जब इसके इम्प्लीमेंटेशन के कुछ जराये अख्तियार किए जायें। जब तक यह नहीं होगा तबतक रिपोर्ट आती जायेंगी और हमें पता चलता जायेगा कि कितना हुआ है और कितना नहीं हुआ है पर देख लेना, मैं आज कहता हूँ कि अगली रिपोर्ट भी ऐसी ही होगी। मैं यू० पी० वालों और बिहार वालों की बात मानता हूँ और अर्ज करता हूँ कि वहां पर उर्दू को गुंजा

[श्री दरबारा सिंह]

यस देनी चाहिए। सब पार्टीज की यही राय है और सभी लोग चाहते हैं कि जहां गुंजायश हो सकती है वहां उनको देना चाहिये और नेशनलहुड का जो सबक है उसको लेना चाहिए। मैं मानता हूं कि जो लोकल लैंग्वेजेज हैं, जो माइनारिटीज की लैंग्वेजेज हैं उनका लिटरेचर भरा पड़ा है क्योंकि इनके मिनिमम इंडेपेंडेंस की लड़ाई लड़ नहीं सकते थे। ज़ुबान को उभारने के लिये जो खयालात होते हैं वह उभरने मिलते हैं। इसलिए जवान को खत्म नहीं किया जा सकता है बल्कि इंटीग्रेट किया जा सकता है। इंटीग्रेशन बहुत जरूरी है इसलिए मैं अर्ज करूंगा कि इसकी तरफ ध्यान देना चाहिए और इसका इम्प्लीमेंटेशन अगर स्टेट लेवल पर करवा सकने हैं तो ठीक है क्योंकि स्टेट सब्जेक्ट हैं, इसमें वे करते हैं लेकिन कुछ स्टेट्स ऐसी भी हैं जो इसको नहीं मानती। हरियाणा वालों ने बहुत अच्छा किया। उन्होंने कह दिया कि उर्दू को मानने हैं, पंजाबी को मानते हैं और अगर कुछ लड़के पढ़ने के लिए आ जायें तो उनको गुंजायश देंगे। ऐसा हिमाचल वालों ने भी किया है। और भी जगहें ऐसा होना चाहिए ताकि लिन्ग्विस्टिक माइनारिटीज के दिल में यह बात पैदा न हो कि हमारे साथ सुलूक ठीक नहीं किया जा रहा है। इसलिए इसको ठीक करने की जरूरत है इम्प्लीमेंटेशन होना चाहिये। तब हमारा काम बन जायेगा। इन अलफाज के साथ मैं आपका शुक्रिया अदा करता हूँ।

PROF. NARAIN CHAND PARASHAR (Hamirpur): Sir, the Eleventh Report of the Commissioner for Linguistic Minorities brings to our view certain important factors and certain facts of life, which are present on the Indian scene. I have gone through some of the important sections of this report and I am happy that there are facilities for the teaching of the languages of the minorities. I for one do not agree with the views expressed by Mr. Daga and our friend from

should be wound up and the Commissioner's office is a useless office.

I think those who say such things have no idea of what a language is. Language is not the handmaid of religion, it is neither the handmaid of politics nor is it the handmaid in the hands of a clerk or an IAS officer. It is the rich expression of the emotions of a culture which is still living. If we are trying to throttle the linguistic minorities or the languages which they prefer to use in their daily life, we are committing a grave blunder. I think it would be a sad day for India when we declare that India is a unilingual country and only one language can flourish in India. The fact of life is that India is a multi-lingual country. So, we must recognise the beauties of Tamil literature, Urdu literature, English literature and for the matter of that the literature written in French by Aurobindo Ghosh and so on. India must open its doors and windows to the outside world. We must preserve the plants and flowers (languages) that have grown on Indian soil for ages past.

I have noted with interest some of the failures by the State Governments to rise to the occasion which have been mentioned by the Commission. I am rather shocked at the disclosure that the Bihar Government has not thought it fit to publish pamphlets dealing with the safeguards available to the minorities. The same treatment has been meted out to the minorities in Punjab.

So far as the languages of the minorities are concerned, the Report covers three aspects. The first aspect is the availability of facilities for teaching these languages. The second aspect is official declaration in official languages of the States and the place or status given to the languages spoken by the minorities. The third aspect is recruitment to the services. On all these three scores the States have failed. It would not be proper to throttle the people that cry. If the Commissioner for Linguistic Minorities brings to our notice certain failures, it should be our endeavour and the endeavour of the government at the Centre to rectify those errors, to remove the causes that are responsible for those grievances. I think the Commissioner is doing a useful service by pointing out to us certain dark

Although it has been written in the very first few pages, page 6 for example, that the States are alive to this, what follows is a sad story that the States are not alive to this. I am reminded of a very interesting incident that I read in the press of Punjab some time back. A lady lecturer of the Government College for Women in Amritsar applied for the post of the Head of the Department of Zoology to the Punjab Public Service Commission. But they refused to acknowledge her claims because the lecturer in zoology could not pass a test in Punjabi. Now I cannot understand how knowledge of Punjabi is important or essential for subjects like zoology or botany or for technical services. In order to provide safeguards for the services, we must not insist on knowledge of the regional language. It is another matter that we may regard it as desirable and a person can be asked to learn it after he or she has been recruited.

SHRI K. MANOHARAN (Madras North) : Was the insistence on working knowledge or degree or something ?

PROF. NARAIN CHAND PARASHAR : She was given a test in Gurumukhi which she could not pass. So, her junior was promoted and she was not considered for the post. The assurances that have been given in this report about the safeguards that have been provided to the linguistic minorities are useless in the face of these blatant violations, because these safeguards are not available to them. I do not want to go into the merits of this case because it is at present pending in the Punjab High Court.

I would like to point out here that wherever such injustice exists we must fight it out. Safeguarding the interests of the minorities is not the concern of only one State or another State—it is the concern of the whole of India. It is not a question of Panjabi versus Hindi, or Tamil versus Malayalam or Pahadi versus Dogri or anything of that type. It is a question of restoring justice. A citizen of India has every right to stay wherever he likes and yet study in his own mother tongue.

15.00 hrs.

People think that if India is a unilingual country, all the problems will be solved. I

think, the problems will not be solved; they will be multiplied beyond any cure. We must not insist on such a diabolical design but we must fight it with all the might at our command.

It is right that in a democracy there is a cell or a commissioner's office for looking to the rights of minorities and that these things are available for our review in Parliament and we are able to raise our voice. In a dictatorship or a theocratic state like Pakistan, it will not be possible to raise our voice in such a manner. To those friends who are demanding the winding up of this establishment or the closure of this commissioner's office . . . (Interruptions)

श्री हुकम चन्द कश्यप (भुरेना) : मैं आप की व्यवस्था चाहता, हूँ इतना सुन्दर भाषण हो रहा है और सदन में गणपूर्ति भी नहीं है।

MR. DEPUTY-SPEAKER : The bell is being rung. . . Now there is quorum. He may continue his speech.

PROF. NARAIN CHAND PARASHAR : I was referring to the demand made by certain Members to close down this Commission. I think, we are determined and should be determined to fight such a demand and should never allow it to be accepted.

So far as the languages of the minorities are concerned, there are certain inherent difficulties because generally people think that if there is an official language there is no need for any regional language. But this is something which is unscientific. We must recognise that the Tribals, who are living in the jungles, also have a language of their own. I am happy to learn from this report that there are certain provisions made in the schools of Madhya Pradesh for a language like Madia and others and certain textbooks are also being provided. But there are some other difficulties; for example, the dearth of teachers. The report says that there are no qualified teachers of Sindhi and Urdu in Rajasthan, Oriya in Andhra Pradesh and Kannada in Kerala. In other provinces similar deficiencies and drawbacks exist. So, it must be our endeavour to have a coordinated programme.

I think, this Commissioner for Linguistic

Minorities

the medium of English, we are able to know in Srinagar and in Shillong, in Trivandrum and in Delhi what is happening in various fields of knowledge. This will go a long way in making us understand the progress that has been made in various languages of India.

Then, there is a very interesting remark in the Commission's Report that there is a new trend and trend is that tribals and other minorities want to study their language as a subject of study and not as a medium of instruction. I think, even if we are able to do this much for a language of the tribals or a language of the minorities, if we cannot make it a medium of instruction but only provide facilities for making it as a subject of study, that is also welcome. So, whatever facility is provided for the study of languages at various levels should be welcome. I hope, this will be done.

There is one thing that we must do. A language should not be left to the mercy of a few individuals, whether they are IAS officers or they are people who are in the Commission or this and that. We must provide for a central agency of linguistic experts to find out and coordinate the progress made in various fields of Indian languages and what facilities are available for the study, teaching and suitability and, availability of resources and facilities for these languages at various levels. This must be brought to the notice of Parliament from time to time.

The Report is a very useful one. I am happy that certain safeguards have been provided for languages like Urdu which have been available for us in our freedom struggle and the inspiring songs and messages with which we were able to go to the star of freedom.

Also, there are certain languages which suffer from this problem that they are not spoken in one particular region. There are two such languages in particular, one is Sindhi and the other is Sanskrit. They must also be looked after. They should not be neglected because they are not spoken in one particular region but because they are spoken by a microscopic minority spread over the whole of India. They should also be catered to and there should be greater importance to the role that they are going to play in our national life. I am happy that Sindhi has been included in the Eighth Schedule of the Constitution.

I come from a State where Urdu has been given due place. Himachal Pradesh has been able to give due place to Urdu and provide facilities for the teaching of Urdu right from the 3rd Class onwards at the primary stage. Similarly, there are provisions for the teaching of Punjabi and other languages. So far as our State is concerned, there is no problem of the minorities. But we have our own language *Pahari* and we would like to develop it. I would request the Central Government to see that developing languages are not given a suffocating touch at the very beginning of their life.

After all, the literatures of India, whether they grow in the mountains or on the sea-shores or near the coastal lines or in the valleys, they are our literatures and they must be looked after. The languages of minorities are our sacred heritage. We must do everything to preserve the fragrance and provide an opportunity for their flourishing at every stage and in every state.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : Mr. Deputy-Speaker, Sir, I am very thankful to the hon. Members who have taken part in this debate and shown such a keen interest in the problem of linguistic minorities.

As I stated in my introductory remarks, there are various constitutional provisions regarding protection to be given to the linguistic minorities and the limited role that the Central Government can play in this regard. Not that the Central Government does not give due importance to this very important problem but it has to be accepted that the Commission of Linguistic Minorities...

श्री हुकम चन्द कछवाय : उपाध्यक्ष महोदय, मैं आप की व्यवस्था चाहता हूँ। सदन में मंत्री जी का वक्तव्य हो रहा है और यहां पर गणपूर्ति नहीं है।

MR. DEPUTY-SPEAKER : The bell is being rung.

Now there is quorum The hon. Minister may continue.

SHRI RAM NIWAS MIRDHA : As I was saying, the Commissioner for Linguistic Minorities is a functionary that has been

mentioned in the Constitution but he does not have executive powers in the sense in which the State Governments have with respect to teaching of languages and other concerned matters. It is really a very delicate question as to what extent we can take it up or press the State Governments for implementation of these various decisions. In this House itself we have heard on a number of occasions hon. Members saying that the Central Government is interfering too much in the affairs of the States and in matters which are essentially and constitutionally the legal responsibility of the States, but, when it comes to the implementation of many other decisions, and in this instance, the report of the Commissioner of Linguistic Minorities, again, a demand is made that no more attention is given to the implementation of these recommendations. So, the Government of India has a very delicate task in this matters and we have not been oblivious of our responsibility and the Commission has also taken very great pains. An hon. Member said that the Commissioner hardly works for an hour or two a day. If he had carefully read this report, it would have come to his notice that the Commissioner made very extensive tours, visited many areas, heard a lot of representations from linguistic minority organisations, visited schools where minority languages were being taught and took up the matter with the State authorities from the State Chief Ministers downwards. I have no hesitation in saying that the Commissioner has discharged her responsibility with great success and efficiency.

Various points have been raised, of which I will mention the more important ones. Some reference was made to teaching of languages which do not have a clear-cut script of their own. Mention was made about the teaching of Tripuri and of teaching of tribal languages in Madhya Pradesh and similar other tribal languages. Sir, it is true that these tribal languages are spoken by quite a large number of people in certain areas. But when it comes to implementing the decision regarding the linguistic minorities with respect to these languages, the difficulty arises because there is no definite script in which education at primary and secondary level can be imparted to these minorities.

Various States have adopted various expedients in this regard. Some of the tribal languages are being reorganised to

There are two languages, namely Urdu

It was mentioned here that all these facilities are not being given. To some extent, this is true. The facilities mentioned here are not being given in all the States on a uniform level. Government are constantly in touch with the various States Governments, particularly of UP and Bihar where quite a substantial percentage of the population speak Urdu. Every effort is made to see that the concessions listed in the statement on language of 1958 are made available to them. I am happy to say that because of the initiative taken by our Ministry and the personal interest evinced by the Prime Minister in this respect, some

results are coming and the Bihar and UP Governments are very much alive to the situation and are taking more interest and making more and more facilities available to them.

SHRI KARTIK ORAON (Lohardaga) : What about the development of tribal languages ? Where do they stand ?

SHRI RAM NIWAS MIRDHA : I started with tribal languages.

SHRI R. V. BADE : Devnagari script can be used for the Adivasi language.

SHRI RAM NIWAS MIRDHA : In some states, the regional language script is used ; in others the Devnagari script is being used for tribal languages. Tribal languages are being developed in that respect. But I mentioned there are still certain areas where a clear-cut script has not come. Even where a script is evolved, textbooks are not available. Therefore, the problem of enforcing these in the tribal and border areas is very real, to which we are giving due attention.

To give the latest position, the UP Government has set up a Board of Urdu Studies. A post of Deputy Director for Urdu Education has been created. Efforts are being made for overcoming the shortage of text books. Arrangements are also being made that in districts where a substantial portion of the population is Urdu speaking, people will have at least in one degree college arrangements for Urdu teaching. Similar steps have been commended to the Bihar Government.

The same thing about Sindhi which was also very recently given the status of an official language by a constitutional amendment. Sindhi is also being promoted in a number of areas. I mentioned special programmes on the AIR recently introduced in Delhi. In addition, a number of regional stations give Sindhi programmes on a regular basis. There is the question as to whether the Sindhi script should be in Arabic or Devnagari. Some States are using both according to the wish and desire of the local population. What I mean to say is that in spite of the script difficulty, progress is being made in Sindhi and more and more schools have started using Sindhi for teaching at the primary and other level.

I was very glad to hear what Shri Parashar said. He brought a great sense of realism and urgency to the discussion. Replying to critics, he said that there cannot be one language for the whole country. That was not the way in which we could have national integration. This was aptly said. Shri P. K. Deo said that ours is a country where various languages are spoken which have great cultural roots and the essential unity of the country is not detracted from by the cultural diversity we see around us.

Similarly, when Shri Parashar said that language should not be made the handmaid of religion or politics as is being sometimes made, I thought it was a very wise observation. I think if we all approach the problem of language in this spirit, it will be all the better for all of us and it will strengthen our national solidarity.

Shri Parashar mentioned about some magazine which is being published by the Central Institute of Indian Languages and also the need for a central agency where language teaching and linguistics in regard to various Indian languages should be given. These things do not belong to my Ministry ; they are the concern of the Ministry of Education and I will take it up with them and convey the suggestion and the viewpoints that the hon. Member has made in this matter, and I am sure they will give it due consideration.

Shri Parashar also mentioned about a lady lecturer in biology being not selected because she did not know Punjabi. As you would see, in the present decision, it is said that when recruitment is made to the State services, knowledge of local language should not be insisted upon. Actually, if any State does so, it is against this decision. In recruitment to the State services, the State Government language should not be a bar. The test of proficiency in the State official language should be held after selection and before the end of probation. This decision says that the regional language could be insisted upon but not at the time of recruitment. And Punjab did have a rule of that type that the hon. Member mentioned, but it has recently been amended which means that it would be no bar to the selection of a candidate, but the person who is selected, will have to learn Punjabi within a certain period after he joins duty. It does not go as far as to say that it should be "before the end of probation," but it

[Shri Ram Niwas Mirdha]

meets the objection that the hon. Member has raised, and I do not think any more complaint would arise so far as this aspect is concerned.

I would end by saying again that the role that the Central Government can play in this respect is of a very limited constitutional nature. But with the limited staff that the Commission has, I make bold to say that they have discharged their duty in a very admirable manner and the suggestions have come for strengthening this.

Shri Ishaque Sambali went to the extent of saying that there should be a three-member Commission and there were other suggestions that regional commission should be set up in various areas with greater staff. We will take all these things into consideration and really strengthen the Commission's working so that more could be done.

I wish we could give a detailed and concrete report but the main executive authority is the various States Governments. But I do not think that makes this Commission helpless or important as one hon. Member put it. After all, the democratic process involves discussions; it involves persuasion, and conferences and meetings, and I do not think we should be so pessimistic if the results are not as quick as we sometimes want them to be. But the results that come out of the discussion or after convincing the State Governments are much more stable, and I am sure that the State Governments also realise the importance. State Governments have regional languages of their own; they will have people speaking that language and living in other States, and they would certainly wish that people belonging to the minority languages in those areas also get the same facility. So, it is in the interests of the State Governments themselves that the linguistic minorities should be given due production and due recognition because their own language-speaking people in other States also deserve and desire the same type of facilities.

I cannot say that the State Governments are not co-operating. They are co-operating, and if I had the time, I would give the figures to show how the number of schools in different States has increased; the number of pupils and the number of teachers in minority languages has increased. The progress is there; it is quite perceptible and quite substantial. But it is not enough.

I would certainly admit that it has not been enough and a lot more remains to be done.

I am sure that the various suggestions put forward by the hon. Members would enable us with the assistance of the State Governments to see that the constitutional provisions and the decisions taken till now about the protection to be afforded to these minority languages would be implemented in every way so that when we come before the House next time, we should be able to give a picture of better implementation.

SHRI DASARATHA DEB (Tripura East) : I have said that in certain areas the tribal people are concentrated. I have given the Santhals and Oraons, Tripuri in Tripura and some other tribes in Assam and Manipur. I said that for the development of the tribal language in that region some regional body should be set up to deal with the tribal languages and develop them. What is the reaction of the Government? I want a clear answer to that point.

SHRI RAM NIWAS MIRDHA : The development of the language is the responsibility of the Ministry of Education. I shall certainly pass on this suggestion to them. But the difficulty will not be solved by the appointment of a local committee; the difficulty is about the script.

SHRI DASARATHA DEB : The script is there; we are using the Bengali script. There will be no difficulty.

SHRI RAM NIWAS MIRDHA : An experimental school has been started where all these things about Tripura are being examined and full fledged instructions are given. In areas where Tripuri teachers are not available, the teachers teach in Bengali and explain to the pupils in Tripuri. I do not say it meets our requirements but some sort of instructions are given. As I said an experimental school has been set up and that will give us some ideas how further to develop Tripuri. He referred to the regional committee. I do not know if the regional councils that we are going to set up in the North-Eastern area could also take this up as one of its problems and study it in proper perspective. I am sure this will be

kept in view when this question is taken up. 15.34 hrs.

MR. DEPUTY-SPEAKER : There are two substitute motions moved by Mr. Mohanty, Nos. 1 and 2. I shall put them to vote.

The question is :

'That for the original motion, the following be substituted, namely :

"This House, having considered the Eleventh Report of the Commissioner for Linguistic Minorities for the period 1st July, 1968 to 30th June, 1969, laid on the Table of the House on the 31st July, 1970, is of the opinion that the office of the Commissioner for linguistic Minorities be abolished as it has failed to properly investigate the problems of the linguistic minorities with a view to safeguard their constitutional rights as contemplated in article 350B (2) of the Constitution." (1)

'That for the original motion, the following be substituted, namely :

"This House, having considered the Eleventh Report of the Commissioner for Linguistic Minorities for the period 1st July, 1968 to 30th June, 1969, laid on the Table of the House on the 31st July, 1970, is of opinion that—

- (a) special efforts should be undertaken to safeguard the constitutional rights of the Oriya speaking minorities residing in Andhra Pradesh and Bihar ;
- (b) the State Governments should insist upon knowledge of regional language as a prerequisite for entry into State services, in keeping with the Central Government's insistence for knowledge of the official language for entry into the Union Services." (2).

The motions were negatived.

STATUTORY RESOLUTION RE : CONTINUANCE OF PROCLAMATION IN RESPECT OF MYSORE

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : I beg to move :

"That this House approves the continuance in force of the proclamation dated the 27th March, 1971, in respect of Mysore issued under article 356 of the Constitution by the President, for a further period of six months with effect from the 25th November, 1971."

The House will recall the circumstances in which the Proclamation under article 356 of the Constitution had to be issued in relation to the State of Mysore on the 27th March, 1971. It was approved by this House on the 24th May, 1971 and by the other House on 25th May, 1971. In accordance with clause 4 of article 356 the Proclamation will remain in force till 24th November, 1971. It will be possible to revoke the Proclamation only after the elections were held to the legislative assembly and a popular Government comes into office.

श्री हुकम चन्द कछवाय (मुरेना) : अध्यक्ष महोदय, सदन में गणपूर्ति नहीं है ।

MR. DEPUTY-SPEAKER : Let the Bell be rung.

Now there is quorum. He may continue.

SHRI K. C. PANT : I was saying that it would be possible to revoke the proclamation only after elections are held to the Legislative Assembly and a popular Government comes into office. The Election Commission has undertaken intensive revision of the electoral rolls which has been recently included in the State of Mysore. The House will agree that it will be appropriate to hold elections in Mysore at the time when elections are held to the other Legislatures in 1972. Therefore, revocation of the Proclamation in relation to that State will be possible only after February next year. I have, therefore, come before the House with the request that a further extension of the

[Shri K. C. Pant]

Proclamation for a period of six months may be granted. I am sure that the Resolution will be approved without any objection.

MR. DEPUTY-SPEAKER : The House has agreed that one and a half hours will be devoted to this discussion. As there are a large number of speakers, I request them to be as brief as possible, if possible to confine themselves to five minutes each.

Motion moved :

"That this House approves the continuance in force of the Proclamation dated the 27th March, 1971, in respect of Mysore issued under article 356 of the Constitution by the President, for a further period of six months with effect from the 25th November, 1971."

SHRI DASARATHA DEB (Tripura East) : Mr. Pant himself has said that President's rule would be over as soon as the election is held and the democratically elected Government is constituted. The Election Commission has already fixed that the election will be held in the middle of February. Only three months time is necessary for that. So I do not understand why it is necessary to extend it by six months. It may be made three or four months.

We have found that after the land slide victory of the Congress (R) the dark days for the common man in India have started. The first result of Mrs. Gandhi's landslide victory on the slogan of *garibi hatao* was the imposition of President's rule in a number of States by bringing down non-Congress Ministries through heinous methods, by creating defections. This shows that the ruling Congress is not going to tolerate non-Congress Governments in the States, particularly non-Congress Governments which are not readily agreeable to serve the class interests to which the ruling Congress is very faithfully wedded. The imposition of President's rule in Mysore State is only a pointer.

The ruling Congress have got an overwhelming majority in Tripura State. Out of the total strength of 33, 30 are Congress M.L.As., but due to their internal quarrels very recently, on 27th October, they have dissolved the Assembly and introduced President's rule there also. This is because

they could not settle their quarrel among themselves.

So far as Mysore is concerned, this is the result of concerted efforts made by the ruling Congress to curb the democratic rights of the people there and also to topple the non-Congress Government in that State. This is very objectionable. The second casualty of their landslide victory in the mid-term poll is, instead of giving relief to the poor people, they are adding to their trouble by driving out the small coins. People have to pay more, because particularly in my State there is tremendous shortage of small coins.

MR. DEPUTY-SPEAKER : What has that to do with the President's rule in Mysore ?

SHRI DASARATHA DEB : I want to say that this Government is not functioning in the interests of the common man and prices of essential goods are very high. Shortage of small coins has added to the misery of the people.

15.42 hrs.

[SHRI K. N. TIWARY *in the Chair*]

The heavy taxation also leads to high prices. Then, they have enacted the Maintenance of Internal Security Act just to curb the democratic rights of the masses.

During the six months of President's rule, the burning problem in Mysore—the Cauvery water dispute—has not been solved. Our party has suggested clearly how this can be solved. But this Government could not settle this issue. Whenever the Congress Party faces certain difficulties in a State and some non-Congress Government emerges, the only panacea they know is to introduce President's rule, so that they can re-establish their own power. Mysore is also a victim of that. That is why we oppose tooth and nail the imposition of President's rule there.

Taking my own State, it is unknown in the history of this country where a party was commanding 30 out of 36 seats in the Assembly and yet it was dissolved. The Lt. Governor had convened the Assembly and it was to meet on 17th November. But

on 20th October, they introduced President's rule without giving an opportunity to the Chief Minister, Mr. S. L. Singh, to prove his majority in the Assembly. I am not giving any alibi for Mr. S. L. Singh ; he has committed so many wrong acts and I am not supporting him.

If you want to develop a democratic atmosphere and a democratic climate in the country, then you must respect at least those norms which the Congress Party advocate and want to develop inside the country. But that was not done in that State. That is why we oppose this motion, particularly in the context of the announcement by the Election Commission that the elections to the State Assemblies would take place in the middle of February. So, we do not see any necessity for the government coming forward with this proposal for continuance of President's Rule in Mysore for another six months. Therefore, we oppose it.

SHRI P. R. SHENOY (Udipi) : Mr. Chairman, Sir, before the proclamation of emergency under article 356 of the Constitution, the administration in Mysore State could not be carried on according to the provisions of the Constitution. But after the proclamation of emergency the administration in that State is not carried on according to the principles of democracy. The Governor is acting arbitrarily without the aid of any adviser whatsoever. He is appointing politically unfit and unworthy persons to high political offices in a manner which irritates the people and their elected representatives in Parliament. He says one thing and does another thing.

For instance, he is talking of a tourist centre in a place called Maravanthe. But he has been evicting poor fishermen in a place called Malpe with a view to have a tourist rest house in a particular place for reasons best known to himself. As a matter of fact, the Governor stands between the people and their elected representatives in Parliament. As a result, the people cannot get any benefit at the State level in spite of their massive support to the Congress in the mid-term elections. The crash programme for rural employment and the scheme for educated employment are not implemented in Mysore State so far. The Malanad area in Mysore is very backward.

श्री हुकम चन्द कछवाय : सभापति महोदय, मैं व्यवस्था चाहता हूँ। सदन में गण-पूर्ति नहीं है।

MR. CHAIRMAN : The hon. Member may resume his seat. The bell is being rung...Now there is quorum. He may continue his speech.

SHRI P. R. SHENOY : The Governor is doing nothing to develop the backward Malanad area which covers seven districts in the State. For instance, the South Kanara District is a Malanad area and was always treated as a Malanad area but recently it has been declared as a Maidan area to deprive the people of South Kanara of certain benefits.

No attempt has been made to have a passenger steamer service between the ports of coastal Mysore and Bombay or Cochin. Thousands of fishermen's families are suffering for want of fish-catcher for the last three or four years. The Government is doing nothing to help the poor fishermen.

The Mangalore Fertiliser Company has been spending lakhs of rupees without showing anything material. The dream of having television in Bangalore is yet a dream. We do not know when the citizens of Bangalore will get television though Bangalore is most suited for this amenity.

There is corruption in the State everywhere. There is corruption at the highest level. There is corruption in the public services and there is corruption at the highest level in the Directorate of Public Education.

It is a sad thing that no meeting of the Consultative Committee has been convened so far by the Centre. Thousands and thousands of agricultural tenants, who have voted for the Congress Party, are crying for the amendment of the Mysore Land Reform Act so that they may become owners of land that they are tilling. There is need for other pieces of legislation also. There is need for exemption of land revenue to holders of land below certain limits. I, therefore, request the Central Government to convene a meeting of the Mysore Consultative Committee for Legislation as early as possible without any further delay in the matter.

The fact that the nightmare of Gover-

[Shri P. R. Shenoy]

nor's rule is coming to an end soon gives me a sense of relief. Therefore I support this resolution.

MR. CHAIRMAN : You have all along opposed it. Now you support it.

*SHRI E. R. KRISHNAN (Salem) : Mr. Chairman, Sir, on the Motion seeking the approval of this House for extending the President's rule for a further period of six months, I would like to say a few words.

Immediately after the elections to Lok Sabha in March, 1971 the Mysore State came under President's rule and now it is sought to be extended for a further period of six months. It is in fact extending the rule of Shri Dharam Vira, the Governor there. All the Members in this House are aware of the dispute between Tamil Nadu and Mysore State regarding sharing of Cauvery waters and as that dispute is before the Supreme Court now, I would not refer to it. But I would like to refer to the role of the Governor in such a major political issue.

Before he was appointed to the gubernatorial posts, Shri Dharm Vira was the Cabinet Secretary here and he earned a name for himself as a distinguished and able administrator. But, soon he became the Governor of Mysore State, he started speaking and issuing statements like an elected Chief Minister of a State ; in fact he feels that he is more than a democratically elected Chief Minister.

While he was in Delhi on 23-4-1971, he issued a statement that the Cauvery water dispute could be settled amicably within the four corners of 1924 Agreement. After a few days on his return to Mysore State, he stated on 14-5-1971 that the contention of Tamil Nadu about the use of Cauvery water was quite unjust and untenable and the Tamil Nadu's plea was unprecedented. Again, on 14-7-1971 he emphatically stated that the construction of dams on the tributaries of Cauvery would be continued at any cost. If the elected Members of Parliament had made such statements, I would not have bothered. If the former Members of the Assembly had taken recourse to issuing such statements, I would

not have taken notice of them. But I am really pained that the Governor of State, appointed by the Central Government, should talk like a politician.

When he was the Governor of Punjab, the State was split into two—Punjab and Haryana—and everyone is aware of his notable contribution in that. After he became the Governor of West Bengal, the law and order situation took a worse turn and chaos and confusion became the order of the day. The popularly elected Ministry was dismissed by him and the President's rule was imposed in West Bengal. Till he became the Governor of Mysore, for 24 year after independence there was the rule of democratically elected Ministry in Mysore. The Ministry was made to resign on account of internal dissensions and defections in the ruling party. The President's rule was imposed in Mysore on the advice of the Governor Shri Dharam Vira. From then on he has the unfettered freedom to talk like a politician on major political issues concerning the neighbouring States. Instead of engaging himself in strengthening the existing cordial relations between the neighbouring States he has been sowing seeds of enmity by declaring from house-tops that Mysore would not give up its claims. I would appeal to the Central Government that they should issue directives to the Governors that they should show restraint in issuing statements on political matters.

I would also like to suggest that all the rivers in the country must be declared as national rivers. Such an action will put an end to unsavoury disputes between the States regarding the use of river waters. We have nationalised 14 major banking institutions. We have nationalised General Insurance business in the country. The Life Insurance was nationalised a decade ago. If all the rivers had been declared as national rivers, then there would not have been any necessity for the States of Tamil Nadu, Kerala and Mysore to take the issue to the Supreme Court. If the rivers are declared as national rivers, then the States would not suffer unnecessary financial loss and waste their time and energy in taking the issue to a court of law.

MR. CHAIRMAN : The Motion is

*The original speech was delivered in Tamil.

very simple. It is seeking the approval of the House for extending the period of President's rule in Mysore for another six months. The hon. Member will get so many other opportunities to refer to river water disputes and border disputes between the States. I would request him to confine to the issue under discussion.

SHRI E. R. KRISHNAN : The reason for my referring to this issue is that the Governor appointed by the Centre here is talking and acting like a politician elected by the people of the State. I would like to urge that this tendency on the part of the Governors must be curbed by the Government here.

16.00 hrs.

श्री हुकम चन्द कछवाय : सभापति महोदय, सदन में गणपूर्ति नहीं है।

MR. CHAIRMAN : The bell is being rung.

Now there is quorum. The hon. Member, Shri Krishnan, may continue.

SHRI E. R. KRISHNAN : In the last session of Lok Sabha, the Members of Parliament coming from Mysore wanted the removal of Shri Dharam Vira from Mysore. They urged that he should be transferred from Mysore. I would like to request the Central Government here that they should issue a directive to the Governor asking him not to engage himself in political affairs of the State, but confine himself to the administration of the State. Before I conclude, I would urge that the rivers in the country should be declared as national rivers and no State should be allowed to construct dams without getting the express sanctions of the Centre. If this is done, there will be no disputes at all about the river waters between the neighbouring States.

With these words, I conclude.

***SHRI T. V. CHANDRASHEKHARAPPA VEERABASAPPA (Shimoga)** Mr. Chairman, Sir, while supporting the motion which seeks the approval of the House for the continuance of proclamation in Mysore in State I would like to place before the

House a few points for the consideration of Government.

Till 1957, the administration was efficient in the State. Since the formation of Karnataka till the end of Shri Veerendra Patil's rule, the administration was slowly deteriorating. People expected a better administration under the President's rule. But their hopes are now belied. Today the administration is in a complete mess.

The main reason for this state of affairs is that we have, at the helm, an I. C. S. Governor. He is a puppet in the hands of a few powerful bureaucrats. The extent to which the administration has deteriorated is evident from the mismanagement prevailing in the various Departments and I would like to highlight some of them.

The question of land revenue has brought imponderable difficulties. Recovery is effected from them at the pleasure of Revenue officials. During Patil's rule provisions of the Act relating to recoveries were not strictly enforced with a view to getting continued support of the people at the time of election. The situation has now changed, as instructions have been issued to the Revenue officials to recover the amount in one lump. This has caused undue hardships to the farmers. When we represented to the Governor we were assured that they would be lenient in this respect and that the arrears would be recovered in instalments. Unfortunately this was only on paper. I have, before me, a proof to show how the village officials have been compelled to recover the arrears forcibly from the cultivators in one lump failing which the revenue officials would be liable to suspension. I am passing this order to the Home Minister so that he will know the factual position. Evidently this is done under the specific instruction of the Governor who, I am unhappy to say, was inclined to favour the Government that was in power before the President's rule just to discredit the Party in power at the Centre.

श्री हुकम चन्द कछवाय : सभापति महोदय, मैं आप की व्यवस्था चाहता हूँ। सदन में गणपूर्ति नहीं है।

सभापति महोदय : गणपूर्ति के लिये घन्टी

* The original speech was delivered in Kannada.

[सभापति महोदय]

बजाई जा रही है—अब गणपूर्ति हो गई है, माननीय सदस्य अपना भाषण जारी रखें।

SHRI T. V. CHANDRASHEKHARA-PPA VEERABASAPPA : In the matter of 'Takrar Takte fines' levied on the landless people who are in possession of unauthorised land, it is exorbitant and irrational, so much so that the amount levied ranges upto Rs. 500/- per acre. The worst affected people are mostly Harijans. In case of a dispute, the harijan has to file an appeal before the Mysore Revenue Appellate Tribunal which consist of Government officials. He is subjected to severe harassment by these officials and the case is dragged on for years. The office of the Tribunal is located in Bangalore, which is far away from the remote villages. The cultivators are finding difficult to go to Bangalore and have to incur heavy expenditure. T. T. fines is not a regular revenue to the Government. The Government are aware of the unauthorised cultivation and it is in their own interest from the point of accruing steady revenue that this unauthorised occupation be regularised. The poor landless people are, at present, put to unbearable hardships without any prompt remedial measures in spite of my repeated representations made to the Governor.

Sandalwood smuggling is rampant in the State and there is no proper check to control this. As a result of this, the State is losing about Rs. 3-4 crores annually. It has come to my notice that with the co-operation of people as much as Rs. 7.5 lakhs worth of sandalwood was seized during the last few days. There is suspicion in the minds of the people that the smuggling activities are encouraged by the Government officials of different Departments in order to derive benefits. When smuggler is caught he is sentenced to simple imprisonment of 2 years. We have represented to the Governor to amend the Act by issue of an Ordinance providing for a deterrent punishment in such cases, but no action has been taken so far.

In rural areas, there is great demand for Higher Secondary Schools. The Government is showing absolute apathy to the enthusiasm of the people. People have to run these schools with great difficulty due to paucity of funds. The Government is not

prepared to bear the expenditure on the schools. If the school has to be run by the villagers, they need about Rs. 3 lakhs for five years and the Government is not prepared to bear this expenditure. In other States such as Bombay and Madras, there is no such rule. The Government should come forward to give all out support so that none suffers for want of education.

श्री हुकम चन्द कछवाय : सभापति महोदय, मैं आप की व्यवस्था चाहता हूँ। सदन में गणपूर्ति नहीं है।

सभापति महोदय : गणपूर्ति के लिये घन्टी बजाई जा रही है—अब गणपूर्ति हो गई है, माननीय सदस्य अपना भाषण जारी रखें।

SHRI T. V. CHANDRASHEKHARA-PPA VEERABASAPPA : A large number of schemes and projects under the Public Works Department require urgent attention. Some of the schemes although they are very important have been abandoned in the name of the economy under the direction of the Centre. The rule of economy for executing these projects is being applied in a haphazard way in as much as the Department takes up only these important schemes which leads to the development of the areas where Mr. Nijalingappa and Mr. Patil have interest. It is therefore necessary to take up immediately important projects so that the development of the State is not retarded.

In the matter of giving extension or re-employment of superannuated Government officials, there is discrimination. Genuine cases are completely ignored and extensions are given to few favourites. I would like the Home Minister to personally look into the matter and set right the administration.

Draught areas have been totally neglected. Drinking water is an acute problem. Unfortunately no tangible step has been taken in many areas except in one or two districts. In this connection, I would like to point out that Shiralakeppa, Udagane and Thalagondahalli of Shikarpur Taluk are seriously affected. The implementation of borewell irrigation schemes is pending before the Government for many years. This needs urgent attention.

As regards tract roads from the canal to the field areas at far off places, the existing arrangement is so poor that it is difficult even for the bullock carts carrying inputs to ply on the road. This needs immediate improvement. For example, Anjanapura and Ambligola projects in Shikarpur Taluk and Bhadra project which serve vast areas of irrigated land, but for want of tracts, irrigation potential could not be augmented. These projects are being developed only at the initiative of the progressive agriculturists of these areas Government efforts is nothing as compared to Tungabadra project, which is an adopted son of the Government.

The tenure of the present Governor of the State would be over shortly. I would humbly suggest to the Home Minister that in appointing a Governor, they should not select an I. C. S. or I. A. S. or I. P. S. official, but anyone with ability and integrity who would be able to run the Government serve the needs of common man and who would tone up the administration and bring them on sound footing and bring social justice. With these suggestions, I support the motion.

श्री आर० बी० बड़े (खरगोन) : सभापति महोदय, मैसूर में राष्ट्रपति के शासन को एक्स-टेन्ड करने का जो प्रस्ताव मंत्री महोदय ने रखा है उसके बारे में मुझे केवल दो तीन बातें कहनी हैं। मैं आशा करता हूँ और मुझे भरोसा है कि इसी प्रस्ताव पर पहले उन्होंने जो भाषण दिया था, उसको इन्होंने जरूर पढ़ा होगा। उसमें उन्होंने कहा था :

“As I have said, it will be possible to hold fresh elections in Mysore on the basis of the revised electoral rolls only after October this year”.

अक्टूबर में इलेक्टोरल रोल तैयार हो जाएंगे, ऐसा उन्होंने कहा था और तब इलेक्शन करवा दिये जायेंगे। अक्टूबर में ये रोल तैयार हुए या नहीं हुए, इसके बारे में अपनी स्पीच में उन्होंने स्पष्ट कुछ नहीं कहा। अगर नहीं तैयार हुए तो क्यों नहीं हुए, इसका कारण भी मैं उनसे जानना चाहता हूँ। उस वक्त मैंने यह भी कहा था :

“Let democracy have a long holiday

and the good administrator a long working day.”

डेमोक्रेसी को लांग हालिडे देकर यह देखना चाहिए कि एडमिनिरट्रेशन अच्छी तरह से चले। लेकिन जो वहाँ पर गवर्नर हैं उनके बारे में आप ने भी शिकायतें सुनी होंगी। काफी शिकायतें की गई हैं। यह शिकायत की गई है कि काश्तकारों से जबर्दस्ती बकाया की वसूली हो रही है। मैसूर की जो समस्याएँ हैं वे भी आपके सामने हैं और उनका विस्तार से वर्णन मैसूर के एम० पीज ने किया है। वे भी हल नहीं हुई हैं।

एक दो और वहाँ विवाद है जिनके बारे में आपने यह कहा था कि जल्दी उनका इमीकेवल सैटलमेंट हो जायेगा। महाराष्ट्र मैसूर विवाद है। महाजन कमिशन की रिपोर्ट आई उस विवाद को लेकर। उसके साथ साथ कावेरी जल विवाद है। इन विवादों को भी लटकाये रखा गया है। पिछली बार भी जब मैंने इन विवादों का जिक्र किया था तब आपने कहा था कि इनका एमीकेवल सैटलमेंट हो जाएगा। वहाँ जनता को तथा उसके प्रतिनिधियों को बुला कर गवर्नर पूछेंगे और इन विवादों को हल करने की कोशिश करेंगे। मैं जानना चाहता हूँ कि इन विवादों के बारे में वहाँ के गवर्नर ने क्या अभी तक कुछ किया है? आपने एक कंसलटेटिव कमेटी बनाई है। उसमें हमारे दल के श्री जगन्नाथ राव जोशी हैं। मैं जानना चाहता हूँ कि क्या उस कमेटी की कोई मीटिंग बुलाई गई है? अगर नहीं बुलाई गई तो क्यों नहीं बुलाई गई? अगर नहीं बुलाई गई तो वह कमेटी बनाई ही क्यों गई थी? उसका फायदा ही क्या?

मैसूर में मैं गया था। वहाँ मुझे गवर्नर के बारे में दोनों प्रकार की रिपोर्टें सुनने को मिलीं। एक कह रहे थे कि भ्रष्टाचार कम हो रहा है। दूसरे कह रहे थे कि वहाँ जनता बड़ी दुखी है। जनता के ऊपर ज़ड़ी ज्यादाती हो रही है। लोगों का यह भी कहना था कि हमारे जो प्रावलैम्ज

[श्री आर० वी० बड़े]

हैं वे हल नहीं हुए हैं और भ्रष्टाचार बढ़ता जा रहा है। अफसरों के ऊपर गवर्नर का कोई कंट्रोल नहीं है। यह शिकायत भी वहां सुनने को मिली। गवर्नर के राज्य को कितना और एक्स-टेंड करना है यह सवाल हमारे सामने है। लेकिन मैं जानना चाहता हूं कि महाराष्ट्र-मसूर विवाद और कावेरी के जल को लेकर जो विवाद हैं, उन विवादों को आप कब तक हल कर लेंगे। गवर्नर राज होने के बाद भी अगर इनको हल नहीं किया जाता है तो कब हल करेंगे? एक कमीशन नियुक्त हुआ। अब क्या दूसरा कमीशन आप नियुक्त करना चाहते हैं? गवर्नर इन विवादों को हल करने के लिए कौन से उपाय अगमाना चाहते हैं? उन्होंने कहा था कि वे लोगों को बुलायेंगे। मैं जानना चाहता हूँ कि क्या लोगों को बुलाया गया है? यदि उन्होंने कुछ नहीं किया तो ऐसे गवर्नर को रखने का क्या लाभ है? कावेरी जल विवाद एक विकट सवाल है। मैं मसूर में गया हूँ, तमिलनाडु भी गया हूँ। केरल भी उस विवाद में शामिल है। मसूर और तमिलनाडु वाले दोनों कहते हैं कि उनको इसका पानी नहीं मिलेगा। मैं चाहता हूँ कि यह विवाद भी हल हो।

आपने कहा था कि अक्टूबर में इलेक्टोरल रोल तैयार हो जाएंगे। क्या वे हो गये हैं, यदि नहीं हुए हैं तो कितने महीने में हो जाएंगे? छः महीने आप क्यों चाहते हैं? मैं समझता हूँ कि आप इसलिए छः महीने चाहते हैं कि छः महीने में आपकी इच्छा इनको तैयार करने की नहीं है। क्या यह सच है? जो दो विवाद हैं इनको आप कब तक हल करने वाले हैं? साथ ही कंसल्टेटिव कमेटी की मीटिंग क्यों नहीं अभी तक बुलाई गई है? इनको छः महीने का समय नहीं दिया जाना चाहिये। एक दो महीने का दे दिया जाए और फरवरी में बाकी स्टेट्स के साथ यहां भी इलेक्शन हो जाने चाहियें, यह मेरा गुभाव है।

SHRI N. SHIVAPPA (Hassan) : Sir, I appeal to you to provide me at least 10 minutes because this is an interesting subject.

MR. CHAIRMAN : You begin first, and then let us see.

SHRI N. SHIVAPPA : Sir, while supporting the motion moved by the hon. Minister in the interests of smooth administration and in order to strengthen the hand of the Central Government in the particular and peculiar circumstances where the Central Government is confronted with, in not conducting the election for reasons best known to the administrative machinery of our Government, I want to bring certain interesting points in the interests of the people at large in our country.

The first and foremost thing is that my friend Shri Dasaratha Deb has made certain comments and criticisms which are most unwarranted in the context of the extension of the President's rule in the State of Mysore. I do not know how my friend has taken this opportunity to make a coverage of all the presidential issues where this Governor or that Governor might have played this game and made this mistake or that mistake. We are not concerned with any individual case, but so far as the President's rule in Mysore State is concerned, he must remember this. There was a landslide victory which has been gained by our party. Out of the 27 seats contested, all the 27 seats were won by us and so we are here in Parliament to implement our policies and programmes. We can assure our hon. friend that our policy and programme is going to be implemented. Let there be no botheration about it, and our people have implicit belief in these policies and programmes and we are working for the implementation of them. Even if our Governor and other systems of bureaucracy either in the State of Mysore or elsewhere, are going to be an obstacle, we are going to throw a challenge to them and then the administrative machinery will be set right in a day or two. It is only a question of time. We have got able leaders and an able machinery and with the ablest Cabinet we are confident that our policies will be implemented. Our party is strong and we have got firm conviction that we will defi-

nately implement those policies even to the satisfaction of our friends who raise a hue and cry here and elsewhere.

There has been no failure of our party or of our Members. We have come out successful, in all the 27 seats, to Parliament and we are very effectively functioning in the State of Mysore on behalf of the people, and we are voicing the grievances of the people both before the Governor and the Officers. There is no botheration on that score and we can assure the hon. Members about it, in this context.

But, at the same time, we are not going to forgive any person, whether an official or any other, who is going to cause any hindrance to the progress of our policies and programmes and in their implementation. Therefore, I would like to make some suggestions here, in this Parliament, which is the proper forum, the constructive forum.

We have to do certain things. When we are having a bureaucratic system, and now, when President's rule is there in Mysore State, and if there are obstacles in the way, the only way to remedy them is to make constructive suggestions and not to make any unhealthy criticisms.

I was expecting particularly from our Opposition friends some valuable and constructive suggestions on how Mysore could be benefitted during this period. Unfortunately no such suggestions have come. The DMK friends spoke about the subject matter which is before the Supreme Court and another friend referred to the Mahajan issue. In other words they referred to Kannada land and Kannada water.

The Congress (O) leader Mr. Veerendra Patil who was the Chief Minister then had himself voluntarily resigned and that led to the imposition of the President's rule in Mysore. It is not at the instance of the Central Government or the Indian National Congress Party, I make bold to say. We are prepared to go to the elections any time. No body need have any apprehension that the Central Government or the Congress Party is delaying the election. I along with the other 27 members from Mysore can say that we shall sweep the entire Assembly seats in Mysore. One or two stray seats may be won either by money or by foul practice, not on the basis of policies or programmes. Mysore State set the ball in motion for the whole country

in the matter of policies and programmes and stood behind the hon. Prime Minister, Indiraji. It will do so again. We are not Naxalites ; we are moderate people... (Interruptions.)

Having said that I want to make some suggestions. It is unfortunate that there is a machinery which was trained by the (O) Congress people in the irrigation matters. When the Central Government was interested in clearing non-scheduled projects, when the hon. Minister Dr. K. L. Rao declared categorically on the floor of this House during the debate on my motion on irrigation in the last Lok Sabha that the non-scheduled rivers would be cleared, the irrigation Secretary in Mysore who formed part of the beauracratc system never cared to forward such projects for clearance. Such a thing cannot be tolerated. We are going to fight for the cause of the people. This is a warning for such people.

श्री हुकम चन्द कछवाय : सभापति महोदय, मैं आप की व्यवस्था चाहता हूँ। गणपूर्ति नहीं है।

MR. CHAIRMAN : Let the Bell be rung. Now there is quorum.

SHRI N. SHIVAPPA : I was referring to nationalisation. This is an all-India policy that the banks should go to the aid of the oppressed, and suppressed, that their economic standards should be raised and living conditions improved. But in Mysore it is only helping purely speculative trading and hoarding by the business and industrial sections. The money from the nationalised banks does not at all go to the needy and deserving sections of the people. This has happened because of the bureaucratic system which was very well trained during the days of Virendra Patil and Nijalingappa who were only singing the slogans of socialism but misusing the bureaucratic system of the Government for furthering capitalism. This our Governor could not stop and this is a failure on his part, but the removal of the Governor or the abolition of the institution of the Governor is different from extending the period of President's rule which is the limited question for consideration of the House now.

So far as the effective implementation

[Shri N. Shivappa]

of programmes is concerned, we can appreciate it if something is done for the common people. Here I have to congratulate the Home Minister on the fact that in Mysore hoarders of essential commodities were swept away in one day and hundreds and thousands of them were brought to book. We want such officers. Real incentive should be given to them.

I want to say a word about student unrest in my State. Many of my communist friends spoke very vehemently yesterday about it to which the youngest parliamentarian and All India Youth Congress leader effectively replied and threw many challenges which could not be rebutted at all. We are proud of having such youths in this country. Education is a State subject. The College students in Mysore want that there should not be fees taken for three continuous and consecutive years which is a harassment of the student population, and that it should be reduced to only one year at the time of the public examination. Since their reasonable demand has not been acceded to, there is unrest among the students. But Virendra Patil says that these disturbances have been created by Congress (R). It is not so. He was the man who was singing Kannada Rajyotsava slogans, but he has forgotten that he is an Indian, he has forgotten the national outlook. He was only talking about *nila* and *jala* and taking it to the Supreme Court. We will take it, we will get it done.

Similarly, in the industrial sector, there is laziness on the part of the officers in Mysore. No paper will move from one table to another unless an MP or MLA sits there for three months. There is a gang of officers who have to be properly dealt with. I am not prejudiced against any officer. We only want that the officers should work for the common good of the people and implement the programmes. We suggested the formation of a Cauvery Water Board. If the State Government or the Centre do not give the money, there are so many agencies like the World Bank to give the money and the Board can be formed. They do not come and consult us. Why should they go and make statements to the press? They could have discussed it in the Consultative Committee and consulted the MP's. On all these vital issues, there must be consultation. We do not want to

be consulted for our personal benefit but only for the common good of the people, under the ambit of constitutional provisions. Therefore, we appeal to the Government that the problems of Mysore, whether it is the question of irrigation projects, industrial projects or any other matter, which are going to be brought to their notice should be properly dealt with till a popular Government is established there.

SHRI B. V. NAIK (Kanara): Sir, President's rule has been in existence in Mysore for six months and we have no objection to its being continued for six more months. In between, if there comes into existence an elected body, that body can take care of the governance of Mysore.

Two points have been vividly brought out in the course of this debate. The first is the point made by Mr. Dasaratha Deb, who was kind enough to enlighten us immensely about the existence of President's rule in Tripura, while the debate was about the continuation of President's rule in Mysore. The second is the frequent interruptions made by our friends, Mr. Kachwai, which showed whether this Parliament or this Government has the real will to administer adequately territories and States under President's rule. Otherwise, this tremendous amount of disinterest the House has displayed in this debate about Mysore would not have been much in evidence. For that, as suggested by Mr. Shivappa, if the machinery is at fault, namely the President's rule through the Governor, the solution for the break-down of the democratic apparatus in any State, big, small or medium, will have to be found in the amendment of the Constitution, if necessary.

A solution has to be found, if necessary, by changing all this apparatus of an appointed Governor. As long as we are going to expect in this country from time to time a break-down of the State apparatus or democratic apparatus, it is time for us, for this House to consider once again, at this particular juncture, whether the effectiveness of an appointed Governor will have to be given an evaluation at the end of 24 years of our independence and 20 years of our Constitution, so that wherever necessary and wherever there is break-down of the constitutional machinery in a State it would be possible for us to resort to having an

elected representative of the people to run and manage the affairs of that particular State which is democratically in distress.

I now come down from the general to the more specific. What is it that we, the Members of Parliament, expected particularly in regard to the State of Mysore? Although we are more concerned about the whole country, to a limited extent we are concerned with our own State. At the present juncture when we go to our constituency and meet the people we are receiving brickbats because of the 'maladministration in the State of Mysore. These brickbats are received, not by the high-ups or the officials but the elected representatives. As a result of my contact with the masses in the State of Mysore during the inter-session period, I have had the impact of the venom on account of the dissatisfaction of the people with President's Rule or the Governor's administration.

What is it that the people expected in the imposition of President's Rule or Governor's Rule. First and foremost, the people expected that corruption would be rooted out during the interim period, particularly when there was no scope for interference by the elected representatives, not even elected representatives at the State level, because of President's Rule in the State of Mysore. But still we have reason to doubt that corruption has not only not been stamped out but, on the other hand, it has been on the increase, particularly in some of the departments like police specially in regard to traffic.

Secondly, we had expected that during this period of President's Rule the Governor would be able to probe into some of the specific areas of corruption, nepotism, graft and misrule in the past. But in spite of repeated requests both oral and written, it is my personal experience that he has been maintaining the *status quo*, in regard to general policies and he has been persistently refusing to open up those cases where there have been persistent rumours as well as strong allegations of misrule in the past.

When the administration of Mysore is responsible to the Centre, which is responsible to a party, which in its turn is responsible for carrying out and implementing certain policies and programmes, it is a matter

of regret that nothing has been done in this direction.

MR. CHAIRMAN : He should conclude now.

SHRI B. V. NAIK : I will take only one more minute.

Coming to North Kanara, we are at the butt end. "Besides maintaining the eucalyptus plantations raised already to the extent of 2,12,000 acres with potential of 20 lakhs tonnes of raw material available for paper and pulp industries by the State Government, the Corporation will take up 2 lakhs acres for plantation over a period of next ten years, thus ensuring supply of another about 40 lakhs tonnes of raw material for various industries." A large portion of this plantation is going to be in the district of North Kanara. It has been proved that eucalyptus plant has been responsible for making the earth dry. Our wells are getting dry and our rivers are running dry. Yet, for the purpose of fastening certain vested interests in the form of paper industry, in this district as well as elsewhere the entire Forest Department and the governmental machinery has been geared up for the purpose of growing more eucalyptus plantations.

In sum, while I do appreciate certain difficulties, I also feel that somehow or the other the State of Mysore, fortunately or unfortunately I say, more fortunately - does not seem to attract the same attention of the Ministry of Home Affairs at the Centre as, for example, the more turbulent State of Bengal does, and has remained its blind spot for the good reason that we are more peaceful. However, I request that in regard to some of the fundamentals regarding the governance of a State during President's rule there is a definite need of re-evaluation whether the machinery is functioning properly or not, whenever the democratic apparatus has failed. Under these circumstances, while supporting this resolution, I would like to draw the kind attention of the hon. Minister of State for Home Affairs once again to the dire need for further attention in the State of Mysore.

*SHRI S. A. MURUGANANTHAM (Tirunelveli) : Mr. Chairman, Sir, the question of extending the period of President's

*The original speech was delivered in Tamil.

[Shri S. A. Muruganatham]

rule in Mysore by another six months is before the House now. At the outset, Sir, on behalf of my party, the Communist Party of India, I strongly oppose this Motion. I would urge that this practice of extending the President's rule in a State must be given up. The people of Mysore State were hoping that the President's rule would come to an end in November and therefore the present Motion seeking the approval of the House for extending the President's rule in Mysore State for a further period of six months is not acceptable to us.

Mr. Chairman, Sir, when the Government headed by Shri Virendra Patil was in Mysore, they had a scheme for distributing surplus cultivable waste land of about 11,00,000 acres to the landless in the State. For this purpose Taluka level committees comprising of the local M.L.A's., M.L.C's., Chairman of Taluk Boards, officials and other representatives of the people were constituted. Shri Dharma Vira, the Governor of Mysore, on the plea of activating the work of surplus waste land distribution to the landless, disbanded these Taluka level Committees and assured that Deputy Commissioner and Taluk level Officers would be appointed to attend to this work. While 10,000 acres of surplus land was distributed till April, 1971, not a single piece of land has so far been distributed during the regime of Shri Dharma Vira. He is all the while claiming that he is expediting the work of distributing surplus waste land to the landless, but nothing tangible has so far come out. Shri Dharma Vira declared that by 30th December, 1971 all the surplus waste land in the State would be distributed to the landless poor. But the steps to which he has taken recourse have proved futile. Therefore, I would suggest that the Taluka level Committee comprising of the representatives of the people and the local officials should be revived at once, to distribute waste land amongst Scheduled Castes and Scheduled Tribes.

In the note circulated to the Members, there is a reference to a scheme for advancing financial assistance to the co-operative societies formed by Scheduled Tribes and Scheduled Castes for the purpose of starting coffee plantations. It is also stated that the loan money would be recovered after five years. I need not stress the point that

the tribals and Scheduled Castes have neither land nor money of their own to embark upon any such venture. I would urge that land should be given free to these people and in addition, liberal financial assistance should be extended to them. The prescribed procedure for recovering the loan should be extended from five years to 20 years. The loan should be recovered not after 5 years, but after 20 years. Then only they will be able to derive any benefit from the operation of this scheme.

The Karnataka Trade Union Congress has been agitating for long for the fulfilment of their 13 demands. The Mysore Government's note shows that a sum of Rs. 1,34,69,000 was allocated for the E.S.I. schemes. This amount has not been spent for the purpose for which the provision was made, but surrendered. The workers in Bangalore, Mysore and Bhadravati have been demanding for a long time now that E.S.I. hospitals should be set up in these areas. This legitimate demand has so far not been acceded to. I would earnestly appeal that E.S.I. hospitals should be constructed in these places forthwith. I would also suggest that a suitable legislation providing compulsory gratuity to workers; as is obtaining in Kerala and West Bengal, should be enacted during the period of President's rule in Mysore. The workers have been demanding for quite a long time that such a compulsory gratuity scheme should be introduced in the State of Mysore. I would urge upon the Government to take necessary steps to implement this long standing demand of workers.

In Mysore, recently the public transport charges have been raised considerably. The Home Secretary of the Mysore Government convened a meeting of the various leaders of political parties, in which all the leaders unanimously objected strongly to the steep rise in bus fares. When they were confronted with the question of a loss of Rs. 1.25 crores, which necessitated the increase in bus fares, they said that this loss was due to inefficiency, malpractices and corruption in the Department. On 11-8-1971 in an all-party meeting, it was decided that the increase in bus fares should be opposed. As compared to other States, the rates are very high in Mysore and therefore I am strongly of the view that they should be reduced.

Sir, according to the note, as on 30th September, 1971 the number of unemployed on the rolls of Employment Exchanges was 2,70,360. It is axiomatic that if you want to solve unemployment of this magnitude, industries should be set up creating employment opportunities.

Though there are schemes formulated for this purpose, it is regrettable that they are all on paper only and not implemented vigorously.

In Mysore State, 275 villages have been afflicted by severe famine and drought conditions. To ameliorate the sufferings of the people of this area, continuous relief measures should be undertaken and fair price shops in large numbers should be opened. The recovery of cooperative and other loans from the peasants should be suspended for the time being. This alone will help the people in distress. It is also necessary that such steps should be taken immediately. The people of this area have also been demanding the implementation of certain minor schemes. The Central Government should extend direct financial assistance for implementing these minor irrigation schemes.

The Mysore Language Committee has recommended the name of Karnataka and Karnataka language for Mysore. I request the Government that this recommendation should be accepted and implemented.

The Bangalore University and the 48 affiliated colleges have remained closed for six weeks now, which is regrettable. Students had levelled about 22 charges against the Vice-Chancellor and Registrar. It speaks volume of the Governor's rule that it took six weeks to resolve the problem. Now, belatedly the Government has come up with the proposal of Rajamannar Committee.

Shri Dharma Vira's regime in Mysore is a classic example of the type of administration that a State has under the President's rule. That is why we are opposed to the continuance of President's rule in Mysore.

SHRI S. B. PATIL (Bangalkot): I would like to support the resolution moved by the hon. Minister of State for Home Affairs with regard to extending President's rule in Mysore.

I am very sorry that so far Mysore Members of Parliament have not been taken into confidence either by the head of the

State of Mysore or by the Government of India. Why I make this observation is that because during the last six months, many things have happened in Mysore. I do not want to go into controversies whether Governor's rule is good or bad or into the political affairs of Congress (O) or Congress (R). But, for the last six months, in the administration of the Governor I have observed the following.

I will confine my speech only to some points.

The first point is that most of the bus routes in Mysore have been nationalised for the last 15 to 20 years, but, now in the nationalised highways and district roads and the taluka roads, hundreds and thousands of buses and mini-buses have been licensed and are permitted to run. I do not know why this policy has been adopted by the Governor or by the Chief Secretary or by the Government of Mysore.

Secondly, lakhs of rupees have been spent on private roads. For example, a private road to the Godavari Sugar Mills in the Bijapur District costing more than Rs. 2 lakhs has been laid by the Government of Mysore.

I was told by my responsible friends from Bangalore about 4-5 days back that one private road has been constructed by the Mysore Government to a private coffee estate

In Mysore, now the Government offices observe five-day week. For this the Government of Mysore has given some reason in their booklet on 'The Working of the Departments of Government of Mysore' for the period March 27, 71 to October 31, 1971. The reason is :

"With a view to relieving the pressures on transport services during peak hours, the question of staggering the office-hours was considered by the Government."

Nowhere in the country, nowhere in any State we have this five-day week. Only in some foreign countries they have got the five-day week. I do not know why this has been adopted by the Government of Mysore.

Then crores of rupees have been spent on scarcity works in drought-affected areas like construction of rural roads, etc. But I have also seen a number of scarcity works in the drought-affected areas in these scarcity works. The authorities are giving this piece

[Shri S. B. Patil]

work to contractors and sub-contractors. The labourers are not getting adequate wages, either the boys or the ladies or the men.

Then one word about the Gokak Cotton Mills in the Belgaum district.

The lease period has already expired. But I am told by some reliable people that the Government of Mysore are going to sell every leasehold area to the British company of Gokak Cotton Mills. I would request the Home Minister that at least this issue should be discussed in the consultative committee on Mysore legislation in the near future.

There are big irrigation projects going on in the Mysore State, such as the Upper Krishna project, the Chataprabha project and the Malaprabha project. But, so far, no rehabilitation work has been carried out. In the rehabilitation committees or development committees, no non-official representative is there. Neither the MPs nor the MLAs are there on those committees. I would request the hon. Minister to kindly consider this matter so as to give representation to the MPs or MLAs on these committees.

The Government of Mysore have approached the Planning Commission to increase the outlay on the State's fourth Plan from Rs. 360 crores to Rs. 375 crores. I would request the hon. Minister to consider the proposal of the Mysore Government favourably and increase the outlay to Rs. 350 crores.

SHRI C. K. JAFFER SHARIEF (Kanakapura) : While supporting the resolution moved by the hon. Minister, I would like to submit that, of course, the extension of the period of the President's rule is inevitable. I would also like to support this, in view of the notification already issued by the Election Commission that elections to the Mysore Assembly are going to be held very soon, and we are going to have our own Government in the State.

I would like to bring to the notice of the hon. Minister that everything is not all right with the administration of Mysore. The officers have gone too bad. I would say that there are many mini-Gangulis in the Mysore administration, and no one need be surprised at that. This is so because

of the long association of these officers with Mr. Veerendra Patil and Shri Nijalingappa for a period of about twelve years. Unfortunately, the Governor of Mysore, Shri Dharam Vira could not set right the administration to the expectation of the people of Mysore or the elected representatives of the people such as the Members of Parliament from Mysore. You would be surprised to learn that even today, the officers of the PWD still accompany Shri Veerendra Patil wherever he goes on tour. He is the president of the other faction of the party...

SHRI P. K. DEO : Let him not be petty-minded.

SHRI C. K. JAFFER SHARIEF : Engineers are still accompanying him and they have been helping him in raising funds for his party.

We have brought this matter to the notice of the Governor, but, unfortunately he has not so far been able to set right these officers. I would request the hon Home Minister that he should advise the Governor not to rely too much on these officers but to set them right. Unfortunately, we have to face these officers for another one or two months. But I am proud to say that the people of Mysore have got faith in the leadership of Shrimati Indira Gandhi and her policies and programmes, and we are sure that we shall be able to have our own Government there. So, it does not matter if the officers come in our way or the Governor comes in way, because we are going to have our own Government, and if the Governor is not able to set right the things there, when we take up the reins of administration of the State, we shall set things right.

17.00 hrs.

However, I do not want the common man to suffer at the hands of these bureaucratic officers. I want the Home Minister to advise the Governor to set these things right.

As for communication and irrigation works, they have been very badly neglected particularly in the Bangalore rural districts and Kanakapura parliamentary constituency which I represent. I have made several

representations to the Governor but to no effect. However, I am happy that people have not lost hope; they feel assured that things will improve in future when we will have our own government. But I request the Minister not to overlook Mysore. As Shri Nayak pointed out, the people of Mysore are peace-loving. They do not make much noise like our friends from West Bengal. But that should not be construed as weakness and their problems ignored and the people left to the mercy of the bureaucratic officers.

Once again, I request the hon. Minister to advise the Governor to set right the maladies in the administration so that the people get the remedies they are seeking for at the earliest.

SHRI S. M. SIDDAYYA (Chamarajanager): While supporting the motion moved by Shri Pant, I would like to make a few observations.

First, I regret that no meeting of the Consultative Committee on Mysore has so far been held in the course of these six months. Also most of the suggestions made by M.Ps from the State during the last discussion on this very subject have not been looked into by the Minister. According to me, the Governor is there just to administer; he cannot make policy changes. There should be a convention that whenever there is President's rule in any State, at least the M.Ps and the Legislative Council members from the State should be consulted with regard to policy matters. I do not want them to interfere in day to day administration. But this will be a healthy convention and I would like the Minister to examine it.

No one who spoke has referred to certain aspects, particularly relating to the Scheduled Castes and Scheduled Tribes. I will confine myself to this only. Since a very long time, there was a roster of vacancies maintained for Scheduled Castes and Scheduled Tribes. The Governor has dispensed with this during his regime and the reason given is the Supreme Court judgment in *Devdas vs. Union of India*. As a matter of fact, that judgment referred only to one aspect of the question, that is that when making reservation, the percentage should not exceed 50. This has nothing to do with that. On account of this, I think the Scheduled Caste candidates

are going to suffer very much. This should be immediately looked into and remedied.

Secondly, so many committees have been constituted and reconstituted during the regime of the President's rule in the State. There was a convention that ordinarily a member of the Scheduled Castes and Scheduled Tribes should be put in every committee. But now what has happened is that instead of continuing the same old convention, under the Governor's rule, even in some committees in which there were Scheduled Caste members, they have been removed and others have been put in. I will give one example.

MR. CHAIRMAN: The hon. Member's time is over.

SHRI S. M. SIDDAYYA: I shall finish in a few minutes. In the Mysore Housing Board, there was a member of the Scheduled Castes. That member has been dropped and somebody else has been taken in. This Governor has appointed so many committees, but no Scheduled Caste member has been appointed as Chairman of any Committee. That is an important thing to be taken note of.

MR. CHAIRMAN: There are so many speakers waiting to speak. There is very little time.

SHRI S. M. SIDDAYYA: Within two minutes, I shall finish. Mysore is the first State in India which produced a Scheduled Caste member who became a High Court Judge. There is now a chance of another Scheduled Caste member becoming a High Court Judge in Mysore. You know from among the District Judges, some are appointed, promoted, to the post of High Court Judge. At present, the senior most District Judge in the State belongs to Scheduled Castes. His service records are so nice and best, and in the ordinary course, he has to be promoted, but we hear that because he belongs to the Scheduled Castes, attempts are being made to by-pass him and somebody who is fourth in rank is going to be appointed. It is a very serious matter. I do not think that the people will tolerate this kind of injustice at the hands of the Government particularly.

MR. CHAIRMAN: You refer it to the Government. Please conclude.

SHRI S. M. SIDDAYYA : Lastly, with regard to lawlessness which is growing in Mysore State, I wish to say a few words. I am not going to give my own information in the matter. I will only refer to page 122 of the report which has been given to us. At page 122, they have given a comparative study about the crime position, from 15-3-1970 to 30-9-1970—during the last year—and from 15-3-1971 to 30-9-1971. For example, in the case of murders for gain, the number has increased from 14 to 15; murders for other motives have increased from 345 to 409; dacoity, from 43 to 49; robbery, from 72 to 75. This is what is going on, and the total will be... *(Interruptions).*

MR. CHAIRMAN : What has it got to do with this subject here?

SHRI S. M. SIDDAYYA : During President's rule, in the Governor's regime, lawlessness and other crimes have increased, and the Home Minister should look into the matter. It is a very important thing. If it is not relevant, I do not think any other thing here will be relevant in this discussion. I am sorry for your interference.

SHRI D. B. CHANDRA GOWDA (Chikamagalur) : Sir, I rise to support the motion that has been placed before the House by the Home Minister, and in doing so, I have to bring certain aspects of the Mysore State which, I stress, should not continue hereafter. The Governor of Mysore being an ICS officer, has no faith in the democratic system. Everything is done according to his own whims and fancies. I can say that he has almost become a democratic dictator in the sense that, while with a Cabinet, even a popular government with a Chief Minister, has to conduct itself on the advice of the Cabinet as a whole, in the Mysore State, unfortunately, not even an advisory committee is there and even advisory members are there. Therefore, the Governor has become almost a democratic dictator. Many officers in the State, encouraged by the attitude of the Governor, have become highly inefficient and corrupt. Mr. Naik has rightly said that the Governor could not have removed corruption. I would add that the Governor has almost encourages corruption in the Mysore State. The net result of these two things is that this vicious circle is being

created among the richer sections of society in collusion with the bureaucratic set-up of the administration. This circle is almost coming in the way of the common people, peasants and the lower sections of the society.

To quote certain examples, we have been making repeated representations right from April 19, that the Malnad people have a privilege called MRP, the Malnad Ryots Privileges, which gives them permission to take out some fuel and wood material for their use. But the Governor and the Secretary had never cared to take steps to issue the permission in this matter.

Secondly, so far as Darkast applications and coffee plantations are concerned, they have fixed Rs. 800.00 per acre as land value. We made repeated representations even to the Governor himself personally on this particular aspect that only the richer sections of the society can apply for such land paying Rs. 800.00, but not the poorer sections of the society. They have not heeded to our request.

Sandalwood is a cheap product of Mysore forest and that is being smuggled out at large rate. I am given to understand when I went to my Consitutory that sandalwood worth about 2 crores had already been removed from the forest and had been taken away.

The Bhadravati iron works has been incurring losses and the Government had done nothing to set it right. The Governor has failed, to approach the Central Government and make out a proper case for Central aid to drought affected areas and places affected by sea erosion in the coast of Mysore.

I have said on the floor of the House while I speak on the Mysore Budget that Malnad has a separate entity with that of Wynad areas and therefore I suggest once again that the Malnad Board should be constituted for the uplifts of the people living in those areas.

I conclude by supporting the motion.

SHRI K. K. SHETTY (Mangalore) : I am surprised that a simple and a formal motion to continue the President's rule for another 6 months should produce so much heat and provoke so much of discussion. The Governor's rule was there for six months and at best he will continue for

another three months or so. Within this short period the Governor cannot work miracles. The trouble is that people with class outlook and old ICS people are appointed as Governors and they move among certain sections of the society.

श्री हुकम चन्द कछवाय : सभापति महोदय, गरापूति नहीं है ।

MR. CHAIRMAN : Let the Bell be rung.

There is quorum now. How can continue.

SHRI K. K. SHETTY : At the beginning he was considered to be an efficient administrator and he began well, but the atmosphere of Bangalore is such that any man, leave alone the Governor, can be supplied by the surroundings. I do not hold any brief for the Governor, I have my own differences with him. But to say that he has done everything wrong is not correct. I do not approve of it. Having known him personally for some time, I can say that he has done some good. He is enthusiastic in carrying out his administration efficiently, within his own limitations of class outlook.

I would like to bring to the notice of the Government two important matters. One is land reforms. The Land Reforms Act is condemned by every section of the people, both by the landlords and tenants, and is found unworkable. I am told that a Bill was prepared by the Mysore Government and sent here. I request the Central Government to take immediate steps to change that Act and bring a new Bill so that the tenants who are suffering badly and being evicted even today, may have some relief. When I toured my own constituency in South Kanara, hundreds of cases were brought to my notice of forcible evictions benami arrangements and so on.

Another important factor which I want to bring to the notice of Government is the distribution of land to the poor landless people.

श्री हुकम चन्द कछवाय : सभापति महोदय, गरापूति नहीं है ।

MR. CHAIRMAN : The bell is being rung.

There is quorum now. He may continue.

SHRI K. K. SHETTY : In my district, I have got information from the Deputy Commissioner that he has got so far 24,000 applications for assignment of land from two taluks, but so far only 240 people were able to get land. In South Kanara and Coorg, there may be over 50,000 landless people who had applied for a piece of land of 10, 20 or 30 cents, since the last 10 or 12 years. Our efforts to have a special staff to assign the lands to them have not had the desired effect. As soon as I requested the Governor, he appointed a special Assistant Commissioners and revenue inspectors for the special job of assignment of lands within six months, but they were not able to crop with the problem ; They could not even touch the fringe of it. Therefore, two things are now urgently necessary. The Land Reforms Act should be properly drafted and brought before the consultative committee as early as possible and enacted. Secondly, immediate steps should be taken to assign lands to the landless people. When rich coffee Planters apply for even 100, 200 or 300 acres, they get it within three months, but the poor landless people and Harijans are not able to get any land for several years.

श्री हुकम चन्द कछवाय : सभापति महोदय मैं आप की व्यवस्था चाहता हूँ । सदन में गरापूति नहीं है ।

MR. CHAIRMAN : The bell may be rung. Now there is quorum. He may continue.

SHRI K. K. SHETTY : In some cases police are becoming instruments in evicting the tenants. I have brought it to the notice of the SP, IGP of Mysore. Everywhere in the villages, there is a tendency on the part of landlords to evict the tenants. Therefore, I request the Government to issue instructions to see that at least the police do not become instrument in evicting the tenants or landless people who have occupied the land and made some improvements since 10 or 15 years.

Another regrettable thing is the tussle between the Mayor of the Bangalore Corporation and the Commissioner. It has

[Shri K. K. Shetty]

become scandalous, officers publicly indulging in issuing statements against the Mayor. The Mayor also is going to the press and giving a reply to that. The Governor was not able to settle this matter. I am sorry that such a state of affairs exists in a premier corporation. I would request the government to enquire into the matter why an officer like the Commissioner should be allowed to indulge in public statements and allegations instead of representing his case to the Governor and getting them redressed. Now it has become a public controversy and a scandal. This has to be stopped.

With these words, I thank you Sir for giving me an opportunity to speak and conclude my speech.

SHRI K. C. PANT : Mr. Chairman, Sir...

श्री हुकम चन्द कछवाय : सभापति महोदय, मैं आप की व्यवस्था चाहता हूँ। मंत्री महोदय के भाषण के लिये सदन में गम्भीरता के साथ ध्यान देना चाहिए।

SHRI K. C. PANT : Mr. Chairman, the Resolution before us has a very limited objective, and that is to extend President's Rule in the State of Mysore for another six months. I think that almost everyone who spoke accepted the need for this Resolution. There were a couple of discordant voices but, by and large, all the speakers accepted the need for the Resolution. But a number of speakers took the opportunity to refer various matters of interest to them and of interest in the development of Mysore. I welcome the suggestions that have been made. I fully understand and appreciate the anxiety of members, on this side of the House in particular, with regard to the implementation of our policies and programmes, the policies and programmes of our party. I can fully appreciate their anxiety and I propose to discuss with them in detail later on how the implementation of these policies and programmes can be speeded up, and where bottlenecks have been noticed by them, how best to overcome those bottlenecks.

श्री हुकम चन्द कछवाय : सभापति

महोदय, मेरे व्यवस्था के प्रश्न का क्या हुआ ?

सभापति महोदय : मैं गिनती करा रहा हूँ। अगर कम सदस्य हुए, तो मैं घंटी बजाने के लिए कहूँगा।

श्री हुकम चन्द कछवाय : क्या आप को मेरी गिनती पर विश्वास नहीं है ?

SHRI K. C. PANT : I can understand their desire to implement the land reforms. I can also understand their desire to implement the projects earlier.

Various matters relating to specific areas have been mentioned like Malanad, like the problem of communications and water supply by one hon Member in his constituency and other such matters. As I said, I hope that I shall have an opportunity to discuss these matters individually, because if I have to deal with all of them here, it would be difficult. I do not have the facts in some cases. Even in these cases where I have the facts, if I go on narrating them, it will take a long time. I do not think I should tax the patience of this House to that extent.

The limited point, as I said, was the extension of President's Rule by six months. One hon. Member raised the point why we were not having elections straightway. I think he is aware of the fact that the elections are to be held in various States and the Chief Election Commissioner has indicated that he would like to hold the elections in all these States simultaneously.

That is the reason why in Mysore also the elections will be held along with other States, as I said, in February, 1972.

My hon. friend, Shri Bade, raised the point why the electoral rolls have not been prepared when I said earlier that they would be prepared by October. I think, he did not listen to my statement carefully enough. What I said was :—

"The Election Commission has undertaken intensive revision of the electoral rolls which has been recently concluded in the State of Mysore"

Therefore what I said is entirely consistent with what I have said earlier,

SHRI R. V. BADE : You had said that within three months it was going to be concluded.

SHRI K. C. PANT : Therefore, I do not think you can have any cause for complaint.

Shri Bade and some other hon. freinds asked why extend it for six months ; why not extend it for four months when our intention or rather the Election Commissioner's intention is to hold the elections in the month of February. May I remind these hon. friends that under article 356(4) it can continue for a period of six months, neither more nor less. The wording is :—

“...if and so often as a resolution approving the continuance in force of such a Proclamation is passed by both Houses of Parliament, the Proclamation shall, unless revoked, continue in force for a further period of six months from the date of which under this clause it would otherwise have ceased to operate, but no such Proclamation shall in any case remain in force for more than three years :”.

Therefore, there is no provision for having it only for four months ; it has to be for six months.

Reference was made to the Cauvery dispute. I do not want to go into the details because, as one hon. friend said, it is before the Supreme Court. But the background is known to those hon. friends who are particularly interested in this dispute. They know that the Chief Ministers of the States concerned had held discussions and further discussions were proposed to be held, but President's rule was promulgated in Mysore State and in the absence of an elected government in that State it has not been found possible to bring about negotiations with States to a conclusive stage. Even an expression of opinion by the Governor which has appeared in the press—I do not know whether it is correct or not—has been objected to by Members from other States . . . (*Interruptions*). I think, it is very difficult—perhaps, it is not even proper—for the Governor to attempt to solve these inter-State problems. It is an elected government which can solve these problems and therefore, we shall have to wait for the elections before proceeding further with inter-State disputes.

Another point which was raised was with regard to the Consultative Committee. I want to assure the House that we were keen to hold the Consultative Committee meeting as frequently as possible. I know that Members have been very anxious. I am happy to inform them that a meeting has been fixed for the 7th December. So, we shall be able to take up many matters, which have not been able to take up in detail today, perhaps at the Consultative Committee meetings though it is open to us to take up those matters outside also.

Mr. Shivappa referred to the matter of banks. It is really very difficult for me to say anything about it. That is a matter which he will have to refer to the Finance Ministry.

SHRI R. V. BADE : Why for so many months the Consultative Committee was not called ?

SHRI K. C. PANT : I am calling it now. I hope it will satisfy you.

Mr. Siddayya raised a point about representation of Scheduled Castes and Scheduled Tribes Members in the Committees. I have made a note of that. He mentioned one particular Committee where a Scheduled Caste Member was replaced by a non-Scheduled Caste Member. He will have to give me instances and I shall certainly look into them. I do feel that it is a healthy convention to have Scheduled Castes and Scheduled Tribes Members in these Committees and this convention should not be broken.

Lastly, Mr. Naik said that the Home Ministry has a blind spot for Bangalore. It is very difficult to be blind to such a beautiful spot as Bangalore. I can assure him that we are not only conscious of the problems of Mysore, we are not only making whatever efforts we can to tackle those problems, but if Mr. Naik would like us to proceed fast with this cooperation, we would be willing to go as fast as our legs can carry us.

With these words and with an assurance that the Resolution will receive the support of all sections of the House, I conclude.

MR. CHAIRMAN : The question is :

“That this House approves the continuance in force of the Proclamation dated the 27th March, 1971, in respect of Mysore issued under article 356 of

[Mr. Chairman]

the Constitution by the President, for a further period of six months with effect from the 25th November, 1971."

The motion was adopted.

**STATUTORY RESOLUTION RE.
APPROVAL OF DECLARATION
OF WEST BENGAL FIRE
SERVICE TO BE AN
ESSENTIAL SERVICE**

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : I beg to move :—

"In pursuance of sub-section (2) of section 2 of the Essential Services Maintenance Act, 1968 (No. 59 of 1968), this House approves of the Notification of the Government of India in the Ministry of Home Affairs S. O. No. 3335 published in the Gazette of India Extraordinary dated the 8th September, 1971, declaring West Bengal Fire Service to be an essential service for the purpose of the said Act."

The efficient functioning of fire services in West Bengal was adversely affected in the beginning of September, 1971. Although the State Government had taken necessary steps to look into the grievances of a section of the Fire Service employees, it was found that certain employees went on strike. It was hence considered essential to issue the Notification under sub-clause (ix) of clause (a) of sub-section (1) of Section 2 of the Essential Services Maintenance Act, 1968. It has been tabled in the House on 15th of this month.

The situation on our borders and, particularly, in West Bengal continues to be grave and it is necessary that the fire services should not be affected by any strikes. This is necessary not only to prevent the danger due to normal fires but also due to any action of our hostile neighbours or their agents. We cannot at this stage afford the risk of a strike in these services. I would hence urge this House to accord its approval to the action of the Government and pass the Resolution.

MR. CHAIRMAN : Motion moved :

"In pursuance of sub-section (2) of section 2 of the Essential Services Maintenance Act, 1968 (No. 59 of 1968), this House approves of the Notification of the Government of India in the Ministry of Home Affairs S. O. No. 3335 published in the Gazette of India Extraordinary dated the 8th September, 1971 declaring West Bengal Fire Service to be an essential service for the purposes of the said Act."

SHRI DINEN BHATTACHARYYA (Serampore) : Mr. Chairman, Sir, I stand here to oppose this proposal which has been brought here in the form of a Notification inasmuch as this is nothing but a plea to suppress the long-standing right of the workers by declaring a strike in the fire services illegal.

In this connection, I must say that resort to a strike by workmen is not a fun. To go on a strike is the last resort when the workers and employees do not find any other way. When all the steps are exhausted, in that case only, they resort to a strike. And it is a constitutional right. But, here, by this Notification, this right has been taken away. Why this necessity? Only yesterday, intervening during the discussion on the Motion of Shri Jyotirmoy Bosu on law and order situation in West Bengal, Shri K. C. Pant said that the situation in West Bengal was improving. But only one day after, he is coming forward asking for a power to declare a strike in the Fire Services illegal. No strike will be allowed. While giving us the reason for this notification, he himself stated that there were some grievances of the workers.

श्री हुकम चन्द कछवाय (मुरेना) :
सभापति जी, मैं आप की व्यवस्था चाहता हूँ,
सदन में गणपूर्ति नहीं है।

MR. CHAIRMAN : The quorum bell is being rung.

Now there is quorum. The hon Member, Shri Dinan Bhattacharyya, may continue.

SHRI DINEN BHATTACHARYYA :
I was just mentioning in the reasons that have been adduced by Mr. Pant in support of this notification, he himself is admitting

that there was some grievances and due to that some section of the workmen of the Fire Brigade went on strike. So, my question is this : what were the grievances ? I know that one of the main demands of the firemen and one of their main grievances was introduction of eight-hour duty in the fire service. Eight hour duty is the most preliminary thing and that is not there in the fire service. I know that regarding payment of overtime wages also there is a dispute. Even there the fire brigade workers have serious complaints regarding their accommodation and regarding their training arrangements. All these grievances were put forward for long but they were not looked into and ultimately when there was no other means they had to go on strike. But, after all the strike was ended by negotiation. But for that strike only this notification is not necessary.

Then I will invite the attention of Mr. K. C. Pant to another aspect. The Minister is there. I want to draw his notice to another matter of very great importance for the Fire Services. What are their conditions? You kindly see to-day's paper. It is given in all the papers. In Darjeeling there was a serious fire in a thickly populated part called Bahun Basti where there was a fire for six hours. There you will find that for five hours in spite of the Fire Brigade people going there, because there was no water, they could not do anything.

श्री हुकम चन्द्र कछवाय : सभापति जी, मैं आप की व्यवस्था चाहता हूँ, सदन में गणपूर्ति नहीं है।

MR. CHAIRMAN : The bell is being rung.

Now there is quorum. The hon. Member may continue.

SHRI DINEN BHATTACHARYYA : I was referring to the condition prevailing so far as the fire brigade was concerned. A fire broke out and raged for six hours in Darjeeling and rendered about 1000 people homeless. Property worth over Rs 50 lakhs is said to have been destroyed in what is believed to be the biggest fire in Darjeeling. But what happened ? The fire brigade people say that there was no water in the hydrant till 7 a.m. and the hose could not be fitted in immediately. This agitated

the crowds and even the military had to be called there. This is the situation. So, by bringing this notification, Government would only be oppressing the workers and depriving the workers of their fundamental right to strike, but they cannot improve the fire brigade.

Now that West Bengal is under President's rule, I would request the Minister of State as well as the Home Minister to kindly go through the records. Only some time back the fire brigade people were agitating for eight hours' duty, and the police and the CRP entered their compound and their office and they killed one fire brigade man. This agitated the entire fire brigade people throughout West Bengal. If this is the situation, then what is the guarantee that because of this notification the fire brigade people will not be agitated and they will not resort to any action by which they could seek to draw Government's attention to any of their grievances ?

So, instead of bringing this sort of notification to deprive the workers of their elementary right to strike, Government should kindly look into the State of affairs that exists in the fire brigade in West Bengal, to illustrate which I had just given the instance of the Darjeeling fire.

In this connection, I would humbly request the hon. Home Minister to see that those whose houses have been burnt and those who have lost their property in Darjeeling get some compensation because this damage was done to more than 300 people as the fire fighting services could not work in time. They may be given immediate relief.

With these words, I oppose the Resolution.

SHRI K. C. PANT : I have just heard Shri Bhattacharyya with keen attention. I entirely agree with him that the right to strike is a basic right of the worker and I certainly do not question it. Far from it. We encourage that right in so far as it relates to genuine demands and grievances of the workers.

In this particular case, he has himself given us the instance of Darjeeling and the damage caused by fire there. That only points to the need for our fire fighting services to be functioning in case of danger at all times. This is one of those services directly related to public safety and it is a

[Shri K. C. Pant]

very essential public utility service. As such, I think he would agree that keeping in mind what has happened in Darjeeling in particular, who should not take any risks.

SHRI DINEN BHATTACHARYYA :
There was no water.

SHRI K. C. PANT : I know. We would not like any service to be paralysed when it is needed. It is not always needed, but when it is, if it is not there, there is havoc and loss of life and property. Therefore, the essential nature of this public utility service cannot be questioned.

As I said in my opening statement, apart from normal fires, there are extraordinary times and in the coming months, we should be particularly careful that the essential nature of the fire service is recognised and it included under the Essential Services (Maintenance) Act. This is the broad reason for which we have come before the House. At the same time, I do not want any one to feel that this is in any way an anti-labour measure. If tomorrow we have the assurance that conditions are created when there will be no strike in these services, I would be prepared to have this revoked. I will not take a rigid stand in this. At present, the West Bengal Government feel it is necessary. Therefore, we are having it. The day conditions are created in which we feel that it is not necessary, we will have it revoked.

SHRI DINEN BHATTACHARYYA :
What about the 8-hour day ?

SHRI K. C. PANT : He has mentioned some grievances. I shall have to refer them to the West Bengal Government. He mentioned the CRP. I am glad he did it because I can say that the CRP was nowhere in the scene.

SHRI DINEN BHATTACHARYYA :
What about immediate relief to the victims of the Darjeeling fire ?

MR. CHAIRMAN : The question is :

"In pursuance of sub-section (2) of section 2 of the Essential Services Maintenance Act, 1968 (No. 59 of 1968), this House approves of the Notification of the Government of India in the Ministry of Home Affairs S.O. No. 3335 published in the Gazette of India Extraordinary dated the 8th September, 1971, declaring West Bengal Fire Service to be an essential service for the purposes of the said Act."

The motion was adopted.

17.55 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Friday, November 19, 1971| Kartika 28, 1893 (Saka).

LOK SABHA

ORAL ANSWERS TO QUESTIONS

Increase in the Dearness Allowance of the Central Government Employees

Friday, November 19, 1971/Kartika 28,
1893 (Saka)

+
*121 SHRI AMAR NATH CHAWLA:
SHRI NIHAR LASKAR :
SHRI INDRAJIT GUPTA:

Will the Minister of FINANCE be
pleased to state :

The Lok Sabha met at Eleven of the Clock

[MR. SPEAKER in the Chair]

(a) whether the ten-point average of the
rise in the cost of living index has already
reached entitling the Central Government
employees for an increase in Dearness
Allowance;

(b) whether the Pay Commission had
recommended that after ten-point rise in
the cost of living index, the Dearness
Allowance of Government employees
should be increased; and

(c) if so, when it is proposed to
announce increase in the Dearness
Allowance of the Central Government
employees?

MEMBER SWORN

SHRI MOHANRAJ KALINGARAYAR
(Pollachi)

SHRI S. M. BANERJEE (Kanpur) :
He was a pilot in the Air Force.

MR. SPEAKER : Yes; very much. I
have already welcomed him very much in
my room. When Mr. Sezhiyan said that
he has won very handsomely, I said he is
himself very handsome.

SHRI S. M. BANERJEE : I hope it is
not an aspersion on other members. Every-
body thinks that he is handsome.

MR. SPEAKER : In his own eyes; not
the others', sometimes.

THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH) : (a) to (c). The 12-monthly
average of the All India Working
Class Consumer Price Index for September,
1971 stands at 228.16. While recommending
the grant of interim relief to Central
Government employees the Pay Commission
had in their interim report observed that
a review may be called for when the 12-
monthly average of the Consumer Price
Index reached 228. The question of review-
ing the position is receiving attention.

SHRI AMAR NATH CHAWLA : On what date did the Government become aware that the price index had reached 228, and when has it been referred to the Pay Commission?

SHRI K.R. GANESH : The 12-monthly average reached 228, and the Government became aware of it sometime in October and immediately after that, the matter has been referred.

SHRI AMAR NATH CHAWLA : By what date does the Government expect the Pay Commission to submit its report?

SHRI K. R. GANESH : That is a matter which is very difficult for the Government to anticipate. We only hope that the Pay Commission will give its earliest consideration.

SHRI S. M. BANERJEE : It has nothing to do with this.

MR. SPEAKER : You had already had this reply from him on an earlier occasion.

SHRI INDRAJIT GUPTA : I am really surprised at the hon. Minister's answer which says that the matter had been referred to the Pay Commission. With your permission, Sir,—I may refer you to the proceedings of the House on 15 June this year, when the same question was raised and the same Minister, Shri K.R. Ganesh replied to the question. He said then :

"There is no question of not giving an increase in DA when there is a ten point increase in the cost of living index. The only difference between the staff and the Government is this : the staff feels that it should be given at 10 points above 215, but the Government's contention which

has also been accepted by the Pay Commission is, it should be given at 10 points above 218, which would mean when the cost of living index goes up by 10 points from 218 to 228. This is the crux of the matter."

A little later, answering another supplementary, he says:

"The Government will be committed to an increase in dearness allowance when the 12-monthly average of the cost of living index goes to 228. The only difference between the Government and the employees is whether it should be at 225 or at 228."

I do not think that anything can be more categorical. In view of this very categorical and unambiguous assurance given to this House only in June last—even on a previous occasion when my friend Mr. V.C. Shukla was in that Ministry, he had also in this House stated very clearly—that there will be an automatic increase if the index goes up to 228, why are the Government now pursuing these delaying tactics by referring this again to the Pay Commission and why are they not honouring their commitment about the announcement of increase in dearness allowance which is due?

SHRI K. R. GANESH : There is no question of delaying it. As I indicated in my reply to the earlier question, as soon as the All India consumer price index reached 228, the Government had referred it to the Pay Commission.

SHRI INDRAJIT GUPTA : Why refer it to the Pay Commission?

SHRI K.R. GANESH : In their interim report the Third Pay Commission say that they had recommended the interim relief and that they do not propose a

change in the criteria for the grant of dearness allowance at this stage and if with all the efforts the Government is making the price situation remains intractable, then at 228 a review would be called for. The Pay Commission is already seized of this matter as well as the entire question of emoluments of the employees and other marginal concessions including the criteria of the grant of dearness allowance, because with the coming in of the Pay Commission, the former criteria of the Gajendragadkar Commission holds no good. That is why it has been referred to the Pay Commission.

SHRI INDRAJIT GUPTA : Is it correct for him to say that the Gajendragadkar Commission formula does not hold good, because this Pay Commission has not yet given any recommendation. When it does, after that the question of any new formula or yardstick will arise; it cannot arise at this stage. The Pay commission has said clearly that you should not mix up the question of dearness allowance with interim relief because the two subjects are entirely different. It has been quoted last time. I am afraid this way we are being confused.

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : The more you ask questions, the more you create confusion. I do not know. The more cross-examination you try to do, you are creating more ambiguities. We have said that after it reaches 228, we shall review it; we are committed to review the matter and the process of review has started by referring it to the Pay Commission for advice. I think the matter should end there. If you put further questions and then start interpretations, you create confusion.

श्री अटल बिहारी वाजपेयी : पहले जब यह मामला यहां उठा था और तब मंत्री महोदय ने जो उत्तर दिया था और आज

जो उत्तर दिया जा रहा है वे दोनों परस्पर विरोधी हैं। पहले वाली बात से मंत्री महोदय मुकर गए हैं, अपनी बात से फिर गए हैं। पहले इन्होंने कहा था कि आर्टोमेटिक इनक्रीज होगा। यह कहीं नहीं कहीं कि मामला पे कमिशन को रेफर किया जाएगा। अगर यह कहा था तो बतायें कहां कहा था? पढ़ कर सुनाये, कहां कहा था कि पे कमिशन को रेफर किया जाएगा? पे कमिशन तत्सबीर में कहां आता है। विवाद तब केवल यह था कि कर्मचारी कहते थे कि 225 पर मिलना चाहिये और मंत्री महोदय ने कहा था कि 228 जब हो जाएगा तब दिया जाएगा। सरकार ने 225 वाली बात को नहीं माना। अब जब 228 हो गया है तो कहां कहा गया था कि मामला पे कमिशन को जाएगा? यह तो सदन की अवहेलना की जा रही है।

MR. SPEAKER : He has not said that they do not intend to pay. He has said that it has already been reached and that they stand by their commitment.

SHRI ATAL BIHARI VAJPAYEE : They have gone back on what they have said.

MR. SPEAKER : So far as I understand it, they said that they stand committed to that, the only question is reference to the Pay Commission.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, क्या आप इसके बारे में कोई फैसला दे रहे हैं? क्या मंत्री महोदय एक ही सवाल पर सदन में दो तरह के जवाब दे सकते हैं, परस्पर विरोधी जवाब दे सकते हैं? एक वक्त कुछ कहा जाएगा और दूसरे वक्त कुछ और?

MR. SPEAKER : They stand by it, the only difference is reference to the Pay Commission.

SHRI PRABODH CHANDRA : Will the findings of the Pay Commission be given retrospective effect or not ?

MR. SPEAKER : Let it first come.

SHRI PRABODH CHANDRA : That Will facilitate matters.

SHRI ATAL BIHARI VAJPAYEE : Did you disallow the question asked by Shri Prabodh Chandra. It is a very relevant question.

MR. SPEAKER : What was that ?

SHRI ATAL BIHARI VAJPAYEE : Supposing the Pay Commission recommends that it should be given retrospective effect, will it be accepted ?

MR. SPEAKER : A question which starts with supposing is not permissible.

SHRI ATAL BIHARI VAJPAYEE : It was interpreted by me. He did not say so.

SHRI INDRAJIT GUPTA : If the increase in D. A. is not given, there will be a strike in the country.

SHRI PRABODH CHANDRA : I only wanted to facilitate matters.

MR. SPEAKER : You ask a straight question.

SHRI PRABODH CHANDRA : Will the recommendation of the review committee have retrospective effect or not ? That will meet their demand if the Government concedes.

SHRI K. R. GANESH : It is for the Pay Commission to decide.

SHRI S. M. BANERJEE : May I ask a question not for creating any confusion but to remove confusion. The other day the hon. Minister said and it was quoted by Shri Indrajit Gupta from the proceedings of June very categorically that Government was bound to review, and they will review, there is no hitch over that word. But the question is since a new formula has not been evolved by the Pay Commission yet, the Gajendragadkar formula stands.

MR. SPEAKER : They very first question has taken 15 minutes, and then Members complain.

SHRI K. BALATHANDAYUTHAM : It is the fault of the Minister.

MR. SPEAKER : You make it like that. Why don't you ask a straight question ?

SHRI S. M. BANERJEE : Since it has reached 228, the Government is committed and I am sure this Government stands by their commitment.

SHRI ATAL BIHARI VAJPAYEE : They have gone back on their commitment.

SHRI S. M. BANERJEE : The only question, therefore, is what the quantum of the dearness allowance should be, and nothing else. I would like to know whether this particular issue is being considered by the Government as to what should be the quantum, or any other issue ?

SHRI K. R. GANESH : The whole position is being reviewed.

SHRI ATAL BIHARI VAJPAYEE : By whom ?

MR. SPEAKER : By them.

SHRI ATAL BIHARI VAJPAYEE :
By them or by the pay Commission ?

MR. SPEAKER : Next question.

**Demand For Immediate Publication of
the findings of Technical Committee on
HS-748 Aircraft**

* 123. **SHRI H. M. PATEL :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the All-India Aircraft Engineers' Association has demanded immediate publication of the findings of the technical committee set up by the Civil Aviation Ministry on the HS-748 aircraft ; and

(b) if so, the reaction of Government in this regard ?

THE MINISTER OF TOURISM AND CIVIL AVIATION : (DR. KARAN SINGH) : (a) Yes, Sir.

(b) Government set up a task force consisting of the Director General, Civil Aviation, the General Manager, Indian Airlines and the Chairman, Hindustan Aeronautics Ltd., to examine and process the Report of the Technical Committee. The Task Force submitted its Report on the 7th November, 1971 which has been made public. Copies of both the reports have been placed in the Parliament Library.

SHRI H. M. PATEL : There are two reports. One report has not been made public; only a summary was published. The second report, I understand, has been published. Is it not a fact that the two reports differ from one another and they indeed contradict one another in a major respect ? Is it not a fact also that several of these

aircraft were tested by the first commission and by the second and in both, some of them were found to be unsatisfactory ? How do Government propose to reconcile these discrepancies and what are going to be their final instructions in this matter ?

DR. KARAN SINGH : There is in fact no discrepancy between the two reports. The first was a highly technical report and we did not think it was necessary to publish it. However, the report has been placed in parliament Library. It is open and there is nothing to hide. If the hon. member reads that report as well as the second one, he will realise that there is no discrepancy. The testings were done only by the first committee. They tested a representative sample of six aircraft out of the total fleet of 14. Out of the six, five were found to be satisfactory and one was below par. After an engine change was made, that also performed satisfactorily. Government are extremely anxious to ensure the safety of the flying public, and we are convinced after reading these reports that this plane is a very safe plane. The safety factor so far has been a hundred per cent. We will ensure that maintenance in all possible ways takes place. I can assure the House there is no question of the safety of the travelling public being compromised.

SHRI H. M. PATEL : The question of safety does not arise in this case. The real question is, it is safe with what payload? So far as the Indian Airlines is concerned, it is important for them to have the full payload and the pilots' objection was to that. The fact that it is flying in the Air Force does not alter the position.

DR. KARAN SINGH : In fact, all tests that have taken place by definition with the maximum pay load, because test is done generally with the maximum payload permissible. Of course, the payload varies, because if a plane is taking off at sea level at a certain temperature, the payload is a certain figure. If it takes off at a

higher altitude, certain adjustments have to be made. In fact, on several routes, it may not be necessary to take the full payload. But as far as the tests are concerned, they have been done with full payload and the conclusions refer to that.

SHRI R. S. PANDEY : I am happy to hear that the safety is hundred per cent. But the question is whether the pilots are convinced about it or not.

DR. KARAN SINGH : Frankly, the whole episode with regard to the pilots last year was a very unhappy one. He asks whether the pilots are convinced or not. I am afraid I cannot speak on their behalf. But I would hope that this controversy now is finally set at rest because after all, this is a very important segment of our national transportation.

I do not want to say anything which might once again rake up the old controversy. We are going to enter into a new agreement with the pilots and I can only express the hope on this occasion that this controversy will be set at rest, the objections will be withdrawn and there will be no further difficulty.

SHRI JYOTIRMOY BOSU : In view of the fact that repeatedly this suspicion has been aroused by a section of the people who are piloting these planes, will we go in for a wider enquiry and do more of sample testing because the basic question is the engine traction power at the time of take off? It is a very serious matter. Will he go in for it and pick up more planes for doing the tests to remove our doubts? Secondly, is it also a fact that a foreign aircraft manufacturer, Fokker Friendship and Lockheed, is vigorously working in Delhi? We are getting drowned with literature from Fokkers. Sometime back they gave a grand lunch party where all the guests were presented with a clock. They are working very actively. Have they a hand in this affair?

DR. KARAN SINGH : As far as the question of the wider enquiry is concerned, very frankly I do not see any need for it. We already had a committee with some top people—the Chairman of Hindustan Aeronautics, who is a very senior Air Force officer and who is the Chairman of this vast factory, the General Manager of Indian Airlines, who is also a very senior Air Force Officer and the Director-General of Civil Aviation, who is the main licensing authority. With these two reports in hand, I do not think it is necessary for us to go in for further enquiries. However, I can assure you that these planes are constantly kept in check and, therefore, if any difficulty emerges at any time we will get to know of it.

MR. SPEAKER : I thought after the Jumbo flight they will not criticise you.

DR. KARAN SINGH : I also thought so. Regarding the other question about the clocks, this is the first time I have heard about it.

I do not know anything about the lobbies.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, यह रिपोर्ट लाइब्रेरी में रखने के बजाये सदन के टेबल पर रखी जानी चाहिए।

डा० कर्ण सिंह : लाइब्रेरी आप की ही है।

श्री अटल बिहारी वाजपेयी : टेबल भी आप का ही है। यह एक इम्पार्टेंट कमेटी की रिपोर्ट है। इसको सदन के टेबल पर क्यों नहीं रखा जा रहा है? यह पार्लियामेंट की प्रोसीडिंज का एक हिस्सा होना चाहिए।

अध्यक्ष महोदय : किसी मसलहत की बिना पर ही इसको लाइब्रेरी में रखा जा रहा है। मुझे इसको देख लेने दीजिये। टेबल पर रखने का क्या फायदा होगा ?

फ्रांसीसी आर्थिक मिशन द्वारा 'मिराज' लड़ाकू विमान के बारे में रखा गया प्रस्ताव

* 125. श्री अटल बिहारी वाजपेयी :
श्री आर० बी० स्वामीनाथन :
श्री फतहसिंहराव गायकवाड़ :

क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या हाल ही में भारत आये एक फ्रांसीसी आर्थिक मिशन में 'मिराज' लड़ाकू विमान के बारे में कुछ प्रस्ताव प्रस्तुत किए थे; और

(ख) यदि हां, तो इस बारे में सरकार की क्या प्रतिक्रिया है और इस सम्बन्ध में क्या कार्यवाही की गई है ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) and (b). The discussions with the French Economic Mission ranged over a wide field, which included an exchange of views on co-operation between the aeronautical industries of the two countries.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, यह सबाल एक निश्चित विषय के बारे में पूछा गया है। इसमें यह पूछा गया है कि क्या मिराज के बारे में कोई चर्चा हुई या नहीं। मंत्री महोदय ने इसका उत्तर गोल कर दिया है।

श्री बिद्या चरण शुक्ल : उसी में है।

श्री अटल बिहारी वाजपेयी : क्या हमारी वायु सेना के लिये मिराज जैसे किसी विमान की आवश्यकता है और क्या इस सम्बन्ध में सरकार कोई कदम उठा रही है ? या मंत्री महोदय यह कहना चाहते हैं कि सरकार जो कदम उठाना चाहती है, वह सबन को उनके बारे में नहीं बतायेंगे ? तब तो मैं समझ सकता हूँ। लेकिन इस तरह का गोल-मोल उत्तर किसी को संतोष नहीं दे सकता है।

श्री बिद्या चरण शुक्ल : माननीय सदस्य ने जो पूछा था, मैंने उसका उत्तर दिया है कि जो फ्रेंच इकानोमिक मिशन आया था, उसने बहुत सी बातें की, एयरोनाटिकल इंडस्ट्री के बारे में भी की। हम सब को यह मालूम है कि फ्रेंच एयरोनाटिकल इंडस्ट्री में मिराज बनता है और उस के साथ-साथ और भी बहुत से हवाई जहाज बनते हैं। जैसे, हम एलुएट बनाते हैं। एक दूसरा हेलिकाप्टर बनाने की भी बात है। मैंने उत्तर दिया है कि एयरोनाटिकल इंडस्ट्री की, और अन्य बहुत सी बातें की गई। उनमें मिराज भी शामिल है। मैंने यह नहीं कहा है कि मिराज के बारे में बात नहीं की गई। मिराज की आवश्यकता वायुसेना को है या नहीं, वह एक दूसरा प्रश्न है। जहां तक फ्रेंच इकानोमिक मिशन का प्रश्न है, उन्होंने इस बारे में प्रोपोजल्ज दिये हैं, जिनके बारे में हम अभी सोच-विचार कर रहे हैं, वे हमारे विचाराधीन हैं। यही मैंने उत्तर दिया है। इसमें नाराज होने की बात नहीं है।

श्री अटल बिहारी वाजपेयी : मैं यह जानना चाहता हूँ कि वर्तमान संकटपूर्ण स्थिति

को देखते हुये, और जिस बुनौती का सामना हमें करना पड़ रहा है, उस को दृष्टिगत रखते हुए क्या सरकार इस सम्बन्ध में शीघ्रता से कदम उठाने का विचार कर रही है, या यह बात लम्बी चलने वाली है और जब हमें विमानों की आवश्यकता नहीं होगी, तब हम इस बारे में निर्णय करेंगे ?

श्री विद्या चरण शुक्ल : ये कोई विमान बेचने वाले लोग नहीं थे। यह तो विमान बनाने की बात थी। जहाँ तक बनाने का प्रश्न है, अगर आज भी हम इस काम को चालू करें, तो विमान को बनाते-बनाते तीन चार साल लग जायेंगे। इस तरह की तत्कालीन आवश्यकताओं की पूर्ति करने वाली यह बात नहीं है। यदि माननीय सदस्य तत्कालीन आवश्यकताओं की बात कर रहे हैं, तो इस प्रश्न में वे बातें नहीं आ सकती हैं।

SHRI R. V. SWAMINATHAN: In view of the fact that the aeronautical field is very important in modern warfare, may I know whether government have got any proposal to manufacture more planes for the air force?

SHRI VIDYA CHARAN SHUKLA: Yes, sir. The hon. Member might have noticed that some time back a seminar was held in which knowledgeable people from our research laboratories, Hindustan Aeronautics and other people who are competent to discuss this subject came and they gave their views on the question of making AFA (Advance Fighter Aircraft) which the Air Force want to be operational in the eighties. The thinking on the AFA project is going on.

SHRI FATEHSINGHRAO GAEKWAD: May I know whether it is a fact that Pakistan has lately acquired 52 Phantom aircraft from Iran.....

MR. SPEAKER: The question is about the French Economic Mission.

SHRI FATESINGHRAO GAEKWAD: I gather that the talks with the French team were to counter-balance the Phantom aircraft obtained by Pakistan from Iran.

SHRI VIDYA CHARAN SHUKLA: I have not been able to follow the question.

MR. SPEAKER: I have also not followed it. Perhaps you meant that there was some discussion with the French delegation about this.

SHRI FATEHSINGHRAO GAEKWAD: I may try to put it in more understandable language.

According to my knowledge, obviously, this discussion with the French Team regarding Mirage and other aircraft was to counter-balance the Phantom aircraft bought by Pakistan through Iran. I would like to know whether this is a fact, Secondly, there was a report sometime ago in the *Statesman* to say that this discussion regarding Mirage aircraft specially would be followed up during the Prime Minister's visit to Paris. I would like to know whether this was followed up.

SHRI VIDYA CHARAN SHUKLA: The presumption of the hon. Member regarding the first question that he put is absolutely incorrect. About the second question, it is at such a preliminary stage that I doubt if the Prime Minister took up this matter with the French Government.

SHRI BIRENDER SINGH RAO: I would like to know whether it is a fact that on the demand of our Air Force, in view of the fact that the Pakistan Air Force is fitted with a large number of Mirage aircraft which is one of the most powerful military aircraft, our Government

wanted to purchase Mirage aircraft against rupee payment and that the French Government refused to sell Mirage aircraft to our country against rupee payment and, if so, whether the hon. Minister will tell us if they are still thinking of buying Mirage aircraft to meet Pakistan's threat and, if that is so, how are they proposing to buy it?

SHRI VIDYA CHARAN SHUKLA: As far as my present knowledge goes, there was no discussion about the purchase of Mirage aircraft with this Mission.

SHRI BIRENDER SINGH RAO: This is not an answer to my question.

MR. SPEAKER: I think, it is much more than what you expected.

Small Savings Scheme for Employees of Public Undertakings

*126. **SHRI Y. ESWARA REDDY:** Will the Minister of FINANCE be pleased to state:

(a) whether a proposal for an insurance-linked small savings scheme for the employees of the public sector enterprises was discussed at a meeting attended by the Chief Executives and representatives of 15 large enterprises;

(b) if so, the salient points of the scheme; and

(c) whether Government have finalised the scheme?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). In a meeting of the Chief Executives of major Public Sector Undertakings held under the Chairmanship of the Deputy Finance Minister on the

9th September, 1971, various measures to step up small savings in these undertakings were discussed. In this meeting, a suggestion was also made to work out an insurance-linked savings scheme.

The National Savings Movement Reorganisation Committee under the Chairmanship of Shri Homi Taleyarkhan has also made a recommendation that an insurance cover may be made available to holders of Rs. 5 and Rs. 10 Cumulative Time Deposit 5-Year accounts in Pay Roll Savings Group.

This recommendation is under consideration. Any such scheme, if found feasible can be extended to cover all C. T. D. account holders.

SHRI Y. ESWARA REDDY: When is this recommendation going to be implemented?

SHRI K. R. GANESH: It is still under consideration. As soon as it is considered, we will think about it.

SHRI Y. ESWARA REDDY: The small savings scheme is not making much headway according to expectations. I think, the Government is aware of the fact that the success of the small savings scheme is inseparably linked with the price situation and that the wage earners are being squeezed by rise in prices. In view of this, may I know what the Government propose to do first to control the prices in order to make the small savings scheme a success?

SHRI K. R. GANESH: Firstly, I do not agree with the hon. Member that the small savings scheme is not making headway. The small savings scheme has made substantial progress. In many States, the targets have been reached. The Deputy Minister presided over this meeting in the context of the present situation to have an

all-out drive for small savings. This is one of the suggestions which is under consideration.

श्री जान सिंह जोरा : अभी मिनिस्टर साहब ने यह बताया कि स्माल सेविंग्स स्कीम ने काफी प्रगति की है, मैं जानना चाहता हूँ क्या आपको यह पता है कि स्माल सेविंग्स स्कीम में जो डिपॉजिट कराए जाते हैं वह बहुत जगह फॉर्सिबल होते हैं और आफिसर लोग अपना टार्गेट पूरा करने के लिए लोगों से रकम जमा करवा देते हैं, फिर टार्गेट पूरा हो जाने के बाद वह रकम वापस ले ली जाती है ?

अध्यक्ष मोहबय : यह आप का सवाल इस में कहीं से आता है ? यह रेलीबैंट नहीं है ।

Non-Utilisation of Development Fund by States

*128. SHRI JAGADISH BHATTACHARYYA :

SHRI RAJDEO SINGH

Will the Minister of FINANCE be pleased to state :

(a) whether the amount of Development Funds in respect of 10 States is likely to lapse for lack of proper organisational set-up;

(b) if so, the names of these States and the reasons for not utilising the amount of development fund allocated to them; and

(c) the steps taken to ensure full utilisation of funds allotted to these States ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) According to the information available so far, no shortfall is likely to occur in Plan expenditure in any State during the current year.

(b) and (c). Does not arise.

SHRI JAGADISH BHATTACHARYYA : I want to know from the hon. Minister if the Government is going to extend the time limit to utilise the fund by the States in view of the urgency of development work in those States which are otherwise backward States.

SHRI YESHWANTRO CHAVAN : As a matter of fact, even during the lean period they are over-spending. That is my difficulty.

SHRI JAGADISH BHATTACHARYYA : I want to know if the Government has thought of the Agricultural Refinance Corporation taking greater interest in the development of these States by drawing up schemes at an early date.

SHRI YESHWANTRAO CHAVAN : That is the function of the Refinance corporations. It is really doing work in some States. In some States there is some organisational set up properly manned and they can take more advantage of it. In some other States it is rather lagging behind.

SHRI JYOTIRMOY BOSU : In West Bengal, under Presidential rule it is far behind.

SHRI YESHWANTRAO CHAVAN : Even under your rule the position was the same. . . (Interruptions)

SHRI K. LAKKAPPA : Is it a fact that in various States including Mysore, the funds allotted for development schemes such as organising the small farmers and helping them have not been utilised and the scheme implemented? To quote an instance, in my State of Mysore, even though the processed applications of the small farmers and cultivators have piled up, the Reserve Bank has not given the clearance. Even the agency fixed to implement the programme is so lethargic. What is the reaction of the Government? Would this Government give suitable instructions to see that the scheme is implemented so far as Mysore State is concerned and also a proper assessment made?

SHRI YESHWANTRAO CHAVAN : I think he is asking me questions specifically about small farmers scheme and the marginal farmers scheme. I think there he is right. Unfortunately not only in case of Mysore, but, practically in all the States the scheme is not taking off the ground, and it is not merely the Reserve Bank or any other Bank that is responsible. Naturally, the Reserve Bank has certainly given the necessary instructions, but the basic thing, if at all the scheme is, to take off the ground, is to identify the small and marginal farmers.

SHRI K. LAKKAPPA : I would like to clarify whether they have been identified or not.....(Interruption)

SHRI YESHWANTRAO CHAVAN : If you want to clarify I am prepared to listen to that : then, there is no question for me to answer. Your question, as I have tried to understand, was whether the small farmers and the marginal farmers scheme is making any progress in Mysore, and whether the banks are doing enough in that matter. That is your question--quite a correct question. I would like to say

that certain agencies are given the responsibility of looking after the things and the banks have to take the burden in this matter. I am myself taking keen interest in this matter and I had called the Agriculture Commissioners in some of the Northern States and less-developed States to see what difficulty is there in this whole process. I find that the whole thing is stuck at this point, namely, of identifying the marginal farmers and the small farmers. In some States the records of the ryots and other things are rather deficient. So, possibly, that is coming in the way. But, I had asked the Finance Corporations and the Banks—in the recent meeting that I had with Custodians of Banks,—to see that these things are looked after properly, I really want your specific suggestions which certainly I will take note of.

SHRI K. LAKKAPPA : My suggestion is. . . (Interruption) I have not completed, Mr. Pandey. The authority has identified the marginal farmers and they have prepared the list. But, the process under which and the agency by which to implement this scheme, has not been okayed by the Reserve Bank. That is the whole difficulty. That is why I wanted to know about that.

SHRI YESHWANTRAO CHAVAN : I will look into it. If the process of identification is over, I will certainly look into it.

SHRI R. S. PANDEY : If you are operating the banking through post offices, in that case you may be able to reach the poor and the small farmers of the country. You may be able to reach them better.

अध्यक्ष महोदय : क्वेश्चन करके आप मुझे हाथ जोड़ दें, इससे क्या फायदा है ?

SHRI R. S. PANDEY : I know that I am guilty not to take your permission, but I was excited because. . .

अध्यक्ष महोदय : गिल्टी की कोई बात नहीं है, आप स्वाहिसमन्द हैं, मैं जानता

SHRI R. S. PANDEY : I will give a practical suggestion. It is a question of the fate of the country and of the small farmers.

MR. SPEAKER : But, do it in a proper manner. आप अन्दाज़ा लगाइये एक-एक सवाल पर मैं सरदर्दी करता हूँ, बसीट कर हाउस को आगे ले जाना पड़ता है, लेकिन फिर भी नहीं छोड़ते हैं।

श्री रामावतार शास्त्री : क्या यह बात सच है कि इस साल की भीषण बाढ़ से जो हमारे देश में आई थी, और जिसकी वजह से बिहार, उत्तर प्रदेश, बंगाल आदि राज्यों में जो विकास के बहुत सारे काम थे, उनको बहुत भारी धक्का लगा है ? क्या यह बात सही है कि आप उन राज्यों को जहाँ ज्यादा नुकसान हुआ है विशेष मदद देने को तैयार हैं ? क्या यह बात भी सच है कि इसके लिये उन राज्य सरकारों ने आप को विशेष सहायता देने के लिये आग्रह किया है, यदि आग्रह किया है तो आप ने उनको क्या जवाब दिया है ?

SHRI YESHWANTRAO CHAVAN : If you want any specific detailed information you can ask a specific question on that and I will reply.

श्री रामावतार शास्त्री : मैं बिहार की बात जानता हूँ।

श्री यशवन्तराव चव्हाण : आप बिहार की बात जानते हैं, मैं भी वहाँ गया था और वहाँ की चीजों को देख कर आया हूँ। The Bihar Government had certainly made certain demands. We had sent—as we normally do in these circumstances—teams representing the Planning Commission, the Finance Ministry, etc. they went there. They had made certain recommendations about the ceiling in this matter,—ceiling for loans, ceiling for relief, ceiling for gratuitous relief etc. And on different heads, large amounts of ceilings have been accepted. The actual release of the funds depends upon the actual expenditure made in those different spheres. I do not have the exact figures with me here. If the hon. Member tables a specific question, I can give the figures.

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN) :
(a) to (d). A statement is laid on the Table of the House.

Statement

Wholesale price indices (1961-62=100) of selected important consumer goods for the week ended October 30, 1971 and the order of change as compared to May 29, 1971 (the pre-budget week) are given in the statement laid on the Table of the House. [Placed in library, see No. LT-1050/71]

(d) The Government has been keeping a close watch on the price trends in the economy and remedial measures are being taken in the light of the emerging situation. Price and distribution controls are being continued in respect of several commodities; steel re-rollers' products have recently been added to this list. The Government has been procuring large quantities of cereals, and these are being issued at fixed prices through a net-work of fair price/ration shops throughout the country; State Governments have been advised to strengthen the public distribution system. In the wake of developing shortage of controlled varieties of cloth, the mills were asked to step up the production, and to check the malpractices in the sale of such cloth. They were also directed to stamp 'consumer price per metre' on every metre length of the cloth. Sizable imports of essential raw materials such as raw cotton, edible oils, oil seeds, steel, soda ash are being arranged to make up the shortfall in their indigenous output and thus to stabilise the prices of the corresponding consumer and intermediate goods. In respect of other inputs essential for the industry, urgent steps are being taken to

arrange imports for keeping the industrial production uninterrupted.

Steps have been recently taken to effect economy in the non-plan expenditure both at the Centre and in the States and to raise fresh resources for meeting the extra expenditure on account of the refugees. To keep overall demand under check, the Government has been pursuing a fairly restrictive credit policy; in view of the rising trends in the prices of sugar, the availability of bank credit to mills and trade was further curtailed. For checking speculative activities, certain lacunae in the Forward Contracts (Regulation) Act have been removed, and forward trading, including trading in non-transferable specific delivery contracts in edible oils and oil-seeds, has been suspended; and the futures trading in *gur* has been banned.

The various measures adopted by the Government are expected to have a dampening effect on the current pressure on prices. Large imports of steel and the recent release of additional free foreign exchange for further imports has helped relieve the shortage of this basic raw material; emergency imports of soda ash have checked the rise in its prices. Continued imports of edible oils and oilseeds have helped stabilise the prices of edible oils, vanaspati and soap. However it may be added that some of the measures have been taken only recently and their full impact is still to be felt. The seasonal downward trend in prices has already started and with the various measures adopted this downward trend should be further reinforced in the coming months.

श्री हेमन्त सिंह बनेरा : आप ने स्टेट-मेन्ट भी दिया है और इस विषय पर सदन में भी चर्चा हुई है। जैसे जैसे भारत और पाकिस्तान के युद्ध की सम्भावनाएँ बढ़ती जा रही हैं, स्थिति और ज्यादा

बिचड़ती जा रही है। इन सब बातों को दृष्टि में रखते हुए क्या कोई शार्ट-टर्म एक्शन आपके ध्यान में है? इस स्टेटमेंट में आपने कई उपचारात्मक उपायों का उल्लेख किया है, लेकिन अल्प समय में जो सुविधायें हमें प्राप्त हो सकें, उसके लिए आपका कोई प्रोग्राम है या नहीं?

SHRI YESHWANTRAO CHAVAN :
The steps that have been taken are both short-term and long-term. जिन के लिए आप ने कहा है कि वे ठीक हैं...

श्री हेमेश्वर सिंह बनेरा : मेरा एक स्पेसिफिक सवाल है, जिस प्रकार की स्थिति इस समय देश में उत्पन्न हो रही है, उसके मुकाबले के लिए, उसके इम्पलीमेंटेशन के लिए क्या आपने कोई कदम उठाए हैं। प्लान में उपचारात्मक आर्डर तो आपने दिए हैं, लेकिन उनके इम्पलीमेंटेशन का क्या हो रहा है?

श्री यशवन्तराव चव्हाण : इम्पलीमेंटेशन हो रहा है।

श्री हेमेश्वर सिंह बनेरा : अध्यक्ष महोदय, मैं एक स्पष्टीकरण चाहता हूँ। क्या इस विषय पर सदन में चर्चा होगी?

अध्यक्ष महोदय : यह बाद में देखेंगे।

SHRI CHINTAMANI PANIGRAHI :
May I know whether Government are aware of the fact that the Reserve Bank of India in its latest bulletin has said that the problem of rising prices has again raised its ugly head in the country, and has suggested that it is because of speculative trading and all kinds of things that the prices are rising so very fast? Deficit financing has reached...

MR. SPEAKER : Let not the hon. Member waste his time in introductions. Let him come to the question straight.

SHRI CHINTAMANI PANIGRAHI :
In spite of the instructions of Government not to have more deficit financing, during the last two months, deficit financing has reached the figure of Rs. 600 crores. May I know whether Government are aware of this, and if so, how they are going to control the prices?

SHRI YESHWANTRAO CHAVAN :
It is very difficult to indicate the exact quantum of deficit financing at the present moment. If the hon. Member is referring to the report of the Reserve Bank, then it is true that the Reserve Bank has certainly said that Government expenditure or credit facility to Government is partly responsible for it. That is true in a sense, because in some States the overdraft problem is there. Even in the case of the Central Government, we have to give credit to the Food Corporation, for instance, because we have to keep a larger buffer stock.

The solution for this can be in two ways. One is to see that we do not give liberal credit to the trading or speculative elements. As I was explaining the other day, we have taken a decision that we shall be very strict in giving credit facilities to the trading and speculative elements.

The other way is to raise more resources and we have taken some steps in this direction, and all the State Governments are also taking more steps to raise more resources. Some of ordinances which were issued were meant for this. This is another way of meeting the deficit financing problem.

SHRI CHINTAMANI PANIGRAHI :
The Reserve Bank Governor has said that Rs. 5,000 crores would be needed for

meeting the expenses in connection with the Bangla Desh refugees...

MR. SPEAKER : Shri A. P. Sharma.

SHRI BHAGWAT JHA AZAD : We have also read that statement.

SHRI JYOTIRMOY BOSU : He has asked a pertinent question.

SHRI A. P. SHARMA : From the statement, it is clear that the prices of essential commodities have gone up now. Government have all along been taking up the position that the prices of commodities have not gone up to the extent where government servants will be entitled to additional D. A. In view of the statement made by the hon. Minister, will Government now grant enhanced D.A. to Central Government employees?

श्री यशवन्त राव चव्हाण : आप देरी से आए हैं, अगर पहले से आए होते तो अच्छा था। इसकी पूरी चर्चा यहां पर हो चुकी है। यहां पर सवाल पूछा गया था और उसका उत्तर दिया गया था कि यह मामला पे कमीशन के पास एडवाइस के लिए भेजा गया है।

श्री ए० पी० शर्मा : पे कमीशन ने राय दे दी है तो फिर क्यों उसके पास भेजा गया है।

अध्यक्ष महोदय : इसका जवाब आ चुका है।

PROF. MADHU DANDAVATE : For ensuring availability of essential commodities to the consumers at a cheap price, do Government propose to bring the production of these commodities under the public sector? Secondly, in view of the fact that there is need to give fair prices to the producers on the one side and also make

available to the consumer these commodities at cheap on the price, other, will it be possible for Government to eliminate the middleman by socialising the wholesale trade in essential commodities, a recommendation already made by the Foodgrains Inquiry Committee?

SHRI YESHWANTRAO CHAVAN :

These are some attractive ideas. We will have to work them out in detail. Socialisation of the wholesale trade in essential commodities is a very attractive proposition in principle, but really speaking, we have to think in terms of how to make this administratively feasible, faced as we are with immediate problems. Naturally, we have to think about having physical controls at least in the case of those essential commodities which ultimately are the concern of the common man. In some cases, we have formal control. We have certainly issued instructions to State Governments to keep in fact the distribution system which was brought into existence for the distribution of food. In regard to other commodities like drugs and kerosene, there is formal price control. The question whether we can really undertake the distribution of these commodities to the public is one which will have to be gone into carefully.

Recommendations of the Ganges Water Pollution Enquiry Commission

*131. SHRI K. LAKKAPPA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether in the light of recommendations of the Ganges Water Pollution Inquiry Commission, disciplinary proceedings have been completed against the concerned officials; and

(b) if so, the result thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) :

(a) No, Sir. The proceedings are still going on.

(b) Does not arise.

SHRI K. LAKKAPPA : Is it a fact that the Commission has recommended a certain procedure and also certain responsibilities to be fixed on the officers concerned in the contamination of the Ganges water in Monghyr resulting in loss of life and damage to the municipality? If so, what is the action the Ministry has taken to fix responsibility on the officials concerned?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : The Commission has concluded that certain officers were responsible and it has also suggested that a departmental action should be taken against them. In view of this, recommendation of the C.V.C. departmental enquires against the officers mentioned are on.

SHRI K. LAKKAPPA : May I know whether it is also a fact that certain compensation to the people who have incurred damage as a consequence of this contamination of water which was the result of lapses and dereliction of duty of these officers because the Barauni refinery is the source of the industrial effluents which have polluted the whole area—has been paid, and has the damage been fixed to give compensation to the victims in so far as the management by these officers are concerned, and, if so, what is the reaction of this Government and what are the instructions they have issued to the State Government concerned?

SHRI P. C. SETHI : As far as the action against the officers is concerned, I have pointed it out. As far as the damage

is concerned, for the damage that was estimated at that time, certain compensations were paid.

SHRI K. LAKKAPPA : The previous Minister, Mr. D. R. Chavan, has also conceded the plea for compensation and he gave an assurance on the floor of this house.

MR. SPEAKER : Order, order I am not allowing it. Next question.

Circulation of a Model Bill on farm Credit by The Reserve Bank of India

***133. SHRI D. K. PANDA :** Will the Minister of FINANCE be pleased to state :

(a) whether the Reserve Bank of India had circulated a model Bill on farm credit to the State Government's and requested them to enact the same with speed to remove the difficulties experienced by the Commercial bank in regard to financing agricultural development;

(b) if so, the provisions of the Bill; and

(c) what are State Governments' main comments on the Bill?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The Expert Group on State Enactments having a bearing on Commercial Banks lending to Agriculture, set up by the reserve Bank of India, has recommended for consideration of the State Governments (i) the modification of certain provisions in the State laws, and

(ii) liberalisation of administrative procedures to facilitate smooth and speedy flow of agricultural credit from the commercial banks. The most important recommendation is that, instead of amending the various individual State laws separately and piecemeal, it would be simpler and preferable to enact a single consolidated legislation, incorporating the various amendments suggested in the report. Towards this purpose, the Expert Group incorporated in its Report a draft Model Bill which along, with the report, has been circulated to all State Governments. A Statement containing the salient features of the Model Bill as well as other administrative action to be taken by the State Governments is laid on the Table of the house. [*Placed in library. See. No. LT—1051/71*]

(c) The draft Bill is presently under the State Governments' consideration. No formal decision on this has so far been communicated by any State Government, but several State Governments have already taken action to implement some of the recommendations of the Expert Group on administrative matters. Legislative measures are under consideration by them.

SHRI D. K. PANDA : In view of the urgency of utilising agricultural credit to the poor, small farmers and also the landless people who are in actual, physical cultivating position, and in view of the fact that there are also certain categories of sharecroppers, as has been seen after these instructions have been sent to all the State Governments, may I know whether any progress has been registered during the period following the date of sending the instructions ?

SHRI YESHWANTRO CHAVAN : As I said, these were instructions or rather recommendations to the State Governments to undertake certain legislative and administrative measures these are not direc-

tions that we can send in order to facilitate their work. The expert group had prepared a model Bill also because the proposal involves amendments of a number of State Acts, such as the Stamp Duty Act and some of the other local State Acts. And in my own tour of West Bengal, Rajasthan and other States, I met the Chief Ministers and requested them, pointing out the necessity and urgency of the implementation of those recommendations. If they did that it will facilitate the banks to go ahead speedily and offer credit to the agriculturists. I am still awaiting action by them. In the main reply I have said some administrative measures have been taken. So far enactment of legislation has not been undertaken by any State. I hope they will do it early.

SHRI D. K. PANDA : Perhaps my question still remains unanswered. In reply to (c) of my question, it was stated that the State Governments had already taken action to implement some of the recommendations of the expert group on administrative matters. Has the Government received any report or do they know what actual progress has been made by the State Government ? Have they followed your instructions ? Has there been real progress ?

SHRI YESHWANTRAO CHAVAN : Major progress will have to be on the legislative side; certainly they have to pass legislation. On the administrative side one of the recommendations is that they should try to improve records about the rights, about possession. Some of them say they are taking steps. What exactly has been done on the ground, I do not know but the major recommendation is about undertaking comprehensive legislation amending different State Acts.

WRITTEN ANSWERS TO QUESTIONS**Reorganisation of Ordnance Factories**

*122. **SHRI PILOO MODY** : Will the Minister of DEFENCE be pleased to state :

(a) whether attention of Government has been drawn to a Resolution passed recently by the Industrial Council of the 28 Ordnance Factories against "any hasty or haphazard" reorganisation of the Ordnance Factories;

(b) If so, the reasons for such observations by the Industrial Council; and

(c) the reaction of Government in this regard ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Yes, Sir.

(b) Certain proposals to improve the efficiency and to streamline the organisation of the Director General of Ordnance Factories are under consideration of the Government. There was however no occasion for any observations by the Industrial Council.

(c) The question is under examination of the Government and a decision will be taken after full consideration of all aspects of the issue.

Proposal for Undertaking Joint Oil Exploration Ventures in Foreign Countries

*124. **SHRIMATI SAVITRI SHYAM** : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether there is any proposal under the consideration of Government for

undertaking joint oil exploration ventures in other foreign countries;

(b) if so, the locations of such oil explorations ;

(c) the names of parties willing to join the exploration of oil ;

(d) the extent to which such explorations will be helpful in fulfilling the need of the country ; and

(e) the estimated foreign exchange to be saved on crude oil and other oils ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) There is no such proposal presently under consideration of Government.

(b) to (e). Do not arise.

Growing Trend of Inflation

* 127. **SHRI VIJAY PAL SINGH** : Will the Minister of FINANCE be pleased to state.

(a) whether the latest Annual Report of the Reserve Bank of India and the recent economic assessment of the Planning Commission have suggested that there is a growing trend of inflation in our economy ;

(b) if so, the main features thereof; and

(c) the steps Government propose to take to remedy the situation ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The Reserve Bank of India, in its latest Annual Report which

relates to the period July 1970 to June 1971, has mentioned that 'although the economy was able to attain for the second year in succession the targetted rate of growth in the Fourth Plan, it is currently passing through quite a difficult period. Foremost among the aspects of the economy which is causing concern is the price situation. The year began with a strong upward pressure on prices. Subsequently as a result of the various measures taken, prices eased off. However, in the recent months, the rising trend has asserted itself once again.' The Report calls for price stability and has emphasised the need for maintaining a reasonable degree of balance between increases in money supply and those in real income.

As for the Planning Commission it is, at present, engaged in a mid-term appraisal of the Fourth Plan. Its views in regard to the economic situation will be known when this appraisal is completed.

(c) The Government is fully aware of the situation and has been taking all possible measures to control undue price rise. In the fiscal field, steps have been taken to economise on non-plan expenditure, both at the Centre and in the States; measures have also been recently announced both by the Centre and the States to mobilize additional resources to help in meeting the needs of the refugees from East Bengal. On the monetary side, the Government's credit control policies have been geared to tackle manifestations of inflationary pressures, and a fairly restrictive credit policy is being pursued. Major foodgrains continue to be sold at fixed prices through a net-work of fair-price/ration shops, and the State Governments have been advised to further strengthen the public distribution system. Prices and/or distribution control is being maintained on a number of essential commodities; this has recently been extended to steel rerollers' products. Cotton textile mills have been asked to step up the output of controlled varieties of cloth and

to stamp the 'consumer price per metre' on every metre length of the cloth. With a view to checking speculative activities certain lacunae in the Forward Contracts (Regulation) Act, 1952 have been removed; forward trading, including trading in non-transferable specific delivery contracts, in all edible oils and oilseeds was suspended last month, and futures trading in *gur* was banned. In addition, larger imports of essential commodities such as raw cotton, edible oils, steel and soda ash, are being arranged to make up the shortfall in the indigenous output.

Air Taxis between smaller Airports to improve Tourist Traffic

*129. SHRI D. P. JADEJA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are considering to allow private parties to run air taxis between smaller airports to improve tourist traffic ; and

(b) if so, when a decision is likely to be taken in the matter ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH)

(a) and (b). The question of allowing private operators to establish air taxi services on routes not operated by Indian Airlines, particularly for promotion of tourism in various parts of the country, is under examination.

Performance Test of HS-748 Planes

*132. SHRI BISHWANATH JHUNJHUNWALA :

SHRI N. K. SANGHI :

SHRI PRAVIN SINGH

SOLANKI :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether a Technical Committee appointed by Government have found

that only one of the six HS-748 planes met the performance test and the rest were not upto the mark ;

(b) whether Government, in view of the findings of the Committee, would have all the remaining 8 similar aircrafts tested by the Committee to find out their defects, if there be any ;

(c) whether the findings of the Committee substantiates the grievances of the pilots in regard to the performance of these planes ; and

(d) what steps have been taken to remove the defects and to bring them up to the required standard for flights ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) No, Sir. Five of the six aircraft flight-tested by the Committee performed within permissible tolerances. The sixth aircraft also gave satisfactory performance after an engine change.

(b) Government did not consider it necessary to have the remaining aircraft tested by the Committee. However, these aircraft have been subjected to prescribed checks by Indian Airlines and found satisfactory.

(c) No, Sir.

(d) Particular care is being given to proper maintenance and overhaul.

Beating of A. D. Ms of Nadia by Army Personnel

Money Defrauded by the Agent of the
Indian Overseas Bank, Goa.

*136. SHRI MADHURYA HALDAR :
Will the Minister of FINANCE be pleased to state :

(a) whether the agent of the Indian Overseas Bank, St. Estevam Branch, Illhas Goa, allegedly defrauded Rs. 4.8 lakhs of the bank's money; and

(b) if so, the steps taken by Government against the fraudulents ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) and (b). The present agent of St. Estevam Branch Indian Overseas Bank, Illhas, Goa while working as the Asstt. Accountant of Fort Branch, Bombay in 1966 is alleged to have allowed remittances to be made out of India to Singapore to the tune of Rs. 4,34,154 on the basis of forged import documents. The bank has reported that there is no loss of bank's money. According to the investigations of the Central Bureau of Investigation, sometime during 1965-66, some persons entered into a criminal conspiracy for unauthorised remittance of Indian currency to Singapore on the basis of forged licences.

The Central Bureau of Investigation have concluded the investigation and the prosecution under Section 120-B Indian Penal Code read with Section 419, 420, 467, 471 and Section 4 read with Section 23 of the Foreign Exchange Regulations Act will be launched against the persons involved including the present agent of St. Estevam Branch, Indian Overseas Bank as soon as the certificate required under Section 188 Criminal Procedure Code from the Indian High Commission at Singapore is received by them.

Loss Suffered by Fertilizer Corporation
of India

*137. SHRI BIRENDER SINGH
RAO: Will the Minister of PETROLEUM
AND CHEMICALS be pleased to state :

(a) whether the Fertilizer Corporation of India has been running in loss for the last five years;

(b) if so, the amount of loss incurred by the Corporation during the last three financial years, year-wise ;

(c) whether Government propose to appoint a Commission of Inquiry to inquire into the causes of loss suffered by the Corporation ; and

(d) if not, the reasons therefor ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) No, Sir. The Fertilizer Corporation of India incurred loss only in the year 1966-67. Since then (i. e. from 1967-68 onwards), the Corporation has been earning profits.

(b) to (d) : Do not arise.

* 138. **SHRI SARADISH ROY :** Will the Minister of FINANCE be pleased to state :

(a) whether M/s Volga Restaurant, New Delhi, and the group have been favoured by not being prosecuted for defaulting in the payment of income-tax ; and

(b) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) No, Sir.

(b) Does not arise.

Arrest of Nayak Jaipal Singh

* 139. **SHRI MOHAMMAD ISMAIL :**

SHRIMATI JYOTSNA CHANDA :

Will the Minister of DEFENCE be pleased to state:

(a) whether a Naik of an army unit in Assam region was arrested by the police

at Bandarkhal railway station on the Bandarpur Lumding section in the North-Cachar hills of Assam in September, 1971, while he was possessing Rs. 36, 62, 072 in Indian currency; and

(b) whether any investigation was conducted in this matter ?

THE DEFENCE MINISTER (SHRI JAGJIVAN RAM) : (a). Yes Sir, however, the amount involved is Rs. 3,662.72 and not Rs. 36,62,072/-.

(b). The Naik has been tried by Summary Court Martial and given one year's R. I. in civil jail and dismissed from service.

विदेशी तेल कम्पनियों का उत्पादन क्षमता में वृद्धि करने से इंकार

* 140. **श्री आर० बी० बड़े :**

श्री एम० रामगोपाल रेड्डी :

क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कुछ विदेशी तेल कम्पनियों ने सरकार के आग्रह के बावजूद अपनी उत्पादन क्षमता में असमर्थता व्यक्त की है ; और

(ख) यदि हां, तो उन विदेशी तेल कम्पनियों के नाम क्या हैं तथा इस पर सरकार की क्या प्रतिक्रिया है ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) और (ख). एस्तो एवं कालटेक्स कम्पनियों की शोधनशालाओं के परिचालन स्तर में तत्काल ही अस्थाई

वृद्धि के बारे में उक्त कम्पनियों द्वारा अगस्त, 1971 में सीधे कदम नहीं उठाया गया था, यद्यपि वह किसी प्रकार की अस्थी-कृति नहीं थी। समस्त तीन कम्पनियां सितम्बर में अतिरिक्त अशोधित तेल को साफ करने में समर्थ हुई।

(b) whether the said team visited some of the educational and research institutions and factories to assess the facilities for preparing and training technicians and engineers for the above project ; and

(c) if so, the outcome thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) A team of Soviet Aircraft Experts is currently in India to examine the possibility of assisting us in setting up a design bureau.

(b) and (c) : Yes, Sir. The team visited certain educational and research institutions. It will not be in the public interest to give further details.

Increased Aid from Western Aid Consortium

*142. SHRI P. M. MEHTA: Will the Minister of FINANCE be pleased to state:

(a) whether India had requested the 15-member Western Aid Consortium for giving more aid as compensation for the enforced diversion of resources for refugee relief; and

(b) if so, whether any aid has been received from the 15-member Western Aid Consortium sponsored by the World Bank?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) In keeping with its interest in India's economic development, the World Bank Resident Mission in New Delhi recently made a study of the mounting burden of refugees from East Bengal and its impact on the Indian economy. Based on this study, the World Bank produced a report which formed the working paper for a special meeting of the Aid India Consortium which was called in Paris on October 26. The Government of India was also represented at this meeting. The Consortium estimated the cost of refugee relief for the financial year 1971-72 at \$700 million (Rs. 525 crores) and unanimously recognized the need for special assistance to offset the burden of refugee relief. A copy of the Press Release issued at the end of the Consortium meeting is laid on the Table of the Sabha. [Placed in library. see No.LT-1052/71]

(b) The members of the Aid India Consortium between them have accounted for a substantial portion of the assistance so far received for refugee relief, having pledged about Rs. 133 crores so far. It is hoped that further assistance will be forthcoming from these countries.

**Research to Produce an Ultramodern
and Sophisticated Fighter Plane**

*143. SHRI M. KALYANASUNDARAM: Will the Minister of DEFENCE be pleased to state:

(a) whether the Hindustan Aeronautics is doing research to produce an ultramodern and sophisticated fighter plane, which might be used by the Indian Air Force in 1980; and

(b) if so, the outcome thereof?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) Hindustan Aeronautics Limited is carrying out studies for design of an Advanced Aircraft for meeting the requirements of IAF.

(b) The study is still continuing.

**Plan to Start a Tourist Centre at
Nelliampathi, Kerala**

*144. SHRI A. K. GOPALAN: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government are having any plan to start a Tourist Centre at Nelliampathi, District Palghat, Kerala;

(b) if so, the main features thereof; and

(c) when a decision is likely to be taken in the matter?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) No, Sir.

(b) and (c) Do not arise.

Shortage of Small Coins

*145. SHRI MUHAMMED SHERIFF: Will the Minister of FINANCE be pleased to state:

(a) whether there has been any improvement in the availability of small coins in the country; and

(b) if not, the reasons therefor and next course of action to be taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) There has been considerable improvement in the availability of small coins in the country.

(b) The position will improve further with (a) the melting of small coins and hoarding of such coins for purposes of melting having been made an offence in law, and (b) the changes made in the alloys to be used for minting the 10 paise, 25 paise and 50 paise coins, with a view to stepping up the pace of output of these denominations.

**Closure of Gauhati Refinery due to
Accumulation of Finished Products**

*146. SHRI R. P. DAS: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Gauhati Refinery is facing shut down due to the accumulation of finished products as a result of dislocation of wagon movement;

(b) if so, the extent thereof; and

(c) the steps taken by Government to regularise the wagon supply therefor?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) No, Sir.

(b) and (c) Do not arise.

Steps to Improve Publicity Regarding Tourism.

***147. SHRI HARI SINGH:** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether his Ministry is lacking to acquaint the foreign tourists about India and the facilities available here for them; and

(b) if so, the steps Government propose to take to improve the publicity regarding tourism?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) No, Sir. The Department of Tourism has undertaken intensive publicity campaigns in all major tourist markets of the world to attract tourists to India. Publicity campaigns have been further intensified to attract foreign tourists to India from U. K., Europe and the United States in collaboration with Air India. That our publicity in foreign countries has paid good dividends is reflected in the 30% increase registered in tourist arrivals in 1969 and of 15% in 1970.

(b) efforts are constantly being made in this direction.

Differential Rates of Interest for Bank Loans

***148. SHRI P. VENKATASUBBAIAH :**
SHRI BANAMALI PATNAIK :

Will the Minister of FINANCE be pleased to state :

(a) whether the question of differential rates of interest for bank loans to people in the same sector was under examination;

(b) if so, the decision taken in the matter; and

(c) the steps taken or proposed to be taken to implement the same ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) to (c) The report of the Committee headed by Dy. Governor, Dr. R.K. Hazari is under examination and a decision in this regard is expected to be taken shortly.

Construction Work at Kanpur Airport

***149. SHRI S. M. BANERJEE:** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the construction work at Kanpur Airport has not yet started in spite of several assurances ;

(b) whether there is hardly any accommodation for the passengers at Kanpur Airport; and

(c) if so, the reason for the delay in starting the construction of Airport building?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) to (c). Efforts are being made for transfer of a suitable plot of land from the Ministry of Defence to the Civil Aviation Department for the construction of a civil enclave. Construction work is proposed to be started during the current Plan period.

Conference of Chief Ministers and State Finance Ministers for Raising Additional Resources

***150. SHRI CHINTAMANI PANIGRAHI :**
SHRI SHANKAR DAYAL SINGH :

Will the Minister of FINANCE be pleased to state :

(a) whether a Conference of Chief Ministers and State Finance Ministers was

held in New Delhi in October to consider ways and means to enable States to raise additional resources;

(b) If so, the subjects discussed; and

(c) the decisions taken thereon?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The Conference of Governors/Chief Ministers of States which met on the 12th October, 1971 discussed various issues relating to mobilisation of additional resources by State Governments in the context of the deficits in their budgets and the burden on the national economy on account of the influx of refugees from East Bengal. The discussions led to a general consensus on the following lines:—

- (i) State Governments would step up the effort to raise additional resources to meet their plan and non-plan obligations, both through fresh measures and through economies in expenditure on non-essential and non-priority items;
- (ii) The need to raise adequate resources from the more affluent sections in the agricultural sector was recognised. It was decided that the problems relating to taxation of income from agriculture should be studied by a committee;
- (iii) The States agreed to levy additional tax/surcharge/duty on certain instruments of mass circulation to help the Central Government in meeting the cost of relief to refugees from East Bengal.

Action on the measures for raising additional resources is to be taken by State Governments. It is not possible at this stage to indicate the likely yield from these measures.

Production of Coins

794. SHRI SAMAR MUKHERJEE : Will the Minister of FINANCE be pleased to state :

(a) whether the production of coins had been kept down resulting in the loss of millions of man-hours in Alipore, Bombay and Hyderabad Mints;

(b) if so, the reasons therefor;

(c) whether Government propose to take immediate steps to increase the production of coins in these mints; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). It is not a fact that production of coins had been kept down resulting in loss of millions of man-hours in the India Government Mints at Alipore, Bombay and Hyderabad. However as the Reserve Bank of India scaled down its coinage demand for the year 1968-69 and 1969-70, the Mints, which had been working 60 hours a week previously, reverted to 48 hours a week working in November, 1968. Therefore coinage production in 1969-70 was comparatively less than in the previous years but the spare capacity available with the Mints was utilised to some extent for producing coins and coin blanks for foreign Governments.

(c) and (d). Government have already taken steps to increase the production of coins in the Mints. The Alipore and Hyderabad Mints have started working 60 hours a week from October/November, 1970. The Bombay mint has started working in two-shifts of 54 hours each per week from July, 1970 and its labour strength employed in coinage production has been increased first in January, 1971 and again in May, 1971 for full utilisation of capacity.

The labour strength of Alipore Mint has been increased by drawing, in the first phase, about 175 employees from Silver Refinery, Calcutta for full capacity use. Augmenting the labour strength of Hyderabad Mint is also under consideration. The three Mints together at present producing more than 5 million coins per day and the number will increase further as soon as the changes in certain coinage alloys, already decided by Government, have been fully given effect to.

Arrears of Incometax Amounting to more than Rs. 1 Lakh Against Individuals and Firms

795. SHRI VAYALAR RAVI: Will the Minister of FINANCE be pleased to state :

(a) the total number of persons and companies having Income-tax arrears of more than one lakh rupees; and

(b) the action taken to collect these arrears?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The total number of assessee having income-tax arrears of over Rs. 1 lakh as on 31st March, 1971 is 6,052.

(b) The information regarding the action taken to collect the arrears involved in 6,052 cases is not readily available. Its compilation will take considerable time.

However, if the Hon'ble Member wants to have information regarding any particular case(s) the same would be made available.

The general measures already taken by the Government for expeditious recovery of arrears of income-tax are enumerated in the enclosed statement.

Statement

The following specific measures have been taken by the Government for recovery of arrears.

- (i) Taking over of recovery work hitherto done by officials of the State Governments. The Departmental Officers have taken over the tax recovery work fully or partly in all Commissioners' charges.
- (ii) The Functional Distribution Scheme under which the work of collection of taxes has been made the specific function of one or more Income-tax Officers in the Range was introduced in 1966 and has been further extended during last year.
- (iii) Sixty posts of income-tax Officers (collections) were sanctioned last year by the Government for attending to the work of liquidation of arrears demands.
- (iv) Acceptance of crossed cheques by the Department and opening of special receipt counters for this purpose in the Income-tax Offices
- (v) Publication of names of assessee who are defaulters in the payment of taxes over certain prescribed limits.
- (vi) Arrear Clearance Fortnights are being observed all over the country. During the period, special emphasis is laid on carrying out pending adjustments/rectifications, giving effect to appellate orders and collecting the net demands due from the

- (vii) Five Tax Recovery Commissioners have recently been posted in Calcutta, Kerala, Delhi, Nagpur and Hyderabad. In addition to administrative jurisdiction over Tax Recovery Officers, they will also have appellate jurisdiction with effect from 1-1-1972 to hear appeals against the orders of the Departmental Tax Recovery Officers. Further some Additional Commissioners of Income-tax are in exclusive charge of recovery work.

**Recovery of Income-Tax Arrears From
M/s Morikar Motors Trivandrum**

796. SHRI VAYALAR RAVI : Will the Minister of FINANCE be pleased to state :

(a) the action taken to collect the Income-tax arrears of Morikar Motors, Trivandrum; and

(b) what are the concessions granted to them ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) No arrears of Income-tax are outstanding against M/s. Morikar Motors, Trivandrum. Hence the question of taking any action to collect the Income-tax arrears does not arise.

(b) No concessions have been granted to them.

Rehabilitation Works in West Bengal

797. SHRI SAMAR GUHA : Will the Minister of FINANCE be pleased to state whether the crash employment programme in the rural areas in West Bengal and also small-scale drainage schemes will be integrated with the rehabilitation works in the flood affected areas of that State ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : Yes, Sir. It has been suggested to the State Government that adequate employment opportunities would be available to the flood affected population, on the extensive repair works on roads, embankments, etc., and under the crash programme for rural employment and rural works programme.

**Financial Assistant to West Bengal for
Relief and Rehabilitation of Persons
Affected by Floods**

798. SHRI SAMAR GUHA : Will the Minister of FINANCE be pleased to state :

(a) whether the Government of West Bengal requested the Central Government for giving aid and loans to the extent of about Rs. 71 crores for dealing with the problems of relief and rehabilitation arising out of the recent floods;

(b) if so, the reasons for extending aid and loans to this State only to the tune of about Rs. 31 crores; and

(c) the break-up of the loans and aid given for the various purposes of relief and rehabilitation works in that State ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The Government of West Bengal estimated their requirement of funds for various relief, rehabilitation and repair measures at Rs. 74.95 crores spread over two years 1971-72 and 1972-73. The Central team of officers which visited the State in September, 1971 to assess the requirement of funds has after detailed discussions with the State Government, recommended a ceiling of expenditure of Rs. 31.51 crores for purposes of Central assistance. A loan of Rs. 5 crores, including Rs. 2 crores

for agricultural inputs released by Ministry of Agriculture, has so far been sanctioned to the State Government. Further assistance in the shape of grants and loans will be provided to the State Government on the basis of the progress of expenditure which has been called for from them.

Employees Belonging to Scheduled Castes and Scheduled Tribes in Public Undertakings

799. SHRI AMBESH Will the Minister of FINANCE be pleased to state :

(a) the number of employees in each grade in each public undertaking; and

(b) the percentage of Scheduled Castes and Scheduled Tribes in each grade in each public undertaking ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). A statement showing the total number of employees and the representation of Scheduled Castes/ Scheduled Tribes class-wise in respect of 84 undertakings as on 1-1-1971 is laid on the Table of the House. [*Placed in Library. See No. LT—1053 171*] Information in respect of the remaining undertakings will be placed on the Table of the House.

Fixation of Seniority of Civilian Technical and Non-Technical Personnel of M. E. S.

800. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether the seniority of all civilian technical and non-technical personnel of the M. E. S., is now fixed on an All-India basis, instead of Command-wise, as was the case previously :

(b) if so, the effective date thereof ;

(c) whether inter command transfers of Civilian M. E. S., personnel are not allowed still and even applications for the same are not favourably forwarded by the Chief Engineers of Army Commands to the E-in-C's Branch at New Delhi, causing great hardships to such civilian M. E. S. , personnel ;

(d) if so, the reasons therefor; and

(e) the present policy of Government in such matters, and the steps being taken to ease matters in this regard ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). No, Sir.

Only certain categories of technical and non-technical class III staff such as Superintendents Grade I in-Charge of sub-divisions and Office Superintendents have been brought on an All-India roster for the purpose of seniority with effect from the 9th March, 1970.

(c) to (e). As far as possible, transfers of Class III and Class IV employees borne on Command roster are normally made within the Command and inter-Command transfers are made only on administrative or compassionate grounds. Requests for mutual inter-Command transfers are also sympathetically considered. Restricting transfers in junior categories to a Command is in the interests of the employees themselves.

Delay in Issue of Gazette Notification Re : Promotion of Doctors in Army

801. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether a large number of Army Doctors, who have been promoted from

time to time, are denied raise in their pay in the higher ranks from ante-date of promotion for years together because the procedures adopted by the AFMD at AHQ are slow and it takes years to gazette the promotions of such army doctors ;

(b) if so, the number of such doctors in the army who are still awaiting their turn for such a gazette notification in the last three years, year-wise; and

(c) what steps are being taken by Government to streamline the procedures in such matter in the A. F. Medical Directorate and in AHQ also so that raise in rank and pay is effected expeditiously, say within six months ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) No Sir, there has been no undue delay in the publication of Gazette Notifications regarding promotion of officers of the Army Medical Corps. However, Gazette, Notifications have yet to be published in respect of some Captains who have become eligible in 1970 and 1971 for promotion to the rank of Major after completion of six years reckonable service and passing the Senior Medical Officers' Courses at the Armed Forces Medical College, Poona, under the revised promotion rules promulgated in December, 1965. This is not due to any slow procedure adopted by Army Headquarters but due to difference in the interpretation of promotion rules by the Audit authorities.

(a)	1969	—	Nil
	1970	—	41
	1971	—	69

(c) The matter is actively being pursued with the Audit authorities.

Printing of Tourist Literature on Goa Submitted by Shri Dom Moraes

802. SHRI S. C. SAMANTA : Will the Minister of Tourism and Civil Aviation be pleased to state :

(a) whether Government have considered the text of the tourist literature on Goa submitted by Shri Dom Moraes to India Tourism Development Corporation; and

(b) if so, whether the literature has been printed ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) Yes, Sir. Messrs Advertising & Sales Promotion Company, New Delhi, were commissioned by the India Tourism Development Corporation to prepare the design and copy for the Goa Folder. The text prepared by Shri Dom Moraes was examined and accepted after certain modifications.

(b) The literature is under print and is expected to be ready by March, 1972.

Payment of Bonus to Officers of Public Undertakings

803. SHRI S. C. SAMANTA : Will the Minister of FINANCE be pleased to state :

(a) whether the Ministry of law have already given their interpretation to letter No. BPE/1 (5) Adv. (Fin.) /67 dated the 23rd June, 1970 issued by the Bureau of Public Enterprises regarding grant of ex-gratia payment to senior officers of public undertakings drawing salary of Rs. 1600 or above;

(b) whether these instructions are outside the purview of the Bonus Act; and

(c) whether any action has been taken to recover from the officers of the State Trading Corporation the amounts drawn in excess of Rs. 2,040 per annum during last two years to which they are not entitled ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The said orders have not been referred to the Ministry of law, as it was not necessary. However, the Department of Labour & Employment, Ministry of Home Affairs and other concerned Departments in the Ministry of Finance were consulted, as these were the Ministries' Departments concerned with the matter.

(b) Yes, Sir, as it is an ex-gratia payment and not bonus.

(c) Since the payment has been made in accordance with Government instructions, the question of recovery of any amount does not arise.

Seven-Year Plan of Co-Operation with U. N. Development Fund

804. SHRI P. VENKATASUBBAIAH: Will the Minister of FINANCE be pleased to state:

(a) whether a 7-year plan of Co-operation between the Union Government and the U. N. Development Fund was under consideration ;

(b) if so, the broad outlines thereof ; and

(c) the results expected to be achieved therefrom ?

THE MINISTER OF FINANCE : (SHRI YESHWANTRAO CHAVAN) (a) to (c). The Governing Council of the United Nations Development Programme

has decided to introduce the new system of "Country Programming" w. e. f. the 1st January 1972 for assistance to the developing countries as distinguished from the system of project-to-project assistance hitherto adopted. The new system involves the identification in advance of the use of UNDP inputs in various sectors in relation to the recipient country's development objectives, within an Indicative Planning Figure (IPF) over a period of years.

An amount of \$ 50 million has been allocated to India for a period for 5 years from 1972 to 1976. However, a Country Programme for a 7-year period from 1-4-1972 to 31.3.1979 (the end of the Fifth Plan period) is being drawn up to make it co-cyclical with our Plan period, as the five-year period takes us only to the middle of the Fifth Plan. Extra UNDP assistance for the additional period has been assumed.

The Draft Country programme document is still under preparation. It is expected to include a large number of projects in the various developmental sectors. The Programme is being drawn up in consultation with the concerned Ministries of the Government of India and the Planning Commission.

The Country Programme is designed to help in bridging critical technological and manpower gaps in our economy and accelerate the growth process.

Distribution of Fertiliser through Petrol Stations

805. SHRI P. VENKATASUBBAIAH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Indian Oil Corporation proposed to distribute fertilisers through its petrol stations in rural areas in arrangement with the Fertiliser Corporation of India in order to make available fertilisers to farmers easily ;

(b) if so, the main features of the proposal ; and

(c) the steps taken so far to implement the same ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) to (c). The Indian Oil Corporation is encouraging its retail outlet dealers in the predominantly rural areas to distribute fertiliser to the farmers who come to the retail outlets for their requirements of fuels. Under this scheme, supplies of fertiliser are effected by the Fertiliser factory concerned to the dealers who thereafter effect sales to the agriculturist.

आन्ध्र प्रदेश के सूबाग्रस्त क्षेत्रों के लिए केन्द्रीय सहायता

806. डा० संकटा प्रसाद : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या आन्ध्र प्रदेश सरकार ने राज्य में सूखे की स्थिति के कारण केन्द्रीय सहायता के लिए अनुरोध किया है ;

(ख) क्या जो राशि मांगी गई है वह कम से कम है और स्थिति का मुकाबला करने के लिए अधिक धन की आवश्यकता है ; और

(ग) यदि हां, तो इस बारे में सरकार द्वारा क्या कार्यवाही की जा रही है ?

वित्त मन्त्रालय में राज्य मंत्री (श्री के० आर० गरेश) : (क) से (ग). जब तक केन्द्रीय सहायता के प्रयोजनार्थ धन की आवश्यकता का निर्धारण करने के लिए केन्द्रीय अधिकारियों के दल द्वारा दौरा नहीं कर लिया जाता तब तक के लिए

आन्ध्र प्रदेश ने अगस्त, 1971 में 10 करोड़ रुपये की तदर्थ सहायता मांगी थी। चूंकि केन्द्रीय सहायता सामान्यतः व्यय की प्रगति के आधार पर, प्रतिपूर्ति के रूप में दी जाती है, इसलिए तब तक किये गये व्यय की पूर्ति के लिए 2 करोड़ रुपये की स्वीकृति दी गयी थी।

केन्द्रीय दल अब राज्य का दौरा कर चुका है और उसने सूखे से प्रभावित क्षेत्रों में विभिन्न राहत कार्यों के लिए 18.50 करोड़ रुपये के व्यय की अधिकतम सीमा की सिफारिश की है। इसे स्वीकार कर लिया गया है और राज्य-सरकार को इसकी सूचना भेज दी गयी है। और अधिक धन देने के लिए राज्य सरकार से, उक्त अधिकतम व्यय-सीमा के मुकाबले, वास्तविक व्यय की प्रगति की सूचना मांगी गयी है।

World bank Assistance sought by Tamil Nadu Water Supply and Drainage Board

807. SHRI M. M. JOSEPH : Will the Minister of FINANCE be pleased to state:

(a) whether Tamil Nadu Water Supply and Drainage Board had sought World Bank assistance for rural water supply schemes ; and

(b) if so, the particulars thereof and the assistance received in this regard ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) No, Sir.

(b) : Does not arise.

Vazir Sultan Tobacco Company

808. SHRI RAJA KULKARNI : Will the Minister of FINANCE be pleased to state :

(a) whether Vazir Sultan Tobacco Company has a majority foreign equity and that some of its foreign shareholders are common with Indian Tobacco Company ; and

(b) if so, the position and policy of Government for the Indianisation of Foreign Companies ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) :

(a) and (b). The equity capital of M/s. Vazir Sultan Tobacco Co. Ltd. is Rs. 2 crores. Of this the following four U. K. companies hold 65. 6% made up as under:

i) Raleigh Investment Company Ltd.	(44.2%)
ii) Tobacco Investment (India) Ltd.	(15.6%)
iii) Tobacco Investments Ltd.	(5.0%)
iv) Carrearas Ltd.	(0.8%)

The three companies at (ii), (iii) & (iv) above held respectively 54.5%, 17.4% and 2.8% i. e., 74.7% in all in the equity capital of India Tobacco Co. Ltd., Calcutta.

Government's policy is to secure a progressive reduction in the ratio of foreign holding in foreign majority companies, whenever such companies have occasion to make additional investments on expansions, diversification etc., so that no disinvestment resulting in repatriation of capital is involved. However, in the case of companies where such opportunities for

[securing dilution of foreign holding without disinvestment might not be forthcoming, the reduction of foreign holding even at the cost of repatriation of capital, might be insisted upon on a selective basis as a condition of other Government approvals sought by them, provided it is considered in the national interest to do so.

Aid Given to States affected by Floods

809. DR. RANEN SEN : Will the Minister of FINANCE be pleased to state the amount of aid given to various States which were affected by heavy rains and floods during the current year ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : Financial assistance released so far to various State Governments towards flood and cyclone relief measures in 1971-72 is as follows :

(Rs. in lakhs)

Name of State	Assistance given for relief measures by the Ministry of Finance	Short-term loans for agricultural inputs given by the Ministry of Agriculture	TOTAL
(1)	(2)	(3)	(4)
Bihar	500.00	725.00	1225.00
Kerala	30.00	2.18	32.18
Orissa	300.00	300.00	600.00
Uttar Pradesh	300.00	1500.00	1800.00
West Bengal	300.00	200.00	500.00

**Assistance to Mysore for areas
affected by Drought**

810. SHRI DHARMRAO AFZAL-PURKAR : Will the Minister of FINANCE be pleased to state :

(a) the amount so far granted to the State of Mysore to tide over the crisis created by drought condition in the State; and

(b) the total damage to the crops and the relief measures undertaken by Government so far.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) On the basis of the recommendations of a central team of officers that visited Mysore to assess the drought situation, a ceiling of expenditure of Rs. 5.49 crores on various relief measures has been accepted for purposes of Central assistance and communicated to the State Government. An advance of Rs. 3 crores has already been sanctioned to the State Government to meet their immediate requirement of funds for relief measures. Further assistance will be considered on the basis of the progress of expenditure to be reported by the State Government as against the approved ceilings.

(b) According to the information furnished by the State Government to the Central team, the percentage of damage caused to kharif crops varies from 25% to 100%.

The relief measures taken up by the State Government include the stepping up of rural works programme, new relief works in taluks not covered by the rural works programme, sinking of new wells for irrigation, emergency feeding of vulnerable sections of population, loans to cultivators for seed and fertilisers, etc.

**‘फिनाइल’ और ‘इथाइल’ ऐलकोहल का
उत्पादन**

811. श्री अटल बिहारी वाजपेयी : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश में फिनाइल, इथाइल, ऐलकोहल की वार्षिक खपत लगभग 120 टन है और अगस्त, 1970 तक इसकी सारी मात्रा आयात होती थी;

(ख) क्या मिट्टालगल्ली (मंसूर) स्थित 150 टन उत्पादन क्षमता वाले एक संयंत्र ने अगस्त, 1970 से ‘फिनाइल’, ‘इथाइल’, ऐलकोहल का उत्पादन प्रारम्भ कर दिया है; और

(ग) ‘फिनाइल’, ‘इथाइल’, ऐलकोहल के आयात को बन्द करने और स्वदेशी उत्पादन बढ़ाने के लिए क्या कार्यवाही की जा रही है ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) जी हां ।

(ख) जी हां ।

(ग) देशीय उत्पादन को ध्यान में रखते हुए इस मद के आयात विनियमों में परिवर्तन कर दिया गया है ।

**Meeting of Soda Ash Manufacturers and
Glass Manufacturers**

812. SHRI BANAMALI PATNAIK : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether a meeting between Soda Ash manufacturers, Glass manufacturers

and Government officials was held at Bombay last year to discuss the problems of distribution of Soda Ash;

(b) if so, the names of the manufacturers of Soda Ash who attended the meeting and who did not attend the same;

(c) whether Government have taken note of such firms who did not attend the said meeting for their non-cooperation, if so, the reaction of Government thereto; and

(d) the outcome of the said meeting with regard to supply of Soda Ash to glass factories with the decrease or increase, if any ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) :

(a) A meeting was held in Bombay on 25th November, 1970 between the representatives of the Glass Industry and representatives of the Alkali Manufacturers to discuss the problems of supply of Soda Ash to Glass manufacturing units in the country. Representatives of Government also attended the meeting by invitation.

(b) The minutes of the meeting issued by the All India Glass Manufacturers Federation do not mention the names of the Soda Ash manufacturers who did not attend the meeting.

(c) Does not arise.

(d) One of the suggestions made at the meeting was regarding import of further quantities of Soda Ash to meet the shortage. The State Trading Corporation has already effected import of 10,000 tonnes of Soda Ash. Out of the first consignment of 5,000 tonnes of heavy Soda Ash, 2,000 tonnes have already been sold to the manufacturers of glass borne on the list of Directorate General of Technical Development. The balance 3,000 tonnes

have been sold to Small Scale users under the charge of the Development Commissioner, Small Scale Industries. The distribution of the second consignment of 5,000 tonnes is under way.

मद्रास फटिलाइजर्स लिमिटेड में

उत्पादन में विलम्ब

813. श्री ज्ञानेश्वर प्रसाद यादव :

श्री आर० बी० बड़े :

क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मद्रास फटिलाइजर्स लिमिटेड पर 65 करोड़ रुपये लागत आने का अनुमान था और उसमें उत्पादन 1969 से प्रारम्भ होने वाला था;

(ख) समय पर उत्पादन प्रारम्भ न किये जाने के क्या कारण हैं;

(ग) क्या उक्त विलम्ब के कारण लगभग 20 करोड़ रुपये की हानि के होने की संभावना है; और

(घ) क्या इस देरी के लिए जिम्मेदार व्यक्तियों के विरुद्ध सरकार का कोई कार्यवाही करने का विचार है ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) वर्ष 1969 में, जब सन्यन्त्र का निर्माण-कार्य प्रारम्भ हुआ था, लगाये गये अनुमान के अनुसार इस प्रायोजना की लागत 55 करोड़ रुपये थी तथा उक्त सन्यन्त्र द्वारा 1970 के मध्य तक नियमित रूप से उत्पादन करने की आशा थी। अगस्त, 1970 में प्रायोजना की

आयत का 65 करोड़ रुपये तक पुनरीक्षण किया गया था।

(ख) उत्पादन के कार्यक्रम के अनुसार प्रारम्भ न होने के मुख्य कारण ये थे :—

(i) उपकरणों की प्राप्ति में विलम्ब, और

(ii) ठेकेदार के मजदूरों की हड़ताल एवं अन्य श्रमिक समस्याएँ।

(ग) जी, नहीं। जैसा कि ऊपर बताया गया है, 1967 से प्रायोजना की लागत में लगभग 10 करोड़ रुपये की वृद्धि हुई है और यह वृद्धि, सामग्री एवं सेवाओं के मूल्यों में वृद्धि, कई उपकरणों के प्रादय के स्रोत में परिवर्तन तथा ब्याज आदि के भुगतान से होने वाले व्यय जैसे तथ्यों के कारण थी।

(घ) उपर्युक्त तथ्यों को दृष्टि में रखते हुए, विलम्ब के लिए किसी विशेष व्यक्ति या पार्टी को उत्तरदायी नहीं ठहराया जा सकता है। अतः किसी प्रकार की कार्य-बाही करने का प्रश्न नहीं उठता।

Locking out of the Bharat Earth Movers Limited, Bangalore

814. SHRI B.N. REDDY : Will the Minister of DEFENCE be pleased to state :

(a) whether the Bharat Earth Movers Limited, Bangalore, has been locked out from the 21st September, 1971 ;

(b) If so, the reasons thereof ; and

(c) The steps taken by Government to remove the lock-out ?

**THE MINISTER OF STATE
(DEFENCE PRODUCTION) IN THE**

MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c). Bharat Earth Movers Limited had to declare a lock-out from 21st September, 1971 consequent upon agitational activities, such as, 'dharna' picketing, demonstration, threatening of loyal workers and tampering with plant and machinery and by striking employees thus endangering the safety of personnel and company property. The agitation was launched by the employees in pursuance of their demand to pay them bonus at a much higher rate than admissible under the Bonus Act. The Management on the other hand had offered them a substantially larger bonus than what was strictly admissible under the law. Subsequently, the Employees' Unions agreed to call off their unjustified agitation and unlawful activities for the redressal of their grievances. They also accepted the terms earlier offered by the Management. The lock-out was, therefore, lifted on 2nd October, 1971. A settlement has also been concluded with the Employees' Unions in regard to payment of bonus.

Committee on Operational Efficiency of Public Undertakings

815. SHRI BIRENDER SINGH RAO :
SHRI MUKHTIAR SINGH
MALIK :

SHRI J.B. PATNAIK :

Will the Minister of FINANCE be pleased to state :

(a) whether a Committee has been set up by Government to suggest measures for improving the operational efficiency of public sector undertakings and suggest ways and means to remove the ills of the Public Sector ;

(b) if so, the composition and terms of reference of the Committee ; and

(c) the time by which the Committee is likely to submit its report to Government ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). It is not clear to which Committee the Honourable Members are referring. Government keep under constant review the performance of Public Enterprises, with a view to evolving measures for improving the efficiency and profitability of these undertakings. Committees are also set up, as and when necessary, to look into specified aspects of the functioning of various Public Enterprises. At present there is also a proposal under consideration to set up a top level Advisory Steering Group to undertake a thorough review of the working of selected Public Enterprises, and to make suitable recommendations. The composition and terms of reference of this Group are expected to be finalised shortly.

Establishment of Petro-Chemical Complex in Kerala

816. SHRI A. K. GOPALAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are aware that the Kerala State Legislative Assembly has adopted a resolution regarding the establishment of Petro-Chemical Complex in Kerala ; and

(b) if so, the reaction of Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) and (b). No communication has been received from the Government of Kerala regarding any resolution adopted by the Kerala State Legislative Assembly on

the subject of a petrochemical complex in Kerala.

Application for setting up Nylon, Textile Filament Yarn Units

817. SHRI A. K. GOPALAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) how many applications have been received by Government for setting up Nylon Textile Filament Units; and

(b) which are the parties and which are the States where such units are proposed to be set up ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) The number of applications pending with the Ministry is 130.

(b) A statement showing the names of the applicants and the location of the units proposed by them is laid on the Table of the House.

[Placed in Library see No. LT. 1054/71]

Cases referred to Monopolies and Restrictive Trade Practices Commission

818. SHRI C. CHITTIBABU : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) the number of cases referred to the Monopolies Commission under the Monopolies and Restrictive Trade Practices Act;

(b) whether the Act is not very clear regarding the "inter-connection" between companies of one group; and

(c) If so, the steps Government have taken to remove this ambiguity ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) 23 applications under Chapter III of the M.R.T.P. Act, 1969 have so far been referred to the M.R.T.P. Commission.

(b) and (c). The Government is considering amendments to the definition of the term "inter-connected undertakings" for the purpose of making it more scientific in view of abolition of managing agency system.

Damage caused by Floods in Barauni

819. **SHRI N. E. HORO:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the estimate of damage caused due to the flood effect in Barauni; and

(b) the steps taken by Government to save this loss ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) There was no damage caused to the Barauni Refinery due to recent floods in Barauni. However, an expenditure of Rs. 6,000/- was incurred by the refinery on the protective measures taken to prevent flood waters entering the refinery and townships.

(b) Does not arise.

Technical Team to study Damage Caused by Heavy Rains and Floods in Bihar

820. **SHRI R. P. ULAGANAMBI:**
SHRI RAM SHEKHAR PRASAD SINGH:

Will the Minister of FINANCE be pleased to state :

(a) whether the 8-Member Technical Team set up by the Planning Commission

has visited and made an on-the-spot study of the extent of damage caused by heavy rains and floods in Bihar;

(b) if so, the recommendations made by the Team; and

(c) the Central assistance given to the Bihar Government for providing relief to the affected people ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). A Central team of officers visited Bihar in August, 1971 and assessed the requirement of funds for relief measures for purposes of Central assistance. This team has recommended, for purposes of Central assistance, a ceiling of Rs. 46.275 crores on various relief, rehabilitation and repair measures necessitated by the floods and heavy rains. This ceiling has been accepted subject to a further review. An amount of Rs. 12.25 crores, including Rs. 7.25 crores as short-term loan for agricultural inputs, has so far been sanctioned to the State Government. Further assistance will be released on the basis of the progress of expenditure.

Setting up of Alloy Steel Plant at Kanpur

821. **SHRI B. D. CHANDRA GOWDA:**

SHRI YAMUNA PRASAD MANDAL:

Will the Minister of DEFENCE be pleased to state :

(a) whether there is any proposal under consideration of Government to set up an Alloy Steel Plant at Kanpur;

(b) if so, the main features thereof;

(c) the time by which the work on this project will be started; and

(d) the financial implications thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) The Government have already sanctioned the setting up of the Special Steels Project in the Defence Sector at Kanpur.

(b) A large number of alloy and special steels required for the modern armaments production will be produced in this Factory. The project will have a capacity of 16,400 tonnes per year of finished sections such as billets, small and medium sections, sheets, strips and so on.

(c) The work connected with the planning of the project has already commenced.

(d) The Government have sanctioned an estimated expenditure of Rs. 46.01 crores including Rs. 5.36 crores in foreign exchange to set up this Project.

Towers set up by Pindi along Truce Line in Jammu Area

822. SHRI D. B. CHANDRA GOWDA : Will the Minister of DEFENCE be pleased to state :

(a) whether Government have seen the press reports in the "Hindustan Times" dated the 26th October, 1971 wherein it has been stated that Pindi have set up towers along the truce line in the Jammu area; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) Yes, Sir.

(b) Developments across the border are taken into consideration in drawing up our defence plans.

Construction of Houses for Employees of Bharat Earth Movers, Bangalore

823. SHRI A. K. GOPALAN : Will the Minister of DEFENCE be pleased to state :

(a) whether Government propose to take steps to construct housing quarters for the employees of Bharat Earth Movers, Bangalore on a top priority basis ;

(b) if so, when; and

(c) if not, the reasons thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c). Bharat Earth Movers Limited has two factories, viz., the Earth Mover Factory at Kolar Gold Fields and the Railcoach Factory at Bangalore. A housing colony for the Kolar Gold Fields factory has already been constructed. As regards the Railcoach Factory, about 420 employees of this factory are at present occupying quarters in the housing colony of Hindustan Aeronautics Limited, Bangalore. Bharat Earth Movers Ltd. have initiated action to acquire suitable land for building a housing colony for the Railcoach Factory at Bangalore also. However, in view of the need for economy in the present situation, the construction of the colony will have to wait for some time.

Mining of International Border from Rajasthan to Ladakh by Pakistani Troops

824. SHRI K. LAKKAPPA : Will the Minister of DEFENCE be pleased to state :

(a) whether recently the Pakistani troops have heavily mined the entire international border from Rajasthan to Ladakh in violation of the ground rules;

(b) whether the explosions of these mines have killed and injured civilians and the Indian troops;

(c) whether there is also heavy concentration of Pakistani troops on the Rajasthan border and along the Rann of Kutch ; and

(d) the steps taken to meet the situation ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). Government have seen reports that the Pakistani troops have mined selected areas in the territory across our Western borders. There is no information of any Indian troops or civilians having been killed or injured by explosion of these mines.

(c) and (d). Pakistani forces are concentrated all along our borders including the areas across Rajasthan and Rann

of Kutch. Government have taken adequate steps to meet the situation.

Cost of Living Index

825. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE be pleased to state :

(a) the changes in the Cost of Living Index since the presentation of the Budget for 1971-72 (month-wise); and

(b) the comparable changes in the corresponding period during the last year ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). A statement giving the All-India Consumer Price Index Numbers for Industrial Workers for the months from May to September, 1971 (the latest available) and for the corresponding period of 1970 is enclosed.

Statement

All-India Industrial Workers' Consumer Price Index

Facilities for subsidised transportation and welfare amenities to the Employees of Bharat Earth Movers

826. SHRI M. K. KRISHNAN : Will the Minister of DEFENCE be pleased to state :

(a) whether there is any proposal under consideration to provide the employees of Bharat Earth Movers with the facilities of subsidised transportation and other welfare amenities like school, co-operative society, sport clubs, reading rooms etc; and

(b) if so, when ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) and (b). Bharat Earth Movers Limited has two factories viz., the Earth Mover Factory at Kolar Gold Fields and the Railcoach Factory at Bangalore. For the Earth Mover Factory at Kolar Gold Fields a housing colony has been constructed by the company near the Factory and amenities such as school, cooperative society, sports club, and reading room, etc., are provided in this colony. As regards the Railcoach Factory at Bangalore, about 420 of the employees who were employed in the Bangalore Division of Hindustan Aeronautics Ltd. before its separation from HAL are occupying quarters in the HAL township and they are eligible to avail of amenities such as school, sports club, etc., in the township. As regards cooperative society, about 2400 employees of the Railcoach Factory who were previously employed in the Bangalore Division of the HAL are members of the Vimanapura Cooperative Stores of HAL. The Railcoach Factory has also organised a separate Labour Welfare Fund and Sports Club for the benefit of its employees.

2. As regards subsidised transport, the employees of the Railcoach Factory at

Bangalore are provided with subsidised transport facility in the HAL buses. In the case of the Kolar factory, no such transport facility is required for those living in the company's township near the factory. However, the question of grant of a suitable conveyance allowance to the employees of Kolar Factory living at a distance of more than 3 miles from the factory is under the Management's consideration. The Company has also taken up with the Mysore State Road Transport Corporation for providing extra services on Sundays and Holidays for the benefit of the employees of the Kolar Factory living in the Company's township, for marketing purposes, etc.

Money advanced by Life Insurance Corporation to various parties in Delhi

827. SHRI AMAR NATH CHAWLA : Will the Minister of FINANCE be pleased to state :

(a) the number, names and addresses of parties in Delhi whom Life Insurance Corporation of India had advanced money against the mortgage of their immovable property along with the total amount advanced to each;

(b) whether all of these parties have been paying the instalments due to the Corporation in time ; and

(c) in case there have been defaulters, their names and the steps Government have taken or propose to take to recover the amount due to the Corporation from them ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The information asked for is not readily available. Further, the number of borrowers runs into thousands. A majority of borrowers have been paying the loan instalments in time but

there have been a few cases of default. When default occurs, the LIC asks the borrowers to remove it, but if the default continues the LIC takes appropriate steps to enforce its legal rights, including appointment of receivers and filing of suits for recovery.

If the Hon'ble Member has in view any particular case, the same could be looked into and details furnished.

Nationalisation of Foreign Oil Refineries

828. SHRI AMAR NATH CHAWLA :
SHRI R. V. BADE :
SHRI DEVINDER SINGH
GARCHA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the question of nationalisation of foreign oil refineries has been under consideration of Government for a long time; and

(b) if so, the decision taken in this regard ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):
(a) and (b). The question of revision of the Refinery Agreements as also other alternative proposals is still under examination by the Government.

Setting up new Oil Refineries in the Country.

829. SHRI AMAR NATH CHAWLA:
Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the new Oil Refineries Government propose to set up in the country and the proposed locations thereof; and

(b) their estimated capacity and the time by which these proposed refineries are likely to start functioning ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) The Government proposes to set up two oil refineries one in Assam and the other in the north-west region. No decision in regard to the location of the proposed refineries has yet been taken.

(b) The proposed refinery in Assam will have a capacity of 1 mtpa and the capacity of the north-west refinery will be about 6 mtpa. These projects are expected to be commissioned in the fifth plan period.

Revision of Refinery Agreements with Foreign Oil Companies

830. SHRI AMAR NATH CHAWLA :
SHRI MUHAMMED SHERIFF :
SHRI B. S. BHAURA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether a decision has since been taken on the revision of the Refinery agreements with foreign oil companies;

(b) if so, the nature of the decision taken;

(c) in case no decision has so far been taken, the reasons therefor and the main alternatives being considered by Government in respect of foreign oil refineries; and

(d) the time by which a final decision in this respect is likely to be taken ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) to (d). The question of the revision of Refinery Agreements as also other

alternative proposals such as equity participation etc. is under examination by the Government. It is difficult at this stage to indicate a time schedule.

**Decline in Employment Potential of
Joint Stock Companies**

831 SHRIMATI SAVITRI SHYAM :
Will the Minister of COMPANY
AFFAIRS be pleased to state :

(a) whether Government are aware that even in highly prosperous Joint Stock Companies, such as Hindustan Lever Limited, overall employment has considerably gone down from year to year;

(b) whether one of the steps under consideration in this connection is compulsory mention of the strength of permanent employees on roll in the annual balance sheet of all joint stock companies;

(c) whether Government are considering that under wages, salaries and staff benefits, the expenses on Management and non-management staff be given separately; and

(d) the other steps Government propose to take to reverse this trend ?

**THE MINISTER OF COMPANY
AFFAIRS (SHRI RAGHUNATH
REDDY):** (a) Government has no such information in general as the companies are not required under the provisions of the Companies Act to furnish information about the number of workers employed.

(b) Alteration in Schedule VI of the Act has been made requiring companies to indicate separately the number of employees of the company who are in receipt of or are entitled to monthly emoluments of Rs. 2000/- or above.

(c) Item 4 of Part II of Schedule VI of the Companies Act, 1956 already provides for separate disclosure of remuneration paid to the managerial personnel such as directors, including managing directors, and manager.

(d) Does not arise in view of the replies to parts (a) and (b).

**Paper used for Printing of Currency
Notes**

832. SHRIMATI SAVITRI SHYAM :
Will the Minister of FINANCE be pleased to state :

(a) whether the paper used for printing of currency notes in the country is of inferior quality;

(b) if so, the reasons for using the inferior quality of paper;

(c) whether it is a fact that the life-time of a currency note has been reduced to even less than half of the life-time of the superior quality note paper;

(d) whether Government propose to use superior quality note paper; and

(e) if so, when ?

**THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH):** (a) No, Sir, the paper used for printing currency and bank notes is being produced indigenously from the year 1967-68 and its quality has throughout been as good as that of the paper which used to be imported previously.

(b) Does not arise.

(c) Far from the life-time of the currency and bank notes having gone down, it has had to be extended in actual fact because the printing capacity has not been able to cope up with the increasing demand. This has necessitated the re-circulation of notes for longer durations than was the case in the past. The result is that a larger proportion of notes in circulation appear soiled and worn out. This may have given the impression, that the paper used is inferior. That impression, however, is erroneous.

(d) and (e). Do not arise, but steps have been taken to increase the printing capacity.

औद्योगिक इकाइयों को, औद्योगिक वित्त निगम द्वारा दिये गये ऋण

833. श्री अटल बिहारी वाजपेयी : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन वर्ष में औद्योगिक वित्त निगम द्वारा बड़ी, मध्यम और लघु प्रत्येक श्रेणी की औद्योगिक इकाइयों को प्रत्येक वर्ष कितना-कितना ऋण दिया गया; और

(ख) प्रत्येक वर्ष भारत के सबसे बड़े 20 व्यापार गृहों से सम्बद्ध सभी औद्योगिक इकाइयों को कुल ऋण का कितने प्रतिशत भ्रम दिया गया ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण):

(क) और (ख). औद्योगिक वित्त निगम अधिनियम, 1948 के अन्तर्गत केवल सरकारी कंपनियों और सहकारी समितियों को ही भारतीय औद्योगिक वित्त

निगम से सम्बन्धी अवधि की वित्तीय सहायता मिल सकती है और ये प्रायः मध्यम और बड़े पैमाने के औद्योगिक एककों की ही स्थापना करती है।

अपेक्षित सूचना संलग्न विवरण में दी गयी है।

विवरण

पिछले तीन वित्तीय वर्षों (1968-69, 1969-70 और 1970-71) में भारतीय औद्योगिक वित्त निगम द्वारा लघु, मध्यम और बड़े पैमाने के उद्योगों को स्वीकृत और वितरित किये गये ऋणों का विवरण और उसी अवधि में उन औद्योगिक एककों को, जो औद्योगिक लाइसेंस जांच समिति के प्रतिवेदन के परिशिष्ट 11 में पहले सूचीबद्ध किये गये 20 व्यापारिक समूह से सम्बन्धित हैं, स्वीकृत और वितरित किये गये ऋणों की प्रतिशतता :

औद्योगिक एकक	(लाख रुपयों में)					
	1968-69		1969-70		1970-71	
	स्वीकृत	वितरण	स्वीकृत	वितरण	स्वीकृत	वितरण
लघु	—	—	—	—	—	—
मध्य	46.25	33.82	67.53	15.75	29.40	42.58
बड़े पैमाने के	2472.66	1737.11	2013.05	1627.06	3100.83	1603.76
जोड़ :	2519.91	1770.93	2080.63	1642.81	3130.29	1646.34

औद्योगिक लाइसेंस जांच समिति के प्रतिवेदन के परिशिष्ट 11 में पहले सूचीबद्ध किये गए 20 व्यापारिक समूह संबंधित औद्योगिक एककों को स्वीकृत तथा वितरित किये गये ऋणों की प्रतिशतता

टिप्पणी : 1. वितरण राशि में पहले स्वीकृत की गयी रकमों भी शामिल हैं।

2. औद्योगिक वित्त निगम उसी औद्योगिक एकक को मध्य पैमाने का उद्योग मानता है जिस सम्बन्धित प्रतिष्ठान की कुल पूंजी वित्तीय सहायता स्वीकृत करने की तिथि पर 50 लाख रुपये से अधिक न हो इसमें उस नये निवेश की रकम भी शामिल की जा सकती है जिस के लिये सहायता की स्वीकृति दी गयी है।

3. अन्य सभी एकक जो 50 लाख रुपये की सीमा से अधिक हैं, बड़े पैमाने के उद्योग समझे जाते हैं।

**सीमा शुल्क सम्बन्धी अध्ययन दल
की सिफारिश**

834. श्री अटल बिहारी वाजपेयी :
क्या वित्त मंत्री यह बताने की कृपा करेंगे
कि :

(क) सीमा शुल्क सम्बन्धी अध्ययन दल द्वारा अपनी चतुर्थ श्रेणी कर्मचारियों के पुनर्गठन सम्बन्धी रिपोर्ट (भाग-11) के पैरा 8.29 में क्या सिफारिशें की गई हैं; और

(ख) इस सम्बन्ध में क्या कार्यवाही की गई है ?

। वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश): (क) सीमा शुल्क अध्ययन दल ने सिफारिश की थी कि निवारक व्यवस्था में बाहरी कार्यों पर नियुक्त सिपाहियों के महत्व को मान्यता दी जानी चाहिये और उन्हें सीमा पुलिस के सदृश्य मान कर उनके वेतन-मानों तथा पदोन्नति-सम्भावनाओं में सुधार किया जाना चाहिये यदि आवश्यक हो तो निवारक और बाहरी कार्यों को निम्न भीतरी कार्यालयी कार्यों से अलग करके भिन्न संवर्ग बना दिया जाना चाहिये ।

(ख) इस सिफारिश की सावधानी पूर्वक जांच-पड़ताल की गई थी । तत्कर-व्यापार विरोधी कार्यों पर लगे हुये सिपाहियों के पृथक-संवर्ग में, उनके कार्यों को देखते हुए, यह आवश्यक होगा कि उनकी सेवा-निवृत्ति की आयु कम कर दी जाय जैसा कि पुलिस में है । सिपाहियों के सम्बन्धित संघ को यह स्वीकार्य नहीं था ।

Flights Operated by Indian Airlines

835. DR. KARNI SINGH :
SHRI FATEHSINGHRAO
GAEKWAD :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the total number of flights operated by the Indian Airlines between the 1st April, 1970 and 31st March, 1971;

(b) how many of them were delayed or cancelled;

(c) the main reasons for the delay and cancellation of flights; and

(d) the steps being taken by Government to rectify the situation ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) 43,094.

(b) Number of flights delayed beyond 30 minutes . . 20,473

Number of flights cancelled . . 4,734

(c) The requisite information is given in the attached statement.

(d) The bulk of the delays were 'consequential' and arise from the operational pattern whereby the same aircraft has to operate a number of flights. With the acquisition of more aircraft, the Corporation may be able to provide stand-by aircraft which would reduce such delays.

Some delays were due to bad weather and were beyond the control of the operator. As regards delays due to engineering snags and other factors, constant efforts are being made by the Corporation to minimise them. The period in question was marked by considerable dislocation of services due to 'go-slow' and 'work to rule' and strikes, culminating in a lock-out.

**Fraud committed at State Bank of
India, Delhi Cantonment**

836. SHRI Y. ESWARA REDDY :
Will the Minister of FINANCE be pleased
to state :

(a) whether any investigation has been
made into the fraud committed at State
Bank of India, Delhi Cantonment invol-
ving a sum of Rs. 18 lakhs;

(b) whether any action has been taken;

(c) if so, the nature thereof ; and

(d) the steps being taken to expedite
the investigation ?

THE MINISTER OF FINANCE (SHRI
YESHWANTRAO CHAVAN : (a) to
(d). The State Bank of India has
reported that no fraud involving

a sum of Rs. 18 lakhs was com-
mitted at its Delhi Cantonment branch
but some irregularities were noticed in
the advances made at the branch to
agriculturists, small-scale industrialists,
transport operators and small businessmen.
The amount involved in these irregulari-
ties is about Rs. 16 lakhs. The main
irregularities noticed were as follows :

(i) In some cases advances made are
in excess of the reasonable requirements
of the parties.

(ii) Sanctions for advances have not
been obtained from the controlling
authority.

(iii) In some cases documents are not
properly executed or all the necessary
documents have not been obtained.

(iv) The security charged to the bank
is inadequate.

(v) Pre sanction and post-sanction
inspections have not been carried out.

(vi) Proper scrutiny of loan applica-
tions was not made before advancing
loans.

The bank has reported that the then

**Statement made by Air Chief Marshal
regarding Air Space Violations by
Pakistan**

837. SHRI VIJAY PAL SINGH :
Will the Minister of DEFENCE be pleased
to state:

(a) whether the attention of Govern-
ment has been drawn to a statement made

by the Air Chief Marshal Shri P. C. Lal stating that India cannot stop Pak air violations on all our borders, as our borders with Pakistan are very long ; and

(b) if so, the reaction of Government to the above statement ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). This was an incidental observation in the course of an informal discussion on various aspects relating to the Air, Force. There is no change in the policy in regard to air intrusions. Every effort is made to chase away, intercept or shoot down intruding Pakistani aircraft.

Rejection of Offer of Burmah Oil Company to Associate with Oil India Ltd. for Exploration of Oil in India

**838. SHRI VIJAY PAL SINGH :
SHRI DEVENDER SINGH
GARCHA :**

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the offer of the Burmah Oil Company to associate with Oil India Ltd., for the exploration of Oil in Somalia has been rejected ;

(b) the nature of the said offer ; and

(c) the reasons for rejecting the same ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):
(a) Yes, Sir.

(b) and (c). The offer made by the Burmah Oil Company to Oil India Limited would have provided mainly a financial partnership in their Petroleum exploration Concession in Somalia. All decisions, technical and operating, would

have been in the hands of the foreign partner. The offer would have enabled Oil India Ltd. to acquire a small interest in the venture on payment of its share towards initial estimated exploration costs. This too was conditional on a decision being taken, on the basis of preparatory steps like surveys which were under way, to drill two wells in that area.

Since these terms, with reference to the conditions and prospects of the area of the concession, were found to be not attractive, the offer was not accepted,

Routes Operated by Private Airlines

839. SHRI VIJAY PAL SINGH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the names of private airlines operating in India ;

(b) the names of the routes they are now operating ; and

(c) whether any new routes have been given to them for operation during the last two years ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) The following private operators hold non-scheduled permits valid up to 31st March 1972 :

1. Air Survey Co. (P) Ltd., Calcutta.
2. Airways India (P) Ltd., Calcutta
3. Bharat Commerce & Industries, Gauhati.
4. Cambata Aviation, Bombay.
5. Jamair Co., Calcutta.
6. Kalinga Airlines, Calcutta,
7. Kasturi & Sons, Madras.

8. J. K. Chemicals (P) Ltd., Bombay (Safari Airways).

9. Helicopter Services (P) Ltd., Bombay.

10. Mahindra & Mahindra, Bombay.

11. Pushpaka Aviation (P) Ltd., Madras.

(b) Out of the above eleven operators, only M/s. Jamair Co. are now engaged in commercial air transport. At present this company is operating the following routes on a non-scheduled basis :

1. Calcutta-Agartala.
2. Calcutta-Jalpaiguri via Purnea.
3. Calcutta-Jalpaiguri - Telepara-Grassmore- Bhatpara - Newlands.

(c) Permission has been granted with effect from 1st October 1971 to M/s. J. K. Chemicals Ltd. (Safari Airways) to operate a non-scheduled service on the route Delhi-Jaipur-Kota and back without traffic rights between Delhi and Jaipur.

Disappearance of Civilians From Pakistani Villages Along Chhamb Border Line

840 SHRI RAJDEO SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether the entire civil population has disappeared from certain Pakistani villages along the border line which faces the Chhamb border on the Indian side; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b) . According to our information Pakistan

authorities have evacuated the civilian population from their border villages opposite Chhamb. We have drawn necessary inference from Pak action and made our arrangements accordingly.

Concentration of Pakistani Military on Ferozepur Section

841. SHRI RAJDEO SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether heavy Pakistani Military concentration had been seen in Ferozepur Section on the 6th October, 1971 along the right bank of river Sutlej ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). Pak Armed Forces are concentrated all along our borders including areas opposite to Ferozepur and on the right bank of river Sutlej. Government have taken adequate steps to meet any Pakistani threat on our borders.

Scheme to construct Hotels at Tourist Centres in Gujarat

842. SHRI D. P. JADEJA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state

(a) the number and names of Tourist Centres in Gujarat ;

(b) the number and names of the Centres where there are no Government hotels ;

(c) whether Government have formulated any scheme to construct hotels at such centres to avoid inconvenience to tourists ; and

(d) if so, the time by which this scheme will be implemented ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) No specific list of tourist centres is being maintained.

(b) There is no Central Government hotel in Gujarat.

(c) and (d). In the Fourth Plan there is a provision for the construction of a 24-room Rest House at Gir Forest in Gujarat.

Establishment of Hotels and Holiday Homes for the Common Man

843. **SHRI D. P. JADEJA :** Will the Minister of TOURISM & CIVIL AVIATION be pleased to state :

(a) whether Government are considering to establish hotels and holiday homes for the common man ; and

(b) if so, the names of places where these are to be established ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) The Department of Tourism has no proposal to establish holiday homes but in order to augment inexpensive accommodation it proposes to construct youth hostels, reception centres, tourist bungalows and rest houses. The India Tourism Development Corporation also proposes to construct motels and expand some of the existing travellers' lodges.

(b) A statement is attached.

City Compensatory and House Rent Allowance to Central Government Employees

844. SHRI D. P. JADEJA: Will the Minister of FINANCE be pleased to state:

(a) whether Government are considering to increase the rate of City Compensatory and House Rent Allowance to the Central Government employees; and

(b) if so, from what date?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) No, Sir.

(b) Does not arise.

Restraint in Further Decreases in Money Supply

845. SHRI K. LAKKAPPA: Will the Minister of FINANCE be pleased to state:

(a) whether Government are aware that the National Council of Applied Economic Research has called for restraint in further decreases in money supply with a view to control the price situation; and

(b) the steps Government propose to check increase in money supply and remove stagnation in industrial production?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) Yes, Sir. The National Council of Applied Economic Research has, in its mid-year review of the Indian economy, called for some restraint on further increases in money supply.

(b) As on October 22, 1971, money supply with the public showed an annual rate of increase of 12.9 per cent which was marginally higher than the increase of 12.8 per cent in the preceding year. In so far as the deterioration in the Government's budgetary position, attributable largely to expenditure on refugees from Bangla Desh and assistance sanctioned for natural calamities, has been a principal factor affecting growth of money supply in recent months, the Government has already announced a number of measures with a view to enforce economies in non-essential expenditures and has also imposed special levies for financing expenditures on refugees from Bangla Desh. The State Governments are also being urged to reduce their overdrafts with the Reserve Bank of India. A constant watch over the credit situation is being maintained. The Government is also trying to stimulate industrial production through required imports of industrial raw materials in short supply, necessary financial assistance by the term lending institutions, speedy issue of industrial licences and measures to step up the level of the plan activity in the economy.

Air India's Proposal to enter Hotel Industry

846. SHRI K. LAKKAPPA:

SHRI B. K. DASCHOWDHURY :
SHRI SAMAR GUHA:

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Air India proposes to enter the hotel industry in the country;

(b) if so, whether commercial aspect of the project has been studied; and

(c) whether the addition of a new responsibility will not affect the Air India's main function of flying the passengers?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) and (b). Yes, Sir, a subsidiary company has been set up for this purpose.

(c) No, Sir,

Vijaya Bank Limited, Bombay

847. **SHRI K. LAKKAPPA:** Will the Minister of FINANCE be pleased to state:

(a) whether Vijaya Bank Limited, Bombay has many fictitious accounts with huge black money deposits, especially from Film Industry businessmen;

(b) if so, whether any inquiry has been conducted by Government into these accounts; and

(c) if so, the result of the inquiry?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) to (c). The facts are being ascertained and will be laid on the Table of the House.

Heavy Pakistani Military Concentration on Barmer Border of Rajasthan

848. **SHRI BISHWANATH JHUN-JHUNWALA:** Will the Minister of DEFENCE be pleased to state:

(a) whether the Barmer border of Rajasthan is threatened with heavy Pakistani military concentration across the border;

(b) whether a large number of Pakistani spies continue to be active in this area and

are supplying military intelligence across the border; and

(c) if so, whether Government have taken adequate steps to ensure that the border is not subjected to any surprise attack by Pakistan and also adequate steps to curb the activities of the Pak spies?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) to (c). Pakistani Armed Forces are concentrated all along our borders including the area across Barmer district of Rajasthan. Pakistani espionage activities have also come to light in many parts of our country. Government have taken adequate steps to meet any Pakistani threat on our borders as well as to curb the activities of Pakistani espionage agents.

Repatriation of Funds by Foreign Oil Companies

849. **SHRI BISHWANATH JHUN-JHUNWALA:**

SHRI P. VENKATASUBBAIAH:
DR. RANEN SEN :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether foreign oil companies have so far repatriated Rs.120 crores against their investment of Rs. 106 crores in India;

(b) whether there is a provision in the agreement with these companies that the foreign refineries will not be nationalised for 25 years;

(c) whether the terms of the agreement will come in the way of nationalisation;

(d) whether Government have considered about the mode and quantum of compensation to be paid to these oil companies; and

(e) the steps taken, if any, for the revision of the treaties now in force ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) The capital employed as on 31-12-1969 by the three major oil companies viz. Burmah-Shell, Esso and Caltex, including their refineries, was Rs. 109.03 crores. Precise information regarding the total amount repatriated is being collected.

(b) Yes, Sir.

(c) These terms will not come in the way of nationalisation by an Act of Parliament.

(d) No, Sir, there is no immediate proposal for nationalisation.

(e) The question of revision of Refinery Agreements as also alternative proposals is still under consideration by the Government.

Tax Evasion in India

850. SHRI D. K. PANDA: Will the Minister of FINANCE be pleased to state:

(a) whether the steps so far taken to combat tax evasion have failed to produce any desired results;

(b) if so, what further steps Government propose to take to put a stop to tax evasion in the country; and

(c) whether Government have any idea as to the amount of tax being evaded in the country at present?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). No, Sir. The problem of tax evasion is constantly engaging the attention of Government. Such measures, legislative, administrative or others, as are considered necessary to meet the changing situation have been taken from time to time and continue to be taken.

(c) It is not possible to make any precise estimate of the loss to Government on account of tax evasion at present.

Reduction in Profits of O.N.G.C.

851. SHRI JYOTIRMOY BOSU: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the profits of the Oil and Natural Gas Commission for 1969-70 have come down by Rs. 2.23 crores; and

(b) if so, the causes thereof?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Yes, Sir.

(b) The profits had come down mainly because of the increase in the amount of exploration/development expenditure due to be written off, which increase was not matched by enhancement in sale proceeds from oil-fields which were on commercial production during that year.

Representation from Employees of Oil and Natural Gas Commission for new Pay Scales

852. SHRI JYOTIRMOY BOSU: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government have received any memorandum from the employees of the Oil and Natural Gas Commission, demanding new pay scale;

(b) if so, the contents thereof; and

(c) the action taken by Government thereon?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) to (c). The Oil and Natural Gas

Commission had received demands from its Unions for increasing pay-scales of the employees. In a meeting held on November 5-6, 1971, the matter was discussed by ONGC with the representatives of the recognised Unions and it has been agreed that the Union's demand for revision of pay-scales and increase in fringe benefits be deferred.

पूना के निकट भारतीय वायु सेना के विमान का दुर्घटनाग्रस्त होना

853. श्री कमल मिश्र मधुकर :

श्री हरि सिंह :

श्रीमती भार्गवी तनकप्पन :

क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) गत अगस्त मास के दौरान पूना के निकट भारतीय वायुसेना के विमान के दुर्घटनाग्रस्त होने के क्या कारण हैं ; और

(ख) ऐसी दुर्घटनाओं को रोकने के लिए कौन से कदम उठाये गये हैं?

रक्षा मंत्री (श्री जगजीवन राम) :

(क) कम प्रकाश की दशा के कारण विमान अव्यवस्थित पहाड़ी से टकरा गया था ।

(ख) जाँच अदालत के द्वारा सुझाए गए उपायों को क्रियान्वित करने के लिए कदम उठाए जा रहे हैं ।

भारतीय अर्थ-व्यवस्था पर डालर बचाओ योजना का प्रभाव

854. श्री कमल मिश्र मधुकर :

श्री पी० एम० मेहता :

श्री पी० गंगादेव :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या डालर पर पड़ रहे दबाव को रोकने के लिए संयुक्त राज्य अमेरिका ने गत अगस्त में कुछ आर्थिक उपाय किये;

(ख) इन आर्थिक उपायों का भारत की अर्थ-व्यवस्था पर क्या प्रभाव पड़ा है; और

(ग) स्थिति का मुकाबला करने के लिए सरकार ने क्या कार्यवाही की है?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) से (ग). हाल ही के डालर संकट के परिणामस्वरूप संयुक्त राज्य अमेरिका की सरकार ने डालर को सोने और अन्य परिसम्पत्तियों में रूपांतरित किया जाना स्थगित करने, कोटे के अन्तर्गत आने वाले आयातों के भिन्न सभी शुल्क आयातों पर 10 प्रतिशत की दर से आयात अधिभार लगाने और विदेशी आर्थिक सहायता में 10 प्रतिशत की कमी करने का निश्चय किया । पहले कदम के परिणामस्वरूप, कुछ अन्य औद्योगिक देशों की मुद्राओं का मूल्य डालर के मुकाबले में प्रभावपूर्ण रूप से बढ़ गया है । चूंकि हमने रुपये के अन्तराष्ट्रीय मुद्रा निधि सम-मूल्य को बनाये रखने का निश्चय किया है, इसलिए इन देशों से किया जाने वाला आयात रुपयों के रूप में महंगा पड़ेगा । और इन देशों को की जाने वाली ऋण परि-शोधन सम्बन्धी अदायगियों का भी पहले की अपेक्षा बजट पर कुछ अधिक भार पड़ेगा । सरकार ने अन्तराष्ट्रीय मुद्रा निधि के ढांचे के अन्तर्गत, स्थिर आधार पर विनिमय दरों के शीघ्र पुनःसमायोजन की आवश्यकता पर बल दिया है ।

सहायता में 10 प्रतिशत की कटौती के बारे में लिए गये निश्चय के बाद से बहुत-सी घटनाएं घटी हैं और यह बात

स्पष्ट नहीं है कि यदि कोई कटौती की भी गई तो वह किस स्तर पर होगी क्योंकि चालू वर्ष में संयुक्त राज्य अमेरिका द्वारा दी जाने वाली सहायता के निश्चयों की अन्तिम स्वीकृति अभी अमेरिका के वैज्ञानिक अभिकरणों द्वारा दी जानी बाकी है।

संयुक्त राज्य अमेरिका की सरकार ने 10 प्रतिशत का जो आयात प्रभार लगाया है उसका हमारे लगभग 20 प्रतिशत निर्यात पर, विशेषतः गैर-परम्परागत वस्तुओं के निर्यात पर प्रभाव पड़ेगा जिनके निर्यात किये जाने की क्षमता अधिक है। भारत सरकार ने विकासशील देशों की जिनमें भारत भी शामिल है, अर्थ-व्यवस्था पर अमेरिका के इस कदम के प्रतिकूल प्रभावों के बारे में अमेरिका की सरकार के साथ द्विपक्षीय आधार पर तथा विभिन्न अन्तराष्ट्रीय मंचों पर चर्चा की है और इस बात पर बल दिया है कि इस अधिभार को यथा-शीघ्र वापस ले लिया जाना चाहिए।

**Development of Bakkhali (Fraser Ganj)
as a Tourist Centre**

855. SHRI MADHURYA HALDAR :
Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are actively considering to develop Bakkhali (Fraser-ganj), a sea-beach village in 24-Parganas, as a tourist centre; and

(b) if so, the main features of the scheme?

THE MINISTER OF TOURISM AND CIVIL AVIATION (SHRI KARAN SINGH): (a) No, Sir. The Government of India have no such proposal under consideration.

(b) Does not arise.

**Increase in Prices of Petroleum Products
by Foreign Oil Companies**

856. SHRI BIRENDER SINGH RAO :
SHRI BANAMALI PATNAIK :
SHRI BHOGENDRA JHA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) where some foreign oil companies are considering to increase the price of Petroleum products in the country again;

(b) if so, whether Government have received any information in this regard; and

(c) if so, Government's reaction thereof?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) to (c). Under the present pricing arrangement, the ceiling selling prices of bulk refined petroleum products, lubricants and greases are regulated by Government by means of an informal price control. There is no indication that the oil companies will increase the prices unilaterally.

**Concentration of Pakistan Force on
Indo-Pak Borders**

857. SHRI BIRENDER SINGH RAO :
SHRI P. GANGADEB :
SHRI NIHAR LASKAR :

Will the Minister of DEFENCE be pleased to state :

(a) whether Government have taken note of heavy movement and concentration of Pakistani forces on all the Indo-Pak borders; and

(b) if so, the steps taken or proposed to be taken by Government to meet the situation?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). Attention is invited to the statement made in the House by the Raksha Mantri on 15-11-1971 in response to a Calling Attention Notice.

**Findings of Ramamritham Committee
on the Flight Performance of
H. S. 748 Aircraft**

858. DR. SARADISH ROY :

DR. RANEN SEN :

SHRI C. T. DHANDAPANI :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Committee headed by Shri S. Ramamritham which was appointed to enquire into the flight performance of the HS-748 aircraft has submitted its report;

(b) if so, the main features thereof; and

(c) the reaction of Government thereon?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH)

(a) Yes, Sir.

(b) and (c). The performance of the Avros in the fleet of Indian Airlines is satisfactory and safety is not compromised in any way. Copies of the report of the Technical Committee and of the Task Force which was set up to examine and process the report, and which consisted of the Director General of Civil Aviation, the Chairman, Hindustan Aeronautics Ltd., and the General Manager, Indian Airlines, have been placed in the Parliament Library.

**Establishment of Oil Refinery in
North West Region of India**

859. SHRI R. V. BADE : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government had appointed a Committee to find out the possibility of establishing Oil Refinery in North-West region of India; and

(b) if so, whether the Committee has recommended setting up of an Oil refinery in Agra ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) :

(a) and (b). A Committee of Experts was appointed in 1969 to study the question of additional refinery capacity in the country and its location. This Committee recommended the establishment of a refinery in the north-west region. The Indian Oil Corporation was asked to prepare a Feasibility Report for this refinery. The report was received in June 1971 and is at present under examination. No decision in regard to location has yet been taken.

**चीन के राडार और प्रक्षेपणास्त्र
परीक्षण केन्द्र**

860. श्री आर० बी० बड़े : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) भारत के उत्तरी तथा पूर्वी क्षेत्रों में चीन ने किन-किन स्थानों पर अपने राडार तथा प्रक्षेपणास्त्र परीक्षण केन्द्र स्थापित किए हैं; और

(ख) इस सम्बन्ध में सरकार ने क्या कार्यवाही की है ?

रक्षा मंत्री (श्री जगजीवन राम) :
(क) चीन द्वारा तिब्बत में राडार स्टेशनों की स्थापना की सूचना है। और अधिक विवरण देना लोकहित में नहीं होगा। सरकार को तिब्बत में प्रक्षेपणास्त्र परीक्षण केन्द्रों की स्थापना की सूचना नहीं है।

(ख) हमारी सीमाओं के पार होने वाली घटनाओं का ध्यान रक्षा योजनायें बनाते वक्त रखा जाता है।

विदेश यात्रा पर शुल्क लगाने का प्रभाव

861. श्री आर० बी० बड़े : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) विदेश यात्रा पर 15 प्रतिशत और 10 प्रतिशत शुल्क लगाने से एयर इण्डिया की यात्रा सम्बन्धी व्यवसाय पर क्या प्रभाव पड़ा है ;

(ख) क्या सरकार को उक्त शुल्क लगाने के विरुद्ध कोई अनुरोध अथवा अभ्यावेदन प्राप्त हुआ है; और

(ग) यदि हां, तो सरकार ने उस पर क्या कार्यवाही की है ?

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) यात्रा कर 15 अक्टूबर, 1971 से लगाया गया था तथा इसके प्रभाव का अभी इतने जल्दी अनुमान लगाना कठिन है। तथापि एयर इण्डिया महसूस करते हैं कि टैक्स का उनके वित्तीय परिणामों पर प्रतिकूल प्रभाव पड़ेगा।

(ख) और (ग). एयर इण्डिया, इण्डियन एयरलाइन्स तथा यात्रा अभि-

कर्ताओं आदि के संघों तथा कर्मचारी संगठनों से अभ्यावेदन प्राप्त हुए हैं और उनकी जांच की जा रही है।

मोहन प्रिटिंग प्रेस, उज्जैन द्वारा आय-कर की अदायगी

862. श्री आर० बी० बड़े :
श्री फूलचन्द्र वर्मा :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) मोहन प्रिटिंग प्रेस, उज्जैन के भागीदारों और "दैनिक अवन्तिका" ने गत तीन वर्षों में कितने आय-कर की अदायगी की ;

(ख) क्या उन्होंने अपने बकाया आय-कर की पूरी राशि अदा कर दी है और यदि नहीं, तो बकाया राशि वसूल करने के लिए क्या कार्यवाही की गई है ; और

(ग) आरम्भ में इसमें कितनी पूंजी लगाई गई थी और इस समय कितनी पूंजी लगाई गई है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) अदा किया गया आय-कर इस प्रकार है : -

वित्तीय वर्ष	मोहन प्रिटिंग प्रेस के भागीदार	दैनिक अवन्तिका
	(रु०)	(रु०)
1968-69	शून्य	शून्य
1969-70	55	शून्य
1970-71	शून्य	शून्य

(ख) जी, नहीं।

मोहन प्रिंटिंग प्रेस के भागीदारों की तरफ 1071 रुपये की रकम बकाया पड़ी है। आयकर अधिकारियों ने कर अदा न करने के कारण दण्ड लगाने के लिए भागीदारों को कारण-बताओं नोटिस जारी किए हैं।

“दैनिक अबन्तिका” की तरफ कर की कोई रकम बकाया नहीं है क्योंकि उस पर आयकर नहीं लगाया जाता।

(ग) मोहन प्रिंटिंग प्रेस में आरम्भ में निवेश की गई पूंजी 18,883 रुपये थी और इस समय यह पूंजी 1,233 रुपये है।

“दैनिक अबन्तिका” पर आयकर नहीं लगाया जाता इसलिए उसकी पूंजी के संबंध में कोई सूचना उपलब्ध नहीं है।

Increase in production of high speed diesel and kerosene oil in Oil Refineries

863. SHRI DEVINDER SINGH GARCHA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the production of high speed diesel oil and kerosene has been stepped up this year in all the oil refineries;

(b) if so, the extent thereof;

(c) whether with the increased production of high speed diesel oil and kerosene, Government would be in a position to save substantial amount of foreign exchange, which would otherwise have been spent on the import of these products: and

(d) if so, the quantum of savings ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):
(a) Yes, Sir.

(b) Kerosene 45,965 tonnes
High Speed
Diesel Oil 282,180 tonnes

(c) Yes, Sir.

(d) Rs. 3.12 crores.

Survey of Country Coastline for finding out Oil

864. SHRI DEVINDER SINGH GARCHA :
SHRI D. B. CHANDRA GOWDA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether there is a scheme under consideration of Government to survey the entire coastline of the country to explore the possibility of finding oil ; and

(b) if so, the broad outlines thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) :
(a) Yes, Sir.

(b) Seismic survey had, in the past, been carried out in parts of the Indian Continental Shelf, including semi-detailed to detailed surveys in the Gulf of Cambay, its adjoining areas in the Arabian sea and the Coromandel coast. The result of the surveys indicated the presence of a number of interesting structural features in the Gulf of Cambay, and the adjoining areas of the Arabian Sea. For conducting detailed Seismic survey on these structures, a contract has recently been entered into with a French company and the survey is likely to start by the middle of December, 1971. Indian technicians will also be associated with this work for purposes of gaining experience

and also for supervision to ensure quality control. Subsequently exploration drilling operations are proposed to be started in November, 1972, using a self-propelled, self-elevating, off-shore drilling platform which is currently under construction in Japan.

In order to take up further seismic surveys in the entire Continental Shelf of India, it is proposed to explore the possibility of purchasing, in future, a suitable vessel which could be used to carry out the Surveys departmentally after our technicians have acquired the necessary experience in marine seismic surveys using sophisticated digital seismic equipment, by their association in the proposed contract seismic surveys by the French firm.

Plan for second refinery in Gujarat

865. SHRI DEVINDER SINGH GARCHA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether there is a plan under consideration of Government to have a second refinery in Gujarat ; and

(b) if so, the salient features thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) :

(a) and (b). No Sir. The Government have however appointed an expert Committee to examine the desirability and feasibility of expansion of the existing Koyali Refinery in Gujarat. Their report is awaited.

Aid from foreign countries for Flood Victims

866. SHRI P. M. MEHTA :
SHRI P. GANGADEB :

Will the Minister of FINANCE be pleased to state :

(a) whether Government have received

some aid from foreign countries for the Flood Victims ; and

(b) if so the total amount of aid received ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) and (b). An amount of about Rs. 26 lakhs has been received so far from the U.S.A., Japan, Norway and Nepal by way of assistance for flood victims. Kuwait has offered medical and other relief supplies. Certain proposals for assistance from the U. K. for the victims of the recent Orissa cyclone are being discussed.

Assistance has also been provided by some Governments and foreign private bodies through the Red Cross and other voluntary agencies.

War threats of General Yahya Khan

867. SHRI P. M. MEHTA :

SHRI P. GANGADEB :

Will the Minister of DEFENCE be pleased to state :

(a) whether Government's attention has been drawn to the War threats of General Yahya Khan ;

(b) whether the country is fully prepared to meet such a threat ;

(c) if so, the steps taken to meet any challenge on the country's borders ; and

(d) whether there are standing orders to the army to repulse any evil move of Pakistan ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) to (d). Government are aware of the war threats of General Yahya Khan. I may assure the Hon'ble Member that the country and the Armed Forces are fully prepared to meet the threat.

**Appointment of High Level Policy Planning

(a) No, Sir.

(b) and (c). Do not arise.

Overdrafts by States

869. SHRI P. M. MEHTA :
SHRI P. GANGADEB :
DR. RANEN SEN :

Will the Minister of FINANCE be pleased to state :

(a) whether he held talks with the State Chief Ministers in October, 1971 regarding the problem of overdrafts by States on the Reserve Bank of India ;

(b) if so, the reaction of the Chief Ministers thereto; and

(c) the steps taken to resolve the matter ?

THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH) : (a) to (c). Discussions were held recently with the Governors/Chief Ministers of the States having overdrafts on the Reserve Bank of India. The

Governors/Chief Ministers shared the concern of the Government of India over the overdrafts and agreed that steps would need to be taken, including economy in expenditure and additional resource mobilization, to reduce the overdrafts.

सरकार ने करों की बकाया की वसूली के लिए निम्नलिखित विशिष्ट उपाय किए हैं :

- (i) वसूली का कार्य जो अभी तक राज्य सरकारों के कर्मचारियों द्वारा किया जाता था, आयकर विभाग द्वारा स्वयं अपने हाथ में ले लेना। विभागीय अधिकारियों ने आयकर आयुक्तों के सभी अधिकार क्षेत्रों में वसूली का कार्य पूर्णतः अथवा अंशतः अपने हाथों में ले लिया है।
- (ii) कर्तव्य के अनुसार कार्य विभाजन की योजना, जिसके अधीन करों की वसूली का कार्य रेंज के एक अथवा एक से अधिक आयकर अधिकारियों का विशिष्ट कर्तव्य बना दिया गया है, 1966 में लागू की गई थी और पिछले वर्ष इस योजना का और आगे विस्तार कर दिया गया है।
- (iii) बकाया संबंधी मांगों की वसूली का कार्य निपटाने के लिए सरकार द्वारा पिछले वर्ष आयकर अधिकारियों (वसूली) के 60 पद मंजूर किए गए।
- (iv) विभाग द्वारा रेखित चैकों का स्वीकार किया जाना तथा इस निमित्त आयकर कार्यालयों में अदायगी के लिए विशेष प्राप्ति काउंटरों का खोला जाना।

(v) ऐसे निर्धारितियों के नामों को प्रकाशित करना जिन्होंने किन्हीं निर्धारित सीमाओं से ऊपर करों की अदायगी नहीं है।

(vi) पूरे देश में बकाया बेबाकी पखवाड़े मनाए जा रहे हैं। इस अवधि में अनिर्णीत समायोजनों/भूलसुधारों को पूरा करने, अपीलीय आदेशों को कार्यान्वित करने तथा निर्धारितियों की तरफ बकाया मांगों की शुद्ध रकमों की वसूली करने पर विशेष जोर दिया जाता है।

(vii) कलकत्ता, केरल, दिल्ली, नागपुर तथा हैदराबाद में हाल ही में पाँच कर-वसूली आयुक्त तैनात किये गये हैं। कर वसूली अधिकारियों पर प्रशासनिक अधिकार रखने के अतिरिक्त, उन्हें 1 जनवरी, 1972 से विभागीय कर वसूली अधिकारियों के आदेशों के खिलाफ दायर की गई अपीलों की सुनवाई का अपीलीय अधिकार भी प्राप्त होगा। इसके अतिरिक्त कुछ अपर आयकर-आयुक्तों को अनन्य रूप से वसूली का कार्य सौंपा हुआ है।

Decision to Grant Permits to Private Operators for operating on Routes not operated by Indian Airlines

871. SHRI M. KALYANASUNDARAM: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Centre had decided to grant permits to private operators to fly

on routes not operated by the Indian Airlines;

(b) how many such permits had been given so far ;

(c) the routes for which permission had given ;

(d) whether all these permit holders are operating on routes allotted to them ; and

(e) if not, the reasons for some of them not utilising the permits?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):(a)Under the Aircraft Rules, 1937, private operators may be given permission to operate air transport services either on a scheduled or non-scheduled basis, if they fulfil the necessary conditions laid down in the Rules and if Indian Airlines is not itself in a position to operate on those routes.

(b) while no permit to operate scheduled air transport services has so far been granted, eleven private operators hold permits to operate non-scheduled flights, valid up to 31st March, 1972.

(c) and (d). Of the eleven operators, only one viz. Jamair Co. is at present engaged in operating flights on the following routes on a non-scheduled basis :

(i) Calcutta-Agartala;

(ii) Calcutta-Jalpaiguri via Purnea ;

(iii) Calcutta-Jalpaiguri-Telepara-Grassmore-Bhatpara-Newlands.

(e) Some of the other operators are engaged in aerial work. In any case, it is left to the option of the non-scheduled permit holder whether to operate or not.

Requirements of Naphtha in Country

872. SHRI A. K. GOPALAN: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the yearly total requirements of Naphtha in the country ;

(b) the unit-wise requirements ;

(c) the yearly total available quantity inside the country ;

(d) the available quantity from Cochin Refinery (Kerala) ; and

(e) the total quantity to be imported yearly ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) The yearly anticipated total requirements of Naphtha in the country are :

(000 Tonnes)

1971	1972	1973	1974	1975
1360	1789	2407	3071	3584

Directions given by the Reserve Bank of India to New Delhi Cooperative Bank, Khari Baoli regarding Transaction of Business with Public Depositors

873. SHRI MUHAMMED SHERIFF :
SHRI HARI KISHORE SINGH:
SHRI CHANDRA SHEKHAR SINGH :

Will the Minister of FINANCE be pleased to state :

(a) whether on the 22nd October, 1971 the New Delhi Cooperative Bank, Khari Baoli, had been directed by the Reserve Bank of India not to transact any business with the public depositors; and

(b) if so, the reasons for the same ?

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN) :

(a) and (b). Reserve Bank of India served a notice on the New Delhi Co-operative Bank Ltd., Delhi on the 16th October, 1971 informing the bank that, in terms of the proviso to sub-section (2) of section 22 of the Banking Regulation Act, 1949 (As Applicable to Cooperative Societies), a licence to carry on banking business in India cannot be granted to it. This refusal makes it obligatory on the part of the bank to cease transacting the business of banking as defined in Section 5(b) of the *ibid* Act. The decision was taken because the working of the bank virtually had come to a standstill and its financial position was far from satisfactory. The Reserve Bank of India came to the conclusion that the bank had no chances of survival,

The bank has also been placed under liquidation by the Deputy Registrar of Co-operative Societies, Delhi, on 12-10-71.

Foreign Exchange Earnings of India Tourism Development Corporation

874. SHRI MUHAMMED SHERIFF:
Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the India Tourism Development Corporation earned any foreign exchange for the country during 1970-71 and if so, to what extent;

(b) the profits earned during the year 1969-70 and likely to be earned in the coming year ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) Yes Sir, it is estimated that foreign exchange of the order of Rs. 250 lakhs has been earned due to various activities of the India Tourism Development Corporation.

(b) The profit earned is indicated below :

Year	Net profit
1969-70	*Rs. 2.65 lakhs
1970-71	Rs. 22.56 lakhs

Alleged swindling in the Central Bank of India, New Delhi

875. SHRI MUHAMMED SHERIFF :
Will the Minister of FINANCE be pleased to state :

(a) whether any enquiry was held for allegedly swindling the Central Bank, New Delhi of about Rs. 3 lakhs and any arrests were made in this connection; and

(b) if so, the result of the enquiry and the action taken by Government in this regard ?

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN) :
(a) and (b). During the course of a special audit in September, 1971, a fraud came to light in the Janpath branch of Central

Ashoka Hotels Ltd. and Janpath Hotels Ltd. were merged with India Tourism Development Corporation on 28th March, 1970. This figure therefore does not include the profit of Rs. 11.67 lakhs earned by the hotels in the year 1969-70.

Bank of India. As reported by the bank, the *modus operandi* of the fraud was that some of the cheques drawn by a travel agency in favour of a certain party when returned unpaid from clearing, were being retained by the Clearing Department instead of being returned to the party. In order to balance the clearing, fraudulent debits used to be passed to other local branches. The bank has further reported that the aggregate amount of cheques still remaining unpaid and covered by the fraudulent operation is about Rs. 2.98 lakhs.

The matter has been handed over to the police and the police investigations are in progress. It is understood that three persons have so far been arrested by the police in connection with this fraud.

Survey Conducted by Indian Institute of Management, Ahmedabad on the Working of Indian Airlines

876. SHRI MUHAMMED SHERIFF :
SHRI BISWANARAYAN
SHASTRI :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether any survey was conducted by the Indian Institute of Management, Ahmedabad in which they have shown that Indian Airlines is suffering on account of lack of punctuality, inefficiency, neglect of passengers and lack of regard for their convenience; and

(b) if so, the steps taken by Government to improve the situation ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). An opinion survey was conducted as a research project by the Indian Institute of Management, Ahmedabad, on its own volition at a period when Indian Airlines was having

considerable labour problems. It has brought out good as well as weak points and the Corporation is taking action to set right the deficiencies where possible.

Financial Relations with States

877. SHRI DASARATHA DEB : Will the Minister of FINANCE be pleased to state :

(a) whether he had discussions with the State Chief Ministers about the Centre-State financial problems on the 13th and 14th October, 1971;

(b) if so, the main points discussed; and

(c) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The discussions held with the Governors/Chief Ministers of certain States on the 13th and 14th October, 1971 related to the problem of overdrafts of those States on the Reserve Bank of India. The Governors/Chief Ministers shared the concern of the Government of India over the overdrafts and agreed that steps would need to be taken, including economy in expenditure and additional resource mobilization, to reduce the overdrafts.

Deficit Financing

878. SHRI P. VENKATASUBBAIAH :
SHRI C. T. DHANDAPANI :

Will the Minister of FINANCE be pleased to state :

(a) whether the deficit financing in the current financial year is going to touch an unprecedented level;

(b) if so, the extent thereof and the factors that are responsible for the same; and

(c) how it is proposed to meet the situation ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Subsequent to the presentation of Budget which left an uncovered deficit of Rs. 232 crores a supplementary grant of Rs. 200 crores was obtained to meet the additional expenditure on refugees from Bangla Desh upto the end of December, 1971. Rs. 50 crores of this additional expenditure was to be covered by additional foreign assistance towards refugee expenditure. The influx of refugees is still continuing. Moreover, assistance to States towards expenditure on account of natural calamities will also be larger than estimated. On the other hand, receipts, both revenue and capital, are likely to be larger than postulated in the Budget. As a combined result, the budgetary deficit for the current year may be more than the budgeted figures. But it is not possible at this stage to indicate the likely extent of this deficit.

(c) Certain measures have already been initiated for raising additional resources, increasing revenue and effecting economies in expenditure wherever possible. The over-all situation is being kept under review.

Seaking Helicopters Sold to India

879. SHRI P. VENKATASUBBAIAH :
SHRI BANAMALI PATNAIK :

Will the Minister of DEFENCE be pleased to state :

(a) whether his attention has been drawn to the report in the "Sunday Telegraph" dated the 29th August, 1971 also reported in the "Statesman" dated

the 30th August, 1971 stating the concern of the British Ministry of Defence over the likelihood of the secrets of the Seaking Helicopters sold to India, which are known to have a combined sooner detection and automatic flight control system, reputed to be ten years ahead of what the Russians have, falling into the Russians hands in view of the Indo-Soviet treaty;

(b) if so, the reaction of Government thereto; and

(c) whether any communication has been received from the U. K. Government in this regard and if so, the particulars thereof ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) Yes, Sir.

(b) and (c). Any classified information cannot be divulged. There is no evidence of any such concern having been voiced by British Government.

Financial Assistance to U.P., Bihar and West Bengal

880. SHRI S. M. BANERJEE : Will the Minister of FINANCE be pleased to state :

(a) the financial assistance given to Bihar, West Bengal and Uttar Pradesh for flood relief ;

(b) whether the chief Minister of Uttar Pradesh has requested for Rs. 110 crores;

(c) if so, whether his request has been met in full; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The ceilings of expenditure on flood relief measures adopted for

purposes of Central assistance to the three State Governments during 1971-72 are as follows :

State	(Rs. in crores) Ceiling of Expenditure
1. Bihar	46.275@
2. West Bengal	31.51
3. Uttar Pradesh	33.90@

(b) to (d). The Government of Uttar Pradesh have been indicating from time to time their estimates of expenditure on various flood relief measures, the latest estimate being Rs. 116 crores. On the basis of the recommendation of central teams, the Government of India have so far accepted a ceiling of expenditure of Rs. 33.90 crores on various relief, rehabilitation and repair works for purposes of Central assistance. This ceiling is however subject to review.

Dismissal of Employees of Ordnance Factories of West Bengal

881. SHRI S.M. BANERJEE :

SHRI PRIYA RANJAN DASS
MUNSI :

SHRI INDRAJIT GUPTA :

Will the Minister of DEFENCE be pleased to state :

(a) whether 32 employees of Ordnance Factories in West Bengal have been dismissed from service without assigning any reason or giving them any opportunity of self-defence ;

(b) if so, the reason for the same;

(c) whether this decision has been taken after the Industrial Council meeting of the Director General of Ordnance Factories held in Aruvankadu from 17th to 19th

@Subject to review.

September, 1971, where unanimous resolutions were adopted by both the Workers, representatives and representatives of the Director General of Ordnance Factories on important issues;

(d) whether the All India Defence Employees Federation has protested against this unilateral action of the Ministry ; and

(e) if so, the reaction of Government thereto ?

THE MINISTER OF STATE
(DEFENCE PRODUCTION) IN THE
MINISTRY OF DEFENCE (SHRI
VIDYA CHARAN SHUKLA): (a) and
(b). 12 persons were removed under Article 310 (1) of the Constitution and services of 20 persons were terminated under Rule 5 of Civil Service (Temporary Services) Rules as no longer required.

(c) The orders were served on the employees mentioned above on 5-10-1971. The decision however was independent of the deliberations of the Industrial Council Meeting held at Aruvankadu from 17th to 19th September, 1971.

(d) Yes, Sir.

(e) The decision was taken after taking all relevant factors into consideration.

Increase in production in West Bengal Ordnance Factories

882. SHRI S.M. BANERJEE :
SHRI PRIYA RANJAN DAS
MUNSI :
SHRI INDRAJIT GUPTA :

Will the Minister of DEFENCE be pleased to state :

(a) whether production in all the Ordnance Factories in West Bengal went up recently; and

(b) if so, the reason for this extraordinary step?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Yes, Sir. Production in the Ordnance Factories in West Bengal has shown an upward trend in the period April to October, 1971, compared to the corresponding period last year. The reasons for the upward trend are mainly attributable to clearing of major bottlenecks in materials like alloy steels, and high speed steels, tooling, etc.

However, better production could have been achieved but for certain acts of continuous indiscipline and go slow tactics resorted to by some workers.

पश्चिमी सीमा से सम्बन्धित महत्वपूर्ण दस्तावेजों का गायब हो जाना

883. डा० संकटा प्रसाद : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को पता है कि हमारी पश्चिमी सीमा से संबंधित महत्वपूर्ण दस्तावेज गायब हैं ; और

(ख) यदि हां, तो क्या सरकार उनका पता लगाने में सफल हुई है ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) जी हां ।

(घ) क्या ऐसा दल भेजा गया है और यदि हां, तो दल की रिपोर्ट क्या है ; और

(ङ) उस पर सरकार की क्या प्रतिक्रिया है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) और (ख) . उत्तर प्रदेश सरकार को उनके द्वारा बाढ़ सहायता कार्यों पर किये गये व्यय के लिए 1969-70 से दी गयी केन्द्रीय सहायता का व्यौरा इस प्रकार है :

(करोड़ रुपयों में)

1969-70	1.90 (सूखा राहत कार्यों सहित)
1970-71	4.50
1971-72 (अब तक)	3.00

इसके अतिरिक्त, चालू वर्ष में राज्य सरकार को कृषि में काम आने वाली आवश्यक वस्तुओं, जैसे बीज और उर्वरकों के लिए 15 करोड़ रुपये के अल्पावधिक ऋण दिये गये हैं । राज्य सरकार को और अधिक राशि केन्द्रीय दल की सिफारिश के अनुसार निर्धारित अधिकतम सीमा के

आधार पर राज्य सरकार द्वारा किये गये व्यय की प्रगति को देख कर दी जाएगी।

(ग) और (घ). केन्द्रीय सहायता के प्रयोजनार्थ बाढ़ राहत संबंधी विभिन्न कार्यों के लिए धन की आवश्यकता का निर्धारण करने के लिए राज्य सरकार के अनुरोध पर इस वर्ष तीन केन्द्रीय दलों ने उत्तर प्रदेश का दौरा किया है।

(ङ) केन्द्रीय दलों की सिफारिशों के आधार पर अब तक भारत सरकार केन्द्रीय सहायता के प्रयोजनार्थ राहत, पुनर्वास और मरम्मत संबंधी विभिन्न कार्यों के लिए 33.90 करोड़ रुपये की अधिकतम व्यय-सीमा स्वीकार कर चुकी तुइसकन्है। कि व्यय-सीमा में परिवर्तन किया जा सकता है।

(ख) मेहता प्रिंटिंग प्रेस उज्जैन और 'दैनिक आवन्तिका' में अलग-अलग, इस समय कितनी पूंजी लगी है और उनके भागीदारों और प्रबन्धकों के नाम क्या हैं ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) और (ख) . मेहता प्रिंटिंग प्रेस और 'दैनिक आवन्तिका' पर आय कर नहीं लगाया जाता। इन परिस्थितियों में, प्रश्न के भाग (ख) के सम्बन्ध में सूचना उपलब्ध नहीं है।

Value of Indian Rupee

887. **SHRI CHINTAMANI PANI-GRAHI** : Will the Minister of FINANCE be pleased to state the present value of the Indian rupee vis-a-vis stronger currencies like those of Japan, West Germany, Switzerland, France, Belgium and the Netherlands?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN). The exchange rates of the currencies of Japan, Germany, Belgium and Netherlands, have been allowed to float beyond the 1 per cent margin of the IMF parity rate and their present value is as follows:

	IMF Parity rate.	Exchange rate on 15.11.71.
One Yen	Rs. 0.021	Rs. 0.023
One DM	Rs. 2.049	Rs. 2.260
One Belgian Franc.	Rs. 0.15	Rs. 0.16
One Netherlands Guilder	Rs. 2.071	Rs. 2.260

The Swiss Franc was revalued with effect from the 10th May, 1971, and the present I.M.F. parity rate is 1 Swiss Franc = Rs. 1.836.

As regards the French Franc, the I.M.F. parity rate is applicable to official transactions and the exchange rate for other transactions are allowed to vary beyond permissible margins.

The present exchange rate of the French Franc in relation to the Indian rupee is as follows :

	IMF Parity rate.	Exchange rate on 15.11.71.
One French Franc,	Rs. 1.350	Rs. 1.365

Financial Assistance to Maharashtra for Drought-Affected Areas

888. **SHRI RAJA KULKARNI** : Will the Minister of FINANCE be pleased to state :

(a) the amount of assistance granted by the Central Government to the Maharashtra Government for the Marathwada drought-hit areas; and

(b) the assessment of loss of crops in this region caused due to lack of rains ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Central assistance towards relief expenditure is provided for the State as a whole. Accordingly, an amount of Rs. 26 crores, including short-term loan of Rs. 12 crores of agricultural inputs, has so far been sanctioned to the Government of Maharashtra during 1970-71 and 1971-72 for drought relief measures in the State as a whole.

(b) The State Government have reported that the 'annevari' for 1971-72 has yet to be completed; *kharif* 'annevari' takes place in December each year and figures for 1971-72 are therefore not yet available.

(a) the number of Engineering Graduates and Medical Graduates who applied for loans from the nationalised banks in Madhya Pradesh since nationalisation; and

(b) the number of persons of the above mentioned categories, who were granted any loans ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Information is not readily available and the same will be collected to the extent possible and placed on the table of the House.

Loans Granted by Nationalised Banks to Rikshaw Pliers in U.P.

890. **SHRI B. R. SHUKLA :** Will the Minister of FINANCE be pleased to state whether any Rikshaw pliers in Uttar Pradesh have been granted loans by nationalised banks for purchasing Rikshaws and if so, their number and places ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : Nationalised Banks do not maintain separate data about loans granted to rikshaw pliers. However the outstanding advances granted by the nationalised banks in Uttar Pradesh to transport operators including those granted to rikshaw pliers as on the last Friday of June 1971 aggregated Rs. 281.34 lakhs covering 1434 accounts.

Loans Granted by Nationalised Banks to Farmers

891. **SHRI B. R. SHUKLA :** Will the Minister of FINANCE be pleased to state whether any loans from the Nationalised Banks have been granted to the farmers whose farms are situated beyond ten miles from the place of any such Bank ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : Yes, Sir; immediately after nationalisation

some of the banks advanced credit to farmers over scattered areas. Experience showed that with this practice they could not supervise the utilisation of loans effectively. They therefore adopted the area approach, that is to say, loans could be given to farmers and others within a radius of ten miles approximately from the bank centre. This was also suggested by the Reserve Bank of India in their guidelines.

There is no hard and fast uniform distance limit which the banks observe in extending credit to farmers. Individual banks are mainly guided by the consideration whether the distant location of a farmland will stand in the way of proper presanction scrutiny of the loan applications and post-credit supervision of the end-use of the credit and its recovery. An area within a radius of ten miles is normally regarded as a manageable area in this consideration.

Lead Bank in the District of Bahraich

892. **SHRI B. R. SHUKLA :** Will the Minister of FINANCE be pleased to state whether Government propose to assign more than one Lead Bank in the District of Bahraich in order to quicken and develop the loaning facilities to the Agriculturists and other weaker sections of the Society ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : There is only one Lead Bank for each district. The number of branches of the various banks to be opened in a district is determined on the basis of the survey of the district prepared by the Lead Bank. There is no proposal to assign another Lead Bank to the District of Bahraich.

**Steps to Increase Attraction for Tourists
at Murshidabad Palace and Gour
in West Bengal**

894. SHRI PRIYA RANJAN DASS MUNSI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether his Ministry is aware that the attraction of Murshidabad Palace and 'Gour', in Malda (West Bengal) has decreased due to the lack of proper maintenance; and

(b) if so, what specific measures his Ministry, in consultation with the State Tourism Department, is taking to further increase the attraction for tourists to these historic places ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). Government are aware of the attraction of the Murshidabad Palace and Gour in Malda (West Bengal), but due to constiction of resources and other priorities it is not possible to undertake schemes of improvement at this stage.

**Decrease in Production of Ichhapore Gun
and Shell Factory**

895. SHRI PRIYA RANJAN DAS MUNSI : Will the Minister of DEFENCE be pleased to state :

(a) whether the production of Ichhapore Gun and Shell Factory has decreased this year as compared to that of the previous year; and

(b) if so, the specific reasons behind it ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) No, Sir. Production in the Rifle Factory Ichhapore and

Gun and Shell Factory Cossipore has in fact shown an upward trend from April to October 1971, compared to the corresponding period of last year. However, better production could have been achieved but for certain acts of continuous indiscipline and go slow tactics resorted to by some workers.

(b) Does not arise.

दानापुर छावनी में बाढ़ जल

896. श्री रामावतार शास्त्री : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि .

(क) क्या बिहार में हाल की बाढ़ के दौरान दानापुर छावनी कई दिनों तक बाढ़ के जल में डूबी रही;

(ख) यदि हां, तो क्या बाढ़ के कारण सड़कें भी क्षतिग्रस्त हो गई थी;

(ग) यदि हां, तो स्थिति पर काबू पाने के लिये इस बारे में सरकार द्वारा क्या कार्यवाही की गई; और

(घ) बाढ़ की विभीषिका से छावनी को बचाने के लिये सरकार का क्या कार्यवाही करने का विचार है ?

रक्षा मंत्री (श्री जगजीवन राम) :

(क) और (ख). अगस्त तथा सितम्बर 1971 के दौरान भारी वर्षा तथा अभूतपूर्व बाढ़ के कारण दानापुर छावनी के भाग 3 से 4 फुट तक जल में डूबे रहे जिससे सड़क, नालियों तथा इमारतों को क्षति पहुंची है।

(ग) बाढ़ के कारण सड़कों तथा नालियों को जो क्षति पहुंची थी उसकी मरम्मत के लिए 91,000 रुपये की

राशि विशेष वित्तीय सहायता के रूप में स्वीकृत कर दिए गए हैं।

(घ) बाढ़ से सुरक्षा की समस्या केवल दानापुर छावनी क्षेत्र के लिए सीमित नहीं है अतः इसके ऊपर सिंचाई तथा विद्युत मंत्रालय सम्बंधित राज्य सरकारों से परामर्श करके समग्र रूप से विचार करेगा।

बरोनी तेल शोधक कारखाने को

भारी घाटा

897. श्री रामावतार शास्त्री : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बरोनी तेल शोधक कारखाने को प्रति मास भारी घाटा हो रहा है ;

(ख) यदि हां, तो प्रति मास कितना घाटा होता है और इसके कारण क्या हैं; और

(ग) सरकार ने ऐसी क्या कार्यवाही की है या करने का विचार है जिससे यह घाटा दोबारा न हो ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) जी नहीं।

(ख) और (ग). प्रश्न नहीं उठता।

Refusal by Foreign Oil Companies for Refining Government Imported crude

898. SHRI RAMAVATAR SHASTRI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the foreign oil companies have refused to refine Government imported crude; and

(b) if so, the steps taken to compel the oil companies to comply with Governments demand in this respect?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI)

(a) and (b). Under the Refinery Agreements the foreign oil companies have the right to import crude oil for their refineries from their own sources. The question of revision of Refinery Agreements is still under examination by the Government.

Tax Evasion by M/s Sona Singh & Sons Motia Khan, Delhi

899. SHRI RAMAVATAR SHASTRI : Will the Minister of FINANCE be pleased to state :

(a) whether Government have received any Memorandum from the Secretary, Motia Khan Welfare Association, New Delhi giving details regarding tax evasion by M/S Sona Singh & Sons, Motia Khan, New Delhi;

(b) whether Government have examined the memorandum and made enquiries; and

(c) if so, the action taken thereon?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) (a) . No, Sir.

(b) and (c) . Do not arise.

Violation of Monopolies and Restrictive Trade Practices Act by Birlas.

900. SHRI RAMAVATAR SHASTRI : Will the Minister of FINANCE be pleased to state :

(a) whether Government have since considered the question of taking action against the Birla concerns for violating

the Monopolies and Restrictive Trade Practices Act by not taking prior approval for the issue of debentures;

(b) if so, the decision taken thereon; and

(c) if the reply to part (a) above be in the negative, the reasons for the delay?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). The Hon'ble Member is presumably referring to the issue of debentures worth Rs. 150 lakhs by M/s. Kesoram Industries & Cotton Mills Ltd. for financing the company's second cement plant at Andhra Pradesh. The question whether prior approval of Government was necessary under the provisions of the Monopolies and Restrictive Trade Practices Act for the issue of these debentures has since been examined by the Government. Government has come to the conclusion that no such prior approval was necessary in this case as the issue of debentures was in connection with an expansion, the effective steps in respect of which were taken before 19th February, 1970 [on this ground the company was given a C.O.B. Licence under the Industries (D. & R.) Act in respect of the expansion] and which expansion, therefore, did not attract the provisions of the Monopolies and Restrictive Trade Practices Act which came into force from 1st June, 1971.

Permission to set up Four Star Hotels

901. SHRI DHARMARAO AFZAL-PURKAR : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have permitted setting up of four-star hotels in some important cities with a view to encourage tourism; and

(b) if so, the places where the hotels are proposed to be started and the names of the parties who have offered schemes to set up such hotels?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). Hotels are awarded star categories when they have commenced operation. 21 hotel projects have been proposed in the private sector with contents required for higher categorisation. The locations of these and the names of the parties are given in the attached statement. In the public sector, the India Tourism Development Corporation have plans to set up hotels at Gulmarg, Calcutta Airport, Aurangabad and Kovalam, and Tourist Cottages at Goa. The ITDC's Hotel Ashoka at Bangalore has started functioning from 1-5-71 and the Hotel Akbar in New Delhi will be commissioned later this year. Air India also has plans to construct two hotels at Bombay.

in the Country**

904. SHRI SARJOO PANDEY : Will the Minister of DEFENCE be pleased to state :

(a) whether India is producing long range guns in the country itself;

(b) if so, what will be the expected range up to which these guns will throw shells;

(c) whether some of these guns will be folding also;

(d) the time by which these guns will be made available for the fields for use of Indian Army; and

(e) whether these guns will serve the purpose of anti-aircraft guns and anti-tank guns also?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Various types of long range guns in use with Indian Army are : Mountain; Field; Medium and Heavy Guns.

(i) We are producing Mountain Gun—75/24 Pack How based on indigenous design and development.

(ii) Indigenous Field Gun has already been designed and developed. The project sanction for bulk production of the same has been issued.

(iii) There is no plan to manufacture Medium Gun, which have been imported. Barrels for Medium Guns will, however, be produced indigenously.

(iv) A proposal to design a Heavy Gun is under consideration.

(b) It is not in public interest to disclose the ranges of these guns.

(c) Our Mountain Gun is Pack design and is transportable by mules. The Field, Medium and Heavy Guns do not cater for this aspect.

(d) (i) Mountain Gun is already under production.

(ii) It is not in the public interest to give the production programme of this gun.

(e) No, Sir.

**Statement made by Shri S.S. Khera
regarding Policy of American Oil
Company in India**

905. SHRI AJIT KUMAR SAHA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the attention of Government has been drawn to the reported speech of Shri S. S. Khera, former Cabinet Secretary and the present Chairman of the Institute of Public Enterprises, stating

that an American Oil Company in India had refused Government of India's certain request on the ground that the U.S. State Department was against that suggestion, as reported in 'Patriot' on the 29th August, 1971;

(b) if so, the name of the Company;

(c) the action taken by Government against the American Oil Company for their refusal;

Interception of Arab Dhows carrying Contraband Goods

909. SHRI M.M. JOSEPH : Will the Minister of FINANCE be pleased to state :

(a) whether two Arab Dhows carrying contraband goods were intercepted by I.N.S. Cauveri off Bombay on the 19th October, 1971 ;

(b) whether any arrests were made and some goods were seized by the Customs authorities ; and

(c) if so, the action taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) 24 persons (12 crew members of each of the craft) were arrested. Japanese textiles valued at approximately Rs. 16 lakhs (at Indian market rate) were seized from one of the craft. Except for some foreign currency no other goods were seized from the second craft. Both the craft were also seized.

(c) So far complaint for the prosecution of 12 crew members of one of the craft has been filed in the Court of Law. Departmental adjudication proceedings for the confiscation of the contraband goods and the craft have also been initiated.

Setting up of Oil Refinery in North-west India

910. SHRI NAWAL KISHORE SHARMA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are setting up an Oil Refinery in the North West India in the near future ;

(b) if so, the location of the refinery ;

(c) the expected capacity of the Refinery and the cost of construction ;

(d) the length of pipelines that would be required for the Refinery and from where these pipelines are to be obtained ; and

(e) the extent to which the Refinery will be in a position to solve the oil requirements of the area ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) :

(a) and (b). A Committee of Experts was appointed in 1969 to study the question of additional refining capacity in the country and its location. This Committee recommended the establishment of a refinery in the north-west region. The Indian Oil Corporation was asked to prepare a Feasibility Report for this refinery. The report was received in June 1971 and is at present under examination. No decision in regard to location has yet been taken.

(c) About 6 million tonnes per annum.

(d) This will depend upon the locations of the refinery and the pipeline terminal.

(e) The refinery when commissioned is expected to meet the major requirements of the area.

Posting of A.B.M. (D) in the Branches of L. I. C.

911. SHRI SAT PAL KAPUR : Will the Minister of FINANCE be pleased to state :

(a) the condition for posting A.B.M. (D) in the branches of Life Insurance Corporation of India in Delhi ;

(b) the number and names of branches which are still functioning without the A.B.M. (D) and since when they are functioning without A.B.M. (D) ;

(c) whether it is a fact that in some of these Branches of L.I.C., A.B.M. (D) was posted earlier but withdrawn later on and if so, the reasons therefor ; and

(d) the steps taken in respect of posting of A.B.M. (D) in these branches and the time by which A.B.M. (D) will be posted there ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The following are the conditions in force for posting of A.B.M. (D) in the City Branches of L.I.C. (including Delhi) :—

(i) In Branches where the business completed during the last two accounting years amounted to at least Rs. 1.5 Crores and the strength of Development Officers is at least 12.
1 A.B.M. (D)

(ii) In Branches where the business completed during the last two accounting years amounted to at least Rs. 3 Crores and the strength of Development officers is at least 20.
2 A.B.M. (D)

(iii) In Branches where the business completed during the last two accounting years amounted to at least Rs. 4.5 Crores and the strength of Development Officers is at least 28.
3 A.B.M. (D)

For the year 1971-72 the foregoing conditions have been relaxed to the following extent :—

(i) Reference to the number of Development Officers has been deleted.

(ii) The shortfall, if any, in the completed business in 1969-70 can be met out of the excess in the completed business in 1970-71 i. e. the average of the completed business during the two years 1969-70 and 1970-71 would determine whether the condition relating to the completed business is satisfied or not.

(iii) The Zonal Manager has been authorised to make such other exceptions as he considers necessary for the development of new business subject to the condition that the number of A.B.Ms (D) to be appointed on the basis of such exception does not exceed 6 in the Zone.

The Zonal Managers have been given discretion to create Direct Agency Units

in the Branches where the requisite number of eligible Agents are available, subject to the condition that the creation of such Direct Agency Units does not disturb the eligibility of the Branch to regular A.B.Ms (D). Seven Direct Agency Units have been created in Delhi.

(b) The names of the Branches where no A.B.M. (D) has been posted are as under :—

Name	Remarks
Branch Unit No. 117	This is a Direct Agents Branch and, therefore, no A.B.M. (D) has been posted. The Branch is looked after by a Branch Manager.

No. 129	(Kirti Nagar)

Branch Unit No. 312	As per rules this Branch is not eligible for posting (Nizamuddin) of an A.B.M. (D)
---------------------	--

(c) No, Sir.

(d) When a particular Branch qualifies for postings of A.B.M. (D) as per rules, necessary steps would be taken to post an A.B.M. (D) at it.

Non-Acceptance of the Proposals by Life Insurance Corporation by the 31st March, 1971.

912. SHRI SAT PAL KAPUR: Will the Minister of FINANCE be pleased to state :

(a) whether all the cases of Life Insurance received upto the 31st March, 1971 in the Delhi division were accepted and risk covered from 31st March 1971 or earlier therefrom ;

(b) if not, the reasons for which all the proposals could not be accepted by that date;

(c) whether one of the reasons is that overtime was not allowed to the staff which resulted in non-acceptance of a large number of such proposals by the 31st March, 1971; and

(d) whether it is proposed to commence risk of those policies the proposals in respect of which were received on or before 31st March, 1971 so as to give them the benefit of bonus for the year 1970-71?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Almost all the proposals, (barring a few cases) received on or before 31st March, 1971, in Delhi Divisional Office were processed and risk covered from 31st March, 1971, or earlier.

(b) A disproportionately large number of proposals were received during the last week of March, 1971 and all of them could not be processed by the end of the month in spite of best efforts.

(c) No, Sir. In fact, the concerned staff was put on overtime duty during the last two days of March, 1971, aggregating to 2200 man hours.

(d) No, Sir. Under the rules of the Corporation it is not permissible to cover the risk from 31st March, 1971, or earlier in respect of proposals processed after 31st March, 1971, when the accounts are closed.

Supply of Arms to Pakistan by Foreign Countries

913. SHRI G. Y. KRISHNAN

SHRI MUKHTIAR SINGH
MALIK:

Will the Minister of DEFENCE be pleased to state:

(a) the names of the countries supplying

military, naval and Air Force supplies to Pakistan at present; and

(b) the reaction of Government thereto?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). The attention of the hon'ble Members is invited to the reply given to Starred Question No. 154 answered on 31st May 1971. As the hon'ble Member is aware, an increasing number of countries are now discouraging or denying supply of military hardware to Pakistan. It will, therefore, not serve the public interest if country-wise details of supplies made to-date are disclosed.

Securing of Deposits of the Small Middle Class Depositors

914. SHRI G. Y. KRISHNAN: Will the Minister of FINANCE be pleased to state:

(a) whether Reserve Bank of India has made use of the powers in securing deposits of the small middle-class depositors in various companies; and

(b) if so, in what manner?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) and (b). The details of the action taken by the Reserve Bank of India so far are given in the annexed statement. The general question of acceptance of deposits by companies is also under consideration of the Banking Commission. Their recommendations are awaited.

STATEMENT

The Reserve Bank of India issued on 29th October, 1966, two directions namely, the Non-Banking Financial Companies (Reserve Bank) Directions, 1966 and the Non-Banking Non-Financial Companies

(Reserve Bank) Directions, 1966. The directions

- (i) Prohibit the acceptance of short-term deposits for periods of less than 6 months in the case of hire-purchase companies and 12 months in the case of other companies;
- (ii) Restrict the acceptance of deposits to a ceiling of 25 per cent of the paid-up capital and free reserves in the case of all companies other than hire-purchase and housing finance companies;
- (iii) Require a non-banking company to disclose particulars regarding its management, business, profits, dividends, capital, reserves, deposits and other liabilities in any advertisements soliciting deposits;
- (iv) Provide for the furnishing of proper receipts for deposits to the depositors and maintaining of deposit registers with prescribed minimum particulars;
- (v) Provide for the inclusion, in the annual report, of particulars regarding the overdue deposits which have been continuing;
- (vi) Provide for the inclusion, in the annual report, of particulars regarding the overdue deposits which have remained unpaid, if the overdues are in the aggregate in excess of Rs. 10 lakhs;
- (vii) Provide for the maintenance of liquid assets equivalent to 10 per cent of outstanding deposits, in the case of hire-purchase and housing finance companies;
- (viii) Make provision for ensuring, in the case of companies transacting hire-purchase business,

that hire-purchase debts are collected within a reasonable period; and

- (ix) Provide for the submission of balance-sheets and profit and loss accounts and furnishing of information in sufficient detail by financial companies regarding their operations and by non-financial companies regarding their deposits and hire-purchase transactions.

Utilization of Services of Civilian Specialists in Military Intelligence Organisation

915. SHRI MUKHTIAR SINGH MALIK : Will the Minister of DEFENCE be pleased to state :

(a) whether there is any proposal under consideration of Government to utilise the services of civilian Specialists in the Military Intelligence Organisation; and

(b) if not, the reasons thereof ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) No, Sir.

(b) No necessity has been felt for the appointment of civilian specialists in the military intelligence organisation. These posts are filled by officers of the Army Intelligence Corps. There is adequate coordination between military and civil intelligence organisations.

Control on Bank Advances against Foodgrains

916. SHRI MUKHTIAR SINGH MALIK : Will the Minister of FINANCE be pleased to state :

(a) whether any new scheme has been envisaged to tighten control on Bank advances against foodgrains in view of the sharp rise in prices; and

(b) if so, the nature of the scheme?

**THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN) :**

(a) and (b). The Reserve Bank of India is constantly watching the situation with a view to taking suitable measures when necessary.

**Recruitment in the India Airlines and
Air India**

**917. SHRI MUKHTIAR SINGH
MALIK :** Will the Minister of TOURISM
AND CIVIL AVIATION be pleased to
state :

(a) whether recruitment in the Indian
Airlines and Air India is made direct and
not through Employment Exchanges or
Union Public Service Commission;

(b) if not, the reasons therefor ?

(c) whether there is any proposal under
the consideration of Government to set up
a separate cell to hold examinations for
recruitment in these two Undertakings;
and

(d) if not, the reasons therefor?

**THE MINISTER OF TOURISM AND
CIVIL AVIATION (DR. KARAN
SINGH) :** (a) to (c). In Indian Airlines all
vacancies are notified to employment ex-
changes, but selection is not restricted to
names received through them. The re-
cruitment and promotion rules of Indian
Airlines, approved by the Board of the
Corporation, stipulate that all posts should
be notified/advertised.

2. In Air-India, recruitment in respect
of categories like stenographers, typists,

clerks and peons is done through employ-
ment exchanges, and direct recruitment is
resorted to when the employment exchange
is unable to supply suitable candidates. In
respect of supervisory/officer categories
including technical, highly skilled and
licenced categories vacancies are simulta-
neously advertised and notified to employ-
ment exchanges.

3. Indian Airlines and Air India are
statutory bodies established under an Act
of Parliament. Recruitment to all posts is
done directly by the Corporation and not
through the agency of the Union Public
Service Commission which handles recruit-
ment to Government departments.

**Proposal to set up a separate cell in
Union Public Service Commission to hold
Examinations for Recruitments in Public
Undertakings**

**918. SHRI MUKHTIAR SINGH
MALIK :** Will the Minister of FINANCE
be pleased to state :

(a) whether there is any proposal under
the consideration of Government to set up
a separate Cell in Union Public Service
Commission to hold examinations for re-
cruitment in the Public Undertakings; and

(b) if not, the reasons thereof ?

**THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH) :** (a) No such proposal is under
consideration of the Government.

(b) It is felt that the setting up of an
agency external to the Public Enterprises
for the purpose of recruitment will not
only abridge the autonomy of the Public
Enterprises but also result in delays in the
manning of these posts in the Enterprises.

Programme for Drilling of New Oil Wells and to locate New Oil Belts in the Country

919. SHRI MUKHTIAR SINGH MALIK :

SHRI D.K. PANDA :

SHRI C. CHITTIBABU :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the salient features of the new programme for drilling of new oil wells and to locate new oil belts in the country during the next two years; and

(b) the funds allocated for the purpose?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) During the next two years, the Oil and Natural Gas Commission would continue exploration and development drilling in the various areas in Gujarat, Assam, Jammu and Kashmir, and the Cauvery Basin. Besides, the Commission has also planned to extend its deep exploration drilling activities to certain areas in Jaisalmer district of Rajasthan, Ganga Valley, Kutch and Tripura. The Commission has planned to drill 194,000 metres and 200,000 metres in the above areas, during 1972-73 and 1973-74 respectively. Exploration drilling activity in the offshore areas in the Gulf of Cambay and adjoining area of the Arabian Sea will be continued.

In addition, it is planned to continue geological mapping and gravity, magnetic and seismic surveys in various Sedimentary areas.

Oil India Limited has also drawn up a Five-year Exploration Programme (1970-74) under which one exploration well will be drilled in Dum Dum area of Assam and one well in Ningru area of NEFA during the years 1972 and 1973.

(b) The budget estimates of the Commission for the year 1972-73, envisage a total operation expenditure of Rs. 35.10 crores on the exploration and development activities. The operational expenditure during the year 1973-74 on these activities, would depend on the level and extent of operations in that year. An indication of this expenditure may become available in the coming months in the light of the technoeconomic study, recently completed by ONGC and Soviet experts, of the oil and gas reserves within the country.

The expenditure of Oil India Limited on their exploration programme for the calendar years 1972 and 1973 is estimated at Rs. 348 lakhs.

Sites in NEFA explored by Oil India Ltd.

920. SHRI BISWA NARAYAN SHASTRI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether 3 sites in NEFA have been selected by the Oil India Limited and explored;

(b) if so, the progress made so far; and

(c) the expected quantity of oil from those oil wells ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) :

(a) and (b). Oil India Limited have, so far selected four locations for drilling in the Ningru area of NEFA. Of these, exploratory wells at two sites have already been drilled and found dry. Procurement of equipment and other preparations are in hand for drilling at the other two sites in the area, one in 1973 and one in 1974.

(c) It is difficult to make a forecast about oil prospects before the wells are drilled.

Opening of Nationalised Banks in rural areas of West Bengal

921. SHRI GADADHAR SAHA : Will the Minister of FINANCE be pleased to state :

(a) the number of nationalised Banks opened and proposed to be opened in rural areas of West Bengal and their locations District-wise;

(b) whether they have started providing loans to the small farmers and Small Traders and others who are Bargadars; and

(c) if so, the amount of loan given to these categories of people block-wise in the District of Birbhum ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The information is not readily available. This will be collected to the extent possible and laid on the Table of the House.

M/s. Smith Stanistreet, Calcutta facing Closure

922. SHRI S. C. SAMANTA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Messrs Smith Stanistreet Company, Calcutta, is facing closure for mismanagement and lack of working capital; and

(b) whether his Ministry propose to recommend to the Company Affairs Board to appoint Government Directors for this Company in the interest of life-saving drugs and 1100 employees?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Reports have been received in this regard.

(b) The matter is under consideration.

Mismanagement in M/s Smith Stanistreet Co., Calcutta

923. SHRI S. C. SAMANTA: Will the Minister of COMPANY AFFAIRS be pleased to state:

(a) whether Government have received any reports about mismanagement in the affairs of M/s Smith Stanistreet caused by Mundhra group in collusion with Life Insurance Corporation nominee on the Board; and

(b) if so, the reasons for not appointing Government nominees on the Board of this Company after failure of the majority group to deposit call money for new issues within the scheduled date?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA RADDY): (a) and (b). Some communications were received from the Life Insurance Corporation of India and the Smith Stanistreet & Company Workers Union, in October, 1971, regarding the affairs of this Company and an enquiry is being made by the Company Law Board for taking appropriate action under the Companies Act, 1956.

Conversion of Gujarat State Fertilizer Corporation into a Public Sector Company

924. SHRI S. C. SAMANTA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government have received any memorandum suggesting the conversion of Gujarat State Fertilizer Corporation into a full public sector company and to recover it from the control of big business interests;

(b) what action has been taken so far by the Gujarat Government to improve

the working of this fertilizer manufacturing company; and

(c) the reasons for Gujarat Government's refusal to take action under article 230 of the articles of association of this joint sector company?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) to (c). Government have received some representations in this regard; these have been forwarded to the Government of Gujarat for consideration, since the issues raised therein lie within their competence. It is for them to take appropriate action in the matter.

Rate of Punctuality in the Departure and Arrivals of the Indian Airlines Day Flights between Delhi and Madras

925. SHRI MURASOLI MARAN: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the rate of punctuality in the departure and arrivals of the Indian Airlines day flights between Delhi and Madras from 15th September to 15th October, 1971; and

(b) the reasons for the disarray in the timings of the flights in these and other trunk routes during that period and the steps taken to conform to some stable time-table?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) The rate of punctuality in Indian Airlines day flights between Delhi and Madras from 15th September 1971 to 15th October 1971 is 79.03%, taking all types of delays into account.

(b) The timings of the flights had to be revised as the runway at Madras is under repairs. Madras airport, is closed to all jet aircraft up to 1300 hours.

Issue of Licences for Setting up Hotels in Delhi

926. SHRI R. S. PANDEY: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government have recently issued some licences to different parties to set up hotels in Delhi to meet the growing demand for more hotel accommodation in the Capital;

(b) if so, the particulars of the licences issued during this year with the names of parties; and particulars of their projects;

(c) whether they have been allowed foreign collaboration in setting up their hotels and if so, to what extent; and

(d) whether some more applications in this regard are under consideration and if so, from which parties?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) No, Sir.

(b) and (c). Do not arise.

(d) Three applications for approval are under consideration.

Pakistani Spies in the Indian Armed Forces

927. SHRI R. S. PANDEY: Will the Minister of DEFENCE be pleased to state:

(a) whether a large number of Pakistani spies have recently been detected in the Indian armed forces, carrying on sabotage activities; and

(b) if so, the steps taken to check infiltration of Pakistani spies into the Indian army and its establishments?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) No, Sir,

(b) Security measures have been tightened.

Giving of Pension through Money Orders

928. SHRI MANORANJAN HAZRA:

Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to give pension to the pensioners through money orders ; and

(b) if so, the broad outlines thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). Pensioners drawing pensions not exceeding Rs. 250 per month are entitled to receive their pensions through money orders, but, the money order commission is payable by them. In pursuance of the recommendations of the Administrative Reforms Commission made by them in their Report on Treasuries, instructions have now been issued that pensions, including provisional pensions, upto Rs. 100 per month should, at the request of the pensioners, be remitted to them by money order at Government expense.

Setting up of a Nylon Filament Yarn Factory in Kerala

929. SHRI M. K. KRISHNAN :

SHRI A. K. GOPALAN :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Kerala State Industrial Development Corporation have requested the Centre to issue a Letter of Intent for setting up a Nylon Filament Yarn Factory in Kerala ;

(b) if so, whether the Letter of Intent has been issued ;

(c) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) Yes, Sir.

(b) and (c). The application is under consideration along with the other applications received in response to this Ministry's Press Note dated 5th July, 1970. A decision in the matter is likely to be taken shortly.

Plan for establishing a Tourist Centre at Parambikulam, District Palghat, Kerala

930. SHRI M. K. KRISHNAN : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are considering any plan for establishing a tourist centre at Parambikulam, District Palghat, Kerala ; and

(b) if so, when a decision is likely to be taken in this regard ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) No, Sir.

(b) Does not arise.

Proposal to develop Kumarakom near Kottayam (Kerala) into a Tourist Centre

931. SHRI M. K. KRISHNAN : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether there is any proposal under the consideration of Government to develop Kumarakom near Kottayam (Kerala) into a tourist centre ;

(b) if so, the estimated cost thereof ; and

(c) when a decision is likely to be taken in this regard?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) No, Sir. The Government of India have no such proposal under consideration.

(b) and (c): Do not arise.

Visit to Kerala by Air Force Recruiting Officer

932. SHRI M. K. KRISHNAN: Will the Minister of DEFENCE be pleased to state:

(a) whether any Air Force Recruiting Officer toured Kerala State during last year;

(b) if so, the number of persons recruited from Kerala State during his tour; and

(c) the number of vacancies of each course trade-wise allotted to Kerala State?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) and (c). Vacancies are not allotted State-wise. Trade-wise vacancies are allotted to Air Force Recruiting Offices. Out of 404 vacancies allotted, in 1971, to the Air Force Recruiting Office, Bangalore, which covers Mysore State and Kerala State, 286 persons, who belong to Kerala State, were selected.

Memorandum from Mayor of Calcutta on Share in Tax Revenues

933. SHRI DINEN BHATTACHARYA: Will the Minister of FINANCE be pleased to state:

(a) whether Government have received any memorandum from the Mayor of

Calcutta Corporation demanding reasonable tax share;

(b) if so, the contents of the memorandum; and

(c) the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) The Mayor of Calcutta has represented that in order to cover the revenue deficit of the Calcutta Corporation:

- (i) share of the Calcutta Corporation in the octroi receipts should be enhanced;
- (ii) corporation should be given a share of the terminal tax receipts;
- (iii) grant to the Corporation out of the State Government's receipts from the tax on Motor Vehicles should be increased;
- (iv) the Corporation should be given a share of the entertainment tax and a grant for education;
- (v) pending a decision on the above requests, Government of India should extend ad hoc financial assistance to the Corporation; and
- (vi) assistance from Calcutta Metropolitan Development Authority and the State Government should be in the form of grants.

(c) The representation has been referred to State Government.

Higher Dividends declared by Foreign Oil Companies

934. SHRI KRISHNA CHANDER HALDER: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether foreign oil companies in India had declared higher dividends even out of their reserves;

(b) if so, the particulars thereof;

(c) whether these methods of higher dividends were declared with a view to repatriate their capital to their countries and cheat Government in case of nationalisation; and

(d) if so, the reaction of Government thereto?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) Yes, Sir.

(b) Net Profits, transfers from reserves and dividends by the three major foreign oil refineries of Burmah-Shell, Caltex, and Esso during the year 1969 and 1970 are as under :—

Year	Net Profit	Transfer from Reserve	Rs./Lakhs Dividends declared
1969	515	446	961
1970	546	612	1158

Particulars regarding the marketing companies are being collected.

(c) and (d). Apparently, the companies found the retained profits of previous years to be surplus to their current requirements and therefore they have withdrawn them from the reserves and transferred them back to the foreign holding companies by way of dividends. This has enabled the foreign holding companies to reduce their equity in the Indian subsidiaries. In the process the net worth of the subsidiaries has also been reduced. The companies have not contravened the provisions of either the Companies Act or the Foreign Exchange Regulation Act in drawing upon uncapitalised reserves but out of past profits to declare dividends in excess of net profits made during the year.

Assessment of Income of Volga Restaurant, New Delhi and the Group for Recovery of Income-Tax

935. SHRI KRISHNA CHANDRA HALDER :

SHRI RATTAN LAL BRAHMNAN :

Will the Minister of FINANCE be pleased to state :

(a) the number of assessments completed and the amount recovered from M/s Volga Restaurant, New Delhi and the group during the last three years;

(b) whether their concerns in Bombay were assessed in Delhi for the last fifteen years; and

(c) if so, the reasons why these cases have been transferred to Bombay ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The number of assessments completed is 46 and the amount recovered in this case during the last three years is Rs. 19.49 lakhs.

(b) Yes, Sir, upto 14-8-1969.

(c) These cases were transferred to Bombay considering the fact that the Hundi Circle at Bombay would be in a better position to deal with these cases as hundi transactions were involved. However, the assessee has come up for a settlement and agreed for treating the hundi loans as his income. Further investigations in Bombay are, therefore, found to be unnecessary. As required by law, the assessee has been required to show cause why the cases should not be transferred back to Delhi. Orders about the transfer of the cases will be passed after considering the assessee's objections.

Seizure of Gold by Customs Department

936. SHRI H. K. L. BHAGAT : Will the Minister of FINANCE be pleased to state :

(a) the total quantity and value of smuggled gold seized by the Customs Department during the last 6 months;

(b) the comparative position in this regard during the previous 6 months of the current year;

(c) whether Government have taken any new steps for prevention of gold smuggling during this year; and

(d) if so, what are these steps ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). 701 Kg. of gold valued at Rs. 64 lakhs at the international monetary rate and Rs. 144 lakhs at the Indian market rate was seized by the Customs authorities during the period April to September, 1971 which includes the monsoon season when smuggling is much less comparatively. During the previous six months *i. e.*, Oct. 1970 to March 1971, 1791 Kg. of gold valued at Rs. 153 lakhs at the international monetary rate and Rs. 344 lakhs at Indian market rate was seized by the Customs authorities.

(c) and (d). In order to intensify anti-smuggling work along the coast of Gujarat and Tamil Nadu preventive formations in these areas have been reorganised during the year 1971. In Ahmedabad Collectorate, 5 divisions under the charge of Asstt. Collectors have been created exclusively for anti-smuggling work. Similarly in Madurai Collectorate two divisions under the charge of Asstt. Collectors have been created exclusively for anti-smuggling work. Additional launches, vehicles, arms and other equipment such as binoculars have been acquired during the year for effective interception, prevention etc.

Mobilisation of Additional Resources

937. SHRI H. K. L. BHAGAT : Will the Minister of FINANCE be pleased to state :

(a) whether any concrete measures to mobilise additional resources in view of the extraordinary requirements of the present situation in the country are being taken; and

(b) if so, what are the measures and when they are likely to be implemented ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Government have recently taken measures to mobilise additional resources in the context of the situation created by the influx of refugees from Bangla Desh. These measures include the levy of a tax on railway fares through the Railway Passenger Fares Ordinance 1971, a tax on certain postal articles through the Tax on Postal Articles Ordinance, 1971, a tax on inland air travel through the Inland Air Travel Tax Ordinance, 1971, an additional duty on instruments chargeable to stamp duty and an excise duty on newspapers through the Stamp and Excise Duties (Amendment) Ordinance, 1971. These levies came into effect from the 15th November, 1971. The States are also taking measures to raise resources for refugee relief.

Achievement of Self-sufficiency in development of sophisticated and complex Radar System

938. SHRI H. K. L. BHAGAT : Will the Minister of DEFENCE be pleased to state :

(a) whether his Ministry have formulated schemes to achieve self-sufficiency in the development of sophisticated and complex radar systems;

(b) when these schemes will be implemented; and

(c) whether any target period has been fixed for achieving self-sufficiency?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c). Production of sophisticated radar systems is a continuously evolving process. Self-sufficiency can, therefore, be expressed only in relative terms taking into account the availability of raw material, production know-how and production facilities.

Several competence-building tasks have, however, been taken up during the last few years to build up the necessary competence for the development of sophisticated and complex radar systems. Some radars required for the Army and Air Force have already been developed and are now in the production phase.

It is hoped to achieve reasonable self-sufficiency based on current requirements, in all types of radar required by the three Services by 1980.

Economy Measures taken as a result of Problems relating to Bangla Desh

939. SHRI H.K.L. BHAGAT : Will the Minister of FINANCE be pleased to state :

(a) whether in view of the extraordinary situation being faced by the country due to problems relating to Bangla Desh, Government have taken any economy measures ;

(b) if so, what are the measures and what is the economy expected to be made and since when these measures have commenced ;

(c) whether the State Governments have also been advised to take economy measures ; and

(d) if so, the steps taken by the State Governments in this regard.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) The more important measures are :

(1) A review of the current year's budget provision for non-Plan expenditure so as to secure as nearly as possible a 5% reduction. This reduction is to be achieved by cutting down all non-essential items of expenditure, re-scheduling, postponing or dropping of sanctioned programmes to the extent feasible and deferring all new activities unless there is special justification.

(2) Further restrictions on unproductive items of expenditure by curtailing the provision made for contingencies, travelling allowance, entertainments and the like, and by imposing curbs on filling up of vacant posts, foreign travel, use of telephones and staff cars, purchase of decorative articles and furnishings and so on.

(3) Curtailment of the facility of advances for the purchase of motor cars, scooters and motor cycles admissible to Government servants.

These measures were commenced in August 1971. According to present indications, savings to the extent of Rs. 59 crores approximately in the current year's non-Plan budget (excluding Railways) are expected as a result of the above measures.

(c) Yes, Sir.

(d) In a recent Conference the Chief Ministers/Governors agreed to take measures to curtail non-Plan and non-essential expenditure.

**Steps to achieve self-sufficiency in
Fertilizers**

940. SHRI H.K.L. BHAGAT : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether his Ministry was aiming at self-sufficiency in fertilizers during 1976-77;

(b) the steps proposed to be taken in this connection; and

(c) whether any more fertilizer projects are likely to be sanctioned this year?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) Yes, Sir.

(b) Additional capacity in fertilizer is being created by expansion of existing plants, where feasible, and by setting up new plants.

(c) Final decision on some of the proposals for establishing new fertilizer projects or for expanding existing ones is expected to be taken during the current year.

**Alleged Misappropriation of Funds by
General Managers of General
Insurance Companies**

941. SHRI SHASHI BHUSHAN : Will the Minister of FINANCE be pleased to state :

(a) whether Government have appointed the General Managers of General Insurance Companies after nationalisation of General Insurance in the country as Custodians of those Insurance Companies ;

(b) whether there were certain complaints against some of the General Managers of

**General Insurance Companies regarding
misappropriation of funds of the company;**

(c) the arrangements made by Government for screening those persons against whom certain complaints were made ;

(d) whether these Custodians are making large scale retrenchment and thus there is discontentment among the employees of the Insurance Companies ; and

(e) the policy adopted by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SHUSHILA ROHATGI) : (a) Yes, Sir. General Managers of several insurance companies have been appointed as custodians of other companies.

(b) and (c). Only one complaint of misappropriation of funds by an officer during an earlier period when he was in the employment of another insurer was received. The Custodian has resigned his custodianship and another is being appointed. The matter is under consideration.

(d) and (e). No, Sir. Instructions have already been issued to the Custodians that no genuine employee should be retrenched. These instructions apply equally to the genuine part-time employees.

**Rates of Commission allowed to
petrol pump dealers**

942. SHRI SHASHI BHUSHAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the present rate of commission allowed to petrol pump dealers and when this rate was fixed :

(b) whether the expenses incurred by dealers of petroleum on staff, decoration,

lease, water and electricity and other amenities have increased many times but the rate of commission is the same ; and

(c) whether Government propose to make an increase in the Commission rate allowed to petrol dealers ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI):

(a) Since 1954, the rate of dealers' commission on Motor Spirit has been Rs. 41.80 per KL and on High Speed Diesel Oil Rs. 17.60 per KL since 1955.

(b) and (c). Government have asked National Council of Applied Economic Research to investigate into the actual economics of the retail outlets with a view to determine the adequacy or otherwise of the present rates of commission. The matter will be examined by Government on receipt of their report.

Foreign monopolists in India

943. SHRI SHASHI BHUSHAN : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government have prepared a list of Indian monopolists in the country ;

(b) the rules framed by Government in respect of foreign monopolist concerns functioning in Tobacco, petroleum, drugs and shipping business in India ; and

(c) the names of such foreign monopolist concerns ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) :

(a) Presumably, the question refers to the Undertakings. whether limited companies or not, registered under section 26 of the Monopolies and Restrictive Trade Practices Act, 1969. Upto 15th November, 1971, 814 such Undertakings have regis-

tered themselves under the Act. A list of these Undertakings is given in statement I laid on the Table of the House. [Placed in Library. See No. LT—1057/71]

(b) Rules framed by the Government under the provisions of the MRTP Act, which are equally applicable to such undertakings in India (registered under section 26 of the MRTP Act) have from time to time been laid on the Table of the House in accordance with the provisions of Section 67 (3) of the MRTP Act.

(c) Information with regard to the names of 99 Undertakings which are either foreign companies as defined in Section 591 of the Companies Act, 1956, or Indian Subsidiaries of foreign companies and are registered under section 26 of the MRTP Act is given in statement II laid on the Table of the House. [Placed in Library. See No. LT—1057/71]

Supply of war equipment and chemicals to Pakistan by Foreign monopolist concerns in India

944. SHRI SHASHI BHUSHAN : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government are aware that there are a number of foreign monopolist concerns functioning in India which have their headquarters in India and abroad and are engaged in supplying war goods and chemical goods to Pakistan ;

(b) if so, the names and other particulars of these concerns ; and

(c) the action Government propose to take in this regard ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) to (c). The information is being collected and will be laid on the Table of the House.

उज्जैन (मध्य प्रदेश) में हवाई पट्टी के निर्माण का निर्णय

947. श्री कूलचन्द वर्मा : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने उज्जैन (मध्य प्रदेश) में हवाई पट्टी के निर्माण का निर्णय ले लिया और इसके लिये स्थान भी चुन लिया है ; और

(ख) यदि हां, तो कितने समय तक इस हवाई पट्टी का निर्माण पूरा हो जाएगा ?

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) और (ख). जी, नहीं ।

Land For Expansion of Existing Runway At Cochin Airport

948. SHRI C. K. CHANDRAPPA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Navy had offered to give land for the expansion of the existing runway at Cochin Airport ; and

(b) if so, the decision taken in the matter ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). The Indian Navy has no objection to the extension of the runway at Cochin by the Civil Aviation Department. On account of the existence of several obstructions and the high cost involved, however, the extension work has not been taken up.

Committee to examine Manipulation in Invoicing

949. SHRI C. K. CHANDRAPPA : Will the Minister of FINANCE be pleased to refer to the reply given to Starred Question No. 1178 on the 16th July, 1971 regarding Committee to examine manipulation in invoicing and state :

(a) the findings of the Study Team headed by Shri M. G. Kaul on leakage of foreign exchange due to manipulation in invoicing and the recommendations made by it thereon ; and

(b) the steps Government propose to take on the basis of this report.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) A statement giving more important of the recommendations made by the Study Team on leakage of foreign exchange through invoice manipulation is laid on the Table of the House. [Placed in Library. See No. 11-1058-71] The Report of the Study Team has already been laid on the Table of the House.

(b) The Report includes 220 recommendations relating to legislative, procedural, administrative, organisational and staffing matters which concern several Departments and Ministries. Most of these recommendations have been examined. A statement of the decisions taken upon the recommendations so far is being compiled and will be laid on the Table of the House.

Delinking of Rupee From Dollar and Sterling

950. SHRI C. K. CHANDRAPPA : Will the Minister of FINANCE be pleased to state :

(a) whether in view of the present crisis in the International monetary system

due to the dollar crisis, Government are thinking in terms of delinking Indian rupee from dollar and sterling ;

(b) if not, the reasons therefor ; and

(c) the benefits that we are getting by keeping the present IMF parity of the Indian Rupee ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). There is no change in the par value of the rupee, which is expressed in terms of gold. As the par value of the US dollar also has not changed, the relationship between the rupee and the US dollar continues to be the same as before. However, since the pound sterling is being exchanged at rates beyond the margins permissible under the Articles of the Fund, the exchange rate between the pound sterling and the rupee also fluctuates correspondingly.

The parity of a currency is determined on the basis of the overall balance of payments situation of the country concerned. Since there has been no basic change in India's overall balance of payments position on account of the present international monetary situation there is no reason for changing the parity of the Indian rupee.

Sen Committee's Report on the Working of Indian Airlines

952. **SHRI K. BALATHANDAYUTHAM :**
SHRI C. CHITTIBABU :

Will the Minister of **TOURISM AND CIVIL AVIATION** be pleased to state :

(a) whether Government have received Sen Committee's Report on the working of the Indian Airlines ;

(b) if so, what are the main recommendations made in that report ; and

(c) what are the decisions of Government thereon ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) Yes, Sir.

(b) The main recommendations relate to management-employee relations, personnel policies and practices, organisational improvements and administrative matters.

(c) The report is under careful examination.

Financial Assistance to Bihar for Flood Victims

953. **SHRI RAM SHEKHAR PRASAD SINGH :**
SHRI RAMAVATAR SHASTRI :

Will the Minister of **FINANCE** be pleased to state :

(a) whether the Government of Bihar have sent a proposal to the Central Government in regard to the funds needed to help the flood victims in the State ; and

(b) if so, the main features of the scheme and action taken by Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) The Government of Bihar have undertaken various relief measures like light and hard manual labour schemes to provide employment, gratuitous relief schemes, house building grants and loans to cultivators and repairs to flood-damaged embankments, roads, etc. According to the State Government, the expenditure required on these measures in the current year would be about Rs. 103.46 crores.

On the basis of the recommendation of the Central team, a ceiling of expenditure of Rs. 46.275 crores has so far been approved for purposes of Central assistance. This is, however, subject to review.

**Report of Reorganisation Committee
on Narcotics Department**

954. SHRI ARJUN SETHI: Will the Minister of FINANCE be pleased to state :

(a) whether Government had set up a Reorganisation Committee on Narcotics Department;

(b) whether the said Committee has submitted its report; and

(c) if so, its recommendations and reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The Government had not appointed any Reorganisation Committee on Narcotics Department. It had, however, appointed an Officer on Special Duty in January, 1969 to conduct a comprehensive study of the Narcotics Department in all aspects particularly long term performance and policies, production of opium and alkaloids, prevention of smuggling and administration.

(b) and (c). The report was submitted by the Officer on Special Duty in October 1970. It contains a number of recommendations and suggestions on various aspects of the Narcotics Department such as :—

- (i) Organizational matters in the districts/Units;
- (ii) District procedures and Accounting;
- (iii) Smuggling and Preventive arrangements;
- (iv) Purchase price of opium;
- (v) Drug Abuse and De-addiction;

(vi) Manufacture of opium and its alkaloids;

(vii) Financial Management and Accounting Procedures;

(viii) Factory Organization and Personnel Management;

(ix) Legislative Reforms;

(x) Research and modernization;

(xi) Centralization and Co-ordination;

(xii) Suppression of illicit traffic;

(xiii) Cadre Rationalization;

(xiv) Future policy regarding the production and sale of opium and its alkaloids;

Most of the recommendations have already been implemented. Certain recommendations relating to matters involving major policy issues are, however, still under consideration.

**Maintenance of Seniority List of
Staff in Narcotics Department**

955. SHRI ARJUN SETHI: Will the Minister of FINANCE be pleased to state :

(a) whether in the Narcotics Department, unlike the Central Excise Department Seniority lists of Class III and IV staff are maintained unit-wise;

(b) if so, whether this procedure has been working satisfactorily in the matter of promotions in case of Class III employees; and

(c) if not, what steps Government have taken to remove the unequal chances of promotion in the various Units?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The Seniority lists of

Class III and IV staff in the Central Excise Department are maintained Collectorate-wise, except where two Collectorates have common cadres. The Narcotics Department consists of 3 separate units,

- (i) Headquarters Unit.
- (ii) Uttar Pradesh Unit.
- (iii) M. P. & Rajasthan Unit.

Seniority lists of Class IV and III ministerial staff (upto the grade of Head Clerk) and executive staff (upto the grade of Preventive Inspector) in the Narcotics Department are maintained separately for the three units, i. e. Headquarters, Uttar Pradesh and Madhya Pradesh and Rajasthan.

(b) and (c). With a view to certain anomalies this procedure had created, instructions were issued in May, 1967 that the Class III cadres of the three units of Narcotics Department should be combined for the purpose of seniority, confirmation and promotion. This however led to certain other anomalies and also evoked protests from the Association of the employees of Narcotics Department. After considering the matter further, it was decided in April, 1969 not to act upon the instructions issued in May, 1967. The Officer on Special

Duty who had been appointed to review the working of the Narcotics Department, has, however, made certain recommendations in this regard which are at present under consideration.

विदेशों से प्राप्त ऋणों का भुगतान

956. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) उन देशों के नाम क्या हैं जिनसे भारत द्वारा प्राप्त पहले किए गए ऋण की मूल राशि और उस पर देय ब्याज दोनों मिलाकर उनसे इस समय प्राप्त सहायता की राशि से अधिक है; और

(ख) उन देशों से ऋण-अलग ऋण तथा सहायता के रूप में कितनी धन राशि प्राप्त हुई है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण):
(क) और (ख). निम्नलिखित देशों के सम्बन्ध में, 1970-71 के दौरान ऋण परिशोधन सम्बन्धी अदायगियों की रकम उपयोग में लाई गई सहायता की रकम से अधिक बैठती है :

**पंजाब और पश्चिम बंगाल में भू-राजस्व
की बकाया राशि**

957. श्री हुकम चन्द कछवाय : क्या
वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) पंजाब तथा पश्चिम बंगाल की
भू-राजस्व की कितनी राशि बकाया
है; और

(ख) इसे वसूल करने के लिए सरकार
क्या कदम उठाने का विचार कर रही है?

वित्त मंत्रालय में राज्य मंत्री (श्री के०
आर० गणेश) : (क) 31 मार्च, 1971 को
पंजाब और पश्चिम बंगाल में क्रमशः 1.68
करोड़ रुपये और लगभग 7.00 करोड़
रुपये का भू-राजस्व बकाया होने का अनु-
मान था।

(ख) केन्द्रीय सरकार समय-समय पर
सभी राज्य सरकारों से यह आग्रह करती
रही है कि वे अपने साधन जुटाने की गति
में तेजी लाने के समस्त प्रयत्न के एक भग
के रूप में, विभिन्न प्रकार की बकाया
रकमों की वसूली में सुधार करे जिनमें
भू-राजस्व भी शामिल है।

आयकर की बकाया राशि

958. श्री हुकम चन्द कछवाय : क्या
वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) देश में इस समय आय कर की
कितनी राशि बकाया है ; और

(ख) भविष्य में आयकर की बकाया
राशि को वसूल करने के लिए सरकार का क्या
प्रभावी कार्यवाही करने का विचार है?

वित्त मंत्रालय में राज्य मंत्री (श्री के०
आर० गणेश) : (क) 31-3-1971 की
स्थिति के अनुसार देश में आयकर की शुद्ध
बकाया रकम 499.68 करोड़ रुपये है।

(ख) आयकर की बकाया रकम की
शीघ्र वसूली के लिए पहले से ही किए गए
उपायों का विवरण संलग्न अनुबंध में दिया
गया है।

आयकर की बकाया को वसूल करने
के लिए भविष्य में किए जाने वाले अन्य
कारगर उपायों का जहां तक सम्बन्ध है,
वे पहले से किए गए उपायों और भावी
आवश्यकताओं पर निर्भर करेंगे।

विवरण

सरकार ने करों की बकाया की वसूली
के लिए निम्नलिखित विशिष्ट उपाए किए
हैं :—

(i) वसूली का कार्य जो अभी तक
राज्य सरकारों के कर्मचारियों
द्वारा किया जाता था, आयकर
विभाग द्वारा स्वयं अपने हाथ
में ले लेना। विभागीय अवि-
कारियों ने आयकर आयुक्तों
के सभी अधिकार क्षेत्रों में
वसूली का कार्य पूर्णतः अथवा
अंशतः अपने हाथों में ले
लिया है।

(ii) कर्तव्य के अनुसार कार्य विभा-
जन की योजना, जिसके अधीन
करों की वसूली का कार्य रेंज
के एक अथवा एक से अधिक
आयकर अधिकारियों का
विशिष्ट कर्तव्य बना दिया

गया है, 1966 में लागू की गई थी और पिछले वर्ष इस योजना का और आगे विस्तार कर दिया गया है।

(iii) बकाया संबंधी मांगों की वसूली का कार्य निपटाने के लिए सरकार द्वारा पिछले वर्ष आय कर अधिकारियों (वसूली) के 60 पद मंजूर किए गए।

(iv) विभाग द्वारा रेखित बैंकों का स्वीकार किया जाना तथा इस निमित्त आयकर कार्यालयों में अदायगी के लिए विशेष प्राप्ति काउन्टरों का खोला जाना।

(v) ऐसे निर्धारितियों के नामों को प्रकाशित करना जिन्होंने किन्हीं निर्धारित सीमाओं से ऊपर करों की अदायगी नहीं की है।

(vi) पूरे देश में बकाया बेबाकी पखवाड़े मनाए जा रहे हैं। इस अवधि में, अनिर्णीत समा-योजनों/भूलसुधारों को पूरा करने, अपीलीय आदेशों को कार्यान्वित करने तथा निर्धारितियों की तरफ बकाया मांगों की शुद्ध रकमों की वसूली करने पर विशेष जोर दिया जाता है।

(vii) कलकत्ता, केरल, दिल्ली, नागपुर तथा हैदराबाद में हाल ही में पांच कर-वसूली आयुक्त तैनात किए गए हैं। कर वसूली अधिकारियों

पर प्रशासनिक अधिकार रखने के अतिरिक्त उन्हें 1 जनवरी, 1972 से विभागीय कर वसूली अधिकारियों के खिलाफ दायर की गई अपीलों की सुनवाई का अपीलीय अधिकार भी प्राप्त होगा। इसके अतिरिक्त कुछ अपर आयकर-आयुक्तों को अनन्य रूप से वसूली का कार्य सौंपा हुआ है।

ग्वालियर में तेल शोधक कारखाने की स्थापना की मांग

959. श्री हुकम चन्द कछवाय : क्या पेट्रोलियम और रसायन मंत्री यह बताते की कृपा करेंगे कि :

(क) क्या लोग काफी समय से ग्वालियर में एक तेल शोधक कारखाना स्थापित करने की मांग कर रहे हैं;

(ख) सरकार ने इस बारे में क्या कार्यवाही की है; और

(ग) इस सम्बन्ध में अन्तिम निर्णय कब तक लिये जाने की सम्भावना है ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी): (क) जी, हाँ। निम्न पार्टियों से, उनके सामने दी गई तिथियों को, अभ्यावेदन प्राप्त हुए थे :—

(1) मध्य प्रदेश 28-7-1971
चैम्बर आफ
कामर्स एण्ड
इण्डस्ट्री, ग्वालियर

(2) डा० भागवत सहाय 25-9-1971
स्मार्क महाविद्यालय,
ग्वालियर

(3) बीर शिवाजी 10-10-1971
क्लब, ग्वालियर

(4) ग्वालियर उद्योग 11-10-1971
तथा वाणिज्य
संघ, ग्वालियर

(5) तेल शोधक 14-10-1971
काखारना लगाओ
समिति, ग्वालियर

(ख) और (ग). देश में अतिरिक्त शोधक क्षमता तथा उसके लिए स्थान के प्रश्न का अध्ययन करने के लिए, 1969 में एक विशेषज्ञ समिति की नियुक्ति की गई थी। उत्तर-पश्चिम क्षेत्र में एक शोधकशाला की स्थापना के बारे में इस समिति ने सिफारिश की थी। भारतीय तेल निगम को इस शोधनशाला के लिए एक सम्भाव्यता रिपोर्ट तैयार करने के लिए कहा गया था। उक्त रिपोर्ट जून 1971 में प्राप्त हुई थी और वह, इस समय, विचाराधीन है। स्थान के बारे में अभी कोई निर्णय नहीं हुआ।

राष्ट्रीयकृत बैंकों से जालसाजी करके
धन निकाला जाना

960. श्री हुकम चन्द कछवाय :

श्री शंकर दयाल सिंह :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बैंकों के राष्ट्रीयकरण के बाद से राष्ट्रीयकृत बैंकों की विभिन्न

शाखाओं से जालसाजी करके धन निकालने के कई मामले प्रकाश में आये हैं।

(ख) क्या इस प्रकार जालसाजी करके लगभग डेढ़ करोड़ रुपये की धन राशि निकाली गई है; और।

(ग) राष्ट्रीयकृत बैंकों से जालसाजी करके धन निकालने के मामलों की संख्या कितनी है और इस सम्बन्ध में क्या कार्य-वाही की है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण):

(क) से (ग). राष्ट्रीयकरण के बाद, राष्ट्रीयकृत बैंकों की विभिन्न शाखाओं से जालसाजी से निकाली गयी रकमों के जो मामले प्रकाश में आए हैं उनके सम्बन्ध में विस्तृत सूचना इकट्ठी की जा रही है और उसे सभा पटल पर रखा दिया जाएगा।

चूंकि बैंकों में जालसाजी का मुख्य कारण आन्तरिक नियंत्रणों का पालन न किया जाना है इसलिए बैंकों में नकदी की अभिरक्षा और सम्भाले के सम्बन्ध में बैंकों में प्रचलित प्रणालियों, उनके द्वारा किये गये निवेश और उनके द्वारा रखी गयी प्रतिभूतियों मुख्यालय के पयवेक्षण और नियंत्रण जिसमें आन्तरिक लेखापरीक्षा और निरीक्षण तथा अन्तःशाखा लेखों के समाधान आदि की व्यवस्था शामिल है की जांच करने के लिए भारतीय रिजर्व बैंकों ने अधिकारियों का एक दल नियुक्त किया है। भारतीय रिजर्व बैंकों ने सामान्यक्रिया केन्द्रवार निरोध करने वाले अपने अधिकारियों को ये हिदायतें दी हैं कि वे नकदी की जांच-पड़ताल करें और परीक्षण के तौर पर प्रतिभूतियों और गोदाम आदि का भी निरीक्षण करें और आन्तरिक नियंत्रणों की प्रणाली की व्याव-

हारिक रूप से देखें और यह भी देखें कि वे पर्याप्त हैं या नहीं। भारतीय रिजर्व बैंक द्वारा बैंकों को भी हिदायतें दी गई हैं कि ये शाखाओं के एजेण्टों और स्टाफ के अन्य सदस्यों के कार्यों में भी क्रम से नियत समय पर परिवर्तन करें और 3 से 5 वर्ष की अवधि के बाद उनका तबादला कर दें।

Deploying of Chinese-Pak Trained Armed Mizo Rebels on East Bengal-Tripura Border.

961. SHRI NARENDRA SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether Pakistan Army has deployed a large number of Chinese-Pak trained armed Mizo rebels along the East Bengal-Tripura Border;

(b) if so, the number of such Mizo rebels who have been arrested by Border Security Force; and

(c) the steps Government is likely to take to arrest the remaining rebel Mizos ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Government are aware that a few Pak-trained Mizos are operating along with Pakistani troops on East Bengal/Tripura Border. There is no evidence of their being trained by the Chinese.

(b) and (c). Since 25th March 1971, 46 hostiles including local suspects were captured and 58 surrendered. Government have recently declared an amnesty to enable more mizo hostiles to surrender. Government hopes that the Mizo hostiles will get disenchanted with the Pak-Army in Bangla Desh and come over to their hearths and homes in Mizo Hills District so that they may live as free Indian citizens.

Inaugural Flights Arranged by Air India During September and October, 1971

962. SHRI N.K. SANGHI :

SHRI ARJUN SETHI :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the number of inaugural flights that were arranged by Air India during the months of September and October, 1971;

(b) the names of persons invited for each of these flights and the criteria for selection of these persons; and

(c) whether in one of these flights, class gradation was done away with and if so, the reasons therefor ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) No inaugural flights were operated by Air India in September, 1971. However, the following inaugural flights were operated in October 1971 :—

West bound :

(i) Bombay/London inaugural AI-125 of October 6, 1971.

(ii) Bombay/New York inaugural AI-101 of October 17, 1971.

(iii) Bombay/New York inaugural AI-101 of October 31, 1971.

East bound :

London/Delhi/Bombay inaugural AI-124 of October 20, 1971.

(b) The lists of persons who were invited on each of the above inaugural flights are given in the statement laid on the Table of the House. [Placed in Library. See No. LT—1059/71]

Among the criteria on which Air India issues invitations for inaugural flights are:

- (1) Members of Lok Sabha and Rajya Sabha nominated by Government.
- (2) Persons of commercial importance.
- (3) Travel agency representatives and tour operators who promote and sell passenger and cargo traffic.
- (4) Officials connected with either the operation of air services or connected with governmental agencies at airports or others nominated by government.
- (5) Government of India officials posted abroad who deal with matters connected with the operation of Air India services subject to clearance by the Government of India.
- (6) Dignitaries and officials of other governments.

(c) The first and second Bombay/New York flights (on 17th and 31st October, 1971) were operated as all-economy flights so as to avoid the incidence of the foreign travel tax which was imposed with effect from 15th October 1971.

Loans given by Nationalised Banks for purchase of Fertilizers

963. SHRI N. K. SANGHI:
DR. KARNI SINGH:

Will the Minister of FINANCE be pleased to state:

(a) whether a team comprising of the representatives of Reserve Bank of India and

the Agriculture Ministry visited Rajasthan in August, 1971 to study the problems connected with the distribution of fertilisers in the State;

(b) whether the team have found that the quantum of loans given by the nationalised and commercial banks for purchase of fertilisers was too meagre and this was one of the factors which prevented increased consumption of fertilisers; and

(c) if so, the steps Government have taken to remedy the situation?

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN): (a)
Yes, Sir.

(b) The lending of commercial banks, including nationalised banks, to farmers for purchase of fertilisers and other inputs has been relatively smaller in Rajasthan than medium term loans advanced by them to farmers for digging of wells, purchase of pump sets etc. But farmers generally go in for heavier consumption of fertilisers only after the attendant facilities, viz. irrigation water, advantageous soil conditions for growing remunerative crops, ready marketing channels, etc. become available. General experience shows that where other favourable factors operate simultaneously, bank credit also tends to flow more liberally.

(c) Public Sector banks are being constantly urged by the Government to increase their short-term lending to farmers for agricultural production. The demand for fertiliser loans in Rajasthan is expected to pick up with the availability of irrigation facilities.

Tourists Avoiding India

964. SHRI P. K. DEO: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether attention of Government has been drawn to a report in the *Indian*

Express dated the 1st October, 1971 stating that many tourists are now avoiding India because of "stuffy atmosphere"; and

(b) if so, the reaction of Government in this regard?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) Yes, Sir.

(b) The report in the *Indian Express* that many tourists are now avoiding India because of "stuffy atmosphere" is one of the opinions expressed on the subject.

Tourist arrival figures over the past five years clearly indicate that there is a considerable increase in the number of tourists coming to India every year:

1966	1,59,603
1967	1,79,565
1968	1,88,820
1969	2,44,724
1970	2,80,821

Complaint against Income-tax Authorities assessing Income-tax due from Volga Restaurant, New Delhi

965. SHRI BIJOY MODAK: Will the Minister of FINANCE be pleased to state:

(a) whether Government have received any complaint against the Income-tax assessing authority who is assessing the Income-tax payable by M/s Volga Restaurant, New Delhi and the group;

(b) if so, the nature of complaint; and

(c) the action taken on the complaint?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) No, Sir.

(b) and (c). Do not arise.

Closure of Sainik School, Purulia

966. SHRI INDRAJIT GUPTA: Will the Minister of DEFENCE be pleased to state:

(a) whether the Principal of the Sainik School, Purulia called an armed police force within the campus on the 12th September, 1971 and ordered the closure of the institution with immediate effect;

(b) if so, whether this was done to intimidate the students who were agitating against the misbehaviour of the Hostel Superintendent; and

(c) whether any impartial inquiry has been or will be held into the conduct of the administration, the staff and the students?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) In the opinion of the Principal the closure of the institution from 13-9-1971 to 12-10-71, was necessary because of the students indiscipline following a complaint made by a student of the school against one of the Hostel Superintendents.

(c) Chairman, Local Board of Administration of the School ordered a Board of Inquiry consisting of, among others, an educationist and the Additional Deputy Commissioner, Purulia. The Board submitted its findings to the Local Board of Administration. Some immediate and long term measures have been recommended by the Local Board. On the basis of these recommendations, the Principal of the school has been transferred. Action on other recommendations is under consideration.

Hoarding of small Coins

967. SHRI INDRAJIT GUPTA : Will the Minister of FINANCE be pleased to state :

(a) whether any estimate has been made of the value of small coins which are being

hoarded in the country for various purposes;

(b) whether the increased output undertaken by the mints will meet the acute shortage of small coins, unless the hoarding can be also detected and stopped; and

(c) the steps taken in this direction?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) No, Sir.

(b) and (c). The hoarding of small coins that has been going on is of two kinds. One is the hoarding of coins made in certain alloys, with a view to melting them and realising the higher value fetched by the metal. The other kind of hoarding is a consequence of the above with a view to cashing on the shortage. It was because Government felt that normalcy would not be attained quickly, despite increased output, so long as there is diversion of coins for purposes of melting, that the Small Coins (Offences) Ordinance was promulgated on 22-10-71, making melting of small coins and hoarding such coins with intention of melting, an offence in law. Once melting of coins is curbed, the increasing output of small coins is bound to improve the availability further and also to dispel the psychology of shortage.

Deposits in the Nationalised Banks

968. SHRI N. SHIVAPPA : Will the Minister of FINANCE be pleased to state :

(a) the amount of deposits in the Nationalised Banks as on the 30th June, 1971 in the country, bank-wise;

(b) the deposits in the Commercial Banks as on the 30th June, 1971 bank-wise; and

(c) the steps taken by Government to increase the deposits in the nationalised banks ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The amount of deposits in the nationalised banks and in the other commercial banks as on the last Friday of June, 1971, is indicated in the Statement laid on the Table of the House. [Placed in Library. See No. LT-1060/71]

(c) Measures taken to help the banks in their deposit mobilisation efforts were indicated in reply to Unstarred Question No. 1297 answered in the House on 4th June, 1971.

Arrears of Central Taxes against Sugar Factories

969. SHRI N. SHIVAPPA : Will the Minister of FINANCE be pleased to state :

(a) where arrears on account of Central Excise Duty and other dues have been outstanding against Sugar factories in the various States;

(b) if so, the reasons therefor;

(c) the amount of taxes due from each factory and since when the same have been outstanding against them; and

(d) the steps taken to recover those dues?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (d). The information is being collected and will be laid on the Table of the Sabha.

Registration under Monopolies and Restrictive Trade Practices Act

970. SHRI N. SHIVAPPA :
SHRI D. B. CHANDRA GOWDA:

Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether all the Companies required to get themselves registered under the

Monopolies and Restrictive Trade Practices Act have got themselves registered;

(b) if not, the names of Companies which could not get themselves registered and were given extension of time to get themselves registered under the above Act; and

(c) the number of cases registered for violation of provisions of the Act and the names of these Companies?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) and (b). Section 20 of the M.R.T.P. Act describes the type of undertakings which are expected to register themselves under the Act. 814 undertakings have so far registered upto 15th November, 1971. The Department of Company Affairs has been examining the applicability of the Act to such other companies which may be expected to be under the obligation to register. As a result of such studies, show cause notices were served on 180 companies which were believed to be registerable according to the provisions of the Act. Out of these 71 companies have responded by registering themselves under the Act. The remaining companies have replied stating the reasons for not registering. These replies are being examined for taking further action.

(c) No prosecutions have yet been launched.

Quantity and value of export of Petroleum Products

971. SHRI N. SHIVAPPA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the quantity of exports of petroleum products during the year 1970-71 and the value thereof;

(b) the names of countries to which exported;

(c) where these petroleum products did not have domestic markets; and

(d) if so, the reasons thereof?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) A quantity of 332.4 thousand tonnes of products valued at Rs. 4.67 crores were exported during 1970-71.

(b) The exports were made to Singapore, United Kingdom, Kenya, U. A. R. Korea, Japan, Australia, New Zealand, Holland, Italy, Cyprus and Peru.

(c) and (d). The exports mostly consisted of naphtha and Motor Gasoline. For these and for the other surplus products exported during 1970-71, the domestic requirements had not come up to the indigenous production level in that year.

Demand of Workers for Participation in Managements of Oil Companies

972. SHRI N. E. HORO :

SHRIMATI BHARGAVI
THANKAPPAN :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether workers of Oil Companies have demanded participation in the managements of Oil Companies; and

(b) if so, the decision of Government in this regard?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) and (b). A demand was made in the past regarding inclusion of a representative of workers on Indian Oil Corporation's Board of Directors. A decision on this would be taken at an opportune time.

**Deployment of Military for Security
along Assam Border**

973. SHRI N. E. HORO : Will the Minister of DEFENCE be pleased to state:

(a) whether the Chief Minister of Assam has requested the Union Government to deploy military for better security arrangements along the Assam border with East Bengal; and

(b) if so, the action taken by Central Government to take strict security measures to guard the frontier area ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). On requests received from the Chief Minister of Assam steps have been taken to improve the security arrangements along Assam border.

**औषधि निर्माता कम्पनियों को कच्चा
माल सप्लाई करने की प्रक्रिया**

974. डा० लक्ष्मीनारायण पांडेय : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) औषधि निर्माता कम्पनियों को सरकारी स्तर पर कच्चे माल की सप्लाई करने के लिए सरकार ने क्या नीति तथा प्रक्रिया अपनाई है ;

(ख) किन सरकारी एजेंसियों के माध्यम से कच्चा माल सप्लाई किया जाता है ;

(ग) क्या औषधि निर्माता कम्पनियों को अपेक्षित मात्रा में कच्चा माल मिल जाता है ;

(घ) क्या कच्चे माल की सप्लाई के लिए अपनाई गई नीति में हर वर्ष परिवर्तन कर दिया जाता है; और

(ङ) पिछले राज्यों में कार्य-रत लघु औषधि निर्माता कम्पनियों को कच्चे माल की सप्लाई के लिए किस प्रक्रिया अथवा नीति का पालन किया जाता है ?

पेट्रोलियम और रसायन मंत्री(श्री पी० सी० सेठी) : (क) औषध उद्योग के लिए आवश्यक कच्चे माल की पूर्ति स्थानीय उत्पादन और जहां आवश्यक हो आयात से की जाती है। जहां तक देशी कच्चे माल की पूर्ति का सम्बन्ध है सरकार ने कोई नीति या विधि निर्धारित नहीं की है। प्रत्येक औषधि निर्माण यूनिट को अपने इच्छित स्रोतों से अपनी आवश्यकता का माल लेने की छूट है। परन्तु कुछ मर्दों के लिए सम्बन्धित उत्पादकों को उत्पादन/उपलब्धता और उपभोक्ता निर्माता द्वारा प्रस्तुत मांग के आधार पर देने की सलाह दी जाती है। आयातित कच्चे माल के लिए नीति और विधि तदनुसारी अवधि के लिए आयात व्यापार नियन्त्रण नीति और विधि पुस्तक में निर्धारित की गई है। आमतौर पर आयात आवश्यकतायें अब पुनः पूर्ति के आधार पर पूरी की जाती हैं।

(ख) इस उद्योग द्वारा उपभोग होने वाले कुछ प्रमुख औषध और रसायनों का आयात राज्य व्यापार निगम द्वारा सरली-बद्ध किया गया है। इन पदार्थों का वितरण राज्य व्यापार निगम अथवा आई० पी० एल० जो एक सरकारी उपक्रम है, द्वारा किया जाता है।

(ग) औषध उद्योग का वर्गीकरण प्राथमिक उद्योग के रूप में किया गया है। और उसके कच्चे माल की मांगें पुनः पूर्ति के आधार पर पूरी की जाती है। निर्माता आवश्यकतानुसार अपने आयात का प्रबन्ध करते हैं। सारणीबद्ध पदार्थों को राज्य औषध नियंत्रकों/डी० जी० टी० डी० की सिफारिशों सम्बन्धित निर्माता की भूतपूर्व खपत तथा वितरण एजेंसियों के पास उपलब्धता के आधार पर दिया जाता है।

(घ) जी हां। नीति पर प्रति वर्ष उपलब्धता और मांग को दृष्टिगत करते हुए विचार किया जाता है।

(ङ) पिछड़े हुए राज्यों में काम करने वाली लघु स्तर की औषध कंपनियों को कच्चे माल की सप्लाई करने के लिए किसी विशेष नीति या विधि का पालन नहीं किया जाता और सभी कंपनियों के लिए एक ही नीति का पालन किया जाता है चाहे वे कहीं भी स्थित हों।

Dacoity in Durgapur United Bank

975. SHRI S. P. BHATTACHARYYA: Will the Minister of FINANCE be pleased to state :

(a) the names of the persons arrested in connection with the Durgapur United Bank dacoity case on the last September, 1971 ;

(b) what is the number of the car seized and the name of the owner ; and

(c) the action taken against the accused ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) :

(a) to (c). According to the information given by United Bank of India, no dacoity was committed in Durgapur Branch of the bank but the police have arrested some young men who were alleged to have planned to commit dacoity. The Number of the car seized by the police in this connection is reported to be WBD 2969. The bank has no information about the names of the arrested persons or the name of the owner of the car.

Decision taken at Simla Conference for Improving Tourist Facilities in the Northern Region

976. SHRI B. S. BHAURA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether representatives of seven States and Union Territories recently met in Simla to discuss the measures to be taken for improving tourist facilities in the Northern region ;

(b) if so, the decisions taken at this meeting ; and

(c) the steps the Centre is taking to encourage tourism in this region ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) The first meeting of the Regional Tourist Committee for the Northern Region was held in Simla on 18th September, 1971. It was attended, among others, by representatives of Haryana, Himachal Pradesh, Punjab, Uttar Pradesh and the Delhi Administration.

(b) The major recommendations were:

1. to recommend to the Planning Commission provision of bigger financial

- allocation for the development of tourist facilities in the State Government budgets ;
2. to facilitate inter-State movements of tourist vehicles ;
 3. to request State Tourist Departments to launch campaigns for creating tourist consciousness ;
 4. to request State Governments to take action in finalising legislation with regard to anti-beggary laws ;
 5. to recommend to the Ministry of Railways introduction of off-season fares to hill stations; and
 6. to recommend to State Governments provision of caravan/car parking facilities at all important tourist centres in the region.

(c) The Department of Tourism, Government of India undertakes extensive publicity in the main tourist markets of the world to encourage tourism to India, in which all regions are included. A number of projects in the northern region have been included in the Central and State Fourth Five Year Plans.

Protection of Pay of S. A. S. Accountants of AGCR

977. SHRI S. B. PATIL : Will the Minister of FINANCE be pleased to refer to the replies given to Unstarred Question Nos. 9221 and 9264 on the 11th May, 1971 and state :

(a) whether the Pay of SAS Accountants of A. G. C. R. who were on deputation has been protected when their juniors were promoted as Accounts Officers ;

(b) if not, the reasons therefor, when there is a provision in the Rules to protect their pay ;

(c) whether the pay of other staff who were on deputation and could not be promoted in similar circumstances, has been protected and if so, under which provision ; and

(d) the reasons why this provision could not be applied to the SAS Accountants mentioned in question referred to above ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). Yes, Sir. The pay of S. A. S. Accountants, who were on deputation, has been protected to the extent provided under the Rules.

In the last two years, there have been 12 cases of S. A. S. Accountants of A. G. C. R. on deputation whose juniors were promoted in the parent office but whose pay was not protected. The pay was not protected in 10 of these cases for the reason that they did not qualify for protection in terms of the Next Below Rule. Under this Rule for every junior promoted in the parent office only one officer on deputation may be promoted proforma—thus if there are two or more seniors on deputation only the seniormost of them gets the proforma promotion. In the other two cases proforma promotion could not be ordered for short periods as the posts in the parent office were of short duration.

(c) No, Sir. The pay of certain other staff was also not protected when in similar circumstances they did not fulfil the conditions of the Next Below Rule.

(d) Does not arise.

Establishment of Agencies of Kerosene/ L. D. O. and Indane Gas Retail Outlets

978. SHRI D.B. CHANDRA GOWDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether agencies of Kerosene/L. D. O. and Indane Gas retail outlets

lets have been awarded throughout the country ;

(b) if not, the names of various Districts where dealerships have not been established so far ; and

(c) the reasons therefor and when the same would be completed ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) to (c). Depending on the business potential and availability, the Indian Oil Corporation Ltd. have set up agencies/dealerships for LDO, Kerosene, Indane Gas and retail outlets for Petrol and HSD throughout the country except in the districts where the demand potential does not justify the same. The requirements of these districts are reviewed by the Corporation from time to time and as soon as the demand in the area justifies the need for the establishment of such agency/dealership, necessary action will be initiated in that direction. The information about the names of the districts where dealerships have not been established by the Corporation so far is being collected and will be furnished to the House in due course.

Recovery of Loans Granted By Nationalised Banks To Farmers

979. SHRI D. B. CHANDRA GOWDA : Will the Minister of FINANCE be pleased to state :

(a) whether Government have recently issued any fresh guidelines in respect of recovery of loans granted by Nationalised Banks to farmers and small scale industries ; and

(b) if so, the nature of guidelines issued in this regard ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) and (b). The Reserve Bank of

India, and not the Government, issued guidelines to the commercial banks in respect of recovery of loans granted by them to farmers, *inter alia*, in December, 1970 and to small entrepreneurs and other self-employed category of borrowers in March 1971. The nature of the guidelines applicable to these two sets of borrowers is indicated in the enclosed statement.

Statement

NATURE OF GUIDELINES ISSUED BY THE RESERVE BANK OF INDIA IN RESPECT OF RECOVERY OF LOAN EXTENDED TO—

(i) Farmers:

The due date should be fixed to coincide with the period when the cultivator would be most fluid. While deciding this date, sufficient room for adjustment should be provided to the cultivator with a view to enabling him to get a fair price for his produce. The procedure for recovery should be fair but firm. In fixing the due dates in multiple cropping areas where one crop is more important than the other, the due date should relate to the time of the sale of the main crop. The method of computing repayment capacity has also been indicated. The guidelines also indicate that there should be sufficient flexibility in the recovery procedures with a view to rephasing defaulted amounts in the event of natural calamities of a widespread nature affecting the crops. It has also been suggested that there should be a regular review of the recovery performance every season and that recovery performance should be related to 'demand' for a period and not to 'outstandings'.

(ii) Small entrepreneurs and other self-employed category of borrowers :

Adequate follow-up and supervisory arrangements should be organised to keep track of the end-use of funds lent to the small entrepreneurs and other self-employ-

ed categories of borrowers, and for effecting recovery of the advances according to schedule. This will help achieve a measure of rotation of funds so that the scarce resources can be made to reach as large a number of people as possible. The borrower should be encouraged to maintain some basic minimum of accounts and should be persuaded to accept financial supervision and discipline. In particular, the borrower units should be encouraged to build up equity by ploughing back a portion of the surplus generated in the business.

Realisation of Wealth Tax on Agricultural Lands

980 SHRI YAMUNA PRASAD MANDAL : Will the Minister of FINANCE be pleased to state :

(a) whether the Income-Tax Department has been instructed by Government to begin realising the wealth tax on agricultural land for the years 1970-71 and 1971-72 as a result of the decision of the Supreme Court upholding Central Government's right to levy this tax ; and

(b) if so, the amount likely to be realised as a result thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH : (a) Yes, Sir. The Wealth-tax Officers have been instructed to make intensive efforts to realise the target of collections of wealth-tax on agricultural assets.

(b) An all-India budget target of Rs. 8 crores has been fixed for realisations on account of wealth-tax on agricultural assets for the year 1971-72.

Purchase of Motor Torpedo Boats for Indian Navy

981. SHRI YAMUNA PRASAD MANDAL : Will the Minister of DEFENCE be pleased to state :

(a) whether Government propose to purchase Motor Torpedo Boats for the

Indian Navy from foreign countries; and

(b) if not, the reasons thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) and (b). It will not be in public interest to disclose information on the subject.

Exploration of Petroleum in Bihar

982. SHRI YAMUNA PRASAD MANDAL : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Oil and Natural Gas Commission have recently formulated any plan for the exploration of petroleum in the State of Bihar; and

(b) if so, the salient features of the proposal ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) No, Sir.

(b) Does not arise.

Shortage of Petroleum in the Country

983. SHRI YAMUNA PRASAD MANDAL : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Indian Oil Corporation is unable to meet the demand of petroleum in the country;

(b) if so, the reasons thereof; and

(c) the steps taken or proposed to be taken to increase the production of petroleum in the country to meet the demand?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) to (c). The requirements of petroleum products in the country are met in full by the Indian Oil Corporation and other private oil companies dealing in petroleum products. To the extent the requirements fall short and cannot be met from the indigenous production, imports are arranged from the available sources outside the country. Steps are also being taken to progressively increase the refinery capacity to meet the increasing demands of petroleum products.

Assistance to Bihar

984. SHRI HARI KISHORE SINGH: Will the Minister of FINANCE be pleased to state:

(a) whether Government of Bihar has recently approached the Central Government with a request that the quantum of Central assistance for the State's Fourth Plan should be increased by 75 per cent in view of the State's financial position;

(b) if so, whether the State Government has also requested to write off as 'unproductive' Central loans and arrange for rescheduling of debt payment to ease its financial burden; and

(c) if so, Central Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The Government of Bihar have from time to time been requesting for additional Central assistance for the State's Fourth Five-Year Plan. They have also represented that the grant component of Central assistance for the State Plan

should be increased from 30 per cent to 75 per cent.

(b) Yes, Sir.

(c) Central assistance to States during the Fourth Five-Year Plan is being distributed in accordance with the criteria laid down by the National Development Council which apply uniformly to all States. This assistance is given in the form of block loans and grants in the fixed proportion of 70:30. It is not possible either to alter the criteria of distribution of Central assistance among States *inter se* or the proportion between its loan and grant components. The proposal for rescheduling of the repayment of Central loan, made by Bihar and some other States, was examined but was not found acceptable.

Decision to set up Coal-Based Fertilizer Plants in the Country

985. SHRI HARI KISHORE SINGH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether any final decision has since been taken by Government to set up coal-based fertilizer plants in the country;

(b) if so, the number of such plants which are likely to be set up;

(c) the sites selected for the same; and

(d) the funds allocated for the purpose?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) to (d). Government have decided to set up three coal-based fertilizer projects in the public sector and the sites selected are Talcher (Orissa), Ramagundam (Andhra Pradesh) and Korba (Madhya Pradesh). The expenditure on these projects during the Fourth Plan period would be met from

out of the lump-sum allocation of Rs. 262 crores made in the Fourth Plan for new fertilizer projects.

A letter of intent has also been issued by Government to a private party for the establishment of a coal-based fertilizer plant at Kamptee (near Nagpur). The details of the project are awaited from the party.

Overdrafts by States

986. SHRI HARI KISHORE SINGH
SHRI SHANKER DAYAL
SINGH :

Will the Minister of FINANCE be pleased to state :

(a) whether some States have made overdrafts on the Reserve Bank of India during June and September, 1971;

(b) if so, the names of such States and amount of overdrafts made by them; and

(c) Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). The overdrafts of the States towards the end of June 1971 were cleared by the Government of India by advance release of States' share of Central taxes and duties and Central assistance payable in July 1971 and by sanctioning ways and means advances. Some States have again run into overdrafts. A statement showing the overdrafts of the States on the 30th September, 1971 is laid on the Table of the House.

(c) Discussions have recently been held with the Governors/Chief Ministers of the States having overdrafts on the Reserve Bank of India. The Governors/Chief Ministers shared the concern of the Government of India over the overdrafts and agreed that steps would need to be taken, including economy in expenditure and additional resource mobilization, to reduce the overdrafts.

STATEMENT

Overdrafts of States on the 30th September, 1971

	(Rs. crores)
1. Andhra Pradesh	37.42
2. Assam	14.21
3. Bihar	7.49
4. Kerala	21.43
5. Mysore	28.55
6. Rajasthan	22.35
7. Tamil Nadu	32.88
8. West Bengal	3.68

Effect on the Outlay of Plan due to Financial Stringency

987. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE be pleased to state :

(a) whether he had informed the Consultative Committee of the Ministry of Finance at its last meeting that the outlay on Plan might be effected because of financial stringency; and

(b) if so, whether his Ministry has asked the Planning Commission to examine the matter ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). In the Consultative Committee meeting of the Finance Ministry held last month, I had clarified that in view of the substantial expenditure on refugees from Bangla Desh, measures were being taken to effect 5% cut in non-Plan and non-essential expenditure. I had also emphasised that steps had been

initiated to improve plan performance by speeding up the execution of Plan programmes. The Planning Commission is at present engaged in conducting a mid-term appraisal of the Plan including the resources for it.

Monopoly in Fishing Industry

988. SHRI VAYALAR RAVI : Will the Minister of COMPANY AFFAIRS be pleased to state :

- (a) whether certain monopoly houses have entered into the fishing Industry ;
- (b) if so, how many of them are with foreign collaboration; and
- (c) the action taken by Government to prevent the expansion of these monopolist groups ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) and (b). Information is being obtained from the Ministries concerned and will be laid on the Table of the House.

(c) Chapter III of the Monopolies & Restrictive Trade Practices Act lays down provisions for regulation of the concentration of economic power and wherever these provisions are applicable, no substantial expansion or the setting up of a new undertaking can be effected by the parties concerned without prior approval of the Central Government. No approval has been accorded so far in this field to any undertaking registered under Section 26 of the M. R. T. P. Act.

Inaugural Flight of the Boeing 737 of the Indian Airlines

989. SHRI VAYALAR RAVI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

- (a) whether the Kerala Chief Minister was not invited as guest of the Indian

Airlines in the inaugural flight of the Boeing 737 from Bombay to Trivandrum and that he was a paid passenger in the flight;

- (b) who were the guests of the Indian Airlines on this inaugural flight; and

(c) whether in the inaugural flight of Bombay-Nasik route of Indian Airlines, the Maharashtra Chief Minister was an invitee ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : The Kerala Chief Minister was invited by Indian Airlines to accompany their first Boeing 737 flight from Bombay to Trivandrum. As, however, he was returning from Delhi after attending the Chief Ministers' Conference and held a return ticket from Delhi to Trivandrum via Bangalore, he was re-routed via Bombay and the cost of fare for the sector Bombay-Trivandrum already paid, is being refunded by Indian Airlines.

(d) Apart from the Kerala Chief Minister, Shri V. K. Krishna Menon, Member of Parliament was the only special invitee to join the flight from Bombay to Trivandrum. However, from Bangalore, the following five newspaper representatives were invited :

1. Mr. T. A. Subramaniam, Editor, 'The Mail' Madras.
2. Mr. Neelakantan, Regional Manager, PTI, Madras.
3. Mr. Seetharaman, Regional Manager, UNI, Madras.
4. Mr. Madhavan Kutty, Assistant Editor, 'Indian Express' Madras.
5. Mr. R. Muthuswamy, Reporter, 'The Hindu', Madras.

(c) The Maharashtra Chief Minister was invited, but he could not participate.

Rent paid by India Tourism Development Corporation for Office Accommodation

990. SHRI FATEHSINGHRAO GAEKWAD: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the total amount of rent paid by the India Tourism Development Corporation on account of hiring of office accommodation during the last three years; and

(b) the steps being taken by Government to cut down the expenditure on this account ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) The rent for office accommodation paid during 1968-69, 1969-70 and 1970-71 is as under :

Year	Amount
1968-69	Rs. 1.29 lakhs
1969-70	Rs. 2.90 lakhs
1970-71	Rs. 3.70 lakhs

(b) With the activities of the Corporation expanding year after year necessitating increased office space it is difficult to curtail expenditure on this account.

Foreign Drug Firms in India

991. SHRI SAROJ MUKHERJEE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the total number of foreign drug firms in India;

(b) whether Government have recently issued any directive to these firms to reduce their investment;

(c) if so, what are the directives;

(d) whether Government propose to take over these foreign firms immediately; and

(e) if not, the reasons therefor ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) The total number of foreign firms having more than fifty percent foreign investment either direct or indirect engaged in the manufacture of drugs and pharmaceuticals either wholly or partially, is 39.

(b) and (c). No directive as such has been issued by Government, but the following measures are broadly adopted to reduce the extent of foreign participation in the field of drugs and pharmaceuticals :

(i) progressive reduction of foreign equity participation with corresponding increase of Indian share holding in the firms concerned;

(ii) non-issuance generally of licences for producing formulations, except of a sophisticated nature or where the formulation capacity is linked with the production of bulk drugs; and

(iii) imposition of appropriate export obligations as a condition precedent to expansion of capacity.

(d) and (e). No such proposal is under consideration, at present. Considering the number of units, the range of their operations etc., Government do not consider it necessary to take over the foreign firms. The drug industry is a Schedule 'B' Industry, under the Industrial Policy Resolution of 1956 and can therefore be developed both in the public and private sectors.

New Oil Field in Sibsagar, Assam

992. SHRI BISWANARAYAN SHASTRI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether a new oil field was found by the Oil and Natural Gas Commission in the District of Sibsagar, Assam; and

(b) if so, the oil potentiality thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI):

(a) In the first well drilled on the Amguri structure, located near Sibsagar in Assam, Oil was encountered during testing in July-August, 1971.

(b) The oil potentiality of this find is yet to be determined.

Annual Meeting of World Bank and International Monetary Fund

993. SHRI M. KALYANA-SUNDARAM :

SHRI P. GANGADEB :

SHRI P. A. SAMINATHAN :

Will the Minister of FINANCE be pleased to state :

(a) whether he attended the recent meetings of the International Monetary Fund and the World Bank in Washington;

(b) if so, the decisions taken at the meetings; and

(c) how far those decisions are likely to help India solve its economic problems ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) :

(a) to (c). In my capacity as India's Governor I attended the Annual Meeting

of the Boards of Governors of the IMF and the World Bank held in Washington in September, 1971.

The main interest in the Fund meeting related to the current international monetary situation. In the course of my address, I expressed the concern of developing countries over the present crisis and stressed the need for an urgent re-alignment of parities of the currencies of the major industrial countries, the establishment of an essentially stable par value system, and the importance of member countries working within the forum and discipline of the IMF. I expressed the hope that allocation of Special Drawing Rights would continue and suggested an examination of the future role of Special Drawing Rights as a primary reserve asset and also renewed our plea for establishing effective practical links between the International monetary system and the needs of development finance, and suggested that arrangements for forging links between Special Drawing Rights and development finance should be speedily established and written into the Articles of Agreement of the IMF.

I also stressed the need to ensure that the views and interests of the developing countries which constitute a vast majority of the members of the IMF, should be appropriately reflected in the decisions of the Fund, and for this purpose a more rational adjustment in the relative voting strengths of the richer countries and developing countries should be brought about.

Governors from developed countries generally supported some of these ideas. The Governors of the Fund unanimously passed a Resolution calling upon the members of the fund to establish a satisfactory structure of exchange rates and to facilitate the resumption of the orderly conduct of the operations of the Fund. Members were also called upon to collaborate with

the Fund and with each other to bring about a reversal of the tendency to maintain restrictive trade and exchange practices. The Resolution also requested the Executive Directors to report to the Board of Governors on the measures necessary for the improvement or reform of the international monetary system; and for this purpose to study all aspects of the system including the role of Special Drawing Rights. It is hoped that action pursuant to this Resolution will result in trade and exchange practices conducive to the growth of exports of the developing countries and also to a more equitable distribution of Special Drawing Rights to these countries.

As regards the World Bank, I expressed gratification at the increase in the volume and range of the lending operations of the World Bank group of institutions, and in particular the recent emphasis of the Bank on encouraging growth with social justice in developing countries. I also pointed out the need for a review of some of Bank's lending policies in order to promote genuine economic development in tune with the national policies and institutions of the developing countries.

The Lok Sabha reassembled at Fourteen of the Clock.

[MR. DEPUTY-SPEAKER in the Chair]

RE ATTACK ON THE TIMES OF INDIA OFFICE BY FOLLOWERS OF DIVINE LIGHT-MISSION

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I have given notice under rule 377 today. I want to draw the attention of the Government and the House to this thing that has come out in the *Times of India*. That the Divine Light Mission people raided.....

MR. DEPUTY-SPEAKER : A calling attention notice has been received ; that is being considered.

SHRI JYOTIRMOY BOSU : Has it been admitted ? It is a very serious matter.

श्री राम सहाय पांडे (राजनन्दगाँव) : कल की होने वाली अत्यन्त अग्रिम घटनाओं की ओर में आपका ध्यान दिलाना चाहता हूँ । कल नव भारत टाइम्स बिल्डिंग पर पांच सौ लोगों ने आक्रमण किया और 37 लोग गिरफ्तार किए गए...

MR. DEPUTY-SPEAKER : I was saying that your calling attention notice on the same subject is being considered.

SHRI JYOTIRMOY BOSU : But that would not come up before Monday. This is a very serious matter.

SHRI BHAGWAT JHA AZAD (Bhagalpur) : Let the Government on Monday report how it happened.

SHRI JYOTIRMOY BOSU : Our memory goes back to the unchecked sadhu riots in 1966. We want to know if there is any foreigner behind this.

श्री राम सहाय पाँडे : कानून और व्यवस्था अपने हाथ में मोड़ लेती है तो ये जो प्रकाशन हैं ये बन्द हो जाएंगे।

It must be taken up here and now. What prevents you from taking it up ?

MR. DEPUTY-SPEAKER : Notice has been given, it is being considered by Mr. Speaker. He will give his decision. I cannot just decide it now.

SHRI R. S. PANDEY : It is a question of law and order.

MR. DEPUTY-SPEAKER : Your desire will be conveyed to the Speaker.

You will appreciate that I cannot take a decision now from the Chair.

SHRI BHAGWAT JHA AZAD : Why don't you convey our wish to the Home Minister to make a statement ? How dare 500 people go, attack the press and the editor ?

MR. DEPUTY-SPEAKER : The Government may take note of the desire of the members. About the call attention, that is being considered.

SHRI R. S. PANDEY : Suppose my house is attacked and a calling attention is moved by somebody else. Can you say it is under consideration and it will take three or four days ? It is a law and order problem. Tomorrow this Parliament can

be attacked. Government should make a statement today.

SHRI JYOTIRMOY BOSU : It has happened under the very nose of the Home Ministry unchecked for hours. I want that the Government should make a statement today. The calling attention may come up on Monday.

SHRI S. M. BANERJEE (Kanpur) : Things are more serious than what has appeared in the newspapers. Anybody can call himself God; I have no quarrel...

MR. DEPUTY-SPEAKER : You are making a speech.

SHRI S. M. BANERJEE : 500 or 600 people with lathis and daggers raided the office of the *Nav Bharat Times* and the *Times of India*. The Home Minister should have come here and made a statement.

MR. DEPUTY-SPEAKER : Government may take notice of it.

SHRI BHAGWAT JHA AZAD : Are you saying that Government will make a statement or Government will take notice ?

MR. DEPUTY-SPEAKER : I am saying that I am conveying to the Government the strong feelings of the members and the desire of the members that Government should come forward with a statement.

SHRI R. S. PANDEY : You should direct the Government to make a statement.

श्री रामावतार शास्त्री (पटना) : यह बहुत महत्वपूर्ण प्रश्न है। जरनलिस्ट्स पीटे जायें, दूसरे लोग पीटे जायें, यह बहुत गम्भीर मामला है। आप देखें कि क्या हो रहा है। इनके बालयोगेश्वर नाम के जो गुरुजी हैं उनके नाम पर

तरह तरह का शलत प्रचार हो रहा है। सवेरे बे बच्चे रहते हैं। दोपहर को जवान हो जाते हैं। रात को बूढ़े हो जाते हैं और यह जो साइकिल है इसी तरह से चलता रहता है। इसलिए इस पर बहस होनी चाहिये किसी न किसी रूप में।

MR. DEPUTY-SPEAKER : Papers to be laid.

BUSINESS OF THE HOUSE

THE DEPUTY MINISTER IN THE
DEPARTMENT OF PARLIAMENTARY
AFFAIRS (SHRI B. SHANKARANAND):
Sir, I rise to announce that Government
Business in this House during the week
commencing from 22nd November, 1971,
will consist of :—

- (1) Consideration of any item of Government Business carried over from today's Order Paper.
- (2) Consideration and passing of :—
 - (a) The Forward Contracts (Regulation) Amendment Bill, 1971.
 - (b) The Small Coins (Offences) Bill, 1971.
- (3) Consideration of Statutory Resolution seeking disapproval of the Railway Passenger Fares Ordinance, 1971 and consideration and passing of the Railway Passenger Fares Bill, 1971.

[Shri B. Shankaranand]

- (4) Consideration of Statutory Resolution seeking disapproval of the Tax on Postal Articles Ordinance, 1971 and consideration and passing of the Tax on Postal Articles Bill, 1971.
- (5) Consideration of Statutory Resolution seeking disapproval of the Inland Air travel Tax Ordinance 1971, and consideration and passing of the Inland Air Travel Tax Bill, 1971.
- (6) Consideration of Statutory Resolution seeking disapproval of the Stamp and Excise Duties (Amendment) Ordinance, 1971 and consideration and passing of the Stamp and Excise Duties (Amendment) Bill, 1971.
- (7) Consideration and passing of Commissions of Inquiry (Amendment) Bill, 1971.
- (8) Discussion on Orissa Cyclone on an official motion on Tuesday, the 23rd November, 1971.

SHRI S. M. BANERJEE (Kanpur) : Every Member belonging to all parties, including the ruling party, expressed a desire in the Business Advisory Committee that there should be a discussion on a very early date on the statement of the Prime Minister ; it should be so broad that it could be a general discussion on foreign affairs. We were assured by the hon. Minister, Shri Raj Bahadur, who was present that he would like to talk to the Prime Minister and then decide whether this could possibly be discussed next week. But things are moving very fast in Bangla Desh. More than a thousand people have been killed and there is curfew in Dacca . I request, through you, the hon. Deputy Minister of Parliamentary Affairs, to convey our feeling to the Prime Minister and the Minister of External Affairs and let us have a discussion on this next week.

SHRI SAMAR GUHA (Contai) : I wanted to draw your attention to the same thing. At the last meeting of the Business Advisory Committee it was discussed and it was agreed by all that the international situation in relation to Bangla Desh particularly would be taken up at the earliest opportunity—it was said, next week—as Shri Banerjee has pointed out. He has mentioned only one case. There is one small town, Shekharnagar, in which 10,000 people have been killed ; in Narayanganj 5,000 people have been killed; and in Dacca about a thousand people have been killed and killing is going on. Shelling on all the border areas is going on and 90 lakhs of refugees, who are in the border area, are now vulnerable to Pak shelling. Therefore, this matter should be discussed next week.

Another point is that the compulsory and forcible retirement of Shri B. C. Ganguli has agitated the mind of the people all over the country. Therefore, the statement of the Railway Minister should be taken into consideration by this House(Interruption)

MR. DEPUTY-SPEAKER : Order, order.

SHRI S. M. BANERJEE : Just to correct the record may I say that in the Business Advisory Committee the question of Shri B.C. Ganguli's retirement was mentioned. All of us wanted some sort of a discussion but all of us really felt, except Shri Samar Guha, that such a discussion at this hour might do more harm to Shri Ganguli than good. All of us, except Shri Guha, felt that bureaucracy should be subservient to the Ministers.....(Interruption)

SHRI SAMAR GUHA : *

MR. DEPUTY-SPEAKER : This will not go on record.....(Interruption)*
Let the Minister reply.

* Not recorded.

SHRI PILOO MODY (Godhra) : Is it fair that Shri Guha is allowed to be contradicted by Shri Banerjee but is not given an opportunity to have his say.....
(*Interruption*)

MR. DEPUTY-SPEAKER : This is not a debate.

SHRI PILOO MODI : I want to know, between the versions given by Shri Banerjee and Shri Guha, which is the correct one.

MR. DEPUTY-SPEAKER : This is not a discussion. Only the business for the next week has been presented to the House. Certain suggestions have been made that certain items should be included. I have allowed Shri Guha also to make his suggestion. Now it is for the Minister to reply whether they can be accommodated or not. As a member of the Business Advisory Committee, Shri Banerjee passed on certain information.....(*Interruption*)

SHRI SAMAR GUHA : What has been said by Shri Banerjee is not the correct version. He says that it was the unanimous opinion of all that a discussion of this matter would do more harm to Shri B. C. Ganguli (*Interruption*) Secondly he said that it was discussed there and it was said that the matter would be brought to the attention of the Railway Minister and at the next meeting the matter would be decided. It was not said that there would be no discussion.....(*Interruption*)*

MR. DEPUTY-SPEAKER : Order, order. This will not go on record.

SHRI S. M. BANERJEE : *

MR. DEPUTY-SPEAKER : This has become not only a debate but a very acrimonious and controversial debate. Now

* Not recorded.

let the Minister reply whether he can accommodate their suggestions.

SHRI S. M. BANERJEE On a point of personal explanation.

MR. DEPUTY-SPEAKER : I have ordered at a certain point that these things would not go on record. It has to be seen if anything has been said against you that has gone on the record which requires a personal explanation. You can seek another opportunity, not now.....
(*Interruption*).

SHRI S. M. BANERJEE : *

SHRI B. SHANKARANAND : Fortunately, both the hon. Members are members of the Business Advisory Committee and they know what happened in the last Business Advisory Committee meeting. I need not repeat it.

I will, of course, convey the feelings of hon. Members to the concerned Ministers and the suggestions will be kept before the next Business Advisory Committee meeting. It is for the members of the Committee to consider them.

SHRI BHAGWAT JHA AZAD : There should be no discussion on the B. C. Ganguli business. That is our feeling.

MOTION RE : REPORT OF UNIVERSITY GRANTS COMMISSION FOR 1969-70

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE, AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : Sir, I move :—

“That the Annual Report of the University Grants Commission for the

[Prof. S. Nurul Hasan]

year 1969-70, laid on the Table of the House on the 25th June, 1971, be taken into consideration."

I would not like to take the time of the House by making a speech at this time but as points are raised in the debate I shall make every endeavour to satisfy the Members on the points that they may be pleased to raise.

*SHRI R. P. DAS (Krishnagar) : Mr. Speaker, Sir, going through the report of the University Grants Commission, I find that during the last four years the number of students has gone up from 19 1/2 lakhs to 28 lakhs and the number of colleges has gone up from 2749 to 3297. However, I also find that even though the number of students has gone up, there has been no reciprocal development of ancillary facilities for students like the facilities of—library, hostels etc. Not only this, the rapid changes that are taking place in social, political and economic life of the country have in no way been reflected in the sphere of education and the report does not anywhere indicate that there has been any qualitative improvement of education during this period. We have also noted that even though the number of students has gone up at the rate of 13% per year, the *per capita* expenditure has gone down. If we compare the *per capita* expenditure on students in India with those in the U.S.A., Europe or any of the industrially developed country of the world, it will be seen that our expenditure is not even one per cent of their expenditure. The rate of expenditure per student in India is so meagre that it is not possible to achieve any qualitative or quantitative improvement of education. While this is the situation, we find Sir, the number of colleges and universities has been allowed to go up not withstanding the lack of reciprocal growth of facilities for students. I do not think, Sir that by merely

presenting some figures indicating increase in the number of colleges, universities etc., the Government can convince this House that there has been a qualitative improvement in the sphere of education. But I feel it is just the other way about.

The present system of education, which can be referred to as the colonial system of education, is in a state of crisis. Each class in a college consists of 150 to 200 students. College laboratories mean for 16 students are being used by 33 to 34 students. There is hardly any space in a class room to accommodate all the students and needless to say that it affects teaching adversely. The system of examination that is being followed for the students is not helpful to promote development of education. As a consequence, not only the system of examination but the entire system of education is in jeopardy today. This is so, not only in West Bengal but in Orissa, Delhi, Rajasthan and in other States of the country.

To bring about an improvement in the situation, the report envisages holding of small classes, group discussions, holding objective tests, making the teacher student ratio to 1 : 20 holding periodic examinations etc. But their implementation is not possible because the report itself acknowledges that there are not sufficient funds to implement these schemes. Even if the money is made available, I feel that this Government does not have adequate administrative machinery to make these schemes a success. We feel, Sir, that in the present circumstances, efforts to make patch-work improvement will not help solve the problem, and unless we are able to bring about a complete change in our social and economic system we would not be able to improve the system of education. That is why during the last 25 years we have failed to record any improvement in the sphere of education. Only 30 per cent of the population in the country is literate. Surely during the last 25 years we could have substantially raised this figure. Even

* The original speech was delivered in Bengali

during the next 10 years we can make a tremendous progress provided there is a determination and enthusiasm, besides a political and an administrative system, which we are lacking today. Unless we are able to create right type of atmosphere, we feel, all efforts to improve the system of education are bound to fail.

As regards the medium of education, there can be no doubt that it should be in mother tongue. Not only in the primary or the secondary standard but even in the case of the research work, I feel, that mother tongue should be the medium for use. In Norway, Sweden and Japan if an innovation is made in the sphere of science, economics or other social sciences, then it is translated in their own languages. If all important research work can be translated in Japanese and Chinese for the benefit of the people of Japan and China and if such a thing is possible in Norway and Sweden, why should it not be possible in India? I ask you Sir, where is the difficulty of introducing mother tongue as the medium of education for higher studies. I say it is not impossible but I feel, well, it may even sound ridiculous but it is a fact all the same, that a particular class of people has come to enjoy a monopolistic position in the sphere of education and the Government is not interested to break this monopoly of this English-oriented class. It takes some courage to break this monopoly and to have that courage it is necessary to have a particular political system which is not there at present and that is why it has become impossible for the Government to break the monopoly. As it is, English is being used as a secondary language upto B.A. Therefore, a research student will not find any difficulty to pursue post-graduate research work for he can always make use of the literature that is there in English. Prof. Satyen Bose has repeatedly said that all research students in the University of Calcutta should be given instructions in Bengali in their research work and scientific subjects. The students think of the problem in Bengali and finally they reduce their thoughts in English which can

be better judged by those whose mother tongue is English. At any time, in any part of the world, the genius of a country—be it in the sphere of science or literature—has never found its outward expression through the medium of a foreign language. The history of our country for the past 200 years will bear an eloquent testimony to this fact. Therefore, I say, Sir, that the medium of education should be in mother tongue and there can be no doubt about it; and if it is done then it would be easy to diffuse education in every stratum of society more speedily than at present. I am reminded of Rabindranath Tagore who said that it was futile to expect that the genius of a country could find an expression through a Foreign language. Just as it would be futile to fit a scimitar in the sheath of a sword. Therefore, the position of the research workers in our country today is just like an ant trying to traverse over a frying pan where undoubtedly their efforts are bound to meet with failure in most of the cases.

The report has emphasised that student welfare work should be given priority. Now, we have seen how this has been done in colleges and universities. The emolument for students in hostels are meagre. Only very few students get books from the book bank; the number of scholarships is limited so much so that out of 2½ thousand students, only 100 or 150 students can get this benefit. Library, laboratory and hostel facilities which should have been much more extensive are only very limited at present.

With regard to the suggestion of students' active participation in the administration of a college or a university, it is our opinion that the students should not be associated with its advisory or consultative bodies but should rather be associated with the decision-making bodies. It is not enough to restrict the role of students' participation to students union, hostel committees or the Canteen Committees

[Shri R. P. Das]

but they should be made members of admission Committee or such other Committees as are responsible for running the day-to-day administration of the college. Their participation in the Appointment Committee for teachers or committees dealing with financial subjects may be a matter of opinion but it cannot be said categorically that they should not be associated with these bodies, and even the report also does not deny it. The University Grants Commission feels that a situation should be created whereby the students' participation at the school, college or university level is made really effective. From our experience we have found that wherever we have enlisted the cooperation of students, it has become easy to run the administration of a school or a college. We have seen that when students were included in admission committee it became easy to conduct admission tests for thousands of students for Honours classes. There was no copying which those very students in their secondary examination tests were reported to have indulged in extensively. If this could be possible, it was only because of the participation of students and their cooperation with their teachers. Under the prevailing situation it is not possible for the teachers to conduct examination peacefully and even their physical presence in the examination hall has become very difficult. If you go to an examination hall you cannot stay there for a minute. You have to come out and if you cannot you will be physically removed from there. Even under such circumstances, we have found that with the cooperation of students it has become possible to conduct examinations smoothly and run the administration of a college or a university in a better way. But where the teachers or the administration do not think in terms of soliciting students' cooperation, the possibilities of friction are there and therefore, we feel that the students should be associated with all academic activities more actively.

I would also like to stress the point here. Even though we do not hold any brief for regionalism and we are against all such tendencies, we have noted with utter anguish that when students from West Bengal tried to seek admission to the university of Delhi, they were refused admission on the ground that they were naxalites. Students who did not have any local guardians were not given admission. I say, Sir, you know who is a naxalite or who is not only when you go to West Bengal. But to brand all the students coming from West Bengal as Naxalites is most regrettable, to say the least. We in West Bengal, do not believe in any regionalism and we also want that such tendencies should not grow in any part of the country. I will, therefore, urge the Education Ministry that they must keep a watch full eye to ensure that such an evil is not allowed to grow.

It has been stated in the report that 25 percent of accommodation in colleges and 50 per cent of accommodation in universities will be given to the teachers. But nothing has been done in this matter and it is necessary that urgent steps are taken to provide accommodation to the teacher.

I would also like to draw the attention of the House to the recent happening in West Bengal. During the President's rule nearly 80 teachers who have put in 11 months to 2 years of service and who have no adverse report against them are likely to be retrenched and a proposal to this effect is now being considered. Some of the teachers have also been retrenched already. After the puja vacation the President of the Kanthi Raj College, out of some motive, retrenched Shri Nigam Singh Mahapatra, the Professor of History of the College, without giving him any reason. I will therefore, like to know the justification for retrenching teachers in such a manner and I will also urge that this should be stopped forthwith.

In the conclusion, I feel, Sir, that without first effecting a socio-economic change in the country, Governments efforts to reconstruct and reform the education system in the country are bound to end in failure for they are only trying to put the cart before the horse.

श्री मूल चन्द डागा (पाली) : उपाध्यक्ष महोदय, इस विषय पर शिक्षा शास्त्री, विद्वान या प्रोफेसर कुछ बोलते तो अच्छा होता, लेकिन ऐसा मालूम होने लग गया है कि हिन्दुस्तान में कोई शिक्षा शास्त्री क्रान्तिकारी कदम नहीं उठा सकता और लोगों के मन में यह भावना आ चुकी है कि हिन्दुस्तान की भूमि में शिक्षा के मामले में कोई भी कदम नया नहीं उठेगा। क्यों नहीं उठेगा? ऐसा मालूम होने लगा है कि न तो शिक्षा शास्त्रियों के दिल में कोई जोश या तमन्ना होती है कि हम कोई नया कदम उठायें।

देश में एक बड़ा सवाल उठता है, लोग कहते हैं कि शिक्षा में आमूल-चूल परिवर्तन होना चाहिये, सारे पाठ्य-क्रमों में कोई नयापन आना चाहिये, लेकिन उस कदम को कौन उठाये। मुझे तो कभी-कभी डर लगता है कि हिन्दुस्तान दूसरे मुन्कों के मुकाबले वहीं बौनों का देश न हो जाय, जिस में प्रतिभाशाली व्यक्ति उभर नहीं पाते। सारे लोग किताबें पढ़ते हैं और उसकी ही नकल करके बोलते हैं, उन्नत दिमाग वाले आने आ ही नहीं सकते।

मैंने यूनिवर्सिटी ग्रान्ट्स कमिशन की रिपोर्ट को पढ़ा है, इस के हर पेज पर एक ही बात लिखी हुई है—शिक्षा मंत्री जी और जो नये मंत्री जी आये हैं, वह भी इस के किसी पेज को खोल कर देख लें सिर्फ एक

ही बात लिखी हुई है कि पैसा चाहिये। शिक्षा के क्षेत्र में पैसे की कमी है और यहां तक लिखा है कि—

“The absolute amount *per capita* spent by us on education is about one-hundredth of the amount spent by a highly industrialised country like the USA. Japan, the USA and the USSR are spending considerably more than 6 per cent of the GNP on education, about twice as much as in India.

सारे पेजेज पर एक ही बात लिखी है कि पैसा चाहिये, हमें रुपया चाहिए, रुपये से ही शिक्षा में नयापन ला सकते हैं। यूनिवर्सिटी ग्रान्ट्स कमिशन ने ज्यादा से ज्यादा इसी बात पर ध्यान दिया कि छात्रों के होस्टेल्स के लिये पैसा चाहिए, अध्यापकों के लिए पैसा चाहिये लेकिन हमारे शिक्षक होने कैसा हैं? उन्होंने इशारा किया है कि हमें ऐसे शिक्षक चाहिए।

“Of all the different factors which influence the quality of education in its contribution to national development, the quality, competence and character of teachers are undoubtedly the most significant”.

आजकल की शिक्षा में कैसे शिक्षक आते हैं? जिनने भी शिक्षक आते हैं वे इन्हीं यूनिवर्सिटी और कालेजेज से आते हैं। वे ईघर-उघर की किताबें पढ़ कर डाक्ट्रेट की डिग्री ले लेते हैं। कहीं से नकल की या किसी ने लिखा दिया तो चलिये उनको डिग्री मिल गई डाक्ट्रेट की लेकिन उनकी अपनी कोई ओरिजिनल थिंकिंग नहीं होती। ऐसी स्थिति में आप समझ सकते हैं कि ऐसे शिक्षकों का क्या प्रभाव छात्रों पर पड़ सकता है। इसके अलावा कई राज्यों में

[बी मूल चन्द डागा]

ऐसे व्यक्ति शिक्षा मन्त्री बनने हैं जिनका खुद का कोई चरित्र नहीं होता और वे कालेजेज में जा करके भाषण देते हैं तो उनका क्या प्रभाव छात्रों पर पड़ेगा। वास्तव में तो अब देश में शिक्षा शास्त्री और विद्वानों की जरूरत नहीं रही क्योंकि शिक्षा जगत में राजनीति छा गई है। शिक्षा शास्त्री और विद्वानों ने अब राजनीतिज्ञों का मंत्र देखना शुरू कर दिया है। वे समझते हैं कि अगर हमें वाइस चांसलर की पोस्ट पर रहना है तो उसके लिये जरूरी है कि जलसों में राजनैतिकता आनी चाहिए। इसके कारण शिक्षा का दिवाला निकल गया है। इसलिए मैं समझता हूँ आज शिक्षा में आमूल मूल परिवर्तन की आवश्यकता है। आज हम देख रहे हैं इस पार्लमेंट में शिक्षा के मामले में किसी को इन्ट्रेस्ट नहीं है। सभी जानते हैं कि शिक्षा में होना ही क्या है। यूनिवर्सिटीज को पैसा चाहिए, होस्टल्स के लिए पैसा चाहिए लेकिन साथ ही साथ शिक्षा कैसी चाहिए? उन्होंने कहीं कहीं पर इस बात का इशारा किया है और कहा है कि शिक्षा कैसी चाहिए। लेकिन इन बातों से पहले सवाल है कि प्रोफेसर कैसे चाहिए? ऐसे विद्वान जिनका खुद का करेक्टर न हो वे स्टूडेंट्स के किस काम के हो सकते हैं? जो खुद अन्दर खाली हों, जो केवल बाहर से बोलता हो, जो केवल जबान से बोलता हो, जो अच्छे कपड़े पहनकर प्रभाव डालता हो लेकिन जिसका खुद का कोई चरित्र न हो, जिन्होंने अपना मारल खो दिया हो इस प्रकार के दीवालिया शिक्षा शास्त्रियों का क्या प्रभाव छात्रों पर पड़ सकता है? आज की स्थिति में इस देश में शिक्षक वही बनता है जिसको कि कहीं नौकरी न मिलती हो। नतीजा यह है कि हमारी शिक्षा अन्दर से भी खाली

है और बाहर से भी खाली है। हिन्दुस्तान की शिक्षा में एक बात थी कि मुँह साफ था और हाथ मँले थे लेकिन आज हाथ साफ हैं और मुँह मँला है। कोई करेक्टर नहीं, नेशन का कोई चरित्र नहीं तो फिर आप कौन-सी शिक्षा देना चाहते हैं?

हमारे देश के राष्ट्रपति डा० राजाकृष्णन बने। मैंने एक बात पहले भी कही है। हमारे देश का राष्ट्रपति एक शिक्षक बना यह गर्व का विषय है-ऐसी बात लोगों ने कही थी लेकिन मैंने कहा था कि यह सबसे खराब बात हुई कि वे राष्ट्रपति होने से शिक्षक नहीं रहे। इसका अर्थ यह हुआ कि एक शिक्षक से राष्ट्रपति का दर्जा ऊँचा है। इसी प्रकार शिक्षकों ने मंत्री बनना भी पसन्द किया लेकिन इससे शिक्षा का स्तर गिरता जाता है। इसलिए आज शिक्षा में आमूलमूल परिवर्तन की बात कही जाती है। आज कोई लड़का एम० ए० कर लेता है लेकिन उसके लिये कोई नौकरी नहीं होती है। आज का पढ़ा हुआ लड़का न तो सविस के काम का होता है और न खेती के काम का होता है। आप कहते हैं कि उसके लिए होस्टल्स अच्छे बनने चाहिए लेकिन पढ़ाई करके जब वह वापिस अपने घर जायेगा तो नाइट ड्रेस पहन कर अपने बाप से कहेगा कि मुझे सोने के लिए अच्छा कमरा चाहिए। क्या यूनिवर्सिटी ग्रांट्स कमिशन ने कभी सोचा है कि गांव से आने वाले जो स्टूडेंट्स हैं वे किस प्रकार की शिक्षा चाहते हैं? न तो आप उनकी शिक्षा की बाबत कोई किताबें निकालते हैं और न कुछ और ही करते हैं। यूनिवर्सिटी ग्रांट्स कमिशन कहता है कि और पैसा चाहिए। जोधपुर में एक केस हो गया। इतना बड़ा ऐजुकेशनिस्ट और इतना बड़ा विद्वान लेकिन स्टूडेंट्स ने जो हिम्मत की, जो हिम्मत की या जो दुस्साहस किया वह

किसके नाम पर कलंक है ? यह यूनिवर्सिटी एजुकेशन के नाम पर कलंक है। लेकिन सरकार नहीं सोचती कि इस देश के ऊँचे पदों पर बैठने वालों ने ही इस देश को गिराने में मदद की। इस देश की शिक्षा के सम्बन्ध में नया कदम नहीं उठाया जाता। जब भी कोई शिक्षा शास्त्री बोलेगा तो कहेगा कि हम शिक्षा में आमूलचूल परिवर्तन चाहते हैं। वाइस चांसलर्स की एक मीटिंग हुई थी, उन्होंने कुछ निर्णय लिया और कुछ कदम उठाये। उन्होंने कहा :

“The universities may consider making education more employment-oriented, so as to link it with the developmental requirements of the country.”

आज तो हालत यह है कि कोई लड़का शिक्षा लेकर एम० ए० भी हो जाये लेकिन अगर घर में बिजली का एक स्विच ठीक करना हो तो वह यही कहेगा कि इसके लिए मेकेनिक चाहिए। कोई आर्ट का स्टूडेंट बी०ए० पास हो वह अपने घर में यही कहेगा कि मैं बिजली का स्विच टच नहीं कर सकता, मैं तो इसमें कुछ जानता ही नहीं। वह कोई भी प्रैक्टिकल काम करने के लिए तैयार नहीं होता। आज की शिक्षा का अर्थ यही रह गया है कि जब कोई वकील बनकर कोर्ट में जाता है तो वह यही सोचता है कि जितना ही ज्यादा मैं झूठ बोल सकता हूँ उतना ही ज्यादा पैसा मैं कमा सकता हूँ। इसी प्रकार से एक डाक्टर सोचता है कि झूठे सर्टिफिकेट देकर मैं कितना ज्यादा कमा सकता हूँ। आज इस शिक्षा का यही परिणाम निकल रहा है। इसी प्रकार से लोगों का आकर्षण राजनीति की तरफ भी होता है।

जो स्टूडेंट्स का आकर्षण पालिटिक्स की तरफ होता है उसमें यह बात नहीं है कि उनको पालिटिक्स से शौक होता है बल्कि वे समझते हैं कि राजनीति में कुछ उपलब्धियाँ हैं, कुछ और बातें हैं। इसी कारण से आज स्टूडेंट और शिक्षक राजनीति की ओर आकर्षित होते हैं। वे गांवों में कोई क्रान्तिकारी कदम नहीं चाहते, हाँ कविताएँ कभी-कभी सुन लेते हैं लेकिन समाज-सुधार का कोई काम नहीं करते। वे तो यही समझ कर आते हैं कि राजनीति में हमारी इच्छायें पूरी होंगी, हमारी अभिलाषायें पूरी होंगी। शिक्षा के द्वारा उनको कोई साधन भी नहीं मिलता जिससे अपनी रोटी कमा सकें इसलिए वे सिंहासन की ओर देखने वाले बन जाते हैं, सरकार का मुँह ताकते हैं।

यूनिवर्सिटी ग्रान्ट्स कमीशन कहता है कि और पैसा चाहिए। मैं आप को बताता हूँ कि जब हम मालवीय जी की यूनिवर्सिटी में पढ़ते थे तो उन्होंने कहा था कि हमें इतना रुपया चाहिए। उसके लिये हम स्टूडेंट्स गांवों में जाकर कहते थे कि मालवीय जी को विश्वविद्यालय के लिए इतना रुपया चाहिये और लोग पैसा देते थे। लेकिन आजकल विद्यार्थियों में मारल ही नहीं है। वे तो बिल्कुल खाली हैं। कार्टून बने हुए हैं, हिप्पीज़ की आदतें सीख ली हैं और कुछ नयी-नयी बातें उनमें आ गई हैं जिनको कि मैं जानता ही नहीं। यह सारा वातावरण इस देश की शिक्षा के कारण ही बना हुआ है। इसलिए मैं चाहता हूँ कि हमारे नये मंत्री जो आये हैं वे अगर शिक्षा के मामले में कुछ सोच सकते हैं तो सोचें। इन्दिरा जी कोई कदम उठाना चाहती हैं तो उसमें यह कदम

[श्री मूलचंद डागा]

बहुत आवश्यक है। यूनिवर्सिटी ग्रान्ट्स कमिशन तो यही कहता है कि खूब पैसा दो। जो लोग सरकारी बेंचों पर बैठे हुए हैं वह केवल एक बात कहते हैं कि उनको पैसे चाहिए। पोस्टल सेवाओं के लिए चाहिए, शिक्षा के लिए चाहिए, बाहर जाने के लिए चाहिए, रिक्रिएशन के लिए चाहिए। यूनिवर्सिटी ग्रान्ट्स कमिशन ने एक बात कह दी है कि हिन्दुस्तान की सरकार शिक्षा पर पैसे बहुत कम खर्च करती। लेकिन मैं कहता हूँ कि केवल पैसे से ही देश नहीं बनेगा। शिक्षा के क्षेत्र में आपको कुछ क्रान्तिकारी कदम उठाने चाहिये, और वह भावना मंत्री महोदय में होनी चाहिये।

*SHRI J. M. GOWDER (Nilgiris): Mr. Deputy Speaker, Sir, I am glad to participate in the discussion on the University Grants Commission's Report for the year 1969-70.

I would like, at the outset, to refer to the Gajendragadkar Committee's Report to the University Grants Commission. This report contains a number of valuable recommendations regarding the governance and administration of the Universities in the country. The Committee has dealt with the problem of student unrest in great depth. It is common knowledge that every year, especially at the time of examinations, one University or the other remains closed for a period of time and sometimes indefinitely too. What are the causes for this unfortunate situation? Is it because there is some thing wrong with the examination system or is it due to wrong methods of teaching? The time has come when serious thought is to be bestowed on this vital issue.

Sir, just now speaking before me, the Member from the Congress Party, Shri Daga, stated that professional people like lawyers and doctors indulge in foul and unfair practices to make quick money. This is the state of affairs after 24 years of independence. What are the compulsions under which such professionals who are to serve the society adopt unwholesome practices to earn their livelihood? Though it may be due to the economic conditions prevailing in the country, it is also partly due to the system of education they had. At this juncture we are left with no option of establishing an egalitarian society in the country where social justice informs the whole society. In this, education has an important role to play. It may also be contended that because I am from the opposition party I have made these allegations against lawyers and doctors. But, these have been stated even by the Members belonging to the ruling party.

Sir, when you analyse the causes of student unrest in our country, you will find that one of the root causes is the lack of student participation in the University administration. The students are not taken into confidence in the formulation of plans and schemes relating to higher education in the Universities. I need not overstress the necessity of student participation in the governance and administration of Universities, of which they form a major constituent unit. The Ministers and politicians ceaselessly talk about this, but nothing tangible has so far been done in this direction. We all seem to be paying only lip sympathy to the cause of students. As there is no determined course emanating from the Government, we see the sorry spectacle of our youth taking to the path of agitation, which in consequence leads to the closure of Universities at one time or the other in a year. The Gajendragadkar Committee have recommended that in the Senates and the Courts of the Universities, the student representation should be to the extent of 15% of the total

*The original Speech was delivered in Tamil.

strength of such bodies. In the implementation of this significant recommendation, no University, big or small, should be exempted and it should be made universally applicable. If necessary, the Government should not flinch from even enacting a legislation for this purpose.

We have been seeing that any number of Committees and Commissions are appointed under the chairmanship of eminent personalities. They go into the issues thoroughly and make valuable recommendations. The reports are invariably discussed in this House and then completely and conveniently forgotten. I humbly appeal to the Government that at least in the field of education, they should see that this kind of thing does not happen. The Government should effectively put into operation the practice of giving 15% representation to students in the University Senates and Courts. Unless this is done, I am afraid the problem of student unrest would reach disquieting proportions. If the students are given representation in the Senate, they will then have a feeling of participation in the various decisions taken by the Senate. Because of their involvement in the decision-making processes, they would be in a better position to explain the implications of the decisions to the student community, which will in turn create greater harmony in the campuses. They will also have the satisfaction that no decision has been taken without taking them into confidence. But, what do we see today? Because they are kept in the dark now, though the decisions are in their welfare and interest, they do not relish the decisions and start agitations. Therefore, it is vitally important that student participation in the University administration should be ensured. It is high time that we take such a decision. I fervently plead with the Education Minister to give a bold lead in this matter and get it enforced in all the Universities.

Sir, we find that only three Universities have responded and that too partially and

reluctantly to this very important recommendation of the Gajendragadkar Committee. The other 72 Universities have not cared to state their views on this recommendation. Is such an attitude of complacency and utter disregard of this significant recommendation justified in any way?

The University Grants Commission and the Government extend massive financial assistance to the Universities. I do not know how the U.G.C. is going to react to this kind of response from the Universities for such a meaningful recommendation. If this is the sort of attitude that prevails in the Universities, what is the use of constituting Committees and commissions under the chairmanship of distinguished educationists? Shri Gajendragadkar is a distinguished educationist and his versatility has been universally acclaimed. When the Committee headed by him makes a recommendation, I do not know how we can explain the supercilious attitude of the Universities. The hon. Minister should take up this matter with the Universities for the inordinate delay in conveying their reaction to the recommendation and if necessary the Government have got more than enough powers to exert pressure on them.

Coming now to the examination system prevailing in the country, I would like to bring to the notice of the House the incident that took place recently in the Bangalore University. It appears that five B.Sc. students who had appeared in the final examination were confounded to see that they had failed. They were known to be good students and they represented against the results declared, as a result of which revaluation of the papers was ordered. It was found that they had actually passed the examination. This incident has led to the appointment of a Controller of Examination to investigate the whole matter. I have no doubt that this is only a symptom of several ills afflicting

[Shri J. M. Gowder]
 the University administration. You will appreciate, Sir, that such incidents lead to a sense of frustration among the students, leading sometimes to violent agitations and closure of Universities. The students are young and easily excitable. When they feel that an injustice is done to them, they are naturally disturbed and we cannot accuse them for their subsequent misbehaviour. I feel that it will be incorrect to blame the entire student community for agitations and riots. When they suffer from wrongs, there is no use apportioning the blame to the entire student community. The University authorities must have a thorough heart-searching before they bring in the student community for task.

The existing system of examination has been unequivocally and roundly condemned by everyone. The educationists, the professors and lecturers and the teachers are fully aware of the pitfalls of the present system of examination and they strongly feel that this system should be changed and changed quickly. They have all expressed their misgivings in various seminars, meetings and conferences. When these, intimately connected with education, have no good words for this system, how can the politicians talk that the present system is good? I appeal to the hon. Minister of Education to go into the entire issue in depth and formulate a new system of examination which would be common to all the Universities in the country. It should be also enforced uniformly throughout the country.

The hon. Minister of Education must be aware of the joint evaluation system prevailing in the Universities of the U.S.A., and other western countries. This system with suitable modifications might profitably be adopted in India. Instead of external assessment being the sole criterion of testing the knowledge and attainments of the students, it would lead to beneficial results if an internal assessment

of the student's progress is made periodically. Such an internal assessment would even out the vagaries of the external assessment being made by outsiders at the end of the course mainly on the basis of written examination. On account of illness or nervousness or mental fatigue, a normally good student might not be able to put his best on paper. It will therefore be patently unjust to evaluate his entire performance on the written test. As you are aware the written test at the end of the course consists of selective questions out of the entire curriculum. This kind of evaluation at the final examination must be ended.

15.00 Hrs.

Sir, I am also pained to note that no serious thought or attention has been paid by the Government to the various valuable recommendations made by Committees and Commissions on the vital question of education. The new Minister of State for Education has been an academician and a member of the Gajendragadkar Committee and with his rich background and experience, I am sure that he would be able to implement the recommendations, in the drafting of which his contribution would have been considerable. I, therefore, appeal to him as a distinguished academician to evolve a system of education suited to the genius of our country.

श्री एच०के०एल० भगत (पूर्व दिल्ली) :
 यूनिवर्सिटी ग्रांट्स कमिशन की रिपोर्टें पढ़ने से यह अन्दाजा होता है कि कुछ क्षेत्रों में इस कमिशन ने अच्छा काम किया है और वह प्रशंसा के योग्य है। लेकिन कमिशन की रिपोर्ट से एक बात साफ होती है और इसको कनफेस किया गया है कि जो मुल्क के सामने इस समय समस्याएँ हैं स्टूडेंट्स की ओर खास तौर पर यूनिवर्सिटी स्टूडेंट्स की, उनकी तरफ जितनी तबज्जह दी जानी चाहिये और जितना इन्तजाम किया जाना चाहिए था वह नहीं किया जा

सकता या नहीं कर सकते हैं। इसका कारण यह बताया गया है कि रिसोर्सिस की कमी है। अब सवाल हमारे सामने यह है कि रिसोर्सिस की कमी को पूरा कैसे किया जाये। चाहे गवर्नमेंट कालेज हों या प्राइवेट कालेज हों, उनका लगभग सारा खर्चा हमारा सरकार के ऊपर है और खुद सरकार के रिसोर्सिस से है। इनको चलाया जाता है। ग्राम तोर पर और ग्राम एमरजेंसी के वक्त रिसोर्सिस की खास तोर पर कमी हो गई है। अब सवाल यह है कि कुछ और रिसोर्सिस गवर्नमेंट के अलावा कट्टा मोबिलाइज नहीं कर सकता है ताकि शिक्षा के क्षेत्र में जो कामयाबी हो और जिन का तरफ तबज्जह देन की जरूरत है, उनको पूरा किया जा सके? क्या हम अपना सिस्टम आफ एजुकेशन का ऐसा नया कर सकते हैं जिस में रिसोर्सिस कम लग और लाभा का ज्यादा से ज्यादा तादाद में एजुकेशन मिल सके? सड़कें, बिजली, दिस्ला में है जिनका कालजा में दाखला नहीं मिला है। जिन्होंने चालीस परसेंट मानस लिये थे, उनका एडमिशन नहीं मिला है। प्री-मेट्रिकल में कराब दासा या उससे ज्यादा विद्यार्थी ऐसे हैं जिन्होंने फस्ट डिवीजन लाया था लेकिन जिन का दाखला नहीं मिला है। इसी तरह से दश में बहुत से स्टुडेंट्स हैं जिन का एडमिशन नहीं मिलता है। क्या कोई ऐसा तरीका अस्तित्व में नहीं किया जा सकता है जिससे हमारा एजुकेशन पर खर्चा कम हो, क्या एजुकेशन देने का ऐसा तरीका नहीं निकाला जा सकता है जिससे उस पर खर्च कम आये और जो मांग है नये कालेज खोलने की वह भी पूरी हो सके। क्या जहाँ एजुकेशन को बढ़ाने की मांग है और जहाँ बिल्डिंग नहीं और न ही

रिसोर्सिस की कमी की वजह से बनाई जा सकती है, ओपन ग्राउंड में पढ़ाने का इंतजाम नहीं हो सकता है? क्या ऐसे गांवों में जहाँ बिल्डिंग नहीं है लेकिन शिक्षा प्रदान करने की मांग है, प्रोफेसर या टीचर दे कर ओपन ग्राउंड में पढ़ाई का इंतजाम नहीं किया जा सकता है? और भी तरीके हैं जिनको काम में लाया जा सकता है। हमारे एजुकेशन मिनिस्टर बहुत डायनामिक हैं। जो नये मिनिस्टर आये हैं वे भी तजुर्बेकार हैं। मैं पूछना चाहता हूँ कि देश में क्या प्राइवेट रिसोर्सिस मोबिलाइज नहीं किये जा सकते हैं? रिसोर्सिस की कमी की वजह से एजुकेशन का काम सफर करता जाय, यह ठीक नहीं है। पुराने तरीके, थार्थोडाक्स तरीके अपनाने से अगर काम नहीं चलता है तो नये तरीके हम को सोचने होंगे, कोई और रेडीकल रेमेडाज हमको करना होगी। अगर जरूरत हो तो सिस्टम आफ एजुकेशन को हमें चेंज करना होगा। अगर हम एजुकेशन को लोगों के पास ले जाना चाहते हैं और लोगों की मदद से एजुकेशन को आगे बढ़ाना चाहते हैं तो इसके लिए क्या हम कुछ रेडीकल स्टेप्स नहीं सोच सकते हैं?

एजुकेशन के कुछ परमानेंट मकसद तो हर मुल्क के सामने होते हैं और उन मकसदों को पूरा करने के लिये एजुकेशन सिस्टम रीयज किया जाता है। कुछ बुनियादी मकसद तो होते हैं जो हमेशा कायम रहते हैं। लेकिन समय पर कोई न कोई एजुकेशन का नेशनल परपज भी होता है। किसी समय किसी मुल्क को किस-किस चीज की कितनी कितनी जरूरत है इसको देख कर कुछ प्रायोरिटीज होती हैं जिन्हें तय किया जाता

[श्री एच० के० एल० भगत]

है और उनको हासिल करने की कोशिश की जाती है। किसी समय में किसी मुल्क को डाक्टरों की जरूरत ज्यादा होती है, इंजीनियरों की जरूरत ज्यादा होती है, लोगों को एग्रिकल्चर की शिक्षा देने की जरूरत ज्यादा होती है। मैं जानना चाहता हूँ कि हमारे देश में क्या इन प्रायोरिटीज को ले डाउन किया है और अगर किया गया है तो क्या इनको पूरा करने की कोशिश की गई है? मैं चाहता हूँ कि मुझे करेक्ट कर दिया जाये जब मैं यह कहता हूँ कि हम चारों तरफ बढ़ने की कोशिश करते हैं लेकिन जिस को हम बैलेंसड डिवेलेपमेंट कहते हैं, वह हम नहीं कर पाते हैं। चौथे प्लान का भी यही हाल है। हमने कुछ प्रायोरिटीज ले डाउन की हैं लेकिन हम उन प्रायोरिटीज पर एटेंशन नहीं दे पाते हैं। जैस मैं महसूस करता हूँ कि एग्रिकल्चरल एजुकेशन पर हम तवज्जह नहीं दे रहे हैं। बहुत बड़ा ग्रीन रेवोल्यूशन देश में आया। लेकिन इसके बावजूद भी हमारे देश में जो एग्रिकल्चरल एजुकेशन पर तवज्जह दी जाना चाहिये नहीं दी गई है और न दी जा रही है। मैं कहूँगा कि आने वाले पांच साल में देश का डामिनेन्ट नेशनल परपज क्या है, इसको तय करके उसके मुताबिक प्रायोरिटीज को ले डाउन किया जाये और उनको अचीव करने की कोशिश की जाये।

एजुकेशन का एक और भी बड़ा मकसद है। इसको मैंने इस रिपोर्ट में कहीं नहीं देखा है। मुल्क में नेशनल इंटेग्रेशन कायम करने की बहुत सख्त जरूरत है। हमारी स्कीम आफ एजुकेशन में नेशनल इंटेग्रेशन करने के लिए, इस भावना की ओर इन

टेडेंसीज को मजबूत करने के लिये क्या कोई चीज है? आज हिन्दुस्तान में इस बात की बहुत जरूरत है। एक यूनिवर्सिटी से दूसरी में विद्यार्थी जायें और मिलें और लोगों में नेशनल इंटेग्रेशन की भावना आये यह कहीं मुझ को इस सारी रिपोर्ट में देखने को नहीं मिला।

एक दुख की बात यह है कि देश की बहुत सी यूनिवर्सिटीज में डाभिसिल रेस्ट्रिक्शन रखी हुई है। दिल्ली के लड़के जब बाहर जाते हैं, तो उनसे कहा जाता है कि यदि वे उस स्टेट में पांच साल तक नहीं रहे हैं, तो उन्हें एडमिशन नहीं मिलेगा। अभी एक माननीय सदस्य ने कहा है कि दिल्ली में बंगाल के स्टुडेंट्स को इस शुबहे पर एडमिशन नहीं मिलता है कि वे नक्सलाइट्स हैं। यह गलत बात है। कितना पर शुबहा नहीं करना चाहिए और सब को एडमिशन मिलना चाहिये। लेकिन बहुत सी स्टेट्स में एडमिशन के बारे में डाभिसिल रेस्ट्रिक्शन है। दिल्ली के एक फर्स्ट क्लास स्टुडेंट का भी बाहर एडमिशन नहीं मिलता है—सत्तर परसेंट वाले को भी एडमिशन नहीं मिलता है, जब कि दिल्ली में कोई बार नहीं है।

दिल्ली के नये मेडिकल कालेज में तो कमाल ही कर दिया गया है। वहां पर उन स्टुडेंट्स को प्रायर्टी दी जा रही है, जो दिल्ली में दो साल से रह रहे हैं। अगर वे ज्यादा देर से दिल्ली में रहते हैं, तो वे डिसक्वालिफाइड हैं। अगर शिक्षा मंत्री इस बारे में मालूम करेंगे, तो उन्हें पता चलेगा कि जो दो साल से ज्यादा अर्से से दिल्ली में रह रहे हैं, उनको नहीं लिया जाता है और जो दो साल से रह रहे हैं, उनको लिया जाता है।

शायद वे कनसन्ड आदमी कुछ अफरों के हैं, जिन को एकामोडेट करने के लिए यह क्राइटेरियन बनाया गया है। मैं अर्ज करना चाहता हूँ कि नेशनल इन्ट्रेशन के परपज को सब करने के लिए हमारी यूनिवर्सिटीज एक बहुत अहम इदारे हैं। हम इस वक्त इमर्जेंसी में से गुजर रहे हैं। मैं यह जानना चाहता हूँ कि हमारी यूनिवर्सिटीज और कालेजों में स्टुडेंट्स को गीयर अप और कानशस करने के लिए क्या किया गया है।

स्टुडेंट अनरेस्ट का एक कारण यह है कि कालेज आवर्ज के बाद उनके पास जो समय होता है, उसमें उनकी एनर्जीज और एटेंशन के यूटिलाइजेशन के लिये कोई इन्तजाम नहीं है। आजकल वे, समझते हैं कि सुब से बेहतर पेशा पालिटिक्स का है। जब कालेज आवर्ज के बाद उनकी कुछ करने को नहीं मिलता है, तो वे इन बातों में इनडलज करते हैं, जिस से अनरेस्ट होता है। कंट्री के किसी काम में उनकी एनर्जीज, एक्स्ट्रा आवर्ज और एटेंशन को यूटिलाइज करने के लिए हम क्या करें, इस बारे में यूनिवर्सिटी ग्रांट्स कमीशन की रिपोर्ट में कोई चर्चा नहीं है।

मैं दिल्ली के बारे में एक दो बातें कहना चाहता हूँ। मुझे बताया गया है कि दिल्ली यूनिवर्सिटी में 96,000 स्टुडेंट्स हो गये हैं और एक मानी में दिल्ली का काफी बुरा हाल हो रहा है। मैंने सुना है कि दिल्ली यूनिवर्सिटी के वाइस-चांसलर ने सजेस्ट किया है कि यहां पर एक दूसरी यूनिवर्सिटी बनाई जाये, या कुछ और इन्तजाम किया जाये। हर साल यही कहानी होती है। दिल्ली हमारा कैपिटल सिटी है और इस के बारे में गवर्नमेंट आफ

इण्डिया की खास जिम्मेदारी है। इसलिए गवर्नमेंट आफ इण्डिया को अगले पांच दस सालों में दिल्ली में यूनिवर्सिटी एजुकेशन की एक्सपेंसन की रेक्वायरमेंट्स के बारे में एक स्पेशल प्लानिंग स्टडी करानी चाहिए।

आज होता क्या है कि एक प्राबलम आ गई, तो कोई एड-हाक एरेंजमेंट कर दिया। ज्यादा स्टुडेंट्स आ गये, तो कुछ इन्तजाम कर दिया। इस एड-हाक प्लानिंग और एड-हाक एरेंजमेंट से काम नहीं चलेगा। दिल्ली यूनिवर्सिटी के एटमा-स्फियर, टीचिंग स्टैंडर्डज और बहुत-सी बातों में बड़ा डेटेरियारेसन आ रहा है। एक ज़माने में दिल्ली यूनिवर्सिटी देश की एक प्राइम यूनिवर्सिटी हुआ करती थी। आज उसमें डेटेरियारेसन आ रहा है। आज समय है कि हम दिल्ली यूनिवर्सिटी की प्राबलम्ज का तरफ पूरी तवज्जह दें और उसमें जो कमियां आ गई हैं, उनको दूर करने की कोशिश करें।

हमारे यूनिवर्सिटी टीचर्ज की रेजिडेन्शल एकामोडेशन की तरफ कोई खास तवज्जह नहीं दी जाती है। यूनिवर्सिटी ग्रांट्स कमीशन ने इस बारे में हिन्दुस्तान और दिल्ली के जो फिगरज दिये हैं, उनसे यह बात साफ जाहिर हो जाती है। मेरा कहना है कि हाउसिंग मिनिस्ट्री और एजुकेशन मिनिस्ट्री आपस में कोआर्डिनेशन करके यूनिवर्सिटी के टीचर्ज के लिए हाउसिंग फॉसिलिटीज का इन्तजाम करें। इस बात की बेहद जरूरत है।

यूनिवर्सिटीज के एफेयर्ज के मैनेजमेंट में स्टुडेंट्स पार्टिसिपेशन की बात बहुत अर्स से चल रही है। इस रिपोर्ट में कहा गया है कि इस बारे में स्टुडेंट्स की कांफरेंस ने जो

[श्री एच० के० एल० भगत]

रीकमेंडेशनज़ किये हैं, उन पर गौर होता रहा है। उन पर कब तक गौर होगा? मैं समझता हूँ कि यूनिवर्सिटीज़ के मैनेजमेंट में पार्टिसिपेशन के लिए स्टुडेंट्स को मौका देना चाहिए। उससे फायदा ही होगा, नुकसान नहीं। इस बारे में जल्दी से जल्दी कदम उठाना चाहिए।

गजेन्द्रगढ़कर कर्माशन की रिपोर्ट आये किस्तना भरी हो गया है, लेकिन, जैसा कि हमें बताया गया है, सिर्फ तीन यूनिवर्सिटीज़ ने उसके बारे में अपने जवाब या रीएक्शन भेजे हैं। यह बहुत अफ़सोस की बात है कि इतने इम्पार्टेंट कमाशन का रीकमेंडेशनज़ बरसों तक पड़ा रहे, यूनिवर्सिटीज़ उनका बारे में जवाब न भज और कोई बात आगे न बढ़। हमारे एजुकेशन मिनिस्टर बहुत डायनामिक हैं। नये मिनिस्टर भी तजुबकार हैं। एजुकेशन मिनिस्टर ने दिल्ली में टोचज़ को प्राबलम्ज़ और कई दूसरा प्राबलम्ज़ को साल्व किया है, उनका हल करने का कोशिश की है। मैं समझता हूँ कि इस वक्त कन्ट्री की जा प्राबलम्ज़ है, व एक आर्थो-डॉक्स एपराच से, रीसोर्सिज़ न हान का बात कह कर और उनका इधर-उधर बांट कर हल नहीं हाँगा। हम को रीडकल थिंकिंग करके एग्जामिनेशन के सिस्टम में सुधार और दूसरी प्राबलम्ज़ को हल करना हाँगा। इंट्रूएशन इस बात की मांग करता है कि कन्ट्री का एजुकेशन प्राबलम्ज़ को साल्व करने के लिए कोई नई, रीडकल और प्रोक्टिकल एपराच अपनाई जाय। हमारे पास जो भी रीसोर्सिज़ हैं, और हम जो नये रीसोर्सिज़ मॉबिलाइज़ कर सकते हैं, उन के साथ मेल खाता हुई कोई एपराच लेकर हम को काम करना पड़ेगा, वर्ना आज जो स्थिति है, उसमें हम एजुकेशन

की जितनी प्राबलम्ज़ को साल्व कर रहे हैं, उनसे ज्यादा प्राबलम्ज़ क्रीएट हो रही है।

मैं आप को धन्यवाद करता हूँ।

SHRI N. TOMBI SINGH (Inner Manipur): Mr. Deputy-Speaker, Sir, I am grateful for the opportunity given to me to participate in the discussion on the very important and interesting Annual Report of the University Grants Commission.

The Report has covered so many important points. I will not be able to cover all of them thoroughly. So, I will confine myself to one or two of the points.

Firstly, I would like to pinpoint the problem of getting quality teachers. Much has been said about teachers, that we should get more and more good teachers and that the future of education depends on the quality of teachers. The whole question is related to many social and economic considerations of the country. The University Grants Commission, when we judge by the name of it, it appears, concerns with the financial aspect, that is, the grants only. But then in it has got several other responsibilities which are more important than the financial aspect, for instance the quality aspect. If we cannot control the qualitative aspect of education through the machinery of the University Grants Commission, the very existence of the University Grants Commission would become meaningless.

In this connection, I would like to refer to the relative importance of different professions. The matter has been referred to by some of the learned Members who have spoken before me also. At different times, at different places, some of the professions are found to be lucrative financially, than others. Therefore, there is an

unbalanced rush of talents to certain professions because of certain social and economic considerations. In order to strike a balance and prevent this mad-rush to certain professions, for instance, medical and engineering, there should be proper guidance provided for the choice of careers and courses to boys and girls at a stage when they come out of schools to enter into universities. If this issue is not given sufficient attention by the University Grants Commission, perhaps our slogans to flatter teachers, observance of teachers' days, etc. are not going to take us very far. Luckily, the University Grants Commission and the Ministry of Education are manned by very able and far-sighted educationists. I would like to impress upon them that there should be proper guidance for boys and girls insofar as their choice of careers and courses is concerned. If we allow them to have their own choice, it will result in unbalanced rush to certain professions only. Even now we are seeing the effect of this unbalanced attraction in our society. In order to divert the talent in a balanced way, the promising talent of the country, for different vocations, we must have a proper machinery through the universities and also through the Education Departments in the States which should be coordinated, helped and checked by the Central Education Ministry and the University Grants Commission. In this way, we shall be able to improve the quality of teachers. Till then, I think, we shall not be able to draw the best men. How I said this—perhaps, for that, a little explanation may be necessary. At the moment, only those who have not been chosen in other professions, join the teaching profession or only those who are waiting for better chances in other professions. For them, this is a sort of stepping stone or the teaching profession is a place for dejected people. When this position is remedied, only then, [we shall have quality teachers.

The next point I would like to touch upon is the assistance to colleges. I come from a backward and hilly zone and the progress of collegiate education that side is much dependent on providing adequate hostel facilities. Unless we provide hostel facilities in the hill areas of Assam, Nagaland, NEFA, Meghalaya, Manipur and the Mizo Hills, and if we have the colleges springing up only in the capital towns, then there will be concentration and so much of centralisation of education, thereby creating a lot of difficulty for the rural and hill areas. So, in order to remove this disparity in the facilities of collegiate education, the UGC and the Ministry of Education would do well and would do justice by providing more and more hostel facilities in the colleges in the hill areas and this problem does not require any further explanation. Perhaps the UGC is already seized of the problem and the Ministry also is already very much acquainted with this.

Last, but not the least, I would like to say a few words about the issue of discipline and the participation of students in the administration of the university. Many views have been expressed in this regard and I have my own doubts whether the participation of the students in the administration of universities, even in the sphere of students' welfare alone, will solve or will lessen students' unrest. I have my own doubts because the whole issue of students' discipline to-day is linked with so many other issues. It is not merely their absence in the administrative machinery. It is, however, a welcome suggestion that they should be allowed to participate in the administration of universities, but, unless we change our social and even political outlook and unless the outlook of some of the political parties changes who are trying to build their political base through the students, through the young budding people of the country, perhaps even if we allow them to participate in the university administration in different spheres, the problem will certainly

[Shri N. Tombl Singh]
 continue. Enforcement of discipline is the responsibility of one agency and there is another agency which exercises authority and when there is no co-ordination, there is indiscipline. Therefore, we cannot blame only one side alone. It is a mutual partnership. So there must be a responsible agency to foster the desired partnership. If we search our hearts, we would see that the whole approach towards administration of our universities has been wrong as also our approach to the rising population of students. It served well during the British days when there were fewer universities and few colleges, when the number of student population was very small. The attitude that was expected of the students during those days has now changed fundamentally. We have to change that. Similarly, students also in their turn, have to see that they cannot get everything that they like, because, they are all full of dreams, full of enthusiasm, and full of hopes and aspirations and they expect many things in good speed at the same time. We have to strike a balance between the two. The elderly people are accustomed to certain attitudes and tendencies. Even political parties have their own policies and their own attitudes aimed at their own welfare. The students of the country have to be trained well. Unless they are trained with proper attitudes I can say definitely, the future of the nation will be in danger.

I would not suggest that the Ministry should feel satisfied or that the University Grants Commission should feel satisfied by thinking that this problem will be lessened or relieved only by allowing the students to participate in the administration of the universities. This is only one aspect and there can be no last word about it. One does not know whether this will at all improve the situation.

The right thing to be done will be to start the whole thing from the rock

bottom. Then only, I think, we can hope—quite reasonably,—that this aspect of indiscipline in different universities may be solved. The economic and political issues that are involved in student indiscipline are also there. We cannot forget that in Bengal for instance, the most educated areas where the light of western education or modern education started much earlier than other parts of the country, and started are exactly the places where the maximum of indiscipline of students is happening. This is explained away by ascribing to economic difficulties and also certain political extremism. Charges and counter-charges are there. They have their own limited justifications. But the whole issue boils down to this, that we cannot approach the issue of student indiscipline not merely by blaming this side or that side or even by just satisfying ourselves by saying that students should be allowed to participate in the universities. It is too much to say that the problem will be over after we allow the students to participate. I would conclude my speech with this observation and I hope that these observations which I have made will be considered by the able Minister. Thank you.

SHRIMATI M. GODFREY (Nominated-Anglo-Indians): I am glad to speak on the University Grants Commission's Report. From the very beginning, there is no doubt, that in our education system in the country, it looks as though we are moving in a wrong direction. It is very difficult for us to discern where the fault lies.

The speaker before me said that indiscipline in the schools and colleges is really going to such an extent as though it looks like the students controlling the lecturers, instead of the lecturers or the teachers controlling the classes.

I would like to start from the very foundation that is given to the children. The foundation given should be strong and firm so that the future studies will

not be difficult for them with the good foundation laid in the early stages, and they will imbibe the ideal of study from the very beginning of their childhood, because it is at that time that their minds are impressionable. If from the very beginning we have a good foundation for them, then we may be sure that they will find no difficulty at all when they come up to the college studies.

****SHRI JAGADISH BHATTACHARYA** (Ghatal): The Constitution Amendment Bill that has been introduced in this House seeks to include Art. 49 of the Constitution which is a directive principle under Art. 16 of the Constitution. On behalf of our party we have also given notice of a similar amendment and since both are similar in spirit, I feel that the present legislation is worthy of our support.

The provisions of the Directive Principle in question are such which are not justiciable and hence cannot be enforced through a court of law. This provision has been kept in the Constitution, just like keeping some food before a hungry man whose hand and feet have been bound down and he cannot approach the food. Here also, one cannot compel the Government to enforce it even through a court of law.

I feel, Sir, that the right to work, which at present is included under the Chapter of Directive principles should have been enshrined in the Chapter on Fundamental Rights. The Congress Party has been in the seat of power for the last 25 years; even today they are holding the reins of power in the Centre, but during all these years they have not tried to bring about any amendment to the Constitution and today we are to discuss the matter through a Private Members' Bill. The right to work, the right of every worker to earn his livelihood through work, I feel, is a fundamental right. We very often hear about, socialism both in this House and outside. Only the other day the members of the Congress Party were heard saying in this House that under the leadership of Shrimati Indira Gandhi the country is marching towards socialism. But I fail to understand why the provision regarding the right to work, which should have been made a fundamental right, was not made

so by this party. What does a common man want? He wants work. But where is the work. Very often the leaders of the country urge the people to work and work more. But when the unemployed people approach the Government and ask them for work, what do they get in return. They get lathis, teargas and jail. And this history is being repeated again and again for a long time now. The Government is fully aware of the fact that unemployment has assumed alarming proportions in the country but the Government have taken no genuine interest nor made any positive effort to tackle the issue. We have heard of a Rs. 50 crore crash programme for solving unemployment, but I feel that we would not be able to achieve much out of it because unless our objectives are clear we can never achieve the goal. We have first to enthuse the people to do work by giving them a right to work. Today we find that factories are closed down; a lock out is imposed on a factory and the workers are retrenched. To deal with such a situation, the Government have to frame many laws and we have to indulge in many a controversy. But I say that all these legislations could have been made redundant if only we could make the right to work a fundamental right, and if we could do it then we could solve many of our problems. The number of the unemployed persons in the country is indeed a formidable one, and among them a very large number comprises of those who are doctors, engineers, or persons with technical knowledge. When we think of this problem, we simply shudder. It is, indeed, very sad that all these persons, having spent a lot of money on acquiring some technical knowledge, despite their willingness to work and still unemployed. I need not refer to the plight of those who are educated but have no technical education, because it is in everybody's knowledge that their number has not only reached alarming proportions but also continues to rise day after day. If we are to deal with the situation, we have to make

the right to work a fundamental right. The question of reforming the system of education and making it job-oriented will follow from this automatically.

Sir, today nearly one crore of refugees have come to our country. Calculating roughly, we are, at least, spending Rs. 100/- per refugee per month. After all we are able to bear the financial burden of the problem and we have also imposed fresh taxes on the people to bear this financial burden. But I say, Sir, that in a similar way we should have tackled the issue of solving the unemployment in our country. We could on an emergency basis, raise funds to help the unemployed men of our country. If we could give an unemployment of Rs. 100/- per head to our unemployed young men, we could as well ask them to go to the rural areas and work there for the removal of help the Government to collect money. There are enough resources in the country. Today the country is subjected to exploitation by the monopolists, the foreign capitalists, and the feudal lords and the moment we give this right to the people they would help the Government to put an end to his exploitation and help them to collect necessary funds. Therefore, if we are sincere about our objective, we have to follow this course of action in a natural way. Unless we keep our objective clear, we can never reach the goal. Therefore the Government will have to move in this direction. But on the other hand if the Government does not feel concerned about this issue and continues to follow the stereotyped methods and is indifferent to the problem, then I say they do not deserve to be called a Government.

Therefore, if we are to deal with the problem of unemployment in the country which has assumed dreadful proportion, we should not feel shy to give to the people the right to work as a fundamental right. If we are able to do it, it would be

[Shri Jagadish Bhattacharya]
a boon to the people and bring in return many good changes in the country.

Therefore, let us give to the working people of our country the Constitutional right to work. After all this is not asking for the moon. There are only two options before the unemployed people of this country—either they starve to death or go about with a begging bowl. But if we look to China, what do we find. China got independence much later than we got it. Their country was ravaged by wars. The illiteracy among the masses. I am sure, Sir, that there is no dearth of such young men in our country who will gladly undertake such a work against payment of a small amount. This will not only solve the problem of unemployment but will also solve the problem of illiteracy in the country. Our young men could free themselves from poverty. Thus the Bill does not want to introduce anything revolutionary. It strives to achieve a simple thing. Even leaving aside the examples of the Socialistic countries of USSR or China, we find that a Capitalistic country like Japan has given a constitutional right to its people i.e. the right to work. In U. K. and USSR, laws have been made for giving compensation for unemployment. 25 years have gone by since we attained independence; it is not a short period. Much water has flown under the bridge since and yet we have not been able to do anything in this regard in our country. We hear many things from the ruling party. They talk big of many things particularly about socialism but they have done nothing in this matter.

Therefore, I say Sir,* that the people of our country should be given the right that the present Bill seeks to give them. I know Sir, that it will be said as a counter-argument that the scheme entails a financial commitment and wherefrom the money can be made available. Whenever we make a proposal to the Government

they say that the proposal is good but where is the money to implement the scheme. But I say, Sir, that if we are able to make the right to work a fundamental right then I say that those very people will population of China is nearly 1-1/2 times more than that of our country. Yet in China, no one is unemployed. Therefore, I feel that it is not impossible to achieve the results in our country as has been achieved in China.

I therefore feel Sir, that we must accept this Bill and give to our people a right to work enshrined in the Constitution as a fundamental right.

*SHRI E. R. KRISHNAN (Salem):
Mr. Deputy Speaker, Sir, on the Constitution (Amendment) Bill of Dr. Karni Singh, M. P., seeking a constitutional provision for unemployment allowance to be paid by the State to the unemployed in the country, I would like to say a few words.

Article 16 of the Constitution there is the fundamental right of equality of opportunity in matters of public employment for all the citizens in the country. Article 41 of the Constitution says that the State shall make effective provision for securing the right to work and to public assistance in cases of unemployment. Article 39 of the Constitution stipulates that the State shall direct its policy towards securing right to every man and woman of adequate means of livelihood. The above articles of the Constitution give to every citizen of the country the fundamental right of equality of opportunity in public employment and also make clear how the State should endeavour in the direction of making that fundamental right a reality.

As the Tamil proverb goes, the words should be followed by deeds. Unless the fine phraseology in the Constitution is translated into concrete action, it will be of no use to the common man in the street.

* The original speech was delivered in Tamil.

It is to be acknowledged that the Central Government and the State Governments have taken energetic steps to establish thousands of small industries throughout the country. In the public sector many major industries have been set up during these years. In the private sector too, big industries have come up. But, what do we see today? Having become the pawns in the chess-game of politics, having become the plaything of politicians, the workers in West Bengal resorted to strikes, *bandhs*, etc. and in consequence many established industrial units have been closed. On their whims and fancies, the capitalists and the monopolists are closing their industries. The public sector undertakings continue to lose heavily every year in crores of rupees, which may lead to closure in the foreseeable future. The small scale industries are facing acute shortage of raw materials and that may result in their winding up their units. Why I say all these things is that this may further aggravate the already worsening unemployment problem.

In a reply to a question yesterday, the hon. Minister of Labour, Shri Khadilkar has said that as on 31-12-1970, 29,92,982 people are unemployed and they are on the rolls of the Employment Exchanges. Instead of ushering in an era of peace and stability in the country, if the number of unemployed increases, it will lead to open revolt, chaos and confusion in the social and economic life of the country. We have no doubt invested thousands of crores of rupees in the three Five Year Plans and the Fourth Five Year Plan is also under implementation. But, in the very same answer, Shri Khadilkar has stated that for the social programme for educated engineers and technicians a sum of Rs. 25 crores has been provided this year. You will appreciate that this is too small a provision as compared to the gigantic problem of unemployment. It is just like offering sugar-candy to a hungry elephant. The States may get a crore or two from

this provision to solve this mighty problem and it will be just like putting salt in the ocean.

In this answer quoted by me earlier, the number of unemployed in the three major States in the country is: Tamil Nadu—3,00,01,481; Uttar Pradesh—3,27,133; West Bengal—4,10,945. In other States the figure is 2 lakhs, 1½ lakhs, 1 lakh and so on. It is estimated that at the end of Fourth Five Year Plan the figure of unemployed will be 330 lakhs. If the population growth continues to be 2.5% per annum, you can imagine the magnitude of the problem of unemployment in the country.

Being the Government of common men, being the Government of workers, being the Government of the down-Trodden, the Dravida Munnetra Kazhagam Government in Tamil Nadu has formulated a scheme to assist the drought affected areas in the State. There are 384 Panchayat Unions in the State and each Union has been given a manual labour force of 300 to 400. The Government have not stopped at that. With a view to helping the educated unemployed, they have also constituted Youth Corps in which B.Sc., B.A., and M.A. qualified young men have been enrolled and they are being given training so that they can, after completing the training, work for the development of villages in the State. Each trainee is given Rs. 200 per month. For the time being 2000 young educated unemployed have been taken in the Youth Corps and next year the Government have the target of doubling this figure to 4000. In this connection, I would like to draw your attention to the statement of Shri Khadilkar yesterday in his answer that there is no scheme for payment of employment or unemployment allowance. But the Tamil Nadu Government, within their limited resources, are trying to solve the problem of the educated unemployed in the State.

[Shri E. R. Krishnan]

I would like to warn the Government here that the problem of unemployment has reached the stage of an erupting volcano. If the Government want to contain this erupting volcano, then they should take immediate steps in the direction of solving this problem. The Government should evolve a two pronged attack. To arrest the ever growing population, the family planning programmes should be intensified and they should be taken on a war-footing. Secondly, both the Central Government and the State Governments should initiate forthwith steps to set up cottage industries throughout the country. The Central Government should extend greater financial assistance to the State Governments so that every home in the State has a cottage industry. Then, only this problem of unemployment can be successfully tackled.

It is really enigmatic that even after the completion of Three Five Year Plans, the number of unemployed has not declined; on the contrary, it has gone up by leaps and bounds. This only shows that the Five Year Plans have not touched the core of the problem. They have not carried the people to the expected level of improvement and they have not generated that much enthusiasm also in the hearts of the people. It is not that the Members of the Opposition Parties have said this. The Ministers in the ruling party, the Members of the party in power and their erstwhile colleagues in the party have been saying this. When the Fourth Plan is under implementation, the Centre should endeavour to pay greater attention to the grave problem of unemployment. In no country of the world the problem of unemployment is so acute as it is in India. Here, I would suggest that our present educational system should be completely re-oriented. The present educational policy depends more on the spread of theoretical knowledge. Unless the educational policy is job-orient-

ed, unless the Centre decides to do this immediately, there is no hope for the future. That day will not be too far when monster of unemployment will swallow the entire country.

Before I conclude, I would suggest that prompt and meaningful steps should be taken by the Government here to solve this problem of unemployment and more financial assistance should be given to the States, especially to those who are striving hard to tackle this problem, so that they are able to strike at the root of the problem of unemployment. I thank you for giving me this opportunity to participate in the debate.

श्री सरजू पांडे (गाजीपुर) : उपाध्यक्ष महोदय, यह जो बिल सदन में महाराजा कर्णी सिंह ने पेश किया है उससे मालूम होता है कि अब वह भी समाजवादी हो रहे हैं परन्तु शायद वह समाजवाद में विश्वास नहीं करते। सबसे दुःखदायी अवस्था तो हमारी सरकार की है कि जो दिन भर समाजवाद की बात करती है और यहां पर समाजवाद के विरोध में खड़ी होती है और इस प्रकार के प्राप्रेसिव मेजर को अपोज करती है तथा जो समाजवाद के विरुद्ध हैं वह समाजवादी और प्राप्रेसिव मेजर के लिये फाइट करते हैं। यह अजब कमाल की बात है।

खुद सरकार इस बात को कहती है और मानती है कि इस चुनाव के बाद से जनता में जो आशा जगी थी वह धीरे-धीरे क्षीण होती जा रही है। पूरे देश को आश्वासन दिया गया था और इसी आशा के कारण देश ने सरकार को पूरा बहुमत

दिया, मगर आज भी हमारे देश में कोई प्रगतिशील कदम नहीं उठाया गया है। कभी संविधान के नाम पर, कभी दूसरी अनेक चीजों के नाम पर अड़ने डालने की कोशिश की जाती है। नतीजा यह हुआ है कि जनता में जो विश्वास उठा था वह धीरे-धीरे टूटता जा रहा है। दूसरी तरफ हमारे मुल्क की प्रगति-विरोधी शक्तियाँ और बाहर के लोग भी इस बात का प्रेशर डालते हैं यह सरकार भूठ बोलती है, कुछ करने वाली है नहीं क्योंकि देखो, हम कितना बढ़िया बिल ले आये कि देश में जिन लोगों के पास काम नहीं है उन्हें भत्ता दिया जाये, लेकिन यह सरकार उसको मानती नहीं है। अगर प्रस्तावक महोदय ने कहा जाय कि वह अपनी पेंशन छोड़ दे तो उसके लिये हाउस में शोर मचाते हैं कि हमारे साथ अन्याय हो रहा है। यह दोमुही बातें मेरी समझ में नहीं आती। लेकिन फिर भी जो हमारे कांग्रेसी भाई हैं, मेरी समझ में नहीं आता कि उनसे किम भाषा में बात की जाये।

आज देश में बेकारी बढ़ती जा रही है। पिछले बजट में इन्होंने कुछ करोड़ रुपये का इसको दूर करने के लिए प्रोविजन किया था। यह भी कहा था कि कुछ योजनाएँ बनाई जाएंगी। जो योजनाएँ आज अमल में आ रही हैं उनमें सिवाय इसके कि कुछ ठेकेदारों और कुछ इंजीनियरों को पैसा कमाने का और मौका मिले और कुछ नहीं हो रहा है। देश में गरीबों को ज्यादा से ज्यादा काम मिले, इसकी व्यवस्था नहीं की जा रही है। मैं अपना तजुर्बा आपको बताता हूँ। सरकार की ओर से

एक हजार आदमियों को रोजाना काम देने की घोषणा की गई। उनको हाई रुपये रोज देने की बात कही गई। लेकिन उनको रोजाना पेमेंट नहीं किया जाता। महीनों उनसे काम करा लिया जाता है लेकिन उनको पैसा नहीं दिया जाता है। इसका नतीजा यह हुआ है कि कोई आदमी काम पर अब नहीं आता है। जो पचास-पचास लाख रुपये डिस्ट्रिक्ट्स वगैरह को मिला है वह सब का सब ठेकेदारों के पेट में चला जाएगा। यह जो नौकरशाही है हिन्दुस्तान की यह एक मगरमच्छ की भांति है जो सरकार को भी खा रही है, मंत्रियों को भी खा रही है और देश के पूरे पैसे को भी खा रही है। पैसे का सही इस्तेमाल नहीं हो रहा है। देश में इंजीनियर बेकार हैं, डाक्टर बेकार हैं, कालेजों से निकलने वाले विद्यार्थी बेकार हैं। इस वास्ते अगर इन बेकारों के लिए संविधान में कोई व्यवस्था की जाय तो इसमें किसी को कोई एतराज नहीं होना चाहिये। सरकार को इसके लिए कदम उठाना चाहिये। अगर ऐसा नहीं किया गया तो क्या होगा? आप समाजवाद की बात करते हैं लेकिन उस अवस्था में जो समाजवाद के शत्रु हैं उनके हाथ में इनिशिएटिव चला जाएगा और देश का वही हाल होगा जो जर्मनी का हुआ था। जर्मनी में हिटलर ने समाजवाद का नारा दे कर फैसिज्म को स्थापित किया। यही हाल हमारे देश का भी होने वाला है। समाजवाद का नाम लेंगे, मजदूरों का नाम लेंगे, गरीबों का नाम लेंगे और काम दूसरे करेंगे। इसका नतीजा यह होगा कि गरीबों में असन्तोष बढ़ेगा। जब असन्तोष बढ़ेगा तो वे कहां जाएंगे, कौन-सा रास्ता अवस्थार करेंगे, इसको आप सोचें? वे ऐसे दलों और लोगों के पास जाएंगे जो लोग सही मानों में समाजवाद में यकीन नहीं करते हैं।

[श्री कर्ण सिंह:]

मैं जानता हूँ कि ला मिनिस्टर प्रगति-शील नीतियों के हामी हैं। मैं उनको जाती-बाद कर जानता हूँ। मैं प्रस्ताव करता हूँ कि कम से कम इस प्रस्ताव को तो वह स्वीकार कर ही लेंगे। वह चाहें तो इसकी भाषा को बदल दें, कुछ भी करें लेकिन उनको चाहिये कि इसको वह स्वीकार कर लें। जो राजे महाराजे हमारे देश के हैं और जो खूब धन ला रहे हैं, उनकी भी वह कुछ न कुछ व्यवस्था जरूर करें। सब सम्पत्ति देश की ले लें। कोई जरूरत नहीं है कि यह लोगों के पास रहे। इनके पास जो धन है उसको भी वह ले लें। इससे असन्तोष बढ़ता है। अगर उन्होंने ऐसा किया और जो इस बिल का मंशा है उसको स्वीकार कर लिया तो फिर उनकी ज़बान भी बन्द हो जाएगी और इस तरह के प्रस्ताव भी आने बन्द हो जाएंगे। अगर ऐसा नहीं होता है तो देश में असन्तोष बढ़ेगा और हिंसा बढ़ेगी। तब वाजपेयी जी जो संस्कृति और सभ्यता की बात करते हैं वह भी बची नहीं रहेगी। तब न तो सभ्यता और न ही संस्कृति और न ही इंसान बचेगा (अन्तर्राष्ट्रिय) इंदिरा गांधी जी की तो आप लोगों ने बहुत दिनों तक सेवा की है। हम तो नए आदमी हैं। हम उनकी पार्टी के सेवक नहीं हैं। आज भी श्रीमती इंदिरा गांधी की सेवा नहीं करते हैं। जिन पालिसियों को ठीक समझते हैं उनका हम समर्थन करते हैं। हम जानते हैं कि इंदिरा जी भी इस मामले में आस्थावान नहीं हैं और कोई ऐसा कदम नहीं उठाना चाहती हैं जिससे देश में सही मानी में परिवर्तन आए। लेकिन मैं कहना चाहता हूँ देश में अमन बनाए रखने के लिए यह जरूरी है कि जो

असन्तोष है उसको दूर किया जाए, उसके कारखानों को दूर किया जाए।

आज सब से बड़ी चिन्ता की बात यह है कि महंगाई बढ़ रही है। एक तमाशा खड़ा हो गया है और महंगाई बढ़ती ही चली जा रही है, गरीबी बढ़ती ही चली जा रही है, बेकारी बढ़ती ही चली जा रही है। मैं गोरखपुर से आया हूँ। मैं आपको बताना चाहता हूँ कि वहाँ रेलवे के जनरल मैनेजर ने ठाई लाख रुपया बंगलोज़ को फनिश करने के लिए खर्च किया है। इसके विपरीत हम देखते हैं कि मजदूरों की छंटनी की जाती है। ऐसी स्थिति रहेगी तो कैसे समाजवाद आएगा? आपके जो अफसर हैं उनमें से एक एक पचासों हजार रुपया फिजूल खर्च कर देता है और मिनिस्टर्स से कह देता है कि आप समझते नहीं हैं, अगर ऐसा नहीं किया गया तो गड़बड़ हो जाएगी। अगर रेडीकल चेंजिज़ लाने की जरूरत हो तो संविधान में और समाज में आप रेडीकल चेंजिज़ लायें। संविधान की तमाम धारायें अगर बदलने की जरूरत हो तो उसमें भी कोई एतराज़ नहीं होना चाहिये। संविधान जनता के लिए है, जनता संविधान के लिए नहीं है। संविधान कोई कुरान शरीफ या वेद नहीं है जिसको बदला ही न जा सकता हो। अगर आप नहीं बदलेंगे तो वक्त इसको बदलेगा। वह आने की बात है। जब उसका मौका आएगा तब देखा जाएगा। इस वक्त तो मेरा इतना ही निवेदन है कि श्री कर्ण सिंह का जो बिल है चाहे उनके विचार कुछ भी हों लेकिन उन्होंने इसमें एक अच्छी बात कही है इसको आप मान लें। मैं इसका समर्थन करता हूँ। चाहे किसी कारन से आए, अगर कोई सही बात आती है तो उसको हमें मान लेना चाहिये।

कमर इस तरह के कह कर और इस तरह के प्रस्ताव को बिना कर वह समाजवादी बनना चाहते हैं और उस में भास्वा प्रकट करना चाहते हैं तो हमें कोई एतराज नहीं है। वह कह दें कि वह समाजवाद चाहते हैं, कोई झगड़ा नहीं होगा। लेकिन ऐसी बात नहीं होनी चाहिये कि मुंह में राम राम और बगल में झुड़ी। इस तरह जो किस्से चलते हैं ये बन्द होने चाहिये। मा. मिनिस्टर सदन में बैठे हैं। उन से मेरी प्रार्थना है कि वह इसको स्वीकार कर लें और चाहें तो इसकी भाषा बदल लें लेकिन इसको संविधान में जरूर जोड़ें।

इन शब्दों के साथ मैं इसका समर्थन करता हूँ।

SHRI M. SATYANARAYAN RAO (Karimnagar): Mr. Chairman at the outset I will congratulate Dr. Karni Singh for bringing forward this progressive legislation. It is a very important Bill. This question is agitating not only Dr. Karni Singh but lakhs of people in our country. We know, after achieving our independence we are not able to provide employment opportunities to the people. Day by day thousands of people are becoming graduates. Of course, they are becoming graduates but their standard of education is very low and instead of becoming useful to the country they are becoming very useless. First of all, the defects are in education and, secondly, we are not providing any opportunity for them to work. So, they are becoming a burden, a liability, on our nation. If this continues, I think, there will be no democracy and it will definitely lead to chaos and confusion.

When we analyse the reasons for why so many young educated people are becoming Naxalites, we find that it is because

they are lacking these opportunities and because we are not able to provide them with work. There is no alternative for them; so, they are becoming Naxalites and are creating so many problems for our country.

Keeping all these things in mind the Government must come forward with such schemes which will provide lakhs and lakhs of people with employment opportunities. My friend from DMK was emphasizing upon the small-scale industries in place of big industries. Of course, industries and key industries are necessary but for this purpose small-scale industries must be established not only in cities but also in villages

I come from a village and I know that now there are several opportunities for the people. They are providing electricity to the people and the people are erecting electric motors etc. in the villages. For the electric motors mechanics are necessary. Because there are no mechanics, people are going to laymen who do not know much about them but know something. If a scheme to train mechanics is undertaken it will be possible for us to provide lakhs of people with employment opportunities. For this purpose our education must be changed. By producing graduates or double-graduates we are not going to solve our problems and are not going to do anything for our country also.

SHRI R. S. PANDEY (Rajnandgaon): Nor will their problems be solved.

SHRI M. SATYANARAYAN RAO: Therefore, education must be such as will create such people as mechanics etc. That way we will be able to solve this problem also.

We proclaim ourselves to be a welfare society. Whenever our guests from foreign countries come, they must be seeing people begging at the railway stations and everywhere. Of course, I can understand if some lame, sick or old persons beg. But

[*Dr. M. Satyanarayan Rao*]

able-bodied persons, persons who are very young and energetic, also beg. This should be discouraged and something must be provided for them. Even if there are opportunities for them to work, they are not coming forward to work; they are not willing to work. So there should be legislation under which they must be compelled to work.

These are my suggestions and, I think, the Government will keep them in mind

डा० लक्ष्मी नारायण पांडेय (मदसौर) :
मैं समाजवाद सरकार और समाजवादी सरकार की समाजवादी समाज रचना के संबंध में कुछ नहीं कहना चाहता। मैं संविधान और संविधान के जो निर्देशक तत्व हैं उनके सम्बन्ध में कुछ निवेदन करना चाहता हूँ। जो निर्देशक तत्व हैं उनमें स्पष्टतया इस बात को बनाया गया है कि हर एक नागरिक को काम पाने का अधिकार है। प्रत्येक व्यक्ति द्वारा काम पाने के अधिकार को संविधान के इन तत्वों में जब स्वीकार किया गया है तो सरकार का भी यह कर्तव्य हो जाना है या उसका भी यह दायित्व हो जाना है कि वह प्रत्येक नागरिक को काम दे। ऐसी अवस्था पैदा करें जिसमें वह काम प्राप्त कर सके। लेकिन ऐसा उभन नहीं किया है। हम रोज सुनते हैं कि किसी नवयुवक ने इस कारण आत्महत्या कर ली कि उसको काम नहीं मिला। कोई नवयुवक काम न पाने के कारण यदि आत्महत्या करता है तो हमारी सरकार के माथे पर वह एक बहुत बड़ा कलंक है।

आज हमारे नवयुवकों में इस बात को लेकर असंतोष फैला हुआ है कि वे उच्च शिक्षा प्राप्त करते हैं, डाक्टर और इंजीनियर बनते हैं, लेकिन फिर भी उनको काम पाने का अधिकार नहीं मिलता है। सरकार की तरफ से कहा जाता है कि हम इंजी-

नियरों को कुछ भुगतें हैं, लेकिन स्थिति यह है कि बार-बार चक्कर काटने के बाद भी उन लोगों को भुगत नहीं मिलता है। हो सकता है इससे दो चार व्यक्तियों की समस्या भले हल हो जाती हो, लेकिन देश के आम बेकारों की समस्या हल नहीं होती है।

सरकार द्वारा तीन पंच-वर्षीय योजनाएँ कार्यान्वित की जा चुकी हैं और अब चौथी योजना चल रही है। इन योजनाओं पर करोड़ों अरबों रुपए खर्च किए गए हैं। लेकिन इसके बावजूद हमारे देश में बेकारों की संख्या निरन्तर बढ़ रही है - वह करोड़ों में ऊपर पहुँच गई है। हमारे देश के करोड़ों हाथ आज काम चाहते हैं। वे हाथ देश के लिए पैसा पैदा कर सकते हैं, उनकी समृद्धि बढ़ा सकते हैं। आज हमारे देश को दौलत की आवश्यकता है। लेकिन सरकार हमारे नौजवानों का काम पाने का अधिकार नहीं देना चाहती है।

सरकार मूलभूत अधिकारों को छीनने की बात तो माँचती है, लेकिन सर्वोच्च न्यायालय की अवस्था के अनुसार सरकार संविधान में दिए गए मूलभूत अधिकारों को बढ़ाती मानी है लेकिन सरकार ऐसे अधिकारों को बढ़ाने में संकोच करती है इस विधेयक के द्वारा उन मूलभूत अधिकारों को बढ़ाने की बात कही गई है जो रोजगार में संबंधित है। सरकार "गरीबी हटाओ" का नारा लगाती है। उसने बेकारी को मिटाने के लिए पचास करोड़ रुपये की व्यवस्था भी की है। लेकिन इस सम्बन्ध में उस की कोई योजना सफल नहीं हुई है। छोटी योजनाओं, भ्रम-प्रधान योजनाओं की बातें की जाती हैं। लेकिन ऐसी कोई योजना सफल नहीं हुई है, जिससे

देश की ग्रामीण अर्थ-व्यवस्था में सुधार हो और बेकारी को दूर करने में सहायता मिले। सरकार भी इस बारे में चिन्तित दिखाई नहीं देती है। सरकार ने कुटीर उद्योग बढ़ाने की दिशा में कोई भी कदम नहीं उठाया है।

जैसा कि मैंने कहा है, सरकार द्वारा चलाई गई चार-चार योजनाओं के बावजूद देश में बेरोजगारी बढ़ी है, शिक्षित और अशिक्षित बेकारों की संख्या निरन्तर बढ़ती जा रही है। हमारे देश में जो एम्प्लायमेंट एक्सचेंज है, वहां पर बेरोजगारी के भयावह रूप को प्रत्यक्ष रूप से देखा जा सकता है। वहां पर हजारों बी०ए० और एम०ए० पास नौजवान अपना नाम दर्ज कराने के लिए क्यू लगा कर खड़े होते हैं और काम पाने के अधिकार की मांग करते हैं।

इस विधेयक में कहा गया है कि सरकार को काम पाने के अधिकार को मौलिक अधिकार के रूप में स्वीकार कर लेना चाहिए जिससे देश के प्रत्येक नागरिक को काम पाने का अधिकार मिल सके। अगर सरकार यह स्वीकार करती है कि देश के प्रत्येक नागरिक को काम उपलब्ध करना उसका दायित्व और कर्तव्य है, तो सरकार की सब नीतियां और योजनाएं इसी उद्देश्य से बनेंगी कि हम ने देश के हर व्यक्ति को काम देना है। ऐसा करने पर देश की बेरोजगारी की भीषण समस्या को हल किया जा सकता है।

आज सरकार की गलत नीतियों का परिणाम देश को भुगतना पड़ रहा है। सरकार ने बैंकों और कुछ कल-कारखानों का राष्ट्रीयकरण किया है। मैं राष्ट्रीयकरण के मूलभूत सिद्धान्त का विरोधी

नहीं हूँ। लेकिन हम देखते हैं कि सरकार द्वारा जो कारखाने चलाए जाते हैं, उनमें निरन्तर चाटा हो रहा है और उन पर करोड़ों रुपये की पूंजी लगाने के बावजूद पर्याप्त उत्पादन नहीं हो रहा है। इसके कारण देश में मुद्रा स्फीति फैली है और देश की अर्थ-व्यवस्था में ढिलाई आ गई है। हमारी नीतियों में जो मूलभूत कमियां हैं, अगर उनकी खोज कर के ठीक उपाय न किये गये, तो सारी योजनाओं के बावजूद सरकार देश की अर्थ-व्यवस्था में गतिशीलता लाने और बेरोजगारी को दूर करने में असफल रहेगी।

प्रस्तुत विधेयक का समर्थन करते हुए मैं कहना चाहता हूँ कि संविधान में सशोधन करके उस में जो मूलभूत अधिकार जोड़ने की व्यवस्था की गई है, उसको स्वीकार करना चाहिए। आज हमारे देश के लाखों नवयुवक सड़कों पर बेकार घूमते नजर आते हैं। उनके माता-पिता की आशाएं उन पर केन्द्रित होती हैं। वे सोचते हैं कि उन के बच्चे पढ़-लिख कर कुछ काम करेंगे और हमारी सहायता करेंगे। लेकिन जब वे नवयुवक बेकारी के कारण आत्म-हत्या करने पर बाध्य होते हैं, तो उनके माता-पिता को खून के आंसू बहाने पड़ते हैं। हमारी सरकार यह सब कुछ निर्लज्जतापूर्वक देखती रहती है और अपनी नीतियों और योजनाओं में कोई फेर बदल करने के लिए तैयार नहीं होती है।

मेरा नम्र निवेदन है कि सरकार इस बारे में विचार करे। इस विधेयक में ऐसी कोई बात नहीं है, जो सरकार को अस्वीकार्य हो। सरकार को इस विधेयक को स्वीकार कर लेना चाहिए। यदि सरकार सिद्धान्त रूप से यह मानती है कि

[डा० लक्ष्मी नारायण पांडेय]

देश में बेरोजगारी समाप्त हो और प्रत्येक नागरिक को रोजगार मिले, तो उसे इस मूलभूत अधिकार को संविधान में जोड़ने में कोई आपत्ति नहीं होनी चाहिए।

इन शब्दों के साथ मैं इस विधेयक का समर्थन करता हूँ।

श्री राम सहाय पांडे : सभापति महोदय, इस बिल पर मैं पहले बोल चुका हूँ, लेकिन मैं कुछ सुझाव देना चाहता हूँ।

SHRI K. MANOHARAN (Madras North) : Why don't you speak in English so that we can understand?

SHRI R. S. PANDEY : I have already spoken on this very Bill, but I shall very much prefer, after hearing the speech of my few friends...

MR. CHAIRMAN : It is the practice in this House...

SHRI R. S. PANDEY : Only a suggestion, Sir, no speech. My suggestion is this that since we are talking...

DR. KARNI SINGH (Bikaner) : You will be establishing a bad precedent. How can an hon. Member speak twice on the same Bill?

SHRI R. S. PANDEY : I am giving a suggestion. I am only supporting you.

DR. KARNI SINGH : That is all right but how can you speak twice ?

SHRI R. S. PANDEY : At the University level, I wanted to make a suggestion.

MR. CHAIRMAN : At this stage we cannot allow a speaker to speak more than once. I am sorry.

Hon. Minister

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) :

Before I take up the various points raised by the hon. Members, I would like to point out the salient features of this Bill and the difficulties that the Government or anybody would have to face if this Bill is accepted.

By this Bill the hon. mover seeks to include right to work and adequate means of livelihood and on failure, entitlement to employment allowances. He has estimated the entitlement or employment allowance at Rs. 7200 crores per year. My friend who spoke in Tamil referred to Art 39 and 41. I would like to draw the pointed attention of the hon. mover to Art. 41 which says :

“The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in case of unemployment, old age, and sickness and disablement, and in other cases of undeserved want.”

My friends who have spoken in support of the Bill have said that the Government should accept this position, especially, my esteemed friend, Mr. Pandeyji, made a special reference. I would have been happy if Pandeyji had also suggested as to how the Government is going to get this Rs. 7200 crores per year.....(Interruption) Whether the estimate of Rs. 7200 crores is a realistic estimate or not, and even accepting it as an approximately correct estimate, it is a figure which it would not be easily possible for any Government to find.

Dr Pandeya, while speaking, referred to the plans and he said that nothing has been achieved in the Plans, no employment potentials have been created and no employment has been provided.

In the year 1950, the Government resolved and I would like to quote this Resolution. It says :

“Resolved to promote a rapid rise in the standard of living of the people by efficient exploitation of the resources of the country, increasing production, and offering opportunities to all for employment in the service of the community.”

This House in the year 1964 adopted a Resolution. I would like to quote that, It was resolved

“that the objective of economic policy should be a socialistic pattern of society and that towards this end the tempo of economic activity in general and industrial development in particular should be stepped up to the maximum extent so that they result in appreciable increase in national income and employment.”

In reference to these two Resolutions, it has to be seen whether the Government has acted up to them and has achieved something.

With your permission, Sir, I would like to point out that to provide employment, various schemes have been introduced by the Government.

They are :

(1) A scheme for development of small but potentially viable farmers ;

(2) A scheme for marginal farmers and agricultural labour ;

(3) A scheme for development of dry farming;

(4) A scheme for area development;

(5) Development of infra-structure facilities like roads, regulated markets, etc.

(6) A scheme for dairy development;

(7) A scheme for Agro-services centres.

A crash programme for rural employment, the Engineers and Technicians Employment Scheme, and a scheme for the educated unemployed has been introduced.

During the years 1951 to 1960, 31.5 million jobs were created but the unemployment figure has grown by about 38 million during the same period. My learned friend said that population increase is one of the main problems. I can very well see the point. Whereas 31.5 million jobs were created, we found about 38 million coming forward for new jobs.

The Government is laying special emphasis on the promotion of medium and small-scale industries to which Mr. Pandey referred. There are schemes for providing technical and managerial know-how as well as schemes for necessary credits through the banks and other financial institutions to needy persons. Recently a Committee of Experts on employment has been set up to assess the expenditure on employment in all its aspects and suggest suitable remedial measures.

From this, it would be seen that all possible steps to promote employment opportunities to the maximum extent consistent with the availability of resources have been taken.

As I said earlier, Government is doing whatever is possible to be done. in accordance with the Resolution of the Government and the decision of this house and it has achieved some measure of success in providing employment to 31.5 million job-

[Shri Nitiraj Singh Chaudhary]

seekers but the difficulty is about the new number of persons who come for employment.

I would request the House to consider this that the two successive crop failures and the two external aggressions that we faced and the third aggression that we are facing now have destructed the Governmental efforts of creating more employment opportunities. With these difficulties, how is the Government expected to provide Rs. 7200 crores per year ? I would be obliged if my friends suggest concrete ways and means by which this amount could be raised and made available especially for this purpose.

I think the hon. Mover will realise that this is just a Motion which cannot be implemented. Mover's intention is only political and not social. There are the Directive Principles. I would like you to refer to Art. 41.

SHRI ATAL BIHARI VAJPAYEE (Gwalior): That also provides. Article 41 says about that.

DR. KARNI SINGH: Those Directive principles are not enough now, after 20 years.

SHRI NITIRAJ SINGH CHAUDHARY: It says, the State shall do this, "within the limits of its economic capacity and development." The question is whether this proposal is within those limits. I submit, it is not.

DR. KARNI SINGH: We submit, it is.

SHRI NITIRAJ SINGH CHAUDHARY: With regret, I oppose this Bill, I request the hon. Mover to withdraw it.

DR. KARNI SINGH (Bikaner): Before I say something in trying to conclude my remarks on this Bill that I have moved, I would like to make one thing quite clear, namely that as a responsible Opposition

Member, I shall try to modulate my views. There are many provocative things that have been said in this House, some of them personal during this debate but because of the fact that we have an emergency on our hands, it is not my desire at this stage to say anything that will undermine the competence or strength of our Government in meeting the aggression from Pakistan. But I do feel that the time has come when this country must realise whether the party in power honestly believes in all this Socialist task or whether it is lip-service. It is for the country to decide.

The New Congress undoubtedly has won the general elections this time with a tremendous majority like in the Nehru days. Whether they will continue to win with the same majority or not is for the people to decide. But it is certainly important that the nation should know where exactly these people the ruling Congress, stand with regard to socialism.

Only a few months ago, I had introduced a Bill in this very august House, namely Bill No. 12 which sought to make education free and compulsory up to 14 years and also provide for old age insurance and what not. But that was defeated in this House. Many of us in the Opposition thought that that was a socialist measure, and compulsory free education for primary classes was one of the directive principles and what harm was there if it were put in the Fundamental Rights chapter. The right to education is a fundamental rights no matter what you say.

SHRI INDER J. MAHOTRA (Jammu): After the abolition of the privy purses.

DR. KARNI SINGH: As far as the privy purses are concerned, I would request the hon. Member not to provoke me, because I am trying to steer clear of anything personal. I can also be very personal. But that can be discussed when the privy purses Bill is introduced. Right now, the

subject of discussion there is not the privy purses but the question of unemployment relief for India's masses. The right to work is a fundamental right. An hon. Member very rightly said so and it must be put in the chapter on fundamental rights and be made justiciable. That was my intention and that is the intention of this Bill.

We also want to restore to the Indian, citizen no matter who he is, the dignity that is attached to being a human being and that can only come through work, not by people running around as beggars, people without jobs, people who are frustrated. I can understand the hon. Minister's misgivings about the question of how he could raise the funds. That is his headache. As the Americans would say, that is his pigeon. They have been in power for about 25 years. If they bungled and created a condition in this country whereby so many more people were born and the family planning programme had failed and they (the Government) were not able to save money, it is their fault, it is not our fault. The duty of the Opposition is to point out the lacuna and the defects and the needs of the country. It is for the Ministry to see that the needs of the people are understood and the Constitution amended as and when necessary.

The volume of unemployment in this country is something that the Minister would have greater access to. From what little figures I have been able to get together I find that in 1955, the unemployment figure stood at 50 lakhs, in 1965 it stood at 1.5 crores, and in 1975 it is expected to be 4.5 crores, that is, almost the same population as that of Great Britain who will remain unemployed in this one country alone. 70,000 engineers currently are unemployed, and 60 per cent of India's industrial capacity lies idle.

Only yesterday, I had asked a question, namely Q. No. 762 of the Ministry of Labour and Rehabilitation about the total

number of man-hours lost. I find that according to available information, the total number of man-hours lost and loss in production due to strikes and lock-outs during 1970 were as follows:

Railways including workshops	31,134 man-hours
Banks and others	97,000 "
Air transport including workshops	7,000 "
Coal Mines	4,67,000 "

How do we get the resources? That is the responsibility of Shrimati Indira Gandhi's Cabinet. How they raise the resources is their business. If Shri Atal Bihari Vajpayee becomes the Prime Minister, it will be his business. If Shri A. K. Gopalan becomes the Prime Minister, it will be his business. But the fact remains that the problem is there. The Government just cannot shirk it off by saying that they do not have funds.

You will have to find the funds; you will have to plug the loopholes in public expenditure, you will have to save from your plan funds, and above all, from the moneys sent to the States which are squandered away in crores. You will have to plug all these loopholes. If that is done I am sure we can only solve this problem. How much you wish to pay as relief to each unemployed citizen is for the nation to decide, for the Government to decide. I had suggested Rs. 100. If you can find funds for Bangla Desh refugees at the rate of Rs. 4 crores a day, surely we can find funds for our own people. Whether it is Rs. 4 crores or Rs. 1 crore a day, surely this humane work of trying to solve the problem of India's timing millions will also be as important as the problem of solving the Bangla Desh refugee question.

I hope the Bangla Desh problem will be over in the next few months. After that, let the Government give an assurance

[Dr. Karni Singh]
that the moneys that are being spent on Bangla Desh refugees will be diverted towards unemployment relief. Surely that is on way of handling this matter.

The directive principles in the Constitution were never meant by our founding fathers to be mere platitudes. They were meant to be implemented. 25 years is a long enough time for any Government to reach the conclusion that the time is come for action. We have heard so much about *garibi hatao*, *amiri hatao* and what not. I would like to see some tangible steps taken by this Government, I would like to see this Government redeem some of its election pledges. You can feel the people once, twice but not all the time. They also know what is happening.

I know that my hon. friend, the Minister opposite is a very senior Minister. We all have great respect for him. I would like him to search his heart and not ask me for a solution. I am not the Prime Minister. He should find the funds, levy whatever taxation is necessary to find the answer to this problem of unemployment relief.

It was said by the Prime Minister in some of her utterings on the floor of this House that if the unemployment problem was not solved, there would be a revolution in the country. We know it. Those of us who mix with the masses realise the frustration there is in their hearts.

Japan, was tiny little country, with one-fifth of India's population was able to solve its unemployment problem. It is an Asian country. Why can't we? Surely, we are not prepared to accept that we are a second-rate country compared to Japan. If we have the ability as an Asian country to march ahead, Japan has shown the way. Regarding population control we should do it effectively. I have been for the last 15 years on the floor of this very House requesting hon. members from all parties:

for God's sake; get on that platform, reach the people and tell them that one day the population explosion is going to blow the lid off and the time will come when we will not be able to employ India's masses. It is a simple matter. The age of science and technology is upon us. It is within our means to be able to control the population. Japan has done it, The Latin American countries are trying to do it. India can achieve it.

Only yesterday I was listening to a broadcast of the proceedings of the Press Conference arranged by the National Press Club of America which the Prime Minister addressed. One of the questions asked to her was on the overpopulation of India and the Latin American countries. She started off by saying that it was a very vital matter, and soon ended with the remarks that it was not all that important; it was a matter of second importance. I have always disagreed with her on this point, because I feel that the Prime Minister does belong to a dynamic generation, a generation which has to solve the overpopulation problem, and the problem of unemployment. These are linked questions.

Taxation is not alone the answer. I am sure the Communist Party feels that taxation and confiscation of property is the answer to the problem. I feel that first and foremost, if you can reduce the increase in India's population and provide a better way of life for all these living presently on this earth, that will partly mitigate the problem. We would also like to see India remain a non-communist democratic and free country. Of course, there are these who feel that communism is the only answer. I have no quarrel with them. Each one has accepted a way of life. Some countries have done well under communism. I would still prefer to be living in a free country that Gandhi and Nehru wanted to see. It is a matter of individual choice.

Now Sir, as I said, I do not want to go into too much of these personal things that were thrown in. I would only like to make a very humble submission to the hon. Members here. Whether I belong or am the son of a former Maharaja does not make an iota of difference to me. I am a Member of Parliament, the same as you are; and also, I have been here for 20 years, and in the 20 years you will find that great leaders like Shri Hiren Mukerjee, Shri A. K. Gopalan staunch communists have been here and you ask them what they think of my views. It is no use my answering my hon. communist friend there. He hardly knows me. (*Interruption*) I am asking him to ask his leaders about my views. He may think that I have a *churi* in my, what shall I say, gloved hand and I may be introducing all these measures for political reasons. I do not come to hoots for what he says. But I would like him, as a responsible Member of Parliament, to ask his own leaders what they think of another colleague of theirs by the name of Karni Singh.

But whatever may be the fact, there are one or two points to which I would like to reply, because this hon. House must know some facts. The hon. Member, Shri M. C. Daga, from Rajasthan says that this is a cheap publicity stunt so that "he can tell the people of his constituency that he raised the issue of giving unemployment allowance to the unemployed, in Parliament, and that he should, on the other hand, talk of providing for employment for everybody." The second part is absolutely correct, and I must inform the hon. Member that 18 years ago when the hon. Member Mr. A. K. Gopalan raised a resolution on unemployment, I had then spoken, "being merely a boy out of college, that "the income that the Government derives from estate duty should be exclusively set aside for unemployment relief; this way you will justify to the country that you are taking money from the haves and giving it to the have-nots." The question at that time was

not so acute, but then Mr. Daga goes on to say that it is a cheap publicity stunt. I understand the hon. Member comes from Rajasthan. He also knows that we crossed swords during the elections. But surely that is not enough reason for us to keep on crossing swords in the Parliament here; we are colleagues and we are friends. The job before us is to solve India's problems. (*Interruption*)

SHRI M. C. DAGA (Pali) : It is a privilege.

DR. KARNI SINGH : Yes; privileges are enjoyed by us as MPs also. We enjoy privileges. I never questioned the hon. Member how he got elected. He is a respected hon. Member; a Member of Parliament.

The question before us today is not who has moved this Bill. The question before the house is whether this Bill should be moved, whether it is an important enough legislation, and should the House accept it or not. Mr. Daga then goes on to say;

"what did the Maharaja do at the time of famine ? He made a gibe at me. I want to tell him, first and foremost, that I never ruled. I am not responsible for what happened before me. I was in college, and come straight into Parliament, and I have spent 20 years making speeches here. But I would like to remind the hon. Member, first, that he comes from Jodhpur. 25 or 30 years ago, in Jodhpur, there was a very bad famine, and Rs. 1 crore, which was equal to Rs. 10 crores today, were spent by the Jodhpur State, and that was spent when there was no income-tax or foreign or Central aid.

SHRI M. C. DAGA : Collected by the people.

DR. KARNI SINGH : It is collected by the people today also. It is not your

[Dr. Karni Singh]
 money. Your party may be ruling the State but does not make the money yours. He then asked, "What did any body else do? They did nothing in the famine." Well, my grandfather 70 years ago, was a boy of 18. There was a big famine, and he had travelled 23,000 square miles on a camel back trying to solve the problems of the people, and he was given the Kaiser-i-Hind at that age, when he was a boy of 18. The hon. Member might even say this is a hoax. It is up to him to say so. If the hon. Member likes to meet the people of Rajasthan on a public platform in his own constituency, I will be happy to discuss it with him in front of his electorate.

Then, the question was raised by the hon. Member, Shri R. S. Pandey—I think it was joke because he is a very, very close friend of mine and I have known him for many, many years. But I can only say that this is, what I might call, the "battle of the aunties." He said that "the objectives of the Bill are laudable; the allurements of unemployment allowance will make the job-seeker..." and so on, and then he said "I think the mover of the Bill should exhort his aunts, the Rajmats of Gwalior and Jaipur, to take out the hidden money and give that to the unemployed as the allowance. For God's sake, what is it that they have got now? These States were handed over to the Government and the successor government's job is to see that this work is done. Supposing Mrs. Gandhi tomorrow ceases to be Prime Minister, will it be Sanjay Gandhi's job to see that all these Government measures are undertaken by him personally? His personal remarks are not in keeping with, shall I say, our old friendship and dignity.

SHRI R. S. PANDEY : The question of dignity does not arise. First of all I said that this Bill was well-intentioned Bill. There is no dispute about it. The question

is one of the money needed for spending. It has got to be seriously considered. He mentioned the figure of Rs. 7200 crores in order to eradicate unemployment and I said: you have got three aunties: Jaipur, Gwalior and Jodhpur; if you request them—I also will come with you to request them—we can get some substantial amount and perhaps we can take steps towards solving this problem of unemployment. What is wrong in it? They have got hidden money underground, gold, jewellery and what not. I said: you use your good offices; you are a very nice and respectable person. It was not a joke; I am serious.

DR. KARNI SINGH : I have a fourth auntie—he forgot—Mrs. Gandhi. All the aunties have become a bit of a joke. I would say this much that I am proud of those three aunties of mine who had won in this election in spite of his auntie, and that his hon. auntie, if she did not exert pressure, my hon. friend would not be here ... (*Interruptions*) Now, you are talking about hidden wealth. What about Nagarwala's sixty lakhs?...

SHRI R. S. PANDEY: We have not lost one paisa from the Government Exchequer.

DR. KARNI SINGH : I know nothing ...(*Interruptions*) Because he has made it personal.

The Indian National Congress in its declaration of fundamental rights and duties adopted at its Allahabad session in 1933-34 also included a provision to this effect. Clause 2 (b) of that declaration stated: the State shall safeguard the interests of industrial workers and shall secure for them protection against sickness and old age—that was my last Bill—and unemployment—my present Bill. You have to do something about this solemn pledge.

Article 23 and the latter part of article 25 of the Universal Declaration of Human Rights of the UNO also contained provisions analogous to the one contained in this Article. Article 23 (1) says that "everyone has a right to work, free to choose his employment and just and favourable conditions of work and to protection against unemployment."

Many advanced countries in this world like Germany, Italy, USSR, Japan, France have this system of unemployment relief so have England and the United States. India will be in very good company. India is a poor country. You need this Bill here much more than in rich countries where there are more avenues of employment.

I hope Government will not allow the youth in our country to go about disorganised and grow up as distorted youngmen out of sheer frustration because that is not good for the country. We have to accept the fact that today more than sixty per cent of India's population is under 21. That generation is the one that is going to face the first brunt and impact of large scale unemployment.

Twenty years from now these millions of Indian people, grown up distorted, frustrated and disgruntled are going to be the people that the Governments later on will have to grapple with. I feel that the time has come when we should try to solve the problem, this human problem, well in time, so that you will have a generation of young men and women better oriented, better able to

serve the country, better able to fit in a socialist society that we are trying to build.

With these words I would like to commend this Bill to the hon. Members and I request that the House may kindly support this measure, which is a socialist measure, in keeping with the directive principles of the Constitution.

MR. CHAIRMAN : There is an amendment by Shri Daga to refer the Bill to a Select Committee.

SHRI M. C. DAGA : I withdraw my amendment.

MR. CHAIRMAN : Has he the leave of the House to withdraw his amendment ?

HON. MEMBERS : Yes.

The Amendment was, by leave, withdrawn.

MR. CHAIRMAN : This being a Constitution (Amendment) Bill, voting has to be by Division, if the Member insists on proceeding with it.

DR. KARNI SINGH : I am not withdrawing it because we are called reactionaries and the ruling party are said to be progressives. If we withdraw a progressive Bill, we will be again called reactionaries. So, I do not want to withdraw it.

MR. CHAIRMAN : The question is : "That the Bill further to amend the Constitution of India be taken into consideration."

CONSTITUTION (AMENDMENT) BILL (Substitution of Article 370)

श्री अटल बिहारी वाजपेयी (ग्वालियर) : मैं प्रस्ताव करता हूँ "कि भारत के संविधान का और संशोधन करने वाले विधेयक पर विचार किया जाए।"

सभापति महोदय, संविधान की धारा 370 में संशोधन करने के लिए मैंने यह विधेयक प्रस्तुत किया है। प्रत्येक लोक-सभा में इस आशय के विधेयक पेश होते रहे हैं। यदि आप संविधान पर दृष्टिपात करें तो आप पायेंगे कि धारा 370 संविधान के ऐसे अंश में समन्वित है जिसे संविधान निर्माताओं ने टेम्पोरेरी और ट्रैजिशनल कहा है। संविधान का भाग 21 अस्थायी और अन्तर्कालीन है। इस शीर्षक से स्पष्ट है कि इस भाग के अन्तर्गत

जो धाराएँ हैं, अनुच्छेद हैं, वे किसी विशेष परिस्थिति के कारण संविधान में शामिल किए गये थे और संविधान के निर्माता चाहते थे कि यह उपबन्ध संविधान के स्थायी अंग न बनें।

मुझे याद है कि जब इस धारा पर संविधान परिषद् में बहस हो रही थी तब मौलाना हसरत मोहानी ने कहा था कि धारा 370 का समावेश करके जम्मू और कश्मीर के साथ भेदभाव क्यों किया जा रहा है? सचमुच यह धारा जम्मू और काश्मीर के साथ कोई विशेष रियायत नहीं करती। यह वहाँ के नागरिकों के साथ भेद भाव करती है। उन्हें सारे देश के नागरिकों के समान स्तर पर नहीं आने देती और इसी लिए मौलाना हसरत मोहानी ने कहा था कि आप जम्मू काश्मीर के साथ यह डिस्ट्रिक्-मिनेशन क्यों करते हैं। डा० गोपालस्वामी आयंगर ने इसका जो उत्तर दिया था मैं उसको उद्धृत करना चाहता हूँ। उन्होंने कहा था कि :

"This discrimination is due to the special conditions in Kashmir. That particular State is not yet ripe for this kind of integration. It is the hope of everybody here that in due course, even Jammu and Kashmir will become ripe for the same sort of integration as has taken place in the case of other States."

The following Members also recorded their votes:

AYES : Sarvashri D. K. Panda and Mohanraj Kalingarayar.

[MR. SPEAKER in the Chair]

जो माननीय सदस्य पुरानी लोक-सभा में थे उन्हें याद होगा कि पंडित जवाहरलाल नेहरू के वक्त में जब जब धारा 370 को समाप्त करने का मामला उठाया गया, उन्होंने भी कहा कि वक्त के साथ यह धारा भी समाप्त हो जाएगी। उन्होंने भी कहा था कि यह धारा अस्थायी है। मुझे याद है, उन्होंने एक बार कहा था कि यह धारा घिसते-घिसते घिस जाएगी। नेहरू जी के दिमाग में यह बात साफ थी कि यह धारा 370 सदैव के लिए हमारे संविधान का हिस्सा बन कर नहीं रहेगी। लेकिन संविधान को स्वीकृत हुए 21 वर्ष हो गए, यह धारा कायम है। आप इस धारा पर दृष्टिपात करें तो पता लगेगा कि यह धारा कितनी अनावश्यक और निरर्थक हो गई है। मैं उद्धृत कर रहा हूँ :

"Notwithstanding anything in this Constitution,

(a) the provisions of Article 238 shall not apply in relation to the State of Jammu and Kashmir;"

आर्टिकल 238 अब संविधान में है ही नहीं। वह धारा निकाल दी गई क्योंकि वह 'बी' श्रेणी के राज्यों से सम्बन्धित थी। 'बी' श्रेणी के राज्य हमारे मान-चित्र से तिरोहित हो गए। संविधान में उनका अस्तित्व नहीं है और न अब संविधान में धारा 238 ही पाई जाती है, लेकिन धारा 370 में उस धारा 238 का उल्लेख बना हुआ है। इस धारा 370 में आगे कहा गया है कि :

"(b) the power of Parliament to make laws for the said State shall be limited to :

(i) those matters in the Union List and the Concurrent List which, in consultation with the Government of the State, are declared by the President, to correspond to matters specified in the Instrument of Accession governing the accession of the State to the Dominion of India as the matters with respect to which the Dominion Legislature may make laws for that State;"

उस समय भारत एक डोमिनियन के रूप में उल्लिखित किया गया था। अब हमारा पूर्ण स्वाधीन देश है। आज भारत डोमिनियन नहीं है, लेकिन धारा 376 में डोमिनियन का उल्लेख चल रहा है। इस धारा में काश्मीर के महाराज का भी उल्लेख है जब कि काश्मीर में राजतन्त्र समाप्त कर दिया गया है। पहले वहां सद्दे रियासत थे और अब वहां अन्य राज्यों की तरह से राज्यपाल हैं। लेकिन भारत के इस संविधान में अगर कोई विद्वानों इस धारा को उठा कर देखेगा तो यह समझने में असमर्थ रहेगा कि यह धारा हमारे संविधान में क्यों चली आ रही है।

अब प्रश्न पूछा जा सकता है कि आप इस धारा को हटाने पर क्यों बल दे रहे हैं। सब से बड़ी बात तो यह है कि यह धारा जम्मू काश्मीर और शेष भारत के बीच में एक मनोवैज्ञानिक दीवार खड़ी करती है। किसी राज्य का विशेष दर्जा क्यों होना चाहिए? एक ओर हम कहते हैं कि जम्मू और काश्मीर भारत का अभिन्न भाग है, और इसमें कोई दो राये नहीं हो सकतीं लेकिन दूसरी ओर हमने इसको एक विशेष

कहाँ दिखा हुआ है। संविधान में एक यूनियन लिस्ट है। उस यूनियन लिस्ट के अन्तर्गत दिए गए विषयों पर यह सदन कानून बना सकता है, लेकिन जम्मू और काश्मीर के बारे में यह स्थिति नहीं है। अभी हमने संविधान का चौदसवाँ संशोधन पारित किया और संविधान के उस संशोधन का इस आधार पर समर्थन किया गया कि वह इस सदन की सर्वोपरिता को प्रस्थापित करता है। यह सदन सर्वोपरि है, यह सदन सर्वोच्च है, यह सदन सर्वोच्च न्यायालय से भी बड़ा है, यह बात कही गई। लेकिन जहाँ जम्मू और काश्मीर का सवाल आता है, यह सदन जम्मू और काश्मीर की विधान सभा से बड़ा नहीं है। यह अन्तर्विरोध कैसा है? इसलिए मैंने संशोधन उपस्थित किया है कि अब समय आ गया है कि हम यह स्पष्ट कर दें कि जहाँ तक यूनियन लिस्ट का सम्बन्ध है, इन विषयों का सवाल है, उसके लिए जम्मू काश्मीर की सरकार से पूछने की आवश्यकता नहीं होगी।

17. Hrs.

मैं नहीं जानता कि इस तरह का संशोधन क्यों नहीं लाया जा रहा है। यह ठीक है कि जबसे संविधान बना है तब से लेकर आज तक की जो स्थिति है उसमें परिवर्तन हुआ है। जम्मू काश्मीर शेष भारत के अधिक निकट आया है। जो महा लेखा परिक्षक हैं वह वहाँ लेखों की जांच कर सकते हैं। चुनाव आयोग का अधिकार जम्मू काश्मीर राज्य तक विस्तृत हो गया है तथा और भी अनेक सामाजिक सुधार सम्बन्धी कानून जम्मू काश्मीर पर लागू किए जा रहे हैं लेकिन इसके बाद भी इस बात को भुलाया नहीं जा सकता कि धारा 370 संविधान में मौजूद है और जो अस्थायी अन्तर्कीलीन उपबन्ध था वह जम्मू काश्मीर

को शेष भारत से घटक करने का कारण बन गया। अनुच्छेद 370 में यह भी उल्लेख किया गया है कि अगर कोई कानून लागू किया जाएगा तो वह जम्मू काश्मीर की विधान निर्मात्री परिषद् की सलाह से किया जाएगा। संविधान निर्मात्री परिषद् बाद में बनी। उसने भारत में मिलने का फैसला किया। वह जनता का फैसला है और वह फैसला अपरिवर्तनीय है। जम्मू काश्मीर भारत के अभिन्न अंग के रूप में हमारा एक भाग है। लेकिन अनुच्छेद 370 में कोई परिवर्तन नहीं किया गया है। मैं चाहता हूँ कि यह परिवर्तन किया जाए। परिवर्तन की प्रक्रिया का आरम्भ होना चाहिए इस बात से कि हम यूनियन लिस्ट में दिए गए विषयों पर एक सभा को इस सदन में कानून बनाने का पूरा अधिकार दे रहे हैं।

मैंने एक मनोवैज्ञानिक दीवार की बात कही। दीवार केवल मनोवैज्ञानिक नहीं है, कुछ भौतिक भी है। भारत का कोई नागरिक जम्मू काश्मीर में जमीन नहीं खरीद सकता। हमारे राष्ट्रपति महोदय को भी जब एक पोस्ट आफिस के लिए जमीन लेने की जरूरत पड़ी तो बड़ी कठिनाई हुई क्योंकि वहाँ जम्मू काश्मीर में जमीन बही खरीद सकता है जो जम्मू काश्मीर का सबजैक्ट हो। अभी तक यह सबजैक्ट शब्द चला आ रहा है, प्रजाजन शब्द चला आ रहा है। राजतन्त्र समाप्त हो गया है सबजैक्ट बने हुए हैं। किस के सबजैक्ट जम्मू काश्मीर गणतन्त्र का एक भाग है। लेकिन एक पुरानी परिपाटी चली आ रही है, शब्दावली दोहराई जा रही है। दीवार ढालने के बजाय और भी मजबूत की जा रही है। इस आधार पर उसका समर्थन किया जा रहा है कि

[श्री अटल बिहारी वाजपेयी]

अगर दूसरों को जमीन खरीदने का अधिकार दे दिया गया तो भारत के पूंजीपति जा कर जम्मू काश्मीर की सारी जमीन खरीद लेंगे। कौसी हास्यास्पद बात है? इसके लिए संविधान में धारा 370 की आवश्यकता नहीं है। जमीन खरीद पर प्रतिबन्ध लगाया जा सकता है। मैं तो यूनियन लिस्ट को शामिल करने की बात कर रहा हूँ। बाकी के सारे विषय तो राज्य सरकार के लिए बचे हुए रहेंगे। वह कानून बना सकती है और किसी को जमीन खरीदने का अधिकार देना या न देना यह राज्य सरकार के अधिकार क्षेत्र में आएगा। वैसे मैं समझता हूँ कि भारत के हर एक नागरिक को किसी भी भाग में जा कर बसने, जमीन खरीदने, काम धन्धा शुरू करने का अधिकार होना चाहिए। यह भावनात्मक स्पष्टीकरण के लिए आवश्यक है। जम्मू काश्मीर के सम्बन्ध में एक आर्थिक पहलू भी है। हम देख रहे हैं कि वहाँ उद्योग धन्धों का जितना विकास होना चाहिए, नहीं हुआ है। राज्य सरकार को जो विपुल धन-राशि दी गई है वह भी ठीक तरह से खर्च नहीं की गई है। केन्द्र सरकार बड़ी परि-योजनाएँ जम्मू काश्मीर में आरम्भ कर नहीं सकी। अब सुना है कि श्रीनगर में कोई टेलीफोन की फैक्ट्री लाख दो लाख खर्च करके लगाने की बात हो रही है। वहाँ पर शिक्षा निःशुल्क है। नौजवान पढ़ रहे हैं, विश्वविद्यालयों से निकल रहे हैं। उन्हें रोज-गार चाहिए। रोजगार के लिए औद्योगीकरण आवश्यक है। यदि वहाँ पूंजी उपलब्ध नहीं है, साधन उपलब्ध नहीं हैं तो भारत से ले जा कर पूंजी लगाई जा सकती है। आज वहाँ कोई पूंजी लगाना नहीं चाहता। उस में बाधाएँ हैं। अनुच्छेद 370 बाधक है।

औद्योगिक विकास जिस गति से होना चाहिए नहीं हो रहा है। इस कारण निम्नित वर्ग में असन्तोष है। और जगह-जगह प्रदर्शन होते हैं। लेकिन जम्मू काश्मीर में असन्तोष का राष्ट्र विरोधी तत्व लाभ उठाते हैं, इस बात को हमें भूलना नहीं चाहिए। विद्यार्थी हड़ताल करें, न्यायोचित मांगों के लिए संघर्ष करें, विद्यार्थी रोजगार मांगें तो पड़ोसी पाकिस्तान उसका भारत विरोधी रूप प्रस्तुत करता है। हर सवाल को भारत विरोधी बना कर पेश करता है। ये समस्याएँ देश के और भागों में भी हैं। लेकिन जम्मू काश्मीर की तरफ हमें विशेष ध्यान देना होगा। वहाँ आर्थिक विकास की गति को और तेजी से बढ़ाना होगा। बिजली पैदा करने के काम में तेजी लाई जा सकती है। कई पहलू ऐसे हैं जिन पर केन्द्रीय सरकार ध्यान दे सकती थी लेकिन उसने नहीं दिया। मैं उन सब बातों में नहीं जाना चाहता और मेरे विधेयक का यह विषय भी नहीं है। मैं तो इतना ही कह रहा हूँ कि जहाँ तक जम्मू काश्मीर का सम्बन्ध है शेष भारत को जम्मू काश्मीर से अलग रखने वाली धारा 370 की समाप्ति पर सक्रिय विचार होना चाहिए और उसका आरम्भ होना चाहिए। मैंने जिस प्रकार का संशोधन दिया है, और उसमें जो ढंग सुझाया है, उसको मैं आपके सामने उद्धृत करना चाहता हूँ :

"Notwithstanding anything in this Constitution the power of Parliament to make laws for the State of Jammu and Kashmir shall be limited to"

लिमिटेशन रहेगी, वह आज भी है। लेकिन अब तो यूनियन लिस्ट के बारे में भी हम बिना जम्मू काश्मीर की सरकार से राय लिए हुए कोई कानून नहीं बना सकते

हूँ। मैं चाहता हूँ कि यह बात समाप्त कर दी जाए।

“(a) the matters in the Union List; and

(b) such other matters in the Concurrent and State Lists as, with concurrence of the Government of the State, the President may specify.

Explanation :— For the purposes of this article, the Government of the State means the Governor of Jammu and Kashmir acting on the advice of the Council of Ministers of the State for the time being in office.”

एक संशोधन मेरा और भी है। अभी तो हम यूनियन लिस्ट के बारे में संसद को कानून बनाने का अधिकार दें लेकिन 26 जनवरी, 1972 के बाद यह आर्टिकल 370 जो है इसको निरस्त कर दिया जाना चाहिए, इसका इनआप्रेटिव कर दिया जाना चाहिए। इनआप्रेटिव करने का प्रबन्ध इसी अनुच्छेद के अन्तर्गत किया गया है। मैं उद्धृत करना चाहता हूँ :

“Notwithstanding anything in the foregoing provisions of this article, the President may by public notification declare that this article shall cease to be operative or shall be operative only with such exceptions and modifications and from such date as he may specify.”

राष्ट्रपति यदि चाहें तो पूरी धारा को निप्रयोजनीय बना सकते हैं। उसके लिए जम्मू काश्मीर राज्य सरकार की सहमति सेना आवश्यक होगा। लेकिन मैं नहीं

समझता हूँ कि उन्हें सहमति देने में कोई आपत्ति होगी।

आज जम्मू काश्मीर संकट में है। पड़ोसी की आंख उस पर लगी है। हो सकता है कि फिर से घुसपैठिये भेज कर वह उस घाटी की शान्ति को भंग करना चाहे लेकिन जम्मू काश्मीर की जनता को भरोसा है कि सारा भारत उसकी पीठ पर सड़ा है। हमारी सेना के वीर जवान अपनी जान दे कर जम्मू काश्मीर की रक्षा करने के लिए कमर कस कर तैयार खड़े हैं। अगर हमारे जवान जम्मू काश्मीर के लिए जान दे सकते हैं तो क्या वहाँ ज़मीन खरीदने का अधिकार नहीं पा सकते ?

यह संसद अगर जम्मू-काश्मीर के विकास के लिए गत बीस वर्षों में 300 करोड़ रुपये से अधिक रुपये की धनराशि दे सकती है, तो क्या यूनियन लिस्ट के अन्तर्गत जम्मू-काश्मीर के लिए कानून नहीं बना सकती है ?

अभी तक कहा जाता था कि यह मामला संयुक्त राष्ट्र संघ में पड़ा हुआ है, पाकिस्तान उसे कुरेदता रहता है, हमें अनुच्छेद 370 को छूना नहीं चाहिए, विधिवत रूप से उसे समाप्त नहीं करना चाहिए, बल्कि उसको धीरे-धीरे घिसने की कोशिश करनी चाहिए, अब तो स्थिति यह है कि जम्मू-काश्मीर के सवाल पर पाकिस्तान को बोलने का कोई मुंह नहीं है। जम्मू-काश्मीर के लोग भी समझ रहे हैं कि जो पूर्वी बंगाल के निवासी पाकिस्तान के निर्माण के साथ ही से पाकिस्तान में थे, जिन में से अधिकांश मुस्लिमान हैं, उनके साथ पाकिस्तान की फ़ौजी हुकूमत ने क़त्ला व्यवहार किया है। मैं नहीं समझता कि

[श्री अटल बिहारी वाजपेयी]

उस के बाद जम्मू-काश्मीर में एक भी व्यक्ति ऐसा निकलेगा, जो कहना चाहेगा कि हमें भारत के लोकतंत्र को छोड़ कर, भारत की बराबरी को छोड़ कर, उसकी समता को छोड़ कर पाकिस्तान की सैनिक तानाशाही के पैरों तले रौंदा जाना स्वीकार होगा।

इसलिए यह आवश्यकता है कि हम जम्मू-काश्मीर के सवाल को संयुक्त राष्ट्र संघ से वापिस ले लें। इस बारे में भी जितनी भी अनिश्चितता है, उसे समाप्त कर दें। पाकिस्तान का कोई दावा नहीं है। पाकिस्तान जम्मू-काश्मीर में आक्रमणकारी है। एक-तिहाई काश्मीर जो पाकिस्तान के कब्जे में है, उसकी स्थिति क्या है, यह सारी दुनिया जानती है। इस की तुलना में अनेक अभावों और अनिश्चितताओं के बावजूद जम्मू-काश्मीर भारत का एक हिस्सा है। उसने प्रगति की है। वहां लोकतंत्र है। जनता ने अपनी तकदीर का फैसला किया है। वहां निष्पक्ष चुनाव होते हैं वहां के प्रतिनिधि अपना शासन चला रहे हैं। वहां के प्रतिनिधि इस संसद में भी बैठे हुए हैं। मैं समझता हूँ कि अनुच्छेद 370 को समाप्त करने का समय आ गया है। अगली 26 जनवरी को अनुच्छेद 370 निष्प्रयोजनीय हो जाना चाहिए और उससे पहले आज हम यह संशोधन स्वीकार करें कि जहां तक यूनियन लिस्ट का सवाल है, इस सदन को कानून बनाने का अधिकार होगा।

मैं आशा करता हूँ कि सदन मेरा यह विधेयक स्वीकार करेगा और चौधरी साहब भी कुछ ऐसा उत्तर देंगे, जो प्रतिपक्ष को भी पसन्द आयेगा।

MR. SPEAKER : Motion moved :

"That the Bill further to amend the Constitution of India, be taken into consideration."

There is an amendment by Mr. Daga for circulation of the Bill for eliciting opinion.

श्री भूलचन्द डागा (पाली) : मैं प्रस्ताव करता हूँ :

अगले सत्र के पहले दिन तक "कि विधेयक पर राय जानने के लिये उसे परिचालित किया जाये"

अध्यक्ष महोदय, संविधान का अनुच्छेद 370 अब समाप्त किया जायेगा, यह सोचते-सोचते बितने ही वर्ष हो चुके हैं। सरकार ने कई बार यह उद्घोषणा की है कि काश्मीर भारत का अभिन्न अंग है। हिन्दुस्तान की अखंडता, एकता और अक्षुण्णता को बनाये रखने के लिए हमें सब कुछ करना चाहिए। इससे पहले कई बार इस विषय पर चर्चा हो चुकी है लेकिन समझ में नहीं आता कि अभी तक अनुच्छेद 370 को समाप्त करने में सरकार के सामने क्या बाधा है। जब हम यह मान चुके हैं कि बिना काश्मीर के हम हिन्दुस्तान को अधूरा समझते हैं और जब इस बात का निर्णय हो चुका है कि काश्मीर हमारा अभिन्न अंग है, तो इस विषय में कोई निर्णायक बहस न उठाना सरकार की बमजोरी ही हो सकती है। सरकार ने कहा है कि हम आर्टिकल 370 को समाप्त करना चाहते हैं, लेकिन वह उचित समय पर करेंगे। वह उचित समय कब आयेगा? सरकार की ओर से कहा जाता है कि इस बारे में कई संशोधन हो चुके हैं, जैसे प्राइम मिनिस्टर के बजाये चीफ मिनिस्टर

कर दिया गया है, और भी कई कदम उठाये गये हैं हम देखते हैं कि आज भी कुछ असामाजिक तत्व, अनसोशल एलिमेंट्स, काश्मीर में सक्रिय हैं। सवाल यह है कि जब सरकार कहती है कि काश्मीर इस देश का अभिन्न अंग है, तो फिर उसका एक अलग रूप क्यों कायम रखा जा रहा है।

मैंने यह संशोधन पेश किया है कि इस विधेयक को पब्लिक ओपीनियन जानने के लिए मर्कुलेट किया जाये। आज हमारे देश में कुछ विशेष परिस्थितियाँ हैं। इस संशोधन के बारे में राष्ट्रपति की आज्ञा लेनी होगी और अनुच्छेद 368 के अनुसार काश्मीर की विधान सभा की राय भी लेनी होगी। बंगला देश के कारण देश में एक गम्भीर स्थिति पैदा हो गई है। पाकिस्तान हमारे देश के साथ युद्ध करने पर उद्यत दिखाई देता है। इस स्थिति में इस प्रश्न को उठाना राजनैतिक और व्यावहारिक दृष्टि से उचित प्रतीत नहीं होती है। बंगला देश से एक करोड़ रेफ्यूजीज हमारे देश में आ चुके हैं इसलिए ऐसे समय में संविधान में संशोधन करना कदांतक उचित और न्यायपूर्ण होगा ?

हम सब की एक ही राय है कि जम्मू काश्मीर भारत का अभिन्न अंग है और अब अनुच्छेद 370 को समाप्त किया जाना चाहिए। यह बात जम्मू-काश्मीर की जनता और विधान सभा भी मान चुकी है। लेकिन जैसे कि मैंने कहा है, आज देश में विशेष परिस्थितियाँ हैं, हालत बहुत खतरनाक है। मैं समझता हूँ कि श्री वाजपेयी भी सोच-समझ कर इस निष्कर्ष पर पहुँचेंगे कि इस संकटपूर्ण स्थिति में यह प्रश्न उठाना और इस संविधान (संशोधन)

विधेयक को पारित कराना उचित नहीं होगा। इस बारे में काश्मीर के लोगों की कानकरेंस लेनी होगी। इस लिए मैं समझता हूँ कि इस विधेयक को पब्लिक ओपीनियन जानने के लिए मर्कुलेट किया जाये।

हमें इस बात पर भी विचार करना चाहिए कि श्री वाजपेयी का विधेयक पारित होने के बाद क्या होगा। एक वैक्यूम क्रीएट हो जायेगा। इस लिए मुझे यह जरूरी मालूम होता है कि इसके लिए कुछ इन्तजाम किया जाये। इसके अलावा जम्मू-काश्मीर के लोगों को इसके बारे में सोचने और अपनी राय देने का मौका देना चाहिए। इसी दृष्टि में मैंने यह संशोधन रखा है कि इस विधेयक के बारे में पब्लिक ओपीनियन जानी जाये।

SHRI S. P. BHATTACHAYYA : Mr. Speaker, Sir, I wish, to speak in Bengali.

MR. SPEAKER : No, you are speaking in English.

SHRI ATAL BIHARI VAJPAYEE : He wants your permission to speak in Bengali.

MR. SPEAKER : After all, we should try to understand each other. But if this practice continues, that is, Member from every State trying to speak in his own language ...

AN HON. MEMBER : There is interpretation.

MR. SPEAKER : I am not concerned with interpretation. All right. Now he may speak as he likes. I will give my ruling in Punjabi. I want an interpretation in Punjabi now. The hon. Member may come to the front and speak.

*SHRI S. P. BHATTACHARYA (Uluberia): Mr. Speaker, Sir, I rise to speak against this attempt to snatch away the rights of the State of Jammu and Kashmir. I oppose this move, keeping in view the situation prevailing in the country today as well as the feeling of the people of that State. For strengthening the unity of India it is necessary that only such steps should be taken whereby State becomes stronger and comes forward willingly and voluntarily to cooperate with the Centre. The special status under article 370 of the Constitution was allotted to Jammu and Kashmir in accordance with the wishes of the people of that State and I feel, Sir, that was justly done.

My party feels that every State should be given more powers to function. Excepting some all India subjects like Defence, Foreign trade, Finance, etc., the States should be given more powers in other fields. That will induce them to come forward willingly to help and strengthen the Centre. No such steps should be taken as may generate a feeling among the people of some regions that they are being pressurised by the Centre. That will cause frustration among them. If this is done, it will weaken the unity and integrity of India.

In this connection, I will cite the example of the Soviet Union which is a multi-lingual and multiracial land. When that country was attacked by the Fascist hordes of Hitler, we have seen how they united together and came forward to defend their country. The result was that they crushed the Titanic hordes of Hitler. If we want to make India strong with the willing cooperation of the people of different States, then the Government should give more powers to the States.

In the present critical times it will not be proper to create a feeling of pressurisation

* The original speech was delivered in Bengali.

and frustration in the minds of the people of any State. This I feel will affect the unity of India.

In the situation prevailing in Kashmir today, instead of usurping its rights through Central legislation, it should be the endeavour of the Central Government to create trust and confidence in the minds of the people of that State by giving them more powers and opportunities for development. Other States should also be given more powers and treated in a similar way.

My party feels that such an atmosphere of trust should be created through the delegation of more powers to the States so that their willing cooperation with the Centre can be better achieved. That will strengthen the unity of India and make the country really strong. With this hope and belief, Sir, I oppose this Bill. I thank you for giving me this opportunity to participate in the debate.

SHRI INDER J. MALHOTRA (Jammu): In the past also, this question of the abrogation of article 370 had come up for discussion here in one way or the other. Whether it was in the form of a resolution or a Constitution amendment Bill or of questions directed at the Ministry of Home Affairs, the consensus in this House had been in favour of abrogation.

I remember during the budget session of 1966, Shri Prakash Vir Shastri had brought forward a resolution here. At that time, all the 6 members of the Jammu and Kashmir State were in support of it. Then the Minister had assured us that steps would be taken to see that whatever constitutional or legal discrepancies remained would be removed without loss of time.

Today Shri Vajpayee has come to the House for the substitution of this article.

In principle, I am in entire agreement with him. This is a Bill which will remove any misunderstandings being created in the minds of these people who even today want to believe that Jammu and Kashmir is not an integral part of India. I would humbly make this appeal to Shri Vajpayee and others. As far as the people of the State are concerned, they have entirely forgotten the existence of this article in the Constitution. Why? Because in the past, under the leadership of Shri Sadiq who heads the Congress Government in the State, some measures were taken by which the people of Jammu and Kashmir started feeling that now for all practical purposes there are no barriers existing between the State and the rest of India. So let us not rekindle this controversy about the basis of article 370. The question is not whether Jammu and Kashmir is an integral part of India. This is only a legal controversy, but for all practical purposes, even for administration, no barriers exist between the Central Government, the State Government and the rest of India.

Shri Vajpayee mentioned about the restrictions on purchase of land in the State. In principle, I am in entire agreement with him that a citizen of the country should be free to settle down in any part of the country and carry on his business or profession. Even though this restriction is there in the State, for all practical purposes this has never come in the way of genuine parties wanting to come and settle in the State and adopting any profession they choose. For the information of Shri Vajpayee, I may say that people with financial resources can come into the State and start industry. The State Government approached Birlas, Sahu-Jains and other big industrialists in the country. Today there is a factory run by the Birlas and another run by Sahu-Jains. So this restriction on acquisition of land by those not domiciled in the State has never come in the way of industrial or other developmental purpose in the State. The only

purpose of having this restriction is because there is scarcity of agricultural land. 95 per cent of the population of that State is entirely dependent upon agriculture. Even today we are trying to reduce the ceiling on agricultural land so that more land can be distributed among the landless. I would say that since the people's resources are very meagre, and it so happens that Nature has created that land of beauty, there is a possibility that there may be exploitation of those poor people. Merely from that point of view, today, the Congress party and the State Government feel that this restriction on indiscriminate sale of agricultural land should be there. But for all other purposes, for industrial development, this restriction never came in the way and it will never come in the way.

It is also said that Jammu and Kashmir State enjoys a special status. When we interpret this article 370, merely from the legal angle, we can say, yes, Jammu and Kashmir State enjoys a special status, because, every law which is passed by this house does not automatically become applicable to the State of Jammu and Kashmir unless the State Assembly ratifies it and another amendment is brought before this House that this legislation will also apply to the Jammu and Kashmir State. For all other practical purposes, what special status are we enjoying? When we ask for an IAS officer on deputation from the Ministry of Home Affairs to be deputed to work in the Jammu and Kashmir State, it is those officers who enjoy the special status. Merely by taking advantage of this Constitutional discrepancy, they make their own service rules. They provide for themselves free residential accommodation. They provide for themselves deputation allowances. I would say that even today, if this article is existing in the Constitution of India, it is because the officers of the Ministry of Home Affairs benefit by it; not the people of Jammu and Kashmir State.

[Shri Inder J. Malhotra]

Rather, it is our great concern and complaint; here I would like to give an instance without naming that officer. It really shocked me very much. One IAS officer was deputed to the State of Jammu and Kashmir. He worked in that State in various capacities. He was appointed as Deputy Commissioner of a district. One day, I went to his office and was having a chat with him. He, in all seriousness, was telling me, a Member of Parliament, that he has come from such and such a province of a State to serve the people of Jammu and Kashmir State. He said that in such a tone as if the State of Jammu and Kashmir is a colony of the Union of India and this officer has been entrusted with a mission to go there and serve the people of Jammu and Kashmir State. The need now is to remove such barriers. The need is to improve the attitudes of the people who go to work there, and this is what is required for the emotional integration of the people of that State with the rest of India.

My other friend moved a substitute motion for eliciting public opinion. I am entirely in opposition to this. As I have said earlier, it will be a very unfortunate situation to link the existence of article 370 with this, and to abrogate article 370, it should not also become a referendum. There is no need to elicit public opinion. The majority of the members of the Assembly in Jammu and Kashmir State, the political party today in the Government there and that party's leader, Shri Sadiq, and others have time and again emphasised the need for abrogation of article 370.

Now the ball lies in the court of the Central Government. Last time also this House was assured that steps were being taken to make this article as ineffective as possible. I entirely agree. The credit goes to Shri Sadiq. He took the initiative that all the major measures should apply to the State of Jammu and

Kashmir and that became a major factor. The people of the State had completely forgotten that article 370 exists in the Constitution. Today the problem before us is very simple. It is for the Central Government to decide whether it will be beneficial in the future to keep this article or whether it will be beneficial to abrogate this article. The alternative suggestion of Shri Vajpayee through this Bill is the substitution of this article.

I am only praying that such an important decision should be taken by the Central Government. It was the duty of the hon. Home Minister to have come to a final decision and make a final announcement today in this House as to what will be the future policy of the Central Government regarding the abrogation of article 370.

I know that even today the reply will be given in a stereo typed manner as it was done last time. Instances will be quoted that the jurisdiction of the Election Commission, the Supreme Court etc. have been extended, the Governor is there; the Chief Minister is there instead of the Prime Minister.

I entirely agree, as I said before, that these things have created an atmosphere by which the people of Jammu and Kashmir have a feeling that they have fully integrated themselves with the rest of India. But the legal difficulties that are there must be removed. No time should be lost.

I would in the end humbly suggest to the hon. Minister that if he has not got clear instructions to announce the final decision of the Central Government today, he should ask for more time and the discussion may be postponed because I think that this discussion regarding the abrogation of article 370 should be the last discussion and it should go to Mr. Vajpayee's credit that, he created history in this House and ultimately article 370 was abrogated.

श्री मोतीलाल नेहरू (अध्यक्ष): अध्यक्ष महोदय, इस विधेयक का जो उद्देश्य है, उस से कोई मतभेद की बात नहीं आ सकती, लेकिन जहाँ तक धारा 370 का सम्बन्ध है, उसको बनाये रखना, उसका जो भी सीमित रूप अब रह गया है, वह बेतुका-सा लगता है। यह भी सही है कि लोगों के मनो-वैज्ञानिक रूप से भी और व्यवहार से भी कुछ दिक्कतें और कठिनाइयाँ पैदा हो जाती हैं, मगर इन सभी बातों को ध्यान में रखते हुए आज जिस दौर से हम गुजर रहे हैं, उस पर भी ध्यान देने की आवश्यकता है, क्या इस मोर्के पर इस धारा को हटाना हमारे देश के लिये फायदेमन्द होगा ?

एक चीज, अध्यक्ष महोदय, चूंकि सवाल उठ गया है, इसलिये कहना चाहता हूँ। जिस पृष्ठभूमि में हमारी मातृभूमि का बटवारा हुआ—इस समय के आधार पर कि क्षेत्रीय राष्ट्रीयता कुछ तत्वों को कुबूल नहीं थी, इसलिये साम्प्रदायिक राष्ट्रीयता का नारा लगाया गया, जिसके बड़े आचार्य-मौलाना आली जिन्ना थे। तो बटवारा हुआ। काश्मीर के ऊपर जो आजकल दावा चल रहा है उसके पीछे वही बात है। जिन्ना साहब के मानने वाले कोई अगर हों तो वे बूल कर ऐसी बात अभी नहीं रख रहे हैं कि आज भी भारत में क्षेत्रीय राष्ट्रीयता नहीं होनी चाहिए, साम्प्रदायिक राष्ट्रीयता होनी चाहिए। लेकिन ऐसे प्रभावशाली व्यक्ति हैं जो बाज़ास्ता खुले आम यह कहते हैं, इस का प्रचार करते हैं, प्रसार करते हैं कि क्षेत्रीय राष्ट्रीयता गलत है, अनुचित है। यह कहने वाले ऐसे प्रभावशाली व्यक्ति हैं जिन से दुर्भाग्यवश बाजपेयी जी का गहरा सम्बन्ध है। मेरा मतलब मोलवलकर जी से है। विन्मोनि पड़ा है वह जानते होंगे कि उनके बच भाफ बाट्स क्या हैं जिस का बड़े पैमाने

पर प्रसार किया गया। इस तरह इस देश से जिन्ना साहब तो चले गए, उनकी मृत्यु हो गई परन्तु उन की आत्मा आज भी साकार मौजूद है। श्री मोलवलकर जी कहते हैं कि टेरिटोरियल नेशनलिज्म नहीं चलनी चाहिए, उसको बर्दाश्त नहीं करना चाहिए। तो आज यह चीज खुले आम प्रसारित हो रही है। किताब के रूप में छाप कर उस की बिक्री हो रही है। टेरिटोरियल नेशनलिज्म के खिलाफ खुले रूप में प्रचार किया जा रहा है। अब अगर भौगोलिक या क्षेत्रीय राष्ट्रीयता नहीं होगी तो किस राष्ट्रीयता के आधार पर हम काश्मीर के पूर्ण विलय के लिए माँग कर सकते हैं सिवाय क्षेत्रीय राष्ट्रीयता के ? तो मैं कहना चाहता हूँ एक यही पृष्ठभूमि है जो हमारी राष्ट्रीय एकता को और अखंडता को कुछ सीमित करती है, कुछ संकुचित करती है, मनोवैज्ञानिक रूप से भी। इसीलिए मैं ने जो समय की बात कही थी वह इसी संदर्भ में थी।

उसके साथ एक दूसरा मामला भी संबद्ध है। काश्मीर का एक हिस्सा आक्रमण के जरिए हम से अलग पड़ा है। हम जानते हैं कि वहाँ पर गिलगिट में आज भी अमरीकियों का अड्डा है, हमारी मर्जी के खिलाफ है, लेकिन है। पाकिस्तान की कौड़ी हुकूमत अमरीकी हथियारों और सस्त्रों से जिस प्रकार आज बंगला देश पर जुल्म डाल रही है उसी प्रकार काश्मीर के उस पाक-अधिकृत हिस्से पर भी जुल्म डाल रही है। तो उस हिस्से के लिए हमारे दिमाग में क्या है ? काश्मीर के लोगों ने इस बात को नहीं माना है—जहाँ तक मेरी अपनी जानकारी काश्मीर के लोगों की है—कि वह हिस्सा हमेशा के लिए सबसे अलग हो गया।

[श्री भोगेन्द्र भा.]

हमारे जैसे आदमी कभी भी इस बात को नहीं जानते कि आक्रमण से यदि कोई इलाका अलग हो गया तो वह स्थायी रूप से अलग हो गया। काश्मीर की इस स्थिति में अभी धारा 370 का जो रूप है उसको यदि हम हटा लें तो उन लोगों को साथ लेने में या उन के आकर्षण में हम को मदद मिलेगी या बाधा उत्पन्न होगी इस बात को हमें देखना है। ... (व्यवधान) ... इसलिए मैं कहना चाहता हूँ कि अभी हम जानते हैं जिस आधार पर पाकिस्तान के फौजी ताना-शाहों ने अपने विभिन्न इलाकों को खत्म कर दिया, पाकिस्तान के अन्दर भाषावार राज्यों को राइफल के बूते पर खत्म किया उसका एक नजारा बंगला देश में हम देख रहे हैं। हम आशा करते हैं अगर यही हथियारों का राज्य वहां पर रहा तो पश्चिम पाकिस्तान में भी विभिन्न भाषावार राज्य फौजी हुकूमत के खिलाफ बगावत करेंगे। कुछ यही बात भारत में भी हुई थी। भारत में हमारी सरकार ने यह फैसला दिया था कि भाषावार राज्य नहीं होने चाहिए। लेकिन हम जानते हैं कि कई सौ लाखों उठने के बाद आन्ध्र बना। कितने ही लोगों के मरने के बाद महाराष्ट्र बना। उस समय बहुत से लोग कहते थे कि जो भाषावार राज्य की बात करते हैं वे पन्द्रह पाकिस्तान बनाना चाहते हैं। लेकिन केरल तामिलनाडु से लेकर पंजाब तक भाषावार राज्य बनने के बाद हमने देखा कि कुछ मानों में शांति भी हुई और कुछ मानों में देश की एकता भी मजबूत हुई। यद्यपि कुछ भविष्य वक्ता कहते थे कि भाषावार राज्य बनने से देश की एकता कमजोर होगी, परन्तु उनके कयाल नसत साबित हो गए हैं। ऐसा कहने वालों में कुछ भारत सरकार के प्रमुख लोग भी थे जिन्होंने बगैर संकड़ों लोगों की जान लिए

यह कबूल नहीं किया कि भाषा के आधार पर भारत के राज्यों का विभाजन हो। इस देश की आजादी के बाद के ये तथ्य आज हमारे सामने मौजूद हैं। इस पृष्ठभूमि में हम क्या रूप आज भारत में प्रस्तुत करना चाहते हैं उस इलाके के लिए जहां पर फौज के नीचे जनता कराह रही है? मेरा मतलब पाक-अधिकृत काश्मीर से है। हम देखना चाहते हैं कि हमारे यहां हर एक व्यक्ति को पूरी तरह से अपनी धार्मिक आजादी है। पूर्वी बंगाल में तलवार के बल पर उर्दू लादने की कोशिश हुई और हमारे यहां भी कुछ ऐसे लोग हैं जो चाहे देश भले ही टूट जाय लेकिन कभी हिन्दी के नाम पर, कभी किसी नाम पर तलवार के बल पर उसको लादना चाहते हैं। लेकिन हम ने देखा कि जब भी कभी ऐसी चीज लादने की कोशिश की गई हमारी एकता को धक्का लगा। और जब हम ने थोड़ा संयम रखा और यह समझा कि तलवार के बल पर हम किसी भाषा को नहीं लाद सकते हैं तभी हमारी राष्ट्रीय एकता मजबूत हुई। तामिलनाडु की मिसाल हमारे सामने है और डी० एम० के० के भाई यहां मौजूद हैं। ऐसी स्थिति में मैं कहना चाहता हूँ कि आज तक का जो हमारा इतिहास रहा है और मल्होत्रा जी ने सही कहा है कि पिछले कुछ वर्षों में काश्मीर की जो मौजूदा सरकार है उस के माध्यम से 370 धारा बिखरती जा रही है और सारी चीजें अपने आप होती चली जा रही हैं, चाहे वह अलग ध्वज का सवाल हो या प्रधान मंत्री के शब्द का सवाल हो। अभी उन्होंने औद्योगिक मामलों के सम्बन्ध में जो बात कही जिस को कि मैं नहीं जानता था कि वहां पर कल कारखाने के लिए कोई जमीन लेना चाहे तो उस में भी कोई बाधा नहीं है ... (व्यवधान) ...

ऐसी स्थिति में एक और पहलू पर भी हम ध्यान दिखाना चाहेंगे। कई राज्यों की

यह माँग उठ रही है कि किस हद तक केन्द्र दखल दे और किस हद तक केन्द्र दखल न दे ? किस हद तक केन्द्र का हक राष्ट्रीय एकता के लिए लाभदायक होगा और किस हद तक लाभदायक नहीं होगा । हम जानते हैं कि काश्मीर भारत का सब से पहला राज्य था जिस ने जमीन की हदबन्दी कर के भूमि का बटवारा किया था । जिस समय वहाँ पर बटवारा हुआ था भारत में किसी राज्य में नहीं हुआ था । और मुझे आश्चर्य है कि यदि उस समय यह बात रहती कि बगैर राष्ट्रपति के हस्ताक्षर के नहीं होगा तो शायद वह होता भी नहीं । कारण यह है कि जमींदारों और भूस्वामियों का सरकार पर बड़ा प्रभाव है... (व्यवधान) ... आज यद्यपि बड़े परिवर्तन हो गए हैं, बिहार में सारी जमींदारी समाप्त होने के बावजूद भी टाटा की जमींदारी अभी भी कायम है । बिहार की विधान सभा और विधान परिषद ने सत्रह महीने पहले उस को मिटाने का कानून पारित कर दिया था लेकिन आज तक उस पर राष्ट्रपति के हस्ताक्षर नहीं हो पाए हैं । वह मामला लटका हुआ है । आज भी जनतंत्र पर यह अंकुश लगा हुआ है कि विधान सभा और विधान परिषद् द्वारा पारित विधेयक पर अमल नहीं हो पाता । जोड़ी बैल से गाय बछड़ा होने के बाद भी आज यह सच्चाई हमारे सामने है । ऐसी स्थिति में जब हमारा देश बहुभाषी देश है और हमारी राष्ट्रीय अखंडता की भावना सर्वोपरि है और उसमें विभिन्नता — का जो हिस्सा है जिस को मान कर हम एकता को मजबूत करते हैं उस पृष्ठभूमि में मेरा आग्रह होगा कि जिस तरह से धारा 370 का खात्मा काश्मीर राज्य की सरकार के सहयोग से ही होता चला गया है, वैसी स्थिति में यहां लोक सभा से कुछ ऐसा पारित कर दें जिस

के मानी यह हों कि काश्मीर की विधान सभा शायद ऐसा नहीं चाहती थी और हम उस को ऊपर से लाद रहे हैं तो मैं समझता हूँ कि वह हमारे उद्देश्य की पूर्ति में बाधक होगा जिस उद्देश्य की पूर्ति हम इस विधेयक के द्वारा करना चाहते हैं । साम्प्रदायिक राज्य के सिद्धांत पर सन् 47 में हम ने एक पाप किया था जिस से हमारी मातृभूमि का बटवारा हुआ और दुर्भाग्य से आज भी इस देश में कुछ ऐसे लोग मौजूद हैं । तो ठीक इस मौके पर जब बंगला देश में एक नई क्रान्ति हो रही है जो कि मैं समझता हूँ पाक-अधिकृत काश्मीर में भी छिड़ेगी, बल्कि पाकिस्तान के दूसरे हिस्सों में भी छिड़ेगी जो कि साम्प्रदायिक राष्ट्रीयता को चूर-चूर कर देगी । इस मौके पर हमारे लिए यह उपयुक्त नहीं होगा कि काश्मीर के मामले में काश्मीर की जनता की मर्जी से वहां की विधान सभा की मर्जी से या सरकार की मर्जी से जो परिवर्तन हो, उस को हम यहां से रोक दें । आज की स्थिति में यह मुनासिब नहीं होगा । इसलिए मैं समझता हूँ कि यह विधेयक इस उद्देश्य की पूर्ति में बाधक होगा ।

SHRI P. K. DEO (Kalahandi): Mr. Speaker, Sir, being one of those who have placed everything they possess at the feet of mother India to see her integrated democratically, it is my duty to congratulate my distinguished colleague, Shri Atal Bihari Vajpayee, who has kindly brought forward this non-official Bill. This may be defeated in this House but it will have a tremendous impact in the country because it is a timely move.

As I was pointing out yesterday, this country is a beautiful tapestry where various cultures and languages have been interwoven to make it a beautiful whole. The diversity of cultures and languages is

[Shri P. K. Deo]

the richness of this country and unity in diversity is the special characteristic of this nation. We are all Indians and there should not be any such provision in the Constitution which will give rise to even an iota of doubt regarding the nationalism of its citizens.

I would like to point out in this connection that the retention of this article in the Constitution is redundant. It has absolutely no effect. It reminds us of those days when Kashmir had a separate Prime Minister and separate Constitution. Even today it has a separate flag. I have myself seen during the independence day celebrations in Kashmir in Srinagar streets only the Kashmiri flag flying and only one or two Indian flags.

I had the privilege of serving in Joint Committees on many Bills like the Commission of Inquiry (Amendment) Bill, Lokpal and Lokayukt Bill and the Criminal Procedure Code (Amendment) Bill and invariably in every case we have taken the views of the Government of Jammu and Kashmir. In all cases they have ungrudgingly extended their hand of co-operation and they have agreed that the scope of the Bill should be extended to the State of Jammu and Kashmir.

In view of all these facts, and specially after hearing Shri Inder J Malhotra, there is absolutely no ground why this article should form part of our Constitution. It is an anachronism in our Constitution and it is redundant. It is high time that it is completely abrogated. When that is the feeling of the government also, why should there be any fear that the abrogation of the article will lead to serious repercussions. On the other hand, at a time when we find that fissiparous tendencies are growing in this country, when political parties are trying to fan communal and other feelings for their own ulterior motives, it is high time that all States are treated equally and it is ensured that there is no

discrimination between Jammu and Kashmir and Orissa, West Bengal or Madhya Pradesh.

My hon. friend, Shri Bhogendra Jha was saying that it might lead to further resentment in the people of Jammu and Kashmir. Why should it be so? Then it was said that ultimately we may have to take recourse to armed suppression. Why should it be so? Such a thing could be possible only in a Communist country. Such a thing could be possible only where there is Breznev doctrine. Such a thing could be possible only if the national upsurge of the people is suppressed. The aspirations of the people have been suppressed in Czechoslovakia by Russian intervention. But why can it be ever thought of in a country like ours where all of us feel proud to be Indians and where even the people and the leadership of Kashmir are anxious that this provision should go?

That is the consensus of this House and I think it is the feeling of the Government, even though we will get the same stereotyped and identical reply that we got last time on Shri Prakash Vir Shastri's motion. I hope, the Government would take courage in both hands and declare here and now that this provision would be abrogated.

THE MINISTER OF STATE IN THE
MINISTRY OF LAW AND JUSTICE
(SHRI NITIRAJ SINGH CHAUDHARY):
Mr. Speaker, Sir, Vajpayeeji who has moved the Bill has spoken in Hindi, and other friends have spoken in Hindi and English; therefore, with your permission, I would like to reply to some points raised by Vajpayeeji in Hindi and in English.

श्री वाजपेयी ने बोलते समय यह कहा था कि नहरूजी ने यह आश्वासन दिया था कि संविधान की यह धारा 370 बीरे-बीरे खिसती जायेगी और खिस कर बिल्कुल

समाप्त हो जायेगी। मैं समझता हूँ कि वह प्राप्ति ठीक था और उसका प्रसारण पालन किया गया है। यह धारा इतनी घिस गई है कि अगर श्री बाजपेयी थोड़ा सब रक्के तो थोड़े समय में यह बिल्कुल घिस जायेगी। मैं उनको बतलाऊंगा कि किस तरह से यह धारा घिसनी जायेगी।

श्री अटल बिहारी वाजपेयी : यह आप घिस्सा दे रहे हैं।

श्री नीतिराज सिंह चौधरी : घिस्सा नती दे रहा हूँ, वास्तविकता बतला रहा हूँ।

There are two problems. We should consider the present position and what will happen if this Bill is accepted and passed. The present position is that the entries in the Union and concurrent Lists can be extended to Jammu and Kashmir after consultation with and concurrence of the Government of Jammu and Kashmir. The various Presidential orders issued under Article 370 have extended various laws passed by this august House to the State of Jammu and Kashmir. As I said, gradually this article is losing its force. I will cite

instances. Union departments, like Customs, Central Excise, Posts and Telegraphs, Civil Aviation, All India Radio etc., have their operations extended to the State of Jammu and Kashmir.

18 Hrs

The scheme of all India services is also applicable to Jammu and Kashmir with the result that I. A. S. and I. P. S. officers are being posted to States. My hon. friend, Shri Malhotra, referred to certain privileges that these officers are taking in Jammu and Kashmir. My colleague, the Deputy Home Minister, was here and I pointedly drew his attention to it and, I hope, he will take note of it and take suitable action.

MR SPEAKER Now, he may continue the next time.

The House stands adjourned till 11 A.M. on Monday.

18 01 Hrs

The Lok Sabha then adjourned till Eleven of the Clock on Monday, November 22, 1971/Agrahayana 1, 1893

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Review of the working of Community Development Schemes

153. SHRI P. M. MEHTA :
SHRI R. S. PANDEY :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have decided to give the Community Development Programme a new orientation designed to make the C.D. blocks the champions of the weaker sections of the people in rural areas ;

(b) if so, the main features of the proposed programme ; and

(c) when they are likely to be implemented ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH): (a) to (c). Integrated and co-ordinated development of the entire rural sector with effective participation of the people continues to be the basic approach of the Community Development programme. It is now a part of the State Sector of the Fourth Five Year Plan. However, in view of the special programmes introduced under the Central/or the Centrally Sponsored Sector for the purpose of benefitting the small and marginal farmers and agricultural labourers and the Crash Scheme for Rural Employment for promoting

employment through the creation of durable community assets, it is considered necessary that the Community Development blocks and their staff should be suitably oriented to look after the weaker sections of the people. Instructions have been issued to the States to utilise the block agency fully in the implementation of the special programme. Government are also examining what other steps are necessary in the same direction.

SHRI P. M. MEHTA : It is good that, though late, the Government has now decided to re-orient the Community Development activities. In view of this, may I ask whether the Government considered any scheme for socialisation of the distributive trade, and if so, the details thereof ?

PROF. SHER SINGH : No decision has been taken so far by the Government for the socialisation of the distributive trade. I don't think this question is relevant so far as it concerns the Community Development Department. It is not for the Community Development Department to socialise the distributive trade.

As I pointed out, for the weaker sections of the society, we are taking up programmes of employment and other programmes.

SHRI P. M. MEHTA : This is very relevant from the point of view of employment and socialisation of the trade and I am unable to know how the Minister can say that it has no relevancy.

MR. SPEAKER : Please don't invite my comments on that.

SHRI P. M. MEHTA : All right ; I accept that; but may I know this ? May I know from the hon. Minister whether the representatives of the rural institutions

and farmers' organisations and Govt. officials of some 12 Asian countries met at a Seminar here recently and if so, whether they have considered the contribution to the rural development of the Community Development Blocks ?

MR SPEAKER : You are asking a very specific question and you can put it in another way. So far as his knowledge of some seminar is concerned, I do not mind if he is in a position to answer, but you may put it in another shape.

SHRI P. M. MEHTA : Thank you very much, Mr. Speaker, for your kind guidance. I want to know whether there was any such Seminar and whether the Government of India and Government officials took part in it and whether they discussed the Community Development programmes.

PROF. SHER SINGH : I have no knowledge of that but one Seminar was held in Shantipratishthan some days ago about discussing some programmes for rural development and our officers took part.

SHRI R. S. PANDEY : Taking into consideration the very meagre representation in Zilla Parishads and Panchayats given to the weaker sections of the people, may I know whether they have issued any directions to the State Governments to give adequate representation in order to look after the weaker sections of the people ?

PROF. SHER SINGH : Representation is given to the Scheduled Castes and the Scheduled Tribes and to women also. As far as the weaker sections of the population are concerned, small farmers and the marginal farmers can be Members of the Panchayats, Zilla Parishads, etc. But there are no reservations for other sections of society. There are reservations for Scheduled Castes and Scheduled Tribes.

SHRI R. S. PANDEY : All the big farmers are controlling the Zilla Parishads and Panchayats. You can't have representation of the weaker sections untill and unless you give representation to these people and you give direction to the State

Governments in this regard. This should be given, because, otherwise, the Zilla Parishads and Panchayats are all dominated to big farmers.

MR SPEAKER : I think that is a suggestion for action. I think the Minister may make a note of it.

PROF. SHER SINGH : It is very difficult to reserve seats for certain other sections of the population. As the House is aware, in the Constitution, there is a provision for reservation of seats for Harijans and others, for Scheduled Castes and Scheduled Tribes. It is only for them that we could make reservations according to the Constitution. It is difficult for us to say anything or write to the State Governments to make reservation for other sections of the people.

SHRI KRISHNARAO PATIL : I would like to know from the hon. Minister whether there is any specific proposal to revitalise and activate the Community Development machinery with the new programmes.

PROF. SHER SINGH : I think I have stated about this earlier. We have re-oriented the staff to take up the special programmes which I have enumerated with regard to marginal farmers, small farmers and others.

श्री सूरज पंडे : ग्राम तोर से अब तक का तर्जुबा यह बताता है कि कम्युनिटी डिवेलपमेन्ट से समाज के कमजोर हिस्सों को लाभ नहीं हुआ है। पिछली रिपोर्ट में भी ऐसी बातें कहीं गई थी। इस लिये मैं जानना चाहता हूँ कि आप के पास ऐस कौन से स्पेसिफिक सुझाव है, जिन से वीकर-सेक्शन का कम्युनिटी डिवेलपमेन्ट से फायदा हो सके।

प्रो० शेर सिंह : यह ठीक है कि कम्युनिटी डिवेलपमेन्ट के प्रोग्राम से जो हमारे समाज में पिछड़े लोग हैं गरीब लोग हैं, उन्हें बहुत लाभ नहीं हो रहा है और इसीलिए हम सोच रहे हैं कि जितने नये प्रोग्राम चल रहे हैं जिन को मैंने अभी गिनाया है, ... (बबबबब) ... उन का सब कामकसद यही है।

एक सामाजिक सदस्य : वह प्रोग्राम क्या है ?

श्री० शेर सिंह : मार्जिनल फार्मर्स, स्माल फार्मर्स, कैंन स्कीम फार रूरल एम्प्लायमेंट एंड एम्प्लायमेंट प्रॉमोटिव स्कॉम और दूसरे जो छोटे फार्मर्स हैं, ऐग्रीकल्चरल लेबरर्स है उनको काम देने के लिए प्रोग्राम दिए हैं, उनके अंदर कम्युनिटी डेवलपमेंट का भी अपना हिस्सा है, एजेंसी के तौर पर वह काम करते हैं। तो इनके द्वारा जो पिछड़े हुए गरीब वर्ग के लोग हैं हमारे समाज के उनकी सहायता करने का कार्यक्रम है। इसके अलावा और भी हम सोच रहे हैं लेकिन अभी उन पर विचार हो रहा है और नये प्रोग्राम के बारे में स्वीकृति मिल गई तो उनको भी धारा बढ़ाएंगे।

- (i) The community development agency should undertake responsibility to assist small and marginal farmers.
- (ii) It should become an agency for guaranteeing employment for the wage-seeking farm labour ;
- (iii) It should take within its fold the towns for development of a hierarchy of growth centres ;

हमारे पाइलट प्रोजेक्ट्स बगैरह चल रहे हैं, इस तरह ग्रोथ के सेंटर हम बढ़ाएं और उन के डेवलपमेंट के काम करें यह काम कर रहे हैं।

- (iv) For the purpose of planning and ensuring the tasks indicated in (i) and (ii), the area or the district in which it is located should be integrated ;

ये जितने प्रोग्राम हैं उनका इंटिग्रेशन करें।

The Block organisation should be strengthened with the needed number of agricultural specialists, engineering staff agro-service staff and social education staff.

Youth and women organisation should be activated by accelerating social change;

Gram panchayat, the basic democratic body for promoting people's participation should be strengthened.

यह 6-7 बातें हैं। इन से ज्यादा एफेक्टिव काम हम कर सकेंगे।

श्री बी० पी० मौर्य : 25 वर्ष की आजादी के बाद आज बहुत से ऐसे गांव हैं, मंत्री महोदय जो अच्छी तरह से जानते होंगे; आज भी मालिकों और गुलामों के गांव बने हुए हैं। तब प्रति सर्वहारा समाज के इस बंधन को तोड़ने के लिए क्या सरकार सक्ती के साथ दो बातों में प्रयत्न करेगी जिस में प्रति सर्वहारा समाज में खेतिहर मजदूर अपनी भौंपड़ी अपनी जमीन पर खड़ी कर सकें और दूसरे इन को पीने के लिए पानी मिल सके ? यह कब तक आप कहेंगे ?

श्री० शेर सिंह : यह तो मेरे साथी गुजर बी हाउसिंग कर चुके हैं...

SHRI B. P. MAURYA : Even after years, they are living like slaves. I w a categorical answer to my Question.

कोई समय दे सकेंगे आप ?

अध्यक्ष महोदय : आप सीधे तौर पर प्र करिए।

श्री बी० पी० मौर्य : अध्यक्ष महोदय, मैं प्रश्न बहुत छोटा और साफ है। प्रति सर्वहारा समाज के खेतिहार मजदूर अपनी भौंपड़ी अपनी जमीन पर खड़ी कर सकें और उन को पीने पानी तो मिल सकें, यह कब तक सरकार ब स्था कर देगी ?

MR. SPEAKER : It relates to 0 Ministries also.

THE MINISTER OF STATE IN MINISTRY OF WORKS AND HOUS (SHRI I. K. GUJRAL) : So far as for housing in rural areas are concerned the scheme has been circulated to

States. A decision depends upon the States. From the Centre, I can promise that funds will be made available for implementation of the schemes.

Census of Agriculture Holding

*154 SHRI G. Y. KRISHNAN : Will the Minister of AGRICULTURE be pleased to refer to the reply given to Unstarred Question No. 7032 on 5th August, 1971 regarding census of Agricultural holdings and state :

(a) whether the census has since been undertaken; and

(b) if so, the progress made so far ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir, the field work is in progress.

(b) The field work is scheduled to be completed by the end of December, 1971 in a majority of the States and by March 1972 in the remaining States/Union Territories. Tabulation of the data will be taken up thereafter and every effort will be made to complete it by the close of 1972. The State reports are scheduled to be completed by May, 1973 so that the All India Report is ready by September, 1973.

SHRI G. Y. KRISHNAN : Will the Minister assure us that it will be completed at least by 1973 ?

SHRI ANNASAHEB P. SHINDE: That is what I have indicated. Our programme is going almost according to schedule. It is a very big work; but it is going according to schedule.

SHRI G. Y. KRISHNAN : What is the further programme after this census ?

MR. SPEAKER : To produce more children !

Stoppage of work in Mormugao Development Project

*159. SHRI SAMAR MUKHERJEE : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the attention of Government has been drawn to the stoppage of work in the Mormugao Development Project resulting in laying off more than 1,000 workers ;

(b) if so, the reason for the stoppage; and

(c) what steps have been taken by Government to remove the lay off ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The Yugoslav dredging firm, who were awarded a contract for dredging and reclamation at Mormugao as part of the project for the development of the Port, suddenly stopped work on 31st August, 1971 and laid off 481 workmen engaged on the work, on the ground that they had incurred losses and wanted the Port Trust to concede certain claims. As a result of a series of discussions held with the representatives of the firm at the Port Trust and Government level, a settlement has been reached with the firm and they have resumed work from the 5th November, 1971.

SHRI SAMAR MUKHERJEE : Is there any possibility of resuming this work ?

SHRI RAJ BAHADUR : The work has been resumed from 5 November.

SHRI SAMAR MUKHERJEE : Have the persons laid off been taken back ?

SHRI RAJ BAHADUR : They will be taken back. The work has been resumed. There should be no difficulty about labour.

SHRI SAMAR MUKHERJEE : Will be resumed or has been resumed ?

SHRI RAJ BAHADUR : It has been resumed from 5 November.

SHRI SAMAR MUKHERJEE : Have they been taken back ?

SHRI RAJ BAHADUR : They have been.

Despatch of Fertilisers to Bihar for Rabi Season

*161. **SHRI N. E. HORO :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether Union Government have sent fertilizers to meet the requirements of cultivators during the rabi season in Bihar due to the floods ; and

(b) if so, the quantum and dates of despatch ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). A statement is placed on the Table of the Sabha.

Statement

(a) Yes.

(b) In the Zonal Conference held in April, 1971, the requirements of fertiliser by Bihar for Rabi 1971-72 were indicated as 1,10,000 tonnes of nutrients. Out of this about 36,800 tonnes i.e. about 33% was to be supplied by the Central Fertiliser Pool and the balance about 67% of the requirement was to be met from the supplies direct from the domestic manufacturers. The requirements of the Pool fertilisers in Bihar for the Rabi season is met through allotments by the Government of India against the October-December and January-March quarters. Part of Rabi requirements for stock-building are also met through the allotment made in the July-September quarter. The requirements of fertiliser for Bihar for the Rabi season indicated in the Zonal Conference held in April, 1971 were, to a certain extent, revised by the State Government in August, 1971. In pursuance of this, allotments upto October-December 1971 quarter have already been issued and those for January-March, 1972 quarter will be issued in due course.

Taking 2/3 of the July-September, 1971 quarter and whole of October-December, 1971 quarter as part of the Rabi allotment and correspondingly taking the supplies made from August to October, 1971, the position of supplies in relation to requirements, allotments and despatch instructions is given in Statement 'I'.

It will be seen from the Statement 'I' that the supply of Urea was satisfactory. In fact, the Government of India specially kept considerable quantity of Urea available in the godowns of the Bihar State Warehousing Corporation to help distribution in Bihar and the following quantities of Urea were available in these godowns at the end of the August, September and October, 1971 :—

	Committed	Uncommitted	Total
31.8.71	2,817	9,995	12,873
30.9.71	2,513	6,355	8,886
31.10.71	2,318	2,682	5,000

The proportion of supply of 'DAP' and 'CAN' was low being 49% and 37% respectively. In the case of 'CAN' this was mainly due to difficulty in procurement from abroad. Two shipments are now expected and the requirements of Bihar Govt. are expected to be met shortly. It may be added that it is the policy of the Government to encourage the use of Urea in place of 'CAN' as the former is a better fertiliser and will also be domestically produced in future. As far as 'DAP' is concerned, this was due partly to difficulties in procurement from abroad and largely due to difficulties in rail movement from Calcutta and Visakhapatnam on account of floods and other difficult conditions in the eastern sector. The Govt. of India specially gave sanction for road movement at the cost of the Govt. of India from Calcutta to destinations in Bihar up to 1,000 kms and in respect of despatches from Visakhapatnam for 500 kms beyond unrestricted rail-heads. This facility, however, could be utilised by the State Govt. only in a limited way on account of their difficulties in arranging trucks, because of the general shortage of trucks in the eastern region resulting from difficult conditions prevailing in that area.

NOTE : Supplies shown in column 10, comprise total physical supplies made during the period including those against earlier allotments and Despatch instructions.

SHRI N. E. HORO : In this statement, it is said that there were two difficulties, one of procuring fertilisers from abroad and the other of movement inside. What have Government so far done to remove those difficulties after the question of supply of fertilisers to Bihar was taken up.

SHRI ANNASAHEB P. SHINDE : What I have explained has to be appreciated properly. There is no shortage of nitrogenous fertilisers in the country as a whole, including Bihar. Only particular types of nitrogenous fertilisers like ammonium sulphate and CAN are not available. All the world over, much production of this type of fertilisers is not taking place as in the past and urea is a much better fertiliser.

As for Bihar, their difficulty has been to get a physicaly the allotments already made from Calcutta and Vizag. There has been some transport difficulty experienced by the Bihar Government. We told the Bihar Government that we were prepared to reimburse them if they could transport by trucks. Even the expenditure on transport of fertiliser upto 1,000 kms. from Calcutta would be reimbursed. The Bihar Government is having some difficulties in arranging trucks. We have taken it up with them. They should, if necessary requisition trucks and see that fertilisers, are transported from Calcutta Stocks are there.

SHRI N. E. HORO : In order to meet these difficulties, will the Government consider stocking these fertilisers in warehouses in places like Patna, so that this question of transport does not arise at the time when the need is felt? will they consider this proposal?

SHRI ANNASAHEB P. SHINDE : The hon. Member is right. That has been our policy—stocking in the States. Even in

Bihar, some stocks of urea have been kept available throughout which have not been fully utilized.

SHRI D. N. TIWARY : From the statement we find that a short term loan of Rs. 570 lakhs has been sanctioned especially because of drought conditions. Nowhere there is mention of flood conditions, we understand that nothing has been sanctioned for the flood areas, as we find from experience that in Bihar, at the time of the rabi sowing season, there is dearth of fertilisers and the peasants are running from door to door, from pillar to post, and they are not finding fertilisers?

SHRI ANNASAHEB P. SHINDE : As I said, we requested the Bihar Government to make arrangements two or three months earlier, but somehow or other —

SHRI D. N. TIWARY : At that time, there was no flood.

SHRI ANNASAHEB P. SHINDE : After floods also, we made allotments. We told them that the stocks are available at Calcutta and Vishakapatnam and said "Please transport it and we shall also reimburse to you any expenditure." But somehow or other, the Bihar Government could not organise the transport. We have repeatedly taken it up with the Bihar Government. We are aware of the local difficulties. But the local arrangements have to be made by the State Governments. But we can help by way of money, assistance, etc., and that has been done in the case of Bihar.

SHRI D. N. TIWARY : The question is about floods, and you are replying about drought. Have you made any arrangements? I want to know.

SHRI ANNASAHEB P. SHINDE : The question is about fertilisers to meet the requirements of the cultivators in the

rabi season in Bihar due to floods. Most of the rabi areas of Bihar were affected. Over and above that, our arrangements cover flood areas also.

SHRI D. N. TIWARY : In the answer, it is only about drought.

श्री नरसिंह नारायण पाण्डे : मैंने स्वयं माननीय खाद्य मंत्री को इस आशय का तार भेजा था कि उत्तर प्रदेश और बिहार के किसी गोदाम में एक छटांक भी खाद या बीज नहीं है। रबी अभियान को कामयाब बनाने के लिए हिन्दुस्तान के किसी भी कोने से खाद का बीज उपलब्ध नहीं किया गया है। फल के बाद मंत्री महोदय ने यह स्टेटमेंट दिया था कि सरकार बीज का प्रबन्ध करेगी। मैं यह जानना चाहता हूँ कि इस सम्बन्ध में जो डिफिकल्टीज हैं, उनको दूर करने के लिए मंत्री महोदय ने क्या कदम उठाये हैं, जिस से खाद और बीज उपलब्ध किया जा सके।

SHRI ANNASAHEB P. SHINDE : I must make it clear, and I want the hon. Member to appreciate this. Internal distribution in the respective State is entirely the responsibility of the State Governments. What we can do is to make the quantities available to them, but road transport, etc., have to be organised by the respective State Governments. Recently, due to defence movement and a number of other priority movements, there have been some difficulties experienced by the State Governments. There has not been any deliberate default even on the part of the State Government; due to the present situation, there was dislocation; first, due to floods. Thereafter, because of the security and a number of other reasons including railway move-

ment, wagons were not available. But we are now making all efforts. Therefore, I said that we are prepared to help the Bihar Government by making a substantial amount available to them. If they are required to incur additional expenditure by way of transport, there is no difficulty and we shall re-imburse this. The hon. Member said that stocks are not available. May I tell him that even now I checked up today before replying to this question urea stocks were available in Government of India Godowns in Bihar which were not fully utilised....(Interruption)

MR. SPEAKER : Do not interrupt.

SHRI ANNASAHEB P. SHINDE : Special trains are being run to several states including U. P. The hon. Member was asking me about Uttar Pradesh. I can also point out, because it is a national problem, we requested the U.P. Government to say whether they were prepared to take the fertilisers in open wagons because covered wagons are not available with the railways. But the Uttar Pradesh Government took nearly a month to agree to this. I personally went to Lucknow and requested the Minister to accept open wagon movement; it does not affect adversely. (Interruption)

MR. SPEAKER : Order, order. Next question.

Short-term Credit needs of Agriculture at the end of Fourth Plan

* 162 **SHRI R. P. ULAGANAMBI :** Will the Minister of Agriculture be pleased to state :

(a) whether the short-term credit needs of the agriculture at the end of Fourth Plan has been worked out, if so, the details of the study; and

(b) how Government propose to meet the credit needs of the Agriculture ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir. The All-India Rural Credit Review Committee (1969) has estimated the requirements of short-term credit in the last year of the 4th Plan as Rs 2,000 crores.

(b) The cooperatives are expected to meet roughly Rs. 700 crores of short-term credit in the financial year of the 4th Plan. Direct lending by commercial banks to farmers for agriculture is expected to be of the order of Rs. 400 crores by the end of 4th Plan. Of this, approximately Rs. 200 crores would be for short-term agricultural production purposes. However, there would still be a gap between requirements and needs. Therefore, the institutional credit agencies have to give priority in meeting the requirements of smaller cultivators so that the larger cultivators could rely more on their own resources.

SHRI R. P. ULAGANAMBI : In view of the answer given by the hon. Minister, I would like to know if any regionwise estimate has been made and if so the details.

SHRI ANNASAHEB P. SHINDE : Statewise estimates have been worked out and the credit review committee went into this and this total is the result of figures worked out statewise. The statewise figures are incorporated in the credit review committee report. If the hon. Member wants I am prepared to give the statement giving the statewise figures.

SHRI R. P. ULAGANAMBI : There is a gap of about Rs. 900 crores. How would this be met ? Is there any institution created for this purpose and if so, what are the details ?

SHRI ANNASAHEB P. SHINDE : Rs. 2,000 crores is the requirement as worked by the rural credit review committee. Credit which is likely to come

through is about Rs. 1100 crores and there would be Rs. 900 crores gap and I do not think it is possible to make up this gap through institutional credit in the immediate future. Government policy has been that available credit should be given to the comparatively smaller and affluent sections of the society should find resources of their own.

SHRI P. VENKATASUBBAIAH : Has the Government simultaneously reviewed the rural indebtedness of the small farmers ? Are they aware that inspite of institutional credit and credit through commercial banks, the per acre production of small farmers has not gone up and if so, what is the specific provision being made by the Government to see that institutions and commercial banks confine themselves to small farmers to help in their production ? What is the programme ?

SHRI ANNASAHEB P. SHINDE : The Reserve Bank of India carries on periodical surveys of rural indebtedness. They did so a decade earlier, another one is due and it will be done in due course by the Reserve Bank of India. Because of indebtedness and a number of other factors, it is true that the small farmers do not get adequate credit and therefore the Reserve Bank had been given instructions recently to the credit organisations that ways and means should be found out to overcome this. For people affected by drought or natural calamities, a mechanism has been worked out whereby short-term could be converted into medium term loans and farmers should be given that loan.

SHRI CHINTAMANI PANIGRAHI : What was the short term credit advanced to the farmers in the first three years of the Fourth Plan and have those credits already been recovered ? If not, what is the outstanding with the farmers ? When advancing new loans, would they also give up collection or postpone collection of those loans so that farmers who are in need can take up those loans ?

Secondly, I would like to know whether the Government is going to ex-

tend the same facilities in those areas of Orissa which have been affected by floods and cyclones.

SHRI ANNASAHEB P. SHINDE : As far as the first part of the question is concerned, in the co-operative credit structure the overdues more than Rs. 200 crores. The hon. Member will appreciate that the small farmers are unable to make both ends meet. Because of the smallness of their holdings, they are not able to pay. It is a very difficult and complex problem. The Government approach has been, as I already said, make efforts to help the farmers who are unable to pay because of natural calamities etc., and a policy decision has been taken to this effect. As far as Orissa cyclone-affected farmers are concerned, the general policy covers them that if, as a result of natural calamities, they are unable to pay, they will be able to get fresh loans, but the Orissa Government will have to take the necessary steps in that regard.

श्री भोगेन्द्र झा : अध्यक्ष महोदय, सरकार की ओर से बातों में यह कहा जा रहा है कि छोटे किसानों को कर्जा दिया जायेगा और इस प्रकार की नीयत उनकी रही है लेकिन जहाँ तक मेरी जानकारी है यह जो आश्वासन देते हैं, जो अभी मन्त्री जी ने कहा कि छोटे किसान कर्जा भरा नहीं कर पाते हैं, यह दिक्कत है जहाँ तक मेरा अनुभव है सरकारी कर्जा बाँकी रखने वालों में खनी लोग हो ज्यादातर हैं

अध्यक्ष महोदय : आप तो इन्ट्रोडक्शन में पढ़ जाते हैं। आप सीधा प्रश्न ही कीजिए।

श्री भोगेन्द्र झा : मैं सीधा प्रश्न ही करने जा रहा हूँ।

मेरा आग्रह है क्या मन्त्री महोदय सदन को बतायेंगे कि जब से बैंकों का राष्ट्रीयकरण हुआ है पूरे देश में छोटे किसानों को या जिन को ये माजिनस फार्मर्स कहते हैं कुल कितनी रकम दी गई है ? जिन 14 बैंकों का राष्ट्रीयकरण हुआ

है उनके द्वारा कितना पैसा उन करोड़पतियों को जो कि अपने काले बन से फार्म खोलते हैं, दिया गया है और...

अध्यक्ष महोदय : यह सवाल पैदा नहीं होता है।

श्री भोगेन्द्र झा : स्माल फार्मर्स, माजिनस फार्मर्स, और कैप्टेसिस्ट्स लैंड ग्रैंवर्स को कितना पैसा दिया गया है ?

MR. SPEAKER : You can put a separate question. This does not arise out of the main question.

SHRI ANNASAHEB P. SHINDE : I appreciate the hon. Member's contention that in the State from which he comes, namely Bihar, and in fact in the whole of the eastern region, credit position is very difficult because the co-operative structure has not developed. I was making a statement at the all-India level. As far as the percentage of loan given to the small farmers is concerned, I have got figures for the co-operative banks, but for the commercial banks the break-up is not available. The total number of holder accounts after nationalisation is 8,06,000 but the break-up is not available.

Cultural Delegations

*164. **SHRI V. MAYAVAN :** Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number and composition of Cultural Delegations sent abroad during the last three years ;

(b) the countries visited by such Delegations ; and

(c) the number and composition of cultural Delegations that visited India during the last three years and from which countries ?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN): (a) 17, 22 and 14 cultural delegations were sent abroad during 1968-69, 1969-70 and 1970-71, respectively. The delegations comprised of scholars, writers, artists, musicians, theatre experts, art critics, musicologists, choreographers, dancers, painters, sculptors, etc. The detailed information regarding the delegations sent abroad was furnished to the Lok Sabha Secretariat on 15.10.1971 in a statement (as Annexure 'B') in fulfilment of an assurance arising from the reply to Starred Question No. 1032 asked by Shri Jagannath Misra on 9th July, 1971. [Annexure 'B' Placed in Library. See No.LT—1667/71]

(b) The cultural delegations mentioned above visited U.S.S.R. and countries in East and West Europe, U.K., U.S.A. Japan, Philippines, Fiji, Singapore, Malaysia, Kuwait, North & West Africa, West Asia, Australia, Mexico, Carribean Islands, Indonesia, etc. Details are given in the statement mentioned in reply to part (a) above.

(c) The number of cultural delegations who visited India during 1968-69, 1969-70 and 1970-71 were 30, 42 and 38, respectively. These delegations which included dancers, musicians, artists, writers, scholars, art critics, etc, came from the U.S.S.R., France, Federal Republic of Germany, Romania, Hungary, Bulgaria, Argentina, Uganda, Czechoslovakia, Indonesia, Ceylon, Burma, Nepal, Bhutan, etc.

Detailed information regarding the foreign delegations that came to India is given in the statement marked Annexure 'A' furnished to the Lok Sabha Secretariat on 15.10.1971 in fulfilment of the assurance mentioned in part (a) above. [Annexure 'A' Placed in Library. See No. LT—1667/71]

SHRI V. MAYAVAN: In the light of the reply given, may I know whether it is a fact that in most of the cultural delegations, no South Indian artists are

included and whether it is also a fact that no Tamil drama troupe has so far been sponsored for tour abroad, say, to Malaysia and Singapore?

PROF. S. NURUL HASAN: It is a very difficult question for me to answer. If that notice had been given, I would have given the answer. But looking at this list, I find a 17 member dance and music ensemble of Bharata Natyam-visited USSR, Mongolia, Poland and GDR. A 25 member troupe from Kalakshetra, Madras, went out to Hungary, Czechoslovakia and Rumania. There are some names here which appear to be definitely from the South like Shri T. Janakiraman, Prof. Sivaramamurthi, Shrimati Kamala who led a 20 member Bharata Natyam delegation, Shri K. S. Narayanaswamy, etc. There are many other South Indian names which appear, but if he gives notice, I will make out a detailed list.

SHRI V. MAYAVAN: May I know how it is ensured that the cultural delegations sent abroad are given an all-India character? Who is the authority making the recommendations to the Governments? Are the State Governments consulted in the selection and composition of these delegations?

PROF. S. NURUL HASAN: The procedure has been undergoing a change during the last 25 years. The present practice is that the Ministry takes a decision, either directly on the advice of the various national academies or alternatively it has entrusted and transferred certain responsibilities in connection with delegations to the Indian Council of Cultural Relations. As the House may recall, the Indian Council of Cultural Relations has now been given to the Ministry of External Affairs under its administrative charge.

श्री पन्नालाल बाबूपाल : मैं आपकी माफ़त यह जानना चाहता हूँ कि संस्कृतिक प्रतिनिधि मंडलों के अलावा संसदीय प्रतिनिधि मंडलों के अलावा संसदीय प्रतिनिधि मंडलों में भी आज तक कितने संसद सदस्य हैं जिन को कहीं

नहीं भेजा गया है ? बहुत से सदस्य ऐसे हैं जो सन् 1952 से यहाँ पर हैं लेकिन उन को काले पानी तक नहीं भेजा गया है ...

अध्यक्ष महोदय : माननीय मंत्री महोदय बतलायें कि संसदीय समिति के कितने कलाकार भ्रम तक बाहर भेजे गये ।

श्री पन्नालाल बाबूपाल : प्राइम मिनिस्टर ने ऐश्वर्य दे दिया था, लेकिन उस को भी भूल गये कि संसद सदस्यों को भेजा जायेगा ।

SHRI R. S. PANDEY : What are the criteria for selection of artists to be sent in various cultural delegations. Mr. Speaker, you would be happy to know that there are many Members of Parliament who are beautiful singers, some in Carnatic music. I myself can claim to know something in that field. Why are you neglecting Members of Parliament in the cultural delegations ?

MR. SPEAKER : I will arrange a test for all the members and I will certainly recommend those who are good *Kalakars*.

SHRI DINESH CHANDRA GOSWAMI : May I know whether it is a fact that so far as representation in cultural contingents is concerned the north-eastern region has been completely ignored in the composition of the cultural troupes that have gone abroad ? Secondly, out of the teams which have come from outside how many teams gave programmes in the north-east region during the last three years ?

PROF. S. NARUL HASAN : With regard to the north-eastern region I can straightaway think of Manipuri dance teams which have gone abroad. I know that they received a great deal of appreciation when they went abroad.

AN HON. MEMBER : What about Odissi ?

PROF. S. NURUL HASAN : Odissi dancers have also gone abroad and received a great deal of appreciation. With regard to the second part of the question, I would need notice to find out which of the delegations that came from outside went to the north-eastern region.

SHRI C. CHITTIBABU : Has the Minister any idea of sending a troupe consisting of players of the classical instrument Nadaswaram which is a traditional instrument in South India ? Americans used to evince a lot of interest in Nadaswaram.

PROF. S. NURUL HASSAN : This is a very valuable suggestion and it will certainly be taken into consideration.

SHRI SHANKERRAO SAVANT : How many delegations from Maharashtra were sent abroad ?

अध्यक्ष महोदय : मंत्री महोदय को बाद में लिस्ट बना कर भेज देना चाहिये ।

While judging the merits, you will have to go into the States also.

Allocation of Rs. 10 Crores for Social Housing Scheme

*166. **SHRI P. GANGADEB :** Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether his Ministry have allocated Rs. 10 crores housing loans to State Housing Boards from the LIC fund for the implementation of the social housing scheme ; and

(b) if so, whether the Centre will have any check on these investments ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Yes, Sir.

(b) According to the terms and conditions of the loan agreement, the moneys are to be utilised only for the

implementation of the social housing schemes introduced by this Ministry.

SHRI P. GANGADEB : May I know how the LIC proposes to utilise its fund for the major social objectives, like housing; without affecting adversely the policy-holder's interests ?

SHRI I. K. GUJRAL : LIC does not utilise the funds directly ; LIC only gives loans at a pre-determined rate of interest and as these loans are secured loans, there is no question of a risk on the part of the LIC.

Allocation of Funds to West Bengal for Housing Projects

*167. SHRIMATI BIBHA GHOSH GOSWAMI : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the total amount allotted to the West Bengal Government for the housing projects during the first three years of the Fourth Five Year Plan ;

(b) the amount spent so far by the West Bengal administration for this purpose ;

(c) whether a number of project works have not been taken up due to the negligence of the West Bengal administration ; and

(d) if so, the action taken in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) An outlay of Rs. 315 lakhs has been approved by the Planning Commission for the first 3 years of the Fourth Plan.

(b) According to information received from the State Government, an expenditure of Rs. 74 lakhs had been incurred in 1969-70. The anticipated expenditure for 1970-71 was reported to be Rs. 214 lakhs against an approved outlay of Rs. 103 lakhs. Final figures have not yet

been received. For the year 1971-72, an outlay of Rs. 120 lakhs was approved by the Planning Commission ; the amount utilized so far against this provision has not yet been reported.

(c) and (d) . No such instance has come to our notice.

SHRIMATI BIBHA GHOSH GOSWAMI : From the answer I find that an amount of 315 lakhs only has been approved as the outlay for the first three years of the Fourth Five Year Plan. I want to know whether the Minister's attention has been drawn to a news item published in the *Patriot* dated the 27th August, 1971, which said :—

"Despite the fact that West Bengal got the lion's share of the funds for urban housing schemes allotted by the Centre, progress so far by the State Government in implementing the schemes has been extremely tardy. The Centre has sanctioned Rs. 140 crores for the first three years of the Fourth Plan as against Rs. 242 crores allotted to the rest of the country. The Centre has also earmarked Rs. 8 crores for bustee clearance in Calcutta City. For this year Rs. 3 crores have been sanctioned for bustee clearance out of which the State Government had been able to utilise only Rs. 60 lakhs till July."

Will he give his reaction to that ?

SHRI I. K. GUJRAL : This is my statement. I do not have to give my reaction to it.

SHRIMATI BIBHA GHOSH GOSWAMI : I want to know from the Minister the expenditure up to 31st October, 1971, out of the approved outlay of Rs. 120 lakhs for 1971-72.

SHRI I. K. GUJRAL : I have been to Calcutta and have discussed with the CMDA authorities about expenditure growth. The CMDA is a new body which came into being last year and, naturally, in the earlier stages it was finding it difficult to find the implementation machinery.

But, as time is passing, I am hoping that the CMDA will catch up. Calcutta is one case where the Centre is now giving substantial financial help and we are keen that Calcutta should use it, and come up to the expectation.

SHRI INDRAJIT GUPTA : The CMDA, to which the hon. Minister referred just now, is not only of recent origin but is a sort of an omnibus body which is supposed to look after so many aspects of urban development. May I know from him whether any specialised agency for the construction of housing projects in West Bengal and particularly in the urban area has been set up so far and whether it is not a fact that there is no State Housing Board yet finalised and that these funds, whether they be from the LIC or from the Central Government, are not being effectively spent because no specialised agency has been set up? What does the Government propose to do about it?

SHRI I. K. GUJRAL : I am in agreement with my hon. friend. I am trying to impress upon the West Bengal administration that they must set up a housing board. Unfortunately, I have not succeeded so far. But I might say that West Bengal is not the only instance. There are a few more States also which have not yet set up housing boards and the result is that housing activity in those States is suffering rather badly.

SHRI INDRAJIT GUPTA : West Bengal is under the President's Rule now. What is the difficulty in setting up a housing board?

SHRI I. K. GUJRAL : Although it is under the President's Rule, it has its own administration. I have been impressing upon the administration, the Governor and the Secretaries concerned, that housing board should be quickly set up.

SHRI B. K. DASCHOWDHURY : In view of the hon. Minister's concern to get housing board set up in West Bengal for housing projects, I would like to remind

the hon. Minister that housing projects are also to be executed, other than Calcutta in mofussil districts of West Bengal. May I know whether the Government has got a scheme to look after the housing projects in mofussil districts also?

SHRI I. K. GUJRAL : The allocation of housing, as I mentioned earlier, is for West Bengal. I am sorry, the housing activity is lean in other parts of the State primarily because there is no housing project. That is why I have been impressing that a housing board is imperative.

**Ordinance Lowering Land Ceiling
in Bihar for President's Assent**

+

*170. **SHRI BHOGENDRA JHA :**
SHRI RAM BHAGAT
PASWAN :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Bihar Government has promulgated two Ordinances in July, 1971, lowering ceilings on land and introducing ceiling on urban property respectively ;

(b) if so, whether President's assent to the above Ordinances has been refused ; and

(c) if so, the reasons therefor ?

**THE MINISTER OF STATE IN
THE MINISTRY OF AGRICULTURE
(SHRI ANNASAHAB P. SHINDE) :**

(a) to (c). The draft Ordinance on Bihar on Land Ceiling was discussed with the Chief Minister and Revenue Minister of Bihar on 7th September, 1971. The Government of India is in broad agreement with the legislative proposals made by the Government of Bihar. A few suggestions made by the Government of India are now under the consideration of the State Government. The Government of India is keen to have the new ceiling law enacted as early as possible.

As regards ceiling on urban property is concerned the matter is under the active consideration of the Govt. of India. Every effort is being made to arrive at an early decision.

श्री भोगेन्द्र झा : जहाँ तक जमीन की हदबन्दी को कम करने का प्रश्न है, शायद मिनिस्टर महोदय जानते हैं, और सदन को भी ज्ञात है, कि विभिन्न राज्यों में बड़े भूस्वामियों का दबाव इतना ज्यादा है कि बार-बार मांग करने पर भी अभी तक उसको लागू नहीं किया जा सका है। उदाहरण के लिए महाराष्ट्र में भी जहाँ के मंत्री महोदय आते हैं, मुख्य मंत्री बड़े पूँजीवादी जमींदारों के हितों को संरक्षण दे रहे हैं। बिहार सरकार ने थोड़ी सी हिम्मत की है। वहाँ से जो अध्यादेश आया है, वह भी बिहार के शासन यंत्र और मन्त्री मंडल में खास तौर से उनकी पार्टी पर जमींदारों के प्रभुत्व के कारण काफी कुंठित हो गया है। उसमें भी भूस्वामियों के हितों का संरक्षण किया गया है, लेकिन फिर भी यह आगे की ओर एक कदम है। क्या यह सच है कि बिहार के बड़े-बड़े मठाधीश, जिनके मठ भ्रष्टाचार, व्यभिचार और पाप के भण्डे बने हुए हैं, यहाँ आये थे और चूँकि उनको कुछ कन्द्रीय नेताओं का संरक्षण प्राप्त है, इसी लिए बिहार सरकार से कहा जा रहा है कि उनकी भूमियों को उक्त अध्यादेश से बरी कर दिया जाए? कोई ऐसा महीना नहीं बीतता है, जिसमें ये मठाधीश एक दो हत्याएँ नहीं करते हैं। अभी भी ऐसी हत्याएँ हो रही हैं। इन हत्याओं को दबाने के कारण राष्ट्रपति शासन में दो पुलिस अफसरों को मुग्तिल कर दिया गया है। क्या यह सच है कि इन मठाधीशों के दबाव के कारण यह निर्णय किया गया है कि उनकी भूमियों को उक्त अध्यादेश से बरी कर दिया जाए? क्या यहाँ से यह भी सुझाव दिया गया है कि चीनी मालिकों को भी, जिनमें बिड़ला वगैरह भी शामिल हैं,

बरी कर दिया जाए? क्या उनके दबाव के कारण इस सम्बन्ध में विलम्ब किया जा रहा है? कहा जा रहा है कि यह मामला यह महीनों से एक्टिव कन्सिडरेशन में है। क्या यह अच्छा नहीं होगा कि एक्टिव कन्सिडरेशन को छोड़ कर केन्द्र उस अध्यादेश को एसेन्ट दे दे? बिहार पहला राज्य है, जहाँ से यह प्रस्ताव आया है।

SHRI ANNASAHEB P. SHINDE : Sir, before I reply to this question, I have to make a small appeal to you that your secretariat should really direct questions to me which are concerned with my Ministry. I know Government is one. But "urban ceiling" is dealt with by one Ministry and "land ceiling" is dealt with by another Ministry.

MR. SPEAKER : The procedure is that we send it in advance to the Ministry and if any Ministry brings to the notice of our office that it concerns the other Ministry, we shift it to the other Ministry. But, unfortunately, this has happened. I will look into this matter.

SHRI ANNASAHEB P. SHINDE : I would like to be very clear and categorical.

As far as the Government of India is concerned, we would not like to be pressurised on land ceilings by any group of interested sections of the society.

AN HON. MEMBER : Even in Maharashtra ?

SHRI ANNASAHEB P. SHINDE : Yes, even in Maharashtra.

In the case of Bihar, the proposal which was forwarded to us, first of all, at the all India level, we have taken the position that family should be the unit for ceiling. But the Bihar proposal was related to the individual as a unit. Naturally, we have, therefore, suggested to the Bihar,

Government that it would be worthwhile examining as to why they should not accept family as the unit for ceiling when we have taken an all India position that family should be the unit and that should be incorporated in the ordinance.

I wonder when the hon. Member himself was a petty perhaps, when these broad proposal were worked out, he should have insisted on that.

Then, the second thing was that in East India including Bihar the major question was of extending protection to the share-croppers who are the tillers of the soil. This ordinance did not provide adequate protection to the share-croppers. Therefore, we have suggested to the Bihar Government that it would be desirable and I hope the hon Member himself will appreciate this point. Therefore, because of this, we have been taking up these points with the State Government. We have made suggestions. It is now for the Bihar Government to expedite.

As I have stated in the main part of my reply, we are very keen to give assent to the ordinance as proposed by the Bihar Government with the suggestion made by us.

SHRI INDRAJIT GUPTA : The other one ? What about urban property ?

MR. SPEAKER : That, he said, is not his subject.

श्री भोगेन्द्र झा : मंत्री महोदय ने बटाई-दारों, शेबरकापर्व, का जिक्र किया है। बिहार के काश्तकारी कानून में उसके लिए काफी बाराये मौजूद हैं। जहाँ तक उस कानून को लागू करने का सवाल है, हम जानते हैं कि जब तक किसान संगठित नहीं होंगे, तब तक उसको लागू नहीं किया जाएगा। बटाईदार कानून को लागू करने के सम्बन्ध में बीस हजार से ज्यादा किसानों पर मुकद्दमे चलाये जा रहे हैं। हम इन सब बातों का सामना करेंगे। चाहें कोई भी सरकार को,

उसको यह कानून लागू करना होगा। मैं समझता हूँ कि उसकी बहाना बनाकर इस अध्यादेश को एसेट देने में देरी करने की जरूरत नहीं है। जहाँ तक परिवार के आधार पर हदबन्दी करने का प्रश्न है, मन्त्री महोदय की पार्टी उसके लिए तैयार नहीं हो सकी है। इसलिए इस बात के बावजूद कि हम उस सरकार में पार्टनर थे, हमारी मर्जी के अनुसार काम नहीं हो सका। पूरे सत्रह महीने से बिहार विधान सभा और विधान परिषद द्वारा पास किया गया टाटा जमींदारी को समाप्त करने वाला कानून केन्द्र के पास पड़ा हुआ है। अब खबर है कि उसको वापिस कर दिया गया है।

अध्यक्ष महोदय : माननीय सदस्य सवाल पूछें। वह तो एक रेगुलर भाषण दे रहे हैं।

श्री भोगेन्द्र झा : मैं सवाल पूछ रहा हूँ।

क्या यह सही है कि टाटा जमींदारों को खत्म करने के लिए भूमि-मुधार कानून में जो संशोधन किया गया था, वह केन्द्रीय सरकार के पास 17 महीने से पड़ा हुआ था और अब टाटा के दबाव में आ कर केन्द्रीय सरकार ने उसको वापिस कर दिया है और उसको राष्ट्रपति की सम्मति नहीं मिली है ? क्या केन्द्रीय सरकार भूस्वामियों के हितों के संरक्षण के लिए उसको एसेट देने में विलम्ब नहीं कर रही है ?

SHRI ANNASAHAB P. SHINDE : I will totally repudiate the contention of the hon Member. In fact, there was a separate question earlier regarding Tata's Zamindari, but as Shri Ramavatar Shastri was not present, that question did not come up. ... (Interruptions)

MR. SPEAKER : Order please. I am going to declare the Question Hour over, (Interruptions)

SHRI S. M. BANERJEE I am asking for your guidance.

MR. SPEAKER : Let him reply.

SHRI ANNASAHEB P. SHINDE : I was submitting that as far as the Tata's Zamindari abolition proposal from Bihar Government was concerned, that has been sent back because of constitutional and legal aspects which were involved. And I said and I again repeat. ... (*Interruptions*)

श्री भोगेन्द्र झा : पटना हाईकोर्ट ने उसको खारिज कर दिया है। यह हाईकोर्ट की सीधीन कर रहे हैं। (व्यवधान)

SHRI ANNASAHEB P. SHINDE : It is no time to have a debate on this, but briefly I would like to say this. For example, even the proposal forwarded by Bihar Government did not exclude taking away land of public sectors and there are many other legal and other aspects.

श्री भोगेन्द्र झा : पटना हाईकोर्ट ने खारिज कर दिया। सुप्रीम कोर्ट में टाटा नहीं गए। प्रायकी कोर्ट में सुनवाई हो रही है... (व्यवधान)

SHRI ANNASAHEB P. SHINDE : I would say that so far as the Government of India is concerned they will not be pressurised by any section or any individual.

श्री भोगेन्द्र झा : यह बहुत खतरनाक बात है। टाटा के हुक्म पर आप काम कर रहे हैं। आपने पटना हाईकोर्ट की सीधीन की है।

अध्यक्ष महोदय : अब क्वेश्चन आवर खत्म हो गया है।

Now we pass on to Call Attention. You are making Question Hour almost a regular debating-hour or cross-examination hour, which is not at all the intention of the Question Hour. The Question Hour is over.

WRITTEN ANSWERS TO QUESTIONS

Passenger service by sea from Jammagar and other ports to Bombay

* 151. **SHRI D. P. JADEJA** : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government of India are considering to start passenger service from Jammagar and other ports to Bombay by sea; and

(b) if so, the main features thereof ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) No, Sir

(b) Does not arise.

Formation of Art Commission

* 152. **SHRI SUBODH HANSDA** : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Government have decided to form an Art Commission as recommended in the National Building Code; and

(b) if so, when this will be formed ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b). The recommendation is under consideration.

Evaluation report on the working of Super Bazaars

* 153. **SHRI BISHWANATH JHUNJHUNWALA** : Will the Minister of AGRICULTURE be pleased to state :

(a) whether recently the Government had instituted an enquiry about the effectiveness of the Super Bazar as an instrument of stabilising prices of consumer goods and promote consumer resistance; and

(b) if so, the main recommendations of the evaluation report ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) No, Sir. An assessment was, however, recently undertaken in respect of only the drugs and the medicines section of Super Bazar, Delhi.

(b) A statement of the main points contained in the assessment report is laid on the Table of the House,

Statement

The main points made in the assessment report in respect of the Drugs and Medicines Section of the Super Bazar are as follows :—

1. The prices charged by the Super Bazar are not more than the prices fixed under the Drugs (Price Control) Order, 1970. Further, there is no under profit motive, and, even when there is a shortage of some drugs, controlled prices are also charged for such drugs by the Super Bazar against the tendency of some of the dealers to charge higher prices when the drugs are in short supply.

2. The volume of business of the Drugs and Medicines Section for 1969-70 was about Rs. 21 lakhs, and for 1970-71, about Rs. 27 lakhs. The total prescriptions attended were about 1000 per day.

3. The Super Bazar does not run night service, as they consider that there will not be enough customers to make it economical.

4. Oxygen cylinders are stocked by the Super Bazar and given to customers on deposit of Rs. 200, as against Rs. 200-300 charged by other dealers. In deserving cases, where a guarantee is given by medical practitioners, the cylinders are even given without any deposit. However, the Super Bazar does not have home-delivery service for cylinders,

5. The Super Bazar stocks all life-saving and other important drugs, like Morphine, Pethidine and other narcotic drugs, sera and vaccines, antibiotics etc.

6. The Super Bazar has opened branches, with drugs and Medicines Sections, at the three important hospitals, (Irwin, Willingdon and Safdarjung) within the hospital premises, to cater to the needs of the patients visiting these hospitals. There are no special schemes to contact hospitals, nursing homes, leading medical practitioners etc., or to advertise, in order to attract more business for the Super Bazar.

7. As regards the question of the Super Bazar having any influence on holding the price line of drugs, it is mentioned that the prices of drugs including the trade commission are controlled under the Drugs Price Control Order and the question of Super Bazar playing any special role in this matter does not arise.

8. It is felt that the drug stores of the Super Bazar are attracting substantial business, possibly because they are located at important places such as hospitals, Connaught Place etc. Moreover, the customers have a faith that genuine drugs will be available at these stores.

9. The Super Bazar does not undertake preparation of antibiotics and hormones, combinations of ophthalmic drops and ointments etc. It is felt that the Super Bazar has scope for improving its performance in the field of drugs and Medicines.

(Note : The Super Bazar has since decided to undertake repacking of certain chemicals, salts etc.)

Setting up of Fruit Processing Industry

* 155. SHRI N. SHIVAPPA :
SHRI D. P. CHANDRA
GOWDA :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have taken any decision to set up Fruit Processing Industry in the country ;

(b) if so, the main features of the scheme ; and

(c) the funds allocated for this ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) No. Sir.

(d) and (c). Do not arise.

Demand, Manufacture and Sale of Tractors

*157. SHRI BANAMALI PATNAIK : SHRIMATI SAVITRI SHYAM :

Will the Minister of AGRICULTURE be pleased to state :

(a) the total demand of tractors in the country ;

(b) the number of tractors manufactured in the country and the number of those imported during the last year and the corresponding figure during the current year ; and

(c) how the control imposed recently on the sale of tractors is going to benefit the country and whether any after-sales service will also be provided ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The total demand of tractors as on 1.6.1971 has been assessed as 1,14,905.

(b) During 1970, 19,943 tractors were manufactured and 12,954 tractors were imported/shipped. 13,339 tractors were manufactured upto October, 1971 and 12,431 tractors imported/shipped upto August, 1971.

(c) The Tractors (Distribution and Sale) Control Order, 1971 is intended to

discourage frivolous booking of orders and to prevent resale of tractors immediately after purchase at premium which they could fetch in view of acute shortage. After-sale service facilities both for indigenous and imported tractors are provided.

Central Assistance to Andhra Pradesh for Rabi Cultivation

*158. SHRI D. KAMAKSHALAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether any assistance has been given to Andhra Pradesh for Rabi cultivation programme; and

(b) if so, the extent of assistance given ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes.

(b) (i) A short-term loan of Rs. 579.40 lakhs as detailed below has been sanctioned especially because of drought conditions, to be utilised for this year's Rabi cultivation programme :—

(a) Fertiliser taccavi	... Rs. 479.00 lakhs
(b) Seeds	... Rs. 49.40 lakhs
(c) Pesticides	... Rs. 51.00 lakhs
Total	Rs. 579.40 lakhs

(ii) Assistance has been given to the Government of Andhra Pradesh for development of Rabi cotton and tobacco and also for development of both kharif and rabi oilseeds during 1971-72. The amount sanctioned to the State Government for these schemes are shown below :—

Cotton (rabi)	... Rs. 63.46 lakhs
Tobacco (rabi)	... Rs. 16.90 lakhs
Oilseeds (kharif & rabi)	... Rs. 19.86 lakhs
Total	Rs. 100.22 lakhs

These amounts are being utilised for the provision of technical staff and subsidy on plant protection chemicals and equipment as also the cost of demonstration in respect of cotton and groundnut. In addition, cost of seedlings, barns and wells is being subsidized in respect of tobacco.

(iii) Three smaller teams of technical and field officers of the Centre visited nine districts in the State and assessed prospects of Rabi Food and Cash Crops in those areas and made suitable recommendations to State Govt. for augmenting agricultural produce during this season.

(iv) Assistance in timely movement of fertiliser etc. as required by the State Government was also given.

American Foundations in Educational Field

*160. SHRI RATTANLAL BRAHMAN: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number of private American foundations that are providing finance or active help in the educational field in India; and

(b) if so, what is the criteria for allowing such private foreign organisations to function in this country ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA): (a) and (b). The required information is being collected and will be laid on the Table of the Sabha in due course.

Number of Cases Involving Untouchability Offences Act

*163. SHRI BAKSI NAYAK : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the total number of cases involving offences under the untouchability Offences Act during the current year in various parts of the country;

(b) the action, if any, taken in this regard by the Central Government; and

(c) whether attention of Government has been invited to an editorial titled "The Plight of Harijans" published in the Statesman of the 8th October, 1971 and if so, the reaction of Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) and (b). These are not readily available and will be laid on the table of the Sabha.

(c) Yes, Sir. The points highlighted are under examination.

Tata Zamindari Abolition Bill Pending for Presidential Assent in Bihar

*165. SHRI M. KATHAMUTHU : SHRI RAMAVATAR SHASTRI :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Centre has refused to give clearance to the Tata Zamindari Abolition Bill passed by the Bihar Legislative Assembly; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P SHINDE) : (a) and (b). The Government of India have returned the Bihar Land Reforms (Amendment) Bill, 1970 dealing with the subject to the Government of Bihar for re-consideration of certain legal and Constitutional aspects.

Missing of Books from Delhi University Library

*168. SHRI R. R. SINGH DEO : SHRI HUKAM CHAND KACHWAL :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether more than 52,000 books missing from the Library of the Delhi University;

(b) whether Government have received any report in this regard from the University authorities and, if so, the board outlines of the report; and

(c) whether action has been taken or is being taken against the officers responsible for this loss ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) The stock verification carried out by the University in July, 1971 has revealed a tentative shortage of 30,751 books out of the total of 4,15,145 volumes in the University Library.

(d) No, Sir.

(c) Action is being taken by the University to process the entire accession numbers with the help of computer to find out the actual number of books not traceable. Actual shortage will be known only after the data has been completely processed. Further action to fix responsibility and recover the loss will be considered by the Executive Council of the University.

Compensation for Birla House,
New Delhi

*169. SHRI SATYANDRA NARAIN SINHA : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the total compensation paid to the Birlas for acquiring the Birla House in New Delhi ;

(b) the basis on which it was calculated ;

(c) the authorities who calculated ; and

(d) what was the book value of this house ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) to (c). The Land Acquisition Collector, Delhi Administration, who is the competent authority to determine the compensation payable for acquiring property under the Land Acquisition Act, 1894, has assessed the total compensation for the Birla House as Rs 55,48,647. 37. The compensation has been calculated in accordance with the principles of the Land Acquisition Act. While tendering payment, a sum of Rs. 18,000/- was provisionally withheld in respect of certain electrical fittings, which were not handed over along with the building.

(d) As Birla House was not Government property, Government had not maintained any accounts of its book value.

Representation from Sugar Factories
in Tamil Nadu Seeking Removal
of restrictions imposed on sale
of Sugar

* 171. SHRI P. A. SAMINATHAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the sugar factories in Tamil Nadu have represented to the Government seeking removal of the restrictions imposed last month on the sale of sugar by producers to dealers;

(b) the reasons for imposing such restrictions ;

(c) the nature of the restriction ; and

(d) the steps proposed to be taken by the Government for removing the hardships of the producers ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) A representation to this effect has been received from the South Indian Sugar Mills Association (Tamil Nadu Branch).

(b) These restrictions were imposed with a view to preventing hoarding by producers and to even out sales and despatches of sugar by them.

(c) The restrictions imposed are as under :—

- (i) Producers of sugar were forbidden from refusing to sell sugar to a licensed sugar dealer, if unsold stock against a valid release orders was available with them ;

Rajinder Nagar Police Station Building Declared Unsafe

World Bank Assistance for Integrated Forest Development Project in Uttar Pradesh

*173. SHRI B.K. DASCHOWDHURY :
SHRI K. MALLANNA :
SHRI BIRENDER SINGH RAO:

*174. SHRI RAJDEO SINGH : Will the Minister of AGRICULTURE be pleased to state :

Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Rs. 5-lakh Rajinder Nagar Police Station building constructed about nine years ago had been declared unsafe and the station staff directed to vacate the premises immediately; and

(a) whether an integrated forest development project estimated to cost Rs. 30 crores had been submitted to the World Bank for financial assistance for Uttar Pradesh;

(b) if so, the main features thereof; and

(b) if so, the steps taken by Government against those contractors who constructed the building and the officials involved in it ?

(c) whether the project would boost the so far untapped industrial potential of the State by providing additional raw material and connecting the hitherto inaccessible interior of forests by roads ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a). Yes, Sir.

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : Yes, Sir.

(b) Certain cracks have developed in the building and these are showing signs of aggravation. Hence it is considered unsafe to use the building. As the building was constructed during 1961/62, no action can now be taken against the contractor as the period for which he was responsible is over. As the cracks are due to unusual settlement of foundation, no action is proposed to be taken against any official.

(b) The main features are (i) Planting of 2,20,000 Hectares of different quick growing economic and industrially important species (ii) introduction of modern methods of timber logging and (iii) construction of truckable roads in the hill forests of Uttar Pradesh.

(c) Yes, Sir.

Memorandum from C. G. H. S. Doctor's Association, Delhi

***175. SHRI DINEN BHATTACHARYA :** Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government have received any memorandum and suggestion from the C. G. H. S. Doctor's Association, Delhi demanding maximum facilities and implementation of their basic demands;

(b) if so, the main features thereof; and

(c) the steps taken by Government to redress the grievances of the doctors ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) Yes, Sir.

(b) The demands of the Association mainly relate to work load of Medical Officers, working hours of CGHS Dispensaries, restrictions on prescription of drugs by General Duty Officers, posting of Medical Officers near their residences and change in the nomenclature of 'dispensaries' etc.

(c) These demands are under consideration.

Solution to Problems of Chronically Drought-affected Areas in the Country

***176. SHRI Y. ESWARA REDDY :** Will the Minister of AGRICULTURE be pleased to state :

(a) what is the progress so far made in implementing the schemes approved by the Centre to solve the problems of chronically drought-affected areas in the country during the Fourth Plan;

(b) whether there is any proposal to set up a Central Agency to tackle the problems of drought-affected areas; and

(c) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) A statement is laid on the table of the Sabha.

(b) No Sir.

(c) Does not arise.

Statement

A Central sector scheme of Rural Works Programme for chronically drought affected areas was started during the year 1970-71. Under this programme, labour intensive and production oriented schemes like medium/minor irrigation, soil conservation, afforestation and rural roads etc. are being taken up in 54 selected chronically drought affected districts of the country. During the year 1970-71, a total outlay of Rs. 13.85 crores was sanctioned to the States for the approved schemes. The actual expenditure as reported by the State Governments was Rs. 6.48 crores. So far in the current financial year, a total outlay of Rs. 22.29 crores has been sanctioned for the approved schemes. Detailed reports indicating the physical and financial progress are awaited from the States.

Nationalisation of transport in Tamil Nadu

***177. SHRI K. BALATHANDAYUTHAM :** Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government of Tamil Nadu intends to nationalise the Transport in that state;

(b) whether the State Government have approached the Centre and sought financial assistance in doing this; and

(c) if so, the decision of the Centre thereon ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) Road passenger transport services are being progressively nationalised in

Tamil Nadu. The state Government have recently promoted legislation to facilitate divisions of transport undertakings having fifty or more bus permits on the 19th June, 1971.

(b) No proposal has been received from the Government of Tamil Nadu for financial assistance for the implementation of their programme of nationalisation of road transport in the State.

(c) Does not arise.

Proposal to set up a Wheat Board

*178. SHRI B. S. BHAURA :
SHRI MUHAMMED SHERIFF :
SHRI NARENDRA SINGH :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether there is any proposal before Government to set up a Wheat Board;

(b) if so, the main features thereof; and

(c) when it is likely to be set up ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) A proposal to set up a Wheat Board was mooted at a recent seminar on "Wheat in Indian Diet".

(b) and (c). The proposal is yet to be examined by the Government

Upward revision of Sugarcane Price

*179. SHRI S. M. BANERJEE :
SHRI SHYAMNANDAN MISHRA :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether it is a fact that Government has rejected the demand for an upward revision of sugarcane prices and decided to continue the existing statutory minimum price for 1971-72 season;

(b) if so, the reason for not revising the price despite unanimous demand from the cane growers;

(c) whether the views of the State Governments were taken on this; and

(d) if not, the reason for the same ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) and (b). The Central Government have, after careful consideration of all aspects, decided to continue the basic minimum sugarcane price for 1971-72 season at Rs 7.37 per quintal linked to a recovery of 9.4 percent or less, with a premium of 6.6 paise per quintal for every increase of 0.1 percent in recovery above 9.4 percent. The reasons for this decision are as under :—

(i) Any increase in the statutory minimum sugarcane price would have pushed up the sugar prices further.

(2) Increase in the statutory minimum price of sugarcane would have repercussions on the prices of other competing crops, and thereby aggravate the inflationary trends.

(3) The sugar factories should be able to pay a higher price for sugarcane than the minimum fixed by the Government, with the higher realisation they are getting at the present level of sugar prices.

(c) Yes, Sir.

(d) Does not arise.

Utilisation of Grant by Board of Trustees of Visva Yuvak Kendra

*180. SHRI C. K. CHANDRAPPA :
Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Board of Trustees of Visva Yuvak Kendra failed to utilise the land and the cash grant given by Government to this institution for the purposes for which it was intended; and

(b) the action taken or proposed to be taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) No, Sir.

(b) The question does not arise.

Complaints against Managing Director Central Warehousing Corporation

994. SHRI VAYALAR RAVI : Will the Minister of AGRICULTURE be pleased to state :

(a) Whether the Government have received any complaints of corruption against the Managing Director of the Central Warehousing Corporation; and

(b) if so, the action taken in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) No, Sir.

(b) Does not arise.

Hindustan Latex Office at New Delhi

995. SHRI VAYALAR RAVI : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the administrative office of the Hindustan Latex, Trivandrum is functioning at New Delhi;

(b) if so, the total expenses incurring every year for this establishment at New Delhi; and

(c) the total travelling allowance drawn by the concerned officials since 1969 ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) Yes.

(b) The total expenses incurred on the establishment of Hindustan Latex Limited

at New Delhi (including T. A. expenses) during 1969-70 and 1970-71 are as under :—

1969-70	1970-71
Rs. 1,91,661.62	Rs. 2,20,678.17

These figures do not include the T. A. paid to candidates called for interview.

(c) The total amount of travelling allowance drawn by the concerned officials during 1969-70 and 1970-71 is as under :—

1969-70	1970-71
Rs. 9,305.00	Rs. 16,487.00

Strike by Employees of Food Corporation of India, Kerala

996. SHRI VAYALAR RAVI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the employees of Food Corporation of India in Kerala had gone on strike during October, 1971; and

(b) if so, what are the reasons and the steps taken to settle it ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) No, Sir.

(b) Does not arise.

Equalisation of Excise Duty on 'Free' and 'Levy' Sugar and its Bufferstock

997. KUMARI KAMALA KUMARI : Will the Minister of AGRICULTURE be pleased to refer to the reply given to Starred Question No. 77 on the 1st April, 1971 regarding equalisation of excise duty on 'free' and 'levy' sugar and its bufferstock and state :

(a) whether decision has since been taken;

(b) if so, what is the decision; and

(c) if not, the time by which the decision is likely to be taken ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) to (c). The control on price, movement and distribution of sugar was removed with effect from 25th May, 1971. A uniform excise duty of 30% ad-valorem is being levied on all sugar after that date.

Government has been regulating the releases of sugar for sale by factories, and by a process of judicious releases it is being ensured that reasonably adequate reserve stock of sugar remains with the factories to meet future requirements. After decontrol of sugar, also, this procedure is being continued to be followed.

Training Centres for Health Established by UN Agencies.

998. KUMARI KAMALA KUMARI: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to refer to the reply given to the Unstarred Question No. 198 on the 23rd February, 1970 regarding the training centres for Health by UN agencies and state :

(a) whether the promised information has been collected; and

(b) if so, whether it will be laid on the Table of the House ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) and (b). The information has been collected and furnished. A statement containing the information is laid on the Table of the House. [*Placed in Librar*]. See No. LT—1068/71]

Scarcity of Sugar and Vanaspati in Assam

999. SHRI ROBIN KAKOTI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government is aware that great scarcity of both Sugar and Vanaspati is prevailing in Assam and the black market price of both of these commodities becoming unbearably high for common people;

(b) if so, what are the causes of such scarcity and abnormal rise of price of sugar and vanaspati; and

(c) the steps taken so far by Government to check the rise in price of sugar and vanaspati ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a). There is no scarcity of sugar in Assam at present. The despatches of sugar to Assam since September have been very satisfactory. As regards vanaspati, there was some hold up in supplies reaching Assam due to dislocation of traffic as a result of strike by railway employees and floods, but the position has improved with restoration of communications.

(b) Does not arise.

(c) The following measures applicable all over India have been taken in respect of sugar :—

(1) Factories have been forbidden from refusing to sell sugar to licensed sugar dealers, if unsold stock against a valid release order was available with them;

(2) Factories are required to sell in each weekly period of the release order not less than 20% of the monthly sugar quota released to them for sale;

(3) despatch or delivery of sugar by factories to individual licensed dealers has been restricted to 2, 200 quintals of sugar in each weekly period;

(4) restrictions have been imposed on stocks which the licensed sugar dealers can hold at any one time. The maximum limit varies from 7, 500 quintals in the case of importers of sugar in Calcutta to 250 quintals in case of towns with a population of less than one lakh;

(5) restrictions have been imposed on bank advances to the sugar trade against sugar stocks.

As regards vanaspati the maximum sale price is fixed by Government. Arrangements were made to rush 140 tonnes of vanaspati to Assam from factories in the neighbouring States. Railway authorities have also been requested to allot wagons on a priority basis for despatch of vanaspati to Assam.

(c) whether the Director of this 'Centre' is a member of the ICSSR body?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEP-

ARTMENT OF CULTURE (PROF. S. NURUL HASAN). (a) About 50 per cent. The Centre was given a national study of the election covering 15 per cent of the parliamentary constituencies, and involving interviews with out 5000 individuals

(b) In the 1957 elections, the Centre carried out a collaborative study with the Department of Political Science in the University of California and the University of Michigan, Ann Arbor. The processed data of this study was therefore shared with these Departments. Government has no information that these Institutions have any connection with the Pentagon.

(c) Yes, Sir.

System to facilitate easy flow of goods traffic by road

1004. SHRI DEVINDER SINGH GARCHA: Will the Minister of PARLI-

AMENTARY AFFAIRS AND SHIPPING AND TRANSPORT be pleased to state :

(a) whether there is a scheme under consideration of the Government to introduce a system to facilitate easy flow of goods traffic by road in a number of States ; and

(d) if so, the main features of the system and the names of States in which this system would be introduced ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :
(a) and (b) . During recent years, the Inter State Transport Commission have been working on various zonal schemes to facilitate easy flow of goods traffic by road on long distance inter-State routes. Of these, the South Zone Scheme has been in force since 1st January, 1967. It comprises the five States of Maharashtra, Mysore, Andhra Pradesh, Tamil Nadu and Kerala. A Special Reciprocal Agreement concluded between these five States provides for the following features :—

- (i) Goods vehicles plying under this Agreement could carry goods along certain specified routes of any of these five States without obtaining counter-signatures and can operate on a single point taxation basis.
- (ii) The Agreement would be valid for a period of five years
- (iii) Each of the signatory States was to issue composite permits for public carriers not exceeding 200. The permit is valid for National Highways/State Highways specified in the Agreement.
- (iv) A vehicle plying under this Scheme is required to pay, apart from the Motor Vehicles Tax and Goods Tax of the Home State, a sum of Rs. 500/- per annum to each of the four signatory States other than the Home State.

On the initiative of the Inter-State Transport Commission, the five States of Maharashtra, Mysore, Tamil Nadu, Andhra Pradesh and Kerala have now agreed to extend the existing Agreement for a further period of five years from 1st January, 1972.

The Western Zone Scheme which is now being finalised will include the eight States Union Territories of Maharashtra, Gujarat, Madhya Pradesh, Rajasthan; Haryana, Punjab, Uttar Pradesh and Delhi.

The salient features of this Scheme are as under :

- (i) Goods vehicles plying under this scheme can operate over the National and State Highways in any of the participating States/ Union Territories without obtaining counter signatures and will operate on a single point taxation basis.
- (ii) The validity of the scheme will be initially for a period of two years.
- (iii) The number of composite permits to be issued by each signatory State will be limited to 200.
- (iv) An operator would be allowed to choose a minimum of three States for operation, besides his Home State.
- (v) An operator will pay the usual taxes to the Home State (viz., Motor Vehicles Tax and Goods Tax) and, in addition, pay a composite tax of Rs. 700/- per annum to each of the other signatory State chosen for operation. All the taxes will be collected by the Home State initially on behalf of the other States.

All the State Government/Union Territories have already agreed to participate in the Scheme and the Scheme is expected to be brought into effect early in 1972.

The North Zone Scheme, with is also being finalised, will comprise the nine States/Union Territories, of Jammu & Kashmir, Haryana, Punjab, Chandigarh, Delhi, Rajasthan, Uttar Pradesh, Bihar and West Bengal. The North Zone Scheme broadly follows the pattern of the Western Zone Scheme. All the State Government/Union Territories concerned have agreed to participate in the Scheme, in principle, and a final Draft Reciprocal Agreement has already been circulated by the Inter State Transport Commission in the first week of November, 1971 for acceptance by the participating units. It is hoped to implement the Scheme by early 1972.

A Central Zone Scheme comprising of the five States of Maharashtra, Madhya Pradesh, Bihar, Orissa and West Bengal has also been initiated by the Inter-State Transport Commission on the lines of the South Zone Permit Scheme. The State Governments have agreed, in principle, to the Scheme. The details are under discussion with the participants.

A proposal for formation of an Eastern Zone Scheme on the lines of the South Zone Scheme has also been initiated by the Inter State Transport Commission in May, 1969. It is intended to cover Bihar, Orissa, West Bengal, Assam, Tripura, Nagaland, Manipur and N.E.F.A. In order to relieve the strain on inter-State movement in the far Eastern region, the formation of a North Eastern Zone Scheme comprising of Assam, Tripura, Nagaland, Manipur, N.E.F.A. and Meghalaya has also been proposed. These Schemes are being pursued with the proposed participants.

Promotion of Section Officers (Civil). C.P.W.D.

1005. SHRI S. D. SOMASUNDARAM : Will the Minister of WORKS AND HOUSING be pleased to refer to the reply given to Unstarred Question No. 3426 dated the 11th March, 1968 and state the present stage of the proposal of stopping direct recruitment to temporary vacancies ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : It has been

agreed to in principle, to suspend direct recruitment to both permanent and temporary vacancies in the Class II Engineering Services in the CPWD for a period of 7 years subject to the following conditions:—

- (i) Recruitment at the level of Junior Engineer (Class III) be made on the basis of all India competitive examination.
- (ii) Stepping up of direct recruitment at the level of Assistant Executive Engineer (Junior Class I) according to a phased programme.

Action has already been initiated to fulfil these conditions in consultation with the concerned authorities.

Tenure fixed for Transfers in C. P. W. D

1006. SHRI S. D. SOMASUNDARAM : Will the Minister of WORKS AND HOUSING be pleased to refer to the reply given to the Unstarred Question No. 1006 on the 2nd March, 1970, regarding details of tenure fixed for transfers in C.P.W.D. and state how these tenures are made applicable when an incumbent is promoted from a lower post to a higher post i. e. Junior Engineer to Asstt. Engineer, A. E. to Exe. Engr., Exe. Engr. to Supdg. Engrs. etc ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : In the case of officers promoted from one grade to another, the tenure rules are generally applied with reference to the total continuous stay of an officer at a particular station.

Pay Scales of Junior Engineers in C.P.W.D.

1007. SHRI S. D. SOMASUNDARAM : Will the Minister of WORKS AND HOUSING be pleased to state :

- (a) whether the pay scales of Junior Engineers in C.P.W.D. are the lowest among their counterparts and contemporaries in Central Government Departments and Ministries viz., Railways, M.E.S., Central Water and Power Commission and

Industrial Development and Company Affairs if all factors are taken into considerations ;

(b) if so, their pay scales, duties assigned and prospects etc., and

(c) when such disparity will be removed ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) No, Sir.

(b) and (c) : Do not arise.

Construction of dry Docks

1008. SHRI DEVINDER SINGH GARCHA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) Whether a Committee appointed by Government recommended the construction of dry docks ; and

(b) if so, what action Government have taken in this regard ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) The question of dry docks and ship repair facilities in the the country has been examined by a Sub-Committee of the standing Committee for Shipbuilding, Shiprepairs and Ship Ancillaries. The Sub-Committee's Report is yet to be considered by the Standing Committee before submission to Government.

(b) Does not arise at present.

Late Delivery of Ships at Hindustan Shipyard due to Irregular Supply of Ancillary Equipment

1009. SHRI DEVINDER SINGH GARCHA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether irregular supply of ancillary equipment by indigenous manufacturers has contributed to the late delivery of ships at the Hindustan Shipyard ;

(b) if so, the reason thereof ; and

(c) what steps Government have taken or propose to take in this regard ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) Yes, Sir

(b) The main reasons are that :

(i) the manufacture of many items of equipment is not yet fully established in the country and unforeseen difficulties cannot be altogether avoided.

(ii) quite often the delay arises due to reasons beyond the manufacturer's control, e.g. labour troubles or delay in the supply of steel and other material in short supply.

(iii) in some cases the manufacturer has to depend, for certain components, on certain other manufacturers in India or abroad.

(iv) sometimes in order to get the order the indigenous firms also quote unrealistic delivery dates to which they are not able to adhere.

(c) From the reasons indicated above, it is clear that it is not possible to eliminate such delays altogether. However, in order to examine the capacity of indigenous firms to adhere to delivery terms and watch the progress with reference to such capacity the Government has recently constituted a Steering Committee for Hindustan Shipyard.

Grants to Colleges in Dibrugarh for construction of Hostels

1010. SHRI ROBIN KAKOTI : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the names of Colleges in Dibrugarh District in Assam to which grants

have been given by the University Grants Commission for construction of hostels etc. during the last three years; and

(b) the names of the Colleges of Dibrugarh District whose applications are still pending with the University Grants Commission ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) Digboi College, Digboi.

(b) Naharkatiya College, Naharkatiya.

Archaeological Finds at Site of Reserve Bank of India office Building at Gauhati

1011. SHRI ROBIN KAKOTI: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether an important and significant archaeological discovery has been made at the site where the building of Reserve Bank of India Gauhati Office is proposed to be constructed ;

(b) if so, what is the progress made so far regarding excavation of the site ; and

(c) the amount spent so far ;

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) and (b). During the course of digging the foundations of the new Reserve Bank building at Ambari in the city of Gauhati during March 1969 some old images and structures were discovered. In 1969, with the approval of the Archaeological Survey of India, the University of Gauhati and the State Government jointly conducted a trial excavation in which a good number of Hindu images and other relics including pottery assignable to about the 9th Century A. D. were

unearthed. During 1970-71 a regular excavation programme was undertaken in collaboration with the Deccan College, Poona by the University of Gauhati and the State Government and on the basis of the excavated finds which included brick structures and other relics like pottery, two structural periods were recognised, one dating from the 7th to 12th century A. D. and the other from the 13th to 17th century A. D. The University of Gauhati in collaboration with the State Department of Archaeology proposes to undertake horizontal excavation during this winter in continuation of the previous work.

(c) This excavation was financed by the Gauhati University and the State Government. The total expenditure incurred so far on these excavations is being ascertained from them.

Cotton Production during 1970-71 and 1971-72

1012. SHRI N. SHIVAPPA :
SHRI P. M. MEHTA :
SHRI D. B. CHANDRA
GOWDA :

Will the Minister of AGRICULTURE be pleased to state :

(a) the quantity of cotton produced in the country during 1970-71 and 1971-72 ; and

(b) the steps taken by Government to increase the production of cotton in the country and reduce import ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The production of cotton during 1970-71 was 45.56 lakh bales. The official estimates of production during 1971-72 are not available.

(b) With a view to increasing the production of cotton and reducing the imports, the following steps are being taken by Central and State Governments :

(i) Intensification of research to evolve high yielding varieties ;

- (ii) Intensive Cultivation of cotton in selected areas under irrigation and assured rainfall conditions ;
- (iii) An Intensive Cotton District Programme in selected districts of important cotton growing States ;
- (iv) Development and Extension of Hybrid-4, a high yielding hybrid cotton.
- (v) Control of pests and diseases on campaign basis through ground/aerial spraying.
- (vi) Development of cotton under irrigated projects like Nagarjunasagar Project in Andhra Pradesh, Tungabhadra Project in Mysore and Rajasthan Canal in Rajasthan.

Raising the Minimum Age of Legal Marriage

1013. **SHRI M. M. JOSEPH :** Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) Whether the Central Council for Family Planning had urged the Centre to raise the minimum age of legal marriage to check the birth rate in the country ;

(b) if so, the main features thereof ; and

(c) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) Yes.

(b) The Council in its meeting held in October, 1971 at Jaipur has resolved that (i) suitable measures be taken by the States and Voluntary Organisations to create a climate of opinion in favour of a higher age of marriage ; and (ii) Government of India may expedite the amendment

of the Child Marriage Restraint Act, 1929, in terms of the Council's earlier resolutions on the subject.

(c) The question of amendment of the Child Marriage Restraint Act, 1929 is under active consideration of the Government.

Production of Cotton in Gujrat and Self-sufficiency in Cotton Production

1014. **SHRI PRABHUDAS PATEL :**
SHRI P. M. MEHTA :
SHRI D. B. CHANDRA GOWDA :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether a centrally sponsored scheme for maximum production of cotton in the important cotton growing States has not achieved good results in the Gujrat State in 1968-69 ;

(b) if so, the reasons therefor ;

(c) whether in 1970-71 it has achieved good results ;

(d) the total area covered in the State programme for cotton development in 1968-69 and 1970-71 ; and

(e) the steps being taken to reduce the import of cotton and make India self-sufficient in cotton production ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (b). The targets and the achievements under the Centrally Sponsored Programmes of cotton in Gujarat State during 1968-69 and 1970-71 are as follows :

<i>Year</i>	<i>Target</i>	<i>Achievement</i>
1968-69	54,000 hect.	53,584
1970-71	54,000 hect.	53,980

It would be seen that the targets laid down were almost achieved. In addition

State Government have also taken up distribution of inputs under coordinated cotton development scheme. As a result of the steps taken under the Centrally Sponsored Schemes and the cotton development programmes of the State, the yield per hectare of cotton increased from 149 kgs. in 1966-67 to 179 kgs. per hectare in 1970-71.

(e) With a view to increasing the production of cotton the steps being taken by the Central and State Governments are :

- (i) Intensification of research to evolve high yielding varieties ;
- (ii) Intensive cultivation of cotton in selected areas under irrigation and assured rainfall conditions ;
- (iii) The control of pests and diseases on campaign basis through ground and aerial spraying ;
- (iv) Development and extension of hybrid-4 cotton—a high yielding variety;
- (v) Development of cotton under irrigation projects in Nagarjunasagar project in Andhra Pradesh, Tungabhadra Project in Mysore and Rajasthan Canal ;
- (vi) In addition to this an Intensive Cotton District Programme is being implemented from 1971-72 onwards in selected districts in the important cotton growing States.

Ground Water Studies in Gujarat

1015. SHRI PRABHUDAS PATEL :
SHRI P. M. MEHTA :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Hydrogeological survey units were set up in Gujarat and other States for undertaking systematic ground water studies in 1968-69;

(b) if so, what extent the ground water survey has been made; and

(c) if so, how far the studies have proved helpful to the State ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) Hydrogeological survey units were set up in Gujarat for undertaken systematic groundwater studies in March, 1970.

(b) About 4,000 sq. miles area has been covered under the systematic groundwater survey.

(c) Groundwater studies carried out have helped the State in systematic exploitation of ground water through wells and tubewells. The percentage of failure of wells has decreased and has enabled tapping only fresh water aquifers by sealing saline zones in areas where groundwater development could not be taken up due to presence of saline water. The Groundwater studies have also provided detailed information about the depletion of groundwater level in some of the areas of the state and this will help in safe-guarding the over-exploitation of groundwater. So far the State groundwater cell has helped the state in clearing 14 areas for Agricultural Refinance Corporation/I. D. A. schemes and 10 Rural Electrification schemes for electrification of pump sets.

The required information is being collected from other States and will be laid on the Table of the Lok Sabha as soon as it is received.

Report of Bhagavati Committee for Inland Waterways Development

1016. SHRI MANORANJAN HAZRA: Will the Minister of SHIPPING AND TRANSPORT be pleased to refer to the reply given to Unstarred Question No. 610 on the 28th May, 1971 regarding the Inland Water Transport Committee report and state when the remaining schemes referred in part (c) of the reply are likely to be implemented ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : Out of the remaining schemes in question, 4 schemes costing Rs. 35.39 lakhs (as against Rs. 36.37 lakhs estimated by

the Bhagavati Committee) have since been sanctioned. The remaining schemes are still under consideration in consultation with the State Governments etc. It is not possible to indicate any time limit, mainly because the State Governments have not been able to indicate final dates by which their final views will reach the Central Government.

**Condition of return of Defective Tractors
from East Germany, even after Repair**

1018. SHRI BISHWANATH JHUN-
JHUNWALA : Will the Minister of AGRI-
CULTURE be pleased to state :

(a) whether even after modifications having been carried out, the East German tractors continue to be defective ;

(b) whether the East German Govern-
ment have now imposed a new condition
that Rs. 6,500 be deducted per tractor in
addition to depreciation of 8 percent be-
fore the tractors could be inspected ;
and

(c) whether Government have agreed
to this and if so, the total loss that will
have to be borne by the buyers of such
tractors and how many of them have been
accepted back by the G. D. R. Government
and how many still remain to be inspected
and returned ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE (SHRI
ANNASAHEB P. SHINDE) : (a) Yes.

(b) & (c). It was reported to the
Ministry of Agriculture that the G. D. R.
representatives had put a pre-condition for
deduction of Rs. 6,500 each Rs. 19 tractor,
besides 8 percent depreciation on the C & F
value. The condition imposed by G.D.R.
representatives was not agreed to. How-
ever, with a view to resolving the issue, the
matter was referred to the Technical Com-
mittee as stipulated in the protocol. The
average deductions on account of abnormal
repairs are around Rs. 600 per tractor.

1,998 tractors were imported from
G.D.R. Around 550 tractors were covered
by the first protocol. Of these, so far 455
tractors have been inspected and agreed
to be taken back by the G.D.R. Suppliers
representatives. Negotiations for the return
of the remaining tractors are under way.

Amendment of Mysore Land Reforms Act

1019. SHRI DHARAMRAO
AFZALPURKAR : Will the Minister of
AGRICULTURE be pleased to state :

(a) whether Mysore Government
have prepared a Bill to amend the Mysore
Land Reforms Act; and

(b) if so, the broad outlines thereof ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE (SHRI
ANNASAHEB P. SHINDE) : (a) Yes Sir

(b) It is under consideration

**Integrated Land Re-distribution and Rural
Works Programme for Landless Labour**

1020. SHRI D. P. JADEJA,
SHRI M. M. JOSEPH

Will the Minister of AGRICULTURE
be pleased to state :

(a) whether any plan is being drawn
up for an integrated land re-distribution
and rural works programme with a view
to removing the disabilities of small farms
and the abject poverty of the landless
labour ; and

(b) if so, its main features ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE
(SHRI ANNASAHEB P. SHINDE) :
(a) and (b). One of the main
objectives of the Fourth Five Year Plan
is to extend the benefits of development
to the smaller cultivators and the under-
privileged sections of the rural population.
The small-farmers holding upto 5 acres
of land and the agricultural labourers
represent 52% and 24% respectively of the
total rural households. Special programme
for these classes have been included in
the Fourth Plan. These programmes are
expected to create further employment for
this class and in the process accelerate
the development of the rural economy in
those areas.

There is a large body of small farmers,
who at the present moment are not viable
but who have sufficient land resources and
if enabled to take to improve technology
can become viable farmers. For the
development of this category of farmers,
46 projects are being undertaken in
different parts of the country. The Fourth
Plan outlay for this is Rs. 67.50 crores.

The intention is to make an organised
effort in these projects to provide access
to these potentially viable farmers to
inputs, credit, services and supplies. The
focus in these Projects is on intensive
agriculture. The potentially viable small
farmers are being defined with reference
to local conditions. This may vary in
irrigated areas and in unirrigated areas.
Broadly, the category covers holdings
from 2.5 to 5 acres with local adjust-
ments. Each project covers a district or
a part of district and deals with about
50,000 families. The financial provision
for each Agency is Rs. 1.50 crores for
the duration of the Fourth Plan.

Besides the potentially viable small
farmers, there are a large number of very
small farmers whose land base is itself
very narrow and whose income has
necessarily to be supplemented from
subsidiary occupations and farm labour.
41 projects have been sanctioned for the
benefit of these marginal farmers and
agricultural labour. The total Fourth
Plan outlay for this is Rs. 47.00 crores.
Each project covers a district or a part of
a district and caters to about 20,000
families. In some projects the area
covered is a compact and contiguous area
of two districts. This programme is
essentially market and works-oriented.
The selection of areas for these projects
is in relation to the availability of centres
of demand for the products. The bene-
ficiaries of these projects are marginal
farmers with holdings upto 2.5 acres
and some agricultural labour families.
While some of the participants are being
enabled to take to intensive agriculture
the major emphasis in these programmes
is on ancillary occupations like dairy,
poultry, piggery, sheep breeding etc. For
the purely landless labour there are
programmes of rural works. For each
project there is an outlay of Rs. 1 crore for
the duration of the Fourth Plan

For the benefit of the farmers in dry
areas, a programme of integrated dry
farming development is being undertaken
during the Fourth Plan in areas where
dry farming is practised on a large scale.
It is intended to have 24 pilot projects
ultimately. The total Fourth Plan provision
for this scheme is Rs. 20 crores.

As a part of non-Plan programmes, a series of rural works projects are being undertaken in areas which are prone to drought. The object of the Scheme is to create permanent civil works which will mitigate the effects of drought when it occurs and at the same time provide employment to the rural households. The programme is to cover 54 districts. The total Fourth Plan provision for this scheme is Rs. 100 crores.

With a view to alleviating the prevailing condition of unemployment and under-employment in rural areas, the Government of India have decided that a scheme for the execution of essentially labour intensive projects in all the districts of the country should be implemented with utmost urgency. The Scheme came into operation in April 1971 and will remain in operation till the end of the Fourth Plan. The scheme is likely to cost Rs. 50 crores per annum. The scheme contemplates direct generation of employment through the execution of projects which are essentially labour intensive in all the districts of the country. The scheme has a two-fold purpose. First each project should provide employment for 1,000 persons on an average continuously over a working season of 10 months in a year in every district. Secondly, each project should produce works of assets of a durable nature in consonance with local development plans.

Enactment of land ceiling legislations by State Governments is also expected to make some lands available for redistribution.

Sugar Crisis in terms of Productivity and Prices due to reduction in Cane Production

1021. SHRI BANAMALI PATNAIK: Will the Minister of AGRICULTURE be pleased to state :

(a) whether there is sugar crisis both in terms of productivity and prices largely due to reduction in cane production on as a result of diversion of land to other crops and lower cane prices in the last few seasons ;

(b) if so, the reaction of Government thereto; and

(c) the steps proposed to be taken to avert the same?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) and (b). The production of sugar in 1971-72 is expected to be lower than in 1970-71 and the prices of sugar are also currently some what higher than they were before decontrol of sugar, but the over all position is not such as to be described as a crisis.

(c) The following steps have been taken to increase production of sugar during the year:-

- (i) It has been made clear to sugar factories that they are expected to attract more supplies of sugarcane by paying higher cane price than the minimum fixed by the Central Government.
- (ii) A rebate of Rs. 17/- per quintal in Central excise duty on sugar produced upto the 30th November, 1971 and of Rs. 16 per quintal on sugar produced thereafter up to the 30th September, 1972, in excess of 80% of the sugar produced during the corresponding periods in 1970-71, has been allowed.
- (iii) The State Governments have been requested to grant similarly a rebate in cane purchase tax.
- (iv) The State Governments have also been requested to restrict establishment of khandsari units and power crushers in sugar factory areas and to regulate their working.
- (v) Forward trading in gur has been suspended with a view to stopping speculative bullish tendency in the gur prices.

Metal Roads for Garbheta, Midnapore to Chandrakona and Badanganj

1023. SHRI JAGADISH BHATTACHARYYA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government have any plan to have the roads from Garbheta, Midnapore, leading to Chandrakona and Badanganj metalled ;

(b) if so, when it is going to be implemented ; and

(c) if not, whether the Government are ready to accept the construction of the said roads during this plan period ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The required information is being collected and will be laid on the table of the Sabha in due course.

SHRI P. GANGADEB :
SHRI MUHAMMED SHERIFF:

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether All-India Conference on Population Education was held in New Delhi on 23rd October, 1971;

(b) if so, the subjects discussed; and

(c) the decisions arrived at?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D.P. YADAVA) : (a) An All India Conference on Population Education was held in New Delhi from the 21st to the 23rd October, 1971.

(b) The introduction of a Population Education curriculum at the entire school stage and the preparation of a suitable plan of action at the academic and administrative levels. Discussion also covered the field of teacher education and the possibility of a programme for out of school youth.

(c) The main decisions arrived at were as follows:—

(1) the importance and urgency of the subject justifies the simultaneous introduction of a population Education curriculum at all stages of school education.

(2) the draft syllabus on Population Education for schools prepared by the National Council of Educational Research and Training (NCERT) could be suitably adapted where necessary by states and implemented.

(3) the State Institutes of Education should take immediate steps to prepare and distribute instructional and supplementary reading material.

(4) the efforts of voluntary agencies working in this field should be supported.

(5) the NECRT should prepare a model syllabus on Population Education for teacher training colleges.

(6) the state departments of Education should take up the matter of incorporating Population Education content in the existing B.Ed. syllabuses with universities and training colleges.

(7) An intensive programme for the inservice training of teachers should be taken up immediately. This may initially be developed by the NCERT. Suitable instructional material for teachers should be prepared.

(8) Whenever possible, universities may be requested to introduce courses in Population Education as part of Social Sciences and Humanities.

(9) Schools, as community centres, can play a vital role in a programme for out-of-school youth.

(10) the draft syllabus prepared by NCERT for schools can be suitably amended for out of school youth.

(11) the concept of responsible parenthood can be appropriately explained in in the programme for out-of-school youth.

Profitability of Super Bazar in Delhi

1037. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of AGRICULTURE be pleased to state the profitability of super Bazars and Apna Bazar in Delhi during the last two years and to what extent the prices of commodities sold in these bazars are competitively cheap than those sold in the open market and the names of such items ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : For the year 1969-70, the Super Bazar, including its branches, incurred a loss of Rs. 18.57 lakhs. For the year 1970-71, it has also incurred loss, the exact amount of which will be known after the completion of audit of its accounts, which is in progress. It is the policy of the Super Bazar to sell consumer articles at fair and reasonable prices, which compare favourably with the market. A list of comparative prices of articles, compiled on the basis of market survey by Super Bazar, is given in the statement laid on the Table of the House. [Placed in Library See. No. I.T. 1069/71]

Poor Quality of Medical Graduates

1038. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the Union Public Service Commission has complained about the poor quality of Medical Graduates who appear before it;

(b) whether Government have taken note of the above criticism of the Union Public Service Commission and the serious consequences involved therein *vis a vis* public health;

(c) whether many of the colleges do not possess necessary equipments facilities required for teaching of medicine as laid down by the Medical Council; and

(d) if so, the steps Government propose to take to improve the standard of medical education ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) Yes. In 1968, the Union Public Service Commission made observations about the general standard of the candidates interviewed by them for recruitment to posts under the Central Government.

(b) The observations have been noted and brought to the notice of all concerned to effect suitable improvement, where necessary.

(c) The setting up of a Medical College is a costly venture and all facilities cannot be made available from the date of its establishment. Equipment and teaching facilities are developed in a phased programme so as to conform to the standard of the medical Council of India which is statutorily charged with the responsibility of maintaining standard of medical education in the country. The recognition to a medical qualification is given only after the Medical College has come upto the requisite standard and is recommended by the Medical Council.

(d) In 1969 the Government appointed the Medical Education Committee to examine all the aspects of medical education and training of medical graduates in the light of national needs and resources. The Committee made comprehensive re-

commendations which were subsequently modified and enlarged by the Medical Education conference of Health Ministers, Vice Chancellors of Universities, Principals Deans of medical colleges. Experts in medical Sciences and Administrators etc. These recommendations were considered and endorsed by the Executive Committee of Central Council of Health, at its 6th meeting held in Aurangabad in July, 1970. The Government have accepted these recommendations in the form of a resolution and forwarded it to State Governments/ Universities etc. for implementation.

(b) whether there is a serious short-fall in the implementation of the National Filaria Control Programme for 1969-70 and 1970-71; and

(c) If so, the extent of the short-fall, the states where the incidence of the disease is acute and what steps have been taken by Government to contain the disease ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) Yes.

(b) and (c). There has been short falls in the achievement of the targets fixed for 1969-70 and 1970-71 as given in the statement (I) Laid on the Table of the House [*Placed in Library. See No. LT-1070/71*]

The incidence of this disease is acute in the States of Andhra Pradesh, Bihar, Gujarat, Kerala, Maharashtra, Orissa, Tamil Nadu and Uttar Pradesh.

A statement (II) indicating the steps taken by the Government to contain the disease is laid on the table of the House. [*Placed in Library. See No. L. T.—1070/71*]

Independent Security Forces in Universities

1040. SHRI N. SHIVAPPA :
SHRI MUHAMMED SHERIFF :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Central Government have approved of the scheme for independent Security Forces in various Universities in the country;

(b) how many Universities have so far raised their independent Security Forces to guard different installations inside the institutions;

(c) the strength of the Security Force in these institutions and their Functions; and

(d) the financial implications of these Forces ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE & IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) The University Grants Commission has not approved any scheme for an independent security force in any University in the country. The Commission has, however, agreed to assist the Banaras Hindu University to strengthen its present watch and ward system and has given a grant to Visva-Bharati for strengthening its security arrangements in the campus.

(b) to (d). The government has no information.

Plan for Beautification of New Delhi.

1041. SHRI N. SHIVAPPA :
SHRI MUKHTIAR SINGH MALIK :

Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Government have formulated any plan to beautify New Delhi;

(b) if so, the main features of the proposal; and

(c) the funds allocated for this proposal ?

THE MINISTER OF STATE IN THE MINISTRY ON WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b). Government are anxious to maintain the garden city character of New Delhi. Accordingly, under the master plan, 18,000 acres of land is proposed to be developed as parks and gardens. As several authorities are involved, a "Landscape Committee" has been constituted to coordinate the work of beautification.

(c) Different authorities, such as, C.P.W.D., N.D.M.C., D.D.A & D.M.C., provide funds in their budgets for development of parks and gardens. So far as the Directorate of Horticulture under the Ministry of Works and Housing is concerned, apart from maintaining Budha Jyanty Parks, Central Vista, etc., they have taken up beautification of Southern Ridge, Willingdon Crescent-Sardar Patel Road, at a cost of Rs. 40,410/-.

Increase in Price of Sugar after Decontrol

1942 SHRI N. SHIVAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the prices of sugar has gone up since it was decontrolled ;

(b) if so, how much it has increased; and

(c) the steps taken or proposed to be taken by Government to ensure that sugar to the consumer is available at reasonable rates ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) : Yes, Sir.

(b) A statement showing the wholesale prices of sugar in certain important markets prior to decontrol and prevailing now, is attached.

(c) The following measures have been taken to arrest undue rise in price of sugar in the country.

(1) The period during which sugar can be sold and delivered against monthly release orders for sale of sugar has been reduced from 45 days to 30 days.

(2) Sugar factories have been forbidden from refusing sales of sugar if unsold quantity of stock released for sale is available with them.

(3) Factories are required to seal in each weekly period at least 21 percent of their monthly sugar quota released to them for sale.

(4) Despatch or delivery of sugar by factories to individual dealers has been restricted to 2,200 quintals of sugar in each weekly period.

(5) Restrictions have been imposed on stocks which the licensed sugar dealers can hold at any one time. The maximum limit varies between 7,500 quintals in the case of importers of sugar in Calcutta and 250 quintals in case of licensed sugar dealers in towns with a population of less than one lakh.

(6) Restrictions have been imposed on bank advances to sugar trade against sugar stocks.

(7) Future Trading in Gur has been suspended with effect from the 18th October, 1971.

(8) The Government of Maharashtra has arranged with the factories in Maharashtra to sell 15 percent of the sugar released at a price of Rs. 1.83 to Rs. 1.84 per kilogram through fair price shops.

(9) Various steps have been taken to maximise sugar production in 1971-72 e. g. rebate in excise duty on sugar.

request to state Governments to grant rebate in cane purchase tax, and to consider a ban on establishment of new power crushers and khandsari units in an area of about 16 kilometers around the factories and to consider regulation of working of existing power crushers and khandsari

units therein. Sugar factories have been told that they are expected to pay higher prices for sugarcane than the minimum fixed by Government in view of high prices of sugar and the incentives given or which may be given.

Research in cultivation of high yielding variety of rice

1043. SHRI BANAMALI PATNAIK : Will the Minister of AGRICULTURE be pleased to state :

(a) the progress made in the rice research in the country;

(b) the area under high-yielding varieties cultivation; and

(c) the steps taken to propagate improved technology for the cultivation of these varieties and for increased production of rice ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Rice research programme in India is commendable. All India co-ordinated Rice improvement Project released 14 varieties in order to cater to diverse agro-climatic regions of the country and to match the wide variation in consumer's preferences. They are capable of yielding 60-100 percent more than local tall varieties. These rice varieties include various attributes such as high yield (Jaya, IR 8, Vijaya and Pankaj) earliness (Bala, Cauvery, Kanchi, Krishana and Padma) excellent grain type (Ratna, Sabarmati, Jamuna, Krishna, Vijaya, IR 20 and Jagannath) and resistance to stem-borer and leaf hoppers (Ratna, Vijaya and IR 20) and fair amount of resistance to blast, bacterial leaf blight and tungro-virus (Vijaya and IR 20).

(b) The area under high yielding varieties achieved and target fixed, are as follows.

Area (000 ha)

<i>Achieved</i>		
1967-68	1968-69	
1785	2683	
<i>Target</i>		
1969-70	1970-71	1973-74
3237	—	10100

(c) The steps taken include the following :

1. National Demonstrations.
2. Itentive Agriculture Development programme.
3. High yielding varieties programme.
4. Training of extension works
5. Farmer's training.
6. Farmer's field day programmes.
7. Dissemination of new farming technology through news papers, workshops, reports, pamphlets, magazines, bulletins and by occasional contacts.
8. Supply of seeds of high yielding varieties through National Seeds Corporation, State Department of Agriculture, State Agricultural College and Agricultural Universities.

Colourisation of Vanaspati Ghee

1044. SHRI BANAMALI PATNAIK :
Will the Minister of AGRICULTURE be pleased to state :

(a) whether the proposal to colour the vanaspati ghee has been shelved; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) and (b) . The Expert Committee set up by Government for intensifying the researches for finding a colour for vanaspati and coordinating them suitably, after an extensive survey of earlier studies on the subject and detailed confirmatory researches, came to the conclusion that colouring of vanaspati is neither practicable nor desirable, and that alternative methods should be explored for achieving the end in view. While generally agreeing with this view, Government have asked the institutions and agencies which had been engaged in these researches to remain on the look-out for a suitable colouring medium for vanaspati.

Reinstatement of retrenched Pump Drivers and workers of Water Supply Department of Howrah

1045. SHRI SAMAR MUKHERJEE :
Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government have not yet taken steps to reinstate the retrenched pump drivers and workers of Water Supply Department of Howrah Municipality (West Bengal) ;

(b) if so, the reasons therefor ;

(c) the number of employees yet to be reinstated ;

(d) whether any representation has been received from the Howrah Paura Karni Sangha ; and

(e) if so, what steps have been taken by Government to reinstate the retrenched employees ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTO-PADHYAYA) : (a) to (e). Based on the information received from the Government of West Bengal and Howrah Municipality, the position is summarised below:—

Howrah Municipality employs additional staff to augment water supply during summer season. Such appointments are seasonal and temporary. 16 extra leave reserve pump drivers who had been employed on temporary basis, were not given extension because the seasonal necessity was over. Therefore no question of retrenchment or reinstatement is involved. A representation was made by the Howrah Paura Karni Sangha and in a meeting with the Sangha convened by the District Magistrate, Howrah, it was decided to conduct an enquiry to find out the actual necessity of personnel. On an enquiry made by the Assistant Engineer Incharge of Water Works of the Municipality, it was found that 19 pumps are in operation. The usual staffing pattern is four pump drivers per pump. Against the requirement of 76, the Municipality has 132 permanent pump drivers. Moreover the Municipality has employed 10 temporary pump drivers and 16 leave reservists. These leave reservists were not given further extension according to the usual practice of the Municipality. The Municipality has authority to determine the number of employees for running its business and the State Government cannot intervene except in cases where sanction of the State Government is necessary under law for removal or dismissal of any official. In this case no such sanction was necessary.

Acquisition of additional ships to increase tonnage

1047. SHRI BAKSI NAYAK :
SHRIMATI SAVITRI SHYAM :

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the tonnage and specifications of the additional ships which Government of India propose to acquire within the next four years ;

(b) the sources from which these ships are likely to be purchased and the financial implications thereof ; and

(c) the extent to which India's aggregate tonnage is likely to be increased thereby ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR): (a) to (c) . The forth Plan for shipping envisages a target of 40 Laks GRT, out of which 35 lakhs GRT will be operative and 5 lakhs GRT firmly on order. The present Indian operative tonnage (as on 1st October 1971) is 24.85 lakhs GRT and 11.98 lakhs GRT is firmly on order. Taking into account the scrapping of overaged vessels of about 2.36 lakhs GRT by the end of Fourth Plan period, the tonnage yet to be ordered to achieve the Fourth Plan target is 5.53 lakhs GRT. It is difficult to state at this stage the specifications of additional ships, the sources of purchase and the prices thereof, as these ships have to be acquired by various shipping companies.

Conference of Registrar of Cooperative Societies held in September 1971

**1049. SHRI P. GANGADEB :
SHRI P. M. MEHTA :
SHRI MOHAMMAD ISMAIL :**

Will the Minister of AGRICULTURE be pleased to state :

(a) whether a two days conference of Registrars of Cooperative Societies was held in New Delhi in September, 1971 ; and

(b) if so, the suggestions made at the Conference and whether Government are considering their suggestion especially in respect of crop loan rules ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE): (a) Yes, sir.

(b) As regards the suggestions made at the conference, a copy of the proceedings of the conference is available in the

Parliament Library. The important recommendations will be considered by the Conference of the State Ministers for Cooperation to be held on the 29th and 30th November, 1971.

Delay in completion of Mormugao Port Development Scheme

1050. SHRIMATI BIBHA GHOSH GOSWAMI : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the scheduled completion of the Mormugao Port Development Scheme is going to be delayed further ;

(b) if so, the reasons for the delay ; and

(c) when the scheme is likely to be completed ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c) . The original target date for completion of the Mormugao Port Development Project was the end of 1973. However, on account of the sudden stoppage of work relating to dredging and reclamation by the contractors from the 31st August, 1971 till the 5th November, 1971, some delay in the completion of certain areas of reclamation needed for the civil engineering works is anticipated and this is likely to affect the overall completion date to some extent. According to present indications, the Project is expected to be completed in the first quarter of 1974.

Development of Visakhapatnam Port

1051. SHRI R. R. SINGH DEO : Will the Minister of SHIPPING AND TRANSPORT be pleased to state:

(a) whether attention of Government has been invited to a report in the *Economic Times* of the 31st August, 1971 stating that the plan for development of the Hindustan Shipyard Limited, Vishakhapatnam has been put back by two years; and

(b) if so, the reaction of Government in this regard ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR):
(a) Yes, sir.

(b) The putting back of the development programme of Hindustan Shipyard referred to in the said report has been attributed to the failure of indigenous suppliers of cranes to keep up the delivery schedule. The Government are aware of this delay. The Hindustan Shipyard has been constantly in touch with the firms concerned to get the equipment delivered as early as possible. In order to examine the capacity of indigenous firms to adhere to the delivery terms and watch the progress with reference to such capacity, a Steering Committee for Hindustan Shipyard has been recently formed by the Government.

Violent incidents in colleges affiliated to Delhi University

1052. SHRI R.R. SINGH DEO: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether there have been several violent incidents recently in various colleges affiliated to the Delhi University ; and

(b) whether Government have instituted any enquiry Commission in this regard, if so, the findings thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA): (a) According to the information furnished by the University authorities, there have been no violent incidents in the colleges in Delhi during the last two months. During September however, there was trouble between students of some colleges and D.T.U. employees.

(b) The cases registered in connection with the incidents in which students and

D.T.U. employees were involved are being investigated. The University has also appointed a Committee to look into the problem of inadequacy of transport facilities.

Progress of Land Reforms in States

1053. SHRI BHOGENDRA JHA : Will the Minister of AGRICULTURE be pleased to state :

(a) the progress made by the various State Governments in bringing radical land legislations and in implementing them ; and

(b) the steps taken to expedite the land reforms ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE): (a) Measures have been undertaken by the State Governments and Union Territories for implementation of land reforms with a view to breaking the concentration of land and removing such impediments to increase in agricultural production as arise from the agrarian structure. These measures including abolition of intermediary tenures; reform of the tenancy system, namely, fixation of fair rent and security of tenure to cultivating tenants, sub-tenants and share-croppers and the right to acquire ownership; ceiling on land holdings and settlement of landless agricultural workers and uneconomic holders on surplus land.

Considerable progress has been made in the implementation of land reforms during the last 20 years. Intermediary tenures zamindaris, Jagirs and inams which prevailed in respect of over 40% of the area in pre-Independence India have been abolished practically all over the country. On abolition of the intermediary tenures, a large body of tenants estimated at 20 millions have been brought in direct relationship with the State and enabled to become owners.

Provisions for security of tenure and regulation of rent have been adopted by several States such as Gujarat, Maharashtra, Kerala, Madhya Pradesh, Mysore, Orissa,

Rajasthan, Uttar Pradesh, West Bengal, Himachal Pradesh, Manipur, Tripura and Mahe region of Pondicherry and steps have been taken for bringing tenants into direct relationship with the State and conferring ownership on them. As a result, about 3 million tenants and share-croppers have acquired ownership of more than 7 million acres. In most of the States, the statutory rent is not to exceed 1/4th or 1/5th of the gross produce.

Laws imposing ceiling on agricultural holdings have been enacted in all the States except in Haryana and Punjab where there is no ceiling on ownership, but the State is empowered to settle tenants on lands owned by a person in excess of the permissible limit. It has been reported that over two million acres of land have so far been declared surplus on imposition of ceiling and about half of the area has been distributed to displaced tenants, uneconomic landless agriculturists.

There have, nevertheless, being shortcomings in implementation and the progress has been slow in many States. There have been many gaps between objectives and legislation and between the laws and their implementation. Legislative provision have yet to be enacted for abolition of a few minor intermediary tenures. As regards tenancy reforms, the position of tenants and share-croppers is insecure in the Andhra area of Andhra Pradesh, Bihar, Tamil Nadu, Pondicherry and Dadra and Nagar Haveli. In Haryana and Punjab, the security of tenants is subject to a continuing right of resumption by the landlord. The statutory rent share of the crop payable to the landlord is on the high side in the Andhra area of Andhra Pradesh, Haryana, Punjab, Jammu and Kashmir (In respect of tenants of persons holding more than 12½ acres) and Tamil Nadu. In Haryana and Punjab, the maximum rent is 1/3rd of the gross produce. In Andhra Pradesh, it is 50 per cent of the produce for irrigated lands and 45 per cent for dry lands (A Bill has been passed providing for reduction of rent to 30 per cent in case of irrigated land and 25 per cent in case of other land). In Jammu & Kashmir, it varies from 25 per cent to 50 per cent of the produce. In Tamil Nadu,

it varies from 3½ to 40 per cent. Ownership rights have not been conferred on tenants in Andhra Pradesh, Assam, Bihar, Haryana, Jammu & Kashmir, Punjab, Tamil Nadu, Goa and Pondicherry. The enacted legislation on ceiling has not yet been conferred in Orissa on account of stay orders. In the former Punjab areas of Punjab and Haryana there is no ceiling on ownership; the State can only settle tenants on the surplus areas which continues to be under the ownership of the land-owner.

(b) Steps taken to expedite the land reforms.

The problems and progress of land reforms were discussed at length at the Chief Ministers' Conference held in November 1969 and September, 1970. In 1969 Conference, the emphasis was on the need for reorientation of land policy in the context of the new strategy in agriculture. It was noted that in several states, the provisions with regard to level of ceiling, transfers and exemption required careful review in the light of recent technological development in agriculture and social requirements. It was suggested that the land policies should be designed and implemented as an integral part of the comprehensive programme of agricultural development with the common social objective of improving the conditions of small holders, cultivating tenants and landless agricultural labourers.

Soon after the Chief Ministers' Conference, the Minister of Food and Agriculture on December, 16, 1969, had drawn attention of the State Governments to the decision taken at the Chief Ministers' Conference. Attention was particularly drawn to the question of the level of ceiling on land holdings, its enforcement and re-distribution of surplus land with a view to improving the status and living conditions of landless agricultural labourers and share-croppers. The Prime Minister in February, 1970 drew attention of the Chief Minister to the need for land reforms and special emphasis was laid on the importance of security of tenure, fair rents, strict enforcement of ceiling and assignment of Government

waste-land to landless labourers with special preference to Scheduled Castes and Scheduled Tribes. It was also suggested that the State Governments might work out a phased programme of land reforms with a view to completing implementation by a well defined date. On June 1, 1970, another letter was addressed by the Prime Minister to Chief Ministers and Governors reiterating the imperative need to ensure implementation of land reforms within a fixed time limit which was the only way to remove tensions in rural areas and faster rural development.

At the conference of Chief Ministers held in September, 1970 an attempt was made to spell out the changes required in the land policy especially with regards to rationalisation and reduction in the ceiling limit and making ceiling provision more effective and purposeful. It was noticed that there were large variation between different States with regard to the level of ceiling of different classes of land, unit for application, exemption etc. The Conference decided to refer to the Central Land Reforms Committee the whole range of problems connected with ceiling on land holdings. In pursuance to this decision of the Chief Ministers' Conference, the Central Land Reforms Committee reviewed the position and made the following recommendations :

- (i) Ceiling should be applicable for the family as a whole, the term 'family' being defined so as to include husband, wife and minor children ;
- (ii) Where the number of members in the family exceed five, additional land may be allowed for each member in excess of five in such a manner that the total area admissible to the family does not exceed twice the ceiling for a family ;
- (iii) The ceiling for a family of five members may be fixed within the range of 10 to 18 acres of potentially irrigated land or land under assured irrigation from

Government source capable of growing two crops. As soil conditions, productivity of land, nature of crop grown etc. vary from State to State and even within the same State from region to region, the Committee considered it desirable simply to indicate a range within which the ceiling should be fixed instead of suggesting any rigid ceiling for the whole country ;

- (iv) For various other categories of land conversion rations should be fixed taking in to account availability of water, productivity, soil classification, crops grown etc. The absolute ceiling for a family of five, even in the case of dry lands should be put at 54 acres. This limit would be relaxable if there is special justification for doing so on account of the nature of soil, rainfall, chronic drought conditions etc.
- (v) Exemptions in the existing State laws in favour of mechanised farms, well-managed farms etc. should be withdrawn ;
- (vi) The exemption in favour of plantations of tea, coffee, cammimon, rubber, etc, should be carefully examined in consultation with the Ministries concerned and State Governments. Thereafter this and other types of exemption should be discussed with the Chief Ministers in order to formulate the national policy.

The Government of India has accepted the recommendation of the Central Land Reforms Committee and has advised the State Governments to give effect to the same by suitably amending ceiling laws.

Aid from World Bank for purchase of Tankers and their use by Shipping Corporation of India

1054. SHRI P.A. SAMINATHAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the World Bank has promised aid for the purchase of tankers ;

(b) if so, the amount of aid assured and the number of tankers to be purchased ;

(c) whether all these tankers will be exclusively used by the Shipping Corporation of India ; and

(d) If so, the reason for the same ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (d). The proposed I.D.A. Credit of US \$80 million for purchase of four overseas and two coastal tankers has not yet been finalised. Negotiations for the same are in progress. Final decision regarding allocation of tankers will be taken after the Credit has been agreed to by the I.D.A.

Success of high-yielding varieties programme

1055. SHRI P.A. SAMINATHAN: Will the Minister of AGRICULTURE be pleased to state :

(a) whether the High-Yielding Varieties Programme (HYVP) has met with only a negligible success in the case of rice, cereals, hybrid millets, maize and sorghum;

(b) if so, the reasons for the same ; and

(c) whether the Report of the study jointly undertaken in this respect by Programme Evaluation Organisation of the Planning Commission and the Australian National University will be placed on the Table of the House ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). No, Sir. The achievements under wheat and bajra are substantial. The programme under rice which was trailing behind due to unsuitability of high-yielding varieties for growing during *khari* which is the main rice growing season, and the incidence of pests and diseases, has also now taken a

turn for the better. However, the programmes under hybrid maize and jawar have registered slow progress due to certain limitations in the varieties. A Statement showing the progress of High-Yielding varieties programme, for rice, maize and sorghum is placed on the table of the House.

(c) The report is still in the draft stage. As soon as it is finalised and printed, it will be placed in the Library of the Sabha.

Houses lying vacant in Government Colonies in New Delhi

1056. SHRI P. A. SAMINATHAN: Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the number of houses in different categories lying vacant in the Government residential colonies in New Delhi for more than 30 days ;

(b) whether in some colonies, the houses are lying vacant for more than 10 months ; and

(c) if so, the reasons therefor and the steps taken by Government for allotting houses immediately on their availability ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING

(SHRI I. K. GUJRAL) : (a) 104 residential units in types I to VIII in the general pool in Delhi/New Delhi are lying vacant for more than 30 days.

(b) The number of houses which are lying vacant for a period of over 10 months is 79.

(c) The residential units referred to in part (a) above are lying vacant because the officers who are offered these houses are in occupation of accommodation in the lower types etc. in the central localities and they do not except the allotment of the houses which are in the distant localities. The allotment of these houses is made simultaneously to a number of officers on the waiting list to avoid further delay in the allotment. Out of the houses referred in part (b) above 75 houses require heavy repairs and these have been placed at the disposal of the C.P.W.D. for doing the needful. The remaining four houses have been declared unsafe and are to be demolished. The houses which require heavy repairs will be allotted immediately as soon as the necessary repairs have been carried out and these have been declared fit by the C.P.W.D.

Financial Assistance for fixation of pay scale and D.A. of different categories of workers of institutions under Social Welfare Department in West Bengal

1057. SHRI GADADHAR SAHA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Central Government have received any proposal from the Government of West Bengal for allocation of fund for fixation of Pay Scales and D.A. of different categories of employees of Institutions under Social Welfare Department in accordance with a rise in cost of living ;

(b) if so, the amount of financial aid offered for the purpose ; and

(c) the pay scales and D.A. of such workers at present categorywise in West Bengal ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) No, Sir.

(b) Does not arise.

(c) Information is being collected and will be laid on the table of the House.

Irregularity in payment of Salaries and D.A. of Teaching and Non-teaching staff in High and Higher Secondary Schools in West Bengal

1058. SHRI GADADHAR SAHA : SHRI MADHURYYA HALDAR :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government are aware of the irregularity in payment of salaries and D.A. of teaching and non-teaching staff in High and Higher Secondary Schools in West Bengal; and

(b) if so, the steps Government have taken to regularise it ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF D. P. YADAVA) : (a) Yes, Sir.

(b) The matter is under consideration.

Grants given by Central Government to Viswa Bharati, Birbhum, West Bengal

1059. SHRI GADADHAR SAHA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the amount of grants given to Viswa Bharati in Birbhum (West Bengal) by the Central Government during 1969-70, 1970-71, Department-wise and year-wise;

(b) the amount of grants given to this University by the State Government during the year 1969-70, 1970-71; and

(c) how does it compare with the grants given to other Universities in the

country during the last two years, year-wise and state-wise ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) to (c). The required information is being collected and will be laid on the Table of the Sabha in due course.

Looting of Foodgrains Godown at Dohai Village, Meerut during October, 1971

1060. SHRI B. K. DASCHOWDHURY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Government food-grain godown at Dohai village near Meerut was looted on 27/28th October, 1971;

(b) whether any enquiry was held in the matter; and

(c) if so, the findings thereof and the steps taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) A hired godown of Food Corporation of India was looted at Dohai village near Meerut on 27/28th October, 1971.

(b) and (c). A complaint was lodged with the Police by the Food Corporation of India and the case is under investigation by the Police.

Copper Coins Found in Nainital

1061. SHRI RAJDEO SINGH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether some copper coins were recently found in Nainital which belong to the 1st and 2nd century A.D. and

(b) if so, whether this find connects some missing link with historical facts of ancient India ?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) According to the reports appearing in the press last month some copper coins were reported to have been found at Nainital. From the description of the coins given in the press reports it appears that these coins which bear a female figure with the label NANA in Greek and the figure of a king, belong to the Kushan kings ruling in Northern India in the first and second Centuries A. D. A detailed report on this find has, however, been called for from the State Government.

(b) If the description of the coins given in the press reports is correct, this find does not connect any missing link with the historical facts of ancient India. The Kushan coins are found in abundance throughout northern India and even in Nepalese Tarai. The particular type of coins with the figure of Nana, a Babylonian or Sumerian goddess is also very common. The religious eclecticism of the Kushan kings, Kanishka and Huvishka is reflected in their coins which represent Greek, Sumerian, Elamite, Persian and Indian deities. The find of coins of a particular dynasty at a particular site does not necessarily imply the dominion of that dynasty over that site as coins travel widely through hands. In fact, Kushan coins were in circulation long after the fall of the dynasty.

Production of Mexican Wheat

1062. SHRI RAJDEO SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) the approximate quantity of Mexican wheat sown and produced during the current year; and

(b) the name of the farmers along with the names of District and State to which they belong who produced the largest quantity of Mexican wheat during the current year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The

total acreage under Mexican wheat during 1970-71 is estimated at about 6.48 million hectares. Separate figures of production from Mexican varieties of wheat are not collected.

(b) Figures of total quantity of Mexican wheat produced by the farmers is not collected. However, according to All-India crop competition in wheat organised during rabi 1970-71, Shri Ramesh Rajabhau Bondre of Buldana District of Maharashtra State, attained the highest yield of 16,117 kilograms per hectare.

Allocation to States for Dry-Farming during 1971-72.

1063. SHRI RAJDEO SINGH: Will the Minister of AGRICULTURE be pleased to state :

(a) the amount of money allocated for the States for dry-farming in the country during 1971-72; and

(b) whether Government will provide more money in view of the fact that 60 percent of the land is being cultivated under dry farming?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE): (a) During 1971-72, the allocations made to the State Governments concerned so far are indicated below :—

	(Rs. in lakhs)
Andhra Pradesh	39.572
Bihar	15.30
Gujarat	44.40
Haryana	38.84
Jammu & Kashmir	16.64
Madhya Pradesh	46.76
Maharashtra	20.88
Mysore	50.72
Orissa	11.95
Rajasthan	48.36
Tamil Nadu	46.87
Uttar Pradesh	55.68
Grand Total :—	435.972

Out of the above amount, a sum of Rs. 302.892 lakhs will be provided by the Central Government. The balance of the amount is to be arranged by the States concerned through institutional sources. A sum of Rs. 216.00 lakhs has been provided in the budget for 1971-72.

(b) The question of providing more money will be considered when the results of these Pilot Projects are available.

Supply of Bad Quality Rice through Ration Shops in Calcutta

1064. SHRI DINEN BHATTACHARYYA: Will the Minister of AGRICULTURE be pleased to state :

(a) whether the attention of Government has been drawn to the fact that the rice being supplied through the Ration shops at Calcutta is raw and rotten and is absolutely unfit for consumption;

(b) if so, the reason for the supply of such rotten raw rice;

(c) whether Government are considering to allot good and boiled rice to be issued through Ration Shops in Calcutta; and

(d) if not, the reason thereof?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE): (a) Some complaints about the quality of rice issued through the ration shops in Calcutta have come to Government's notice. But it has not been complained that rice supplied is unfit for human consumption.

(b) The rice supplied through the ration shops in Calcutta consists of boiled rice procured in West Bengal, Non-Bengal boiled rice supplied from the Central pool and raw rice allotted from the Central pool. The rice issued is of the standard quality fit for human consumption.

(c) It is not possible to supply only boiled rice for issue through ration shops in Calcutta.

(d) The total production of boiled rice in the country is not enough to meet the requirements of all the State Governments; the stocks have to be distributed to various States on the basis of availability.

Revolving Funds for Development of Land in Punjab

1065. SHRI DINEN BHATTACHARYA : Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether Government have allotted any funds as 'Revolving Fund' for the acquisition and development of land for three cities of Punjab;

(b) if so, the particulars thereof; and

(c) whether the scheme includes any proposal for housing for the poor and the working class at low rents ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI J. K. GUJRAL) : (a) and (b). No, Sir.

(c) Does not arise.

Theft of Idols from Historical Places

1066. SHRI Y. ESWARA REDDY : SHRI SEZHIYAN :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the theft of idols from historical places are still continuing;

(q) whether a statue of Apsara has been stolen recently from Khajuraho; and

(c) if so, the steps Government propose to take to put a stop to this ?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) Yes, Sir.

(b) Yes, Sir.

(c) The steps that are being taken or proposed to be taken for the prevention of thefts from centrally protected monuments/museums/sites have been indicated in detail in the statement given in the Lok Sabha to Unstarred Question No. 159 on the 15th November, 1971.

As a result of these measures there is a steady decline in the number of thefts from centrally protected monuments/museums. As against 33 thefts in 1968 the number has gradually come down to 10 during 1971 (up to the 1st November, 1971).

National Cleanliness Campaign

1067. SHRI Y. ESWARA REDDY : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether there is a proposal to conduct a National Cleanliness Campaign during the 25th anniversary of our Independence; and

(b) if so, the salient features of the scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) No.

(b) Does not arise.

Assets and liabilities of Jayanti Shipping Company

1068. SHRI Y. ESWARA REDDY : SHRI VARKEY GEORGE :

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) what are the assets and liabilities of Jayanti Shipping Corporation, which was recently nationalised ; and

(b) the amount of compensation the Government intends to pay ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) The audited accounts of the Jayanti Shipping Company are available for the period upto 10.6.1966 only. The account for the subsequent periods are still being auditted. It will be possible to indicate the assets and liabilities of the Company only after the account for the subsequent periods have been audited.

(b) A total compensation of Rs. 4.50 acres is proposed to be paid to the Shareholders.

Drug habits among students

1069. **SHRI K. BALATHANDAYUTHAM :**

SHRI C.K. CHANDRAPPA :
SHRI ATAL BIHARI VAJPAYEE:

Will the Minister of **EDUCATION AND SOCIAL WELFARE** be pleased to state :

(a) whether it is a fact that the drug habits among the students of Delhi, Bombay, Calcutta and Madras are on the increase ;

(b) if so, the reasons therefor ; and

(c) the steps taken to prevent the spread of drug habits among the students ?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) The Government has not received any complaints about the drug habits among the students of Delhi, Bombay, Calcutta and Madras.

(b) and (c). Do not arise.

Family Planning programme for Public Sector Undertakings

1070. **SHRI D.B. CHANDRA GOWDA:** Will the Minister of **HEALTH AND FAMILY PLANNING** be pleased to state :

(a) the steps taken to boost the family planning programme in big industrial, specially public sector undertakings ;

(b) whether family planning lessons have been included in the programmes prepared for various units under public sector undertakings ; and

(c) if so, the broad outlines thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) A statement giving the required information is attached.

(b) and (c) . No. However, motivational work is done by Health Educators or Family Planning Field Workers appointed in the Family Planning Urban Centres set up by the Public Sector Undertakings.

For the present 8 public sector undertakings have set up family planning units but efforts are now being made to ensure that appropriate types of units are set up in all the major public sector undertaking which employ a sizeable labour force.

**Family Planning Programme in the
Private Industries ;**

Enthusiasm has been evinced by some units of the employers' association like the Federation of Indian Chambers of Commerce and Industry (F.I.C.C.I.), Indian Tea Association, United Planters Association of South India (U.P.A.S.I.), Indian Chamber of Commerce, Calcutta, Indian merchants Chamber, Bombay, Textile Industry, Bombay, Employers' Association of Northern India and the Faridabad Industries Association, etc. in prompting Family planning programme in their units. F.I.C.C.I. has accepted the family planning programme amongst the industrial labour as a major sphere of its activities and has instituted awards to industrial establishments for outstanding family planning work. A number of private sector undertakings are giving substantial amounts as incentives to their employees undergoing sterilisation or loop insertions. Necessary information in regard to the incentives given by the various industries was collected and circulated to the State Governments to enable them to inform and suggest to the other industrial establishments the desirability of extending similar facilities to their employees. It has been brought to their notice that under Section 36 of the Income Tax Act of 1961, any expenditure incurred by a company for purposes of promoting family planning programme among its employees is allowed as deduction in computing the company's income for income tax.

The State Family Planning Officers have been requested to collect detailed information regarding all the industries within their jurisdiction and the nature of family planning work being done by them. It is proposed to approach different industrial establishment individually with a view to ensuring that they are fully involved in the programme.

Industrial Units covered by Employees State Insurance Corporation

The Employees State Insurance Corporation has also been implementing the family planning programme through their dispensaries and hospitals. Upto 1969-70 they had also been giving incentive money

to their beneficiaries who underwent sterilisation but this was discontinued with effect from the 1st of October, 1969. Scheme are now being formulated for their further involvement in the programme by utilising the large number of dispensaries run by the Corporation for promoting this programme.

Special scheme for promoting intensive family planning measures in the mining areas and plantations have also been taken up.

Provision for employment of educated blind persons

1071. SHRI S. M. BANERJEE : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the steps taken to provide employment to the educated blind young men and women in the country ;

(b) whether the Employment Exchanges are not sponsoring their candidatures inspite of the clear orders ;

(c) whether this matter has been taken up with the State Governments ; and

(d) if so, their reaction ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY): (a) A statement giving the requisite information is attached.

(b) No such instance has come to notice.

(c) and (d). Do not arise.

Statement

The following steps have been taken to stimulate the placement of educated blind persons :—

1. 9 special employment exchanges for the physically handicapped have been set up in different parts of the country to assist physically handicapped persons, including the blind, in securing suitable employments.

2. Physically handicapped persons, including the blind have been given priority III for the purposes of submission by the National Employment Service against vacancies under the Central Government.

3. Blind persons have to be medically examined by a special medical board attached to the special Employment Exchanges for the Physically Handicapped.

4. Under age limit has been relaxed by 5 years in favour of blind persons for the purpose of entry into class III and IV services under the Central Government.

5. Vocational rehabilitation centres have been set up in Bombay and Hyderabad to provide pre-employment assessment and adjustment training.

Utilisation of services on national fitness corps for training school Boys and Girls

1072. SHRI S. M. BANERJEE: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether services of the National Fitness Corps will be fully utilised to train the school boys and girls during this period of emergency ;

(b) if not, the reasons for decentralization of N. F. Corps at this hour of need ; and

(c) whether Government propose to revise its decision in the light of recent developments on our borders ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY): (a) to (c). The National Fitness Corps Programme, which is an integrated programme of Physical Education, National Discipline Scheme and Auxiliary Cadet Corps, has been accepted in 1965 by State Governments as an integral part of the school curriculum. The responsibility for imparting N.F.C. training to the school students and the Utilisation of the services of the N.F.C. person-

nel therefor rests with the State Governments. This was the reason for the decision to decentralise the N.F.C. Programme and transfer the Instructors to the States.

2. The implementation of this programme in schools has no bearing on whether the Nation is passing through normal times or an emergency.

3 Government has no proposal under consideration to revise its decision to decentralise the National Fitness Corps.

Deaths of Bangla Desh Refugees in Camps due to Cholera and other Epidemics

1074. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) the number of refugees from Bangla Desh who died in different camps due to cholera and other epidemics so far : and

(b) the arrangements which have been made so far, for the improvement of sanitary conditions in the camps and in the town in the State of West Bengal, Tripura Assam and Meghalaya where there have been heavy concentration of refugees ?

THE DEPUTY MINISTER IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI A. K. KISKU) :

(a) There have been reports of deaths due to cholera/gastro-enteritis and pneumonia/bronchitis. The available information in this regard is as follows :—

Name of State	No. of Deaths	
	cholera/ gastro- enteritis	pneumonia/ bronchitis
Assam	73 (reported on 11.11.1971)	110
Meghalaya	592 (upto 15.6.1971)	Nil (reported on 1.9.1971)
West Bengal	6,092 (upto 15.11.1971)	8 (reported on 6.8.1971)
Tripura	1 (upto 6.6.1971)	Nil (reported on 30.7.1971)
Madhya Pradesh	69 (upto 5.10.1971)	93 (reported on 26.7.1971)
(Manu group of camps)		

(b) Action has been taken to improve the housing, water supply, latrines, garbage collection and disposal as given in the enclosed statement.

Statement

Measures to be taken for Housing the Refugees from East Bengal

General :

(1) Not more than 3,000 persons should be kept in any one camp for effective control of the problem posed by the evacuees.

(2) The site should be easily accessible from a main road and be such as to facilitate easy drainage.

(3) Tents:

Though tents are to be put up as an emergency measure, it is preferable to go in for semi-pucca construction with galvanised corrugated iron sheet roofing supported on bamboo roof frame-work on bamboo poles.

The flooring should be raised at least 6" above the surrounding ground-level and should be paved with two layers of bricks and cement grouted.

Side walling with bamboo mats for a height of at least 3 ft. may be provided for each tent.

(4) Suitable surface drains built with brick in cement mortar should be provided between the tents to drain off the surface water to a natural drain nearby.

(5) Water Supply

(a) One tubewell may be provided for serving a population of about 500 persons.

(b) The depth of the tubewell may be decided with reference to past experience in the locality so as to get the optimum quantity of potable water.

(c) The quality of the water must be got tested both chemically and bacteriologically to ensure that it is safe and potable as soon as the tubewell is constructed and commissioned.

(d) The Standard type of platform 4' square around the tubewell should be built as soon as the tubewell is sunk and the waste water led away from the site for a distance of 25' at least in a pucca drain and then connected to the natural drain.

(e) Hand-pumps must be kept in working order by proper maintenance and close supervision.

(f) As routine disinfection of the water will not be practicable, the area around the tubewell should be kept clean and the latrines should not be in close proximity to the tubewells.

(g) The possibility of drawing water from an urban water supply scheme, if one exists nearby, should be examined before sinking tubewells. If such a facility exists, a new pipeline may be laid up to the camp site and a number of public fountains provided at suitable places in this camp.

6. Latrines :

(a) Trench latrines may be constructed as proposed as an emergency measure. But the trench must be covered with pucca wooden platform supported on bamboos and with suitable holes. The seats should be separated by bamboo mat partitions. A screen wall made up of bamboo mats may be provided in front of the latrine block for privacy.

(b) A sweeper should be appointed for keeping the seats periodically clean and to prevent misuse of the area by indiscriminate defalcation all round.

(c) The surrounding area should be kept clean and sprinkled with bleaching powder everyday.

(d) Having provided the temporary trench latrines, arrangements should be made to construct semi-pucca latrines in blocks of 20 seats each, with each closet seat (without a water seal) connected by a 6" pipe chute to a trench behind the latrine block. This trench may be one meter wide and two meters deep running for the entire length of the latrine block.

The seats may be provided at the rate of one for every 25 persons. This trench should be covered with a bamboo matting with suitable bamboo frame supports. A 3" layer of earth may be put on the bamboo mat finally to seal it completely to prevent flies from gaining access to the trench. The area of the trench should be barricaded to prevent accidents. When the trench is filled up, which will be after a few months, the contents of the trench may be cleared and buried at a suitable place. The cleaned trench could be made to serve again for the same latrine block. During the construction of the trenches if it is found necessary dry brick walling may be provided to prevent caving in of the sides.

7. Garbage and Refuse Collection and Disposal :

(a) The garbage and refuse must be collected from the area at least twice a day and dumped in a pit not far from the camp site and covered with earth everyday.

(b) The general sanitation of the area should be under proper check and supervision by appointing wholtime servants for the purpose. Services of able-bodied voluntary social workers from the refugees may be utilised for the purpose. They may be provided with suitable loud-speakers also.

(c) Spraying of D. D. T., Sprinkling of bleaching powder and treating stagnant waters in the area with larvicidal O.I. should be done systematically to prevent breeding of flies and mosquitoes.

(d) Special care should be taken to prevent fly breeding near the community kitchens and care should be taken to prevent flies getting access to cooked food. Efficient drainage of the waste water from the kitchen should be made and the waste water, where possible, allowed to soak into covered soak-pits.

8. Preventive Medical care :

(a) Adequate measures should be taken to give cholera inoculation to all the refugees. Enough medical supplies to be kept at each camp for treating cases of cholera, gastro-enteritis etc. Cases of

infectious diseases should be isolated as possible and treated in separate camps or nearby hospitals.

1083. SHRI C. CHITTIBABU: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state:

(a) whether any study has been made regarding the University examinations reform and if so, the findings thereof;

(b) the universities which have implemented these examination reforms; and

(c) the reasons for non-implementation by remaining Universities?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA): (a) The question of examination reforms has been studied by various Committees appointed by the University Grants Commission in 1957-60, 1967-68 and 1968-69. In January, 1971, the Inter University Board of India and Ceylon organised a Seminar on examinations in higher education. The reports of these Committees and Seminar have been circulated to the Universities. Copies have also been placed in the Parliament Library. The Central Advisory Board of Education also appointed a Committee on Examinations. The report of this Committee is under consideration of the Board.

(b) and (c): According to the information furnished to the University Grants Commission the following Universities have taken/proposed to take steps to introduce different measures of examination reform:

Agra; Allahabad; Andhra; Annamalai; Assam; Agricultural; Banaras Hindu; Bangalore, Berhampur Calcutta; Calicut;

Gauhati; Dibrugarh; Gorakhpur; Indira Kala Sangeet, Jadavpur; Jawaharlal Nehru Krishi, Jodhpur; K. S. Darbanga Sanskrit; Madras; Madurai; Meerut; M. S. Baroda; Punjab; Patna; Poona; Punjabi; Rajasthan; Ravishankar; Roorki; Sadar Patel; Sambalpur, Saugar; Shivaji; S. N. D. T. Women's, South Gujarat; Saurashtra; Sri Venkateswara, Agricultural Sciences, Bangalore, Agricultural & technology, Bhubaneswar; Udaipur; U. P. Agricultural; Utkal; Viswa Bharti, Birla Institute of Technology & Science, Pillani; Gurukul Kangri; Indian Agricultural Research Institute; Tata Institute of Social Science, Bombay; Andhra Pradesh Agricultural, Marathawada; Indore; Kurukshetra; Aligarh Muslim; Gujarat Vidyapith; Delhi; Bombay; Maharashtra Krishi Vidyapith; Kanpur; Karnatak; Bhagalpur; Jammu & Kashmir; Indian Institute of Sciences; Bangalore; and Vikram.

The position regarding the remaining Universities is being ascertained.

Disaffiliation of Indian Olympic Association from International Olympic Committee

1084. SHRI C. CHITTIBABU :
SHRI INDRAJIT GUPTA :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state:

(a) whether the President of the Indian Olympic Association has written to him explaining his action seeking disaffiliation of the Indian Olympic Association from the International Olympic Committee;

(b) if so, the main points thereof and action taken by Government thereon; and

(c) whether an enquiry committee consisting of members of Parliament is being appointed to inquire into the affair?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMI): (a) Yes, Sir.

(b) Enclosing a copy of the letter which the President, Indian Olympic Association has written to the President, International Olympic Committee on November 26, 1970, it has been stated

that under Articles 24 and 25 of the Olympic Rules & Regulations, International Olympic Committee, should authorise :

(i) International Olympic Committee member (India) (which in this case is the President IOA himself) to examine the representative character of the I. O. A. and its affiliated bodies and to determine how far to enable the I. O. A. to comply with the regulations of the IOC and what modifications in them should be made to serve the purpose.

(ii) The President, I.O.C. should authorise the IOC member (India) to conduct, administer and manage the affairs of the IOA until an IOA in accordance with the regulations approved afresh by the president, IOC is constituted and approved by the president, IOC.

(iii) For the administration and management of the affairs of the IOA as indicated in para (ii) above, the IOC member (India) will have an *ad-hoc* committee of few members chosen by him from among the representatives of the present IOA and who have 'proved' service to sports.

(iv) The recognition of the IOA in India should be withdrawn until a fresh recognition is given to an IOA constituted by the IOC member (India) and approved by the IOC in accordance with the IOC rules.

(v) The provisions of paragraph 1 of Article 24 relating to participation in Olympic games are binding in all circumstance and shall remain in force at all times.

2. It has been further stated that the main reason for this recommendation is that more and more persons who represent national sports federations are not men with knowledge and belief in Olympic principles as laid down in Olympic charter. Another reason is stated to be the Govt. of India's insistence on IOA registering itself under the Societies Registration Act in order to be eligible for financial assistance, has given a handle to undesirable elements of the sports federation to take matters frequently to courts of law thus bringing the functions of the IOA to a grinding halt. The matter is under examination by the Government,

(c) No such proposal is under consideration.

Dissatisfaction at the Progress of Population Control Programme

1085. SHRI CHITTIBABU : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the Central Family Planning Council has recently expressed dissatisfaction at the progress of population control programme;

(b) the reason for the shortfall in the success of the programme; and

(b) in view of the impact of population expansion on our economy, what urgent and concerted steps Government have taken to make the family planning success ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) The Central Family Planning Council at the seventh meeting held on 14th and 15th October, 1971, noted that the Family Planning Programme has made significant progress during the last two years, but felt that the present pace of the programme was not fast enough for achieving the objective of reducing in birth rate to 25 per thousand population in another decade.

(b) Inadequate infrastructure, shortage of trained technical personnel, particularly in rural areas and absence of a perfect contraceptive method or device have been amongst the main handicaps in the programme.

(c) A statement is enclosed.

Statement

The various steps which have been initiated for gearing up the efforts for better results in the Family Planning programme include the following :—

(a) A new motivational strategy has been evolved which has as its approach the health of the mother and welfare of the child and will be directed more and more to individuals and special groups.

(b) Greater stress will be laid on evolving improved contraceptive technology including the use of indigenously developed methods and devices.

(c) Special attention would be paid to Family planning work in States like Uttar Pradesh, Bihar, Rajasthan, J. & K. and Madhya Pradesh which have not been doing well.

(d) There would be better services for I. U. C. D. and Sterilisation including better selection, improved after-care and allaying the public fears and apprehension about these methods.

(e) Intensive approach as in the Ernakulam Camps for producing psychological break through in favour of Vasectomy would be tried out in 25 or so large-scale camps through-out the country.

(f) Efforts would for some time be concentrated on these couples who approve of Family Planning method but have not yet adopted them.

(g) The Post Partum Programme and Intensive District Programme would be given high priority. The methods which are showing increasing degree of acceptance like tubectomy and Nirodh would be given all out support.

(h) Integration of M. C. H., Family Planning and Health programmes would be done at all levels.

(i) There would be improved and more intensive training of the various personnel working in the Family Planning programme.

Decline in Profitability of Shipping Corporation of India

1086. SHRI C. CHITTIBABU : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the overall profitability of the Shipping Corporation of India has been declining over the years;

(b) if so, the factors contributing to this non-profitability; and

(c) what alternative avenues have

been explored to increase the profitability of the Shipping Corporation ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) No, Sir. Though the profitability had declined in 1968-69, it has improved in the next two years viz., 1969-70 and 1970-71.

(b) Does not arise.

(c) The following measures have been taken to improve the profitability of the Shipping Corporation :—

- (i) Diversification of activities by the addition of Tankers and Bulk Carriers;
- (ii) Rationalisation of services by better coordination with other Operators;
- (iii) Improved methods of cargo stowage and cargo handling;
- (iv) Constant review of operating results; and
- (v) Improvement of ship's turn-round, wherever possible.

Waiting List for Allotment of Government Quarters on Medical Grounds

1087. SHRI SATPAL KAPUR : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the number of persons on the waiting list for allotment of government quarters whose request for allotment on medical grounds has been accepted;

(b) the date from which the first number in the said waiting list is there; and

(c) the time by which it is expected to allot government accommodation to them ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b) The number of persons in different types whose

requests for allotment on medical grounds which the first person is on the said waiting list are as under :

	Type I	Type II	Type III	Type IV	Type V	Type VI
No. of persons waiting	1	52	1	1	4	2
Date from which first person is waiting	14.10.71	3.9.71	25.10.71	30.8.71	19.7.71	10.9.71

(c) It has been decided to give 12½% vacancies for allotment to persons on *Ad hoc* basis on medical grounds and other grounds not covered under the existing patterns, where it is decided to make *Ad hoc* allotment keeping in view the totality of circumstances. It is not possible to indicate the time by which the persons on such waiting list could be allotted accommodation from the general pool as this depends on the vacancies occurring in a particular type.

Request from U. P. to increase the Sugarcane Price

1089. SHRI NIHAR LASKAR : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Chief Minister of Uttar Pradesh has requested the Centre to increase the price of sugarcane in view of the damage to cane crop by floods; and

(b) if so, the reaction of Central Government ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) The Government of U. P. had recommended early in 1971 a minimum sugarcane price of Rs. 10/- per quintal. The Chief Minister of U. P. in his letter received a few days ago has repeated this recommendation.

(b) Government decided only recently after careful consideration of all relevant aspects and the recommendations made by various State Governments including Uttar Pradesh to continue the minimum price of sugarcane at Rs. 7.37 per quintal linked to a recovery of 9.4 percent with a premium of 6.6 paise per quintal for every increase of 1% in recovery above 9.4%. The industry is expected to pay a higher price for sugarcane in view of the prevailing high price of sugar.

Propagation of Utility of Wild Life and its Preservation among Tribals

1090. SHRI NIHAR LASKAR : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the tribal population is still ignorant of the utility of wild life in the economy of various States;

For Kerala the figures are upto August, 1971 only as September figures have yet to be received.

Note:—The rates are worked out here by dividing the total number of sterilisations done till date by the mid-year population of the year 1971-72.

(b) if so, whether Government are propagating among tribal population to extend co-operation in protecting wild life; and

(c) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) There is an increasing awareness of utility of wild life among tribal population due to advancement of education and propaganda activities.

(b) and (c). Posters, pamphlets and films on wild life are being shown in tribal areas of most of the States, especially during the Wild life Week Celebrations. In some States rewards are being given to them for giving information about the poaching offences.

Tribals are also being trained in some States for specialised jobs as elephant staff, wild life watchers and forest guards.

Enquiry into killing of Tigers and other animals in Madhya Pradesh during wild Life Preservation weeks

1091. SHRI NIHAR LASKAR : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Madhya Pradesh Government licensed to kill tigers and other animals during the Wild Life Preservation Weeks ; and

(b) whether the Central Government propose to make an enquiry into this affair ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) No, Sir. No, licenses have been issued to kill tigers and other animals during the Wild Life Preservation Week.

(b) The question does not arise.

Introduction of Secondary Education Bill

1092. SHRI NIHAR LASKAR : Will the Minister of EDUCATION AND

Tenders for supply of Medical Drugs in Mysore State

1094. SHRI K. MALLANNA :
SHRI K. LAKKAPPA :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether tenders for the supply of Medical Drugs were invited sometimes back by the Mysore State;

(b) if so, whether the tenders of firm or firms whose names were not on the approved list were accepted in lieu of the standard and reputed firms in that State;

(c) whether as a result of accepting tenders of unrepented firms, sub-standard and out-dated drugs were accepted by the Government of Mysore at very high rates;

(d) whether Government propose to hold inquiry through C.B.I.; and

(e) further action to be taken against the persons concerned ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) to (e) . The information is being collected and will be laid on the Table of the Sabha in due course.

(c) the number of persons involved;

(d) whether the involved persons in this scandal were allowed in one case to retire and other doctor placed in additional charge of Head of the other Department; and

(e) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) to (e). The information is being collected and will be laid on the Table of the Sabha in due course.

Complaints against supply of Hybrid Bajra seeds to farmers

1096. SHRI K. MALLANNA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether there have been general complaints for the last one year from the farmers from all over India regarding Hybrid Bajra;

(b) if so, the nature of complaints received; and

(c) Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Complaints have been voiced by the farmers of Delhi, Haryana and Punjab regarding hybrid bajra during the last one year.

(b) The complaints related to the incidence of Downy Mildew (Green-Ear disease) in the Bajra crops of Kharif, 1970 and Kharif, 1971 and the disease was said to be due to the supply of defective seeds.

(c) The complaints were got investigated thoroughly in consultation with the

Breeders/Scientists of the I.A.R.I. by the National Seeds Corporation and the Plant Protection Adviser to the Government of India. It is reported that the disease is primarily soil and air-borne and even when the 'spores' are carried by the seed externally, these can be completely destroyed by suitable seed treatment. All seed sold by the National Seeds Corporation is subjected to seed treatment. Seed treatment makes it free from infection but the crop from such (treated and healthy) seed is still liable to be affected by the disease spores present in the soil or air from a previous crop. The disease affects local bajra varieties also but the complaints are made against hybrid bajra only because the farmer having paid a higher price for the seed expects a disease-free crop. However, it is once again being examined by the experts as to how far the disease is seed borne and what preventive steps can be taken in this regard.

The problem of evolving new hybrids of bajra which would be resistant to this disease was remitted to the Indian Council of Agricultural Research last year and the plant breeders are making earnest efforts to evolve varieties which would be resistant to this disease. The State Government and the National Seeds Corporation are also being requested to step up extension work on high yielding bajra programmes and inform the farmer what precautions will help to minimise the incidence of this disease.

दिलाली के दिन गुड़ के बायदा व्यापार तथा गन्ने की पिराई पर लगाया गया प्रतिबन्ध

1097. श्री रामचन्द्र बिकल : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि सरकार ने दिवाली के दिन गुड़ के बायदा व्यापार और केसरों और बड़े कोल्हूओं पर गन्ना पेरने पर प्रतिबन्ध लगा दिया था ;

(ख) यदि हां, तो उक्त निर्णय किस आधार पर किया गया था ;

(ग) क्या इस बारे में किसानों का एक प्रतिनिधि मण्डल खाद्य और कृषि मन्त्री से मिला था ; और

(घ) यदि हां, तो उसने सरकार से इस बारे में क्या मांगें रखी थी ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री० शेर-सिंह) : (क) और (ख). सरकार ने गुड़ का बायदा व्यापार बन्द करने का निर्णय किया है ताकि उसके मूल्य में अप्रत्याशित वृद्धि, जिससे गन्ने का चीनी बनाने की बजाय गुड़ बनाने में अनुचित प्रयोजन होता है को रोका जा सके। बायदा व्यापार आयोग को इस निर्णय से 16 अक्टूबर, 1971 को सूचित कर दिया गया था और आयोग ने उसे 18 अक्टूबर, 1971 स्थिति दोपहनी के दिन अधिसूचित किया था। भारत सरकार ने केसरों पर बड़े कोल्हूओं द्वारा गन्ना पेरने पर रोक नहीं लगाई है।

(ग) जी हां। स्वयं माननीय सदस्य के नेतृत्व में एक प्रतिनिधि मण्डल कृषि मन्त्री से मिला था।

(घ) प्रतिनिधि मण्डल ने गुड़ का बायदा व्यापार बन्द करने को अनुमति देने, बड़े कोल्हूओं और केसरों पर लगे प्रतिबन्धों को हटाने, और गन्ने के दैनिक मूल्यों का तुरन्त भुगतान कराने के सम्बन्ध में आदेश जारी करने के लिए अनुरोध किया था। गुड़ का बायदा व्यापार बन्द करने का निर्णय सावधानी से विचार करने के बाद लिया गया है और क्लिफहास इस निर्णय को हटाने का विचार नहीं है। उपर्युक्त भाग (क) और (ख) के उत्तर को देखते हुये केसरों और बड़े कोल्हूओं पर लगे प्रतिबन्धों को हटाने का प्रश्न ही नहीं उठता। राज्य सरकारों से अनुरोध किया गया है कि वे चीनी कारखानों द्वारा गन्ने के मूल्य का सीधा भुगतान कराने के लिए सक्षम बन उठाएं।

Posting of qualified doctors in Health Centres' Hospitals in rural areas

1093. **SHRI R. S. PANDEY :** Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government's effort to induct qualified doctors in the Health Centres/Hospitals in rural areas have not been very successful as a large number of these institutions are without doctors causing great inconvenience to the rural public ;

(b) if so, steps being taken to post qualified doctors at the Health Centres/Hospitals in the rural areas ; and

(c) whether any action is taken against the doctors who refuse posting at the rural health centres and if so, the nature thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) No. Government's efforts to induct qualified doctors in primary health centers in rural areas have been successful as only 3.4% P. H. Cs are without doctors on 30.6.1971 as against 20.7% in 1960.

(b) The following steps are taken by the State/Union Territory Governments to overcome the shortage of doctors in rural areas:—

1. Formation of unified cadres for doctors working in rural as well as urban areas.
2. Provision of total package of incentives such as grant of rural allowance, transport facilities, free furnished quarters, protected water supply, electricity, etc.
3. Improvement of physical facilities of Primary Health Centres, particularly in respect of buildings, residential quarters.
4. Re-employment of retired doctors willing to serve in rural area ; and

5. Grant of advance increments. Some States have also offered scholarship/stipends to the medical students for binding them for service in rural areas for certain number of years after completion of their education.

A scheme has been prepared under which the Central Government will give 100% assistance to the States to enable them to pay an allowance of Rs.150/- per month to the doctors who work in 400 specified areas considered to be distant, backward and difficult. Provision of special development, like approach roads, water and electricity is also envisaged under the scheme.

(c) In view of the amenities provided at the P. H. Cs. the response from the doctors to serve in rural areas is now much better than before.

Death due to consumption of Illicit Liquor

1099. **SHRI R. S. PANDEY :**
SHRI NARENDRA SINGH BISHT :
SHRI VIJAYPAL SINGH :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) Whether Government's attention has been drawn to the reports frequently appearing in the Press regarding death of a number of persons due to consuming country or illicitly distilled liquor in different parts of the country;

(b) if so, the reaction of Government thereto;

(c) the number of cases reported, number of deaths, and action taken in each case, State-wise; and

(d) the steps being taken to prevent such happenings and to stop illicit distillation of liquor and manufacture and sale of spurious liquor and its consumption among the masses ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY): (a) Yes, Sir.

(b). The Government feels concerned and has written to the State Governments for the required information.

(c) The Government of Maharashtra has reported that 225 persons were affected by the effect of consumption of illicit liquor on 15th September, 1971. A number of persons died. The latest information is that 77 persons have died so far. The Government of Maharashtra have taken action against certain police officers and further enquiries by the Special I. G. of Police is in progress. The Administrations of Manipur, Goa, Daman and Diu, Laccadives and Chandigarh have informed that no such cases have occurred under their jurisdiction. Replies from other State Governments and Union Territories are awaited.

(d) As the enforcement of Prohibition is the responsibility of the State Governments, they are requested to initiate measures to prevent illicit distillation of liquor and manufacture and sale of spurious intoxicants.

Policy for Acquisition of Land held by Ex-Rulers

1101. SHRI R. S. PANDAY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether any policy has been formulated by the Central Government for the acquisition of agricultural land belonging to the Ex-Rulers ; and

(b) if so, the main feature thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). Except for Uttar Pradesh where lands held by ex-rulers are exempted from the provisions of ceiling legislation, the ex-rulers in all the other States are in the same posi-

tion as any other owner of agricultural holdings so far as the application of the ceiling laws are concerned.

Proposal to Constitute Urban Transport Commission

1102. SHRI VAYALAR RAVI : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government are considering the proposal to constitute a Urban Transport Commission ; and

(b) if so, the salient features of the proposal ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) There is no such proposal under Government's consideration.

(b) Does not arise.

Reconstitution of Youth Welfare Board

1103. SHRI VAYLAR RAVI : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government propose to reconstitute the Youth Welfare Board ; and

(b) if so, when and what are the proposals for the structure of the Board ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) and (b). Presumably, the Hon'ble Member is referring to the National Advisory Board on Youth (National Youth Board) which was set up under Government Resolution dated 15th July, 1970. A copy of the Government Resolution and the list of members of the Board are given in the statement laid on the table of the House. [Placed in library. See No. LT 1073/171]

There is no proposal to reconstitute this Board as the term of the Board is for a period of three years.

Traffic Problems and Accidents in Delhi

1104. SHRI H. K. L. BHAGAT : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the total number of accidents in Delhi during the last two years as on the 31st March;

(b) the steps Government have taken to prevent such accidents; and

(c) what are the Government plans for control of growing traffic problems of the Capital ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT. (SHRI RAJ BAHADUR) : (a) The total number of accidents in Delhi during the last two financial years was as under :—

1969-70		8351
1970-71		7746

(a) and (c). The Delhi Administration have taken the following measures to reduce road accidents and control traffic:—

- (i) Concerted efforts have been made to study the traffic movement, potential danger spots, etc. and, on that basis recommendations are made to the authorities concerned for widening of important roads, putting up signals on busy crossing, painting of medians on broad roads and improvement of street lighting.
- (ii) Road safety education, including lectures on road safety and observance of traffic rules, is imparted in educational institutions.
- (iii) Hand bills and comics on road safety are distributed among the public and children.
- (iv) Cinema slides on traffic safety and television shows on road safety are also arranged.

(v) Roads are being widened and foot paths provided wherever possible.

(vi) Light signals and blinking lights have been installed on various road junctions.

(vii) One way traffic has been introduced in the congested parts of the city. Heavy vehicles are not allowed to pass through such areas.

(viii) A Traffic Training Park for children is functioning on the Irwin Road.

(ix) Transport vehicles are subjected to rigid inspection before certificates of fitness in respect of them are issued.

(x) Speed 'traps' of vehicles by mobile patrols are frequently arranged and action is taken under the law against the drivers who are found to be driving rashly and negligently or at excessive speeds.

(xi) Vehicles are subjected to surprise checks by mobile police patrols and Flying Squads.

(xii) Flying of heavy vehicles has been restricted to certain hours during the day in certain areas.

(xiii) Speed limits have been fixed on many roads and indicated on boards.

(xiv) Two mobile courts function round the month for on-the-spot prosecutions and trial.

Class III and IV Government Employees without accommodation with ten or more years Service

1105. SHRI H. K. L. BHAGAT : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the total number of Class III and Class IV employees of Central Government in Delhi and Delhi Administration with service of ten or more years to their credit who have not been allotted Government accommodation; and

(b) how many of them are likely to be accommodated during the next five years ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b). The allotment of accommodation from the general pool is made on the basis of pay ranges prescribed for different types and not on the basis of the class to which the employees belong. The Class III and

Class IV employees are generally entitled to types I, II and III. The applications for allotment of accommodation from the general pool in Delhi/New Delhi are invited on a restricted basis keeping in view the likely availability of houses during a particular allotment year and the statistical data in regard to the number of officers who have put in more than 10 years of service for types II and III is not available. The date of priority upto which the applications for the allotment year beginning from 1st August, 1970 in types I, II and III have been invited, the number of officers still awaiting allotment and the number of quarters sanctioned for construction so far during the Fourth Five Year Plan are as under :—

Type.	Date of priority upto which applications have been invited.	Number of officers still awaiting allotment in their entitled types.	Number of units sanctioned
I	31.12.1962	4,333	804
II	31.12.1955	3,438	1,732
III	31.12.1950	2,410	1,716

It cannot be stated at this stage as to how many of them are likely to secure allotment in the next five years.

Provision of amenities to Jhuggi-Jhonpuri Dwellers

1106. SHRI H. K. L. BHAGAT :
DR. LAXMINARAIN PANDEY :
SHRI K. LAKKAPPA :

Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether after the Lok Sabha elections in 1971, Government have revised their policy relating to Jhuggi-Jhonpries with regard to their permanent settlement sites and provision of amenities at the present sites occupied by them ; and

(b) if so, in what manner and what are the steps taken in the implementation of the same ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b) The entire scheme relating to Jhuggi-Jhonpries is under review.

Construction of overbridge on Railway crossing near Safdarjang Airport

1107. SHRI H. K. L. BHAGAT : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the project for construction of an overbridge on the Railway Crossing near Safdarjang Airport New Delhi, has been shelved or its execution suspended ;

(b) if so, the reasons therefor ; and

(c) when the project was sanctioned the total cost of the same and how much of it was carried out ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) No.

(b) Does not arise.

(c) The scheme amounting to Rs. 1.23, 41,400/- was sanctioned by the Government of India in April, 1970 for the construction of road over-bridge at Safdarjang railway crossing and allied works. Allied work costing Rs. 55.28 lakhs have been executed against this scheme,

Prospects of Procurement of Rice and other Foodgrains due to Flood and Drought in the Country

1108. SHRI H. K. L. BHAGAT : Will the Minister of AGRICULTURE be pleased to state :

(a) to what extent the flood and drought conditions in various States have affected the prospects of procurement targets of foodgrains by the Government ;

(b) whether the target of 4.3 million tonnes fixed by the Agricultural Price Commission will be achieved ; and

(c) what is the present position with regard to the rice stocks and what are further prospects of procurement of rice from the country ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE): (a) to (c). The precise estimates of the damage caused to foodgrains by flood and drought in different States are not available. Even though the crop has been affected by drought and flood in some parts of the country, efforts are being made to achieve the procurement target of 4.3 million tonnes of rice recommended by the Agricultural Prices Commission for 1971-72 season. The physical stocks of rice with the Central and State Governments at the end of October, 1971, were about 16 lakh tonnes.

Disposal of garbage by C.M.D.A.

1109. SHRI PRIYA RANJAN DAS MUNSI : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state whether the Calcutta Metropolitan Development Authority is taking any specific measure for garbage disposal ?

THE MINISTER OF STATE IN THE MINISTRY OF FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : Yes, The Calcutta Metropolitan Development Authority has provided 30 trucks, 45 auto-engines, 2 Bulldozers, 2 pay-loaders for dumping operations, railway wagons and other equipments like shunters, etc. to the Calcutta Municipal Corporation for efficient operation of collection and disposal system within the city limits. All 34 municipalities in the Calcutta Metropolitan District are being provided with one tractor and two trailers each. For

Howrah Municipality, 41 five-ton trucks have been given. Howrah Municipality has also been given Rs. 37.50 lakhs for repairs to existing trucks and construction of a garage.

Fall in percentage of working cultivators and increase in agriculture labour

1110. SHRI S. P. BHATTACHARYA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether according to the 1971 Census, percentage of Working Cultivators has fallen down from 54 per cent in 1961 to 43 per cent in 1971 and agricultural labour has increased from 16.71 per cent in 1961 to 25.8 per cent in 1971 of the total working population ; and

(b) the reasons for the same and the reaction of the Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). The percentage of cultivators and agricultural labour to total workers work out as under, according to the available information under the 1961 and 1971 Censuses so far :

	1961 Census	1971 Census (Provisional)
Percentage of Cultivators to total workers	52.8	42.9
Percentage of agricultural labour to total workers.	16.7	25.8

Due to difference in the definition of 'worker' followed in the population Censuses of 1961 and 1971, the above figure, are not strictly comparable. For example, part-time workers in agriculture like housewives, students etc. who were shown as workers in 1961 will be shown basically as non-workers in 1971 according to their main activity. It is also likely that the procedure followed for the compilation of data relating to economic activity in the 1961 Census resulted in some bias in favour of persons being shown as cultivators. When the 1971 data are fully processed and analysed, it may be possible to draw some definite conclusions.

Ticket sales of state buses and trams in Calcutta on 13th October, 1971

1111. SHRI S. P. BHATTACHARYA: Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

Setting up of Cancer Hospital in Delhi

1114. DR. SANKATA PRASAD : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether a new cancer hospital is being set up in Delhi ;

(b) if so, the site selected for the construction of the said hospital as also the acreage of land required for it ;

(c) whether any assistance is being given by the Central Government for this hospital and if so, the amount thereof ; and

(d) the number of patients likely to be benefited by this hospital ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTERJAYA) : (a) to (d). No proposal for

the setting up of a new cancer hospital in Delhi is at present under consideration of Government.

The Rotary District 310, comprising the Rotary Club in Punjab, Haryana, Delhi and Uttar Pradesh have, however, established a Cancer Foundation in Delhi which has a proposal to set up a big Cancer Project consisting of a large hospital with 300 beds and an out-patient wing, as also research laboratories and a training institute for work on cancer. The project is estimated to cost about Rs. 2 crores to begin with.

The Foundation propose to discuss the following requests for starting the project:—

- (i) Provision of 70-100 acres of land free of cost by Ministry of Work & Housing or Delhi Administration
- (ii) Matching grant by the Central Government on the amount to be collected by the Foundation i. e. about one crore of rupees
- (iii) Expert foreign advice from sister institutions in building up this Institute.

Functioning of African Studies Department of Delhi University

1117. SHRI DASARATHA DEB : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state ;

(a) whether he has received any memorandum from the African Students' Association of India over the functioning of the African Studies Department of the Delhi University;

(b) if so, the salient points thereof ; and

(c) what steps Government propose to take to rectify the mistakes pointed out in the memorandum ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) Yes, sir,

(b) A statement is attached.

(c) It is for the University to take whatever action is considered necessary and possible in the matter. A copy of the Memorandum has already been forwarded to the University authorities.

Statement

Salient points in the Memorandum of African Students' Association.

1. A great majority of books in the African Collection of Library were written by authors who were mainly colonial officers and were thus biased and ill-informed about the real condition of the indigenous population because of language barriers and aloofness of colonial masters and their motives were deliberately to distort the image of continent and the personality of the African".

2. That contemporary Africa does not arouse any academic interest whatsoever for the authorities of Delhi University.

3. That seminars in the department are just like laughing clubs where funny stories about Africa based on some old legends are discussed.

4. Naked pursuit of self-interest appears to be motto of the Africa studies Department.

5. That a paper on African has not been introduced at under-graduate level.

6. The Department of African Studies does not have branches in Bombay, Calcutta or other centres.

7. The authors of the Report complain that they have failed to get a clear clue as to the sources of finance of the Department.

8. The report suggests that African should be appointed as Visiting Lecturers/Professors/Fellows.

Non-Availability of Sugar in Agartala due to Transport Bottleneck.

1118. SHRI DASARATHA DEB : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the attention of Government has been drawn to the closure of 125 sweetmeat shops in Agartala (Tripura) affecting the jobs of more than 1400 workers because of the non-availability of sugar due to transport bottleneck;

(b) if so, the outline thereof; and

(c) steps taken by Government to arrange transport facilities thereof ?

(c) The leader of the team has submitted a report.

(d) A statement showing the major recommendations made by the leader of the team is attached. An endeavour will be made to implement the various recommendations in the light of available resources

Statement

Recommendations

In the light of the observations of the Delegation in the Soviet Union, the following recommendations are made :—

1. that every blind person who is able and willing to work should be given employment, where necessary in factories specially for their benefit;
2. that a beginning with the introduction of a social security may be made by granting a small monthly pension of Rs. 20/- to every blind person in the country irrespective of the fact whether he is gainfully employed or not;
3. that suitable legislation should be introduced earmarking one to two per cent vacancies in the public and private sectors for handicapped persons including the blind;
4. that the manufacture of electrical switches and other electrical appliances might be undertaken as a part of the project to expand the workshop/factory of the National Centre for the Blind, Dehra Dun. A projects to this effect may be formulated and the collaboration of the Soviet Union sought on a

Government to Government basis. Similar factories may also be set up in other parts of the country;

5. The Soviet Government will be willing to consider collaborating with India in projects of this nature;
6. that the Government should issue instructions to the effect that switches and all other products manufactured by the blind should be purchased by all Government Departments and public sector undertakings from organisations of the blind;
7. (a) that the manufacture of caps, stoppers of coca cola and other soft drinks, beer, wine, medicine and the like may be made at the National Centre for the Blind, Dehra Dun;

(b) that the possibility of making such other items as tin boxes for hoot polish creams, door hinges and bulb holders etc. may also be explored;
8. that a larger number of workshops for the blind should be established in the country both by Central and State Governments and in the voluntary sector for which liberal assistance should be provided
9. that schools and other training establishments for the blind should undertake suitable vocational programmes in order to equip them with skills needed for factory work;
10. that schools for the blind should give a greater vocational bias to their education. The student should be prepared for the type of job he is likely to take up on the completion of his educational process. This should be consistent with his aptitude and abilities;

11. that one or two good sanatoria for the blind should be established in the country by the Central Government;
12. that if necessary, an expert may be sought from the Soviet Union to assist in developing the school for partially sighted children particularly with regard to the equipment and physical arrangements to be provided in such schools;
13. that the blind in this country should be provided subsidised housing. They should also be exempted from the payment of income tax and given concessions on such transport facilities as are not already provided;
14. that a good recreation programme should be organised for the blind on a national basis. A few clubs should be set up and summer camps organised regularly at health resorts. Competitions in games, music, braille and other subjects should be organised;
15. that the National Centre for the Blind should develop a well equipped research unit for developing ways in which industrial processes can be simplified and make safety devices designed to meet the requirements of blind industrial workers.
16. that the visit of the Indian Delegation to USSR has proved very useful and exchange of such visits in future years will be of great value and should be encouraged. In 1971-72, a Delegation from USSR may be invited to study in depth the services for the blind in India and advise us on the formulation of projects for the rehabilitation of the blind here;

Similar exchange programmes may also be arranged with other countries.

Extension of Inland Water Transport Service to Calcutta now Started between Patna and Ghazipur

1121. SHRI HARI KISHORE SINGH : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether an inland water transport service on the Ganga between Patna and Ghazipur has since been started ;

(b) whether it is proposed to extend the service to Calcutta and if so, when; and

(c) the number of the barges along-with their capacity to be run for the Inland Water Service ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) An experimental-cum-promotional river service on the Ganga between Patna and Ghazipur has been started with effect from 10th November, 1971.

(b) The question of extending the service to Calcutta will be considered after the completion of Feeder Canal of Farakka Barage Project and after watching the results of the present experimental cum-promotional service.

(c) One pushtow unit consisting of four barges having a total carrying capacity of 500 tons is being operated for the present.

Work done by Indian Council of Agricultural Research for better quality of Wheat

1122. SHRI HARI KISHORE SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) the work done by the Indian Council of Agricultural Research for improving the quality and flavour of wheat ;

(b) whether any comparative study has been made in the protein content of indigenous and imported wheat and the findings thereof ; and

(c) the steps taken to popularise among the farmers the technique of growing better quality of foodgrains ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) the Indian Council of Agricultural Research has sponsored research work under the All-India Coordinated Wheat Improvement Project both on the production as well as the nutritional and physical characteristics of wheat. The work on these aspects is also in progress in the Indian Agricultural Research Institute. As a result of this work, a large number of wheat varieties have been produced at the Indian Agricultural Research Institute and other centres. These varieties are being evaluated for such characteristics as their protein content and chapati making quality. Some of the released varieties like Sharbati Sonora, Hira and U. P. 301 have good protein content and chapati making quality. All the strains under development are being tested both for yield and quality, so that high yielding cum-high quality varieties can be released.

(b) Both the indigenous and imported varieties of wheat have been studied for their protein content. It has been found that the protein content in both types of varieties varies with environmental factors and that many of the indigenous wheat varieties are not inferior to the imported types in their protein content. The imported varieties have, however, stronger gluten, making them suitable for automatised bread making.

(b) The seed of new varieties of wheat and other food grains having improved nutritional quality are distributed to the farmers through the National Seeds Corporation. Extension Directorate and the State Departments of Agriculture take active steps to popularise these varieties among the farmers.

Conference of India Society of Nuclear Medicines

1123. SHRI HARI KISHORE SINGH : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the India Society of Nuclear Medicines during the fourth week

of October, 1971 explored the possibility of popularising radiation medicines in the medical sphere ;

(b) the outcome of the conference ; and

(c) the steps taken for the development of nuclear medicines ?

THE DEPUTY MINISTER IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI A. K. KISKU) : (a) and (b). The Third Annual Conference of the Society of Nuclear Medicine held at Varanasi from 25th to 27th October, 1971 provided an excellent opportunity for exchanging and updating of information on the availability of Radiopharmaceuticals and equipment necessary for the practice of Nuclear Medicine.

The exhibition put up by the Electronics Corporation of India, Hyderabad at the time of the Conference made it clear that all the instrumentation required for the practice of nuclear medicine is now indigenously available. The radiopharmaceuticals are already on a regular production schedule from Bhabha Atomic Research Centre.

(c). Application of Radioisotopes can be of very great practical benefit in medicine, in agriculture, in industry, in food preservation and in research, in the field of medicine the following programme is envisaged by the Department of Atomic Energy. —

- (i) Establishment of medical products sterilisers.
- (ii) Establishment of 5 Zonal Radiation medicine centres.
- (iii) Providing assistance in setting up 100 small isotope laboratories in hospitals attached to medical colleges throughout the country.
- (iv) Establishment of Teletherapy Centres for treatment of cancer.

Acute shortage of X-Ray Films in Delhi Hospitals

1124. SHRI N. K. SANGHI :
DR. KARNI SINGH :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state;

(a) what are the total requirements of X-Ray films for each of the Government hospitals in Delhi and those that are run by the Delhi Administration per year;

(b) what is the extent of shortages in each of these hospitals and reasons for non-supply in adequate quantities; and

(c) to what extent the present shortage can be attributed to delay in effecting supplies by the Supplies Department and whether the hospitals will be permitted to secure their minimum requirements through direct purchase or direct import ?

THE DEPUTY MINISTER IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI A. K. KISKU) : (a) The approximate annual requirements of the two centrally run hospitals are as follows:—

Safdarjung Hospital

Size	Quantity		
15 x 12	2100	pkts (25 films each packet)	
10 x 12	3000	„	„ -do-
10 x 8	1020	„	„ -do-
6½ x 6½	840	„	„ -do-
4 x 4	480	„	(50 films each packet)
Dental	180	„	(25 films each packet)

Willingdon Hospital

Size	Quantity		
13 x 14	1 x 25	90 pkts.	
14 x 14	-do-	150 pkts.	
12 x 15	-do-	1500 pkts.	
10 x 12	-do-	1000 pkts.	
8 x 10	-do-	900 pkts.	
5½ x 8½	-do-	650 pkts.	
5 x 7	-do-	100 pkts.	
4 x 4	1 x 50	350 pkts.	
Dental C x 3 cm	1 x 25	100 pkts.	
Dental Occlusal films.	1 x 25	20 pkts.	

Information regarding the requirements of the hospitals run by the Delhi Administration is being collected and will be laid on the Table of the Sabha.

(b) It had been reported that X-Ray Films except size 4" x 4" and dental were not available in the market. This shortage was mainly due to the reluctance on the part of the suppliers to supply films in adequate quantity because of a dispute regarding the rate contract price following the increased levy of customs duty. The suppliers, have, as a result of discussions between them and the Directorate General of Supplies and Disposals now agreed to comply with all pending supply orders.

(c) There has been no delay on the part of the Directorate General of Supplies and Disposals in concluding contracts for the supply of X-Ray films. The hospitals have direct purchase powers upto Rs. 2,000/- at a time subject to an aggregate of Rs. 15,000/- in a year against items on rate contract. They can also import directly X-Ray films upto a c.i.f. value of Rs. 1,000/- at a time.

Loans and Subsidy in Rajasthan for Reclamation of Ravine Land

1125. SHRI N. K. SANGHI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have formulated a scheme of giving subsidy for reclaiming ravine land in Rajasthan;

(b) whether arrangements have also been made for granting loans through the nationalised banks to persons who will undertake the reclamation work; and

(c) if so, the response to the scheme and whether the Government of Rajasthan have forwarded any scheme to the Central Government in this connection ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH): (a). No, sir. However a centrally sponsored scheme of Pilot Project for reclamation of ravine land for

a target of 2000 hectares at an outlay of Rs. 50.00 lakhs has been initiated in the Kota district of Rajasthan to determine the technical and economic feasibility of large scale ravine reclamation, on a 100% grant basis from the Centre to the State Government.

(b) No, Sir.

(c) No scheme as such has yet been forwarded by the Government of Rajasthan to the Government of India in this connection.

Release of foreign exchange to Hindustan Shipyard to execute orders placed by Indian Shipping Companies

1126. SHRI N. K. SANGHI : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the Hindustan Shipyard is unable to execute expeditiously the orders placed by the Indian Shipping Companies because of procedural delays in sanctioning foreign exchange;

(b) whether the Hindustan Shipyard has requested the Central Government to make bulk allocation of foreign exchange to facilitate purchases from abroad speedily; and

(c) if so, the reasons for the delay and taking a decision on the above request ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). In the past the ship construction programme of the Hindustan Shipyard was occasionally hampered due to difficulties and consequential delays in the sanctioning of foreign exchange. But this difficulty has been removed to a very large extent by the adoption of the system of bulk allocation of foreign exchange for the requirements of Hindustan Shipyard since May 1971.

Allocation for rural housing scheme in Rajasthan

1127. **SHRI N. K. SANGHI** : Will the Minister of **WORKS AND HOUSING** be pleased to state :

(a) what has been the Central allocation to Rajasthan during the three plans for rural housing schemes ;

(b) whether the targets fixed under these plans have been fully realised and if not, what has been the shortfall ; and

(c) how far the target for the fourth plan has been achieved so far and what has been the backlog ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) The Village Housing Projects Scheme of this Ministry was introduced in August, 1957. Central assistance amounting to Rs. 150 lakhs was allocated to the Government of Rajasthan under this Scheme upto the III Plan out of which the State Government had drawn only Rs. 75.09 lakhs on the basis of expenditure incurred by them.

(b) No specific physical targets were laid down by the State Government. However, according to reports received from the State Government, they had sanctioned about 6,400 houses for construction upto the end of the 3rd Plan out of which about 3,000 had actually been completed.

(c) The Scheme falls in the State sector. Since the beginning of Fourth Plan, Central assistance for all state Plan scheme is being allocated to the States in the form of 'block loan' and 'block grants'. The State Governments are free to determine the programmes/scheme to be implemented, the funds to be allocated and the targets to be achieved, on the basis of their own requirements and priorities. The Government of Rajasthan have discontinued implementation of the Village Housing Projects Scheme since the beginning of the Fourth Plan.

Instructions to ship owners to recruit more seamen from Calcutta

1128. **SHRI MUHAMMED SHERIFF**: Will the Minister of **SHIPPING AND TRANSPORT** be pleased to state :

(a) whether the ship owners in the country has been instructed to recruit more seamen from Calcutta in future than hitherto ; and

(b) if so, the contents of the instructions and the reasons for the same ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR): (a) No such instructions have been issued. However periodical discussions have been held with the Shipowners and the Union with a view to ensuring recruitment of more seamen from Calcutta than at present.

(b) Does not arise.

अप्रैल—जुलाई 1971 में गोदामों में पड़े अनाज की क्षति तथा किसानों को 'साइलेंट' सप्लाई करने की योजना

1129. **डा० लक्ष्मीनारायण पांडेय** :

श्री धार० बी बडे

क्या कृषी मंत्री यह बताने की कृपा करेंगे कि :

(क) अप्रैल—जुलाई 1971 में देश के विभिन्न भागों में भारी वर्षा के कारण खलिहानों में जमा अनाज को कितनी क्षति हुई;

(ख) क्या ऐसी क्षति को रोकने के लिए किसानों को आसान किश्तों पर साइलो आदि सप्लाई करने की योजना सरकार के विचाराधीन है; और

(ग) यदि हां, तो उसकी मुख्य बातें क्या हैं ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहेब पी० शिन्दे) : (क) अप्रैल—जुलाई, 1971 के दौरान वर्षा के कारण देश के विभिन्न

जागों में खलिहानों में जमा खाद्यान्नों को हुई क्षति के सम्बन्ध में राज्य सरकारों और खाद्यान्न जमा करने वाली अन्य एजेंसियों से ध्यौरे मांगे गये हैं और प्राप्त होने पर सभा के पटल पर रख दिये जायेंगे।

(ख) और (ग). पांच राज्य पंजाब, हरियाणा, उत्तर प्रदेश, बिहार और मध्य प्रदेश में 40-05 लाख रुपये की कुल लागत के 1.4 मी. टन से 5.5 मी. टन क्षमता के उन्नत किस्म के बिन/छोटे साइलों सुलभ करने की एक योजना स्वीकार की गई है। किसानों को उधार पर दिये जाने वाले बिन की लागत 3 वर्षों की अवधि में बसूल की जागगी अर्थात् 40 प्रतिशत बिन की सुपुर्दगी के समय और 20 प्रतिशत प्रत्येक 12 महीनों के बाद। यह योजना राज्य सरकारों के माध्यम से चलाई जाएगी। उत्तर प्रदेश, बिहार और मध्य प्रदेश की सरकारों ने इस योजना को स्वीकृति प्रदान कर ली है।

दिल्ली प्रशासन ने एक तिहाई राज्य-सहायता पर इस केन्द्र शासित प्रदेश के किसानों को एक से दस मी. टन क्षमता के वास्तविक बिन सप्लाई करने की व्यवस्था की है। चालू वित्तीय वर्ष के दौरान इस प्रयोजन के लिए प्रशासन द्वारा एक लाख रुपये का प्रावधान किया गया है।

गन्ने की बिक्री के लिए बीनल प्रतिबन्धों का हटाया जाना

1130. डा. लक्ष्मीनारायण पांडेय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विभिन्न राज्यों के किसानों ने मांग की है अथवा सरकार को यह मान करने वाला ज्ञापन दिया है कि गन्ने की बिक्री पर अंतरिम प्रतिबन्धों को हटा दिया जाय; और

(ख) यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया है।

कृषि मन्त्रालय में राज्य मंत्री (प्रो० शेर-सिंह) : (क) चीनी कारखानों के क्षेत्रों में गन्ने की सप्लाई का विनियमन राज्य सरकारें करती हैं। जहां तक मालूम हुआ है, ऐसे विनियमन को समाप्त करने हेतु कोई भी मांग अथवा ज्ञापन प्राप्त नहीं हुआ है।

(ख) प्रश्न ही नहीं उठता।

कृषि उत्पादनों के मूल्य निर्धारित करने के लिए अपनाई जा रही प्रक्रिया

1131. डा. लक्ष्मीनारायण पांडेय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कृषि उत्पादों के मूल्य निर्धारित करने के लिए सरकार द्वारा क्या प्रक्रिया अपनाई जा रही है, और

(ख) क्या कृषि उत्पादों के मूल्य निर्धारित करते समय किसानों की उत्पादन लागत को ध्यान में नहीं रखा गया है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा साहिब पी० शिन्डे) : (क) और (ख). मुख्य खाद्यान्नों तथा महत्वपूर्ण व्यापारिक फसलों के अधिप्राप्ति मूल्य और/या न्यूनतम मूल्य कृषि मूल्य आयोग की सिफारिशों को दृष्टिगत रखते हुए निर्धारित किये जाते हैं। मुख्य खाद्यान्नों के मूल्य निर्धारित करते समय राज्य सरकारों से भी परामर्श लिया जाता है। गन्ने के मामले में राज्य सरकारों, गन्ना उत्पादक सभों, गन्ना उद्योग आदि द्वारा व्यक्त किए गये विचारों पर मूल्य निर्धारित करते समय विचार किया जाता है। कृषि मूल्य आयोग अधिप्राप्ति और न्यूनतम मूल्यों के बारे में सिफारिश करते समय बेटी की जागत की

प्रवृत्ति के उपलब्ध साँकड़े, बाजार मूल्यों की प्रवृत्ति, प्रतियोगिता: फसलों के मूल्यों और उत्पादक आदि की पर्याप्त प्रोत्साहन देने में उपयुक्त सम्बन्ध बताये रखने की आवश्यकता सहित अनेक सम्बद्ध घटकों पर विचार करता है।

नेशनल डेयरी रिसर्च इन्स्टीट्यूट, करनाल
(हरियाणा) की उत्सृष्टियाँ

1132. डा० लक्ष्मीनारायण पांडेय : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) नेशनल डेयरी रिसर्च इन्स्टीट्यूट, करनाल (हरियाणा) की गत तीन वर्षों की वर्षा उपलब्धियाँ हैं; और

(ख) उक्त रिसर्च इन्स्टीट्यूट को अपने उद्देश्य की पूर्ति में कहीं तक सफलता मिली है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा-साहेब शिंदे) : (क) राष्ट्रीय डेरी अनुसंधान संस्थान, डेरी के क्षेत्र में अनुसंधान शिक्षण तथा विस्तार के क्रिया-कलाप कर रहा है। गत तीन वर्षों के दौरान, संस्थान ने भैंस के दूध में चीज़ स्प्रेड, सोष्ट चीज़ (पनार), आइसक्रीम मिक्स, खरब, दही, श्रीरंक तथा सोडियम के सोनेट के निर्माण के तकनीकों का विकास किया है। इसके फलस्वरूप अविशेष दूध और उपस्तर के दूध का डेरी उत्पादकों के रूप में उपयोग किया जा सका है, जिससे विनिर्माताओं तथा कृषकों को काफी लाभ होगा। माहीवाल तथा माल सिन्धवा पशुओं का ब्रोउन स्विज पशुओं और बारपरकर पशुओं का जर्सी पशुओं के साथ किये गये संकर-प्रजनन के अनुसंधान कार्य से श्रेष्ठ प्रजनन तथा व्योसों में कम अवधि के संकर-जसस की गायों का उत्पादन हुआ और उनमें दूध का उत्पादन बढ़ा, जो अधिकतम: बेसी भत्तों के दुगना है।

संस्थान में विकसित बछड़ा जापन (स्टार्टर्स) बछड़ों के पालन की मागत अधिकांशतः आया हो गई है।

संस्थान ने देश में उपलब्ध कच्ची सामग्री में डेरी सेनीटाइजर्स, के जिसे 'माइडोफोर्स' कहा जाता है, निर्माण की प्रक्रिया का विकास किया है। कमरे के तापमान में जल्दी अवधि में मंडारन हेतु दही को तैयार करने के लिए एक पद्धति का मानकीकरण कर दिया गया है। जीवाणुओं के साधनों तथा बिना बचतिये पिस्तुला वाले बछड़ा से भी रेनेट के निर्माण की विधियों का विकास किया गया।

संस्थान में निर्मित दूध के निर्माण के लिए एक दुग्ध निर्जंभीकरण एकक का डिजाइन बनाया गया और निर्मित किया गया है।

शिक्षण कार्यक्रम के अन्तर्गत, डेरी के क्षेत्र में डिप्लोमा (आई. डी. डी.), बी. एस. सी. (डेरी तथा एस. एस. सी. (डेरी) के विभिन्न पाठ्यक्रम हैं। संस्थान के डेरी विस्तार तथा डेरी अर्थशास्त्र में एम. एस. सी. के पाठ्यक्रम को भी प्राणम्भ किया है। डेरी विज्ञान के विभिन्न क्षेत्रों में पी. एच. डी. डिग्री के लिए स्नातकोत्तर कार्य करने के लिए भी सुविधायें उपलब्ध हैं।

संस्थान के विस्तार एकक ने डेरी वाले व्यक्तियों तथा कृषकों के शिक्षण के लिये, शिक्षण साधनों के विकास में तथा विस्तार की पद्धतियों में काफी प्रगति की है। विस्तार कार्य के कार्यक्रम में, चारा विकास, माइनेज बनाना, शुद्ध दुग्ध उत्पादन, संतुलित खाद्य-आहार तथा अन्य सुधरी हुई डेरी प्रणालियों का प्रचार किया जा रहा है। भैंस के दूध का गाय के दूध से अन्तर करने के लिए 'हंस परीक्षण' की उपयोगिता का दुग्ध उत्पादकों की सफलतापूर्वक प्रदर्शन किया गया है। इस अवधि के दौरान डेरी

इंजीनियरिंग, डेरी विस्तार, गुण निबन्धन आदि में विशेष प्रशिक्षण पाठ्यक्रम के नौ आयोजन किये गये।

(ख) यह संस्थान दुग्ध तथा दुग्ध उत्पादकों के उत्पादन तथा उपयोग से सम्बन्धित विभिन्न पहलुओं पर अनुसंधान करने, डेरी शिक्षण तथा सहायकार एवं विस्तार कार्य के माध्यम से डेरी उद्योग के विकास में सहायता करने जैसे उद्देश्यों के, जिसके लिए यह स्थापित किया गया था, प्राप्त करने में सफल रहा है।

शोधधियों के स्वदेशी प्रणाली के मान्यता प्राप्त अनुसंधान केन्द्र

1133. डा० लक्ष्मीनारायण पांडेय : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) उन स्थानों के नाम क्या हैं जहाँ पर प्रायुर्वेदिक, यूनानी, होम्योपैथी के मान्यताप्राप्त अनुसंधान केन्द्र कार्य कर रहे हैं;

(ख) उन स्थानों के नाम क्या हैं;

(ग) उन स्थानों के नाम क्या हैं जहाँ पर समूचे अनुसंधान कार्य को 'स्टैंडर्ड' स्तर तक लाने के लिए स्नातकोत्तर कक्षाएं चल रही हैं; और

(घ) इन प्रणालियों का मान्य शोध कोष कब तक तैयार हो जायेगा ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (प्र० डी० पी० खट्टोपाध्याय) :

(क) भारतीय चिकित्सा एवं होम्योपैथी अनुसंधान की केन्द्रीय परिषद के अधीन मान्यता प्राप्त प्रायुर्वेद, यूनानी तथा होम्योपैथिक अनुसंधान केन्द्र निम्नलिखित स्थानों पर कार्य कर रहे हैं—

(ख) भारतीय चिकित्सा पद्धतियों में उल्लिखित औषधियों के अध्ययन में अनेक सम्भावनाएँ हैं इसे स्वीकार करते हुए यह विचार किया गया कि आयुर्वेदिक एवं यूनानी में औषधि अनुसंधान कार्यक्रम चलाने के लिए प्रयास किये जायें और तदनुसार औषधीय पदार्थ एकक सर्वेक्षण, कच्ची औषधियों का मानकीकरण निर्माण पद्धति का मानकीकरण प्राकृतिक, रासायनिक जीव रासायनिक और जैविक पैरामेटर्स की दृष्टि से नैसर्ग औषधियों का मानकीकरण के साथ-साथ औषधि प्रभावी और चिकित्सीय गुणगति की दृष्टि से उनके मूल्यांकन जैसा औषधि अनुसंधान सम्बन्धी विभिन्न परिशोधनाएँ शुरू कर दी गई हैं। औषधीय पदार्थ एककों के सर्वेक्षण में उन स्थानों का पता लग सका है जहाँ पर अनेक दुर्लभ किन्तु लाभदायक औषधियों के अनिश्चित सिलसिले, जटिलमांसी, कटुकी, कृष्णकी, बालहरिद्रा जैसी कतिपय महत्वपूर्ण वनस्पति तथा खनिज औषधियाँ मिल सकती हैं।

इन यूनियों ने इन औषधियों की पैदावार बढ़ाने के तरीके ढूँढ़ निकालने के साथ-साथ इनके सक्रिय मुख्य तत्व का पता लगाने के लिए केंद्र सहित अनेक औषधियों की प्रयोगात्मक खेती का काम शुरू कर दिया है।

उन्होंने संदर्भ संग्रहालय बनाए हुए हैं। और वे परिषद के अधीन काम कर रहे सभी अनुसंधान संस्थाओं को पादप सम्बन्धी सामग्री दे रहे हैं।

परिषद ने औषध मानकीकरण अनुसंधान एकक खोल रहे हैं जिनका मुख्य काम चिकित्सा व्यवसाय में पर्याप्त मात्रा में प्रयुक्त चिकित्सीय उपयोगिता अथवा भेषजार्थ आवश्यकता की एकल औषधियों और मिश्रित योगों के मानक निर्धारित करने के साथ-साथ उनकी पहचान, गुण और शुद्धता की जाँच के तरीके निकालने के अतिरिक्त मानकीकरण में अपनाए गए नाली विधियाँ निर्धारित करना है। इस समय यह सामग्री विभिन्न एककों से। कच का जा रही है और इन पर आगे और अध्ययन करने के पश्चात् इन्हें अपने-अपने के बारे में विचार किया जाएगा।

इस विचार में कि सामग्री पर उपयोग लाई जाने वाली कतिपय औषधियों के क्रमिक अन्वेषण में उपयोगी और राखण परिणाम निकलेगें, इस परिषद ने भेषज अभिज्ञान रसायन शास्त्र में गुण विज्ञान और नैदानिक चिकित्सा जैसे सम्बद्ध विषयों पर ऐसा एक अध्ययन करने की एक परियोजना शुरू कर दी है। इस कार्यक्रम के अन्तर्गत कि गये कार्य से निम्न-लिखित औषधियों के मामले में बड़ी रोचक और उत्साहवर्धक तथा प्रेरक बातें मालूम हुई हैं और यह बतलाया जाता है कि यह अन्वेषण काफी आगे बढ़ चुका है।

1. अजोका

2. जतावरी

3. करबीर
4. मुग्धुलु
5. भरंजी
6. बटामाप्सी
7. पिप्पी
8. रत्ना
9. पुनर्नवा
10. कण्टकाचि
11. अरगवच (अमलतास)

निम्नलिखित औषधियों के मामले में इस अध्ययन कार्य से कतिपय उत्साहनक प्रेरक बातें सामने आई हैं।

1. सप्तरंजी
2. बगचा
3. बाला
4. पाषाणभेद
5. तुमारी
6. चटुकी
7. बग

इस परिषद् ने औषधि अनुसंधान कार्य के साथ साथ चिकित्सीय अन्वेषण का कार्य भी शुरू कर दिया है ताकि रोगोत्पत्ति विचारानुदान की क्रियाविधि, रोग पूर्वानुमान और चिकित्सा सिद्धान्तों के अध्ययन का प्रयोग करना सम्भव हो सके। परिषद् ने प्रचलित रोगों की प्रकृति और बटमान के अध्ययन सम्बन्धी अनुसंधान कार्य तथा लागों की खानपान सम्बन्धी प्राप्ति और रोगोत्पत्ति के परस्पर सम्बन्ध का अध्ययन करने के अलावा गाँवों में उपचार के प्रकार और मानकीकरण सम्बन्धी सूचना एकत्र करने का कार्य भी प्रारम्भ कर दिया है। यह कार्य अभी हाल ही में शुरू किया गया है और आशा है कि इन अनुसंधान कार्यों में उपयोगी सूचना प्राप्त होगी। अनुसंधान एककों के तकनीकी कर्मचारियों को प्रशिक्षण देने तथा विभिन्न

व्याधियों को रोक थाम तथा उपचार के बेहतर मन्त्रे तथा कारण माधन खोजने के लिए यह परिषद् विभिन्न चिकित्सा पद्धतियों के केन्द्रीय अनुसंधान संस्थान चला रहा है। ये संस्थान उल्लेख जानकारी के परिप्रेक्ष में चिकित्सा पद्धतियों के सिद्धान्तों की व्याख्या करने का प्रयास भी करेंगे तथा विभिन्न चिकित्सीय सम्बन्धों और विविध चिकित्साओं पर अनुसंधान भी करेंगे। प्रत्येक केन्द्र विभिन्न अनुसंधान संस्थानों तथा अनुसंधान कार्य कर्ताओं को उनके द्वारा अध्ययन के लिए चुने गये विभिन्न अनुसंधान समस्याओं पर अद्यतन सूचना मिलने में मदद देता है। कुछ दुर्लभ पाण्डुलिपियों के सम्पादन के अनिवार्य इस्टीमेट और हिस्ट्री आब मेडिसिन न कुछ ग्रन्थ प्रकाशित कर दिये हैं। वे समय समय पर प्रदर्शनियाँ भी आयोजित करते हैं जो आयुर्विज्ञान के मूल्यांकन के साथ साथ भारतीय चिकित्सा विज्ञान का समकालीन चिकित्सा विज्ञानों पर प्रभाव को प्रकाश में लावेंगे। साहित्यिक अनुसंधान एककों ने कतिपय दुर्लभ पाण्डुलिपियाँ का सम्पादन कर लिया है और उनका मुद्रण यथाशीघ्र प्रारम्भ कर दिया जावगा। होम्योपैथिक चिकित्सा पद्धति की एक मूल्यपूर्ण विशेषता अर्थात् स्वस्थ व्यक्तियों पर औषधि प्रभाव पर नज़र दिया गया है। इस परियोजना में अध्ययन के लिए कबल स्वदेशी औषधियाँ का चुना गया है। कैमर, मानसिक रोग, नाड्या, दमा आदि जैसी बीमारियों का कतिपय जगह अवस्थाओं के बार के जिनका उपचार आसाना ग नहीं हो सकता, रोग लाक्षणिक गाँव काय भी शुरू किये गये हैं। जब तक अनुसंधान कार्यों का वैज्ञानिक सिद्धान्तों पर प्रतिमरूप से मूल्यांकन नहीं किया जाना तथा वे आकड़ों देकर निर्धारित नहीं किये जाते तब तक इस समय उन विभिन्न अनुसंधान कार्यों की उपलब्धियाँ बतलाना असामयिक होगा।

(ग) इस समय आयुर्वेद में स्नातकोत्तर प्रशिक्षण देने एवं अनुसंधान कार्य करने की व्यवस्था बभारस हिन्दू विश्वविद्यालय वाराणसी तथा गुजरात आयुर्वेद विश्वविद्यालय जामनगर में की गयी है। इसके अलावा, भारत सरकार ने निम्नलिखित कालेजों में भारतीय चिकित्सा पद्धति के स्नातकोत्तर प्रशिक्षण और अनुसंधान विभागों के उन्नयन करने की मंजूरी दे दी है।

(घ) इस समय पादपों, पशुओं तथा घातुओं जन्मि अनेकों तत्व हैं जिनका उपयोग आयुर्वेदिक तथा यूनानी औषध-योगों में किया जाता है। आयुर्वेदिक औषधि संहिता, जिसमें 462 एकल औषधियाँ तथा 462 औषध योग हैं, तैयार हो गई है। औषधि योगों के प्रारम्भिक मानक

निर्धारित करने के लिए भारतीय चिकित्सा एवं होम्योपैथी की केन्द्रीय परिषद के अधीन इस समय प्रयोगात्मक जाँच कार्य चल रहा है। आशा है प्रारम्भिक मानक दिसम्बर 1972 तक उपलब्ध हो जायेंगे। 146 मिश्रित औषध योगों योगों वाली आयुर्वेदिक औषध संहिता के प्रथम भाग का प्रकाशन उसके उपरांत किया जायगा।

यूनानी औषध संहिता समिति ने 160 दवाइयों के फार्मूलों को अन्तिम रूप दे दिया है जिनके अन्तर्गत 351 एकल औषध आ जाती हैं। इन औषध योगों के प्रारम्भिक मानक निर्धारित करने के लिए प्रयोगात्मक जाँच संहिता पूरी तरह से तैयार होने के बाद शुरू की जायगी।

होम्योपैथिक चिकित्सा प्रणाली के अन्तर्गत आने वाली 2000 दवाइयों में से, 180 दवाइयों का होम्योपैथिक फार्मिकोपिया के प्रथम खण्ड में सम्मिलित किया गया है, जोकि छप रहा है।

औषध संहिता एवं 'मानकों का प्रकाशन' है तथा यह एक वैज्ञानिक काम है और इसमें समय समय पर संशोधन, संशोधन एवं सुधार की अनवरत प्रक्रिया चलती है। ऐसा करने के कारण, औषध संहिता कार्य के पूरा करने के लिए कोई अवधि निर्धारित नहीं की जा सकती।

Helping farmers in selection of Fertilisers according to Soils

1134. SHRI BIRENDER SINGH RAO: Will the Minister of AGRICULTURE be pleased to state :

(a) the steps that have been taken to help farmers in the selection of fertilisers suitable for different types of soils ; and

(b) if so, the broad features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The far-

mers are helped by the Extension staff of the State Agriculture Departments in the selection of suitable fertilizers for different types of soils on the basis of soil analysis made in soil testing laboratories.

(b) There are 128 stationary laboratories and 12 mobil soil-testing laboratories in the States. The major fertilizer manufacturers have established soil testing laboratories for advising the farmers on proper use of fertilisers. Besides this, whenever new fertilizer projects are set up in the country, every effort is made to see that the product pattern is in tune with the requirement of the crops and soils of the region.

Nutrition Programme in collaboration with UNICEF, FAO and WHO

1135. SHRI BIRENDER SINGH RAO : Will the Minister of AGRICULTURE be pleased to state :

(a) the programme of applied nutrition taken up in collaboration with UNICEF, FAO and WHO aimed at increased production at the village of various protective foods, education of the villagers in the production and consumption of these foods ; and

(b) the State-wise achievements under the Applied Nutrition Programme "

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) and (b) The programme of Applied Nutrition is in operation practically throughout the country. The object is to develop progressively a co-ordinated and comprehensive National programme of education and training in Applied Nutrition and related subjects with the object of establishing an effective field service to improve local diets through the production, preservation and use of protective foods. The Programme is one of the major National efforts to improve nutritional standards, with the emphasis on securing needed nutritional supplements to the vulnerable groups i.e. pre-school children and expectant and nursing mothers.

2. The Programme has been taken up in collaboration with FAO, WHO and

UNICEF, FAO and WHO render technical advice. UNICEF supplies certain basic equipment for the production of protective foods, assists voluntary organisations such as Mahila Mandals, Youth Clubs, etc. financially for taking up activities related to the 'programme' and meets cost of training, seminars etc. The major part of the financial resources, however come from the Plan Schemes of the States whose commitment in respects of extension services, infrastructure come to Rs. 51,000/- per annum per Block. The Government of India finances provision of irrigation facilities in School Gardens, establishment of poultry, pisciculture units by voluntary organisations and assists Mahila Mandals in securing equipment and accessories necessary for preparation and distribution of nutritive foods in general items which though essential for the success of the Programme, are not covered by the substantive State Plan Scheme. In the first two years of the Fourth Five Year Plan, the Government of India has provisionally paid States Rs. 409 lakhs. The assistance available to the States is at the rate of Rs. 34,000/- per Block per annum. The outlay for the Fourth Five Year Plan is Rs. 10,00,00,000/-

3. The Programme had been taken up in 924 Blocks by 31st of March, 1971. The Programme is being put into operation in another 100 Blocks this year bringing the total number of Blocks under the Applied Nutrition Programme to 1024 i.e. a little over 20 per cent of the total C. D. Block in the country.

4. The Programme has given a fillip to development of horticulture, poultry production, inland fisheries where there is a potential, Marine fisheries has been taken up on a large scale in a number of areas. Over 35,000 School Gardens, 15 lakhs Kitchen and 15,000 Community Gardens are reported to have been established by the end of March, 1971. On an average 44 School Gardens, 18,108 Kitchen Gardens and 20 Community Gardens have been set up in each Block. The number of poultry units set up per Block is reported to be 33.46000 hectares of water area has been stocked with fish. Over 37.5 million fingerlings are reported to have been supplied over the years in about 800 reporting

Blocks. A little over 20,000 quintals of vegetables, 7,000 quintals of fish, 1.5 million litres of milk and 25 million eggs are reported to have been used in the demonstration feeding programmes under Applied Nutrition Programme. This is spread over about 118 million child and women days.

5. About a little over 1,44,000 non-officials and 25,000 officials have been trained under the Applied Nutrition Programme. The fields included are horticulture, poultry and pisciculture.

6. The programme has helped established a field service to improve local diets through the production, preservation and use of protective foods. The achievements in respect of certain essential features such as villages taken up, School Gardens, poultry units etc. established, eggs, vegetables, fish, milk, etc. produced and officials and non-officials trained, as reported by the State Governments, will be found in the statement laid on the Table of the House [Placed in Library. See No. LT-1074/71]

Grants by U.G.C. to Universities and Colleges

1136. SHRI BIRENDER SINGH RAO: Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the total grants given by the University Grants Commission to each Central University during the period 1970-71 and 1971-72 separately;

(b) the total grant given by the University Grants Commission to other Universities during the same period separately; and

(c) the total grants given by University Grants Commission to the affiliated colleges, State-wise during the same period separately to each college for various campus schemes ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) to (c). The required information is being collected and will be laid on the Table of the Sabha in due course.

Crash Programme for Early Rabi Sowing.

1138. SHRI RAMKANWAR : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have embarked upon a crash programme of early rabi sowing on an extensive scale;

(b) if so, the salient features thereof; and

(c) the quantity of fertilizers which has been sent or is being sent to various States for this purpose ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). The existing programme has been stepped up by helping the State Governments in securing various inputs like seed and fertiliser and State Governments have been also advised to bring additional areas under rabi cultivation.

(c) A special drive has been undertaken to step up the supplies of fertiliser during Rabi 1971-72 to the Northern States in view of the drought conditions in the South and in Maharashtra and keeping in view the substantial increase in demands for Rabi 71-72 made by many of the Northern States like Punjab, Uttar Pradesh etc. at short notice in August, 1971. In this connection extensive arrangements for running of special trains from Kandla and Bombay, despite other emergent demands as the railways, were made, in coordination with the Railway Board. Arrangements were also made in coordination with State Governments, for substantial road movement at the cost of Government of India to supplement Railway transport in a coordinated way.

Requirements for Pool fertiliser by State Governments for Rabi are normally made through the allotments made for October-December and January-March quarters. Part of the July-September quarter allotment is also utilised for Rabi stock building. Allotments up to October-December, 1971 quarter had already been issued and for the January-March, 1972

Quarter will be issued in due course. Taking 2/3rd of the despatch instructions received from the State Governments against July-September, 1971 quarter and also all the despatch instructions received against October-December, 1971 quarter, and also all the despatch instructions received against October-December, 1971 quarter, the total plan of supply for Rabi 1971-72 up to December, 71 comes to about 4.40 lakh tonnes of fertilisers, to be supplied roughly during the last two months of July-September, 1971 quarter and the three months of the October-December, 1971 quarter, that is in a period of five months from August to December, 1971. On a proportionate basis, the planned supplies during the first three months from 1st August to 31st October comes to about 2.64 lakh tonnes. As against this the actual supplies of P.O. fertilisers made during this period from 1st August to 31st October (including supplies against earlier allotments but physically made during this period) were about 2.78 lakh tonnes. These were in addition to the supplies received by the State Governments direct from domestic manufacturers.

Survey regarding Production and Price of Spice

1139. SHRI RAMKANWAR .
SHRI M. KALYANASUNDARAM :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether attention of the Government has been invited to a survey regarding the production and price of spices published in the *Economic Times* of the 4th October, 1971;

(b) whether according to the survey production of spices has considerably declined in the country and as a result export earnings have been decreased; and

(c) the reaction of the Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHIB P. SHINDE) : (a) to (c). The information is being collected and will be placed on the Table of the Sabha.

ट्रैक्टरों के प्रयोग की प्रतिफलता में वृद्धि

1140. श्री मूलचन्द डागा : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि गढ़ तीन वर्षों में ट्रैक्टरों के प्रयोग में कितने प्रतिशत वृद्धि हुई है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णासाहेब पी. शिन्दे) वर्य 1966 के दौरान की गई राष्ट्रीय गणना के अनुसार, देश में ट्रैक्टरों की कुल संख्या 54,012 थी। ट्रैक्टरों, पम्पसेटों तथा अन्य कृषि मशीनरी की गणना प्रत्येक वर्ष वर्ष के बाद की जाती है और आगामी गणना जो इस वर्ष होगी थी, अब अप्रैल, 1972 में करने का प्रस्ताव है। गणना के पूर्ण होने के पश्चात् ही देश में ट्रैक्टरों की ठीक वर्तमान संख्या के बारे में पता चलेगा। ट्रैक्टरों की संख्या के बारे में किसी सही जानकारी के अभाव में, गढ़ तीन वर्षों के दौरान प्रयोग में लाये गये ट्रैक्टरों की संख्या में ठीक प्रतिशत वृद्धि के बारे में पहले से बताना सम्भव नहीं होगा।

देश में ट्रैक्टरों का उत्पादन और उच्चका प्रायास

1141. श्री मूलचन्द डागा : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1969-70 में देश में कितने ट्रैक्टरों का उत्पादन हुआ और इसी वर्ष में कितने ट्रैक्टरों के आयात की अनुमति दी गई; और

(ख) 31 जुलाई, 1971 तक कितने आयातित ट्रैक्टर भारत पहुँच गये थे ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णासाहेब पी. शिन्दे) : (क) वर्ष 1969-70 के दौरान, देश में 17,099 ट्रैक्टरों का निर्माण

किया गया था। वर्ष 1969-70 की मांग के लिए 35,000 ट्रेक्टरों के आयात का एक कार्यक्रम स्वीकृत किया गया था।

(ख) 31 जुलाई, 1971 तक 22,114 ट्रेक्टर प्राप्त किये गये जहाज में लादे गये।

दिल्ली के सुपर बाजारों में सरकार द्वारा लगाया गया घन, हिसाब-किताब रखना और कप्रबन्ध

1142. श्री मूल चन्द डागा : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) दिल्ली के सुपर बाजार में सरकार की कुल कितनी घन राशि लगी है एवं इसमें कितनी घनराशि के निजी शेयर खरीदे गये हैं;

(ख) इसकी मौजूदा लागत घनराशि कितनी है; और

(ग) सुपर बाजार में हिसाब किताब एवं काम की व्यवस्था असन्तोषजनक होने के दोषा कौन हैं और सरकार ने दोषी व्यक्तियों को रण्ड देने के लिए क्या कदम उठाये हैं।

कृषि मन्त्रालय में उपमन्त्री (श्री जगन्नाथ पहाड़िया) : (क) सुपर बाजार, नई दिल्ली में सरकार की ऋण, अंशपूँजी अंशदान और उत्पादन के रूप में कुल 145.58 लाख रु० की घन राशि लगी हुई है; सदस्यों द्वारा 30-6-1971 तक अभिदत्त अंशपूँजा 2,41,870 रु० है।

(ख) इस समय सरकार द्वारा लगाई गई कुल घन राशि 1,33,16,471 रु० है।

(ग) सुपर बाजार की स्थापना अवमूल्यन के परिणाम स्वरूप अल्प मूचना पर की गई थी, जबकि प्रशासनिक तथा सेवा-पद्धति की विस्तृत प्रक्रियाओं का निर्धारण करने के लिए समय

नहीं था। उस समय मर्ती किए गए कुछ कर्ब-चारी अपेक्षित योग्यता के भी नहीं थे। इस स्थिति को उत्तरोत्तर रूप से सुधारा गया है और हिसाब-किताब रखने के कार्य में सुधार किया गया है। हिसाब-किताब रखने और प्रबन्ध व्यवस्था में पाई जाने वाली सामान्य कमियों के लिए किसी व्यक्ति को उत्तरदायी ठहराना सम्भव नहीं हो सका है।

युवक सेवाओं के लिए राष्ट्रीय सलाहकार बोर्ड को अनुदान

1143. श्री मूल चन्द डागा : क्या शिक्षा और समाज कल्याण मन्त्री यह बताने की कृपा करेंगे कि :

(क) चौथी पंचवर्षीय योजना में युवक सेवाओं के लिए राष्ट्रीय सलाहकार बोर्ड को कितनी राशि दी गई;

(ख) राजस्थान में उन स्थानों के नाम क्या हैं जहाँ पर अब तक सलाहकार बोर्ड, जिला युवक केन्द्र और स्वागत कार्यालय खोले गए हैं; और

(ग) राजस्थान के पाली जिले में युवक सलाहकार बोर्ड, युवक केन्द्र तथा स्वागत कार्यालय (रिमेषन गन्ट) कब नष्ट होने जायेंगे ?

शिक्षा और समाज कल्याण मन्त्रालय में उपमन्त्री (श्री ए० ए० रामास्वामी) : (क) से (ग) राष्ट्रीय युवक बोर्ड एक सलाहकार निकाय है तथा इस भारत सरकार की ओर से कोई अनुदान नहीं मिलता।

2. यद्यपि गैर-विद्यार्थी युवकों के लिए राष्ट्रीय कार्यक्रमों का विकास करने हेतु 5 करोड़ रुपए योजना अवधि के दौरान आवंटित किये गये थे परन्तु बंगला देश से प्राये शरणार्थियों पर हुए वर्षों से भारत सरकार के खर्चों पर प्रदे

बार के कारण सभी योजनाओं को पूरी तरह से कार्यान्वित करना संभव नहीं हो सका है। इस समय श्री अरविन्द सोसाइटी, पांडवरी के अर्धन कलकत्ता, बडोदा तथा दिल्ली में श्री अरविन्द युवक केन्द्र नामक तीन युवक केन्द्रों की स्थापना हेतु 12 लाख रुपये के व्यय तथा 20 कर्मचाला केन्द्रों की स्थापना और कीड़ा मयलों के विकास हेतु 11 लाख रुपये के व्यय सम्बन्धी निर्णय लिया गया है। अन्य कार्यक्रमों को बंगला देश की समस्या हल होने पर लिया जाएगा।

3. जिला सलाहकार बोर्ड का स्थापित किया जाना राज्य सरकार का काम है। उपरोक्त कारणों की वजह से इस उद्देश्य के लिए आवंटित निधि में से कोई भी जिला युवक केन्द्र या स्वायत्त केन्द्र (रिसेप्शन सेन्टर) स्थापित नहीं किया गया है। इसे मद्दे नजर रखते हुए राज-स्वान के पाली जिले में युवक केन्द्र तथा स्वायत्त केन्द्र (रिसेप्शन सेन्टर) स्थापित किये जाने का प्रश्न ही नहीं उठता।

Drought in Andhra Pradesh

1144. SHRI SARJOO PANDEY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether an unprecedented drought has taken place in Andhra Pradesh;

(b) if so, the total loss of lives suffered; and

(c) the steps proposed to be taken to avoid such droughts in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) All the 21 districts of the State are reported to have been affected by drought this year. The Central Study Team visited Andhra Pradesh in September, 1971 for an on-the-spot assessment of the drought situation in the affected areas, had reported that drought conditions were fairly acute and the kharif

crop had been damaged in the districts that were visited by them. By and large, crops in the irrigated areas had not suffered very much. The rainfall that occurred in August, 1971, is likely to save some of the crop though, even in this case, the yield would be below the normal. The team is likely to review the situation some time in November, 1971.

(b) No loss of human life has been reported by the State Government.

(c) A Central Sector Scheme on rural Works Programme was introduced in the last financial year, with an outlay of Rs. 100 crores during Fourth Plan Period. Under this programme, 54 districts (including 5 districts in Andhra Pradesh) have been selected for taking up labour intensive and production oriented schemes of minor irrigation, soil conservation, afforestation, rural roads, etc. in the chronically drought affected areas of the country. Although it is not possible to banish drought condition altogether from the country, yet the programme of rural works aims at reducing the severity of future droughts.

Preservation of Wild Life

1145. SHRI SARJOO PANDEY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the wild life in Indian forests is perishing rapidly;

(b) if so, the reasons therefor;

(c) whether there is any proposal under the consideration of Government to preserve the wild life in the forests of the country;

(d) if so, the salient features thereof; and

(e) whether there is any proposal under the consideration of the Government to prohibit hunting of wild animals and birds other than lion, tiger and peacock ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) No, Sir.

(b) Does not arise.

(c) Yes, Sir.

(d) Steps taken to preserve wild life consist mainly of (i) establishment of national parks and sanctuaries; (ii) restrictions on the exports of wild animals and birds, dead or alive, or products thereof; (iii) protection of rare and vanishing birds and animals; (iv) enactment of suitable wild life legislation and (v) setting-up of wild life preservation wings under the Forest Departments of the State Governments and certain Union Territories; (vi) educating the general public in order to inculcate love for wild life.

(e) Yes, Sir.

मध्य प्रदेश स्थित महिदपुर रोड सुगर मिल को बेचे जाने वाले गन्ने का बिक्रय मूल्य

1146. श्री फूलचन्द वर्मा : क्या कुबि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को ज्ञात है कि उसने मध्यप्रदेश की महिदपुर रोड सुगर मिल को किसानों द्वारा गन्ना बेचने के लिए 7.77 रुपये प्रति क्विंटल का भाव निर्धारित किया था किन्तु सुगर मिल के मालिक ने किसानों को 7.37 रुपये प्रति क्विंटल के भाव से भुगतान किया और इस प्रकार 40 पैसे प्रति क्विंटल का कम भुगतान किया;

(ख) यदि हाँ, तो उस मिल मालिक के विरुद्ध क्या कार्यवाही की गई है जिससे सरकारी भादों की प्रवृत्ति करने लाखों रुपये का प्रत्यक्ष लाभ कमाया है; और

(ग) यह सुनिश्चित करने के लिए क्या कार्यवाही की जा रही है कि मिल मालिक द्वारा किसानों को बकाया धनराशि का भुगतान दिया जाये और यह धनराशि कब तक उन्हें मिलेगी ?

कुबि मंत्रालय में राज्य मंत्री (श्री० शेरसिंह) :
(क) से (ग). महिदपुर रोड सुगर मिल ने

यह प्रस्ताव रखा था कि उन्हें गन्ने का जो मूल्य देना होता है वह किस आधार पर निर्धारित किया गया था। उक्त कारखाने की स्थिति स्पष्ट कर दी गई है और उनसे कहा गया है कि वे 7.77 रुपये प्रति क्विंटल के अधिकृत मूल्य के आधार पर भुगतान करें।

Central scheme for spreading education among tribals

1147. SHRI D. K. PANDA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state:

(a) whether there is any scheme undertaken or assisted by Central Government for spreading education among the Tribals in our country;

(b) if so, the salient features of those schemes; and

(c) the States where it is now being implemented ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY):

(a) and (c). Various schemes have been taken up both under the State Sector and Central Sector of the Backward Classes Plan as well as under the General Educational Programme for the educational uplift of the Scheduled Tribes in the country. These schemes are implemented by the State Governments/Union Territory Administrations having tribal population.

(b) Under the State Sector, where Central assistance is given as block grants and loans to the States, the following are main scheme:

1. Pre-matric Scholarships and stipends.
2. Exemption from tuition/examination fees.
3. Provision of educational equipments.

4. Setting up of Ashram/Residential Schools.

5. Grants for construction of school and hostel buildings.

Under the Central Sector, the following schemes are implemented by the State Governments/Union Territory Administrations:

1. Post-matric Scholarships to Scheduled Tribes—These are awarded for study of all recognised post-matric courses in the recognised institutions in India without any means or merit test. The Central Government give hundred per cent assistance to the State Governments over and above their committed share so that all the eligible Scheduled Tribes get the Scholarships.

2. Girls Hostels for Scheduled Tribes—To provide hostel facilities to the girl students of this community, grants are given to the State Governments for construction/extension of hostel building departmentally or through the voluntary organisations.

Under the General Education Programme, the Department of Education of the Central Government have the following schemes:—

1. Scheme of scholarships to students belonging to Laccadive, Minicoy & The entire Aminidivi Islands for expenditure incurred on prosecution of studies in the mainland and in these islands. These scholarships are borne by the Central Government.
2. Scholarships to students belonging to Andaman and Nicobar Islands for higher studies in the mainland.
3. Under the Government of India Merit Scholarships in Residential Schools, 2½% of the number of scholarships are reserved for the Scheduled Tribes if they qualify in their final test. The entire expenditure on these scholarships is borne by the Central Government.

Scheme for Boarding Schools for Tribals

1148. SHRI D. K. PANDA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether there is any scheme for Boarding Schools for the Tribals at primary stage of education ;

(b) if so, the amount Government is spending per student annually according to this Scheme ; and

(c) the names of the States where this scheme is now being implemented ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) Yes, Sir. We have a scheme of 'Ashram Schools' for tribals which are residential Schools.

(b) The scheme of Ashram schools is formulated and executed by the State Governments. The information in respect of the annual expenditure per student in these schools is not readily available. The annual expenditure per student in these schools varies from State to State.

(c) The following States are running Ashram/Residential schools for tribals:—

- | | |
|---------------------|-------------------|
| 1. Andhra Pradesh | 8. Tamil Nadu |
| 2. Bihar | 9. Mysore |
| 3. Gujarat | 10. Orissa |
| 4. Kerala | 11. Uttar Pradesh |
| 5. Himachal Pradesh | 12. Rajasthan |
| 6. Maharashtra | 13. West Bengal |
| 7. Madhya Pradesh | |

Setting up of Permanent Exhibition of Arts and Crafts of Tribals in Capital

1149. SHRI D. K. PANDA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government is considering a proposal for the setting up of a permanent

exhibition of the arts and crafts of the Tribals in the Capital ; and

(b) if so, the main features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) No, Sir;

(b) Does not arise.

Recruitment of seamen from Calcutta in Shipping Companies

1150. SHRI INDRAJIT GUPTA: Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether both foreign and Indian shipowners have been recruiting less and less seamen from Calcutta Port in recent years;

(b) if so, extent of the unemployment caused thereby;

(c) reasons for allowing the shipowners to discriminate against Calcutta in the matter of recruitment; and

(d) whether Government propose to take any action in the matter ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) the availability of jobs on foreign ships for seamen in Calcutta has been declining of late but there has been an increase in jobs available on Indian ships in Calcutta in recent years;

(b) During the period from 1.1.1970 to 1.10.1971 there has been a reduction of 1512 jobs on foreign ships against 191 new jobs added on Indian ships. Thus there was a net reduction of 1321 jobs during the above period;

(c) The question of discrimination does not arise as the shipowners have the choice of recruiting crew from the port they like according to their requirements;

(d) Periodical discussions are being held with the Shipowners and the Unions with a view to ensuring recruitment of more seamen from Calcutta than at present.

Pre-historic settlement unearthed near Poona

1151. SHRI NAWAL KISHORE SHARMA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state

(a) whether some pre-historic settlements have recently been unearthed near Poona in Maharashtra State;

(b) if so, the period of the settlement estimated by the historians and the items of findings;

(c) the culture to which the inhabitants of the period belonged to;

(d) whether some more finds are expected; and

(e) whether there appears to be some relation between the Indus Valley Civilisation and this ?

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) to (e). According to the reports appearing in the press; Dr. K. C. Malhotra, Director, Dhangar Project of the Indian Statistical Institute, who is currently on deputation to the Deccan College, Poona, had found in June last four closely knit pre-historic settlement believed to be 40,000 to 50,000 years old near Dhawalpuri village in Ahmednagar district. The find is reported to include scrapers, borers, arrowheads and blades. A close examination of the sites and the tools is needed to establish whether the tools are of the Stone Age or later survivals. A detailed report has, however, been called for from Dr. Malhotra and Dr. Sankalia of the Deccan College, Poona in the matter. It may be added that the

Maharashtra region abounds in middle Stone Age tools and microliths and as such the discovery does not appear to be of any great significance.

Estimated production of cash crops by the end of 4th plan

1152. SHRI K. LAKKAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) the estimated production of cash crop upto the end of 4th Plan;

(b) whether production of some cash crop have fallen down; and

(c) If so, the steps taken to improve the production ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE): (a) Production targets of major cash crops for the Fourth Five Year Plan are indicated below:—

Crop	Fourth Plan Production target
1. Oilseeds	10.50 million tonnes
2. Sugarcane (Gur)	15.00 million tonnes
3. Cotton	8.00 million tonnes
4. Jute	7.40 million tonnes
5. Tobacco	450 million kgs.

(b) The production figures of these crops during 1969-70 and 1970-71 are given below:—

Crops	Production in	
	1969-70	1970-71
1. Oilseeds (million tonnes)	7.73	9.19
2. Sugarcane (Gur) (million tonnes)	13.78	13.19
3. Cotton (million bales)	5.25	4.56
4. Jute (million bales)	5.65	4.91
5. Tobacco (million Kgs.)	337.1	349.9

It will be seen that whereas the duction of cotton, jute and sugarcane has fallen, the production of oilseeds and tobacco has shown upward trend.

(c) The tempo of work under the existing intensive cultivation schemes has been accelerated. Considerable stresses has been laid on research under the coordinated improvement schemes. A hybrid variety of cotton (Hybrid.4) which has a considerable potential of increased production, has been extended to suitable areas. In addition, an Intensive Cotton District Programme has been implemented in selected districts of important cotton growing States from 1971-72. Similar programme in respect of jute is being worked out.

Committee to look into grievances of students

1153. SHRI K. LAKKAPPA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government propose to appoint a Committee to look into the grievances of the students in the country;

(b) if so, the terms of reference; and

(c) the time by which the committee will submit its report to Government ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D. P. YADAVA) : (a) No sir,

(b) and (c) . Do not arise.

**Japanese base on western coast
for fishing trawlers**

1158. SHRI A. K. GOPALAN : Will the Minister of SHIPPING AND TRANS PORT be pleased to state :

(a) whether the representatives of the National Federation of Fishing Co-operative Association (Japan) had a discussion recently with the Cochin Port Trust Authorities on getting a base on the Western Coast to their fishing trawlers ; and

(b) if so, the outcome of the discussion and the Government thereto ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANS-PORT (SHRI RAJ BAHADUR) : (a) Yes. Representatives of the National Federation of Fisheries Cooperative Association, Japan, discussed with the Chairman of the Cochin Port Trust the facilities available at Cochin Port for bunkering and supply of water to their fleet of trawlers operating on tuna fishing off the west coast in the event of their bringing them to Cochin Port.

(b) The Cochin Port authorities gave the information regarding the facilities available at the port. No formal request for the provision of any facilities was made by the party nor did the port authorities make any commitment in this regard.

**Industrial centre for building fishing
boats and other equipment
in Trichur (Kerala)**

1159. SHRI A. K. GOPALAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Government is having any comprehensive plan for starting an industrial centre for building fishing boats and other fishing equipment near Cranganore, Trichur District (Kerala) ;

(b) if so, the outline thereof ; and

Price of Paddy in Assam

1164. SHRI BISWANARAYAN SHASTRI: Will the Minister of AGRICULTURE be pleased to state :

(a) whether he is aware of the demand by paddy growers in Assam that the price fixed for the paddy is not in consistence with the rising price of the consumer goods in the country ;

(b) if so, whether Agriculture Price Commission has reviewed the entire price policy; and

(c) whether the paddy growers in Assam have to sell their produce at a much lower price during harvesting season due to the anti-people policy of Food Corporation of India followed in Assam ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) (a): No such representation has been received by Government.

(d) : The Agriculture Prices Commission has reviewed the entire price policy of paddy for the kharif season for 1971-72 in their Report on Price policy for Kharif Cereals for 1971-72 season.

(c) The Food Corporation of India are the procuring agents for procurement of paddy on behalf of the State Government in the entire State of Assam excepting for the District of Darrang. In its area of operation, the Food Corporation of India provide price support at prices fixed by the Government for the procurement of paddy. There was no occasion for paddy growers in the area of operation of the Corporation to sell their produce at a price lower than the price fixed for the procurement. The F. C. I. commences procurement after the State Government declare their policy for the particular season. During 1970-71 kharif season, there was delay in commencing procurement operations as the State Government delayed finalising certain important aspects concerning procurement. For 1971-72 season, the Corporation have made all arrangements before 1.11.71 for procurement of paddy in

their area of jurisdiction which remains the same as during last year. The conclusion that the F. C. I. is following an anti-people policy in Assam in the matter of procurement of paddy is unwarranted.

Widespread tuberculosis among tribes of Malda district (West Bengal)

1165. SHRI DINESH JOARDER : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government are aware that the tribal people of Barind area in the District of Malda in West Bengal are dispersing at large by leaving their bearth and home due to widespread tuberculosis amongst them as there is no scope whatever for their treatment ; and

(b) if so, the action Government are contemplating to counteract this problem ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHOTTOPADAYAYA) (a) : No such report has come to the notice of the Government of India.

(b) The tribal T. B. patients of the "Barind" area may avail themselves of the existing facilities in the Government and non Government Hospital and Chest Clinics in Malda District.

There are two Chest Clinics to provide domiciliary treatment of the T. B. patients in Malda District and 50 beds for the T. B. patients. Further, the State Government have maintained 4 beds in S. B. Day Sanatorium Kurseong for treatment of Tribal T. B. patients of North Bengal areas.

Deaths due to Road Accidents

1166. SHRI DINESH JOARDER : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the deaths due to road accidents have increased manifold in recent years ;

(b) whether the Government had conducted any survey or study about the road accidents; and

(c) if so, the findings thereof ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) According to information received from various reporting States and Union Territories, the number of deaths due to road accidents in the country during the years 1968 to 1970 was as under :

1968	...	3716
1969	...	4238
1970	...	4794

(b) and (c). A Study Group on Road Safety was appointed by the Govt. on the 3rd June, 1969 to go into the whole question of road safety including collection and analysis of data. The Group has not yet submitted its report.

Scarcity of Foodgrains in Tripura due to lack of transport facilities

1167. SHRI BIREN DUTT : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether attention of Government has been drawn to lack of transport facilities;

(b) whether the Government received any letter; telegram from prominent persons including M. Ps. about the need for releasing Indian Airlines Freighters for Transport of food to Tripura ;

(c) if so, the main features thereof; and

(d) the steps taken by Government to meet this situation ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) There is no shortage of foodgrains in Tripura

at present and the facilities available for the transportation of foodgrains to stations in Tripura from other parts of the country have also been adequate.

(b) The Indian Airlines Corporation received a couple of requests for operating additional freighter services to Agartala. There was, however, no indication that the freighter operations were desired primarily carry foodgrains.

(c) and (d). A Viscount aircraft was positioned at Calcutta from the 13th to 19th September, 1971 for the air lifting of certain east-bound cargo. This aircraft operated quite a few flights between Calcutta and Gauhati clearing the bulk of cargo for Gauhati as well as other destinations in Assam and Tripura. The freight agents arranged further transportation of the goods to the concerned destinations. Because of operational difficulties, the Indian Airlines Corporation did not operate any freighter flight to Agartala direct.

Tenders for the construction of Zuari Bridge in Goa

1168. SHRI BIREN DUTTA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the tenders for the construction of the Zuari bridge in Goa have been accepted and finalised ;

(b) if so, the particulars thereof;

(c) whether Government has taken any extra precautions vis-a-vis this construction Company especially in view of the 'long over-delay' in the construction of the Mendovi bridge, Goa earlier ; and

(d) if not, the reasons therefor ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (d). The required information is being collected and will be laid on the Table of the Sabha in due course.

Views of R.B.I. Board regarding Production of Food Crops

1169. **SHRI M. KALYANASUNDARAM** : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Board of Directors of R. B. I. visualised a possible set back in the production of food crops due to the recent severe floods and droughts;

(b) if so, the remedies suggested by them; and

(c) the decisions of the Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) In the Report of the Central Bank of Directors of the Reserve Bank for the year ended 30th June, 1971, a reference has been made in para 182 to the likely impact of severe floods, droughts, etc. on the growth rate. With regard to food crops, it has been stated that this may cause perhaps no more than a small set back to the growth rate.

(b) and (c). Para 188 of the Report refers to developmental efforts. The measures referred to therein viz., larger utilisation of irrigation potential, wider spread of improved seeds, fertilisers and better farming practices, development of dry farming techniques, further exploitation of ground water resources and strengthening of rice research, are already being pursued under the Fourth Five Year Plan.

The Ministry took steps for (i) organising more production as soon as flood waters receded, or the spell of drought ended and for (ii) increasing, to the maximum extent practicable, food production so as to balance the shortage arising in flood or drought affected areas.

Representation from Association of Taxi Drivers regarding facilities at Taxi stands in Delhi/New Delhi

1170. **SHRIMATI MUKUL BENERJI** : Will the Minister of SHIPPING AND

TRANSPORT be pleased to state :

(a) whether representations have been received from the Association of Taxi-Driveres in Delhi/New Delhi that covered sheds should be provided in taxi-stands to protect the taxi-drivers from sun and rain;

(b) whether it has also been represented that there should be provision of taps for drinking water in the taxi-stands; and

(c) if so, the action taken on the representations ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The information required is being collected and will be laid on the Table of the Sabha as soon as it is received

1171. **SHRIMATI MUKUL BANERJI** : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether there has been a large scale transfer of teachers in Government Schools in the Union Territory of Delhi; and

(b) if so, reasons thereof.

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROP. D. P. YADAVA) : (a) No, Sir.

(b) Does not arise

Setting up of New Medical College in New Delhi

1172. **SHRIMATI MUKUL BANERJI** : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) the present stage in the setting up of a new medical college in New Delhi.

(b) the number of seats provided therein;

(c) the qualifications, etc. required for admission of students; and

(d) whether all the students who passed the Pre-Medical examination of Delhi University in 1971 in First Division and failed to get admission in the existing colleges will be admitted therein ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) The Medical College in the Delhi University has started functioning with effect from 25th October, 1971.

(b) 125 in 1971.

(c) The eligibility conditions for admission to the course are as follows :

(i) Pre-Medical Examination 1971 of Delhi University in at least 1st Class (60% marks).

(ii) Children of Central Govt. Employees posted in Delhi during the period not exceeding last three years.

(d) All the students who applied for admission and fulfilled the eligibility conditions have been admitted to this college and to the L. L. R. M. Medical College, Meerut where 50 seats have been provided.

Health hazard due to open drain adjoining Lodi Colony

1173. SHRIMATI MUKUL BANERJI : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether he is aware that the open drain adjoining Lodi Colony, New Delhi and contiguous to Kotla Mubarkpur (known as Ganda Nala) is a veritable health hazard and is breeding ground of mosquitos;

(b) whether the drain gets flooded during rainy season and causes considerable inconveniences to the local people; and

(c) whether any action is proposed to relign the drain or fill it up ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) to (c). Information is being collected and will be laid on the Table of the Sabha when received.

उत्तर प्रदेश में स्त्रियों में कैंसर को रोकने के लिये निरोधात्मक उपाय

1174. श्री महादीपक सिंह शास्त्री : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने को कृपा करेंगे कि :

(क) क्या परिवार नियोजन के लिये लूप का प्रयोग करने और गोशियां खाने वाली 40 प्रतिशत स्त्रियों को कैंसर हुआ है ;

(ख) यदि हां, तो उत्तर प्रदेश में कुल कितनी स्त्रियां कैंसर से पीड़ित हैं और उनमें से उन स्त्रियों की संख्या कितनी है जिन्हें सरकारी खर्चे पर विशेष इलाज के लिये पटना इन्स्टीट्यूट में भेजा गया है ; और

(ग) भविष्य में इस बीमारी को रोकने के लिये क्या निरोधात्मक उपाय किये गये हैं ?

स्वास्थ्य और परिवार नियोजन मन्त्रालय में राज्य मन्त्री (प्रो० डी० पी० चट्टोपाध्याय) : (क) क्लिनिकल प्रयोग और निरीक्षण की वर्तमान स्थिति में यह निश्चित रूप से नहीं कहा जा सकता है कि खाने वाली गोशियां (गर्भनिरोधकों) या लूप से कैंसर नहीं होता। इसका कारण यह है कि मनुष्य में सभी विदित

कंकट जनक तत्वों का प्रभाव दस वर्ष की अवधि तक अप्रकट बना रहता है।

(ख) राज्य सरकार से इन तथ्यों का पता लगाया जा रहा है।

(ग) कैंसर एक ऐसा रोग है जो असामान्य सेलों की प्रतिक्रिया द्वारा उत्पन्न हो जाता है। यह रोग फैल सकता है और उपचार करना मुश्किल है किन्तु संभवतः भूखपाव करने, गर्म धूप में रहने, पान चबाने, बर्तन पान करने, गर्म और मसालेदार भोजन खाने, छोटी उम्र विवाह करने और बार-बार गर्भाधान होते जैसे कारणों को दूर करने के असावा कैंसर की रोकथाम के अन्य उपाय ज्ञात नहीं हैं। जन संचार के सभी उपलब्ध साधनों द्वारा आम जनता के लिए एक स्वास्थ्य शिक्षा कार्यक्रम के जरिये इस कार्य की पूर्ति की जा रही है। खाने वाली गोलियों पर रखने या लूब पहनाने से पहले परिवार नियोजन चिकित्सा अधिकारी महिलाओं की जांच कर लेते हैं कि वे कैंसर के ग्रसित तो नहीं हैं।

Deterioration in the standard of Indian Football

1175. SHRI VIJAYPAL SINGH : Will Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the standard of Indian football has gone down in recent years ;

(b) whether Government have tried to find out the reasons for the extremely poor performance of the Indian team at the recent Merdeka football tournament at Kuala Lumpur ;

(c) if so, the reasons for the poor performance of the Indian team ; and

(d) the steps taken to improve the standard of football in the country ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a). Yes, sir.

(b) and (c). Government are already seized of this matter. The All India Football Federation have been asked to set up an enquiry Committee to find out the reasons for their extremely poor performance. Findings of the Committee are awaited.

(d) It is primarily for the All India Football Federation to take steps to improve the standard of football in the country. Government will, however, study the findings of the Committee and take adequate steps in consultation with the All India Football Federation in this regard. Meanwhile, various facilities are now being offered by Government, e. g. appointment of coaches in the regional coaching centres in the States, assistance of University Grants Commission to the Universities for appointment of coaches, grant of sports talent scholarships etc.

Financial assistance for the projects by the Kerala Housing Corporation

1176. SHRI C. JANARDHANAN : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether the Kerala Government has approached the Centre for financial assistance for the projects put forward by the Kerala Housing Corporation ;

(b) if so, the nature and quantum thereof; and

(c) the decisions taken thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Yes, Sir.

(b) The relevant schemes of the Kerala State Housing Board with the

nature and quantum thereof are given below :

Name of the scheme	Nature of the scheme	Amount of loan involved.
		Rupees
1. Medical College Housing Scheme in Trivandrum.	Development of an area of 2.54 hectares and construction of 45 houses.	12.20 lakhs
2. Paroorakada Housing Scheme near Trivandrum.	Development of 112 plots and construction of houses thereon and development of 12 residential plots.	19 lakhs
3. Ullor Housing Scheme in Trivandrum.	Development of 104 plots and construction of houses thereon.	24.89 lakhs

(c) The first two schemes have been approved by the Board of Directors of the Housing and Urban Development Corporation on 4th October, 1971. Regarding the third scheme, the Kerala State Housing Board has been advised to consider drawing up housing schemes for more congested areas like Cochin and Calicut.

Request from Kerala Government to Allocate Funds for Development of Ernakulam Farooka Coastal Highway

1177. SHRI C. JANARDHANAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the Kerala Government has requested the Centre to allocate Rs. 9 crore for the development of Ernakulam Farooka Coastal Highway in the State; and

(b) if so, that decision has been taken thereon ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) Yes, Sir.

(b) It has not been possible to accede to the State Government's request as the Government of India are already providing 100% Central financial assistance for the development of the West Coast Road and it is not feasible to change the alignment of the existing West Coast Road which is already nearing completion.

Sub-Standard Samples of Drugs tested in Calcutta

*1178. SHRI C. JANARDHANAN : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether 470 out of 1615 samples of drugs tested at the Central Drugs Laboratory, Calcutta in 1970 were found to be of sub-standard quality; and

(b) if so, whether any action has been taken against the manufacturers producing sub-standard drugs ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) In the Calendar year 1970, 2177 samples were tested at the Central Drugs Laboratory, Calcutta, of which 511 samples were found to be of sub-standard quality.

(b) The information is being collected and will be laid on the Sabha in due course.

Recommended Increase in Price of Milk supplied by Delhi Milk Scheme

1179. SHRI C. JANARDHANAN : DR. SANKATA PRASAD :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Governing body of the Delhi Milk Scheme has recommended an

upward revision of prices of standardised and toned milk supplied by the Delhi Milk Scheme; and

(b) if so, decision taken by Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) Yes.

(b) Government have decided that the working of all departments of Delhi Milk Scheme should be studied in detail in order to effect maximum possible economies before considering the question of upward revision of prices. Meanwhile, the fat content of the standardised milk has been reduced from 5 percent to 4.5 percent with effect from 10th October, 1971 in order to reduce the anticipated loss of Delhi Milk Scheme.

Requirement and production of Foodgrains

1180. SHRI P. VENKATASUBBAIAH: Will the Minister of AGRICULTURE be pleased to state :

(a) the estimated requirements of foodgrains for Bangla Desh refugees during the current year;

(b) the present position of stocks with the Government ; and

(c) the estimated production of foodgrains during the current year and the figures as compared to the last year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The total requirements of foodgrains (rice and wheat) for Bangla Desh refugees during the year 1971-72 are estimated at 10.7 lakh tonnes.

(b) At the end of October, 1971 the total stock of foodgrains with the Government, both Central and State, was about 73.5 lakh tonnes.

(c) The Total production of foodgrains during the year 1970-71 was 107.8 million tonnes. It is too early to frame any realistic estimates of the likely productions of foodgrains during the current year (1971-72) as the kharif crops are still in the fields and the rabi crops are being sown. The target of production for the current year is 112 million tonnes.

Abolition of Food Zones

1181. SHRI P. VENKATASUBBAIAH: Will the Minister of AGRICULTURE be pleased to state whether the desirability of abolition of food zones has been considered; if so, with what results ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : Food Zones as such exist now only in respect of rice. The movement of wheat and wheat products is free throughout the country excepting the statutorily rationed areas of West Bengal. Restrictions on the movement of coarse grains have been removed in most of the major producing areas.

Zonal restrictions on rice were reviewed at the Chief Ministers' Conference held on the 13th October, 1971. The consensus was that these restrictions should continue with a view to maximising internal procurement. The recommendation of the Conference has been accepted by Government.

Import of Rice

1182. SHRI P. VENKATASUBBAIAH: Will the Minister of AGRICULTURE be pleased to state the rice position in the country and the quantity of rice proposed to be imported during the current year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : Production prospects of rice generally appear to be satisfactory. The stocks position is adequate to meet the normal requirements. During the current year ending December 1971, about 2,000 tonnes of rice are expected to be received in addition 2,38,000 tonnes already imported.

Unemployment among iron ore loading workers at Visakhapatnam

1183. SHRI P. VENKATASUBBAIAH : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether there has been acute unemployment among iron ore loading workers at Visakhapatnam due to non-availability of railway wagons ;

(b) if so, the steps taken to solve the same ; and

(c) the result achieved so far and the steps proposed to see that such a situation does not occur in future ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) Iron ore exported through Visakhapatnam Port is being handled by mechanical means and no labour is employed either for unloading wagons or at the time of shipment.

(b) and (c). Do not arise.

Research on use of fertiliser on non-irrigated wheat crop

1184. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether recent research at the Indian Agricultural Research Institute has shown that the fertiliser application was beneficial in the case of non-irrigated wheat crop ;

(b) if so, the steps taken to propagate the result of the research made ; and

(c) the increase in production of wheat from non-irrigated areas expected as a result thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHIB P. SHINDE) : (a) Yes sir. A large number of trials on cultivators'

fields were conducted in the dry farming areas under the All India Coordinated Agronomic scheme of the I. C. A. R. during the year 1969-70 and 1970-71, in the States of U. P., Haryana, Punjab and Delhi. The results of these trials indicated that fertiliser application under un-irrigated conditions resulted in increased yields of wheat ranging from 25 to 100 per cent as compared to the plots given no fertiliser.

(b) The results of these experiments have been brought to the notice of wheat workers of State Governments and Agricultural Universities. They are also demonstrated under national demonstration and have been put into practice in I. A. D. P. districts

(c) It is difficult to give an estimate of the increase in production of wheat from non-irrigated areas expected due to the propagation of results of research as the final yield depends upon several factors : many of them beyond human control. However, as stated in answer of part (a) of the question, increases in yield to the tune of 25 to 100 per cent have been recorded in trials conducted on cultivators' fields during the last two years.

देहान्ती क्षेत्रों में स्वास्थ्य सेवाएं

1185. श्री रामाक्षर शस्त्री : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने देहान्ती क्षेत्रों में स्वास्थ्य सेवाएं उत्पन्न करने के लिए कोई योजना बनाई है ;

(ख) यदि हा, तो उनकी मुख्य-मुख्य बातें क्या हैं ; और

(ग) उसे क्रियान्वित करने के लिए सरकार का क्या कार्यवाही करने का विचार है ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में उपमंत्री (श्री एस० के० कि०कू) : (क) जी

हैं ग्राम क्षेत्रों में स्वास्थ्य चिकित्सा एवं परिवार नियोजन सेवाओं की व्यवस्था करने के लिए मास्टर प्लान तैयार किया गया है।

(ख) इस मास्टर प्लान में निम्नलिखित आठ योजनाएं सम्मिलित हैं—

(1) प्राथमिक स्वास्थ्य केन्द्रों के साथ सम्बन्ध उपकेन्द्रों का संशोधित स्वरूप सहायक नर्स थायियों और बेसिक स्वास्थ्य कर्मचारियों को व्यवस्थित करना।

(2) जिन खंडों में उक्त सेवाएं मौजूद नहीं हैं वहां प्राथमिक स्वास्थ्य केन्द्र खोलना तथा प्रत्येक प्राथमिक केन्द्र में परिवार नियोजन विंग खोलना—प्राथमिक स्वास्थ्य केन्द्रों के भवनों तथा कर्मचारियों के क्वार्टरों का निर्माण करना, कर्मचारियों की संख्या में वृद्धि करना और औषधि एवं उपस्को की व्यवस्था करना।

(3) रेफरल सेवाओं का विकास करना, प्राथमिक स्वास्थ्य केन्द्रों का दर्जा बढ़ाना—औषधालयों में 25 पलंगों वाला औषधालय खोलना।

(4) प्रशिक्षण सह-सेवा सचल अस्पताल और औषधालय खोलना।

(5) अस्पताल एवं औषधालय निरोधी एवं सुधारात्मक कार्य।

(6) चिकित्सा संस्थान चलाने वाले स्वेच्छिक संगठनों का योगदान।

(7) विशिष्ट शिविर चलाना।

(8) ग्राम सफाई कार्यक्रम।

पब्लिक स्कूलों द्वारा दी जाने वाली शिक्षा
पर उच्च बनी बर्गों का एकाधिकार

1186. श्री मुल्की राज सैनी : क्या शिक्षा
और समाज कल्याण मन्त्री यह बताने की कृपा
करेंगे कि :

(क) क्या यह सच है कि देश में पब्लिक
स्कूलों द्वारा दी जाने वाली शिक्षा पर केवल
उच्च बनी बर्गों का ही एकाधिकार है;

(ख) यदि हां, तो ऐसे स्कूलों में शिक्षा
पाने वाले छात्रों की संख्या क्या है तथा अन्य
स्कूलों में शिक्षा पाने वाले छात्रों की संख्या क्या है,

(ग) क्या सरकार का विचार समस्त
स्कूलों में एकसी शिक्षा दिये जाने की व्यवस्था
करने का विचार है; और

(घ) यदि हां, तो यह योजना कब तक
क्रियाम्बित हो जायेगी ।

शिक्षा और समाज कल्याण मन्त्रालय तथा
संस्कृति विभाग में उप-मन्त्री (प्रो० डी० पी०
पावक) : (क). जी नहीं, योग्य बच्चों को
पब्लिक स्कूल की शिक्षा का लाभ देने के उद्देश्य
से विशेषकर, उन कम आय वाले वर्गों को जो
अन्य प्रकार से ऐसी सुविधायें, प्राप्त करने में
असमर्थ हैं पब्लिक स्कूलों तथा अछड़े आवास
स्कूलों में अध्ययन के लिए 1953-54 में एक
योग्यता छात्रवृत्ति योजना आरम्भ की गई
थी । 970-11 तक कम आय वाले वर्गों के
बच्चों के लिये 2359 छात्रवृत्तियां प्रदान की
गई हैं । योग्यता व साधनों के आधार पर सर-
कार द्वारा चुने गये छात्रों के लिए सरकार का
विचार सभी पब्लिक स्कूलों के नए दाखिलों में
25 प्रतिशत आरक्षण करने का भी है ।

(ख) सूचना एकत्र की जा रही है और
सभापटल पर रख दी जाएगी ।

(ग) क्योंकि स्कूल शिक्षा राज्य सरकारों
का दायित्व है अतः भारत सरकार के लिए यह
सम्भव नहीं है कि सभी स्कूलों में एक रूप शिक्षा
लागू की जाए । इसके अनिश्चित, भारतीय
संविधान के अनुच्छेद 30 (1) के अधीन सभी
अल्पसंख्यक वर्ग चाहे वे धर्म अथवा भाषा पर
आधारित हों, अपनी पसन्द की शिक्षा संस्थाओं
को स्थापित करने तथा उनके संचालन करने का
अधिकार रखेंगे ।

THE MINISTER OF PARLIAMENTARY AFFAIRS, SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR):

(a) and (b). The requisite information has been called for from the Government of West Bengal and will be laid on the Table of the Lok Sabha on receipt.

Quarters in occupation of retired Government Employees

1191. SHRI MUKHTIAR SINGH MALIK: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) the rule under which a retired Government servant can retain Government accommodation and for what period;

(b) the number of retired employees still in occupation of Government accommodation in Delhi/New Delhi after the retirement from service, category-wise; and

(c) if so, the reasons therefor and the action taken or proposed to be taken by Government for their eviction from the Government accommodation?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI L. K. GUJRAL): (a) Under item (ii) of the Table below S. R. 317 B-11 (2) a provision exists that a Government (servant) retirement or terminal leave can retain the accommodation in his occupation for a period of two months. It is also provided under item (ix) that the officer who proceeds on Leave Preparatory to retirement or Refused leave granted under F. R. 86 can retain general pool accommodation in his occupation for the full period of leave on full average pay subject to a maximum of four months inclusive of the period permissible in the case of retirement.

(b) There are 220 retired employees who are still in occupation of general pool accommodation in Delhi/New Delhi and the break up is as under :

Type I	...	11
Type II	...	33
Type III	...	48
Type IV	...	65
Type V	...	57
Type VI	...	6
Total		220

(c) The allotment of accommodation in occupation of such officers has been cancelled and the eviction proceedings under the provisions of Public Premises (Eviction of Unauthorised Occupants) Act, 1971 have been/are being initiated against them.

Retention of Government accommodation by the dependents of deceased Government Employees

1192. **SHRI MUKHTIAR SINGH MALIK** : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the rule under which the dependents of deceased Government employee can retain Government accommodation and for what period ;

(b) the number of such dependents who are retaining Government accommodation in Delhi for more than the prescribed limit; category-wise; and

(c) the action taken by Government for their eviction from the Government accommodation in view of the large number of persons on the waiting list ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Under item (iii) of the Table below S. R. 317-B.11(2) of the Allotment of Government Residences (General Pool in Delhi) Rules, 1963, a provision exists whereby the retention can

be allowed to the dependents of a Government servant on the death of the allottee for a period of four months.

(b) 48 dependents of the deceased Government employees are retaining accommodation for more than the prescribed period. The break up is given as under :

Type I		15
Type II		9
Type III		9
Type IV		7
Type V		7

Total		48

(c) The allotments have been cancelled and necessary action for evicting the unauthorised occupants has been/is being taken under the provisions of the Public Premises (Eviction of Unauthorised Occupants) Act, 1971.

Allotment of Government accommodation to the dependent of the retired Government Employees

1193. **SHRI MUKHTIAR SINGH MALIK** : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Government accommodation is allotted immediately to the dependent of the Government employee on his/her retirement from service if the dependent is already in Government service; and

(b) if so, the justification for such a rule ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) The regularisation/ad-hoc allotment on the retirement of a Government officer is made in the name of his son, daughter, wife, husband or father provided that the said relation is a Government employee eligible for allotment of general pool accommodation and had been sharing accommodation with the retiring officer for at least six months

before the date of retirement. Such regularisation/allotments are made within the concessional period admissible to the retiring officer to retain the accommodation.

(b) This provision has been made with a view to mitigate the hardship experienced by retiring officers and their families who cannot afford to hire houses from the private sector after their retirement.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

REPORTED EVICTION NOTICES SERVED ON CENTRAL GOVERNMENT EMPLOYEES IN KANPUR

(SHRI S. M. BANERJEE) Kanpur : Sir, I call the attention of the Minister of Works and Housing to the following matter of urgent public importance and I request that he may make a statement thereon :—

"The reported eviction notices served on 4,000 Central Government employees, including 3,000 Defence Employees, in Kanpur, living in various houses constructed under the Industrial Housing Scheme."

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : A statement is laid on the Table of the House.

Statement

A report has already been called for from the Government of Uttar Pradesh on the reported eviction notices having been served on 4,000 Central Government Employees, including 3,000 Defence Employees in Kanpur living in various houses constructed under the Industrial Housing Scheme. The report has not yet been received.

The Scheme was introduced by the Government of India in 1952 to help the State Governments, Industrial Employers,

and Cooperatives of industrial workers to build houses for providing accommodation at subsidised rents for workers falling within the meaning of section 2(1) of the Factories Act, 1948, and 'persons' employed in mines other than coal and mica mines within the meaning of section 2(b) of the Mines Act, 1952, and whose wages do not exceed Rs. 350/- p. m.

According to information available with us at present, the Government of Uttar Pradesh, with financial assistance from the Government of India (50 percent loan and 50 percent subsidy), built about 16,000 houses in Kanpur under the Subsidised Housing Scheme for industrial workers. State and Central Government Employees including those employed in Defence installations are not eligible for allotment of houses built under the Scheme. Central and State Governments are expected to build houses for their employees (whether industrial or non-industrial) wherever necessary, by providing requisite funds in their respective budgets.

2. Initially, the tenements were not very popular with the eligible industrial workers. Some of the tenements also fell within the security zone of certain Defence installations in the area and the local military authorities were not in favour of such houses being allotted to outsiders. In view of these factors, and in order to save themselves from loss of revenue, the Government of Uttar Pradesh allotted about 5000 tenements to ineligible persons (which included employees of Defence establishments as well), in contravention of the provisions of the Scheme. Ever since the matter came to the notice of my Ministry in 1958, efforts have been made to persuade the Government of Uttar Pradesh to get the houses under the occupation of the ineligible, vacated so that these could be allotted to ineligible industrial workers for whom these were built.

3. Expressing their inability to secure vacation of the houses occupied by the Defence employees, the Government of Uttar Pradesh, as an alternative solution, proposed that such houses might be purchased from them by the Ministry of

[Shri I. K. Gujral]

Defence. This proposal was not acceptable to the Ministry of Defence. At a high level meeting held on 21st October, 1965, among the Minister of Defence, the then Minister of Works and Housing and the representative of the State Government, it was decided that the State Government could transfer such houses from the Subsidised Housing Scheme for Industrial Workers to the Low Income Group Housing Scheme w. e. f. 1st April, 1966 and repay the subsidy to the Government of India (as if it had been drawn as a loan) over a period of 20 years with interest thereon from the said date. The Government of India, as a measure of solution to this long pending problem, offered to waive the interest on the subsidy portion upto that date. This procedure would have enabled the Government of Uttar Pradesh to allot the houses to the Defence employees and others falling within the low income group i. e. those whose income did not exceed Rs. 600/- per month.

4. The above decision was communicated to the then Chief Minister of Uttar Pradesh on 13th January, 1966. In November, 1966, the State Government communicated their inability to accept the above decision, and reiterated their earlier stand that the Ministry of Defence should purchase these houses. Since purchase was not acceptable to the Ministry of Defence, the State Government were advised in April, 1967 to send their alternative proposal. In July, 1969 the Government of Uttar Pradesh suggested enlargement of the scope of the scheme so as to cover the Defence Employees. Such a suggestion was also made by the Ministry of Defence. In view of the wide repercussions that it would have on the scheme all over the country, it could not be agreed to by this Ministry. The Government of Uttar Pradesh again stressed in January 1970, that the only logical and desirable solution to the problem would be for the Ministry of Defence to purchase the houses. This suggestion was again recommended in May, 1970 to the Ministry of Defence drawing their attention pointedly to the fact that a large number of houses happened to be located within the security zone, and these should not ordinarily be

occupied by those not in the employment of Defence establishments. The matter is under consideration by the Ministry of Defence.

6. Even though the houses have been built by the State Government with 100% Central financial assistance, the ownership and management of the houses vest in the Government of Uttar Pradesh, and they are fully competent to deal with the ineligible allottees according to their rules etc.

SHRI S. M. BANERJEE : They should read the statement. They are setting a very bad precedent.

SHRI I. K. GUJRAL : That is not the intention.

MR. SPEAKER : I don't agree that it is a precedent. If the statement is short it should be read, but if it is long, it should not be read. We have been following this.

SHRI S. M. BANERJEE : This statement was circulated to us at about 11 O'clock. But, sir, there are certain cases when we get the statement only 15 minutes in advance.

MR. SPEAKER : You come to me with a Motion and you give only 5 minutes for me !

SHRI S. M. BANERJEE : You know more than the Minister.

MR. SPEAKER : All are human beings. If it is your case, you say all that.

SHRI S. M. BANERJEE : This was circulated at about 11. But in future, kindly see that they issue giving sufficient time, because, this is almost a direction from you.

MR. SPEAKER : It must be issued giving quite reasonable length of time.

SHRI S. M. BANERJEE : In the Statement the hon. Minister has narrated the whole case. I am reading from the statement, which says :

"Some of the tenements also fell within the security zone of certain Defence installations in the area and

the local military authorities were not in favour of such houses being allotted to outsiders. In view of these factors, and in order to save themselves from loss of revenue, the Govt. of U. P. allotted about 5000 tenements to ineligible persons..."

at that time they were 'ineligible'...

"...(which included employees of Defence establishments as well...), in contravention of the provisions of the Scheme. Ever since the matter came to the notice of my Ministry in 1958,..."

that is, Mr. Gujral's Ministry...

"...efforts have been made to persuade the Government of Uttar Pradesh to get the houses under the occupation of the ineligible, vacated so that these could be allotted to eligible industrial workers for whom these were built."

Sir, the history of the case is like this.

When Pandit Jawaharlal Nehru visited Kanpur in 1956 and inaugurated the Employees' State Insurance Corporation there he visited some slum areas and he made the historic statement—"Why not burn the slums." That was his outburst, Sir, that these slums should be burnt, they should be demolished razed to the ground, and new houses constructed.

As a result of the late Pandit Nehru's announcement in Kanpur in 1956, these houses came up, and the first colony which was set up was called the Bapu Gurba colony in memory of Bapu Gandhiji. These houses were constructed on land which virtually belonged to the Defence establishment, that is, the Central Ordnance Depot. Because of this, when the commandant of that depot, namely Col. R. G. Naidu threatened to demolish these houses; these houses were allotted to the defence employees working in the Central Ordnance Depot. Since 1958, nearly 3000 of these houses have been occupied by the Defence employees, and

1000 more [houses occupied by the Postal and Telegraph employees and other employees belonging to the Central Government undertakings. There was a signed agreement with the Labour Commissioner or rather with the housing Commissioner of U. P. in Kanpur. These employees were paying regular rent. They are in authorised occupation. I can see that with all the honesty at my command, and this can be checked up. Now, suddenly they have become ineligible because of the rules framed by the Central Government which do not permit any employee other than an industrial employee under the provisions to occupy those houses.

This question was referred to the Defence Ministry and to the Defence Ministers Shri Jagjivan Ram, Shri Swarn Singh and Shri Yeshwantrao Chavan. When the Defence Minister Shri Jagjivan Ram went to Kanpur, he virtually made a definite statement that no employee was going to be evicted, and the occupation would be regularised.

Then, the suggestion came from the WHS Ministry that those houses might be purchased by the Defence Ministry. This matter is still under consideration.

Then, what did the UP Government do? I do not blame the UP Government in any way, because the Chief Minister of UP, and the Labour Minister of UP told us very frankly that if the rules were amended to include the defence employees and all other industrial employees and all employees working in the Central Government undertakings and the discrimination was removed, their occupation could be regularised.

The other day, that is, on the 15th November, 1971, I had put a question to the hon. Minister:

"(a) Whether the Ministry of Defence has approached his Ministry to agree to change the rules of allotment of houses constructed under the Industrial Housing Scheme in Kanpur and other places to include the Central Government employees working in the Defence industry and other Central Government undertakings; and

(b) if so, whether the rules have been amended and if not, the reason for the same?"

The answer was :

"(a) Yes, The Defence Ministry had appealed to the WHS Ministry to change the rules."

But then the answer to part (b) of the question was :

"The question of amending the rule does not arise because an amendment of this nature would have adverse repercussions on the provision of houses to the employees of all Government undertakings not liable to income tax and departmental undertakings all over the country."

I am surprised that today when we are supposed to be moving towards socialism, as they claim, there is a discrimination between employee and employee, between an industrial worker producing things in an ordnance factory and an industrial worker manufacturing cloth in a textile mill or working in a jute mill etc. This discrimination between an employee working in an ordnance depot and an employee working in a jute mill or a textile mill should be done away with.

The situation is extremely explosive, and we must thank you, Sir, for giving us an opportunity to raise this issue. Rents are not being taken from them. Each employee who is staying there has been given notices of damage charges to the tune of about Rs. 3000 to Rs. 4000, and there is a notice that the *kutli* Amin and Housing Commissioner would be visiting the place after the 30th of this month to auction their belongings. If the situation came to this, then it would affect about 3000 employees defence employees working in the defence production units, which is the prime need of this country today, and about 1000 employees belonging to the RMS and telegraph and telephone and others who are doing their best in the interests of the country at this crucial

hour. If their belongings are auctioned, and they are thrown out of the houses along with their family members, it is bound to become a law and order situation.

Therefore, in all humility, I would appeal to Shri I. K. Gujral and Shri Uma Shankar Dixit, both of whom know very well what is happening at this particular juncture in Kanpur, to have another meeting with the Chief Minister, the Housing Minister and the Labour Minister of UP and the Defence Ministry officials, and till such time, those people should not be asked to pay damage charges to the tune of Rs. 3000 to Rs. 4000, and these auction notices and eviction notices should be withdrawn.

From the statement I find that it is said :

"The matter is still under consideration by the Ministry of Defence."

When the Defence Ministry is considering the matter and when the UP Government are sympathetic, and when these men have spent nearly 10 to 13 years in these houses and there is an agreement signed by them as tenants, why should they be evicted at this hour and thrown out of these houses, since they cannot get other houses to live in now? The Government of India have no money to construct suddenly 4000 houses. When they have been living in these houses and paying Rs. 13 or Rs. 14 or Rs. 15 and regularly, why should they be evicted?

I do not want to make it a fighting issue as such. Nor am I trying to provoke the hon. Minister or threaten him with dire consequences, but definitely, it is a question of law and order. At this hour when the unity of the country is our primary interest and we want the unity of the country and we want to unite all the employees, let there be no discrimination between employee and employee, an employee working in a departmental undertaking or a public sector undertaking and an employee working in an industry. Let

the rules be amended, and till such time these notices should be withdrawn, and the Chief Minister may be asked to find out ways and means to solve the problem.

I would ask the hon. Minister to give a definite reply which may allay the lurking fear in the minds of these 4000 employees who cannot possibly work in the ordinance factories, all the time thinking that they and their family members including children and their luggages would be on the street the next day. This assurance can be given by the hon. Minister immediately, and that is my earnest request.

SHRI I. K. GUJRAL : I might clarify one thing from the very beginning, namely that no eviction notices have been served on the occupants either on the initiative of the Central Government...

SHRI S. M. BANERJEE : Eviction and damage notices have been sent to the tune of Rs. 4000 or so.

SHRI I. K. GUJRAL : Neither eviction notices nor damage notices have been issued either on the initiative of the Central Government or at the behest of the Central Government. This should be very clearly understood. I have learnt for the first time now after I had received the calling-attention-notice that some such notices have been served by the State Government. The Housing Minister of the State is meeting me tomorrow, and I shall take this issue up with him about the eviction or damage notices.

So far as the main issue is concerned, these houses were built under the Industrial Housing Scheme. The genesis of the Industrial Housing Scheme is that the different State Governments are given 50 per cent loan and 50 per cent subsidy for building such houses. About 16,000 houses were built by the U.P. Government on this basis, and we gave them 50 per cent loan and 50 per cent subsidy. But for some reason these houses were not given to industrial workers.

My hon. friend Shri S. M. Banerjee is not the leader of only the defence production unit employees, but is also a leader of industrial labour, I presume...

SHRI S. M. BANERJEE : But they were not occupying it, I think I am being misunderstood....

MR SPEAKER : Let the hon. member hear the answer of the hon. Minister now.

SHRI S. M. BANERJEE : I am not raising a controversy now. But they were not occupying it.

MR. SPEAKER : Let him listen now to what the hon. Minister has to say.

SHRI I. K. GUJRAL : Whatever the reasons might be, these houses were given to employees other than industrial workers. So, they had three options open to them. One option was that the Defence Ministry should take over these houses and give them to their own employees on whatever terms and conditions they liked. So, we took the matter up with the Defence Ministry time and again, but unfortunately we did not succeed with them, and they would not agree. The Defence Ministry suggested that we might sell the houses to the occupants. We requested the State Government to explore that possibility also. But only two or so odd applications were received, and most of the people were not interested in purchasing the houses. We wanted those houses to be converted into houses under the low income housing scheme.

Another option that arose was that the U. P. Government might take over these houses and refund the money given to them under the Industrial Housing Scheme, but the U. P. Government were not willing to do so.

The difficulty, so far as we are concerned, is that we are averse to giving it to the Defence Production unit for only one reason, not because we discriminate between an industrial worker and an industrial worker, but because if Government starts giving subsidy for housing its own employees under one Department or the other, then Shri S. M. Banerjee will come forward tomorrow and say that the housing scheme for industrial workers is not

[Shri I. K. Gujral]

making any progress and all the money is getting absorbed in this. Now even at this stage, we have only approached the Defence Ministry again that they may take them over at cost, and the cost is very low—about Rs. 3,000 to Rs. 4,000 per unit—at book value. We are willing to give at that value also.

The only point is, if we get back this money, which is not going to the Consolidated Fund, this money will be used again for industrial housing, because the industrial housing is badly needed in this country. There is an extreme shortage of industrial housing. Either the Uttar Pradesh Government should take them over and refund the money or the Defence Ministry should take over and refund the money. If my friend feels that the money for industrial housing should be used for housing Government servants, I think tomorrow he will come back or his friends will come back with a great deal of grievance, because we are keen that not only Government servants should get houses but people who are not in the Government service should also get houses.

In this case, I for one feel that the Defence Ministry on the Defence Production Unit—should have taken over those houses long ago, because some of the houses are built in the security zone, and that is why even when they sell them to others, I think it is a risk even then because the property will pass from one hand to the other and a stage might come when they do not like the people to be sitting or staying in the security zone itself. That is why we have pointed out these facts, and I am sure this will be sorted out very soon. So far as the eviction and damages are concerned I will bring it to the notice of the State Minister of Housing tomorrow when he comes tomorrow.

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKER DIKSHIT) : May I add a few words ? I feel—I have gone through it yesterday - that something has gone wrong somewhere in my opinion. It is a matter of co-ordination. The Uttar Pradesh

Government or the Defence Ministry along with our Ministry have to find a solution instead of asking the occupants to get out. I hope we shall be able to sort it out.

These are some of the delays and puzzles in the democratic processes whether three or four departments and the State Government are concerned. I assure the house that we will try to sort it out as quickly as possible.

SHRI INDRAJIT GUPTA (Alipore) : Sir, after the Minister's reply, I do not suppose any more information will be forth-coming. As Mr. Dikshit has just intervened, I would like to raise one or two questions. He says this is a question of lack of co-ordination in the democratic system. If you go through this statement reciting the whole history of this case, it will be quite clear that this is quite a scandalous story of bureaucratic bungling not only bureaucratic bungling but the inter-ministerial, and as between the Central Government and the State Government, a criminal callousness and negligence towards this whole question. It has been dragging on for years. From his statement, it first came to the notice of the Ministry in 1958. It is now 1971 ; almost over now. Now, we are told these houses were built in the security zone of the defence undertaking. But why were they built in the security zone ? Was it not known to be the security zone at that time ? Kanpur is one of the biggest centres of Defence production in this country, and I am very sorry that this matter has come to a head at a time when the whole world will know that when this country is girding up its loins to defend its borders against the possibility of a foreign attack, at such a time, thousands of defence workers who are involved in defence production are facing the uncertainty about where they are going to live with their families tomorrow. Is this matter to be brushed aside so easily ? Therefore, what I would say is that these Ministries of Works and Housing, Defence, and so on should cease to function as independent empires ; they run according to their whims and they do not have the minimum amount of co-ordination with each other. These houses

were allowed to be built in the security zone, and these defence employees were allowed to become the allottees of these houses; they have not trespassed; they have not forcibly occupied these houses Mr. Banerjee has quite correctly said that they have entered into an agreement. A tenancy agreement was made with them and, therefore, they are all lawful occupants; they are not unlawful occupants in any sense of word. Therefore, the Defence Ministry which of course is under an obligation to build houses for its own employees but possibly is notable to spare money from its huge defence budget at this moment because of the other priorities, are being given the option of taking over these houses at cost price; even that they are not prepared to do. The Ministry here says that it cannot change or relax the rule because it will have repercussions throughout the whole country. Are these technical rules, inter-ministry wranglings and bunglings to be allowed to go on at this time when the defence production employees are facing the danger of eviction? It is scandalous and should not be allowed to be brushed aside so lightly. Therefore, it is not only a question of stopping these evictions or damage notices; that, I am sure, the Ministry will try and do; but some early remedy must be sought to this particular problem and this must be put on a proper and stable footing. Either the Defence Ministry or the Works and Housing Ministry or the State Government has got to take the responsibility; they cannot go on passing the buck to each other in this way. This is supposed to be one Government, not so many separate Governments in each Ministry.

Therefore, I should like to know, apart from stopping these notices, what is the concrete line of thinking of the Minister so that they can get some early solution to this problem so that it can be settled once and for all?

SHRI I. K. GUJRAL : I may say this, that whatever discussions might have been going on in the past between the two Ministries at the Centre and the U. P. Government, so far as the occupants are concerned, they are not to be bothered. Let

that be clearly understood... (*Interruptions.*) I shall see that they are not evicted. That is our stand clearly.

So far as financial adjustments are concerned, whether this Ministry or that Ministry bears it or the U. P. Government bears it that is an inter-ministerial adjustment which will be made. I can assure here and now that so far as the occupants are concerned, they will not be bothered.

श्री सज्जू पांडे (गाजीपुर) : माननीय दीक्षित जी ने कहा है कि उत्तर प्रदेश सरकार से इस मामले पर बातचीत वह कर रहे हैं। लगातार इसी तरह के आशवासन इस सदन को दिये गये हैं। पिछली बार जब वर्क्स हाउसिंग मिनिस्ट्री की डिमांड्स पर बहस चल रही थी तो मैंने सवाल को उठाया था। तब भी श्री गुजराल ने कहा था कि ये लोग नहीं निकाले जायेंगे। इसके बावजूद उनको नोटिस दी गई है। यही नहीं बल्कि उनसे डेमेजिज चार्ज किये जा रहे हैं। मैं जानना चाहता हूँ कि क्या फौरन आदेश जारी होंगे कि उन से डेमेजिज चार्ज न किए जायें और आगे नोटिस न निकाले जायें? तब तक दोनों सरकारें बैठकर बातचीत न कर लें, तब तक के लिए इस तरह के आदेश फौरन अधिकारियों को दिये जायेंगे?

श्री आई० के० गुजराल : उत्तर प्रदेश के हाउसिंग मिनिस्टर यहाँ आ रहे हैं। उनके साथ बातचीत करके मैं सारे मामले को हल करने की कोशिश करूँगा।

SHRI JYOTIRMOY BOSU (Diamond Harbour) : May I take two submissions?

MR. SPEAKER : I will not allow, unless I have notice of them.

SHRI JYOTIRMOY BOSU : I have given notice and I want your ruling. One is about the Finance Secretary. What he said has been widely covered and it does not require verification. Mr. Pandey has been reported and what he has said has been given full coverage by the National press.

[Shri Jyotirmoy Bosu]

The second thing is about tomorrow. Last year Guru Tegh Bahadur's Martyrdom day was a holiday.

श्री ज्योतिर्मोय बोसु (ग्वालियर) :
कल अगर गुरु तेगबहादुर शहीद दिवस है तब तो.....

MR. SPEAKER : I have no information.

SHRI JYOTIRMOY BOSU : I want your ruling.

MR. SPEAKER : No ruling is required on holidays. It is not my job to declare holidays.

SHRI JYOTIRMOY BOSU : Why not ? You are the supreme head of this House.

MR. SPEAKER : You do not recognise it sometimes.

QUESTION OF PRIVILEGE AGAINST NAVBHARAT TIMES

MR. SPEAKER : I may inform the House that on the 10th August, 1971, Shri B. P. Maurya raised a question of privilege in respect of an article published in the *Navbharat Times*, Delhi, in its issue dated the 6th August, 1971, allegedly casting reflections on him.

I then said that the Editor of the newspaper would be addressed to state what he had to say in the matter.

The Editor of the newspaper sent me a letter dated the 11th August, 1971, in which he had stated *inter alia* as follows :—

"We had no intention of hurting the feelings of the Member or the Honourable House. As Mr. B. P. Maurya has taken objection to the publication of this item, as Editor of the paper, I hereby tender my apologies to the Member and to the Honourable House."

I passed on a copy of the Editor's letter to Shri B. P. Maurya. As desired by Shri Maurya, the Editor of the newspaper was asked to have his own and the writer *Viveki's* apology published in the *Navbharat Times*. This, the Editor has done in the issue of the newspaper dated the 24th September, 1971. Shri Maurya in his letter dated 18th November, 1971, to me has said that in view of the apology published by the newspaper, the matter may be treated as closed.

So, the matter is closed.

As far as this privilege motion raised by Shri Jyotirmoy Bosu is concerned, I have my own doubts about it.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I have not raised a privilege motion. I only want to raise it before the House under rule 377.

MR. SPEAKER : It is not a matter to be brought up under rule 377. Shri Bosu says in his letter to me :

"That the Finance Secretary Mr. B. D. Pendey has reportedly disclosed on Saturday before a Tax Executives' Conference organised by the Indian Chamber of Commerce and Industry in New Delhi that a new Central Excise Bill is proposed to be introduced during the next session.

"I maintain that these utterances on the part of a civil servant had not been quite proper particularly when parliament..."

I agree, but I have to examine it. It should have been the Minister to give the intention of the business, and not the Secretary. When the House is sitting. Many things are within your knowledge, and sometimes they creep out, but especially a responsible person like the Secretary should be very careful about his observations. I am going to examine it and later on let you know as to what comes out.

SHRI P. K. DEO (Kalahandi) : I wrote to you...

MR. SPEAKER : That is a matter not for any point to be raised after the Question Hour. He says that the Chinese attitude is anti-Indian, as if it is something new. When the foreign affairs debate comes, you may participate. I am not going to allow it.

SHRI P. K. DEO : It is a matter of great concern and surprise. I do not know when the foreign affairs debate is likely to take place.

MR. SPEAKER : It is coming, we will have to discuss many things, but not that anything may come up after the Question Hour. I can appreciate your anxiety, but it is not the proper occasion.

अध्यक्ष महोदय : अगर 11 बजे भी दी है
तब भी लेट है ।

श्री बनर्जी—

SHRI S. M. BANERJEE (Kanpur) :
Sir, I rise to oppose the introduction of
this Bill seeking to replace the ordinance
promulgated by the President in October.
My objection is that this was not
necessary. The Statement of Objects and
Reasons says :

"In Order to meet the expenditure on
the relief of Bangla Desh refugees, it
was agreed at the meeting of the
Governors and Chief Ministers of
States held at New Delhi on the 12th
October, 1971, that both the Centre
and the States would levy tax, duty or
surcharge..." etc.

The Governors, Chief Ministers, and
Central Ministers who agreed to this,
never, thought that Parliament is a forum
which should also be consulted.

The manner in which Parliament has
been ignored in this case is something
unimaginable. When was it to come into
force? From the 15th of November, the
opening day of the present session? Sir,
you have already expressed your view that
Ordinances should not normally be brought
in I am not against Ordinances as such.
Suppose an Ordinance is necessary to
prevent the closure of a unit, I am all
for it. But what was the fun of promul-
gating an Ordinance which will come into
force from the opening day of a session?

Apart from that, I feel that taxation
has reached saturation point and people
are unable to pay anything more. If
government need more money for refugee
relief there are other sources which they
can tap like black money, income-tax
arrears and so on. Therefore, I do not
agree to this measure. I oppose it tooth
and nail from the stage of introduction.

SHRI JYOTIRMOY BOSU (Diamond
Harbour) : I rise to oppose the introduc-
tion of this Bill vehemently. It reveals
the bankruptcy of the government which is
trying to exist through Ordinances. We
understand from this note that the Chief
Ministers were consulted. But the Chief
Ministers and the Governors are not the
supreme people. Did you consult the
Assemblies where the representatives of
the people have a say?

The meagre taxation provision in the
original budget this year was with a view
to hoodwinking the people. The actual
deficit was Rs. 400 crores to 475 crores
though it was mentioned as Rs. 235 crores.
This shows the inefficiency, dishonesty and
political gimmicks. People are groaning
under the galloping price rise and yet there
is no tightening of the belt, so far as
government is concerned. A Minister
today costs between Rs. 25,000 to 50,000
a month and a meeting of the Prime
Minister cost Rs. 80,000 towards security
arrangements. Very recently a Mercedes
car, a very fine six door car has been
bought for the government; I do not want
to say for whom it is bought.

MR. SPEAKER : All this is not rele-
vant. Further, on details he can speak
later on.

SHRI JYOTIRMOY BOSU : I want
to oppose if from the beginning.

Very recently I asked a Financial
Commissioner how much of the Fourth
Plan allocation have been set aside for
generation of basic wealth or increase in
GNP. He said : it is very little, I am
sorry to say.

This blanket taxation shows that there
is an element of discrimination in the
fiscal policy pursued by the government.
The post budget jubilation amongst the
businessmen in Calcutta we noticed with
great concern. The corporate sector is
doing fine but it was left alone. There is
industrial stagnation. Why? Because, big
business is very capable of concealing its
real profits which it siphoned into black
money. Today there is arrears of tax
to the extent of Rs. 900 crores.
The report of the Auditor-General

is a revealing document. A major portion of the arrears is in corporate and personal taxes. Today smuggling is making you lose to the tune of Rs. 400 crores every year. Loss on account of under invoicing and over-invoicing is to the tune of another Rs. 400 crores. God alone knows whether the black money in circulation is Rs. 3,000 crores or 4,000 crores.

When this is the situation you want to impose a levy on postal articles. You handle about 700 million postal items out of which the yield is Rs. 20 crores. Then you impose a levy on newspapers in a country where the newspaper reading public is not more than 68 per cent in the best of areas and not more than 22 per cent in the worst of areas. I know that because of the existing fiscal measures that have been enforced by the government, they will find it very difficult to survive. I oppose this Bill with all the power at my command.

अध्यक्ष महोदय: डाक्टर पांडे, आज आप कह लीजिए लेकिन आगे से आपकी सूचना लेट नहीं आनी चाहिए।

डा० लक्ष्मी नारायण पांडेय : मैं दो आघातों पर इस विधेयक का विरोध करता हूँ। पहला आघात तो यह है कि 22 अक्टूबर को यह अध्यादेश निकाला गया और 15 नवम्बर से इसके लागू होने की बात थी जबकि ठीक 15 नवम्बर से ही यह लोक सभा प्रारम्भ होने वाली थी। ऐसी दशा में इसको निकालने का कोई औचित्य नहीं था और न ही कोई औचित्य सरकार की ओर से बताया गया है।

दूसरी बात यह है कि लोक सभा की परम्परा के अनुसार और भूतपूर्व अध्यक्ष श्री मावलंकर और प्रधान मंत्री के बीच हुए पत्र-व्यवहार द्वारा सिद्ध किया जा चुका था कि कभी भी इस प्रकार के आर्डिनेन्स, जब सत्र निकट भविष्य में प्रारम्भ होने वाला हो, नहीं निकाले जायेंगे। पहले तो इस प्रकार के आर्डिनेन्स निकालने का औचित्य नहीं है। फिर विस्तीय मामलों से

सम्बन्धित किसी ऐसे आर्डिनेन्स को तो बिल्कुल ही नहीं लाना चाहिए जिससे लोक सभा के अधिकार पर आघात पहुँचे। ये दो आघात हैं जिनके अनुसार इस प्रकार के आर्डिनेन्स को नहीं लाया जाना चाहिए क्योंकि इसका प्रभाव साधारण जनता पर बहुत ज्यादा पड़ने वाला है। विधेयक में 20 करोड़ की आमदनी आँकी गई है तथा अन्य करों से टोटल रेवेन्यू 70 करोड़ की आँकी गई है। बंगला देश के शरणाथियों के नाम जो कुछ किया जा रहा है उसका भी प्रतिदिन का व्यय बहुत ज्यादा है और इससे पूरा होने वाला नहीं है। ऐसी स्थिति में इस विधेयक से कोई अर्जेंसी या इमर्जेंसी भी प्रकट नहीं होती जिसके कारण इस आर्डिनेन्स को लागू किया जाना आवश्यक था।

इन दो आघातों पर मैं इस विधेयक के प्रस्तुत किये जाने का विरोध करता हूँ।

श्री अटल बिहारी वाजपेयी : इस सत्र के पहले दिन मैंने यह लिखा था कि अध्यादेश जारी करने का यह तरीका ठीक नहीं है और आपने भी उस वक्त यही कहा था। अब अध्यादेश को कानून बनाया जा रहा है। अध्यादेश के द्वारा टैक्स लागू करना.....

अध्यक्ष महोदय : अब इसको कहने से क्या फायदा कि इसको कानून न बनाया जाय ?

श्री अटल बिहारी वाजपेयी : कानून तो बन ही रहा है लेकिन यही मौका है जब विरोध किया जा सकता है। यह मिद्दान्त का सवाल है। पार्लियामेंट बनाये रख कर आर्डिनेन्स के द्वारा टैक्स लगाने के मामले को श्री मावलंकर ने उठाया था। सारी पार्लियामेंट्री डिमांडेसी की लड़ाई इसी बात पर हुई है।

SHRI INDRAJIT GUPTA (Alipore) : In the inter-session period there were 12 or 13 Ordinances but these Ordinances, which are now being presented in the form of Bills, relate to additional measures of taxation. They are different from the other Ordinances.

MR. SPEAKER : An Ordinance is an Ordinance, whatever it might be.

SHRI INDRAJIT GUPTA : Can you cite any precedent ?

MR. SPEAKER : I am sorry, I am not sure of the distinction. Have you any instance where it is mentioned that Ordinances are to be demarcated into financial and non-financial...*(Interruptions)*

SHRI INDRAJIT GUPTA : It was brought into force from the date Parliament was due to open.

श्री अटल बिहारी वाजपेयी : जो टेक्स लगाये गये हैं वह 15 नम्बर से लगाये गये हैं। 1 दिसम्बर से लगाये जाते तो कोई आसमान टूटने वाला नहीं था। यह आर्डिनेन्स बनाने के हक का दुरुपयोग किया गया है।

SHRI INDRAJIT GUPTA : Apart from the Minister's reply, we would like to have your observation.

अध्यक्ष महोदय : मैं इसके बारे में पहले ही कह चुका हूँ।

SHRI INDRAJIT GUPTA : That was about the general tendency.

MR. SPEAKER : I will request you not to ask me to repeat the observation that I had already made in very strong terms. But if you think that there should be some distinction between financial and non-financial, tax and non-tax Ordinances, there is nothing in my knowledge on which I can base my ruling. All I can say is

that I do not approve of an Ordinance just at the time when the House is about to meet.

SHRI H. M. PATEL (Dhandhuka) : In all these years this is the first time...*(Interruptions)*

MR. SPEAKER : It is not the first time.

श्री अटल बिहारी वाजपेयी : इंग्लैण्ड में पार्लियामेंट्री डिमाक्रेसी की लड़ाई ही इस बात पर हुई कि इस तरह से टेक्स नहीं लगाये जा सकते।

SHRI H. M. PATEL : This is the first time that a financial matter has been passed by an ordinance. An ordinance has been used for other purposes.

MR. SPEAKER : After all, you must have been advised by some old colleagues in the civil services. I must say that I do not approve of an Ordinance at so late a stage as 15th November. I made my observations just at the outset of this session. What else you want ?

श्री अटल बिहारी वाजपेयी : उनसे पूछिये कि 1 दिसम्बर से क्यों नहीं लगाते (व्यवधान)

MR. SPEAKER : Will the Minister say if there is any justification why this was done on the day when Parliament was meeting ?

SHRI K. R. GANESH : As the House is aware, we are really in an extraordinary emergent situation.

AN HON. MEMBER : What ?

SHRI K. R. GANESH : Every day you speak about that. On every question you speak about that. We are aware of that and I do not have to put it before you. The House is also aware that there is a tremendous financial burden of maintenance of Bangla Desh refugees.

This question was discussed with the Chief Ministers and a consensus was reached that one of the ways of meeting the tremendous burden and one of the ways of fighting the consequential problems that have arisen as a result of the huge budgetary deficit was to raise more resources...

MR. SPEAKER : I must say that we do recognise that there are very exceptional circumstances. But, I hope, you will not continue this practice in future unless there are similar exceptions.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : Whenever it is unavoidable we do it. My friends will bear with me that it was very extraordinary situation. We never had wanted to by pass Parliament nor do we intend to bypass it. We knew that we had to face you here and we are facing you... (Interruptions)...we will convince you that it was unavoidable...(Interruptions)

SHRI ATAL BIHARI VAJPAYEE : The Chief Ministers did not suggest that you should issue Ordinances.

SHRI H. M. PATEL : Sir, when the Minister says that this was unavoidable, it is really very strange. We are not disputing that there is need for more money, etc. Certainly, it may be raised. But what was the necessity for not waiting untill 15th of November ? Even on their own, they are saying that they do not expect to collect money before the 15th November. These measures could have been introduced on the 15th November. What harm would it have done ? On that argument, you might say that all legislation should be done by Ordinances.

MR. SPEAKER : On the first day, I made certain observation.

SHRI H. M. PATEL : There must be special circumstances under which an ordinance may be issued. In this case, no special circumstances have been given. They have not said anything except that they discussed it with the Chief Ministers.

Is that a special reason ? An emergency is there. We need more money undoubtedly. These measures could have been introduced on the 15th November. They have an enormous majority. They could have got the Bills passed within two days.

श्री अटल बिहारी वाजपेयी : आप को याद होगा कि पार्लियामेंट की पिछली बैठक में फाइनेंस मिनिस्टर से पूछा गया था कि क्या बंगला देश से आने वाले विस्थापितों के खर्च को ध्यान में रखकर कोई सप्लीमेंट्री बजट वह पेश करने वाले हैं। उन्होंने कहा, नहीं सप्लीमेंट्री बजट पेश नहीं करेंगे।

एक माननीय सदस्य : उस वक्त ऐसा ही विचार था।

श्री अटल बिहारी वाजपेयी : अभी सरकार 15 तारीख तक रुक सकती थी। उसके बाद मंत्री जी विधेयक लाकर 1 दिसम्बर से टेक्स लगा सकते थे, लेकिन वह तो संसद की अव-हलना करने पर तुले हुये थे। आर्डिनेंस के द्वारा टेक्स लगाना.....

अध्यक्ष महोदय : आर्डिनेंस तो पहले से ही चले आते हैं। आर्डिनेंसों के बारे में श्री मावलंकर के सामने प्राइम-मिनिस्टर ने जो जवाब दिया था वह यह कि आर्डिनेंस लाने का तो सरकार को अधिकार है, लेकिन आज यह देखने की बात है कि जब सेशन बिल्कुल नजदीक हो तब उसकी प्रोप्रायटी है या नहीं, और इसके बारे में मैं ने पहले ही कह दिया है। उन्हीं आर्डिनेन्स में से एक आर्डिनेन्स यह है और इनके बारे में मैं कोई आम्बर्वेशन करूँ तो कोई नई बात नहीं होगी।

श्री अटल बिहारी वाजपेयी : नई बात यह है कि उनके पास कोई जस्टिफिकेशन नहीं है।

अध्यक्ष महोदय : आप ने अभी बताया कि पिछले सेशन में क्या हुआ था। पिछले सेशन के बाद भी यह मामला चलता रहा और आज भी रिफ्यूजीज चले आ रहे हैं।

श्री अटल बिहारी वाजपेयी : अभी सत्तर करोड़ के टैक्स लगाये गये हैं। रिफ्यूजीज पर छः सौ करोड़ रुपया खर्च हो गया है। जरा बताइए सत्तर करोड़ से कैसे मामला हल हो जायगा ?

अध्यक्ष महोदय : इस पर किसी और वक्त डिबेट कर लें।

SHRI JYOTIRMOY BOSU : Outcome of one-man rule. This is nothing but a dictatorial rule.

MR. SPEAKER : Please don't make such observations.

SHRI JYOTIRMOY BOSU : Your ruling is being disregarded by the Government every time. What is it other than dictatorial rule ?

SHRI R. S. PANDEY (Rajnandgaon) : Last session it was said that the Government had no intention to levy any tax because the refugee influx was only 25-30 Lakhs then. But, now it has shot up to 1 crore. This is the information which I am submitting to Mr. Vajpayeeji.

SHRI K. R. GANESH : The hon. members also would realise that we are in a very emergent situation. Therefore, additional resources have got to be raised.

SHRI JYOTIRMOY BOSU : Not at all.

SHRI K. R. GANESH : Now, Sir, the only point is...

SHRI ATAL BIHARI VAJPEYEE : Not by ordinance.

SHRI K. R. GANESH : Sir, your remarks are there on the ordinance. The Government are aware of the remarks. We are not going into that.

I am trying to place before the House...(Interruptions).

अध्यक्ष महोदय : वे कहते हैं कि आपने लगा तो देने हैं, हमें बोल तो लेने दीजिए।

SHRI K. R. GANESH : In each of the levies and taxes that have been introduced, certain administrative arrangement have to be made. For instance, regarding the stamp duty and the tax on postal articles, all these require tremendous administrative preparation and that is why the date of 15th November was fixed because every day lost is a loss to the resources mobilisation that is taking place. This is all I am submitting.

There is a statutory resolution by hon. Members disapproving the ordinance which shall be considered at the consideration stage and the Government's viewpoint on this will be placed.

MR. SPEAKER : The question is :

"That leave be granted to introduce a Bill to provide for the levy of a tax on certain postal articles."

RAILWAY PASSENGER FARES BILL‡

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : Sir, I beg to move for leave to introduce a Bill to provide for the levy of a tax on railway fares.

* The following members also recorded their votes :

Ayes : Sarvashri B. K. Daschowdhury, Sheopujan Shastri and R. V. Swaminathan.

Noes : Sarvashri Birender Singh Rao, Sarjoo Pandey and C. T. Dhandapani.

† Introduced with the recommendation of the President.

‡ Published in Gazette of India Extraordinary, Part II, section 2, dated 22-11-71.

SHRI S. M. BANERJEE (Kanpur) : Sir, I am extremely sorry to oppose the Bill. The hon. Minister also comes from Kanpur, but still I oppose her Bill because she is levying taxes, on poor people. Sir, my grounds are the same. Sir, from the notices given by me, you will kindly see that I am opposing item No. 12 and this one. I am not opposed to increase of tax on air travel. I know people who can possibly go by plane can pay more. They don't bother about 5 per cent increase. But here what will happen if you charge higher rates for the third-class passengers, the second-class passengers and the sleepers? I do not mind if they tax only the air conditioned accommodation. They can pay more. There is this particular class of Government servants, getting between Rs. 200 and 300, who are entitled to First Class. They are also affected. I would only request you, Mr. Speaker to ask her to withdraw this Bill. I oppose this Bill lock, Stock and barrel. I hope there will be a chain reaction in the country because of this, which will not be in the interest of the country.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I oppose this Bill. That they have introduced such a measure shows only the bankruptcy of this Government. The Railways during the last 25 years of Congress rule has been only in doldrums. The increased fares that are charged on passengers who have very limited income are very high. They have introduced again another rise. The Government was apprehensive of the mood of the House. If they had brought it in the shape of a Bill on the 15th November, they could get it through with the vast majority that they enjoy. But they chose to take this line.

13.00 hrs.

In spite of that, they have chosen to bring it in the shape of an ordinance. 13 ordinances have been brought forward in one inter-session period. It is really a record in history. So, I would request you to turn down this Bill and not allow this Bill to go through and not allow that ordinance to be regularised through this forum. So, I oppose this Bill once again.

MR. SPEAKER : Now the hon. Minister.

श्री हुकम चन्द कछवाय (मुरेना) :
अध्यक्ष महोदय . . .

अध्यक्ष महोदय : आपने मुझे लिखकर नहीं भेजा है ।

SHRIMATI SUSHILA ROHATGI : At the very outset, I would like to clarify a few points.

The first point raised with the greatest emphasis was that the ordinance had been brought into force on the day that parliament was meeting. We quite share the concern and the anxiety of hon. Members, and I would like to tell them that Government under no circumstances would do so unless it be that it was absolutely essential or urgent. It is rather a coincidence that the dates have synchronised. The urgency can be explained by the fact that when the Chief Ministers and the Governors and the Finance Ministers met on the 12th October, it was realised...

SHRI S. M. BANERJEE : It was a meeting with Governors and no M. Ps. or representatives of the people.

SHRIMATI SUSHILA ROHATGI : I am sorry to oppose Shri S. M. Banerjee because we both happen to come from the same town and it is no pleasure either for me to oppose him. But I would only like to say that the urgency behind this has been stressed by almost all the parties irrespective of their affiliations, namely that the Bangla Desh crisis exists and resources are necessary. As regards the ordinances coming into force on the 15th November, it just happens to be so, and there is nothing political behind it. The fact is that we would be collecting it for one month more only, when throughout the year, we may be collecting nearly Rs. 70 crores; and we need quite a lot of money. Since the money is going for a good object, I do not think that this opposition, lock, stock and barrel, should have come from hon. Members.

SHRI INDRAJIT GUPTA (Alipore) :
Why should the rich men's money not be taken for this ?

Therefore, I would request hon. Members to withdraw their disapproval of this Bill.

SHRIMATI SUSHILA ROHATGI :
The second point to which I would come was the point raised by Shri Atal Bihari Vajpayee, namely : पालियामेंट की उपेक्षा की जा रही है, उसकी व्यवहलना की जा रही है ।

MR. SPEAKER : The question is :

"That leave be granted to introduce a Bill to provide for the levy of a tax on railway fares."

Let the Lobby be cleared.

The Lok Sabha divided :

I would only like to remind him that it was the very same Government which brought forward in the last session the Constitution (Twenty Fourth) Amendment Bill which had raised the prestige of the House to a much higher level and restored to Parliament the right which it possessed.

Division No. 3]

13-08 hrs.

AYES

SHRI JYOTIRMOY BOSU : After giving Rs. 20 lakhs as compensation every month for nationalisation of general insurance.

SHRIMATI SUSHILA ROHATGI :
So, how could the same Government be now expected to erode and erode the powers of Parliament ? I do not think, therefore, that he really meant it when he said that. There is no question of treating the House contemptuously whatsoever. It is just a coincidence that 15th happened to be the date on which the ordinance come into force and 15th happened to be the date on which Parliament was also meeting.

Especially when we are dealing with railway passenger fares Bill, hon. Members know that advance reservation can be done 20 days earlier. If people had started their journey by that time and made reservations, then it might have been rather delicate and difficult to realise money at that stage.

So, while Government share the concern on hon. Members that taxation normally should not be resorted to by ordinance, I would like to say that there have been a number of ordinances, issued earlier, but we would not like to repeat that history. It was only because of the extreme urgency of the case that we had to issue the ordinance.

**STATEMENT *Re.* RAILWAY PAS-
SENGER FARES ORDINANCE**

THE DEPUTY MINISTER IN THE
 MINISTRY OF FINANCE (SHRIMATI
 SUSHILA ROHATGI) : On behalf of Shri
 Y. B. Chavan, I beg to lay on the table...

SHRI ATAL BIHARI VAJPAYEE
 (Gwalior) : This is not proper. The hon.
 Minister Shri Yeshwantrao Chavan is
 himself present here. So, he should lay it
 on the Table.

MR. SPEAKER : What has happend is
 that I have already received intimation
 that the Deputy Minister would be laying
 it on the Table of the House

THE MINISTER OF FINANCE
 (SHRI YESHWANTRAO CHAVAN) :
 It is just because of the division that I
 happen to be here.

श्री अटल बिहारी वाजपेयी : अध्यक्ष
 महोदय, हम डिप्टी मिनिस्टर को श्री चव्हाण
 की उपेक्षा नहीं करने देंगे। वह इस सदन में
 सशरीर मौजूद हैं।

MR. SPEAKER : The result* of the
 division is :

Ayes : 105

Noes : 28

The Motion was adopted.

SHRIMATI SUSHILA ROHATGI :
 I introduce† the Bill.

SHRI YESHWANTRAO CHAVAN :
 I beg to lay on the Table a copy of the
 explanatory statement (Hindi and English
 versions) giving reasons for immediate
 legislation by the Railway Passenger Fares
 Ordinance, 1971, as required under rule
 71 (1) of the Rules of Procedure and
 Conduct of Business in Lok Sabha.

* The following members also recorded their votes.

Ayes : Sarvashri Y. S. Mahajan, T. Sohan Lal and M. Bheeshmadev.

Noes : Sarvashri Lambodar Baliyar, M. S. Purty and M. S. Sivasamy.

† Introduced with the recommendation of the President.

MOTION RE : REPORT OF UNIVERSITY GRANTS COMMISSION 1969-70—(Contd.)

SHRIMATI M. GODFREY (Nominated Anglo-Indians) : As I said on Friday, there is a disease eating in to our educational system, and this disease should be rooted out. It should be possible to find out where the roots of this disease lie. I am sure that if the bigger people put their heads together, they will be able to find it out exactly.

It is impossible to build a beautiful or strong structure on a weak foundation. Although we are discussing the University Grants Commission's Report, we should begin from the very beginning, and the rest will follow smoothly. We should first give sound primary education to our younger children, and for this we need experienced teachers who will really impress the children. Many think that primary education can be given by any one. This is absolutely wrong. It is at this stage that the child imbibes a love for learning or dislike for studies and grows up with that feeling. It is important, therefore, that we inculcate in the child a desire for learning. Once that is done, the child will want to go forward without any pressure and will go through the college stage of study with great ease.

We are proud that our country has a high percentage of literates and our standard of education is high when compared to other countries. But we find that in the last few years, the standards have been deteriorating. I cannot blame the youth for this fall in standards. The fault definitely lies with the teachers.

* Published in Gazette of India extraordinary, Part II, Section 2, dated 22-11-71

† Introduced with the recommendation of the President.

[Shrimati M. Godfrey] :

Government is responsible for prescribing the book etc., and the teachers are responsible for teaching the children. It is either that the matter taught is not quite interesting or the way it is presented is not testeful, which is resulting in student indiscipline, which is so often the order or disorder of the day. I quite agree with the Government in restricting admission in the technical colleges, because after spending large sum of money and a good number of years, the technically qualified person cannot find a suitable job, with the result he is forced to take any job, which does not answer to his qualification; and, he is therefore generally a misfit. But according to our Constitution, we cannot refuse anyone the right to education. We are proud that India has the third largest number of college-going students in the world, the other two being USA and USSR. I suggest that more technical colleges should be opened in all parts of the country and I request the Government allot more funds for this education. Technically qualified hands like engineers, doctors of medicine, etc. should be provided with good jobs. In case this cannot be done, as we know the stagnation in these technically qualified personnel, they should be given loans, so that they may at least start their own business, which will also give employment to others.

I would like to say a few words on the participation of students in the affairs of universities and college. I do agree that students' participation should be there in the governance of colleges and universities and serious minded children should be given a chance to have a say in the governance of their colleges. This would also help the functioning of the faculties and it would be more meaningful, fruitful and significant if the students themselves are allowed to take part in the governance of their own colleges. If this is to be performed successfully, a leadership course should be conducted in colleges and universities from time to time, so that the talented students may be given a chance to develop and enrich their personality and help other students by bringing to focus all their grievances. We

have seen that of late there is so much of unrest in universities and colleges. I do not know whether it is that they all want to follow a new mode of education. I suppose the students are tired with their outmoded books or the presentation of the subject-matter.

I would request that this should be looked into very carefully to find out whether we could answer the needs of the new generation by prescribing perhaps some new methods of teaching them or by finding some ways by which we could make them more interested in their college books.

I think I could conclude on this note of what Shri Jawaharlal Nehru said while he was addressing the graduates of the Allahabad University :

"Universities stand for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards even higher objectives. If the Universities discharge their duties adequately, then it is well for the nation and the people."

So, with these words I conclude : if we all could take in the deep meaning of the words uttered by our great leader, I am sure our universities will prove to be what they have been made to be for the country and in the very near future we will be very near to our desired end.

SHRI Y. S. MAHAJAN (Buldana) :
Sir, the report of the University Grants Commission for the year 1969-70 makes one feel hopeful about the future of university education in the country. Ever since its establishment by statute in 1956 it has endeavoured with considerable success to achieve its two objectives, namely, promotion and coordination of higher education in India and, secondly, the determination and maintenance of standard in teaching, examination and research. During the last 13 or 14 years the UGC has tried to do things in two ways; firstly, by improving the material conditions of the universities and colleges

by giving grants for developing science departments, laboratories and libraries and, secondly, by trying to raise the standards of teaching and research by methods such as establishing centres of advanced research and by arranging seminars, particularly summer institutes, in which training or guidance is given to the science teachers in the basic sciences. In this way, a good deal of work has been done which is useful and which has promoted or tended to promote the standards of teaching and examinations in the universities and colleges.

But there are certain things on which emphasis is necessary. First of all, take the correspondence courses. From the report it is clear that only four or five universities have started these courses whereas there are millions of young men and women in this country who cannot afford to go to the colleges and universities and who are desirous to acquire knowledge. If the correspondence course could be adopted by other universities we could cater to the needs of millions of young men and women. I think the UGC should push through this with greater vigour than before.

At present summer institutes are arranged only in basic sciences. I think it is necessary to arrange them in social sciences also. I can say that as a result of the summer institutes the standards at the M. Sc. level have increased. But there is no emphasis on social sciences and no such institute has so far been held.

Then, take the case of examinations. There is usually unanimity on this subject but still as a result of the recommendations of the UGC only a few universities have adopted the semester system and methods of evaluating the student's work for the entire period.

The report says that a number of universities have accepted these proposals but I find that there are a large number of old universities which have not accepted these new methods of assessing the students work. Unless we give up this system of one

examination at the end of the year on which the future of the student's, depend it will not be possible to make any progress in raising standards in our universities. If we accept the method of evaluating the student's work throughout the term, it will make him study better than before.

Taking the question of affiliated colleges, we find that 88 per cent of the students taking higher education are in affiliated colleges and 83 per cent of the teachers in the higher educational field are from the affiliated colleges. The report, I think, errs on the side of understatement when it says that the colleges represent an important part of higher education. I should say, the colleges represent the major part of higher education in our country. If we want to raise standard in higher education, we must see that there is improvement in this particular field. But so far as the affiliated colleges are concerned, I must say, the University Grants Commission has not been able to do much. Out of Rs. 24 crores or Rs. 25 crores spent during the year under review, only Rs. 3.6 crores has been spent on giving grants to the 3,300 colleges

The report is also deficient in that it does not mention how many colleges have been benefited by these grants. Out of 3,300 colleges, I believe, quite a large proportion is not eligible for grants from the University Grants Commission. Therefore, unless we change the policy of the University Grants Commission radically, it will not be possible to raise standards in the thousands of colleges spread over the length and breadth of the country. I think, it is there that the standard of university education must be raised.

I must admit that they have a number of schemes for improving standards in the colleges, both materially and academically. Though the University Grants Commission has done much within the resources at its disposal, there is one thing which requires our attention, namely, student indiscipline. The result of indiscipline in the campuses is that standards are going down precipitously. Even at the time of examinations we find that people copy and the

[Shri Y. S. Mahajan]

supervisors can not interfere with them. At one place it so happened that the superintendent was very resolute and determined. When he found that the boys had written answers in their pockets, he ordered that they should take off their coats and write with their underwear on. The correspondent of the paper also reported this and added that it was not known whether there were any lady students at that time.

Indiscipline is so rampant that it is difficult to raise standards in the *mofussil* areas. Of course, there are many reasons for indiscipline. We cannot blame the Government or the authorities of the colleges and universities alone; the blame attaches to the parents and students also. The University Grants Commission has tried to improve the welfare conditions of students by providing funds for centres for non-resident students, for playgrounds and for buying books for libraries. In this way a number of schemes have been elaborated and funds provided to colleges for improving their conditions and for reducing their material deficiencies and encouraging students to study more and maintain higher standards.

Finally, throughout the report we find that the University Grants Commission has been hampered by lack of resources. An hon. Member said that the University Grants Commission has emphasized that point too much. But I do not see how the University Grants Commission can do anything in the absence of funds. Considering the number of colleges and universities the University Grants Commission has to support or help, the resources at its disposal are very small. Rs. 26 crores for promoting higher education in the whole of India is a very small amount. As the report itself has pointed out, the expenditure per student in our country is not even one hundredth of that in America. We cannot hope to raise expenditure to that level, but I do think that we can afford to spend a larger proportion on education.

I believe, we do not spend more than 2 per cent of our G. N. P. on education, primary, secondary and higher. I think, if we spend more, that is, invest more in

human resources, it will make for a higher standard of achievement in our country. We have to raise standards to such a level that our graduate will be comparable to a graduate of western countries. I hope, the Commission will get a large allocation and will as a result function more adequately than before.

PROF. MADHU DANDAVATE (Rajapur) : Mr. Deputy-Speaker, Sir, after carefully going through the University Grants Commission Report for 1969-70, I have come to the conclusion that in many aspects the entire Report has been touched in vague generalisations and high platitudes.

I am reminded of a foreigner who in order to locate the geographical position of Delhi enquired as to what is the latitude and longitude of Delhi, and humorously came to the answer, 'Delhi is not concerned with latitude and longitude, Delhi is merely concerned with high platitudes.' The remark was humorous. But, I think, there was an element of seriousness in that remark. The general attitude of Delhi seems to be that let there be high platitudes in various Reports of the Commissions and let there be as wide a gulf between precept and practice as possible.

For instance, I may briefly refer to the Chapter in this Report regarding Reforms in Examination System. Whatever be the inference of this Report, the fact of the matter is that many universities and many constituent colleges conduct examinations which are just memory-tests and nothing more than that. No doubt, there is a reference in the Report that semester and trimester systems have been operating in a number of universities. But again, we find, a lacuna in the list of these universities and all the details have not been mentioned. As a teacher of long standing, it has been my experience that in a number of universities, even today the examination system continues to be based merely on memorisation tests. I think, this system has to be changed.

In this connection, I may make a specific reference to one thing and the hon. minister may take note of that. He might remember that as early as in

April, 1969, a Vice-Chancellors Conference was held and some of the recommendations of that Conference are mentioned in the Report. Some of the important recommendations that were made are :—

- (1) Introduction of sessional work and internal assessment in the evaluation and grading of student performance.
- (2) Introduction of problem-oriented questions in place of information and memory-oriented questions.
- (3) Holding of the examination in part and spacing them conveniently.
- (4) Semester system should not imply the fragmentation of courses but it should necessarily involve restructuring of courses so that the system provides opportunity for reviewing and modernising syllabi.

Again, a Conference of Student's representatives was held in 1969. By and large, the same recommendations were accepted even by the Conference of Student's Representatives. It appears to be something strange that what the Vice-Chancellors had to say concurred with what the student's representatives had to say. That fortunately happened in this case. But after these recommendations—and these were not new recommendations—all of us who have been in the education field for a long time have always felt that the performance of the students in the course of the year has to be given more weightage. All that the report says is that the Commission, by and large accept these recommendations and they have been sent to the universities for their necessary action. No concrete steps have been taken. I feel, unless these steps are taken, the reform of examination system cannot take place.

Then, there is a reference to post-graduate teaching. Here, again, I as one

who has been associated with post-graduate teaching for a considerable part of my university life can say that an urgent need is more financial assistance to universities in order to ensure academic excellence at the post graduate level. Today, our experience is that although the scheme of post-graduate teaching is over hauled and made more elaborate, no financial assistance is coming forward.

Sir, permit me to narrate only a personal experience of mine. In the Bombay University, a few of us who belonged to the physics faculty, in cooperation with some of the professors of the Tata Institute of Fundamental Research, prepared a scheme of post-graduate teaching. We wanted to see that the equipment of students who go for training to foreign countries is improved. We wanted to see that their knowledge and equipment is complete and upto-date.

Therefore, we wanted to give more vigorous training to our students. We prepared an elaborate scheme, subjectwise. It was sent to the authorities of the Bombay University and the Vice-Chancellor said that the scheme is wonderful, 'but we have no financial resources' and the net result was that the scheme could not be implemented. Therefore, more financial assistance coming forward from the University Grants Commission, probably, will be able to make the Universities implement all these schemes.

I would say a word about inspection of various colleges. I am deliberately avoiding all those arguments which I made during the discussion on the Education Ministry's Demands. Now, eliminating all those, I am trying to put forward new arguments. As far as inspection of colleges is concerned—I do not want to name those institutions—I wish to state very clearly and explicitly that when some Commissions go to visit the new colleges to see whether their laboratories are well equipped, at a number of *mofustil* places we always find that there are no proper electrical instruments and there is no spectroscopic equipment. When the Inspection committee comes to inspect, then all the equipment

[Prof. Madhu Dandavate]

from the neighbouring colleges is brought there. Those who come for inspection are very much satisfied. They probably say, 'we have never seen such modern equipment, and when they go back, there is also the mobility of the equipment and it is transferred to the college from which it had come and on the basis of such inspections, recognitions are given to some institutions. If all this is to be changed, with a full sense of responsibility as a teacher, I would say that the scheme of surprise inspections should be introduced so that the colleges do not lack in equipment and the students are not made to suffer because of inadequate resources.

A word about the admissions, especially to the Medical Colleges and a number of vocational institutions. We always talk of socialism in terms of 'preferential opportunities to weaker sections.' But in some Medical Colleges, we always find preferential opportunities for the richer sections. If a student is prepared to pay Rs 5000 or Rs. 10,000 as donation, there are some medical colleges where admissions are available not by merit but on the basis of the capacity of the student and his guardian to pay the donations...*(Interruptions)* This is, what I call, preferential opportunity, not for the weaker sections, but for the richer sections. I think that has to be completely stopped and the University Grants Commission will have to stop this.

I would like to say something briefly on the medium of instruction at the University level. This problem has been occupying the minds of the University authorities and also the members of the University Grants Commission. I personally feel that the problem of medium of instruction at the University level has to be tackled on the basis of concrete criteria and to me the criteria would be (1) the need to maintain access to modern—knowledge, (2) desirability to maintain inter-university communication and mobility and (3) the legitimate desire on the part of a free nation like India to give an increasing place to the Indian languages in the University and last, but not the least, the realisation on our part that the

unqualified *status quo* cannot continue as far as the medium of instruction is concerned. If all these criteria are taken together, then the only inference would be that if you want to have a switch-over from the present English medium, the switch-over can only be from English medium to some all Indian language like Hindustani or Hindi, by whatever name you may call it. If to some South Indian Universities Hindi is not acceptable, we may permit them to continue English as the medium of instruction, but, at other places, it is very dangerous to introduce regional languages as the medium of instruction because thereby the intercommunication between various Universities will be lost. Here we always ask, 'How many students are there who go from one University to another? But in the academic field it is not only the number that is important. It is also the quality that is important and if you are interested in maintaining this inter-University communication, in the place of English we must have Hindustani or Hindi and only in marginal cases English may be permitted. I think that will have to be the attitude. On this point, I will cite one interesting example and the minister should take note of that. There is a college in Bombay, the Siddhartha College, with which I was connected for 25 years. Last year we circulated a questionnaire among the students and gave them the options whether they want English, Marathi, or Gujarati medium or the simultaneous existence of all the media? And you will be surprised to know that though majority of the students were Marathi-speaking students 95% of them said, 'we would like the continuance of English as the medium of instruction'. To understand a cross-section of opinion, I contacted a few of them and asked them as to why they gave the reply to the question that way. They said, 'we consulted our guardians and our guardians told us that so long as in All India Services and in job opportunities, there is a premium placed on English language as an All India language, it is not worthwhile going in for regional language at all.' The guardians felt, in principle it is sound to have regional language but if my son happens to be a student who is educated with the medium of instruction which is Marathi or

Gujrati or Kannada Or Telugu, he would suffer in the All India services and therefore regional language is not acceptable. If a medium is to be selected, we must have an integrated outlook. The Government agencies, local agencies, private entrepreneurs, everyone must make up his mind that undue weightage is not to be given to one particular language so that other languages may suffer.

Having said this, there is another important point to which I would like to make a reference before I conclude my speech. There is a deliberate flouting of the authority of the University Grants Commission by a number of institutions. This is done in a clandestine manner. The UGC has come forward with a number of recommendations: they have prescribed certain scales for lecturers, tutors and for demonstrators in laboratories. Our experience in a number of colleges is this. They prescribe certain scale for demonstrators. We find that the management of various institutions are just flouting those recommendations. What they do is this. Before the completion of the probationary period, the services of these demonstrators are terminated, so that they are not eligible to be brought on to the new scale. This type of flouting of the authority of the UGC is going on by the back door.

I would conclude by saying that the University Grants Commission authorities must take a very stern view and they must take adequate steps to see that the flouting of the authority of the recommendation made by them does not take place under any circumstances, so that whatever they have recommended is adopted in the interest of the students and teachers. Certain running grades have been demanded by the University teachers but they could not be made available because of the paucity of resources and if these aspects are looked into, I hope the University Grants Commission will be able to see that whatever may be their intentions noticed in the form of various recommendations the results are achieved in practice. Thank you.

PROF. NARAIN CHAND PARASHAR
(Hamirpur): The report of the UGC

for the year 1969-70 reveals a few of the important aspects of the educational scene. We should make a note of the staggering expansion that has taken place in the field of education. About a decade back, in 1961, we had 46 universities in this country in the year 1969, which is the year of this Report,—the number has gone up to 79 and at the moment this number is 83. So, this number has doubled in a decade. The number of colleges has gone up from 1683 to 3297... that is almost doubled. Similar expansion has taken place in the population of teachers and students also. But a similar betterment has not taken place with regard to the equally important aspect of the improvement in quality. The UGC has been primarily concerned with what it calls, excellence or quality. And, in one of the quotations it brings out from the Education Commission Report (1964-66), this point is brought out. That report mentions that the greatest need is the need for qualitative improvement and therefore there should be a selective approach.

There are certain fields for excellence in the study and programme for higher education and in the University of Delhi, to which I belong, there is a special department for the study of Chinese and Japanese. With regard to African studies and Pakistani studies, these are also special fields which are selected by Delhi University and the field of Soviet studies is selected by Bombay University. But do we fulfil the popular aspirations of higher education?

Now, the problem before us is not that we should have certain peak of excellence. Like climbers of Mount Everest or certain special areas where only the high-ups can go, we only seem to cater to this elite. The problem at the moment to my mind, is conditioned by the new situation that has arisen in independent India and in most other developing countries the same situation has arisen. There is a keen desire to have education. This education is not sought for its own sake as was the case in the days of the hoary past. This education has become the prestige symbol and because of this prestige symbol a pattern has been set for some

[Prof. Narain Chand Parashar]

sort of search. Therefore, the students want to join and avail themselves of the opportunity for higher education, but at the moment of getting this higher education and after that, they are conditioned by the old prestige patterns of job and employment. This is what a leading authority on education has said in a very interesting book *The World Education Crisis*. This applies to almost any developing country, the more so to India. This is what he says :

"When a society decides—as many have lately done—to transform its 'elitist' educational system into one that will serve the mass of people, and when it further decides to use that system as an instrument for national development, it is beset by many novel problems. One is that while many more people want more education, they do not necessarily want the *kind* of education that under new circumstances is most likely to serve their own future best interests and the best interests of national development."

So this is the problem ; the interest of the national development, the interest of the student community, do not become coterminous. As a result, there is a crisis where there is some kind of maladjustment. This is because :

"Most students naturally hope that education will help them get a good job in their developing society, but their job preference are often dictated by a prestige-carrying hierarchy of jobs, set in the past."

This prestige carrying hierarchy of jobs is at the moment the root cause of so many problems. Most of our students find that there are opportunities for industrial development in the country, for agricultural work, for manual labour, but they are unable to tune themselves to these new tasks. The jobs they are hankering

after are the prestige-carrying jobs, those symbols of higher services, these symbols of executive management in the industrial field. They should be available to them, and when they are balked of it, the result is that the whole purpose is defeated.

The other side is the darker side of the problem. When the month of university admission starts, there is a gradual demand by the university authorities all over the country that the students should be selected only on merit basis and that for higher education a certain percentage of marks should be fixed, 45 per cent for M. A. and so on. There is a good deal of pressure from the general population, from the large number of leaders of this party or that for bringing down the percentage requirement to the barest possible and there are demands that everybody who has passed the matriculation examination or the higher secondary examination should be admitted into a college.

Now the question is, what is to be the solution, if everybody is to be admitted into college, if everybody is to be given a seat in college. Naturally, the hunger for education would increase, tenfold, hundredfold. When at the end of the course, they pass out and find themselves helpless in getting jobs which they had hoped to get at the time they sought admission, there is frustration and then a desire for revolution comes up. We find there are slogans of revolution written on the walls of the university, whether, it be Delhi, Punjab or any other university.

And what happens ? These students who have passed out and are without jobs join hands and clamour for some sort of revolution in the country. Now they are not sure as to what they want. When they sought admission and got admission, they were not sure as to what is to be their goal. So no amount of reform in the education system is going to do anything and the UGC will certainly fail in its purpose in this field unless the basic problem is solved, of how to link higher education with our national development. If we are able to have a clearcut idea of this, how to utilise this mass of educated youth in

national development, if we are able to find a solution to this, I think most of our problems will be solved. We have failed so far because we have not been able to tackle this problem; a solution to this is still eluding our grasp.

15-00 hrs.

The UGC thinks of resources. It envisages peaks of excellence, it thinks of higher education, media and so on. But what is to be the aim if those young men who have attended colleges and are frustrated at the end of their course? The number of colleges may be doubled.

What are we to do? Therefore, we have to find out and arrange for diversification of course at the level of matriculation or higher secondary. If we are not able to provide these students some opening into the future for setting themselves up as useful members of society, all our educational effort will fail of its purpose. It does not matter whether the students pass out of M. A. examination, whether they got first class in literature and so on, if after that they are unable to get jobs. The problem of the unemployment of the educated, the graduates and post-graduates is at the moment more dangerous than that of the uneducated youth who are unemployed illiterates. There is no difference between the two in human material, but the uneducated man will take to manual labour, he will work on the road, join a factory or do jobs like that. But the graduate who had taken his degree with certain hope for the future will not like to do that.

So I come back to the UGC Report. I think there is no provision for some kind of uniformity for the whole country. When we were debating the Grants for the Ministry of Education earlier this year in this House, I pointed out a certain anomaly that existed in the Punjab. Two or three universities were quarrelling among themselves on the question of jurisdiction which was not easily solved. They had to go to the High Court. Certain students had to approach the High Court Judges for getting a decision in their favour.

Now, unless we are able to solve this problem at this level, at the co-ordinating level, at the UGC level, nobody else will do that. The States will not do that, because one State Himachal, another Punjab, another Haryana and a fourth Tamil Nadu, they will all quarrel among themselves on the question of medium of instruction and so on.

I do not totally subscribe to what Prof. Madhu Dandavate said regarding the medium of instruction. He says the medium of higher education should only be English or Hindi, and that English should be allowed in marginal cases. On the other, I think our regional languages should be encouraged and developed. It is true that it would mean a very great setback for students if they are allowed only...Hindi or English as the medium of instruction. For that I propose that the UGC should ensure that each and every university of the country should have facilities for three types of media. Let the students opt for whatever medium they would like to have. If some of them want Hindi; let them have it. If some of them want to specialise in regional languages or wish to pass out through the medium of a regional language, let them have the option to do so. There should be no bar on this. If we declare a ban on any regional language becoming the medium of instruction at the university level all creative work in the field of literature, science and technology will be stunted and any critical appreciation of our literature would be useless. Our university centres will become places where the capacity and creative faculty of our boys and girls will be dwarfed and they will not be able to grow. We should provide for the proper development of our regional languages and cultures. For this, we should see that there is no bar on the students opting for any of these media of education. Let the students have their choice. If the majority feel like having Hindi or English, let no restriction be put in their way. If they want some kind of specialisation in a regional language, let them have the facilities for it. This will ensure that side by side in each university students have their freedom of choice in this respect.

[Prof. Narain Chand Parashar]

Now I have to refer to a few of the problems be setting the world of education. First, student indiscipline. It has been said that students defy authority. But while students defy authority, the greatest tragedy of our educational system today is that we of the older generation look at the problem of education from the point of view of the elders. If we are able to grasp the educational scene today from the angle of the students and if we have a fresh look at that, we are able to get a picture of what the students are clamouring for. No student wants to break or destroy a window; students do not want to *Gherao* their Vice-Chancellor for its own sake. The students want to be heard. Unless those who are responsible for the system of education in the country give a hearing to the students, who have grown in a new set-up after independence, no educational reforms can mould the students' approach in the way desired. Student agitation is a world-wide phenomenon. It started in France, caught on in Germany and erupted in England and many other countries. But the correct approach to tackle this problem is to see that the student is heard. Just as we have provision for representation for each and every section of society in Parliament and the State legislatures, so too the students must be given some representation in the Senates of Universities.

I am happy to say that a few days back, I read in the newspapers that the Rajasthan University has decided that students will be represented in the senate of that University, and that their viewpoints would be heard. This would be going a long way in meeting one of their grievances. Today, the Karamchari Union, the Sweepers' union, the clerks' union, the non-teaching staff unions, want representation in the universities. What crime has the student done that he should not be given the right of representation on the university bodies? So, I think if we want to fashion our educational system according to the new and modern lines, we must give representation to the students.

Then, we must have to care about teachers. Teachers are often praised;

sometimes national awards are given to them. Only yesterday, some awards were given. But this is some kind of ritual that is soon forgotten. What happens is that the teacher gets a national award and one forgets about him.

He becomes a useless, discarded member of society. For that, we must see that the society comes up and gives him some respect which he deserves. Similarly, he must be enabled to have a good say. There are some universities in the country which, I am ashamed to say, do not wish to give representation to the elected representatives of the teachers on their university bodies. What more can we demand? What more can we give if we are not able to recognise a teacher as a representative on the senate of the university which he serves for 25 years? If we do it, we are only doing the least possible for him to give him respect.

MR DEPUTY-SPEAKER : The hon. Member's time is up.

PROF. NARAIN CHAND PARASHAR : One minute, Sir. Lastly, since the University Grants Commission deals with higher education and secondary and primary education are out of its purview, I would suggest that so long as we are unable to place higher education on the concurrent list, we are unable to do anything because the University Grants Commission deals only with higher education. When I was talking to the Minister of Education, Shri Siddhartha Shankar Ray, about the crisis of the universities in Punjab, he told me that since education was a State subject, we were not expected to intervene, so that, in the consequence, the State Government does not want to intervene; the Central Government cannot intervene. Who will intervene? Unless we are to have to the whole country as one country, unless we are able to give to the whole country one uniform system of education, it becomes difficult. We are not able to do anything. For that matter, we must see that when the top goes the bottom will always be with the States. Primary education cannot be managed by

the centre, and so the higher secondary education also. We must make university education, college education a concurrent subject so that we are able to set right the fault wherever it lies, and we are able to give the country a bright view of the system of education as a whole.

SHRI C. K. CHANDRAPPAN (Telli-cherry): When we are discussing the report of the University Grants Commission for 1969-70 and the Gajendragadkar Commission report on the governance of universities, I find that various interesting points were raised by various hon. Members.

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : May I just clarify one point? We are only discussing the annual report of the University Grants Commission and not the report of the Gajendragadkar Commission.

SHRI C. K. CHANDRAPPAN : The Minister need not be afraid.... (*Interruptions*). He can rest assured that we are discussing only the report of the University Grants Commission.

When I look at that side, I find that the Ministers, the Government, are sitting on a volcano which is about to erupt and that there is indecision and reluctance to take a bold decision regarding many aspects of education. That is what was happening in our country in the field of education in the past, and that is so much revealed again in this report also.

For example, this report deals with the problem of examination reform. May I draw the attention of the hon. Minister to the Radhakrishnan Commission report which is one of the oldest reports. Hon. Members have a faint memory of it because it is too decades old. In that report, he had said that the prime concern of that Commission was to get implemented some sort of reform in the field

of examination. I can quote from that report. But what happened all these years?

I have gone through the report. There were various committees and conferences and seminars; yet no final decision has been taken.

What is happening today? In the universities you find the examiners are being stabbed by the students. Copying is very rampant in the examination halls today. You find it easy to blame the student. It is not at all fair to do so because there is this failure of the Government to implement the recommendations of their own commissions regarding examination reform. That is the reason for this. I am not pleading for any student who is going to his classroom with a dagger in his hand or who sends a proxy to write the examination on his behalf.

But I ask : Why do you not implement those methods which can bring about real and meaningful result? You are trying to test his memory. You are always trying to crucify him by failures. It is not necessary. Various commissions have recommended various systems : internal assessment system, semester system, etc. The report says that various universities are trying to implement them, even after two decades of Independence and two decades after the first recommendation on examination reform was made by the Radhakrishnan Commission.

You need not blame the students for the indiscipline; you have to blame yourself. Can you say the whole question of indiscipline is totally unrelated to the life and reality in the country? The Kothari commission says that the system of our education is so unrelated to life and realities in our country and it is totally insufficient to meet the needs of our country today. What is the objective of our education today? All the reports are unanimous that the 18th and 19th century concept of bringing in a new citizen having a sense of discipline is no more considered the primary purpose of education today. Today our education should be linked up

[Shri C. K. Chandrappan]

with industry and agriculture. A student who comes out of the university should be able to serve society in a meaningful manner, in a fruitful manner.

When you come to the question of educated unemployment, what is the reality? You say the students of Bengal are totally indisciplined. It should be so; otherwise I will be surprised. Why? Because 45 per cent of the educated people of West Bengal are unemployed. If you cannot find a solution to the problem of educated unemployment, you will not be able to run the universities in a peaceful atmosphere congenial to academic discourses and intellectual exercises. You want to evade this question by appointing committees after committees, commissions after commissions.

Just now I heard another interesting argument about the medium of instruction in the universities. When we wanted linguistic States, our national movement stood committed to this country and its younger generation that the medium of instruction in the highest stages of university education will be the regional language, the mother tongue.

Today, do you want to have it reconsidered? I do not hold that view. It may be difficult because you failed during the last 20 years to bring modern knowledge into the regional languages by bringing out modern text books for university education. So, today you find it rather inconvenient and you again refer the matter to various commissions and committees.

What is happening in the Central Universities which are directly under your control, run by the Central Government as their own responsibility? You know that last year the vice-Chancellor of the Delhi University resigned. And in the Banaras Hindu University what is happening today is a shameful chapter in the history of our education. You should understand that this ancient seat of education was not built for the purpose of the RSS

training its Shakas inside the university campus. Dr. K. L. Shrimali, who once upon a time was the Education Minister have tried a do away with that building of the RSS, which is a den from where all the goondalism...

श्री हेमन्त सिंह बनेरा (भीलवाड़ा) : उपाध्यक्ष महोदय, मेरा प्वाइन्ट ऑफ ऑर्डर है। वहाँ पर प्रार० एस० एल० की बिल्डिंग का जो मामला है, वह ग्यावालब के विचाराधीन है, इसलिए संजुडिस है और उस पर वहाँ चर्चा नहीं हो सकती।

SHRI C. K. CHANDRAPPAN : I do not want to bring in any *Sub Judice* matter here, but I have to state a fact, and the fact is this, that in an editorial in the *Times of India* it was said that the vice-Chancellor, Dr. Shrimali, wanted the RSS to vacate that buildings. The demolition of the building was recommended by the Gajendragadkar Commission, as, from the point of view of aesthetics. It gives a bad appearance to the university, and from that building all the anti-social activities were conducted. When Dr. Shrimali wanted it to be demolished, the Central Government could not help him, the State Government could not help him. This is not *Sub judice*, the RSS are conducting their regular training in the University campus in the name of a cultural organisation. I do not know whether that is the only cultural organisation in the country, and they are training their volunteers. These Volunteers remind us of the S. S. troops of Hitler. When Dr. Shrimali wanted the demolition of the building, 1,600 of these people surrounded the building and then where did your law and order go? The police of the U. P. Government, the PAC which is notorious for murdering students, were sent to the University campus to protect the RSS building. It is not a shame on you, I would like to ask you, when you speak of secularism.

The hon. Members from the minority community should not flare up when I mention certain facts about Kerala. Two months back higher education in Kerala

State was held to ransom because of a strike of the University teachers which is well known to the Education Minister. The State Government came out saying that they were ready to concede the demands of the teachers. What were their demands? The demands were that payment should be made direct to the teachers and appointments should be made through the proper channel. You should know that 80 or even 90% of the Colleges in Kerala are run by private management which claims to belong to the minority community.

If I understand it correctly, when article 30 was introduced to protect the interests of minorities, it never visualised this possibility that in the name of minorities, the higher education of a State will be held to ransom by a group of managers, belonging to the Christian community and other communities. I am not attacking these communities. I agree their legitimate interests should be protected. Article 30 was introduced to prevent their legitimate interests from being crushed. But today a shield has turned into a sword in Kerala. Although that State Government is headed by Mr. Achutha Menon of the C. P. I., it is a coalition ministry in which the Congress also is a partner. They have jointly declared that article 30 should be amended if necessary. Otherwise, education in Kerala will have a very bad future. In the name of minorities, a group of people are conducting education as a business with lucrative profits. This should not be allowed. I hope Government will clearly say what they propose to do about it.

I do not know where the Government stands in regard to university unions and students' democratic rights. Various commissions from the Radhakrishnan Commission to Kothari Commission have recommended that democratic rights of students should be protected and there should be statutory provision for that. We are talking so much about students' participation in university affairs. It is interesting to note that through the U. G. C. they are circulating it to the universities to know their opinion. Why don't they take the concrete instance? In Kerala, the students have been given representation in the

Senate and it has proved to be useful and successful. It has been welcomed by all the parties. It was found that on many issues, students' views could be ascertained if their representatives are included. But on this matter the Government is still undecided.

While replying to a Congress (O) member during the discussion on the Twenty-fourth Constitution Amendment Bill, our Cabinet Minister in charge of Education said :

"She did not say 'yes' ;
 she did not say 'no' ;
She did not say 'stay' ;
 she did not say 'go' ;
She did not climb for fear
 she would fall ;
She bided her time and kept
 on clinging to the wall."

This would fit on his head in relation to the policy on education. He is biding time by clinging to the wall. There is indecision and uncertainty about everything. This will lead to miserable exploitation in the field of education. When students legitimately demand for a change, and even when that change is reasonable, in most cases it is viewed as a law and order problem, as an 18th century concept.

MR. DEPUTY-SPEAKER : If he had stopped with the question it would have been more effective.

SHRI C. K. CHANDRAPPA : I would conclude by saying that there should be an entire change in the whole attitude towards education.

श्री राजाराम शास्त्री (वाराणसी): उपाध्यक्ष महोदय, यूनिवर्सिटी ग्राण्ट्स कमिशन की रिपोर्ट एक मौका देती है कि ग्राज शिक्षा के क्षेत्र में जो काम हो रहे हैं और जो परेशानियाँ पैदा हुई हैं उनके बारे में हम कुछ विचार कर सकें। जहाँ तक रिपोर्ट का तात्लुक है, रिपोर्ट बहुत अच्छी है। जो काम लिए जा रहे हैं बहुत अच्छे लिए जा रहे हैं और जो समस्याएँ हैं उनका भी उल्लेख उसमें हुआ है। मैं इस रिपोर्ट के लिए यूनिवर्सिटी ग्राण्ट्स कमिशन को धन्यवाद देता हूँ।

[श्री राजाराम शास्त्री]

जो सवाल आज हमारे सामने बहुत जोरों से पैदा हुए हैं जैसे विद्यार्थियों की परेशानियाँ, विद्यार्थियों के उपद्रव—ये सब सवाल बहुत दिनों से हमारे देश के सामने हैं। जो कोठारी कमीशन बैठा था उसने भी तब इस सवाल पर गौर किया था और वह भी इसी नतीजे पर पहुँचा था कि इन परेशानियों का एक बहुत बड़ा कारण रोजगार की कमी है। उसने यहां तक सुझाव दिया था कि जहाँ तक रोजगार का ताल्लुक है, हर एक यूनिवर्सिटी के विद्यार्थी का जबकि वह ग्रेजुएट होकर निकलता है तो वॉकेशन के समय में ही उसको एक काम वा रुकका मिल जाना चाहिए कि यह काम उसके लिए तैयार है और यहां से जाकर वह उस काम में लगेगा। लेकिन आज के हालात इससे बहुत मुश्किलफ है। वे सब बातें तो नहीं हुई बल्कि यह मामला इतने जोर से उभर कर आज सामने आया है कि एक नयी हालत पैदा हो गई है। जिस समय कोठारी कमीशन बैठा था उस समय विद्यार्थियों की परेशानियों का कोई एक ही कारण नहीं था, बहुत से कारण थे और वे सब कारण आज भी हैं। लेकिन जिस तरह से आज बात साफ हुई है कि रोजगार के न होने का कारण सबसे बड़ा कारण है, उस जमाने में यह बात इतनी साफ नहीं थी। और बहुत सी परेशानियाँ इन दिनों में ऐसी बढ़ गई हैं कि मैं यह महसूस करता हूँ कि, हालांकि हमारे एक भाई साहब कमेटीयों के बहुत मुखालिफ है और अभी उन्होंने बतलाया कि कमेटीयाँ नहीं बननी चाहिए, कमीशन नहीं बनने चाहिए लेकिन मेरा ख्याल है कि कोठारी कमीशन ने यद्यपि बुनियादी उसूलों को बता दिया है लेकिन उन्हीं उसूलों की माफत आज की स्थिति में क्या करना चाहिए—उसने बहुत से प्रोग्राम बताये थे वे प्रोग्राम भी सब लागू नहीं किये गए, यह

भी एक बड़ी शिकायत की बात है लेकिन अब तो सवाल यह है कि उन प्रोग्रामों में भी प्रायर्टी किसको दी जाये, आज के हालात में जो सवाल तो बहुत उभर कर आये हैं उनके लिए उन प्रोग्रामों में से कौन से प्रोग्राम चलाये जायें जो कि आज बहुत जरूरी हैं इस बात के लिए मैं यह महसूस करता हूँ कि एक कमेटी एजुकेशन मिनिस्ट्री को बहुत जल्द बनानी चाहिए जिसमें हमारे प्लानिंग कमीशन के लोग हों, एजुकेशन मिनिस्ट्री के लोग हों और जो लोग मैन-पावर वर्ग से ताल्लुक रखते हैं वे भी। इस काम के लिए एक छोटी सी कमेटी हो जो इन बातों पर विचार करे कि आज के मसलों को हल करने के लिए कोठारी कमीशन ने ही क्या बुनियादें बनाई हैं और उन बुनियादों से किस तरह से इन मसलों को हल करने की तरफ हम जा सकते हैं।

जहाँ तक रोजगार का ताल्लुक है, यह जाहिर है कि हमारे यहां इतना रोजगार नहीं है जितने कि पढ़ने वाले हैं। यह भी जाहिर है कि शिक्षा को हमें रोजगार से जोड़ना चाहिए। यह बात तो सभी लोग जानते हैं लेकिन इसमें कुछ क्रान्तिकारी कदम उठाये जाने चाहिए जिसकी हिम्मत लोगों को नहीं होती है। मैं बहुत मुबारकवाद देता हूँ कि हमारे दक्षिण भारत के एक वाइस चांसलर ने यह मामला उठाया है और उन्होंने यह कहा है कि हम इस तरह से रोजगार का शिक्षा से जोड़ेंगे कि हमारा हर लड़का बारखाने में काम करे। मैं समझता हूँ कि इस तरह के कोई क्रान्तिकारी कदम उठाये जायें और केवल एक ही वाइस चांसलर ऐसा न करे बल्कि सारे भारत के लिए एक ऐसी स्कीम बने। अलग अलग अपना रवैया रखने से उसमें कमजोरी आती है और वह बात ज्यादा चलती नहीं है। लेकिन अगर

सारे भारत के लिए इस तरह की योजना हो जो उससे कुछ काम बन सकता है।

फिर भी मैं जानता हूँ कि आज जो हमारी आर्थिक स्थिति है उसमें न हम सबको रोजगार दे सकते हैं और न हम सबको पढ़ा सकते हैं। अब इसके बारे में एक परेशानी और पैदा होती है। जैसा कि अभी हमारे दोस्तों ने बताया है कि शिक्षा के लिए बहुत जोर है और एक बड़ी आकांक्षा है लोगों में कि सभी शिक्षित हों। इसके पीछे कुछ ऐतिहासिक वास्तविकताएँ भी हैं और शिक्षित होना अब एक प्रतिष्ठा का मामला हो गया है। रोजगार तो अनग बात है; प्रतिष्ठा के लिए भी लोग पढ़ते हैं। मैं समझता हूँ जहाँ तक प्रतिष्ठा का सवाल है जिस तरह में शिक्षा को रोजगार से जोड़ना चाहिए उमां तरह से प्रतिष्ठा को भी शिक्षा से जोड़ना चाहिए। कोठारी कमीशन ने बहुत ही शुभाव दिए हैं कि हावर सैकेन्ड्री लेवल पर या लोअर सैकेन्ड्री लेवल पर लोगों को रोजगार की तरफ रूजू कर दिया जाये, कुछ ऐसी ट्रेनिंग दी जाये कि बहुत से लोग उसमें चले जाएँ और ऊँची शिक्षा के लिए, जो बहुत कारगरियत रखते हों वे लोग ही जायें यह बात बिल्कुल सही है लेकिन सवाल यह है कि अगर कोई आदमी टेक्निसियन की शिक्षा लेता है, प्रशिक्षण या ट्रेनिंग लेता है तो उसको वह प्रतिष्ठा नहीं मिलती है, वह मेट्रिक नहीं कहलाता, वह बी० ए० या एम० ए० नहीं कहलाता। इसलिए मैं चाहता हूँ कि इन दोनों बातों को जोड़ा जाये। इस मामले को हल करने के लिए आज देश में इस बात की बहुत जरूरत है। आज जो जोश शिक्षा की तरफ या डिग्रियों की तरफ है उसकी पूर्ति के लिए यह बहुत जरूरी है कि जिन लोगों को किसी रोजगार की ट्रेनिंग दी जाये, चाहे एग्रीकल्चर में, चाहे इंडस्ट्री में या रोजगार में या किसी चीज में, उनको वही

डिग्रियाँ दी जायें जो कि सामान्य शिक्षा के पाने वालों को दी जाती हैं। इस बात को देखते हुए कि कितना समय किस ट्रेनिंग में लगता है उसका सामान्य शिक्षा के समय से मुकाबला करके ये डिग्रियाँ बनाई जायें और वह डिग्रियाँ उन लोगों को भी मिलें। मैं समझता हूँ इससे बहुत कुछ मामला हल हो सकता है।

एक बात और भी है कि सभी लोग इसलिए नाराज नहीं हैं कि सभी को शिक्षा नहीं मिल पाती या सभी को रोजगार नहीं मिल पाता। यह तो नाराजगी का एक कारण हो सकता है लेकिन देश की जनता के अन्दर एक इंसिंकट होती है, एक सहज आभास होता है इस बात का कि हमारी सीमाएँ क्या हैं। हम किस तरह से महसूस हैं अपनी आर्थिक स्थिति में, अपनी सामाजिक स्थिति से कि हम जो कुछ चाहें वह सब कुछ नहीं हो सकता है। जो परेशानी की वजह दूसरी है। परेशानी की वजह यही है कि वे देखते हैं कि चाहे शिक्षा का मौका हो, चाहे रोजगार का मौका हो उसमें सामाजिक भेद नहीं है। यसन में परेशानी यह है कि वे देखते हैं कि दस हजार रुपया कैपिटेशन फी देकर कोई आदमी डाक्टर बन सकता है और डाक्टरी की जिम्मे प्रतिभा है उसको डाक्टरी की शिक्षा भी नहीं मिल सकती। इसलिए परेशानी तब पैदा होती है जब लोग देखते हैं कि जो कुछ भी अवसर है वह गरीबों को नहीं मिलते, जो आर्थिक स्थिति से दबे हैं; जो राजनीतिक दृष्टि से दबे हैं उनको अवसर नहीं मिलते, और जो बड़े खानदानों के लोग हैं, जो अमीर हैं, जिनके पास राजनितिक ताकत है जोकि रिश्वतसंपुल कहलाते हैं उन्हीं लोगों को अवसर मिलते हैं।

अगर इन बातों का इलाज किया जाय और यह देखा जाय कि शिक्षा पाने के लिये वही लोग

[श्री राजाराम शास्त्री]

ऊपर जायें, जिन में लियाकत हो, चाहे आप इसका पता इंटरव्यू से करें वा इम्तहान से, मगर यह बात तय रहे कि जो लोग सबसे ऊँचे दर्जे के हों, लियाकत वाले हों, उन्हीं को शिक्षा दी जायेगी, तो शिक्षा का स्तर ऊँचा हो सकता है। अगर उनके पास पैसा नहीं है और पैसा है भी तो कम है, उन की आमदनी गैरह देखकर यह निष्कर्ष निकाला जाये कि जरूरत के अनुसार उन के पास पैसे की कितनी कमी है और सन्निधि देने की आवश्यकता है तो इसका प्रबन्ध किया जाये और उनको उचित रूप से शिक्षा दी जाये। उन लोगों को जो लियाकत में कम है लेकिन फीस दे सकते हैं या कैंपिशन फी दे सकते हैं अथवा प्रभाव डाल कर किसी तरह से दाखिल हो सकते हैं, ऐसे लोगों को शिक्षा न मिले। यह सामाजिक न्याय का सवाल है और मैं समझता हूँ कि ज्यादा परेशानी का बायम यही है बनिस्बत और बातों के।

एक बात आखिर में और बहना चाहता हूँ। हमारे देश में नेशनल इंटेग्रेशन की दृष्टि से, राष्ट्रीय एकता की दृष्टि से भी कुछ शिक्षा सम्बन्धी सवालात हैं। लोग समझते हैं कि आमतौर से यह मसला मैदान का है, व्यवहार का है, उसमें कोई अकैडेमिक मामला नहीं है। मेरा ऐसा ख्याल है कि हमारे यहां जितना कम्यूनलिज्म है, जितना सम्प्रदायवाद है, सबकी बुनियाद में एक अकैडेमिक कन्फ्यूजन है, एक सैद्धान्तिक व्यामोह है, और वह व्यामोह यह है कि हमारे यहां धर्म संस्कृति को एक ही समझा जाता है। लोग बात करते हैं भारतीय संस्कृति की लेकिन बात करते करते धीरे धीरे वह धर्म के ऊपर उतर आते हैं और कहते हैं कि यह भारतीय संस्कृति है। हर बात में धर्म सम्मिलित

हो जाता है। यह लाबिकल ट्रैजिशन कहां से हो जाता है, इसका पता नहीं चलता। नेशनल इंटेग्रेशन कमेटी बनी हुई है। परन्तु उसके सामने कोई उसूली या बुनियादी प्रोग्राम नहीं है। यहां के सिद्धान्तवादियों की सोचना चाहिये, अकैडेमिक लोगों को सोचना चाहिये कि वह कन्फ्यूजन कैसे दूर हो। हमें हर एक को बतलाना चाहिये कि हमारे देश में जो संस्कृति है वह सबकी है और वह एक बहनी हुई और रवां चीज है। वह बनती है, बिगड़ती है, सिमटती है, फैलती है। लेकिन धर्म सनातन है। धर्म खुदा और इन्सान के बीच की चीज है। संस्कृति एक अलग चीज है और धर्म एक अलग चीज है।

टेक्स्ट बुक बनाते वक्त यह सब सवाल आ जाते हैं। कोई कहना है कि गंगा को कैसे पवित्र नदी बतला दिया। यह मसला गम्भीर है। आपको देखना होगा कि गंगा को आप भारतीय संस्कृति का हिस्सा मानते हैं या हिन्दू धर्म का हिस्सा। ऐसे सवाल हैं जिन में कन्फ्यूजन है, सफाई नहीं है। अगर इस बात की सफाई हो जाये तो बहुत से भगड़े मिट जायें। लोगों को मालूम हो जाये कि यह संस्कृति है, इस में सबका योगदान है, सबकी बफादारी है। और जो धर्म है वह हर एक का अलग अलग मसला है। इस दृष्टि से यहां कार्य होना चाहिये जिससे इतना पंदा हो। अगर यह सब बातें की जाती हैं तो मैं समझता हूँ कि यूनिवर्सिटी ग्रांट्स कमिशन का काम पूरा होता है।

मैं आपका शुक्रिया अदा करता हूँ कि आपने मुझे बोलने का मौका दिया।

श्री हेमन्त सिंह बनेरा (भीलवाड़ा) :
उपाध्यक्ष महोदय, विश्वविद्यालय अनुदान आयोग पर सदन में बहस हो रही है। हमारे देश में डा० राधाकृष्णन और डा० आकिर हुसैन

जैसे शिक्षा शास्त्री राष्ट्रपति के महत्त्वपूर्ण पद पर प्रतिष्ठित हुए हैं, इसलिये कि हमने शिक्षा-शास्त्रियों को सर्वोच्च मान दिया। परन्तु क्या हमने शिक्षा की प्राथमिकता दी है।

जहां तक शिक्षा नीति की बात है, सरकार ने शिक्षा के क्षेत्र में जो नपुंसकता दिखाई है वह इस हद तक पहुंच गई है कि विरोधी दल वाले ही नहीं परन्तु सत्तारूढ़ दल के सदस्य भी वर्तमान शिक्षा प्रणाली पर प्रहार करते हैं।

[SHRI T. N. TIWARY in the Chair]

विश्वविद्यालय अनुदान आयोग का गठन इस लिये हुआ था कि देश के कोने कोने में जो विश्वविद्यालय हैं उन का आपस में समन्वय हो सके, शिक्षा के क्षेत्र में राष्ट्रीय भावना उभरे और केन्द्रीय मंत्रिमंडल से विश्वविद्यालयों का सम्बन्ध मधुर रहे। हमारा उद्देश्य यह था कि यह आयोग राजनीति से दूर रहे, लेकिन जिस प्रकार से हम राजनीतिक लोगों को इस आयोग के अन्दर दाखिल करते हैं एक विचारणीय बात है। मैं कहना चाहता हूं कि इस आयोग की रिक्मेन्डेशन्स और डिस्मिजन्स सब से ऊपर होने चाहियें क्योंकि यह आयोग हमारे देश के ऊँचे स्तर के शिक्षा-शास्त्रियों को ले कर बनाया गया है। हमारे यूनिवर्सिटी ग्रांट्स कमीशन के बनने के बाद भारत में विश्वविद्यालयों की संख्या 46 से बढ़ कर 83 हो गई है। एक विकासशील देश में इस प्रकार की संस्थायें और हों यह आवश्यक है, हम आगे चलते जायें यह भी ठीक है, लेकिन हम केवल आगे ही चलते जायें, राज-नीति से प्रभावित हो कर विश्वविद्यालय खोलते जायें और स्थापित विश्वविद्यालयों की व्यवहलना हो, वह ठीक नहीं है। आज इतने विश्वविद्यालय हमारे देश में हैं लेकिन उन के ऊपर हम पूरा ध्यान नहीं दे पाते हैं। यह हमारे लिये घातक सिद्ध होगा।

विश्वविद्यालय अनुदान आयोग की रिपोर्ट से यह स्पष्ट है कि सरकार इस आयोग की उस की मांग के बराबर धनराशि उपलब्ध नहीं कराती है। हमारे यहां प्रशासन के ऊपर अनाप शनाप खर्च होता है। क्यों नहीं जो अधिक खर्चों के डिपार्टमेंट हैं उन के खर्च कम करके इस आयोग को अधिक महायता दी जाय। सन् 1968-69 की रिपोर्ट में आयोग ने स्पष्ट किया है कि अजमेर में विश्वविद्यालय खोलने का प्रश्न सामने आया था, 1968-69 की रिपोर्ट में आयोग ने उसको स्वीकार नहीं किया, मध्यावधि चुनावों के दौरान राजस्थान के मुख्य मंत्री और हमारे सत्तारूढ़ दल के अजमेर के माननीय सदस्य ने अजमेर के लोगों को विश्वास दिलाया था कि वहाँ पर दयानन्द सरस्वती के नाम से एक यूनिवर्सिटी की स्थापना होगी, लेकिन वह वोट बैंक करने के लिये एक स्टंट था। जब विद्यार्थी आज यूनिवर्सिटी की मांग करते हैं वह उनकी नहीं सुनी जाती।

मैं मंत्री महोदय से स्पष्ट जानना चाहता हूँ कि क्या वह अजमेर के अन्दर बहुत शीघ्र ही विश्वविद्यालय खोलने वाले हैं या नहीं। अजमेर राजस्थान में शिक्षा का केन्द्र रहा है। जोधपुर में छात्रों की जितनी संख्या है उससे भी कहीं अधिक छात्रों की संख्या अजमेर में है। यदि आपने अजमेर में यूनिवर्सिटी बनाने का विचार कर लिया है तो उसको आप शीघ्र कार्यान्वित करें, यह आपसे प्रार्थना है।

छात्रों की समस्याएँ हमारे देश के अन्दर भंयकर रूप धारण किये हुए हैं। हमें देखना होगा कि छात्रों की समस्या शुरू कहाँ से होती है? छात्रों में जो उग्रता है वह शुरू कहाँ से होती है? जब हम इसका पता लगा लें तो उसके बाद हम इसका हल भी निकालें। अभी मेरे माननीय मित्र ने आर० एस० एस० के ऊपर आरोप लगाया.....

श्री नवल किशोर शर्मा (बीछा) : आप जी
आर० एस० एच० में हैं क्या ?

श्री हेमन्त सिंह बनेरा : मैं आर०एस०एच०
में स्वयं सेवक हूँ और मैं अपने आपको लोक
सभा का सदस्य होने से कहीं ज्यादा आर० एस०
एस० का स्वयं-सेवक होना माननेबल समझता हूँ।

जब बनारस हिन्दू विश्वविद्यालय का—
इस खदन में मामला आता है तो आर. एस. एस.
की उल्लेख जोड़ा जाता है। बनारस हिन्दू विश्व-
विद्यालय के उपकुलपति ने जो हमें स्पष्टीकरण
भेजा है, इसकी ओर मैं मन्त्री महोदय
का ध्यान आकर्षित करना चाहता हूँ।
बनारस हिन्दू विश्वविद्यालय के
विद्यार्थियों में जो उग्रता है उसका कारण क्या
है ? कारण एक है कि बीस सूत्री मंत्रिपत्र को
लेकर वहाँ के छात्रों ने आन्दोलन किया था और
वहाँ के उपकुलपति ने उन मांगों को पूरा करने
का आश्वासन दिया था। बाद में मुझे अफ़सोस
के साथ कहना पड़ता है कि साम्यवादी तत्वों के
दबाव में आकर उपकुलपति ने जो आश्वासन
दिया था उससे इन्कार किया और यही कारण
है जिस की वजह से बी० एच० यू० के छात्रों में
उग्रता आई है। यू०जी० सी छात्रों की समस्याओं
के प्रति उदासीन हैं और उस उदासीनता का
उसने अपनी रिपोर्ट में उल्लेख किया व एक ही
कारण बताया है और वह यह है कि सरकार
उसको अधिक अनुदान नहीं देती है।

बीसरी योजना में यह कहा गया था कि 45
प्रतिशत छात्रों के लिये आवास की व्यवस्था हो
जायेगी। लेकिन आज जबकि बीसरी योजना
चाबू है केवल आठ दस प्रतिशत छात्रों के
आवास का ही प्रबन्ध हम कर पाये हैं। मैं
अर्पणा करता हूँ कि सरकार विश्वविद्यालय
अनुदान आयोग को आवश्यक अनुदान दे और
इसकी जो बिफारिशें हैं उनके प्रति सख्त रहे

और साथ साथ हमारे विश्वविद्यालयों की राज-
निति से दूर रहें। यही मेरा निवेदन है।

श्री रामशेखर प्रसाद सिंह (छपरा) :
सभापति महोदय, विश्वविद्यालय अनुदान
आयोग पर जो चर्चा चल रही है उसको मैंने
बहुत ध्यान से सुना है। हमारे पूर्व वक्ताओं ने
जिनका सारा जीवन शिक्षण कार्यों में लगा है,
अपने विचार इस पर प्रकट किए हैं। प्रो०
राजाराम शास्त्री जिन के नेतृत्व में मुझे काम
करने का अवसर मिला है, उन्होंने भी इस
आयोग के विषय में अपने विचार प्रकट
किए हैं। जो विद्वत्पूरे विचार इन सभी
महानुभावों ने आपके सामने रखे हैं, उनको
दोहराना मैं नहीं चाहता हूँ। मैं इस आयोग
की रिपोर्ट पर अपने विचार और जो हालत
आज देश में बिद्यमान हैं, उनके बारे में विचार
आम जनता की हैसियत से आपके सामने रखना
चाहता हूँ। मैं गांवों का रहने वाला हूँ और
गांवों के लोग जिस तरह शिक्षा के प्रति रुचि
रखते हैं और जो उन लोगों शिक्षा के बारे में
विचार हैं, वे मैं आपके समक्ष रखना चाहता
हूँ।

शिक्षा का ध्येय केवल भाषा का ज्ञान ही
कराना नहीं है, केवल तकनीकी बात को सम-
झना ही नहीं है बल्कि ऐसे सच्चरित्र और
सुयोग्य व्यक्ति पदा करना है जोकि देश के
शासन को अच्छी तरह से चला सकें और जो
शीघ्र प्रगति हम देश की चाहते हैं
उन में सहायक हो सकें और देश को शीघ्रता से
प्रगति के पथ पर ले जा सकें। आज दुनिया में
कम्पीटीशन का युग है और उस कम्पीटीशन में
यह देश बरा उतरे, यह भी शिक्षा का एक
मुख्य ध्येय है।

सभापति महोदय, शिक्षा का विषय मुख्य-तया राज्य सरकारों का विषय है। केन्द्रीय सरकार तो केवल कार्यक्रम बना देती है, सिद्धान्त तय कर देती है और यू. जी. सी. के माध्यम से कुछ गाइड लाइन्ज निर्धारित कर दी जाती हैं और कुछ हद तक वह विश्वविद्यालयों को कंट्रोल भी करती हैं लेकिन उन कार्यक्रमों का अनुपालन और उनको कार्यक्रम में परिणत करना राज्य सरकारों का काम होता है। जो कार्यक्रम आप बनाते हैं उनका किस प्रकार से पालन या अनुपालन होता है यह मुख्यतया राज्य सरकारों के ऊपर निर्भर करता है, उनकी योग्यता, उनकी क्षमता और उनकी इच्छाओं पर निर्भर करता है। देखने में आया है कि स्वतन्त्रता प्राप्ति के बाद देश में कालेजों की भरमार हो गई है। देश में यूनिवर्सिटियाँ बनती चली जा रही हैं। लेकिन उसके साथ साथ शिक्षा का स्तर भी बिल्कुल गिरता जा रहा है। आज यूनिवर्सिटी से जो ग्रेजुएट निकलता है और जो दस बरस पहले निकला था उन दोनों के स्तर में बहुत अन्तर देखने को आपको मिलेगा। एम० ए० तक का विद्यार्थी मेट्रिकुलेशन में कोई क्लास एक लेने में असमर्थ रहता है। इसका कारण यह है कि आज राज्य सरकारें जो यूनिवर्सिटियाँ बनाती हैं उनमें उपकुलपतियों की बहाली तथा और भी जो नीचे स्तर के—लोग होते हैं उनकी बहालियां राजनीतिक दृष्टि से की जाती हैं और जो शिक्षा में रुचि रखने वाले लोग होते हैं, जो उच्चकोटि के विद्वान होते हैं, जो योग्य होते हैं वे पीछे रह जाते हैं और उनको इस काम में नहीं लिया जाता है। जब राजनीतिक दृष्टि से इन बातों पर विचार होता है तो इसका नतीजा यह होता है कि शिक्षा के क्षेत्र में जो प्रगति होनी चाहिए और शिक्षा के स्तर में जो सुधार होना चाहिए वह नहीं हो पाता है और यह भी एक मुख्य कारण है जिसकी वजह से विद्यार्थियों में अनरेस्ट पैदा होता है

और विद्यार्थियों और शिक्षकों में सदमाचना पैदा नहीं होती है। शिक्षकों और विद्यार्थियों के सम्बन्धों में कटुता पैदा होती है और वे लड़ते रहते हैं, झगड़ते रहते हैं। यह भी देखने में आया है कि इम्तहानों में चोरी होती है, नकल होती है। जो अच्छे लड़के होते हैं, जिन्होंने ज्यादा मेहनत की होती है, यह भी देखने में आया है कि यदि उनके सम्बन्ध शिक्षकों से निकट के नहीं होते हैं, तो उनके अच्छे नम्बर नहीं आते हैं और जो कम योग्य छात्र होते हैं लेकिन जिनका सम्बन्ध शिक्षकों से रहता है, वे अच्छे नम्बर पा जाते हैं। जो विद्यार्थी शिक्षकों से दूर रहते हैं चाहे वे कितने ही योग्य क्यों न हों, वे अच्छे नम्बर नहीं पाते हैं लेकिन जिनका सम्बन्ध शिक्षकों से किसी प्रकार से जुड़ा रहता है चाहे रिजनेल बेसिस पर या किसी और तरह से वे अच्छे नम्बर पा जाते हैं। ऐसी स्थिति में हरिजन और आदिवासी या छोटे ठकके के लोग ऊँचे दर्जे के शिक्षकों और यूनिवर्सिटी से सम्बन्धित लोगों के साथ सम्बन्ध नहीं रख पाते हैं और वे लोग ऊँचे दर्जे में, अच्छी क्लास में इम्तहान पास नहीं कर पाते हैं।

इससे यूनिवर्सिटी में असन्तोष और अज्ञानि फैलती है। हमारे देश में दो प्रकार की यूनिवर्सिटियाँ हैं : एक तो वे यूनिवर्सिटियाँ हैं जो कालेजों को एफिलिस्ट करती हैं और दूसरी वे जो टोचिंग यूनिवर्सिटियाँ होती हैं। आज जब जिन कालेजों की मन्जूरी दी जाती है, उनमें कई बातों की कमी रहती है—साइबेरी में पुस्तकें नहीं होती हैं, विद्यार्थियों की संख्या के मुताबिक शिक्षक नहीं होते हैं, लड़कों के खेलने के लिए सामान नहीं होता है, साइंस का एपरेटस नहीं होता है, आदि। पोलिटेक्निक प्रैक्टिस और कुछ लोगों के प्रभाव के कारण ऐसे कालेजों को बँचूरी मिल जाती है। इस प्रकार के कारणों

[श्री राम शेखर प्रसाद सिंह]

खोलने का नतीजा यह है कि लड़के पढ़ते नहीं हैं और छुरा दिखाकर इम्तहान पास करते हैं, या लाउञ्जस्पीकर से उनको सवालियों के जबाब लिखवा दिये जाते हैं। इस प्रकार के कालेज और यूनिवर्सिटीयां खोलने से देश की समस्या को हल नहीं किया जा सकता है। यह जरूरी है कि मैथड आफ टीचिंग, पढ़ाने की व्यवस्था में परिवर्तन करना होगा, सिलेबस को बदलना होगा और इस समय विद्यार्थियों और शिक्षकों के बीच में जो शासक और शासितों के बीच की भावना है, जो ब्यूरोक्रेटिक ढंग का भेद है, उसको हटा कर उन में सद्भावना और आपसी मेलजोल की भावना पैदा करनी होगी। जब तक ऐसा नहीं किया जाएगा, तब तक हमारी शिक्षण संस्थाओं में शांति नहीं हो सकती है और शिक्षा के क्षेत्र में उन्नति भी नहीं हो सकती है।

शिक्षकों की पे और सर्विस कन्डीशनज में सुधार की दिशा में भी उचित पग उठाये जाने चाहिये। प्राइवेट कालेजों में जो शिक्षक काम करते हैं, उन को सर्विस में कोई स्थिरता नहीं होती है। इन कालेजों की मैनेजिंग कमेटीयों पर यूनिवर्सिटी ग्रान्ट्स कमीशन का, और कभी कभी यूनिवर्सिटी का, कन्ट्रोल न रहने से ये मैनेजिंग कमेटीयां अपनी इच्छानुसार शिक्षकों को नियुक्त करती हैं या हटाती है। इस प्रकार कोई कालेज ओवरस्टाफ्ड होता है और कोई अंडरस्टाफ्ड। मान लीजिये कि कालेज के अधिकारियों से सम्बन्धित कोई व्यक्ति हिन्दी या किसी अन्य विषय का शिक्षक है, तो उस विभाग में दो की जगह तीन प्रोफेसर बहाल कर दिये जायेंगे और अगर किसी विभाग में उन को अपनी मर्जी का आदमी नहीं मिलता है, तो उस विभाग में किसी की बहाल नहीं किया जायेगा और वह

विभाग अंडरस्टाफ्ड रहेगा। इस से विद्यार्थियों की शिक्षा को हानि पहुँचती है। इस प्रवृत्ति को समाप्त किया जाना चाहिये।

यूनिवर्सिटी और कालेजों के प्रोफेसरों की सैलरों में जो गैप है, उसको दूर किया जाना चाहिये और सब की सर्विस कन्डीशनज में समानता लाई जानी चाहिये। इस से प्रोफेसरों को अपने काम में रुचि होगी। शिक्षा के क्षेत्र में दूसरे क्षेत्रों की तुलना में एक सी योग्यता वाले व्यक्तियों को समान तनख्वाह मिलने पर भी अधिकतर लोग शिक्षा के क्षेत्र में जाना पसन्द नहीं करते हैं, बल्कि वे एडमिनिस्ट्रेटिव क्षेत्र में जाना पसन्द करते हैं, क्योंकि प्रोफेसर या प्रिन्सिपल बनने पर समाज में उन को इज्जत और प्रतिष्ठा रही मिलती है। इसीलिए आवश्यकता इस बात की है कि शिक्षकों की तनख्वाहों और सर्विस कन्डीशनज में सुधार किया जाये। उच्च शिक्षा की प्रगति के लिए यह भी जरूरी है कि यूनिवर्सिटीज को आटोनोमी दी जाये।

बनारस हिंदू यूनिवर्सिटी और अलीगढ़ यूनिवर्सिटी जैसी कुछ यूनिवर्सिटीयों को कुछ सेंट्रल गवर्नमेंट कन्ट्रोल करती है। मुझे पंडित मदन मोहन मालवीय और डा० रामाकुण्डलन् के प्रधान बनारस यूनिवर्सिटी में शिक्षा प्राप्त करने का सौभाग्य प्राप्त हुआ। स्वतंत्रता प्राप्ति के बाद जिस तरीके से उस यूनिवर्सिटी को इस्तेमाल किया गया है, उस पर मुझे बहुत दुःख है। वह कभी भी कम्युनल इन्स्टीट्यूशन नहीं रहा है, और न ही रहेगा। आज इस यूनिवर्सिटी की स्थिति को देख कर पंडित मदन मोहन मालवीय की आत्मा रोती होगी। शरीरों से चन्दा माँग कर राष्ट्रीय स्तर के ऊँचे स्तर पर पैदा करने के लिये जो विश्वविद्यालय स्थापित किया गया था, आज उसकी स्थिति बहुत खराब है।

इस के लिये मैं भारत सरकार को जवाबदेह मानता हूँ।

16.00 hrs.

मेरे पास यह कुक्लेट है, जिसको मैंने ध्यानपूर्वक पढ़ा है। इसमें जो छोटी छोटी बातें दी गई हैं, अगर वाइस-चांसलर साहब उन को मान लेते, तो वहाँ का झगड़ा टल सकता था। वह ठीक है कि कुछ पोलिटिकल पार्टीज के लोग इस विवाद को पोलिटिकल बनाना चाहते हैं। लेकिन सभी विद्यार्थी पोलिटिकल पार्टीज से सम्बन्धित नहीं हैं। अधिकतर विद्यार्थी वहाँ विद्याध्ययन के लिये जाते हैं। उस की जिम्मा में बाधा पैदा कर के यूनिवर्सिटी को बन्द कर देना उचित नहीं कहा जा सकता है। इस पर सरकार का इतना पैसा लगा है। स्वतंत्रता प्राप्ति के बाद हम उस यूनिवर्सिटी को न चला सकें, यह दुख और शर्म की बात है।

इस पुस्तिका में दो बातें कही गई हैं। लोगों ने वाइस-चांसलर मोदय से एक दिन रुकने के लिए कहा था, लेकिन उन्होंने थने में जाना पसन्द किया और विद्यार्थियों के साथ मिल कर मामले को मुलकाना पसन्द नहीं किया। आप जानते हैं कि एजुकेशन इंस्टीट्यूशन में भी लोग ब्यूरोक्रेटिक ढंग से काम करने लगे हैं। इसका नतीजा यह है कि छात्रों को जबरदस्ती रस्टीकेट कर दिया जाता है। इसमें दूसरी बात यह कही गई है कि जिन लड़कों को ब्यूरोक्रेटिक तरीके से रस्टीकेट कर दिया गया है, उन के मामलों की पुनः जांच की जाये। मैं समझता हूँ कि इन दोनों बातों को मानने में कोई दिक्कत नहीं होनी चाहिये थी।

मैं निवेदन करना चाहता हूँ कि वाइस-चांसलर का झीलाटाइम ज़ाब है और इस के

लिये उनको पैसा दिया जाता है। तो फिर उन को थाने में जाने की क्या जरूरत थी? उन के लिये यूनिवर्सिटी के भविष्य को देखना जरूरी था, या थाने में जाना? मैं कहना चाहता हूँ कि बनारस यूनिवर्सिटी में सारी परेशानी और दिक्कत डा० श्रीमाली के कारण पैदा हुई है। जब वह एजुकेशन मिनिस्टर थे, तो उस यूनिवर्सिटी के सब भगड़े उन्होंने ही शुरू किये। बाद में उन्हीं को वहाँ का वाइस-चांसलर बना कर भेजा गया। इस तरह वहाँ की स्थिति दुस्त नहीं हो सकती है। जब तक डा० श्रीमाली वहाँ वाइस-चांसलर रहेंगे, वह दुस्त नहीं हो सकेगा।

बहुत दिनों से प्रलीगढ़ यूनिवर्सिटी के बारे में एक माडल एक्ट बनाने की बात चल रही है। वह कोई बहुत बड़ी बात नहीं है। दो तीन बरस हो गये हैं। उसमें देर क्यों हो रही है? वहाँ के लोगों की भावनाओं और इच्छाओं के अनुकूल कोई व्यवस्था की जानी चाहिए। स्वतंत्रता-संग्राम में उस की भूमिका चाहे जो भं रही हो, लेकिन आज वह भी एक नेशनल यूनिवर्सिटी है और उस को एक नेशनल यूनिवर्सिटी का रूप देना चाहिये। अगर ऐसा किया जायेगा, तो वहाँ के स्टूडेंट्स आगे चल कर राष्ट्र के निमाण में अपना योगदान कर सकेंगे।

रांची में बेसरा इंजीनियरिंग कालेज बिड़ला का कालेज है। बिड़ला के लोगों ने वहाँ के कुछ विद्यार्थियों को रस्टीकेट कर दिया है। मैं इस बारे में वाइस-चांसलर और चांसलर से भी मिला हूँ। लेकिन वहाँ के अधिकारी कहते हैं कि उस कालेज पर यूनिवर्सिटी या चांसलर का कंट्रोल नहीं है। अगर इस प्रकार रूप्यों वालों की इच्छानुसार कालेज चलेंगे, तो हमारी शिक्षा की क्या दशा होगी? एग्जामिनेशन यूनिवर्सिटी लेती है। डिग्रियाँ वह देती है। लेकिन

[श्री राम बेखर प्रसाद सिंह]

चूंकि वह अपने वैसे से चलाते हैं इस लिये उस को कंट्रोल नहीं करेंगे तो काम नहीं चलेगा। राज्य मंत्री महोदय जो अभी भाये हैं शिक्षा विभाग में बिन का कि 29 वर्षों तक शिक्षा के काम से सम्बन्ध रहा है, मैं उनका स्वागत करता हूँ और उनसे निवेदन करता हूँ कि वह बेखरा वाले मामले को देखें।

एक बात मैं कहना चाहता हूँ कि राष्ट्रीय नेताओं के नाम पर कई यूनिवर्सिटियाँ आप ने खोली हैं। राजेन्द्र बाबू हिन्दुस्तान के प्रथम राष्ट्रपति बने हैं, उन के नाम पर यूनिवर्सिटी न बोलें लेकिन छपरा राजेन्द्र कालेज जो चल रहा है उस की कौन सी बुद्धिशा हो रही है, यह आप जानते हैं। जो राजेन्द्र कालेज आजादी से पहले 1937 में ही बना था, जिसमें गरीबों का पैसा लगा, वह आज जाति पाँत की लड़ाइयों का भ्रष्टाचार बन गया है। मैं चाहता हूँ कि नये स्टेट मिनिस्टर्स साहब जिनकी उपाति शिक्षा के मामले में है, वह इसकी तरफ ध्यान दें। पूज्य राजेन्द्र बाबू के नाम पर जो अहिंसा के पुजारी थे, आज वहाँ दिन दहाड़े जाति पाँत के झगड़े के कारण कत्ल हों, यह किसी तरह भी उचित नहीं है। मैं चाहता हूँ कि सेंटर उस कालेज को अपने हाथ में ले जिस से कि उन के नाम और प्रतिष्ठा के अनुकूल वह कालेज चल सकें और जो लड़के यहां पास होकर निकलें उन को अभिमान के साथ यह कहने का मौका मिले कि वह ऐसे कालेज के विद्यार्थी रहे हैं।

श्री नाथू राम मिर्चा (नागौर) : सभापति महोदय, यह विश्वविद्यालय अनुदान आयोग की 1969-70 की रिपोर्ट पर जो बहस हो रही है...

श्री हुकम चन्द कडवाय (गुरेना) : सभापति महोदय, मैं आपकी व्यवस्था चाहता हूँ, सबन में मनपूर्ति नहीं है।

सभापति महोदय : कोरम के लिये बंटी बज रही है... अब कोरम हो गया है। माननीय सदस्य अपना भाषण जारी रखें।

श्री नाथू राम मिर्चा : सभापति महोदय मैं आप से यह निवेदन कर रहा था कि आयोग की जो रिपोर्ट पेश हुई है उस को पढ़ने के बाद हम इस निष्कर्ष पर पहुँचते हैं कि हमारे देश में आजादी के बाद और आस तौर से पिछले दस वर्षों में शिक्षा का और उच्च शिक्षा का काफी विकास हुआ है और जो अधिक इस रिपोर्ट में दिये हुए हैं चाहे वह विश्वविद्यालय की संख्या हो चाहे विद्यार्थियों की संख्या हो, चाहे टीचर्स की संख्या हो, चाहे धन का खर्च हो इन सारी बातों को देखने से हम इस नतीजे पर पहुँचते हैं कि शिक्षा का विकास हुआ है तादादी तौर से ! जहाँ तक उस की क्वालिटी को सुधारने का सवाल है उसके बारे में इस आयोग के प्रयत्नों से और यूनिवर्सिटी के अंदर जो वाइस-चांसलर हैं, टीचर्स हैं, स्टूडेंट्स हैं, सब लोगों के सहयोग से समय समय पर कुछ कमितियों की मिटिंग बुला कर निर्णय लिए जाते हैं। टीचर्स के स्टूडेंट्स में सुधार के लिए विदेश के कुछ लोगों की सहायता भी ली जाती है और हम उस दिशा में भी आगे बढ़ रहे हैं। उस में भी धन की कमी है। देश हमारा गरीब है और उसके मुकाबले में यह भी कहा गया है कि अमेरिका के अन्दर जो कुछ शिक्षा पर खर्च हो रहा है उसका सौवा हिस्सा भी हम वहाँ खर्च नहीं कर पा रहे हैं। दुनिया के और देशों भी जो खर्च हो रहा है उस का आधा भी हम खर्च नहीं कर पा रहे हैं। इस लिये अनुदान

आयोग भी एकत्र की माँग करता है और हमारे सदन के बहुत से माननीय सदस्य भी शिक्षा पर और ज्यादा खर्च किया जाय, और ज्यादा उन्नत बुझाया किया जाय, इस बात पर जोर देते हैं। पर हमको यह मानकर चलना होगा कि हमारा देश गरीब है, चारों तरफ गरीबी है, बेकारी है और हम इसके अन्दर तेजी से आगे बढ़ना चाहते हैं हमको इन सारी प्रायोरिटीज और प्रापोजेन्स पर ब्यास रख कर चलना होगा। खास तौर से मैं ऐसा महसूस करता हूँ कि शिक्षा का जो हमारा उद्देश्य है जिसको हमारे बहुत बड़े बड़े नेताओं ने समय-समय पर देश के अन्दर रखा है, हम उन को भूलते चले जा रहे हैं और खास तौर से शिक्षा जिस दिशा में आगे बढ़ रही है और जो कुछ भी हालात सदन के माननीय सदस्यों ने वहाँ पर बताए हैं उन को देखने से ऐसा लगता है कि बाबजूब टैकनिकली और दूसरे तरीके से सुधार और विकास करने के हमारी शिक्षा सही दिशा में नहीं जा रही है। मेरा ऐसा मानना है कि हमारी दिशाएं आज सही नहीं हैं और उसमें बहुत बड़े पैमाने पर कुछ फेंसने करने होंगे, खास तौर से राजनीतिज्ञों को और हमारी सरकार को फेंसने करने होंगे और मजबूती के साथ करने होंगे। हम इस सदन में बैठने वाले माननीय सदस्य किसी न किसी राजनीतिक दल के लोग हैं और राजनैतिक दल का सब जगह देश के हर आदमी और नागरिक के साथ सम्बन्ध है, कालिजों में उच्च शिक्षा में पढ़ने वाले विद्यार्थियों से भी हमारा सम्बन्ध है, पर आज जिस प्रकार से हालात खड़े हो रहे हैं, हम इस सदन में बैठने वाले माननीय सदस्य, चाहे वे किसी भी दल के सदस्य हों, इस बात का सम्भोरता से सोचने के लिए तैयार हैं या नहीं कि हमें किस हद तक इन बातों के अन्दर जो यूनि-वर्सिटीज में पढ़ाने वाले टीचर्स हैं; उन के साथ जाना है, किस हद तक विद्यार्थियों के साथ जाना है। हिन्दुस्तान डाइम्स का जो स्पेशल ईस

निकलता है, कल उस को मैं देख रहा था। दिल्ली यूनिवर्सिटी में जो अभी चुनाव हुए, यूनियन के, 312 मतदाता थे, चार उम्मीदवार खड़े हुए, 50-50 और 45-45 हजार रुपया खर्च कर के कोई प्रेसिडेंट बनने के लिए खड़ा होता है। आखिर यह जो हर साल कहीं पर डायरेक्टली/इनडाइरेक्टली यूनियन्ज के चुनाव होते हैं, क्या उन को इतनी महत्त्व है कि इतना रुपया खर्च करने के बाद जो कोई उन के आफिस-बीछर बनने, वह आफिस-बीछर बनकर के आखिर करें क्या—यहाँ कि हम इतने बड़े पढ़ेंगे, इससे ज्यादा नहीं पढ़ेंगे, हम को यह पेंपेंस इस तरह से दिये जाय, हम इन्तहान में बैठकर नकल भी करेंगे और नकल नहीं करने दिया जायेगा तो मुकाबला भी करेंगे क्या यह सारे यूनिवन्ज के चुनाव का इस प्रकार का बातावरण यूनिवर्सिटीजों में इसी लिए बनाया है? ये विद्यार्थी क्या इसी तरह आगे चलकर देश की सेवा करेंगे और इस देश की गरीबी मिटावेंगे? हम चाहते हैं कि देश के अन्दर लोकतन्त्र रहे, शान्ति से परिवर्तन हो और उसके जरिये देश विकास की ओर आगे बढ़े, गरीबी मिटाये, उत्पादन बढ़ाये, हमारे विद्यार्थी कारखानों में काम करें, खेत में काम करें, लेकिन क्या विश्वविद्यालय से निकलने वाले लड़के अपने आप को भ्रम से जोड़ते हैं? शुरू से लेकर आखिर तक कोई काम या मेहनत शरीर से 99 प्रतिशत लड़के नहीं करते हैं। न कभी किया है और न कभी आगे करने की उन की वृत्ति है। मैं दुनिया के कई देशों में गया, इजरायल में गया, मैंने वहाँ देखा कि 12 वर्ष के लड़के और लड़कियों को चार घंटे की पढ़ाई के बाद 6-7 घंटे फार्म में या कारखाने में काम करना पड़ता है। क्या हम इस प्रकार की कोई व्यवस्था नहीं करना चाहते कि आगे चलकर जो लड़के और लड़कियाँ स्कूलों और कालिजों से पढ़ कर निकलें उनकी आगे जाकर कुछ काम करना है, देश को बनाना है, गरीबी मिटाना है, वह इसकी

[श्री नाथूराम मिर्चा]

शिक्षा पायें। लेकिन वह लड़के यहाँ से निकल कर यह चाहें कि बिना पढ़ाई किये मुफ्त में डिग्री मिले और जो मुफ्त में डिग्री न दें तो तो डरा के ले ली जाय, फिर उसके अन्दर शासन दबता चला जाय, हमारे राजनीतिज्ञ किसी न किसी तरह से अपने काम को उसमें इन्जाब कर के इन सारी चीजों को लगातार बढ़ाते चले जायें, तो आखिर हम इस देश को किसके ले जाना चाहते हैं? हम को यह सोचना पड़ेगा और मजबूती के साथ हमारी शिक्षण संस्थाओं में कुछ इस प्रकार की व्यवस्था करना पड़ेगी। आज टीचर्स का क्या है? रविन्द्र नाथ टैगोर सोचते थे कि टीचर्स एक लैम्प है जिन के जरिए कई लैम्पस जलाए जाते हैं, जिसके लिए पहले उनको स्वयं जलना पड़ता है, उसके बजाय आज हमारे टीचर्स गुटबन्दी और पार्टी-बाजी के शिकार हैं। कोई वाइस चांसलर के साथ है कोई उसके विरोध में है। कोई राजनीतिज्ञ किसी के साथ चिपका हुआ है, कोई राजनीतिज्ञ किसी हमारे के साथ चिपका हुआ है। जहाँ टीचर्स में इस प्रकार की गुटबन्दी हो, जहाँ विद्यार्थियों में इस प्रकार की अनुशासनहीनता हो, जिनके फेंकाने में हम राजनीतिज्ञ लोगों और खास-तौर से इस सदन में बैठे हुए लोगों की मदद हो, विधान सभाओं के सदस्य मदद करने वाले हों, मन्त्रालय के लोग मदद करने वाले हों, तो फिर शिक्षा का वातावरण कैसे सुधर सकता है—यह एक बड़ा गहराई का प्रश्न है।

मैं आप से निवेदन करना चाहता हूँ—अगर हम चाहते हैं कि छात्रों में अनुशासन हो, तो हमें देखना चाहिये कि महात्मा गांधी जी के इस के बारे में क्या विचार थे। गांधी जी चाहते थे—इंसान को ब्रिटिश इंसान बनाना, उस की

प्रवृत्तियों को बनाया करना, हिन्दुत्व के अनुसार ऐसा इंसान तैयार करना जो सारे जल कर जीवन के हर दायरे में कामयाब हो। लेकिन आज क्या हो रहा है? शिक्षा समाप्त कर के निकला हुआ छात्रजी, पाठे टैकटिलियम हो या कोई भी हो, सब जा कर कुर्सी पर बैठना पसन्द करते हैं। एक ओवरसीयर मशीन के नीचे घुस कर काम करना पसन्द नहीं करेगा, राज्य की नौकरी में जाकर कुर्सी पर बैठना पसन्द करता है, जहाँ बुक्त का खाने के लिये मिलता है। आज गाँव में बैठ कर एक नान-डिप्लोमा वाला आदमी पचास रुपये रोज कमाता है, लेकिन उस से ज्यादा नवालीफाइड आदमी राज्य की 150 रुपये महीने की नौकरी को ज्यादा पसन्द करते हैं। ऐसा क्यों है? इसलिये कि हमारे शासन का तरीका डिफेक्टिव है; उच्च के सोचने का तरीका डिफेक्टिव है। हमारे शासन में काम करने वाले लोगों के मन में यह धारणा बस गई है कि हमारा लड़का किसी न किसी तरह से राज्य की नौकरी में भरती हो जाय, राज्य कितनों को नौकरी दे सकता है। इस लिये मैं चाहता हूँ कि आप इस पर सोच समझ कर फैसला करें।

हमारे वाइस-चांसलर्स हैं। और हमारी सरकार में बैठे हुए लोग उनको सही तरीके से मजबूती प्रदान नहीं करेंगे तो अनुशासनहीनता खत्म नहीं होगी, टीचर्स की गुटबन्दी खत्म नहीं होगी और आज हमारे यहाँ शिक्षा का जो स्तर गिरता चला जा रहा है, वह शिरछा ही जायेगा जब तक हम श्रम को विद्यार्थियों के जीवन के साथ नहीं जोड़ेंगे, हमारी यूनिवर्सिटीज किसी भी प्रकार से उनके अन्दर अनुशासन की प्रवृत्तियों को जागृत नहीं कर सकेंगी। ओरछुद्ध में जो सगड़ा हुआ, वह क्या था? इन्वीजिगेशन कालिज के लड़के कहते थे कि हम 6 घंटे से ज्यादा नहीं पढ़ेंगे, सुबह सात बजे आयेगे और 12 के बाद वहीं पढ़ेंगे। वहाँ के उपकुलपति ने कहा—यह क्या है

वहाँ के टीचर्स ने भी विद्यार्थियों को बाध दिया, क्योंकि टीचर्स भी 12 बजे के बाद आराम से सोते थे, प्राइवेट नौकरियाँ करते थे, इस लिये उन को भी फर्क बढ़ता था, उन्होंने भी लड़कों के साथ मिल कर किसान खड़ा करा दिया। बाइस-चॉस्लर कीई बात कहे और टीचर्स तथा विद्यार्थी मिल कर उसका विरोध करें और यह कहें कि हम तो इतना काम करेंगे, इतना पढ़ेंगे तो आप बतलाइये, क्या यह टीचर्स और विद्यार्थियों के फैसला करने की बात है या बाइस-चॉस्लर के फैसला करने की बात है वहाँ इतना भगड़ा हुआ कि बाइस-चॉस्लर को पत्थर मार दिया गया। कहीं गुरु और विद्यार्थी, किसान ब्रह्मण करने वाले लोग, वहाँ इस प्रकार की स्थिति पैदा हो जाये, तो उसका क्या नतीजा निकलेगा।

इस पर गम्भीरता से विचार करने की जरूरत है। गांधी जी के शिक्षा के बारे में क्या आदर्श थे, स्वामी विवेकानन्द शिक्षा के बारे में क्या सोचते थे, टैगोर ने शिक्षा के बारे में क्या कहा था, हमें उन सब का रिप्यू करना पड़ेगा और देश के लिये एक नया वातावरण तैयार करना पड़ेगा। भारत सरकार और राज्य सरकारों को जो लोग चलाने वाले हैं, उन को मजबूती से बैठ कर विचार कर के इन समस्याओं के बारे में निर्णय करना चाहिये और अपने शिक्षा बोर्डों को अधिकार से सुसज्जित कर के इन तमाम खराब प्रवृत्तियों को हटाने के लिये कदम उठाना पड़ेगा।

इन संख्याओं के साथ मैं कमीशन को रिपोर्ट का सर्वेयन कहते हुए अपना स्थान ग्रहण करता हूँ।

SHRI BIRENDER SINGH RAO
(Mithankotgarh) : Sir, we are discussing

the report of the UGC for 1969-70. Earlier this year, we received the report for 1968-69. The latest report for 1970-71 is still awaited. I cannot understand why the UGC cannot publish its reports immediately as the year is out. Things are in a very bad shape in the country in the field of education. But fortunately for us today, we have got a very able man as Chairman of the UGC—Dr D. S. Kothari. He commands great respect and I wish he continues for some years to improve things. Also, fortunately at this time, we have a good team of ministers looking after the ministry of Education. I have developed some respect for the Minister of Education, may be because he looks a pugilist. He has also a very awe-inspiring Minister of State and a young Deputy Minister. He must have been General Patton of the Union Ministry to have been entrusted with the difficult task of creating order out chaos in Bengal, but I want to warn him, through you Sir, that if he does not make a mark in this field, the field of education, which he is in-charge of, his conquests in Bengal may not be of much avail because it is the education in this country which needs looking after very badly and more urgently.

Violence is increasing, there is no respect for teachers among the students, universities are closing every day and colleges are not at all catering for the studies of the students but the principals and the teachers are busy appearing the students in the coffee houses and there is a great national wastage of money.

I have only glanced through this report within a very short time. There is not much about which we can discuss. It should have given much more information. This report does not at all tell us how much amount has been spent on various developmental schemes of campus for each university and we do not know what portion of the money has been given to each State. I would request the hon. Minister to ensure that in future these reports are more informative.

[Shri Birender Singh Rao]

We have been setting up commissions, and Committees, one after the other—committee to draft model legislation for universities, Gajendragadkar Commission, Kothari Commission, Committee for the welfare of students and so on. Then there are sub-committees and working groups. Yet, no concrete results have been achieved. It is like wheels within wheels. It is like a car engine which is running very fast, but there is no propeller shaft and so the motion is not being transmitted outside. These reports only show that things have got to be attended to very urgently. Yet, much time has been lost since independence in attending to them and our universities and colleges are where they were.

I am very sorry to notice from this report that even today nine-tenths of the load is being borne by private institutions. The report says that 90 per cent of the students for science, technical and other professional courses go to the affiliated colleges and the universities look after only one-tenth. Again, 99,000 teachers are employed by affiliated colleges and 19,000 by the universities. Yet, there is not a word of appreciation, no encouragement for these various private trusts which have done so much in the field of education. Most of our politicians, educationists and professors would not have been educated today and they would probably have been breaking stones on the roads if the D.A.V. institutions and S.D. colleges started by Christian missions and various other philanthropists had not come into being in this country. Actually, there is contempt for these trusts now which does not help the cause of education. I know it to my cost, because, I also unfortunately started a college in Delhi a few years back and I had a very sad experience. We have spent about Rs. 8 lakhs to 9 lakhs raised from the public but not a single paise has come from the UGC towards the building of this college because the University does not send the grant papers to the UGC on one excuse or the other. The rules are so bad, and these are being misused.

Why is their indiscipline in colleges ? I am very certain that it is because the

universities are concentrating all the power in their hands, whereas they talk of decentralisation of power in colleges. Could you imagine that in the Delhi University, which is a Central university, the principal has got no powers. He cannot even fine a student. All the powers of the principal vest in the staff council. You must have read in the papers sometime back that a few colleges in Delhi set up staff councils and in their first meetings there were fights among the staff. The principals had to run away. These are the things which are happening.

I would request that to maintain discipline among students Government has to be firm. I am all for participation of students in university administration in the various bodies where students' welfare is concerned, where students' extra-curricular activities are concerned and where the improvement of courses of study is concerned; but to give students participation in the higher bodies concerned with the maintenance of discipline would, I think, pamper students too much. They are already spoilt. There are so many cases of violence every day.

What are the students doing ? There is politics of the dagger in the University Students' Union. I know for certain that any group of students, which is backed by 10 to 15 ruffians carrying daggers in their belts, win the election and then they force the other students to come out of classes and observe *hartal* on trivial matters.

If students have to be given participation, I would suggest that they should be students who are at the top in academic examinations, students who are the first five in various courses—science, humanities, law and other technical courses—and the best sportsmen in the university. They should be given participation on behalf of students so that students who really want to study, who have come here to achieve something and to serve the country, do not suffer at the hands of these anti-social elements or the thugs employed by certain political parties, who get their pocket money from some political parties and whose only job is to go on loitering in universities

[Shri Birender Singh Rao]

and coffee houses threatening students. Girls particularly suffer because they are serious students and they are not allowed to join the classes. I would suggest that there should be a model Act for universities should be enforced first in the four Central universities.

श्री हुकम चन्द कछवाय : सभापति महोदय, मेरा व्यवस्था का प्रश्न है सदन में गणपूर्ति नहीं है।

सभापति महोदय : बन्टी बजाई जा रही है ... अब कोरम हो रहा है, माननीय सदस्य जल्दी समाप्त करें।

SHRI BIRENDER SINGH RAO : Most of these ills in the universities creep in because of internal politics among teachers of the universities. You would be surprised to know that in some universities some teachers have taken too much power into their hands against rules and regulations. For instance, in Delhi University a head of department has more powers in the matter of employment than even the Prime Minister or the Education Minister or the Chairman of the Union Public Service Commission.

He dishes out jobs to about 50-100 lecturers in his Department, in various colleges in Delhi every year. They have a list in their pockets. They go to the Selection Committee meetings. The U. G. C. rules provide that a head of the Department would only be an adviser. But the practice is that a head of the Department in Delhi university has the final word in the selection of a teacher. They employ their own students. They do not like anybody coming from outside, from any university in India. There are universities as good as Delhi University, some of them, and there is no reason why equal chance should not be given in employed people who have passed out from various other universities in the country. These people are responsible for most of the politics in the university.

With these words, I would urge upon the Ministry of Education that these things should be properly looked into.

श्री मनमथ प्रसाद ब्रुसिया (बस्ती) : सभापति महोदय, निवेदन यह है कि स्वतन्त्रता प्राप्ति के बाद एजुकेशन में एम्प्लॉयमेंट प्रश्न हुआ है लेकिन प्रश्न यह है कि इसको एजुकेशन कहा जाये या न कहा जाये इस बात को हमारे मिनिस्टर साहब, हम लोग जो एजुकेशन में विलचस्पी रखते हैं या जो एजुकेशनविस्ट्स हैं वे जानें लेकिन मेरे क्वाल में तो इसको एजुकेशन न कहना ही अच्छा होगा। जिस एजुकेशन से कोई मारल करैक्टर नहीं बनता, जिससे कोई प्रोडक्शन नहीं होता उसे हम एजुकेशन कैसे कह सकते हैं ?

दूसरी बात यह है कि इस देश में हम एजुकेशन के लिए अंग्रेजों को हजारों गालियां देते रहे हैं। लार्ड विलियम बेंटिन के जमाने से आज तक हमारे सिस्टम आफ एजुकेशन में कितनी तरक्की हुई है ? जिसने कमीशंस घाये हैं, मैंने भी कुछ कमीशंस की रिपोर्टें देखी थी, उनमें कोठारी कमीशन की रिपोर्ट और वहां के कुछ मेम्बर्स ने रिपोर्टें दी थी उनकी वह रिपोर्ट बहुत बेहतर थी लेकिन उनका किस्सा हिस्सा इम्प्लीमेंट किया गया इसे हमारे मिनिस्टर साहब, गवर्नमेंट और दूसरे एजुकेशनविस्ट्स ही जानते हैं। प्रेजेन्ट एजुकेशन क्या है ? या एजुकेशन इंस्टीट्यूशन क्या है ? मैं समझता हूं वे पालिटिक्स के अखाड़े हैं। आप निश्चित मानिए जब तक इस एजुकेशन में पालिटिक्स रहेगी तब तक यह कभी भी फ्लोरिड नहीं कर सकती है और न अभी तक फ्लोरिड की है। आज हर एक इंस्टीट्यूशन में चाहे वह यूनिवर्सिटी हो, कालेज हो या प्राइमरी स्कूल हो वहां हर जगह ग्रुपीजम, पालिटिक्स और कास्टीज्म चल रही है। यह इस देश का दुर्भाग्य नहीं तो और क्या है ? क्या वही हमारे एजुकेशन डिपार्टमेंट का काम है ? जिस एजुकेशन में कास्टीज्म

(बी अनन्त प्रसाद ब्रुसिंघी)

युनी बड़ी हो—जबकि वहाँ से इनको बिल्कुल प्रेरण रखना चाहिए—तो वहाँ पर एजुकेशन कैसे हो सकती है ? क्या वहाँ पर कास्टीज्म और जातीयता पढ़ाई जायेगी ?

दूसरी बात मैं यह निवेदन करना चाहता हूँ कि एजुकेशन में चार-पाँच आल्फेबट्स हैं—जैसे टीचर, टाट, एडमिनिस्ट्रेशन, सिस्टम आफ एजुकेशन और ग्रान्ट्स। अब मैं हर एक के बारे में तो कह नहीं पाऊंगा क्योंकि आपने मुझे पाँच मिनट ही दिये हैं। इसलिए सबसे पहले मैं टीचर्स के बारे में कहना चाहूँगा। यूनिवर्सिटी को ले रहा हूँ। हमें सभी यूनिवर्सिटी के बारे में कुछ न कुछ मालूम है लेकिन मैं आपसे यू० पी० की यूनिवर्सिटी के बारे में कुछ सच्य बतला रहा हूँ।

हमारे भारत में इलाहाबाद यूनिवर्सिटी बहुत पुराने उमाने से और आज भी अच्छी यूनिवर्सिटी में गिनी जाती रही है। लेकिन आप देखिये कि वहाँ के चांसलर का प्रोवाइंटमेंट कैसे होता है। बड़े दुर्भाग्य की बात है कि जो आदमी डाइरेक्टर के पद से रिटायर होता है वह एक्स्टेंशन के लिए दरखास्त देता है एक तरफ तो उनका एक्स्टेंशन नामंजूर होता है और दूसरी तरफ उसको इलाहाबाद यूनिवर्सिटी का वाइस चांसलर बना दिया जाता है। इनके खिलाफ अनेक अभियोग हैं जिनको दबा दिया गया है। इस वकत वह हजारत इलाहाबाद यूनिवर्सिटी के वाइस चांसलर बन कर बैठे हुए हैं। आज कल वहाँ की हालत जैसी खराब हो रही है उसके बारे में मैं आपको क्या बतलाऊँ। इसी तरह कोरकपुर यूनिवर्सिटी की भी हालत है।

दूसरी चीज मैं धीपड़ी टीचर्स के बारे में बतलाऊँ। हर एक टीचर किसी न किसी पोलिटिकल पार्टी में बैठा हुआ है, चाहे वह यूनिवर्सिटी का टीचर हो चाहे कॉलेज का हो चाहे हायर सेकेण्डरी स्कूल का हो या प्राइमरी स्कूल का हो।

श्री हुकमचन्द कछवाय : सभापति महोदय, सदन में गणपूर्ति नहीं है।

सभापति महोदय : गणपूर्ति के लिए बंटी बजाई जा रही है।—अब गणपूर्ति हो गई है। माननीय सदस्य अपना भाषण जारी रखें।

श्री अनन्त प्रसाद ब्रुसिंघी : हर एक यूनिवर्सिटी में आज झगड़े हो रहे हैं और वहाँ पर यूनिवर्सिटी बन रही है। हर एक टीचर किसी न किसी रूप में उनमें शामिल है। एक तरह से टीचर ही उनका जीवर होता है लेकिन छिपे तौर से। मेरा पर्सनल एक्सपीरिएंस है कि जो भी यूनिवर्सिटी होती है उसका 60-60 हजार रु० का खर्च होता है। बाकिर यह 50-60 हजार रुपया कहाँ से आता है ?

इसके बाद मैं आपको ऐडमिनिशन के बारे में बतलाऊँ। सदन के और माननीय सदस्यों ने भी इस बारे में बतलाया है। वर्तमान आज कल यूनिवर्सिटीज में जास कर टेक्निकल इन्स्टीट्यूशन्स में गरीब बच्चों की, जिनको हरिजन कहा जाता है, कोई सम्मान नहीं है, इस लिए कि वे विद्यार्थी अपना खर्च नहीं कर सकते। हमारे मिनिस्टर साहब एजुकेशनिस्ट रहे हैं, क्या यह बात उनको मालूम नहीं है ? उनको खरब मालूम होगा और जाने भी मालूम होगा रहेंगे।

यन्त्र में ऐसा सुझाव यह है कि इस एजुकेशन को सख्ती बनाने के टेक्निकल एजुकेशन को यूनिवर्सिटी स्टेज तक लाया जाये और टेक्निकल एजुकेशन के साथ इंडस्ट्रियल एजुकेशन को भी सम्बन्ध किया जाये। साथ ही एप्लीकेशनल एजुकेशन को भी रखा जाये।

यूनिवर्सिटी या स्टूडेंट कमीशन ने कुछ कहा है वह ठीक है, लेकिन जो कुछ मैंने कहा है उस पर ध्यान दिया जाये, विशेषकर मेडिकल कास्ट्स के लड़कों के प्रवेश की ओर ध्यान दिया जाना आवश्यक है।

SHRI P. V. G. RAJU (Visakhapatnam): I would like Education to be linked with Industry. Without Education linked with Industry, there will be no progress in the country. I would like to say that in this respect there are certain theoretical difficulties because Primary, Secondary and High School Education are State subjects, but University and Technical education is in—charge of the University Grants Commission. I feel that the UGC should take up the technical and basic education throughout the country as a Central subject. Technical education should not be left in the hands of the States. It should become a Central subject. And therefore I would like to point out that in regard to this Concurrent subject there should be more power in the hands of the Centre.

In this connection I would like to give the example of Japan. In Japan, between primary and Secondary education and high-school education, there is a bifurcation so that people going into higher education are not sent to industry and given a practical process of learning. The students are bifurcated at the secondary stage between those who go to industries and those who go to the arts. It is my view that we should become more practical in our Education just like Japan than what we are at the present moment. In Japan there is the Meiji system. This system should be introduced in India.

In this connection I may be permitted to point out that at the moment primary education and high school education is a State subject. Therefore, we don't have uniform terminology throughout India. We cannot have progress unless we have uniform science terminology throughout the country. I saw this in Varanasi. It is almost my second home because my uncle lived there and my grand-mother lives there. The number plates of cars is something which I cannot read. I find that they use only Hindi numerals. I have nothing against Hindi numerals. But I would like to say that if you use Hindi numerals, it should be used throughout India, from Kanyakumari to Badrinath. We should have only one numeral. If you have roman numeral, it should be there throughout India. When I go to Varanasi I cannot read the number plates of cars. I may confess that although I am an Andhra, I cannot read the Telugu numerals because everybody used only Roman numerals.

Therefore I feel that we should have a single numeral and single science terminology throughout the country, if we want to make the country united. Otherwise we will have so many language media.

If my friends permit me, I would like to quote the Bible which talks of the Tower of Babel. Tower of Babel was a place where they used to speak different languages. And, therefore, there was a burst-up of the area and it was supposed to have been broken up by the devil. I hope that India will not become a Tower of Babel, the way we are developing our educational system.

Therefore, Sir, in conclusion, I would like to stress that the University Grants Commission should take a more practical and a greater and deeper interest in linking industry with technical education. We should have uniform science education and science terminology throughout the country. With these words I close. Thank you.

SHRI P. VENKATASUBBAIAH (Nandyal): The report of the UGC is being

[Shri P. Venkatasubbalah]

discussed threadbare on the floor of this House. In the present context of things, the UGC is playing a very pivotal role in the cause of furthering the interests of education in the country. Unfortunately, since we attained Independence, several experiments have been done in the field of education with the result that there is chaos rather than any improvement in educational standards.

There has been a phenomenal growth in the number of educational institutions in our country at the secondary as well as at the college level. Many new universities have also sprung up. Barring one or two States in the south, there are more and more universities in every part of the country.

Judging from the standards and also the increase in the number of educational institutions in the country, we can say that the percentage of literacy has increased considerably. But we cannot say in the same breath that there has been a qualitative improvement in the education that is being imparted to the students in the different spheres of it.

Especially in the field of technical education. I feel that there is a lot of imbalance and a sort of ill-conceived planning. At one time, the engineering colleges, the medical institutions and the polytechnic institutions that had sprung up in the country were expected to cater to the need of the students going in for technical education. If we compare the phenomenal growth in the facilities for technical education with the spectre of growing unemployment that we are facing in the country we find that there has been something wrong somewhere. I cannot say anything about the condition of the polytechnics in other States, but so far as Andhra Pradesh is concerned, there is at least one polytechnic in each district, and in some districts there are even two or more. But in the present state of things, no student is coming forward to seek admission in these institutions. The same thing is happening with regard to engineering colleges

also. But what is the reason for the plans going wrong? Why are we getting more and more persons in the unemployed category? Why are the students who have obtained technical education roaming on the streets with a sense of frustration and with no sense of involvement in nation-building activities?

From this viewpoint also, I feel that the UGC should go into this matter deeply and see that these imbalances are corrected so far as technical education is concerned.

I wish that the UGC also takes note of some of the malpractices that some of these institutions are indulging in, especially with regard to admission in medical colleges. The capitation fee charged by some of the medical colleges is abnormally high, and they are of the order of Rs. 25,000 to Rs. 40,000 and I feel that this does not speak well in manner in which our medical colleges are conducting themselves.

Regarding the medium of instruction, I fear that a stage may come when one Indian has to speak to another Indian through an interpreter. The change-over to regional languages as media of instruction is going to such an absurd length that it would lead to a sort of compartmental thinking in various part of the country.

The three-language formula which had been suggested a long time back has not been adhered to with the result that we are reaching a stage when each State is acting as though it is an independent sovereign State. I share the feelings of my hon. friend Shri P. V. C. Raju who preceded me that when we travel to other States we find it difficult even to read the numbers on the car-plates and the road signs where the different numerals are written. I would like to ask whether we are going to seriously think of introducing the three language formula so that this country can be kept together or not? Of course, there has been a controversy with regard to the status of English and also whether Hindi alone should be the link

language or English should be associated with Hindi as link language. Until these factors are settled, I would earnestly hope that the UGC and also the Ministry of education must impress upon the various State Governments to go slow with the policy of introducing the regional languages as media of instruction. Many students who want to go in for post-graduate education to other States or for technical education to other parts of the country are being handicapped because of the lack of a common language. The aspect has to be considered.

Now in universities in post-graduate courses, medium of instruction in the regional languages is introduced. But what is the response? Very poor and discouraging. Many parents or their wards are not willing to have the regional language as the medium of instruction. May be that regional languages have not been developed. To that extent, so far as technical education is concerned proper care has to be taken to give more grants to encourage the imparting of technical education in regional languages. Then alone will the students be encouraged to go in for the regional languages as the media of instruction. Otherwise, it will be just like putting the cart before the horse. Before we develop regional languages to enable technical education to be imparted in it, it will be suicidal and will be spoiling the career of the students if we just ask them to take to regional languages as the media of instructions.

Take, for instance, what happened at Osmania University. It had Urdu as the medium of instruction, but they have developed a rich technical vocabulary in Urdu. They had taken years to do it. The UGC should think in terms of giving more financial assistance for developing regional languages in evolving the requisite technical vocabulary in imparting technical education.

About accommodation for students, there are many universities which are beset with this problem. On this some attention should be bestowed. The minister incharge should pay a visit to some of those

colleges which are started to see in what heavenly conditions they are situated. There is no proper accommodation. Worse is the position about accommodation in hostels. It is most depressing and disappointing. More attention must be given to mofussil areas; attention should not be confined to big cities like Delhi, Bombay, Madras and Hyderabad. Proper financial assistance should be given to see that the requisite standard of accommodation is there for the students. Now the position is that the students do not get proper accommodation, proper education and proper text-books.

The craze for nationalisation of text-books is proving to be a great disadvantage in some States. There are many instances, where for many months the students do not get their textbooks. I do not know whether this will come within the purview of the UGC.

The UGC should not confine itself only to give financial assistance to these institutions. The scope must be widened to see that education is imparted in a very comprehensive manner. They have to examine all the aspects in their entirety. A close watch must also be kept on who should head the universities. Real educationists must be encouraged to head them, not as one of my hon. friends said, that Retired Directors of Public Instruction should be put on that chair. We are happy that the Ministry has as its head in charge of education an eminent educationist in the person of the Minister of State for Education. He should see that the function of the UGC are widened so that education is imparted on a more rational and nationalistic basis so that the existence of the UGC is justified.

SHRI P. NARASIMHA REDDY (Chittoor): We have been debating the importance of the university Grants Commission in the higher educational set-up. Many useful suggestions have been thrown on the report of this body.

The previous speaker, Shri Vankatasubbiah, drew attention to the deplorable condition in which many of our affiliated colleges are allowed to run. According to the report of the Commissions, nearly 87

[Shri P. Narasimha Reddy]

per cent of students belong to the affiliated colleges. Therefore, the attention of the universities as well as our Union Education Minister must no doubt be drawn to the needs of the affiliated colleges.

I would also bring to the notice of the Ministry of Education that my own college at Chittoor has been aptly described during the recent inspection of the Vice-Chancellor as being in a state of ruin. In fact, he described it as Hampi ruins. In spite of it, I regret to say neither the State Government nor any other authority has thought it fit to show some attention to its deplorable condition.

Mr. Chairman, in fact much, praise is also due to the sustained efforts of our University Grants Commission, within the limited resources available to it, to improve the standard of education and to provide the minimum, basic amenities to as many centres of learning as possible. In fact, the University Grants Commission, in its report has said :

"Within the resources available, the Commission has made planned and concentrated efforts to meet the challenge of an unprecedented expansion as well as need for raising the level and quality of academic achievement."

It is true we have had an unprecedented expansion in the educational sector. In fact the report has gone on to say that we have the third largest educational system in the world, the rate of increase in the student enrolment being 13 per cent and every year two to three lakhs get enrolled in higher education. In fact, this annual increase is much more than the total student enrolment in the United Kingdom. The situation being such, we can understand the colossal magnitude of the problem which the universities or our Union Ministry of Education has got to face within the limited resources and within the meagre elbow room, so to speak, and best efforts have got to be made by the University Grants Commission, as the Commission has been undoubtedly doing.

The hon. previous speakers have done well to draw the attention of the University Grants Commission as well as the Union Ministry of Education to the problems created by the medium of Education being resorted to in different universities. No doubt, the regional language has been accepted as the medium of instruction in the universities, and there is no going back. To quote from the University Grants Commission's report, which is relevant to this discussion :

"The Conference of Vice-Chancellors held in September, 1967 felt that at the under-graduate stage, the change-over in the medium of education to regional languages, could be carried through in about five to ten years, depending on the degree of preparatory work already done, the nature of the subject, and other relevant factors."

The Commission says further that "In the case of large cities, with multi-lingual population, the medium of education may continue to be English, in addition to the regional languages which the University would provide." But this important and relevant factor is not being borne in mind by the different universities, particularly in the bilingual and multi-lingual areas. I must mention that in my own constituency, which happens to be a bilingual area, with a sizeable number of Tamil-speaking population, neither the university nor the management have thought it fit to provide the alternative medium for the large student community. In fact, on account of the medium of education question and on account of student participation question, there has been recently in my own State a strike in some colleges and the colleges have remained closed for a considerably long period. This problem has got to be tackled by the University Grants Commission and the Union Education Ministry.

In the multi-lingual and bilingual areas, this option of English as the medium should be really provided in all these institutions. If the State Government or if the management fail to provide it, it

should be the duty of the University Grants Commission to attend to this problem and all the essential, minimum amenities to the student community belonging to the minority languages should be provided.

Similarly, I would stress the importance of expanding the correspondence course, facilities in all universities. As the previous speaker said, it is impossible to provide buildings, equipment, etc., for all the students that are coming to colleges for higher education. Correspondence courses would come in handy in this matter and we should provide an opportunity to the expending student community to have the benefit of higher education.

17-00 hrs.

MR. CHAIRMAN : You should conclude now. I want to call the Minister.

SHRI P. NARASIMHA REDDY : I would conclude in a minute. In the last years debate on the report of the University Grants Commission the attention of the Government was drawn to the imbalance in the establishment of the Central Universities in the various regions. All the Central Universities have been started in the northern region, and no central university was established in the southern region. There was a lot of resentment and displeasure on this score. I hope this imbalance would be corrected and action would be taken as early as possible.

श्रीमती सहोदराबाई राव (सागर) : सभापति महोदय, मध्य प्रदेश की सागर यूनिवर्सिटी मेरे क्षेत्र में है। विश्वविद्यालय अनुदान आयोग ने हमारी यूनिवर्सिटी को बहुत कम अनुदान दिया है। मैं शिक्षा मंत्री से प्रार्थना करती हूँ कि हमारी यूनिवर्सिटी को और अनुदान दिया जाये, जिससे कि वह ठीक तरह से चल सके।

सागर यूनिवर्सिटी डा० हरिसिंह गोड़ ने स्थापित की थी और आज सारे भारतवर्ष के लड़के वहाँ पढ़ने के लिए जाते हैं। वहाँ की व्यवस्था ठीक नहीं है। मुझे वहाँ के विद्यार्थियों ने कहा है कि मैं शिक्षा मंत्री से उसका अनुदान बढ़ाने के लिए प्रार्थना करूँ।

जो भी यूनिवर्सिटियों और कॉलेज खोले जाए, उन में एम० ए० तक शिक्षा की व्यवस्था की जानी चाहिये। इस समय कई जगहों में एम० ए० तक शिक्षा की व्यवस्था नहीं है।

यूनिवर्सिटी में सैनिक शिक्षा का प्रबन्ध किया जाना चाहिये इस के साथ ही कृषि शिक्षा की भी व्यवस्था की जानी चाहिये, जिससे लड़के यूनिवर्सिटी से शिक्षा प्राप्त कर के निकलें, तो खेती का काम ठीक तरह से चला सकें। आज स्थिति यह है कि जो लड़के यूनिवर्सिटी से शिक्षा प्राप्त कर के निकलते हैं, वे खेती का काम नहीं करना चाहते हैं। वे कहते हैं कि अगर देहात में जाते हैं, तो खूँ लगती है। वहाँ पर ऐसी शिक्षा होनी चाहिये कि लड़के पढ़ने के बाद खेती के काम में लग सकें।

जो हरिजन छात्र यूनिवर्सिटियों से शिक्षा प्राप्त कर के निकलते हैं उन को नौकरी नहीं मिलती है। बड़े लोगों के लड़के तो जैसे जैसे नौकरी प्राप्त कर लेते हैं, लेकिन हरिजन छात्रों को नौकरी नहीं मिलती है। इस लिए उस में बहुत असंतोष है। इस बारे में जातिवाद और पक्षपात के लिये कोई स्थान नहीं होना चाहिए और सब जातों को समान अवसर देना चाहिए।

हमारी यूनिवर्सिटी में कई प्रोफेसर दस दस, पन्द्रह पन्द्रह साल तक का काम करते हैं। इस कारण पढ़ाई ठीक नहीं होती है। इसलिए उन को पाँच सात साल के बाद बदल देना चाहिये।

[श्रीमती सहोदराबाई राय]

मैं यह भी कहना चाहती हूँ कि प्रोफेसर के पदों के लिए लड़कियों को पहला नम्बर देना चाहिये। वे शिक्षा के क्षेत्र में लड़कों की तुलना में ज्यादा अच्छी तरह काम करती हैं। शिक्षा के क्षेत्र में उन का योगदान बहुत अच्छा रहा है। भर्त टीचर तो इधर-उधर घूमा करते हैं और होटलों आदि में समय बिताते हैं, जब कि लड़कियाँ पूरी लगन के साथ पढ़ती हैं। लड़के तो हमेशा सिनेमा में जाकर अपना समय नष्ट करते हैं। इसलिये अगर छात्रों का सिनेमा में जाना बन्द कर दिया जाये, तो शिक्षा अच्छी होगी। जब परीक्षा का समय आता है, तो लड़के छुरेबाजी, मारपीट, दंगा और नकल करते हैं।

सारे भारतवर्ष की यूनिवर्सिटियों के अनुदानों को बढ़ाया जाये जैसा कि मैंने निवेदन किया है, सागर यूनिवर्सिटी के अनुदान को बढ़ाया जाये, ताकि उस की उन्नति हो। वह यूनिवर्सिटी केन्द्र की बनाई गई नहीं है। डा० हरिसिंह गौड़ ने लाखों रुपये में उसको स्थापित किया था। मैं प्रार्थना करती हूँ कि उस के अनुदान को दुगुना कर दिया जाये, ताकि वह प्रगति कर सके।

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN): I cannot but express my deep sense of gratitude to the hon. Members for the keen interest they have taken in the problems of higher education in the country. On the whole I would say that not only have I learnt much but I find myself in agreement with most of the important points that have been made. I have no doubt that the University Grants Commission would also be taking a similar point of view and would feel encouraged by the words of appreciation that have been expressed and the support that has been given in the House. I would only add my own tribute to the work of the University Grants Commission.

I am quite convinced that with the goodwill that has been expressed in the House for the Commission, it would be able to secure a larger allocation of the national funds because education, and higher education in particular, is becoming more and more expensive. I agree that we must not take a formalistic stand. we should not say that educational changes and reconstruction can take place only with the help of money and nothing can happen without money, but having conceded that point, I would like to support what the UGC has said, that without additional funds higher education cannot perform the role which the nation expects it to.

I would very briefly go through the main points which have been touched upon by hon. Members and make a few observations. First of all, (let us take) the question of the medium of education and of examinations. I do not want to go into this very controversial matter, but I would like to inform the House that 63 Universities allow an Indian language as a medium of examination for various courses at the under-graduate and Post-graduate level. Furthermore, the Ministry of Education has provided funds to the State Governments to undertake programme for having University level books produced in all the regional languages.

I am glad to note that a very large number of books have either been written or are in a fairly advanced stage of preparation. I would like to make our observation in this regard. We should not take the view that once some books are translated or written in a language, then the problem would be solved. The problem of higher education is a continuing one. By the time a 10-year programme is fulfilled, the books that were written or produced in the first year would become out of date. There is an explosion of knowledge, practically every ten years knowledge is doubling itself and old knowledge is becoming out of date. And if through the medium of our regional languages or other Indian language the students is not going to keep pace with the growing knowledge, our University system would

become backward and it would not lead to the advancement of the society.

Therefore, it should be our endeavour to ensure that the work of producing books in each of the regional languages is put on a continuing basis, so that the most advanced knowledge is made available to the students, to the teachers and to the researchers through the medium of the regional or Indian languages.

I am, therefore, not looking at the problem as regional language versus all-India language, but more as an academic problem. Is it feasible for us to have all this modern knowledge brought to the student through each of the regional languages? Clearly this is a task which is beyond our capacity. Therefore, while a certain core collection has to be made available in the the regional languages and it has to be supplemented regularly, at the same time, students have to be encouraged to learn Hindi and also English, so that for advanced studies, they can keep pace with the growth of modern knowledge.

The next point that has been made by many hon. members is the question of participation of students. I am very happy that hon. members have by and large supported the idea of participation of students in the functioning and governance of universities. I would like to refer the members to the report of the committee on governance of universities headed by Dr. Gajendragadkar, which has made positive recommendations and opened a new vista so far as this question is concerned.

The committee has stated that the participation of the students is not merely necessary in order to fulfil a students' demand but also to train the student, so that education becomes a two-way traffic between the teacher and the taught. It is not merely knowledge being passed on by the teacher to the taught but the senior and junior members of the college and university are actively engaged in a joint pursuit of knowledge, the teacher benefiting from the freshness of the mind

of the youth and the student learning from the experience and maturity of the senior teacher.

Therefore, it is a question really of involvement and participation in the pursuit of knowledge and in the training of character and personality. I hope hon. members will use their tremendous influence with the State Governments, and universities, so that the Gajendragadkar Committee's recommendations are implemented. The Education Minister announced last week in this House that the Government accept this report in principle and we would be very happy to implement the recommendations in all the central universities. But as the Education Minister rightly pointed out, we must carry the States with us. It was from this point of view that I wrote personal letters to the Governors who are Chancellors of the State Universities and to the Education Ministers, making a personal request to them to devote their attention to this document. I hope the response from the States would be encouraging. As soon as we are able to get the reactions of the States, Government will make a firm announcement in respect of the implementation of this report.

Sir, I am very sorry that I have very little time at my disposal and hon. Members have made so many extremely valuable points. But I will briefly refer to one or two points.

Taking up examinations first, one of the hon. Members was kind enough to make a personal reference to me. I was running the 30th year as a teacher when I was called upon to do my present job. I have more than 25 years of experience as an examiner at all the various levels, from high school in my younger days to Ph. D. and D. Litt. I must confess that I have very little faith in the system of examination which we have been operating. I could relate any number of anecdotes from my personal knowledge to tell you how in many cases the evaluation on the basis of this external examination is entirely misleading. As hon. Members have

[Prof. S. Nurul Hasan]

pointed out, one commission after another has said that this system must be scrapped.

Till now all these reports were submitted to the universities because the universities are autonomous. What else can the government do? We can change the constitution and composition of universities, but I do not think the House will expect the government to decide what should be the examination statutes or what should be the syllabus. However, government is deeply concerned about the present system of examination and the Education Ministry is working out new proposals; not necessarily to devise a new scheme of examination, but ways and means of using or involving these university people as there are many who recognise that this system must be modified. We are hoping to mobilise their support so that they may go to each of the universities. I shall do my very best and use whatever little influence I have with my distinguished colleagues in the various universities to ensure that at least some universities make a proper beginning.

Some universities have already gone in for internal assessment and for the introduction of the Semester system but in each of the universities there are a few difficulties. They say: "if the other universities have not adopted it, may be our students would be at a disadvantage." The problem is also linked with the attitudes of the employers, particularly the Union Public Service Commissions. I am, therefore, hoping to approach the Union Public Service Commission as well as the Public Service Commissions of the various States to make them agree that this system of evaluation is not necessarily the best system. So, that if the universities go in for a change of the system of examination, as I hope they will, the Commissions might fall in line with this new thinking in the matter of examination.

I would like to refer to the question of affiliated colleges. Government is deeply aware of the importance of affiliated colleges. There are several problems connected with these affiliated colleges. Here I

would have liked to express my own opinion, as I was a member of the Gajendragadkar Committee; but in my new job I can no longer afford to do that. The Gajendragadkar Committee is dealing with the governance of the colleges and with the question of the terms and conditions, scales of salaries, etc. of teachers. I think it would be proper for us to await the submission of the second and third parts of the report of the Gajendragadkar committee dealing with the affiliated colleges and with the terms and conditions of salaries of teachers before we express any definite opinion on these issues.

I would like to refer one or to rather small points which have been specifically made. It has been stated that in Delhi university students from Bengal are not being given admission. I have made enquiries and I was told that this was not correct at all. Some students who wanted accommodation in hostels could not be given accommodation because there was, unfortunately, a shortage of hostels in Delhi and these included students from all parts of the country—Bengal, Assam, U. P., Bombay and elsewhere. It would therefore, not be fair to blame the Delhi University for this.

It has been suggested that we have so far failed to develop priorities in education, specially in higher education and, that the planning has been inadequate, I would like to make the statement
(Interruption)

SHRI PILOO MODY (Godhra) :
Accept the charge.

PROF. S. NURUL HASAN : My hon. friend has always wielded so much influence over my thinking that I dare not disagree with him. He has read my mind.

It is true that we have not done planning of education in a way that we might have done. There are very good reasons for not doing it. It is connected with so many other factors, the most important

being that education, whether primary or secondary or higher education, is a State subject. But I hope, it would be possible to persuade the universities as well as the State Governments to agree to set up an adequate planning machinery. I am told that the University Grants Commission is thinking along these lines and I hope, they will be successful.

There was a reference to Banaras Hindu University. I would like to give this assurance to the House that the Government would give full support to all Vice-Chancellors of Central Universities, including the Vice-Chancellor of Banaras Hindu University, to maintain discipline and academic standards in these universities. The House should have no doubt that any type of pressurisation would be permitted; at least, I am very clear...(*Interruptions*)

SHRI C. K. CHANDRAPPA : Would you give a categorical assurance here and now that the *shakhas*, which are giving para-military training in the BHU, would be stopped from tomorrow onwards; or, you take your own time but at least give an assurance that they will be stopped.

PROF. S. NURUL HASAN : Any step which the legally constituted authorities of Banaras Hindu University wish to take in the interest of the university will be fully supported by the Central Government.

SHRI PILOO MODY : He has learnt very fast, very good.

PROF. S. NURUL HASAN : As regards the capitation fee, I would only like to read out a small paragraph from a resolution of the University Grants Commission. It reads :—

"The Commission disapproved the practice prevailing at present in some institutions of accepting a capitation fee or donation in some form from prospective students as a condition of admission. It was desired that the views

of the Commission may be brought to the notice of those concerned in order to put a stop to the above practice."

I am sorry to say that this categorical recommendation of the University Grants Commission has not received the attention that it deserved. I only hope that the authorities.....(*Interruptions*)

SHRI JYOTIRMOY BOSU (Diamond Harbour) : On the floor of the House we had pointed out—Shri Dikshit was here that for Patna Medical College admissions they were taking Rs. 50,000 and even students who came from foreign countries were forced to pay that money. Out of that collection Rs. 60 lakhs are in the bank and they have misappropriated to the tune of Rs. 30 lakhs. Yet, the Government adopted an ostrich-like policy and kept out of it.

PROF. S. NURUL HASAN : I was referring to the policy of the University Grants Commission and, so far as the Ministry of Education is concerned, it has assured the University Grants Commission of its full support and backing in implementing this policy.

I have very little time left at my disposal. I would just briefly refer to one or two small points. One is regarding a demand that no university has been named after our first President. That is not strictly correct. Rajendra Agricultural University in Bihar is named after our first President.

Lastly, I would like to refer to the question of the modernisation of courses, to the policy of restricting or enlarging admission and the question of employment. The Government is deeply conscious of the fact that education and, particularly, opportunities for higher education have not reached many sections of our population, specially those which are most deprived. It will be the endeavour of this Ministry to take every possible step to see that the doors of higher education are open to the most deprived sections of our population as a result of various methods that will be followed,

At the same time, while, I think, it should be the right of every Indian who has the capacity to benefit from higher education to receive higher education, not necessarily in order to take up employment, and that even a rikshah-wala or even a worker in a factory has every right to enjoy the works of philosophy or to appreciate paintings or science. Unfortunately, our resources at the moment are not adequate to be able to provide all these facilities immediately. Without diluting the quality of education and, in fact, while improving the quality of education, the Government would be introducing new techniques of taking education to the masses of our people. I am referring, in particular, to a few ideas, like, open universities, utilising radio and then shortly T. V., to take education to the common people and that correspondence and other modern techniques of expanding education will be fully utilised very soon.

It is necessary to have some sort of link between industry and agriculture on the other. It is necessary not only for the development of the country but also of education itself so that universities and college people do not remain in an ivory tower. At the same time while supporting the diversification of courses and modernisation of courses, I would like to sound a word of caution. New technology is developing fast and, as I submitted, new knowledge is growing at a very rapid rate.

If, therefore, the object of higher education is only to train a student in the given limited skills, it might become out of date very soon. If the object of higher education is not to train the mind, not to develop in him a scientific outlook or enlightenment, then, I am afraid that, while he may become a suitable person to take up a job on the basis of existing technology, he may not be able to carry forward this country to an advanced state of development. And, therefore, we have to balance between the needs of job orientation, job training as well as the training of mind. My friend, hon. Shri Daga, is

looking at me and I agree with him on the need for training of personnel so that the Indian student becomes a truly proud inheritor of a great cultural heritage. He is able to raise his moral stature and is able to develop in himself the self-confidence that he will be able to help build up the country; so that we remain dependent, either in science or in technology or in any other thinking, on any foreign dependence.

Thank you, Sir.

SHRI JYOTIRMOY BOSU : A bad job in a good hand.

FORWARD CONTRACTS (REGULATION) AMENDMENT BILL*

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : I beg to move :

"That the Bill further to amend the Forward Contracts (Regulation) Act, 1952, be taken into consideration."

RE. HALF-AN HOUR DISCUSSION

MR. CHAIRMAN : Now, there is the half-an-hour discussion by Mr. Kalyanasundaram. Is the hon. Member here ?

He is not here. So, what is the opinion of the House.

SOME HON MEMBERS: We adjourn, Sir.

MR. CHAIRMAN : The Minister will continue tomorrow. The House now stands adjourned till 11 a. m. tomorrow.

ORAL ANSWERS TO QUESTIONS

Alignment of Western Kosi Canal in Nepalese Territory

+

*182. SHRI BHOGENDRA JHA :
SHRI MUHAMMED SHERIFF :
SHRI RAM CHANDRA VIKAL :

Will the Minister of IRRIGATION AND POWER be pleased to states :

(a) whether approval from the Government of Nepal for the proposed alignment of the Western Kosi canal in the Nepalese territory as also about Gandak Project has been secured and if so, the broad outlines of the project;

(b) the total estimated expenditure on the completion of the Western Kosi Canal and whether the same is being fully provided for in the Fourth Plan; and

(c) what is the schedule for the acquisition of land, beginning of excavation and completion of the project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) to (c). A statement is laid on the Table of the House.

Alignment of Western Kosi Canal in Nepalese Territory

(a) As a result of discussions held by the Union Minister of Irrigation and Power and officers of the Ministry with His Majesty's Government in October, 1971. His Majesty's Government have agreed to make available land for the Western Kosi Canal by February, 1972 at the latest. A number of other points pending on the Kosi and Gandak projects were also settled during these discussions and guidelines agreed to for expediting the progress of several programmes envisaged in these projects.

The Western Kosi Canal will irrigate about 8 lakh acres in Bihar. It will also serve about 1 lakh acres in Nepal, including lift irrigation from the canal and modernisation, improvement and extension of the Chandra canal System.

(b) and (c). The Western Kosi Canal is assessed to cost about Rs. 37 Crores. At the time of formulation of the Fourth Plan, His Majesty's Government's clearance was still awaited, and a token provision of Rs. 50 lakhs was made in Bihar's developmental plans.

Details of the construction programme are being worked out by the Government of Bihar. A project of the magnitude of Western Kosi Canal will require 4 to 5 years for its complete implementation.

श्री भोगेन्द्र झा : अध्यक्ष महोदय, जहां तक पश्चिमी कोसी नहर का मामला है यह सदन को ज्ञात है कि पिछले 16 वर्षों में तीन बार इस कोसी नहर के कार्य का बाकायदा उद्घाटन हो चुका है लेकिन एक या दूसरे बहाने से यह टलता गया है। सब से आखिरी बहाना मेरी समझ में जो नेपाल सरकार का उस के बारे में था वह भी अब दूर हो गया है तो मैं आप के जरिए

मंत्री महोदय से जानना चाहूंगा कि इस 37 करोड़ की परियोजना के लिए सिर्फ 50 लाख रुपये की व्यवस्था अभी तक की है तो इस में क्या यह नीयत है कि इस काम में 25, 30 साल और लगाये जायें ? क्या हम के लिए चौथी पंच साला योजना के अन्दर पूरी रकम की व्यवस्था करने जा रहे हैं, यदि हां, तो कब तक ?

इस में नेपाल के अन्दर जो खर्च होगा सब को मिला कर वह कुल कितना है और भारत में जो खर्च होगा वह कितना है ?

मैं यह भी जानना चाहूंगा कि मंत्री महोदय ने अपने मूल जवाब में जो यह बतलाया है कि फरवरी 72 में नेपाल सरकार पश्चिमी कोसी नहर के लिए जमीन उन को दे देगी तो क्या उस समय तक भारत में जो जमीन उस के लिए हासिल करनी है उसका उस समय तक एक्वीजिशन कर लेंगे ?

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : With regard to western Kosi Canal, I wish to state that irrigation projects fall under the State Governments and therefore it is for the Bihar Government to allot the funds for the project. Since the Nepal Government has cleared acquiring of the Western Kosi Canal, we are requesting the Bihar Government to allot more funds for this year and hereafter and if sufficient funds are available it will be possible to get these projects through in about 4 to 5 years. The amount of money required by the Bihar Government will be about Rs. 37 crores. Out of this Rs. 37 crores, the amount needed for the first portion of the canal will be about Rs. 6 crores. The funds for the special benefits that will accrue to—Nepal by way of construction of canals will be about Rs. 3 crores. In other words, Rs. 9 crores will be in the Nepal territory and the balance will be in the Bihar territory.

श्री भोगेन्द्र झा : जब तक नेपाल से इसके लिए जमीन मिल जायेगी उस समय तक भारत में भी जमीन हासिल करने के लिए क्या इन्त-

जाम किया जा रहा है इसके बारे में मंत्री महोदय जवाब दें ।

DR. K.L. RAO : The Government of Nepal have been kind enough to say that they will acquire 22 miles which is required for the main canal by February, 1972. It is a very good progress. The Government of Bihar have to follow up and acquire the lands in their territory. I expect that they will also do that and acquire simultaneously land for the main canal and the branches in the Bihar territory.

श्री भोगेन्द्र झा : अध्यक्ष महोदय, यह परियोजना दो देशों से सम्बन्ध रखती है। उस के लिए विलम्ब भी हुआ और अभी मंत्री महोदय ने बताया कि इस में 9 करोड़ रुपया नेपाल राज्य के अन्दर खर्च होगा और बाकी का 28 करोड़ रुपया भारत के अन्दर खर्च होगा। एक ही नहर का वह हिस्सा है जो दोनों में बहेगा। इस स्थिति को देखते हुए बार बार यह सवाल उठेगा कि नेपाल सरकार से सीधे बिहार सरकार या कोई राज्य सरकार इन मामलों को तय नहीं कर सकती तो इस बात को ध्यान में रखते हुए मैं जानना चाहूंगा कि क्यों नहीं भारत सरकार इस परियोजना को अपने ही मार्फत ले लेती है और अपने से उसे चलाती है क्योंकि दो राज्यों के मामलों के भीतर बारबार बाधाएं आयेंगी और विलम्ब होगा तो क्यों नहीं भारत सरकार इस को अपने हाथ में ले लेती है ?

यहां जब यह 28 करोड़ का है और अभी 30 लाख ही हमारा खर्चा गया है और यह परियोजना नहीं हो सकेगी। बिहार सरकार के लिए जो चौथी पंचवर्षीय योजना में प्राविजन है वह सब मंत्री महोदय को मालूम है और हालत यह है कि बिहार में सारा काम अगर बंद भी कर दिया जाय तब भी यह काम पूरा नहीं हो पायेगा। इसलिए मैं यह जानना चाहूंगा कि इस कार्य को पूरा करने के हेतु विशेष रूप से कर्ज के रूप में या और किसी रूप में आर्थिक सहायता देने को तैयार हैं जिससे कि यह जमीन हासिल की जा सके नहीं तो यह विदेशी सीमा

का मामला बन कर रह जायेगा ।

MR. SPEAKER : Let him not give the reasons. Let him stop with his question.

DR. K. L. RAO : I want to make it clear that the project costs Rs. 37 crores plus Rs. 3 crores for the special benefit projects, that is, projects which we give as special benefit to Nepal. So, the total amount is Rs. 40 crores. Out of this, Rs. 9 crores will be spent in Nepal territory and the balance of Rs. 31 crores will be spent in the Bihar territory.

This is an irrigation project. Therefore, the Government of India do not finance it directly. That is the policy at the moment that the Government of India do not finance an irrigation project directly. Whether it is good or not, whether it is correct or not is something which I cannot say at the moment. But the present policy is that the irrigation projects are all financed by their respective State Governments. But the money that is spent in Nepal as special benefit for that country, that is, Rs. 3 crores will come from the Government of India, and, the balance of Rs. 37 crores has to come from the Government of Bihar.

The hon. Member's statement that the Bihar Government do not have a sufficient amount of money with them is correct. That is one of the worrying things. The number of projects that have been taken up in Bihar is a very large one, and they will require in all about Rs. 400 crores. But the Plan provision in the Fourth Plan of Bihar is only Rs. 100 crores. So, that is one of the worrying things. It has to be sorted out somehow.

श्री भोगेन्द्र झा : मंत्री महोदय ने मेरे इस प्रश्न का जवाब नहीं दिया कि केन्द्रीय सरकार स्वयं इस कार्य को अपने हाथ में क्यों नहीं ले लेती है क्योंकि यह दो देशों का मामला है ।

अध्यक्ष महोदय : कह दिया है उन्होंने ।

श्री राम चन्द्र बिकल : नेपाल सरकार से

जो अभी हमारा अंतिम रूप से फैसला हुआ है उस में मुख्य बातें क्या हैं ? क्या पानी के बटवारे के बारे में तय हुआ है कि कितना पानी भारत को मिलेगा और कितना नेपाल को मिलेगा और क्या उत्तर प्रदेश की सरकार से भी उस का कुछ सम्बन्ध होगा ?

DR. K. L. RAO : The agreement is in regard to both Kosi and Gandak. As regards the details, I am afraid it will take too long for me to go into them and I am not sure if the hon. Speaker will allow me that much time. There are four points of importance with regard to Kosi and there are four important points with regard to Gandak. All the eight have been agreed to by the Governments of Nepal and India.

श्री राम चन्द्र बिकल : मैं जानना चाहता था कि पानी के बटवारे के बारे में क्या तय हुआ है ?

DR. K. L. RAO : The agreement also covers sharing of the water. The Nepal Government wanted 850 cusecs from the eastern canal of the Gandak project. That has been agreed to. With regard to allocation from the Kosi, there has been no disagreement.

MR. SPEAKER : Could he also answer the previous question whether the Government of India are prepared to take it over ?

DR. K. L. RAO : I have already submitted that it is not the policy of Government to take over irrigation projects. Whether it is a wise decision or not is another matter. As a matter of fact, the entire Kosi barrage is in Nepal and that work has been done by the Government of Bihar. There has been no difficulty with regard to that and I do not see any reason why the Government of India should step in. There may be other reasons in that the Bihar has taken up a very big job in hand and some assistance to Bihar is called for. To that extent, I agree. But to say that because it is located in Nepal territory we should take it over is not a valid argument.

SHRI D. N. TIWARY : Has the Gandak canal project been given a new schedule or does the old schedule stand in regard to completion time ?

DR. K. L. RAO : In regard to the Gandak project, so far as the Nepal Government is concerned, there has been complete agreement and there is no reason for any delay. But I am not happy with the way the project is going on. We have spent a lot of money and yet no utilisation has come out of it. Even yesterday the Governor of Bihar met me and I have taken up the matter with him. We are suggesting now that a team be constituted to go into the programming and scheduling of the work in connection with the project. We will await the team's report to reschedule the whole programme of work with a view to get as much utilisation as early as possible.

SHRI D. N. TIWARY : Has a new schedule been fixed or the old schedule stands ?

DR. K. L. RAO : The old schedule will be adhered to ; if possible, we will try to improve on it.

श्री जगन्नाथ मिश्र : मैं मंत्री महोदय से जानना चाहता हूँ कि पश्चिमी कोशी नहर के काम की जो स्वीकृति मिली है उस के सम्बन्ध में नेपाल की सीमा में वह काम कब तक पूरा कर लिया जायेगा और भारत की सीमा में कब तक हाथ में लिया जायेगा ?

अध्यक्ष महोदय : यह तो बतलाया जा चुका है, आप देर से आये हैं।

श्री सरजू पांडे : जैसा मेरे मित्र श्री भोगेन्द्र झा ने पूछा, अगर यह दो राज्यों का मामला है तो इस योजना को केन्द्रीय सरकार अपने हाथ में क्यों नहीं लेती और राष्ट्रीयकृत बैंकों से रुपया ले कर इस को पूरा क्यों नहीं किया जाता ? आखिर इस में क्या कठिनाई है ?

अध्यक्ष महोदय : इस प्रश्न का जवाब भी दिया जा चुका है।

Energisation of Pump-sets and Rural Electrification

+

*184. **SHRI P. M. MEHTA :**
SHRI P. GANGADEV :

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether a blue-print for electrification of 2,33,000 villages and energisation of about five million pump-sets during 1971—81 has been prepared by his Ministry ; and

(b) if so, the total cost of the scheme ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). A statement is laid on the Table of the House.

Statement

Energisation of Pump-sets and Rural Electrification

A perspective plan for the decade commencing from April, 1971 to March, 1981 for rural electrification with emphasis on energisation of pump-sets for increasing agricultural production has been prepared by the Central Water and Power Commission and circulated to the State authorities. This programme envisages energisation of 4.87 million pump-sets and electrification of 2,33,000 villages during the decade. The total outlay involved for the implementation of the decade plan is estimated at Rs. 2270 crores. Subject to availability of these resources, it is expected that with the implementation of the decade plan, a total of 6.50 million pump-sets would be energised and 3,40,000 villages electrified by March, 1981 as compared to 1.64 million pump-sets energised and 1,07,000 villages electrified upto March, 1971.

SHRI P.M. MEHTA : What is the progress so far in respect of both physical and financial targets ? Also, what is the state-wise break-up in respect of these targets ?

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : In the

matter of rural electrification, we are making very good progress. In fact, it is heartening to note that we have a programme of work where the target has been much more exceeded in actual practice. We hope to reach the target that I have mentioned in the statement in reply to the question.

SHRI P.M. MEHTA : I asked for the State-wise data.

DR. K.L. RAO : I would like to send it to the hon. Member. It will take a long time to read it. It is a printed statement. I can give that to him.

SHRI P.M. MEHTA : May I know from the Government whether they have any projection to meet the financial requirements of the States under this plan ?

MR. SPEAKER : He is going too far from this question. Anyway, the Minister is always ready with the answer.

DR. K.L. RAO : It is a very important question that the hon. Member has raised.

MR. SPEAKER : I guessed so !

DR. K.L. RAO : The target that we have put in is very good. In the next ten years we hope to electrify all the wells in the whole country and also 60 per cent of the villages. So, that is a very good target. The hon. Member has raised a very important question about the money required for it, and has asked how we are going to finance it. The money that we have estimated comes to Rs. 2,270 crores. In the normal course of things, as we are doing now, we are spending at the rate of Rs. 150 crores a year. So, for the next ten years, it will be Rs. 1,500 crores. The extra amount of Rs. 700 crores odd, has to be found. That is exactly what we are trying to find out; that is, the additional amount of money, from some other source. I am sure that in view of the importance of rural electrification in the country, we will be able to find this amount.

MANY HON. MEMBERS *rose*—

MR. SPEAKER : May I know whether you have all read the list ?

SHRI P.G. DEB.

SHRI P. GANGADEV : I have gone through the statement, and I would like to know on what basis this blue-print has been drawn; whether it is drawn in accordance with the preliminary schemes sent by the States or it is prepared by the Centre directly after getting the report of the Central services team set up for this job.

DR. K.L. RAO : In the preparation of this, we have consulted the States, and then we tried to modify or rectify the regional imbalances, and then we prepared final statement and sent it to the States again. Most of the States have agreed that the plan as drawn up was quite correct.

SHRI K.S. CHAVDA : Keeping in view the fact that the Petroleum and Chemicals Ministry has increased the price of residual fuel, crude oil, used at the Dhuvaran power plant from Rs. 45 to Rs. 138 per metric tonne, may I know whether the Government intend to give a subsidy to the farmers who are going to use these pumping sets for the utilisation of electricity for increasing agricultural production ?

DR. K.L. RAO : He talks of a particular State. It does not affect the rate. The State has got a uniform rate, whatever may be the source of the cost of a particular individual project or power station; the cost is spread all over the State, and one uniform rate prevails. Therefore, I do not think there will be much of a change on account of this. I agree with the hon. Member, and I am myself taking up the problem, as the rise in the cost is too much.

SHRI P. VENKATASUBBAIAH : May I know whether the hon. Minister has made sure of the availability of electricity in order to energise and fulfil the target ? If so, may I know whether the Government of India is going to finance such of those electricity projects, hydel as well as thermal, where the pace of completion of those projects is very much lagging, because that will also disturb the targets that have been set by the hon. Minister ? May I know whether assistance is being given to the Sri-sailam hydroelectric project in Andhra Pradesh which is lagging behind in completion ?

MR. SPEAKER : How does this arise ?

SHRI P. VENKATASUBBAIAH : It does arise, Sir.

MR. SPEAKER It is too general a question.

DR. K.L. RAO : Now that you are taking up rural electrification programme, you should have sufficient amount of generation of power. That is what the hon. Member is asking and I think the relevance of the question is in that.

We have got to be careful to see that generation is there. Merely increasing the demand does not solve the problem. We are fully alive to this problem and are planning increased generation of power. We are fixing the target for 1981 as 51 Million Kilowatts as against the 17 that we have today. We are trying to do our best to see that generation copes up with the demand to meet the needs of the country in industry and agriculture.

(क) क्या सरकार को "अखिल भारतीय स्टेशन मास्टर्स एसोसिएशन" झांसी डिवीजन, मध्य रेलवे से इस आशय का एक ज्ञापन मिला है कि कैश आफिस, झांसी, मध्य रेलवे में लाखों का गोल-माल है;

(ख) क्या सरकार ने इसकी जांच कराई है; और

(ग) भविष्य में इस प्रकार के गोल-माल को रोकने के लिए सरकार क्या कदम उठाने जा रही है ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No, Sir. However, a copy of a complaint from All India Station Masters' Association, Jhansi Division was received from the

Hon. Member by the Minister for Railways.

(b) and (c). A statement is laid on the Table of the Sabha.

Statement

Enquiry into allegation regarding misappropriation of money levelled by All India Station Masters' Association, Jhansi Division (Central Railway)

(a) Certain cases of short receipt of cash remitted by various stations to the Regional Cash Office, Jhansi, have been reported during the last few years.

(b) Each of these cases has been, or is being enquired into by Departmental Enquiry Committees and the local police. In no case finalised so far, has loss been established to have occurred in the cash office. The following steps have been introduced to avoid cash thefts in future :—

(i) Direct remittance of station earnings into the local branches of the State Bank of India has been started at 17 stations on the Jhansi Division.

(ii) In the case of certain other important stations, arrangements have been made to collect the earnings through faster trains without involving transshipment of the travelling cash safes.

Further, a Junior Administrative Grade Officers' Committee has been appointed to, *inter alia*, make suggestions for improvements in the method of remittance in order to avoid losses.

श्री हुकमचंद कछवाय : अध्यक्ष महोदय, मैं यह जानना चाहता हूँ मंत्री महोदय से कि झांसी मंडल में पिछले अनेक दिनों से, बल्कि अनेक वर्षों से पैसे की चोरी हो रही है, यह सूचना आप को पहली बार कब मिली और जब पता लगा कि पैसे की चोरी हो रही है तो आप ने उस समय तत्काल कौन सा ठोस कदम उठाया ? क्या यह बात सही है कि इस के

कारण आप ने काफी स्टेशन मास्टर्स को स्थानान्तरित किया और उन को सजा दी, जब कि वह इस के दोषी नहीं हैं? क्या आप ने इस की खोज की है कि यह जो चोरी हुई है यह कौन ग्रुप इस तरह से वर्षों से करता आ रहा है?

SHRI K. HANUMANTHAIYA : So far as I could catch the translation, the complaint contains allegations against some people. Enquiries have been made in these cases. Today I called all the Members of the Board and also the Chairman of the Board and I have given instructions so that such cases may not recur. I have also issued instructions that these enquiries which are pending for a long time must be expedited and suitable punishment awarded.

श्री हुकम चन्द कछवाय : मैं यह जानना चाहता हूँ कि क्या यह बात मही है कि यह घटना पिछले अनेक दिनों से हो रही है और उस की वजह से आप ने काफी लोगों को दण्ड दिया है लेकिन उस का हल नहीं निकला? जिन को दण्ड दिया वह उस में शामिल नहीं हैं। जिन के पास माल जाता है, जो गार्ड ले जाता है उन के खिलाफ आप ने कोई कार्यवाही नहीं की?

दूसरे मैं यह जानना चाहता हूँ कि कितने पैसे की चोरी अब तक हुई है इस का कोई अनुमान आप ने लगाया है और भविष्य में इस प्रकार की घटनाएँ न हों उस के लिए कौन से ठोस कदम उठाए हैं? जो पैसा आता है स्टेशन पर वह पैसा नगर के किसी बैंक में तत्काल जमा कर दिया जाय ऐसा कोई आदेश आप ने दिया है क्या?

SHRI K. HANUMANTHAIYA : As the hon. Member says, it is true that these losses have been occurring for a long time. Now we propose to take stringent action. There is also the treasury system; wherever there is a branch of the State Bank, collections are being remitted to the bank. We have appointed a committee of three officers to suggest further improvements so

that such losses do not take place.

MR. SPEAKER : Shri Savant.

श्री हुकम चन्द कछवाय : कितने पैसे चोरी गए पिछले दिनों में यह आप ने नहीं बताया।

अध्यक्ष महोदय : दूसरे मेम्बर को बुलाने के पहले आप को यह कर लेना चाहिए था। जब मैं ने दूसरे मेम्बर को बुला लिया तब इस तरह प्रश्न करना ठीक नहीं है।

श्री हुकम चन्द कछवाय : मेरे प्रश्न का जवाब नहीं आया था, इसलिए मैं ने पूछा।

अध्यक्ष महोदय : वह दूसरे मेम्बर को बुलाने से पहले हो जाना चाहिए था।

SHRI K. HANUMANTHAIYA : So far as Jhansi Division is concerned, there have been 8 cases. The amount involved is not much—Rs. 4,000 in one case, Rs. 3402, Rs. 22,000, Rs. 33,122, Rs. 1000, and Rs. 23,482 in other cases.

MR. SPEAKER : Still it is not much !

SHRI SHANKERRAO SAVANT : May I know the total amount misappropriated, the *modus operandi* and whether there have been such misappropriations at any other place?

SHRI K. HANUMANTHAIYA : Yes, in other places also such things have happened. I propose now to take very stringent action. In all the railways in India, the number of cases in 1969 was 51 involving below Rs. 5000 each and 7 above Rs. 5000. In 1970, there are 29 cases of losses below Rs. 5000 each and only three cases above Rs. 5000.

Decline in Export of Fish

*186. SHRI D.K. PANDA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the export of various items of fish to various countries has fallen considerably this year;

(b) whether Government have received

representation on this matter from fish exporters; and

(c) if so, the action taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) and (b). No, Sir.

(c) Does not arise.

SHRI D.K. PANDA : The answer appears to be evasive, in view of the reported news that at Cochin, the largest-exporting centre, the fish catch has considerably gone down and the exporters' organisation also have sent a memorandum. May I know whether there has been a considerable fall in fish catch at Cochin ?

SHRI A.C. GEORGE : The answer was not evasive. Marine products is one sector where the exports have registered a very encouraging rate of growth during the past six years. Between 1965-66 and 1970-71, the rate of growth quantity-wise has been 135 per cent and value-wise it is more than five times. Taking the figures of export for the period April-September 1970 and April-September, 1971, it is Rs. 10 lakhs higher than the previous year. Quantity-wise, there has been an infinitesimal fall of 0.9 per cent.

SHRI D.K. PANDA : May I know whether there was any increase in any other fish-exporting centre ?

SHRI A.C. GEORGE : It is true that during the recent months, there is a slight fall in fish-catch.....

SHRI D.K. PANDA : My question is whether there has been an increase in fish export at any other centre.

SHRI A.C. GEORGE : 87 per cent of the marine exports are from Kerala and that is going through Cochin-alone.

SHRI VAYALAR RAVI : In Cochin, which according to the Minister is the major exporting centre for fish, there is a strike going on in front of almost all major exporting firms and that is why there is a fall in exports. Yet, the Minister says that there is no fall in exports. The facts

remains that an agitation is going on among the employees because the factories have been closed down. What steps are they going to take to see that the grievances of the employees are removed ?

MR. SPEAKER : That does not arise out of the main question.

SHRI VAYALAR RAVI : Because of the strike the export has gone down.

SHRI A.C. GEORGE : As I said earlier there is a slight fall recently and that is due to low catch. This low catch is because of seasonal and oceanographic reasons over which the Ministry of Foreign Trade have no control.

SHRI FATESINGHRAO GAEKWAD : In view of the Minister's statement that the export of fish has been going up encouragingly, would the Minister subscribe to the opinion that we are eating less fish in this country ?

SHRI A.C. GEORGE : No, Sir; we are catching more fish.

SHRI CHINTAMANI PANIGRAHI : The hon. Minister has just now said that 87 per cent of the export of fish is from Cochin. Perhaps the rest 13 per cent comes from Chilka. I would like to know whether there is any shortfall in this 13 per cent from Chilka and other areas.

SHRI A.C. GEORGE : The rest 13 per cent is not entirely from Chilka though I do concede that there may be some contribution from that area. I am not sure of the figures from the Chilka area.

SHRI R.S. PANDEY : Taking into consideration the good potential to earn foreign exchange by exporting fish, have you made any complete survey to find out the total potential of fish to be exported in order to earn foreign exchange ?

MR. SPEAKER : It does not arise out of the question.

Survey to link Ganga in North with Southern River Cauvery through Narmada

***187. SHRI RANA BAHADUR SINGH :**

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Central Government have invited a U.N. Team to conduct a 'first hand' survey of the basins of three riveres—the Ganga, the Narmada and the Cauvery—to link the river Ganga in the north with southern river Cauvery through the Narmada in Central India; and

(b) if so, the amount of money granted by the Central Government for the project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL): (a) and (b). A statement is laid on the Table of the House.

Statement

Survey to Link Ganga in North with Southern River Cauvery through Narmada

The river Ganga carries large volumes of water during the monsoon period near Patna which cannot be put to beneficial use in the basin itself. At the same time, areas in South Bihar and parts of Western and Southern India have great need for irrigation. Further, the flows in the rivers in these areas are very variable.

Preliminary office studies carried out in the Central Water and Power Commission show that some waters of the Ganga could be transferred by a combination of pumped and gravity canals, making use of natural water courses and existing or proposed reservoirs wherever practicable. Such an integrated National Water Grid is also expected to provide advantages for stabilisation of drinking water supplies and provide a very useful navigation link.

In the case of very large projects involving work which have not been done before in the country, it is essential before embarking on a detailed investigation to obtain a second opinion from experts who are acquainted with similar problems elsewhere. Investigations, design and preparation of project reports will be carried out entirely by the Indian engineers.

The expenses of the U.N. Experts would be borne by the United Nations themselves

and the contribution of the Government of India to their local expenses is expected to be about Rs. 22,500/-. The experts are expected to arrive in the near future.

SHRI RANA BAHADUR SINGH : In view of the statement I would like to know whether this sum that has been allocated will be spent within the Plan period ?

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : I do not know whether he refers to the expenditure on the UN expert which will come to Rs. 22,500. That will be spent by next March, this financial year.

SHRI PARIPOORNANAND PAINULI : In reply to an earlier question the hon. Minister said that the Centre does not take up irrigation projects. Does he mean to say that the river grid has to be implemented by the respective States ? If so, what steps are going to be taken to avoid water disputes between States ?

DR. K.L. RAO : I have only stated the general policy of the government; the irrigation projects are to be executed by the States from the funds that are allotted to them from the Centre as a block grant. So any irrigation project that is capable of implementation has to be executed by the State Governments. I did not exactly follow what the hon. Member said about water disputes between States. I can only say that when we have the national grid that will very greatly help to resolve these disputes.

SHRI PARIPOORNANAND PAINULI : My question remains unanswered. My question was whether the grid connecting the various rivers would be implemented by the various respective States in the region. If so, naturally there would be water disputes between the various States. What steps are proposed to be taken to resolve such disputes ?

DR. K.L. RAO : It is too early to think of that at this stage. First of all, the UN Team has to give its opinion. After that we have to take a decision after detailed study. The detailed study would take at least ten years. Then only the question of implementation will come. I think it is

too early to make any guess about implementation. I think an authority has to be created and funds have got to be got from the various States.

SHRI N. SHIVAPPA : This subject is being discussed quite often on the floor of the House and the same type of reply is being given and the problem is still outstanding. The hon. Minister has already said that another ten years will have to be at the disposal of the government in order to complete the investigation process. This is a project which could solve so many of our problems, including flood control. So, may I know whether the Minister is going to take it up seriously and discuss the problem with the States concerned and lay on the Table the final project after the discussion ?

DR. K. L. RAO : I have already submitted that we are trying to find out a second opinion of the exports who had experience of this type of work. Until that stage is over we cannot take up further detailed investigation.

Misuse of Actual Users' Licences

***189. SHRI MANORANJAN HAZRA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) the total number of actual users' licences detected to have been misused by various firms in the year 1970;

(b) their names and the value of licences misused; and

(c) the action taken by Government against the concerned firms ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : (a) to (c). A statement is laid on the Table of the House.

Statement

During the year 1970, the total number of parties, which were punished under the Imports (Control) Order, 1955 by way of debarment, is 227. Information as to how many of these were Actual User Licensees is being collected and will be placed on the

Table of the House.

The names of firms against which action is taken under Imports (Control) Order and Exports (Control) Order after investigation, are published in the Weekly Bulletin of industrial Licences, Import Licences and Export licences, copies of which are placed in the Lok Sabha Library.

SHRI MANORANJAN HAZRA : The Minister has stated in his statement that 227 parties have been punished. What kind of punishment has been given to them ?

SHRI L.N. MISHRA : It depends upon the offence. Whenever such mistakes are brought to the notice of the government suitable action is taken under the Imports (Control) and Exports (Control) Order. The moment a *prima facie* case is brought to the notice of the government, if the charges are serious, the party is debarred for a period of three months pending further investigation. After investigation by the sponsoring authority, DGTD and CBI if the charges are proved the party is debarred. If the charges are more serious then prosecution is launched.

SHRI MANORANJAN HAZRA : What is the money involved in respect of these 227 licences ?

SHRI L.N. MISHRA : It is difficult to give the exact figure in the case of these 227 cases. But I may say that most of them belong to the small-scale sector.

SHRI DHAMANKAR : Is it a fact that the actual users are selling them for 200 to 300 per cent in the market ?

SHRI L.N. MISHRA : I have no information.

श्री हुकम चन्द कछबाय : क्या यह सही है कि जिन लोगों को लाइसेंस दिये जाते हैं, वे स्वयं उन लाइसेंसों का उपयोग नहीं करते हैं और वे बहुत बड़ी रकमें ले कर दूसरों को बेच देते हैं और दूसरे लोग उन लाइसेंसों के द्वारा घन्घा करते हैं ? क्या सरकार ने इस बारे में कोई जाँच की है ? मंत्री महोदय ने जो आंकड़े बताये हैं, उनमें से कितने व्यक्तियों के लाइसेंस

जब्त किये गये हैं और क्या ऐसी नीति बनाई गई है कि भविष्य में उन को लाइसेंस नहीं दिया जायेगा ?

श्री एल०एन० मिश्र : सभी के लाइसेंस जब्त किये गये हैं और उन के खिलाफ कार्यवाही की गई है। मैं माननीय सदस्य को यह भी बता दूँ कि जहाँ हजारों और लाखों लाइसेंस दिये जाते हैं, वहाँ यह संख्या केवल 227 है। तुलनात्मक दृष्टि से यह बहुत कम संख्या है। यह जरूर है कि यह कानून का उल्लंघन है। लेकिन यह कोई ऐसी बात नहीं है, जिस से बहुत ज्यादा चिन्ता हो।

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मेरे प्रश्न का उत्तर नहीं आया। मैंने पूछा था— क्या यह बात सरकार के ध्यान में आई है कि बहुत से लोग लाइसेंस लेते हैं और बहुत बड़ी रकम ले कर बेच देते हैं ?

MR. SPEAKER : He has replied to it.

SHRI R.P. YADAV : Are there any criteria for granting licences and, if so, what are they ?

SHRI L.N. MISHRA : This is actual users' licence. Those manufacturers who use those items for manufacturing something are given these licences.

Approval to Bagmati River Project in Muzaffarpur

*193. **SHRI HARI KISHORE SINGH :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government have given approval to the Bagmati River Project in the Muzaffarpur District of Bihar;

(b) the total outlay of the Project and its total irrigational capacity;

(c) whether the people of the area have demanded that the Bagmati Project should be executed along the old course of the river; and

(d) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) and (b) Stage I of the Bagmati Irrigation Project in Muzaffarpur District, estimated to cost Rs. 5.78 crores and irrigate 1.2 lakh hectares, has been approved for implementation in

the developmental plans of Bihar.

(c) and (d) : The Government of Bihar have indicated that they have no information of such a demand. Originally the barrage was proposed at Dewapur. However, owing to a change in the river course in 1969, the barrage has been finally located by the Government of Bihar at Ramnagar, about 2 miles downstream of Dheng.

SHRI HARI KISHORE SINGH : I am rather astonished to see the reply of the Government. I have a letter from Dr. K.L. Rao himself in reply to my letter during the first session of this Parliament stating that the Bihar Government have no objection in executing this project along the old course of the river. I have not got the letter with me at the moment. But I can produce it. Several Block Development Committees have demanded that this project should be executed along the old course of the river. There is no question of barrage. In the presence of Dr. Rao, I had discussed this problem with the Chief Engineer of Bihar Government when there was a Conference earlier. So, I am really astonished to see this reply.

MR. SPEAKER : You need not be astonished. You ask another question.

SHRI HARI KISHORE SINGH : I want to know whether the Government is prepared to enquire into it. The people are agitating for getting this project executed along the old course of the river.

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : What the hon. Member wants is shifting of the barrage higher up so that more land can be brought under irrigation along the old course of the river. That is also the latest representation I have seen from a number of people in that area. Unfortunately, the Government of Bihar does not feel that it is possible. Generally, our studies also indicate that if we do that, the afflux or increase of water level will go into Nepal territory. It may not be much. But it will go into Nepal territory and, therefore, we will have to again take it up with the Nepal Government as to whether they will permit it. In the meanwhile, I asked the Bihar Government to look into it. But they feel that they should stick to the present decision. Anyway, I will again ask

them to look into it.

श्री बिभूति मिश्र : आप नेपाल की सरहद से दो मील हट कर बराज बना रहे हैं, यदि आप नेपाल की सरहद के कुछ नजदीक आ कर बराज बनायें तो पानी ज्यादा आयेगा। दूसरी बात—दो सालों की बारिश के बाद बाघमती नदी का कोर्स बदल गया है, जो बाघमती नदी ढाका-पताही थाने के कुछ हिस्से के नजदीक बहती थी, वह अब पूरे चार मील दूर चली गई है। क्या सरकार ऐसा सोच रही है कि बाघमती बांध ऊपर बनाया जाय ताकि दोनों तरफ से पानी को रोका जा सके जिस से कि इस के अन्दर का एरिया फ्लड-इफैक्टेड न हो और इरिगेशन का काम हो सके ?

DR. K.L. RAO : That is what I submitted. The barrage is now two miles downstream of the railway line. Now, what the hon. Member and others really want is that they should build it above the Railway line so that it can command more land.

SHRI BIBHUTI MISHRA : Yes.

DR. K.L. RAO : The only unfortunate thing is that as I have explained in reply to the hon. Member that if you shift the barrage higher up, it will increase the level of the water in the Nepal territory. So, we have got to take their permission and to deal with another country is always very difficult unless the question is absolutely necessary. So, I have asked the Bihar Government again to consider whether they think that the barrage should be shifted higher up to feed more area. But, their first reaction was that there is no water in Bhagmati to give more water for more land. So, they want to stick to the present position. Any way, I have asked them to review it again.

श्री भोगेन्द्र झा : अध्यक्ष महोदय, जैसा श्री भोगेन्द्र झा है, यह पहले से मालूम है कि बाघमती और अघवारा गिरोह की नदियों की यह स्थिति है कि उन्नी की धारायें बदलती रहती हैं, इसी लिये बाढ़ नियन्त्रण और सह-सिंचाई योजना पर सरकार पहले से चलती आ रही है, मैं जानना चाहता हूँ कि क्या मंत्री महोदय इस बाघमती परियोजना और पूरे अघवारा गिरोह की नदियों की परियोजना को बाढ़-नियन्त्रण और सह-

सिंचाई परियोजना के रूप में लेने का प्रयत्न कर रहे हैं ? इस का पानी नेपाल की तरफ न निकल जाय, क्या इस के लिये भी नेपाल सरकार से बातचीत हो रही है ताकि इस पानी को घेरा जा सके ?

DR. K.L. RAO : It is quite true that these rivers come from Nepal. They spill over the Nepal territory. Many times we have asked the permission of the Nepal Government for constructing the dam. In case of Bhagmati also we have been in correspondence with the Nepal Government. But they have not given the permission yet. But we have got to pursue this from time to time.

Profit earned by Rajdhani Express

***194. SHRI MADHURYA HALDAR :** Will the Minister of RAILWAYS be pleased to state :

(a) the net profit earned by Rajdhani Express for 1970-71; and

(b) the net profit to be earned by Rajdhani Express this year after the fare-rise ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b) Sir, it is not possible to work out the net profit from this train as accounts of expenses are not maintained for individual trains. Only the direct expenses for running the Rajdhani Express including the cost of fuel, crew, train staff, interest and depreciation charges on rolling stock, etc. and excluding the cost of catering service have been estimated. The earnings from this train exceeded the direct costs by about Rs. 44.84 lakhs in 1970-71 and about Rs. 11.92 lakhs in July, August and September 1971 after the increase in fares from 1st July.

SHRI MADHURYA HALDAR : If the Minister cannot say whether actually it is running on a profit or not...

SHRI ATAL BIHARI VAJPAYEE : He should be in a position to say.

SHRI MADHURYA HALDAR :...but he should have collected some information in this regard.

Further, may I ask whether he or his Ministry has under consideration any proposal to connect other big cities with Delhi by similar trains or not?

SHRI K. HANUMANTHAIYA : The hon. Member made the observation that we should collect the information. It is impossible. I have given the direct cost of the train. The Station Masters' pay and the track maintenance expenses, etc. cannot be calculated in terms of one train alone. Therefore, it is not a practical proposition.

Regarding the other suggestion of the hon. Member that trains should run between the national capital and the State capitals, I am also of that view and one by one we are implementing that idea.

SHRI MADHURYA HALDAR : Is there any difference between the Minister and the Members of the Railway Board regarding the stoppages of the Rajdhani Express ?

MR. SPEAKER : This is a question about net profits.

SHRI ATAL BIHARI VAJPAYEE : Profit is connected with the stoppage; the more the stoppages the more the profits.

श्री नवल किशोर शर्मा : अध्यक्ष जी, मैं आपके माध्यम से रेल मंत्री महोदय से जानना चाहूंगा कि दिल्ली और अहमदाबाद के बीच में राजधानी एक्सप्रेस चलाने की जो योजना थी...

अध्यक्ष महोदय : यह सवाल तो नेट प्रॉफिट्स के बारे में है।

श्री नवल किशोर शर्मा : इस सवाल से यह पैदा होता है।

अध्यक्ष महोदय : पैदा तो हर बात हो सकती है दुनिया में लेकिन खाहम-खाह क्यों पैदा कर लें।

PROF. NARAIN CHAND PARASHAR : Will the Railway Minister be pleased to state that as there is a slab system in the Rajdhani Express, will it not be possible to increase it ? It is a slab system which is

there, that is, Rs. 95 for ordinary and Rs. 300 for the other class. Is it not possible to increase the rates ?

MR. SPEAKER : This is a General question. Here the question is about assessment of profits of Rajdhani Express. It does not arise out of this. I am sorry I cannot allow it.

IMPEC'S Agreement with American Film Companies for Exchange of Films

+

*196. **SHRI VAYALAR RAVI :**
SHRI AJIT KUMAR SAHA :
SHRI HARI SINGH :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the IMPEC has refused to enter into an agreement with American Film Companies to exchange the films;

(b) if so, the reasons therefor; and

(c) the steps taken by Government for export of Indian films ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : (a) to (c) A statement is laid on the Table of the House.

Statement

(a) No, Sir.

(b) Does not arise.

(c) Besides participation in the International Film Festival and holding of Indian Film Weeks abroad, a consortium of prominent producers has been formed for intensive export efforts in Malaysia and Singapore. A subtitling plant is being installed by the Indian Motion Pictures Export Corporation. Overseas offices of the STC are rendering on the spot facilities to Indian Motion Pictures Export Corporation for promotion of exports in their regions.

SHRI VAYALAR RAVI : I want to know from the Minister how many Bangali Tamil, Telugu, Kannada and Malayalam films have been sent for these festivals. Will the Minister be able to enquire into

the allegations against the IMPEC that it is functioning only as a Bombay concern and make them to protect the interest of the language films ?

SHRI L.N. MISHRA : This question was raised in this House earlier and there was a Half - an - hour discussion also and I have replied to that also. I said that we did not renew the contract with the American producers since they were not willing to take our films on a commercial basis. The decision still continues.

SHRI VAYALAR RAVI : How many films of these languages have been sent ?

SHRI L.N. MISHRA : That I cannot say off hand.

SHRI VAYALAR RAVI : I want to know how the blocked amounts—amounting to millions of rupees—have been spent in this country and whether they have been spent for political purpose during last elections ?

SHRI L.N. MISHRA : This is a much bigger question. The question may be addressed to the Ministry of Home Affairs.

Mr. SPEAKER : You cannot get such things out of this simple question.

SHRI INDRAJIT GUPTA : In the course of earlier discussion on the subject the Minister stated that Government had decided not to renew the agreement with American Motion Picture Association on old terms and conditions and that they would agree to certain bilateral agreement provided Americans agree to certain conditions which we want, which would facilitate export of our films. I want to know whether after the expiry of earlier agreement Government are having any negotiation with American Motion Picture Association. If so, what is their response so far ? What is their attitude to this demand ?

SHRI L. N. MISHRA : A meeting was held in the room of the Ministry of Information and Broadcasting and some representatives from American films were perhaps also present there. We put our condition before them that unless they take Indian films we are not prepared to take their

films and they have gone back. The ball is now in their courts. If they want to have Indian films on a commercial basis, then only we will have American films.

Re-organisation of Railway Protection Force

+

***200. SHRI CHINTAMANI
PANIGRAHI .
SHRI RAJDEO SINGH :
SHRI BISHWANATH
JHUNJHUNWALA :**

Will the Minister of RAILWAYS be pleased to state :

(a) whether the Railway Protection Force is being reorganised to make it more effective ;

(b) if so, the broad features thereof ; and

(c) the advantages that are likely to accrue as a result of this reorganisation ?

**THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) :** (a) Yes, Sir. The re-organisation is under consideration.

(b) Broad features of the re-organisation of the Railway Protection Force are— separation of investigation staff ; formation of Protection Branch ; organisational changes in recruitment, disciplinary control etc. ; administrative changes at Divisional and Headquarter level ; enhancement of legal powers and changes in the working methods of the Force.

(c) Advantages likely to accrue are— better supervision ; better utilisation and performance of duties by the various Branches like Investigation, Prosecution, Intelligence, Protection and Armed Wing for control of crime on the Railways.

SHRI CHINTAMANI PANIGRAHI : I can only say that I thank the hon. Minister for the answer.

MR. SPEAKER : Shri Rajdeo Singh. He is absent. Then, Shri Bishwanath

Jhunjhunwala. He is also absent. I thank them also.

SHRI NAWAL KISHORE SINHA :
But I want to ask one supplementary question.

May I know whether it is a fact that so far there is no uniformity in the functioning of the RPF in the various railways in the country? In some railways, they are doing investigation work and in some, they are not. Some railways impart training to their employees and they have got special facilities for the purpose, but others have not. May I know whether the hon. Minister proposes to bring about uniformity in the functioning of the RPF throughout the country?

SHRI K. HANUMANTHAIYA : When there is the Railway Protection Force, uniformity has to be enforced, and we are looking into this problem to see whether there is any disparity.

Amount of Damages paid by Railways

*201. **SHRI FATEHSINGHRAO GAEKWAD :** Will the Minister of RAILWAYS be pleased to state :

(a) the total amount paid by the Railways as damages during the last three years, year-wise;

(b) the total claims preferred against the Railways during the last three years, year-wise;

(c) the number of claims decided against the Railways; and

(d) the steps being taken by Government to ensure greater efficiency with a view to minimising the loss on this account?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) to (d) The required information is given in a statement laid on the Table of the Sabha.

Statement

(a) Total amount paid on account of damage, loss, pilferage, destruction etc. of goods and parcels during the last three years is as under :—

Year	Amount paid (Lakhs of Rs.)
1968-69	017.89
1969-70	1123.76
1970-71	1222.62

(b) Total number of claims for compensation preferred against the Railways during the last three years is as under :—

Year	Number of claims
1968-69	7,20,036
1969-70	7,00,082
1970-71	6,92,662

(c) Number of claims settled by payment :—

Year	Number of claims
1968-69	4,10,394
1969-70	4,01,667
1970-71	3,85,733

(d) The following broadly are the measures taken to prevent and reduce the incidence of claims for compensation :—

- (i) Close supervision over loading and unloading of packages at certain selected stations and in respect of selected commodities to prevent loss/pilferage.
- (ii) Escorting of goods trains carrying valuable consignments/food-grains in open wagons by the armed Railway Protection Force personnel in vulnerable sectors.
- (iii) Patrolling by armed Railway Protection Force personnel as well as Dog Squads in vulnerable and major yards.
- (iv) Deployment of crime Intelligence staff of the Zonal Railway and the Central Crime Bureau staff of the Railway Board for collection of crime intelligence with a view to tracking down criminals, receivers of stolen property and organising raids for their arrest and recovery of stolen property.

- (v) Maintenance of close co-ordination between the Railway Protection Force, the Government Railway Police and the local Police at various levels for dealing with criminals and receivers of stolen property effectively as also railway employees conniving with criminals.
 - (vi) Organising of all India-drives against thefts and pilferages and drives against incidence of panel cuts and body cuts in wagons with a view to localising this mischief which is the main cause of pilferages and getting the wagons repaired early.
 - (vii) Emphasis on proper packing and marking of packages and labelling of wagons to avoid their going astray or getting delayed in transit.
 - (viii) Emphasis on correct documentation and securing of the relevant documents with the wagon;
 - (ix) Provision of brackets inside wagons for putting in additional labels.
 - (x) Loading of goods damageable by wet in water-tight wagons and speedy repair of wagons that are not water-tight.
 - (xi) Proper rivetting of wagons and E.P. Locking of wagons carrying valuable goods so as to prevent running train thefts.
 - (xii) Insistence on provision of dunnage where required, in case, for instance, of wagonload consignments of sugar, grain and pulses and oilseeds.
 - (xii i) Taking of special precautions when damageable goods are transported in open wagons, such as covering them securely with tarpaulins and, where necessary, providing escorts.
 - (xiv) Ensuring padlocking of luggage vans, parcels van, etc.
 - (xv) Educating staff and labour in careful handling of goods and organising now and again 'stop rough handling' and 'stop rough shunting' campaigns.
 - (xvi) Stressing the need for proper supervision and careful tallying of packages during loading and unloading.
 - (xvii) Fixing staff responsibility in as many cases as possible.
- SHRI FATESINGHRAO GAEKWAD :**
While it is heartening to know that as many as 17 measures have been taken to prevent pilferage and so on, then why is it that the amounts paid as compensation are increasing gradually year by year ?
- SHRI K. HANUMANTHAIYA :** That is exactly the problem that we are tackling. Naturally, there are a lot of loopholes and there are people who are corrupt. I am taking special steps, and holding meetings with the Board in order to devise better methods.
- SHRI FATESINGHRAO GAEKWAD :**
I am grateful to the hon. Minister for using the word 'corrupt'. In this connection, may I know whether there is any evidence to prove that railway employees themselves are involved in these thefts and pilferages ?
- SHRI K. HANUMANTHAIYA :** I do not say that there is evidence. That is the suspicion, and may be there is a lot of truth in it, and we must look into it.
- MR. SPEAKER :** Now, the hon. Minister has been careful in using his words.
- SHRI DINESH CHANDER GOSWAMI :**
One of the measures taken is fixing staff responsibility in as many cases as possible. May I know in how many cases the staff have been found responsible during the last three years ?
- SHRI K. HANUMANTHAIYA :** I require notice of that question.

SHRI JAGANNATH RAO : So many steps have been taken by the railways to reduce the number of claims which is dependent on the reduction of thefts and so on, but in spite of these steps, already the value of the claims being paid by them is going up. Will the hon. Minister explain this phenomenon ?

SHRI K. HANUMANTHAIYA : I am aware of the situation. This has been a malady of such a long-standing that I require some more time to tackle this.

WRITTEN ANSWERS TO QUESTIONS

Late Running of Mail and Express Trains between Kanpur, Katihar and Barauni Railway Stations

*181. **SHRI B.R. SHUKLA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether the Mail and Express trains running between Kanpur, Katihar and Barauni Railway Stations usually run very late; and

(b) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b) No, Sir, except during the months of August & September when, on account of heavy rains and floods in Bihar, breaches occurred and track was damaged on Barauni-Katihar Main line section and Kanpur Katihar trains had to make a detour via the Samastipur-Khagaria Chord line.

Dieselisation of Train

*183. **SHRI SAT PAL KAPUR :** Will the Minister of RAILWAYS be pleased to state .

(a) the particulars of the trains which have been dieselised with effect from the 1st November, 1971, and to what extent the running time will be reduced by this dieselisation; and

(b) the proposals before Government for dieselisation of other trains in the near future?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Sir, only one pair viz. 25 Dn/26 Up Air-conditioned/Paschim Express has been dieselised between Bombay Central and New Delhi from 1-11-71. As a result, the load of this train has been augmented by four bogies and the journey time has been reduced by 45 minutes in Bombay Central-New Delhi direction and 1 hour 45 mts. in New Delhi-Bombay Central direction.

(b) A tentative list has been drawn up for about 20 B.G. and 12 M.G. pairs of Mail/Express trains to be dieselised in a phased manner depending on the availability of diesel locomotives and the relative priorities of the various sections.

इण्डियन रेलवे चैंकिंग स्टाफ एसोसिएशन द्वारा प्रस्तुत मांग पत्र

*188. **श्री रामावतार शास्त्री :** क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत 28 और 29 अगस्त को पटना में इण्डियन रेलवे चैंकिंग स्टाफ एसोसिएशन का अखिल भारतीय सम्मेलन आयोजित किया गया था ;

(ख) क्या उस सम्मेलन में पास किये गये संकल्प और मांग-पत्र उनके मंत्रालय को भेज दिये गए हैं ; और

(ग) यदि हां, तो इस सम्बन्ध में सरकार की क्या प्रतिक्रिया है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) मालूम हुआ है कि 28 और 29 अगस्त, 1971 को पटना में भारतीय रेलवे टिकट चैंकिंग स्टाफ एसोसिएशन का एक सम्मेलन हुआ था ।

(ख) जी नहीं ।

(ग) प्रश्न नहीं उठता ।

Fisheries Complex at Cochin

*190. **SHRI A. K. GOPALAN :** Will

the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have any proposal to establish a fisheries complex at Cochin (Kerala);

(b) if so, its main functions; and

(c) when it will start functioning ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) and (c) Do not arise.

Demand of Wagons by Trading Communities on Northeast Frontier Railway

*191. SHRI PRIYA RANJAN DAS

MUNSI : Will the Minister of RAILWAYS be pleased to state :

(a) what was the actual demand of wagons by the business and other trade communities on Northeast Frontier Railway during the last three years and how much of it was met;

(b) what are the reasons for delaying the supply of wagons; and

(c) whether any immediate step is proposed to be taken to expedite the supply of wagons, particularly for the tea industries ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a)

	Demand	(In terms of 4-wheeler wagoons)	
		Supply	Percentage of supply to Indent
1969-70			
Metre Gauge	340,651	339,652	99.8
Broad Gauge	41,968	41,521	99.0
1970-71			
Metre Gauge	303,310	294,193	97.0
Board Gauge	38,638	33,987	88.0
1971-72 (Upto October, 1971)			
Metre Gauge	169,730	158,888	93.6
Broad Gauge	14.652	14,530	99.2

(b) There was some delay in meeting the demands on the Northeast Frontier Railway during 1970-71 as operation on Northeast Frontier Railway during the year was severely affected due to unsatisfactory law and order situation prevailing in the eastern parts of the country. Various incidences of civil disturbances, bundhs, passenger demonstrations etc., prolonged periods of go-slow and strike by the railway employees severely affected the operation during the year. The loading of jute traffic during the jute season of 1970-71 was also affected as it had to be frequently restricted on account of heavy accumulation of jute wagons at

various terminals in Calcutta area and the Jute Mills strike from 7.12.1970 to 25.12 1970.

In the current year, clearance of traffic during last 3 months was held up on account of extensive and prolonged breaches on the Northeast Frontier Railway broad gauge section and Katihar-Garhara metre gauge section of North Eastern Railway which are the main two outlets for traffic from Northeast Frontier Railway.

(c) Supply of wagons for tea traffic is accorded highest priority and a very special

watch is maintained. During the current year upto October, 710 broad gauge and 14,530 metre gauge wagons were supplied for tea loading as against 1201 broad gauge and 13,201 metre gauge wagons during the corresponding period of last year. This would have been better still but for the loading having been affected due to breaches during the last 3 months. With the opening of through communication over the Fraakka Barrage, movement of goods traffic from Northeast Frontier Railway would be accelerated and would enable the loading to be stepped up still further.

**Long-Term Agreement with Tea
Producing Countries to protect
Export Price of Tea**

*192. SHRI PILOO MODY : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether India has proposed a long-term agreement among tea producing countries to replace the *ad hoc* arrangements in order to protect export prices of tea;

(b) whether the issue has been discussed at a meeting and the standing exporters group; and

(c) how India's earnings from exports of tea are likely to be upset consequently ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) to (c) As a result of detailed discussion at the meetings of the F.A.O. Consultative Committee on Tea, the basic principles for the allocation of export quotas was entrusted to its Standing Exporters Group. At the meetings of the Group the object was to pursue the efforts by the majority of the producing countries towards a long term Agreement. At the last meeting of the Standing Exporters Group held in Rome from 13th to 21st September, 1971, India's stand has been that provision for a short term Agreement, should be within the framework of a long term Agreement. It was decided at the meeting to extend the *ad hoc* agreement among exporters upto the 31st March, 1972 and a revised export quotas for the participating exporting

countries have been fixed for 15 months period from the 1st January 1971 to the 31st March, 1972. The joint quota for India and Ceylon for 15 months is 506 thousand tons as against a global quota for all exporting countries at 727.6 thousand tons.

The main benefit that India is expected to derive is an improvement in the unit value of her exports of tea and consequently the foreign exchange earnings.

Trade Agreement with Rumania

*195. SHRIMATI SAVITRI SHYAM : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a trade agreement has been reached between India and Rumania recently;

(b) if so, the expected volume of trade between the two countries; and

(c) the expected advantage and profits to be earned by India ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : (a) to (c)

(a) No trade agreement has been reached between India and Rumania *recently*. The existing long-term trade and payments agreement between India and Rumania was signed in Bucharest on the 24th March, 1971, and shall be valid till 31st December, 1975. Copies of the said Agreement are available in the Parliament Library.

(b) Indo-Rumanian Trade Protocol for 1971 envisages a total trade turn-over of Rs. 543 million.

(c) The Trade Protocol for 1971 provides, *inter alia*, for import of fertilizers like C.A.N. and urea which are needed in the country. It also provides, *inter alia*, an outlet for our low-grade iron ore.

Import of Copra from Ceylon

*197. SHRI C. JANARDHANAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have allowed the import of Copra from Ceylon;

(b) if so, the terms and conditions thereof; and

(c) the amount of Copra imported during the last three years ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) and (b) Import of Copra is allowed from all permissible sources of supply including Ceylon.

(c) The quantity of Copra imported in the last three years from Ceylon was as follows :

	Metric Tons
1968-69	7,224
1969-70	10,425
1970-71	12,850

M.M.T.C. Plan to Export Coal to Europe

***198. SHRI P.K. DEO :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the attention of Government of India has been drawn to a report in the Indian Express of the 27th September, 1971 stating that Minerals and Metals Trading Corporation are planning to Export Coal to Europe;

(b) if so, the anticipated foreign exchange earnings therefrom; and

(c) the countries to which coal is proposed to be exported ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : (a) Yes, Sir.

(b) and (c) : Negotiations by the MMTC are in an exploratory stage and therefore it is not possible now to state the names of countries with which contracts may be concluded, the quantities that may be ultimately sold and the likely foreign exchange earnings on the sales. During 1969/70 and 1970/71, MMTC actually sold coal worth

about Rs. 80 lakhs to Western Europe.

Pending cases in High Courts

***199. SHRI K. LAKKAPPA :
SHRI P.A. SAMINATHAN :**

Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether the Committee of Judges to go into the problem of arrears in the High Court and to suggest remedial measures has submitted its report;

(b) if so, the main recommendations of the Committee;

(c) when these recommendations will be implemented; and

(d) the steps Government propose to adopt in the intervening period to remedy the situation ?

THE MINISTER OF LAW AND JUSTICE (SHRI H.R. GOKHALE) : (a) Not yet, Sir.

(b) and (c) Do not arise.

(d) The Committee is expected to submit its Report before the end of this year. In view of this, the question of adopting any measures in the intervening period does not seem to arise, but the strength of the judges in the various High Courts is being reviewed by the Chief Justices and the State Governments from time to time and prompt action is being taken by the Govt. of India whenever any recommendations from them are received.

Use of Inspection Coaches and Saloons by Officers on Deputation to Railway Audit Department

***202. SHRI K. SURYANARAYANA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether the Officers of the Indian Audit and Accounts Department, while on deputation to the Railway Audit Department, are entitled to the use of metal passes, inspection coaches and saloons on the same lines as the Railway Officers;

(b) if so, whether such Officers are authorised to use these saloons or special coaches even when they proceed on transfer;

(c) the number of times the Chief Auditors of the various Railways used special carriages while on transfer during the current year;

(d) the reason why it was not possible for them to travel by the running train service in 1st Class; and

(e) the action Government propose to take in the matter to prevent the abuse of such concession ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) As the Railway Audit Department is part of the Indian Audit & Accounts Department, the officers of the Indian Audit & Accounts Department while serving in the Railway Audit Branch are not on deputation. While serving in the Railway Audit Branch, these officers are governed by the Travelling Allowance Rules of the Indian Railways. Like other Railway officers, such officers of the Indian Audit & Accounts Department are also entitled to travel on Railways on Metal Passes which entitle them while travelling on duty to use Inspection Carriages subject to their availability.

(b) No, Sir.

(c) Nil.

(d) and (e) Do not arise.

Irregularities in Import of Newsprint from Canada

***203. SHRI S C. SAMANTA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have received complaints about the newsprint imports and its handling;

(b) whether Government have taken notice of an article on 'STC' published in *Young Indian* of September 2, 1971 and another article on Registrar of Newspapers office in *National Herald* hinting serious irregularities in the import of newsprint

from Canada through a group of persons earlier involved in the 'Sulphur Deal' of STC; and

(c) whether an Inter-Departmental Committee will be set up to investigate into this newsprint import scandal ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) No, Sir.

(b) Government is aware of the reports appearing in the newspapers referred to by the Hon'ble Member.

(c) Does not arise.

Supply of Crude Oil to India by Foreign Countries

204. SHRI NAWAL KISHORE SHARMA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether there is any proposal under consideration of Government to enter into a long-term agreement with foreign countries/oil companies for the supply of crude oil to India;

(b) if so, the terms and conditions offered by Government of India;

(c) whether some foreign countries/oil companies have offered to supply the crude oil; if so, the name of such countries; and

(d) the time by which the agreement will be executed ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) to (d) The information is being collected and will be laid on the Table of the House.

Development of Railways in Philippines by India

***205. SHRI P. VENKATASUBBAIAH :** Will the Minister of RAILWAYS be pleased to state :

(a) whether negotiations have been going on for the development of Railways

in Philippines by India;

(b) if so, the outcome thereof; and

(c) the nature of work to be taken up by this country ?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) Yes Sir.

(b) and (c) A team of two Indian Railway experts visited Philippines in July, 1970 to advise Philippine National Railways in the field of diesel engines maintenance and of railway equipment including track maintenance. Another team of three Indian Railway officers visited the Philippines in December, 1970 for a period of 2 weeks to assess the damage caused to their Railway due to typhoons and suggest ways and means of rapid restoration of communications. This team also suggested ways and means of increasing speeds on some of the important sections and of increasing the number of trains on the Railway.

Another three diesel engineers are scheduled to visit the Philippines shortly for a period of about 3—6 months for training drivers and helping to set up repair and reconditioning centres for reclamation of components. The Philippines Government have also requested for the services of 2 executives from the Indian Railways for a period of one month to review their rehabilitation programme. As desired by the Philippines Government, the two executives will be leaving in early January, 1972.

10 Philippine National Railway's diesel engineers are expected soon to come over to the Indian Railways for 6 months, training under the Colombo Plan.

Introduction of Rajdhani Type of Trains between Delhi-Bombay and Delhi-Madras

*206. SHRI K. BALATHANDAYUTHAM : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government intend to introduce Rajdhani type of trains between Delhi-Bombay and Delhi-Madras; and

(b) if so, when these trains are likely to be introduced ?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) Yes, Sir.

(b) The dates by which this type of trains will be introduced have not yet been decided.

Supply of Raw Water to Delhi

*207. SHRI H K.L. BHAGAT : Will the Minister of IRRIGATION AND POWER be pleased to states:

(a) the total raw water supplies available to Delhi during summer months;

(b) whether there are any plans to augment the supplies during the next five years; and

(c) what are the plans and when are they likely to be implemented ?

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : (a) About 170 million gallons per day are at present used in Delhi during the summer months for domestic and industrial water supply. In addition, 32 MGD are pumped for use in gardens in New Delhi.

(b) and (c) Arrangements have been made with Uttar Pradesh Government to provide water from Ramganga dam from October, 1974 onward. Arrangements have been made with the Government of Haryana to line the Western Yamuna Canal system, to reduce the losses which occur at present in the transmission of Bhakra waters to Delhi. Discussions are also going on with the Governments of Uttar Pradesh and Haryana for obtaining fresh water in lieu of sewage effluent which can be used for irrigation in these States. It is expected that as a result of the above measures, the waters available to Delhi would be doubled in another three years.

A scheme to augment the water supply to Delhi by pumping some of the surplus monsoon waters flowing in the Yamuna river and storing them near Dhauj and Kot villages in Haryana has also been prepared.

It has not been, however, possible to process with the scheme as the Government of Haryana have not agreed to it.

It is also proposed to make provision for Delhi Water Supply in the storage reservoirs being planned in the Yamuna basin in Uttar Pradesh and Himachal Pradesh. It is also proposed to get additional supplies for Delhi from the Indus System of rivers.

Likely Shortage of Power in North-Western States

***208. SHRI VIJAY PAL SINGH :** will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the States of Punjab, Haryana, Madhya Pradesh, Rajasthan and Delhi are likely to be hit by acute power shortage in the near future;

(b) if so, the reason therefor; and

(c) the steps taken to meet this shortage ?

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : (a) Punjab, Haryana and Uttar Pradesh are likely to experience shortage of power upto 1974-75. The power supply position in Madhya Pradesh which will be fairly comfortable up to 1972-73 is likely to deteriorate from 1973-74 onwards. The power availability position in Rajasthan and Delhi will be comfortable up to 1974-75.

(b) The reasons for power shortages are :

- (i) Delay in the completion of the power projects under execution; and
- (ii) Accelerated load growth in the region due to around development activities.

(c) The following steps have been taken to arrest the power shortage :

- (1) The projects under execution in the region are being expedited.

(2) Relief power will be arranged from the neighbouring States such as Delhi, Rajasthan and Madhya Pradesh by bringing in all the available plants including stand by plants, when necessary.

(3) Additional power will be made available from Central Projects --Badarpur and Rajasthan Atomic Power Project which are nearing completion.

(4) Sanctioning of additional diesel generating sets (including imported sets) for supplementing the power availability.

(5) Expediting completion of inter-State and inter-regional transmission lines to facilitate exchange of power from surplus to deficit States.

Cases pending in High Courts and Supreme Court

***209. SHRI H.M. PATEL :** Will the Minister of LAW AND JUSTICE be pleased to state :

(a) the total number of cases pending in various High Courts and Supreme Court as on the 1st October, 1971;

(b) whether any new procedure is being devised or other efforts are being made to dispose of the pending cases expeditiously; and

(c) if so, the nature of the new proposal ?

THE MINISTER OF LAW AND JUSTICE (SHRI H.R. GOKHALE) : (a) Information as on the 1st October is not readily available. However, a statement giving information as at the end of June, 1971 is laid on the Table of the House.

(b) and (c) The Problem of arrears in the High Courts is already being looked into by a Committee of judges whose report is expected to be received by the end of December, 1971. Further measures for the expeditious disposal of pending cases will

be decided in the light of the recommendations of the Committee.

Price Fixation of Cotton

*210. S.P. BHATTACHARYYA : Will the Minister of FOREIGN TRADE be pleased to state the principles of price fixation of Cotton ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : Market prices of cotton are governed by demand and supply position. The support prices are, however, announced by the Government. These are based on the recommendations of Agricultural Prices Commission, which takes into account relevant factors like cost of production, the levels of inter-commodity structure of support prices and due return on the produce.

Opening of a New Railway Station at Manwala on Sirsa-Bhatinda Rail Track

1195. SHRI B. S. BHAURA : Will the Minister of RAILWAYS be pleased to state :

(a) the number and names of new Railway Stations opened in Punjab during the current year;

(b) whether the Railway Authorities have any proposal to open new Station at village Manwala on Sirsa-Bhatinda rail track on Northern Railway; and

(c) if so, the date of opening ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) One station named Dappar on Ambala-Kalka Section.

(b) Yes.

(c) It is not possible to indicate any specific date for opening of the halt at present.

**Establishment of Vamanapuram
Irrigation Project, Kerala**

1196. **SHRI VAYALAR RAVI :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government have received any representation to establish the Vamanapuram Irrigation Project in Kerala; and

(b) if so, how far the Government have moved with regard to this Project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b) Certain representations were received urging the implementation of the Vamanapuram irrigation project. As the project proposals have not been received by the Central Water and Power Commission, enquiry was made from the Kerala Government who have reported that the project report is likely to be sent to the Central Water and Power Commission in about six months.

**Private Employment by Railway
Officers on Study Leave Abroad**

1197. **SHRI K. SURYANARAYANA :** Will the Minister of RAILWAYS be pleased to state :

(a) the number of Class I Officers of the Railway Power and Mechanical Engineering Department recruited from the cadre of Special Class Railway Apprentices Traffic Department and Electric Department of the Northern and North Eastern Railways who have proceeded on long leave to the United States for higher studies at their own expense;

(b) whether these Officers are permitted to take up employment part-time or otherwise, while in the United States on such leave;

(c) if so, under what orders or rule in the Railway Establishment Code; and

(d) what machinery has been devised by the Railway Board to prevent such Private employment being undertaken by such officers in Foreign Country while on leave ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Eight; two of the Officers have since resigned from Railway Service.

(b) No.

(c) Does not arise.

(d) The rules provide that Railway Servants on leave should not take up any service or accept any employment without obtaining the previous sanction of the Competent Authority. Infringement of the provisions of the rules makes the Railway Servants concerned liable to disciplinary action.

Rise in Prices of Woollens

1198. **DR. KARNI SINGH :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether prices of woollens have registered a rise of about 15 per cent over the last year's prices;

(b) if so, the reasons therefor; and

(c) the steps Government propose to take to bring the prices within the reach of the common man ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b) More or less in tune with the general rise in prices of all commodities, wholesale prices in India in respect of woollen manufacturers have registered a rise of 5.6 per cent from the average index of 180.8 for the year 1970 to 191 for the week ending 23.10.1971.

(c) Does not arise.

रेलवे के शिक्षा संस्थानों में अनुसूचित जातियों के प्रिंसिपलों की नियुक्ति

1199. श्री अम्बेश : क्या रेल मंत्री रेलवे द्वारा चलाई जा रही शिक्षा संस्थाओं में प्रिंसिपलों की नियुक्ति के बारे में 10 अगस्त, 1971 के अतारंकित प्रश्न संख्या 7394 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) प्रत्येक रेलवे जोन द्वारा पृथक-पृथक कितने हाई स्कूल, उच्चतर माध्यमिक स्कूल तथा इंटरमिडियेट कालेज चलाये जा रहे हैं और वे कहाँ कहाँ स्थित हैं तथा इन शिक्षा संस्थाओं में प्रिंसिपलों की प्रथम नियुक्ति की तारीख कौन-कौन सी हैं;

(ख) अनुसूचित जातियों और अनुसूचित आदिम जातियों के प्रिंसिपलों की अलग-अलग संख्या कितनी है; और

(ग) यदि उक्त जातियों के प्रिंसिपलों की संख्या उनके आरक्षण के अनुपात में नहीं है तो राज्यों से उक्त जातियों के प्रिंसिपलों को डैपूटेशन पर न लेने अथवा सीधी भर्ती के लिए विज्ञान न देने के क्या कारण हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) एक विवरण, जिस में स्थिति बतायी गयी है सभा पटल पर रख दिया गया है। [ग्रन्थालय में रखा गया। देखिये संख्या एल०टी०-1084/71]

(ख) और (ग) सूचना इकट्ठी की जा रही है और सभा पटल पर रख दी जायेगी।

दिल्ली प्रशासन से अनुसूचित जातियों के लोगों के प्रिंसिपलों के पद पर रेलवे स्कूलों/कालेजों में डैपूटेशन पर नियुक्ति

1200. श्री अम्बेश : क्या रेल मंत्री 3 अगस्त, 1971 के अतारंकित प्रश्न संख्या 6713 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे द्वारा 12 उच्चतर माध्यमिक स्कूल, 15 हाई स्कूल और एक इंटर-

मीडियेट कालेज चलाया जा रहा है;

(ख) क्या पश्चिम रेलवे को छोड़कर किसी अन्य जोन में अनुसूचित जाति का कोई भी व्यक्ति प्रधानचार्य के पद पर कार्य नहीं कर रहा है;

(ग) यदि हां, तो क्या सरकार अनुसूचित जातियों को प्रतिनिधित्व दिलाने के लिए इन शिक्षा संस्थाओं में दिल्ली प्रशासन से प्रधानाचार्य डैपूटेशन पर ले रही है या नई भर्ती कर रही हैं; और

(घ) यदि नहीं, तो इसके क्या कारण हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) रेलों 3 माध्यमिक कालेज, 224 उच्चतर माध्यमिक और 25 हाई स्कूल चला रही हैं।

(ख) सूचना इकट्ठी की जा रही है और सभा-पटल पर रख दी जायेगी।

(ग) और (घ) ये पद जो तीमरी श्रेणी के थे और पदोन्नति द्वारा भरे जाते थे, अब, राजपत्रित संवर्ग में रख दिये गये हैं। इन पदों के भर्ती के लिए भर्ती नियम बनाने के प्रश्न पर विचार किया जा रहा है।

Closure of Rajnagar and Anant Textile Mills, Ahmedabad

1201. SHRI SOMCHAND SOLANKI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that Rajnagar and Anant Textile Mills of Ahmedabad are closed for the last couple of years;

(b) the hitch before the Government to run them while other mills are being taken over by the State Textile Corporation;

(c) whether Government have set up any Commission to study the problem of these two mills; and

(d) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) While Anana Mills Ltd., Ahmedabad has been lying closed since October, 1966, the Rajnagar Spg. Wvg. and Mfg. Co. Ltd., Ahmedabad closed down in January, 1971.

(b) to (d) The affairs of both the undertakings have been investigated by the Investigation Committees appointed under the Industries (Development and Regulation) Act. After considering the report of Investigation Committee in respect of Ananta Mills Ltd., it was decided that it was not a fit case for taking over the management by the Government. Moreover, it was ordered to be wound up by the Gujarat High Court in September, 1967. In the case of Rajnagar Spinning, Weaving and Mfg. Co. Ltd., on an application filed by the Company, the Gujarat High Court had stayed action on the Investigation Committee's report by the Government. The High Court has since vacated its order and the report of the Investigation Committee is being examined.

Effect of Export Policy on Export/Import Trade

1202. SHRI SOMCHAND SOLANKI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the effect of the export policy declared by Government on export and import trade in the case of various commodities;

(b) the percentage of increased exports of tea and jute by extending substantial fiscal relief to these Commodities;

(c) the effect on non-traditional commodities; and

(d) the facilities extended to the new comers in the business under the export policy resolution ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) It is difficult to quantify commoditywise the effects of Govt.'s policy on export and import trade.

(b) During 1970-71 exports of tea increased by 17.8% in terms of quantity

and by 17.8% in terms of value over the preceding year. On the other hand, exports of jute manufactures during 1970-71 showed a decline over the preceding year of 1.7% in terms of quantity and 7.8% in terms of value. As has been stated under (a) above quantification of the effect of any one factor on the export of an item is difficult to make. For example, fiscal relief was extended in 1970-71 both to tea and jute manufactures but the trend of exports shown by both have been just the opposite. This is because the trading conditions faced by these two items apart from the Govt. export policies were different.

(c) Exports of non-traditional items like engineering goods, iron and steel, handicrafts, chemical and allied products and various other items put together, in 1970-71 were about 15% more than in the preceding year. However, as stated above, the effect of Govt. policies on the export of these items is difficult to quantify.

(d) Priority treatment is accorded to export-oriented units. Such preferential treatment includes facilities for further expansion of the export production and improvement of installed capacity and for the import of raw materials and components from the preferred sources of supply. Government are desirous of assisting all competent concerns to expand and become more efficient in exporting over a period of time. A scheme has, therefore, been evolved to assist industrial units desiring to enter the export field and build up their export potential with a view to becoming eligible for the special treatment accorded to export oriented units. Such units will be encouraged to put forward phased programme of export of their products so as to achieve within a short period of time a level of exports equal to those of existing export-oriented units. Such phased programmes if approved by Govt. will qualify applicants for any or all of the facilities granted to export oriented units.

Offer by French Economic Mission for Financing Joint Ventures

1203. SHRI N. SHIVPPA :
SHRI YAMUNA PRASAD
MANDAL :
SHRI BIRENDER SINGH RAO :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a French Economics Mission visited India recently;

(b) whether this Mission expressed a desire for financing joint ventures :

(c) if so, the area and items envisaged in the joint ventures; and

(d) the reaction of the Government of India thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) Yes, Sir.

(b) and (c) During the course of their discussions with the officials of the Government of India, the French Economic Mission expressed their desire to offer know-how etc. in respect of :

(i) Rotary Offset Printing Presses;

(ii) Extrusion and injection plastic moulding machines; and

(iii) cement by dry process

Besides, the Mission stated that M/S Michelin of France would be able to supply know-how for collaboration of Automobile tyres.

(d) The Govt. is actively examining this offer.

Setting up of Jute Industry in Orissa

1204. SHRI ARJUN SETHI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the proposed jute industry in Orissa would be in Public Sector or Private Sector; and

(b) the preliminary steps Government have taken for the establishment of the industry ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) and (b) Final decisions

regarding setting up of new jute mills in different states (including Orissa) are still to be taken.

Simultaneous Elections to State Assemblies in 1972

1205. SHRI JYOTIRMOY BOSU : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether his attention has been drawn to a front-page report published in the Statesman under the caption, "Simultaneous Poll in Ten States by early March—No plans for Elections in West Bengal in near future";

(b) if so, whether the above report is correct;

(c) who has taken this decision; and

(d) the reasons for not holding elections in West Bengal along with other States ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) to (d) The report referred to in part (a) of the Question has come to the notice of Government. It is not possible to make any comments on reports appearing in newspapers which are not bodies or persons primarily responsible to Government. No decision has yet been taken regarding the time of holding elections to the West Bengal Legislative Assembly.

Take over Textile Mills incurring loss

1206. SHRI N.K. SANGHI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a number of textile mills that have been taken over by Government since 1967 are not making satisfactory progress;

(b) whether some of these mills are actually incurring heavy losses;

(c) whether Government have analysed the reasons for the losses; and

(d) the total loss during the last three years, year-wise and the steps taken to curb the loss ?

(3) High cost of raw material especially cotton, and

(4) Surplus labour.

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) to (d) Some of the mills, the management of which has been taken by Government under I (D&R) Act, since 1967 have incurred losses. A statement indicating the losses incurred by them during the year 1968 to 1970 is attached. The reasons for losses are mainly :—

- (1) Uneconomic working on account of obsolete and worn-out machinery,
- (2) Heavy past liabilities,

In order to curb the losses, the National Textile Corporation has formulated programmes of renovation and modernisation of machinery and rationalisation of labour on a voluntary basis. To enable the mills to secure their requirements of cotton at reasonable prices, the National Textile Corporation has also been operating a scheme under which cotton is purchased and supplied to the mills on a no-profit no-loss basis. The Corporation has also been offering guidance to the mills with a view to improving their working efficiency.

Joint Ventures Abroad

1207. SHRI BHOGEN DRA JHA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the total outlay on the industrial ventures set up by Indians in foreign countries;

(b) the countries where these ventures have been set up ?

(c) the total amount of money repatriated to India by way of dividends, technical know-how fee, and managerial fee by these ventures; and

(d) whether Government intend to encourage the setting up of more such ventures in foreign countries ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Out of the total approved joint ventures abroad, 28 have already been set up with total Indian investment of the order of Rs. 448.5 lakhs.

(b) These 28 industrial joint ventures are set up in Ethiopia, Kenya, Libya, Mauritius, Nigeria, Uganda, Ceylon, Iran, Malaysia, Singapore, Thailand, Ireland, U.K., Canada and West Germany.

(c) The total amount of money repatriated to India by way of dividends, technical know-how fee and managerial fee by these ventures, as per information available with Government, is Rs. 92.43 lakhs.

(d) Yes, Sir.

Films sold to Foreign Countries

1208. SHRI N.E. HORO : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the names and number of the Films, financed by the Film Corporation, sold to foreign countries during 1970-71; and

(b) the amount of foreign exchange earned through this process ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b) The information is being collected and will be laid on the Table of the House.

Export of Iron Ore

1209. SHRI DEVINDER SINGH GARCHA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether there is a scheme under consideration of Government to boost the export of iron ore;

(b) whether any new markets have been explored for the increased targets; and

(c) if so, the broad outlines thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) In order to increase our iron export capacity, a number of schemes are under implementation. The objective is to modernise the ore production in keeping with the buyers' changing requirements and secondly to build up the infrastructure, particularly loading facilities at the ports.

In the mining sector, the schemes include commissioning of two new and large mechanised mines at Deposit No. 5 in Bailadila and at Denimalai respectively apart from expansion of production in the privately owned mines in various mining areas.

In the railway sector, the schemes include completion of Cuttack-Paradip rail link already under construction and increase in the capacity, including rolling stock, of other existing railway lines.

In the port-sector, deep draft alongside loading berths have already been commissioned at Paradeep the capacity of which is being augmented; work is in progress for commissioning such berths at Haldia, Murmagao, Madras Outer Harbour and Visakanapathnam Outer Harbour.

(b) and (c) Yes, Sir. At present Indian iron ore is exported primarily to

Japan and countries in East and West Europe. MMTC has in the recent past been exploring the possibility of finding new markets for Indian iron ore in countries such as Taiwan and South Korea. Some contracts have already been concluded and further contracts are under negotiation. A delegation from the MMTC has just completed negotiations with South Korea.

Closure of Thermal Plant at Barauni

1210. SHRI N.E. HORO : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government have appointed a team of Central Water and Power Commission to study the circumstances leading to the closure of the Thermal Plant at Barauni on the 21st August, 1971; and

(b) if so, the main recommendations of the team and the action taken in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) No, Sir.

(b) Does not arise.

Sale of Crude Oil and Sulphur to India by Iraq

1211. SHRI DINESH JOARDAR :
SHRI M. KALYANASUNDARAM :

Will the Minister of FOREIGN TRADE be pleased state :

(a) whether Government of India have received any offer from Iraq Government to sell crude oil and sulphur to India in exchange for Indian machinery;

(b) if so, the nature of the offer; and

(c) the reaction of Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI

A. C. GEORGE) : (a) to (c). A Trade Arrangement was signed with Iraq on 24-9-1971, under which, *inter alia*, import of crude oil worth Rs. 90 million and sulphur worth Rs. 18 million from Iraq against various unspecified Indian commodities during the trade plan period of 1-9 1971 to 31-3-1973, is envisaged. The Government of India welcomes the diversification of commodities involved in the trade plan with Iraq.

आयात के बारे में राज्य व्यापार निगम तथा खनिज और धातु व्यापार निगम द्वारा अपनाई गई प्रक्रिया

1212. डा० लक्ष्मीनारायण पांडेय : क्या विदेश व्यापार मंत्री यह बताने की कृपा करेंगे कि :

(क) औषध निर्माण क्षेत्र में राज्य-व्यापार निगम द्वारा किसी वस्तु के आयात करने तथा उसका आयात गैर-सरकारी क्षेत्र में बन्द होने से पहले उद्योगों को कच्चे माल की समय पर सप्लाई उपलब्ध कराने के बारे में क्या प्रक्रिया अपनाई गई है;

(ख) क्या राज्य व्यापार निगम द्वारा आयात करने से पहले विश्व के सभी देशों से टेंडर माँगे जाते हैं; और

(ग) वस्तुओं के आयात के सम्बन्ध में खनिज और धातु व्यापार निगम ने क्या प्रक्रिया अपनाई है ?

विदेश व्यापार मंत्रालय में उपमंत्री (ओ ए०सी० जार्ज) : (क) राज्य व्यापार निगम ने विश्व बाजारों में कच्चे माल के पूर्तिकर्ताओं के पर्याप्त सम्पर्क स्थापित कर लिये हैं ताकि ज्यों ही औषधि निर्माता उद्योग द्वारा अपेक्षित कच्चे माल का आयात निगम के माध्यम से मार्गिकृत किया जाए त्यों ही निगम अपेक्षित कच्चे माल के आयात की व्यवस्था करने में समर्थ हो सके।

(ख) और (ग). राज्य व्यापार निगम तथा खनिज और धातु व्यापार निगम कतिपय

वस्तुओं के विषय में विश्वव्यापी निविदाएं आमंत्रित करते हैं और कतिपय अन्य वस्तुएं बातचीत द्वारा सौदा करके खरीदते हैं, जो कच्चे माल के स्वरूप तथा प्राप्यता पर निर्भर है।

**Removal of distinction between
Workers and Officers**

1213. SHRI P.M. MEHTA :
SHRI P. GANGA DEB :

Will the Minister of RAILWAYS be pleased to state :

(a) whether his Ministry is devising measures to remove the distinction between workers and officers; and

(b) whether ways are also being devised to give opportunity to the low paid employees to reach top positions ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) The classification of Railway Officers into various classes, i.e. I. II. III and IV was done on the basis of the recommendations of the First Pay Commission. The Second Pay Commission continued the above classification and it is a matter for the Third Pay Commission to make fresh recommendations in this regard.

(b) Appreciable opportunities have already been provided for promotion of non-gazatted employees to the higher grade posts subject to their being considered suitable for the post concerned. The entire Class II cadre of officers is filled by promotion from among non-gazatted employees; out of the vacancies occurring in Class I Services, $33\frac{1}{3}$ per cent are reserved for promotion from Class II officers.

New Price Policy for Canalised Imports

1214. SHRI P.M. MEHTA :
SHRI P. GANGADEB :

(b) Does not arise.

39 अप जनता एक्सप्रेस का दिल्ली और हावड़ा रेलवे स्टेशनों पर समय पर पहुंचना

1217. श्री हुकमचन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) पहली जनवरी, 1971 से अब तक 39 अप जनता एक्सप्रेस हावड़ा रेलवे स्टेशन से चल कर दिल्ली रेलवे स्टेशन पर कितने दिन समय पर पहुंची तथा कितने दिन विलम्ब से पहुंची, और

(ख) इस गाड़ी के देर से पहुंचने के क्या कारण हैं और उक्त रेलगाड़ी के ठीक समय पर दिल्ली और हावड़ा रेलवे स्टेशनों पर पहुंचने के सम्बन्ध में सरकार द्वारा क्या कार्यवाही करने का विचार है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) 1 जनवरी से 15 नवम्बर, 71 की अवधि में 39 अप हावड़ा दिल्ली जनता एक्सप्रेस दिल्ली रेलवे स्टेशन पर 83 दिन ठीक समय पर, 236 दिन विलम्ब से पहुंची ।

(ख) इस गाड़ी के संचलन पर मुख्य रूप से बदमाशों की कारवाइयों के साथ बार-बार खतरे की जंजीर खींचने, सिगनल दूर संचार और इंजनों में खराबी के कारण बुरा प्रभाव पड़ा ।

अन्य मेल/एक्सप्रेस गाड़ियों के साथ इस

गाड़ी के समय पालन पर विभिन्न स्तरों पर प्रतिदिन कड़ी निगाह रखी जाती है । जून में विशेष समय पालन अभियान के फलस्वरूप यह गाड़ी पिछले साढ़े चार महीनों में 76 दिन ठीक समय पर पहुंची जब कि उससे पहले के 6 महीनों में केवल 7 दिन ठीक समय पर पहुंची थी ।

संकेत और दूरसंचार के निरीक्षकों और पर्यवेक्षकों का कार्य तथा भिन्न वेतन मान

1218. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे के संकेत और दूर-संचार विभाग में निरीक्षकों के पांच तथा पर्यवेक्षकों के तीन वेतनमान हैं;

(ख) यदि हां, तो क्या उनमें से प्रत्येक के कार्यों का स्पष्ट रूप से उल्लेख किया गया है और क्या भारतीय रेलवे में किसी भी स्थान पर समान कार्य कर रहे कर्मचारियों को एकसा पदनाम तथा समान वेतनमान दिये गये हैं;

(ग) यदि हां, तो भिन्न वेतनमान वाले निरीक्षकों और पर्यवेक्षकों के क्या कृत्य हैं; और

(घ) ऐसी असमानता को दूर करने के लिये क्या कार्यवाही की जा रही है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) रेलों के सिगनल और दूर संचार विभाग में निरीक्षकों के लिए चार वेतनमान और सहायक निरीक्षकों के लिए एक वेतन-मान है । बेतार संचार स्कन्ध में पर्यवेक्षक कर्मचारियों के लिए तीन वेतन-मान हैं ।

(ख) और (ग). सिगनल और दूर संचार विभाग में निरीक्षकों और पर्यवेक्षक कर्मचारियों के वेतन-मान और पदनाम उसी मानक वेतन-मान के ढांचे पर रखे गये हैं, जैसा कि रेलों के अन्य विभागों में इसी प्रकार के कर्मचारियों

को दिये गये हैं। सिगनल और दूर संचार विभाग में निरीक्षकों और पर्यवेक्षकों के पदों के विभिन्न ग्रेड उनके कार्यभार और जिम्मेवारी के आधार पर रखे गये हैं, अर्थात् उनके काम की किस्म और स्थान, उपस्कर की परिष्कृति और मात्रा मार्ग-किलोमीटर के हिसाब से उनके अधिकार-क्षेत्र और सम्हाले जाने वाले याता-यात की अधिकता आदि पर निर्भर हैं, उदाहरण के तौर पर विभिन्न ग्रेड के स्टेशन मास्टरों को विभिन्न महत्व के स्टेशनों पर लगाया जाता है। मोटे तौर पर इन कर्मचारियों की ड्यूटी लिस्ट का उल्लेख भारतीय रेल सिगनल इंजीनियरिंग नियमावली के अध्याय XIII में किया गया है, जो संसद के पुस्तकालय में उपलब्ध है।

बैतार संचार पर्यवेक्षक कर्मचारियों की ड्यूटी मोटे तौर पर मंडलों में बैतार आपरेटरों के कामों का पर्यवेक्षण और निरीक्षण करना और अनियमितताओं के सम्बन्ध में मंडल कार्यालय/मुख्यालय को रिपोर्ट करना तथा समय-समय पर सभी बैतार स्टेशनों का निरीक्षण करना है ताकि इन स्टेशनों की कार्य-कुशलता कायम रखी जा सके और बैतार संचार सम्बन्धी सभी मामलों को निबटाया जा सके। बैतार आपरेटरों के लिए उच्चतर और निम्नतर प्रवीणता परीक्षा और उपयुक्तता परीक्षा का आयोजन करने में भी वे अधिकारियों की सहायता करते हैं। वे आपातकाल में अति विशिष्ट व्यक्तियों की स्पेशल गाड़ियों और चल यानों की भी देखभाल करते हैं। उन्हें यह सुनिश्चित करना पड़ता है कि यातायात तार मार्ग चाटों के अनुसार ठीक-ठीक भेजा जा रहा है। उन्हें यातायात सम्बन्धी मामलों के बारे में मंडल और मुख्यालय कार्यालयों को मासिक और वार्षिक रिपोर्ट भेजनी पड़ती है। विभिन्न महत्व वाले या पर्यवेक्षण के पदों के लिए अलग-अलग ग्रेड रखे गये हैं।

(घ) यद्यपि इन कर्मचारियों की ड्यूटी मोटे तौर पर एक जैसी है, तथापि उन्हें अलग-

अलग ग्रेड दिये गये हैं जो हर स्थान के लिए अलग-अलग उत्तरदायित्व की मात्रा और कार्य-भार के महत्व पर निर्भर हैं। इस प्रकार के ग्रेड बनाने से वेतन मान के आवंटन में कोई विषमता नहीं आती। फिर भी चूंकि तीसरा वेतन आयोग केन्द्रीय सरकार के कर्मचारियों के, जिसमें रेल कर्मचारी भी शामिल हैं, वेतन मानों, सेवा की शर्तों आदि की पड़ले से ही समीक्षा कर रहा है, अतः यह आशा की जा सकती है कि उनकी सिफारिशों से इस मामले पर प्रकाश पड़ेगा।

Change in Policy of Importing Foreign Feature Films

1219. SHRI D.K. PANDA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the present policy of Government in importing foreign feature films;

(b) whether it has undergone any change recently; and

(c) if so, what is the new policy ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) to (c). Imports of feature films are allowed through the S.T.C. Imports from U.K. are also allowed through M/s General Film Distributors Ltd., Bombay in pursuance of an agreement.

There was a special arrangement for import of feature films from U.S.A. which expired on 30.6.1971 and has not been renewed.

Ban on certain Books from China, Vietnam and Korea

1220. SHRI D.K. PANDA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have impose a ban on the import of certain books published from the Peoples Republic of China Democratic Republic of Vietnam and

Democratic People's Republic of Korea;

(b) if so, the list of those books; and

(c) the reasons for banning them ?

THE DEPUTY MINISTER IN THE
MINISTRY OF FOREIGN TRADE (SHRI
A.C. GEORGE) : (a) No Sir.

(b) and (c). Does not arise.

इलाहाबाद डिवीजन (उत्तर रेलवे) के
सहायक स्टेशन मास्टरों और लीवर-
मैनो के समयोपरि भत्ते का भुगतान
न किया जाना

1221. श्री जगन्नाथ राव जोशी : क्या रेल
मंत्री इलाहाबाद डिवीजन के सहायक स्टेशन
मास्टरों और लीवर-मैनो के समयोपरि भत्ते का
भुगतान नहीं किए जाने के बारे में 13 जुलाई,
1971 के अंतरांकित प्रश्न संख्या 4624 के
उत्तर के सम्बन्ध में यह बताने की कृपा
करेंगे कि :

(क) इलाहाबाद डिवीजन में ऐसे कितने
सहायक स्टेशन मास्टर और लीवर-मैन हैं
जिन्हें क्रमशः 1968 और 1969 से समयोपरि
भत्ता नहीं दिया गया और उन्हें पृथक-पृथक ऐसी
कितनी-कितनी राशि दी जानी है;

(ख) समयोपरि भत्ते के भुगतान में
विलम्ब के क्या कारण हैं; और

(ग) इस प्रकार के विलम्ब को रोकने के
लिए क्या प्रभावी कदम उठाए जा रहे हैं और
उन्हें कब तक समयोपरि भत्ता मिल जाएगा ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क)
से (ग). समयोपरि भत्ते के बकाया का भुगतान
न किये जाने के सम्बन्ध में इलाहाबाद मंडल
के सहायक स्टेशन मास्टरों और लीवरमैनो की
ओर से फिलहाल, कोई शिकायत नहीं मिली
है। लेकिन कुछ कर्मचारियों के 832-25 रु०
की राशि के पहले के समयोपरि भत्ता बिल
रास्ते में गुम हो गये थे। सम्बन्धित कर्मचारियों

को भुगतान का प्रबन्ध करने से पहले बुबारा
बिल बनाने पड़े। अब भुगतान किया जा
चुका है।

पटना जंक्शन और पटना सिटी रेलवे
स्टेशनों के नाम बदलने के बारे में
सिफारिश

1222. श्री रामावतार शास्त्री : क्या रेल
मंत्री यह बताने की कृपा करेंगे कि :

(ब) क्या सरकार ने पूर्वी रेलवे के पटना
जंक्शन और पटना सिटी रेलवे स्टेशनों के नाम
बदल कर क्रमशः गटलीपुत्र और पटना साहब
रखने का निर्णय कर लिया है;

(ख) यदि हां, तो सरकार का उक्त
निर्णय को कब से लागू करने का विचार है;
और

(ग) यदि नहीं, तो विलम्ब के क्या
कारण हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क)
जी नहीं।

(ख) प्रश्न नहीं उठता।

(ग) रेलवे स्टेशनों के नाम में परिवर्तन
करने से पहले सम्बन्धित राज्य सरकार की
सिफारिश और गृह मंत्रालय की सहमति
अपेक्षित है। राज्य सरकार से अभी तक ऐसी
कोई सिफारिश प्राप्त नहीं हुई है।

Upgradation of Railway Ministerial
Staff

1223. SHRI RAMAVATAR SHASTRI :
Will the Minister of RAILWAYS be pleas-
ed to state :

(a) whether the then Railway Minister
Shri C. M. Poonacha, had made specific
announcement on the 7th January, 1969
regarding increase of promotional quotas of
Railway Ministerial staff;

(b) whether the then Railway Minister

Dr. Ram Subhag Singh had assured a delegation of M.Ps on the 13th August, 1969 to announce the upgradation within 45 days and then again within October, 1969; and

(c) if the replies to parts (a) and (b) above be in the affirmative, the reasons for not implementing the assurance ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Newspaper reports stated that Shri Poonacha said that the Board were considering a scheme to increase percentage of promotional quotas for clerical staff.

(b) No record of any assurance given by Dr. Ram Subhag Singh is available. However, in his speech introducing the Railway Budget for the year 1969-70 he stated that he was aware that some relief may be necessary to staff who have been at the maximum of their pay scales for some time and added that the matter was under consideration and relief would be provided as may be found necessary.

(c) In view of the answers to parts (a) and (b) and the fact that after consideration of the question as stated by Dr. Ram Subhag Singh, sanction was accorded for the grant of one increment to all staff who have stagnated at the maximum of their scale of pay for two years or more, and this has been implemented, there is no question of non-implementation of any assurance.

**Demands by Joint Struggle Committee,
Loco Running Staff, Allahabad
Mandal**

1224. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Joint Struggle Committee, Loco Running Staff, Allahabad Mandal has submitted its demands; and

(b) if so, what are those demands and what action taken thereon ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No.

(b) Does not arise.

**Trained Personnel working as Firemen
on Northern Railway**

1225. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) whether in 1968 Divisional Officers sent back trainees who were sent to Subedarganj Training School (Northern Railway) as many trained personnel had not been absorbed;

(b) whether the Northern Railway Headquarters Officers again sent these trainees with instructions that they should be given training;

(c) whether the persons who were trained earlier had not been given suitable jobs and were doing the work of Firemen; and

(d) the steps taken to provide suitable jobs to trained persons ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) to (d). Information is being collected and will be laid on the Table of the Sabha.

**Attack by Students on Army Men on
Gauhati Station (North-east
Frontier Railway)**

1226. SHRI B.K. DASCHOWDHURY : Will the Minister of RAILWAYS be pleased to state :

(a) whether any enquiry was held in the assault on an Air Force man and an army Captain by the students on Gauhati Station on the 25th October, 1971; and

(b) if so, the steps taken by Government in this regard ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) Government Railway Police has registered two cases, one against the students on the complaint lodged by the Military personnel and the other against the

Military personnel on the complaint lodged by students. The case is under investigation.

Transport Museum

1227. SHRI P. GANGADEB : Will the Minister of RAILWAYS be pleased to state:

(a) whether Government propose to have a Transport Museum; and

(b) if so, what will be its advantages ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) The Museum will depict historical evolution of the Indian Railways through antique full-size exhibits. Scale-models would depict the technological evolution as well as the working of various mechanisms. The Museum would, therefore, have immense educative value, apart from being a source of tourist attraction.

Transfer of Parcel Clerks and Parcel Porters at Delhi Main Station

1228. SHRI BHARAT SINGH CHOWHAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether some Parcel Clerks and Parcel Porters working at Delhi Main Station were transferred out of Delhi in the month of August, 1971 under orders from the Railway Board;

(b) if so, whether these transfers have been effected and the orders carried out by the employees; and

(c) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) No.

(c) The orders of transfer have been kept in abeyance pending certain procedural formalities in respect of some and disposal of representations in respect of others.

Parcel Clerks and Parcel Porters of Delhi Station involved in Theft Cases

1229. SHRI BHARAT SINGH CHOWHAN : Will the Minister of RAILWAYS be pleased to state :

(a) the number of Parcel Clerks and Parcel Porters working at present at Delhi Main Station who are involved in or are facing trial in the courts of law for thefts and pilferage of parcels; and

(b) the reasons for not transferring them so far out of Delhi ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) There are twenty Parcel Clerks and Parcel Porters at Delhi Main Station who are/were involved in theft and pilferage cases.

(b) They have not been transferred or any other action taken as they were either acquitted or their cases are still under trial in the courts of law. However, the advisability of transferring them out of Delhi is being examined.

Damage Condition of Railway Workshops at Shoranur (Southern Railway).

1230. SHRI A.K. GOPALAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether the attention of Government has been drawn to the damaged condition of the Railway Workshops at Shoranur Southern Railway; and

(b) if so, the steps taken by Government to repair the damaged shed ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) There is no Railway Workshop at Shoranur. There is, however, a loco shed at Shoranur which is in a satisfactory state of maintenance.

(b) Does not arise.

**Provision of Reservation of Berths
in Darjeeling Mail**

1231. SHRI PRIYA RANJAN DAS MUNSI : Will the Minister of RAILWAYS be pleased to state whether there is any proposal for reservation of berths in the Darjeeling Mail From Kaliyaganj and Raiganj Railway Stations on North-east Frontier Railway ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : A quota of two third class seats has been allotted ex-Barsoi by 12 Dn. Darjeeling Mail for passengers travelling from Raiganj station. The feasibility of allotting a quota for Kaliyaganj passengers is under examination.

**Collision of Suburban Train in Bombay
with a Stationary Train at Charni Road**

1232. SHRI HARI KISHORE SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether a Churchgate-bound suburban train in Bombay rammed into the rear of a stationary train at Charni Road injuring nineteen persons;

(b) whether the cause of the accident has been ascertained; and

(c) the action taken against the persons found guilty and the amount of compensation given to the injured ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Presumably the reference is to the collision between local trains No. SW 266 Up and No. SW 264 Up between Grant Road and Charni Road stations on 25.10.1971. In this accident, 19 persons sustained minor injuries.

(b) *Prima facie*, the accident was due to the failure of the Motorman of train No. SW 266 Up to observe restriction in speed and to keep a sharp look-out.

(c) The defaulting staff has been suspended and issued charge sheet for imposition of penalty.

No compensation has been paid to the injured persons. The only claim for compensation preferred for Rs. 10,000/- on account of alleged injuries and loss of business is under process.

**Proposal for Opening of Courts at
Kakdwip**

1233. SHRI MADHURYA HALDAR : Will the Minister of LAW AND JUSTICE be pleased to state whether Government have any proposal under consideration to open two courts of First Class Magistrates at Kakdwip under S.D.O. Diamond Harbour for speedy disposal of criminal cases arising out of various Land Reforms Acts ?

THE MINISTER OF LAW AND JUSTICE (SHRI H.R. GOKHALE) : The information is being collected and will be laid on the Table of the House.

**Schemes for Deepening of Kalnagini
Khal, Kakdwip**

1235. SHRI MADHURYA HALDAR : Will the Minister of IRRIGATION AND POWER be pleased to state the schemes for deepening and widening of Kalnagini khal about 4 miles at Kakdwip, 24 Parganas West Bengal ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : No scheme or proposal in this regard has been received at the Centre from the State Government of West Bengal.

Electrification of Sundarbans

1236. SHRI MADHURYA HALDAR : Will the Minister of IRRIGATION AND POWER be pleased to state the schemes for electrification of Sundarbans, West Bengal under the Rural Electrification Schemes ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : The rural electrification scheme relating to the Sunderbans Area in the district of 24 Parganas submitted by the West Bengal State Electricity Board has been sanctioned by the Rural Electrification Corporation in July

1971. The scheme involves loan assistance of Rs. 91.65 lakhs for the electrification of 207 villages, energisation of 320 agricultural pumpsets and power supply to 520 small scale industries.

Taking over of Closed Mills in Kerala

1237. SHRI C. JANARDHANAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the steps Government intend to take for the taking over of the Cotton Mills closed in Kerala;

(b) the names of the Cotton Mills lying closed in Kerala; and

(c) whether any of the mills has been taken over in Kerala so far by the Cotton Corporation ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). As at the end of September, 1971 one Cotton Textile Mills, namely, Kathayee Cotton Mills Ltd., Alwaye, was lying closed in Kerala State. State Government is making efforts to restart it.

(c) No, Sir.

Survey of Export Potential of Coir and Coir Products by Indian Institute of Foreign Trade

1238. SHRI C. JANARDHANAN :
SHRI M. K. KRISHNAN :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a six-member team of the Indian Institute of Foreign Trade had conducted a survey on the export potential of coir and coir-based products;

(b) if so, the recommendations of the team; and

(c) the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) The final Report of the survey is still awaited.

(c) Does not arise.

Foreign Countries Seeking India's Help for Railway Lines

1239. SHRI C. JANARDHANAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether some foreign countries have sought India's help in the construction of Railway lines;

(b) if so, the countries which have sought help in this respect;

(c) the nature of the help sought; and

(d) the action taken in the matter ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) Syria, Iraq, Central African Republic, Dahomey, Venezuela and Ecuador.

(c) and (d). A statement is laid on the Table of the House. [*Placed in Library* See No. LT-1085/71]

Crash Plan for Acquiring Railway Wagons

1240. SHRI P. K. DEO : Will the Minister of RAILWAYS be pleased to state :

(a) whether the attention of Government of India has been drawn to a report in the *Economic Times* of the 6th September, 1971 stating that a crash plan for acquiring Railway wagons on a substantial scale would be needed, if the current bottleneck in Rail haulage of industrial goods is to be broken;

(b) the reasons for this bottleneck; and

(c) what efforts, if any, are being made by Government to provide substantial relief so that industrial goods could be moved expeditiously ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes, Sir.

(b) The difficulty in meeting the full demands of traffic in some sectors is not due to any shortage in the wagon fleet as such, but is due to heavy hold up and accumulation of wagons in the Eastern Region on account of the adverse law and order situation there, theft of wagon fittings affecting rail operations, and slow releases at terminals. This has also temporarily affected the availability of wagons in other Railway Zones. The temporary shortage was further accentuated on account of excessive breaches on the North Eastern and Northeast Frontier Railways, curtailing movement of a large number of wagons via this route.

(c) All possible efforts are being made in conjunction with other Central and State Agencies concerned to restore normal working conditions in the Eastern Sector, which is the essential pre-requisite for normal Railway operations. Meanwhile, a special watch is being kept on movement of traffic relating to important industries, and special steps are taken to mitigate any case of distress brought to the notice of Railway administration.

Report of Expert Committee on establishment of modern Jute Mills

1241. SHRI K. SURYANARAYANA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have received a report from the Experts Committee headed by Jute Commissioner for the establishment of Modern Jute mills in the country; and

(b) if so, the salient points of the report and the action taken by Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) The report is under detailed examination, and Government's decisions are expected to be announced shortly.

Construction of Thammeleru Project in Andhra Pradesh

1242. SHRI K. SURYANARAYANA :

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the estimated and sanctioned amount for the construction of Thammeleru Project in West Godavari District (Andhra Pradesh), and the progress of construction so far;

(b) whether recently the Government for financial assistance to complete the work on the said project; and

(c) if so, the amount asked for and the reaction of the Central Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The estimated cost of the Thammeleru Project is Rs. 2.93 crors. It is being implemented outside the State Plan as a Part of the overall scheme for flood control and drainage improvement in the Krishna and Godavari Delta. Progress report received from the State Government indicates that nearly 3% of the earthwork and 46% of the Regulator work has been done upto the end of August, 1971.

(b) and (c). The Chief Minister of Andhra Pradesh had made a request to Union Minister for Finance on 23-5-1971 for loan assistance of Rs. 2 crores during 1971-72 for the implementation of overall flood control and drainage scheme which includes the Thammeleru Project. This request was considered but it was not found possible to provide the special loan assistance to State Government.

Shifting of Railway Offices from Delhi and Bombay

1243. SHRI NAWAL KISHORE SHARMA : Will the Minister of RAILWAYS be pleased to state :

(a) whether there are proposals under the consideration of Government to shift some Railway Offices from Delhi and Bombay; and

(b) if so, which are the offices to be shifted ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAJIYA) : (a) No.

(b) Does not arise.

India's participation in Trade Fair in Kuwait

1244. SHRI MUHAMMED SHERIFF : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have chalked out any plan to participate in the trade fair in Kuwait in the near future; and

(b) if so, the salient features of the plan ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) Kuwait does not hold any Trade Fair. The Govt. of India had planned to hold a wholly Indian Trade Exhibition at Kuwait in February 1972. The proposed exhibition has since been postponed to the latter half of the financial year 1972-73.

(b) The Exhibition is intended to promote India's exports by projecting an image of the developing industries of India in the background of its traditions and cultural heritage. An integrated display of India's exportable merchandise, both traditional and non-traditional, will be arranged. Emphasis will also be laid on projecting India's competence to offer consultancy services in various fields and her competitive strength in setting up turn-key projects abroad and for securing service contracts. The Exhibition will be for a period of two to three weeks.

Damage Done by Rains near Bodynayakanur

1245. SHRI MUHAMMED SHERIFF : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether a causeway near Bodynayakanur was washed away by the recent rains; and

(b) if so, the steps taken by Government in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) and (b). No report about washing away of the causeway near Bodynayakanur by the recent rains has been received from the State Government.

दरियागंज रेलवे स्टेशन (उत्तर पूर्व रेलवे) का विद्युतीकरण

1246. श्री महावीर सिंह शास्त्री : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पूर्वोत्तर रेलवे के दरियागंज रेलवे स्टेशन (जिला एटा, उत्तर प्रदेश), पर बिजली की सुविधा नहीं है और स्टेशन पर पर्याप्त रोशनी नहीं है;

(ख) क्या रेलवे स्टेशन से 200 गज की दूरी पर ही बिजली की सुविधा उपलब्ध है; और

(ग) यदि हां, तो क्या सरकार का विचार स्टेशन के विद्युतीकरण का है ?

रेल मंत्री (श्री के. हनुमन्ताया) : (क) दरियागंज रेलवे स्टेशन पर अभी बिजली नहीं लगायी गयी है। इस समय वहां मिट्टी के तेल की बतियां जलाकर प्रकाश किया जाता है।

(ख) मालूम हुआ है कि स्टेशन से लगभग 400/500 मीटर की दूरी पर निम्न बोल्टता वाली बिजली की सप्लाय उपलब्ध है।

(ग) राज्य बिजली बोर्ड से बिजली कनक्शन प्रभार और शुल्क दरें बताने को कहा गया है। यदि ये उचित हुए और धन उपलब्ध हुआ तो इस स्टेशन पर बिजली लगाने पर विचार किया जायेगा।

जहाँगीराबाद को रेलवे से जोड़ना

1247. श्री महावीर सिंह शास्त्री : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश के बुलन्दशहर जिले

में जहांगीराबाद का रेलवे से कोई सम्बन्ध नहीं है;

(ख) क्या जहांगीराबाद में लोहे की वस्तुएं बनाई और छपाई के कई कारखाने हैं, किन्तु वहां रेलवे की सुविधाएं उपबन्ध नहीं है; और

(ग) यदि हां, तो क्या सरकार का विचार एक नई रेलवे लाइन बिछाकर जहांगीराबाद को दिल्ली और अलीगढ़ से मिलाने का है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) जी हां ।

(ख) इस रेलवे लाइन के निर्माण के लिए न तो राज्य सरकार से और न ही फंडट्रियों के मालिकों से कोई विशिष्ट अनुरोध प्राप्त हुआ है ।

(ग) प्रश्न नहीं उठता ।

**Beating up of Students by Police at
Ootacamund Station
(Southern Railway)**

1248. SHRI K. BALATHANDAYUTHAM : Will the Minister of RAILWAYS be pleased to state :

(a) whether Railway Police had beaten up the students Govind Ballabh Pant Polytechnic, New Delhi, who were on tour at Ootacamund Station in Tamil Nadu; and

(b) if so, the steps taken to punish the culprits ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No. However on 4.10.71 there was a clash between the students and staff members of the Govind Ballabh Pant Polytechnic, New Delhi on one side and the passengers of No. 36 Express on the other, at Loveadale station. The cause for the clash was because the students had earlier assaulted the beat constable of the train and rendered him unconscious.

(b) An enquiry was ordered by the Collector of Nilgiris and the report is pending disposal with the Tamil Nadu Government.

**Take over of Cannanore Spinning and
Weaving Mills, Mahi**

1249. SHRI K. BALATHANDAYUTHAM : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government of Pondicherry have approached the Central with a proposal to take over the Unit of Cannanore Spinning and Weaving Mills in Mahi; and

(b) if so, the decision of the Central Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) Yes, Sir.

(b) We are awaiting the reply from Pondicherry and Kerala Govt. for their reaction regarding finalisation of Government of India proposals.

**Central Water Grid to Connect Rivers
from Ganga to Cauvery**

1251. SHRI K. BALATHANDAYUTHAM : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government's attention has been drawn to the article written by Dr. K.N. Raj questioning the techno-economic feasibility of the proposed Central water grid connecting rivers from the Ganga to Cauvery; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) Yes, Sir.

(b) The views of Government are indicated in the statement attached.

Statement

Association of foreign experts

The project is of a complex nature involving pumping over high heads of large quantities of water to an aggregate head of

about 1500 feet to 1800 feet and main canal length of about 2,000 miles, and integrated system planning of rivers enroute. Such a scheme has not been attempted so far in our country. However, in countries like USA and USSR, schemes of large scale inter-basin transfer have been already carried out, and even bigger ones are being planned. The United Nations were therefore requested to provide the services of four experts for a period of about three to four months in order to give a second opinion on the studies made so far, so that the detailed studies which may cost Rs. 20 to 25 crores and require about 8 to 10 years, may be carried out on the most advantageous lines, taking advantage of the experience gained elsewhere in the world. The actual surveys, designs, and preparations of project reports will be carried out entirely by Indian engineers.

The expenses of the U.N. Experts would be borne by the United Nations themselves and the contribution of Government of India to their local expenses is expected to be about Rs. 22, 500.

Economic feasibility

It would be appreciated that these studies can be done only when the investigations are done to get proper cost estimates. It may be pointed out that such transfers of water involving pumping over even larger heads have already been implemented elsewhere in the world.

Use in Rajasthan

The places where surplus Ganga waters during monsoon could be used, would have to be carefully decided, after the investigations are over, taking into account the relative irrigated land per capita available to the various States. The quantum of waters to Rajasthan from the Grid could be easily transferred through the Narmada and the proposed Navagam high level canal.

Power for pumping

As the pumping is to be limited only to the monsoon months when there are surplus waters in Ganga the secondary power available from the hydro power stations located in the Himalayas may be

utilised to meet most of the power requirements of the National Water Grid. Being secondary energy, its cost is likely to be very low as the projects from which such secondary energy is derived would be justified on the basis of firm power contribution to the grid.

Use of Godavari waters

The Grid envisages the pumping of surplus waters in the Godavari and other rivers enroute when such surpluses are available. These basins however have considerable variation in their flows from year to year. It has also to be kept in view that by the turn of the country, all the projects in these basins would have been implemented.

Losses in the Canal

Due to the presence of a large number of reservoirs in the system, the transmission losses will be smaller than in the case of a canal. It is also proposed to line the canal to minimise seepage losses. The losses will not be more than about 10%.

Desalination as an alternative

The installation cost for desalination plants will be very high. The ultimate cost of desalinated water has been found to vary from 0.5\$ per cu. meter to about 4.69\$ per cu. meters. Such heavy costs cannot be borne by any irrigation scheme. Apart from cost, these plants will be all to provide irrigation water only in small areas in coastal belts.

Integrated river valley development project for U.P., Bihar, West Bengal and Assam.

The non-monsoon supplies and releases from storages will all be utilised in the basin itself.

Regular Employment to Employees Working on Daily Wages in Delhi

1252. SHRI H. K. L. BHAGAT : Will the Minister of RAILWAYS be pleased to state :

(a) whether a large number of Railway employees have been working on daily

wage basis for the last several years; and

(b) the number of such employees in Delhi and the steps proposed to be taken by Government to regularise their appointments ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) As on 31.3.1971, 12,180 casual labourers with service of three years and more were employed on Railway project works, where remuneration is based on daily wages irrespective of duration of employment.

(b) 1724. Recruitment from outside to Class IV posts has been temporarily banned in order to absorb casual labourers who are to be screened for this purpose.

Amendment of Dowry Prohibition Act to make the taking and giving of Dowry a cognisable offence

1253. **SHRI H. K. L. BHAGAT :** Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether Government propose to place before the Lok Sabha a Bill to amend the relevant law to make the taking and giving of dowry a cognisable offence; and

(b) if so, when ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) :

(a) No, Sir.

(b) Does not arise.

Textile Mills taken over by National Textile Corporation

Trade Delegation to Kabul

1262. SHRI SHASHI BHUSHAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a trade delegation had visited Kabul in the first week of November, 1971 to discuss matters relating to the Indo-Afghan trade ;

(b) the present volume of trade between the two countries ; and

(c) the achievements of the talks of this trade delegation with Afghan authorities and to what extent it is likely to increase the volume of trade between the two countries ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) The total volume of trade between the two countries, during 1970-71 was about Rs. 24 crores.

(c) The talks were extremely fruitful and covered much fresh ground. They remained inconclusive, because certain new aspects needed further examination. The two Delegations had agreed to resume these as soon as possible.

Effect on India's nontraditional Exports due to US surcharge on imports

1263. SHRI SHASHI BHUSHAN :
SHRI AMAR NATH
CHAWLA :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) to what extent the economy of India has been affected on account of cut into the non-traditional exports of engineering goods, chemical goods and leather goods to U.S.A. by imposing U.S. charge of 10% on imports ; and

(b) the steps Government have taken or propose to take to meet this by exploring other markets in the world ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b) : The attention of the Honourable Members is invited to the reply given in this House to Starred Question No. 44 answered on 16th November, 1971.

Cost of Operation of Rajdhani Express

1264. SHRI K. M. MADHUKAR : Will the Minister of RAILWAYS be pleased to state :

(a) the cost of operation of Rajdhani Express ;

(b) whether the Rajdhani Express runs at a loss ; and

(c) if so, the extent of loss suffered ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Expenses are not booked trainwise. But the direct expenses of running Rajdhani Express with normal composition of 4 Air-conditioned Chair Cars and 1 Airconditioned Sleeper coach has been estimated to be Rs. 2.40 lakhs per month or Rs 14,000 per trip. These direct expenses include cost of diesel oil consumed, engine crew, train staff etc. and interest and depreciation of coaches and engines but exclude costs of provision and maintenance of permanent way, signal and telecommunication and overheads etc. which are common with other services. Cost of catering service on the train has also not been taken into account.

(b) & (c) Due to the non-availability of fully distributed costs including the costs of track, station building, train passing staff and general administration which are common with other services, it is not feasible to assess separately the profit or loss of running this train. However, it is estimated that a level of occupation of 42.7% covers the direct expenditure of running the Rajdhani Express with normal composition and occupation at a level higher than 42.7% would contribute towards the overheads, joint or common costs.

Sick mills taken over by N. T. C. during 1969-70

1265. SHRI K. M. MADHUKAR :
SHRI C. CHITTIBABU :
SHRI DHARAMRAO AFZAL-
PURKAR :

Will the Minister of FOREIGN TRADE be pleased to state:

(a) the number and location of sick Textile mills closed down all over India during 1969-70;

(b) the number of mills taken over by National Textile Corporation during 1969-70; and

(c) the number of workers who could retain their jobs as a result of this step ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Excluding cotton textile mills which have started working up to the end of September, 1971, ten mills closed down during the year 1969-70. The location of these mills is as follows:-

1. Adoni (Andhra Pradesh)
2. Mokameh (Bihar)
3. Bangalore (Mysore)
4. Malout Mandi (Punjab)

**New Schemes for Rural Electrification
Proposed by Bihar Government**

1266. SHRI K. M. MADHUKAR: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Central Government have been approached by the Bihar State Government with some new schemes for electrification;

(b) if so, the broad outlines thereof; and

(c) the decision of Government in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (c) Specific rural electrification schemes are submitted to the Rural Electrification Corporation by State Electricity Boards for loan assistance from the Central Plan outlay, in accordance with the criteria adopted by the Corporation. Concessional terms are provided for rural electrification schemes in backward areas. Since its inception in July 1969, the Corporation has sanctioned 12 rural electrification schemes submitted by the Bihar State Electricity Board envisaging an outlay of Rs. 642 lakhs for electrification of 1387 villages and energisation of 19542 pumpsets in the districts of Patna, Saharsa, Darbhanga, Purnea, Gaya, Shahabad, Saran and Champaran. Out of these 12 schemes, 7 have been sanctioned for backward areas relating to the districts of Saharsa, Darbhanga, Purnea, Saran, Gaya and Champaran. 5 schemes are at present under the consideration of the Corporation envisaging an outlay of about Rs. 244 lakhs for the electrification of about 550 villages and energisation of about 6750 pumpsets in the districts of Muzaffarpur, Palamau and Shahabad.

Contribution by Railway Employees to Bangla Desh Refugees not accepted.

1267. **SHRI G. Y. KRISHNAN :** Will the Minister of RAILWAYS be pleased to state:

(a) whether a number of Railway employees have voluntarily offered to contribute their one day's pay for Bangla Desh refugees;

(b) whether their offer has not been accepted; and

(c) if so, the reasons therefor?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Communications were received from the All India Railwaymen's Federation and the National Federation of Indian Railwaymen to the effect that permission should be given for the deduction of a day's pay from the salaries of Railway employees, through the pay bills, on consent letters being given by the employees.

(b) and (c) Deduction through the pay bills is not permissible. However, instructions have been issued by the Railway Board to all Railway Administrations to render all help or collecting cash contributions from the employees on the pay day.

Incidents of Theft, Dacoity and Kidnapping of Girls in Southern Railway

1268. **SHRI G. Y. KRISHNAN :** Will the Minister of RAILWAYS be pleased to state:

(a) the number of incidents of theft, dacoity and kidnapping of girls in the Southern Railway during 1970-71; and

(b) the measures taken by Government to prevent such incidents?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a)

Dacoity	—Nil
Kidnapping of girls	—Nil
Thefts of Passenger belongings	—799

(b) The following steps have been taken:

(i) Apart from tightening up normal security arrangements by the Government Railway Police, such as keeping watch at important stations and periodical raids to round up criminals and anti-social elements, Government Railway Police escorts are provided on important night passenger trains.

(ii) Close liaison is maintained by the R. P. F. with the G. R. P. to provide R. P. F. reinforcements where called for, by the Police Authorities.

(iii) Co-ordination meetings at all levels are also held by the R. P. F. Officials with the G. R. P. and State Police Officials with a view to improving prevention and detection of crime on Railway.

(iv) Strict instructions have been issued to the R. P. F. staff, on duty in yard or station platforms for guarding railway property, to rush to the scene of crime and render all possible help to the victims.

Replenishing licence of Coca-cola Manufacturers

1269. SHRI G. Y. KRISHNAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have set up any committee to consider the question of replenishing the licence of the manufacturers coca-cola; and

(b) if so, the composition thereof and the progress made by the committee ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEOGE) : (a) No, Sir.

(b) Does not arise.

Result of Investigations against certain Employees of Northern Railway

1270. SHRI ONKAR LAL BERWA : Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 3874 on the 25th August, 1970 regarding embezzlement of Government cash by Parcel Staff of Meerut City Station, Northern Railway and state :

(a) whether the disciplinary proceedings against the employees have been changed for imposition of major penalty;

(b) if so, whether any further enquiries under Discipline and Appeal Rules have been held by the Administration; if so, the result thereof;

(c) whether one of the employees has also been offered the post of Law Inspector in Northern Railway; and

(d) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) Enquiry under the Railway Servants Discipline and Appeal Rules has been held and the report thereof is under examination.

(c) and (d). One of the two employees involved has been selected by the Railway Service Commission, Allahabad for appointment to the post of Law Assistant. However, the offer of appointment has not been served.

Acute shortage of Reference books in Goods, Booking and Parcel Offices of Delhi Division (Northern Railway)

1271. SHRI ONKAR LAL BERWA : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is an acute shortage of Junction Distance Tables and other reference books in Goods, Booking and Parcel Offices of Delhi Division (Northern Railway); and

(b) if so, the steps the Railway Administration has taken to supply the same to the staff for improving efficiency ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No.

(b) Does not arise.

Import of Cotton from U. S. S. R.

1272. SHRI HAMENDRA SINGH BANERA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether India has imported cotton from U. S. S. R. during this year;

(b) if so, the quantity imported and the procedure thereof; and

(c) the textile mills to whom the said cotton has been allotted ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI

A. C. GEORGE) : (a) No, Sir.

(b) and (c). Do not arise.

Import of Cars during 1970-71

1273. SHRI HAMENDRA SINGH BANERA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) how many foreign cars were imported into India in the year 1970-71; and

(b) out of these how many import licences were issued after the shipment of the vehicles from the original place ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). According to statistics available from the Director-General of Commercial Intelligence and Statistics, 456 foreign cars were imported into India during 1970-71. It is not possible to say how many of these were covered by import licences or Customs Clearance Permits issued after the shipment of the vehicles as the full details are not available.

मुगलसराय मार्शलिंग यार्ड से माल की चोरी

1274. श्री आर०बी० बड़े : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मुगलसराय मार्शलिंग यार्ड से गत तीन वर्षों में, प्रति वर्ष, कितने मूल्य के माल की चोरी हुई थी; और

(ख) इस सम्बन्ध में क्या कदम उठाये गये हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) पिछले तीन वर्षों के दौरान मुगलसराय विन्यास यार्ड से जो वस्तुएं चुरायी गयीं उनका मूल्य नीचे दिया गया है :—

1968-69	...	17 223 रुपये
1969-70	...	34,597 रुपये
1970-71	...	1,18,278 रुपये

(ख) (i) बेहतर प्रशासन के लिए 23

अक्तूबर, 1970 से मुगलसराय में एक वरिष्ठ बेतनमान सुरक्षा अधिकारी तैनात करके मुगलसराय में सुरक्षा का कड़ा प्रबन्ध कर दिया गया है।

(ii) समूचे यार्ड को छोटे छोटे 6 सेक्टरों में बांटा गया है और प्रभावकारी नियंत्रण के लिए एक उपनिरीक्षक/सहायक उपनिरीक्षक के पर्यवेक्षण में रखा गया है।

(iii) निकटवर्ती गांवों में जिनमें अपराधी फैले हुए हैं, सरकारी रेलवे पुलिस और स्थानीय पुलिस के साथ सामूहिक छापे मारे जाते हैं और जिन अपराधियों की तलाश होती है उन्हें गिरफ्तार किया जाता है।

(iv) बुनियादी सुरक्षा व्यवस्था में वृद्धि की जा रही है। कुछ स्थानों पर निगरानी बुर्ख और कंटीले तारों की बाड़ की व्यवस्था की गयी है।

(v) रेलवे सुरक्षा दल में और रेलवे के अन्य विभागों में काम कर रहे बुरे व्यक्तियों पर सख्त निगरानी रखी जा रही है। उनमें से अधिकांश को मुगलसराय से स्थानान्तरित किया जा चुका है।

Accidents on Jamnagar-Bedi Port Railway Line (Western Railway)

1275. SHRI D.P. JADEJA : Will the Minister of RAILWAYS be pleased to state :

(a) the number of accidents which occurred on Jamnagar-Bedi Port railway line during the last three years, year-wise;

(b) whether this line goes along with Bedi Port and passes through residential colony;

(c) whether Government will consider removal of this line to avoid such accidents; and

(d) if so, how much time it will take ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Year-wise position of train accidents which took place on this line since 1.4.68 is given below :—

Year	No. of accidents
1968-69	1
1969-70	Nil
1970-71	Nil
1971-72 (1.4.71 to 31.10.71)	1

Both these accidents took place at un-manned level crossings.

Statement

<i>Countries visited</i>	<i>Dates</i>	<i>Results achieved</i>
1	2	3
1. Nepal (Kathmandu)	12.8.71 to 13.8.71	The Indo-Nepal Treaty of Trade & Transit was signed by the Minister on 13.8.71.
2. Rumania (Bucharest) Hungary (Budapest) Switzerland (Geneva) Belgium (Brussels)	7.9.71 to 19.9.71	The Minister discussed with the Rumanian Govt. the question of development of trade technical and economic cooperation between the two countries. It was agreed that the two countries should support long term contracts and joint ventures to ensure continuous flow of trade.

The Minister discussed with the Hungarian Govt. the question of development of trade between India & Hungary. It was decided to achieve a 50% growth in trade exchange between the two countries by 1975.

The Minister visited Geneva to discuss various problems relating to the meeting of UNCTAD III.

(b) The line between Jamnagar and Bedi Port goes alongside the Bedi Road and passes through the built up area.

(c) and (d). The question of diverting the existing Jamnagar-Bedi Metre Gauge line to avoid Jamnagar Town is under consideration. The work will be completed in about two years time from the date it is taken in hand.

Foreign Trade Minister's visit to Foreign Countries

1276. SHRI Y. ESWARA REDDY : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether he visited several foreign countries recently;

(b) if so, the name of the countries visited; and

(c) the results of these visits ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) to (c). A statement is attached.

1	2	3
		The Minister went to Brussels to discuss various issues related to Indo-E.E.C. Trade.
3. Thailand (Bangkok)	4.10.71 to 7.10.71	The Minister attended the ministerial meeting of the Asian Group of the Group '77' held there to harmonise the views of the developing countries of the Asian Group and adopt a common approach to the trade and development problems facing the developing countries.
4. Peru (Lima)	27.10.71 to 8.11.71	The Minister attended the Ministerial meeting of the 'Group 77' held at Lima (Peru) to formulate a common position on the various problems that are likely to come up at the UNCTAD III Scheduled to be held in April-May 1972 at Santiago.
		The Minister also discussed trade relations between India and Peru and signed a trade agreement with Peru, the first ever with this country.

**Restoration of Gohana-Panipat
Railway Line**

1277. SHRI MUKHTIAR SINGH MALIK : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have received any representation from the people and the Government of Haryana for the restoration of Gohana-Panipat Railway line;

(b) if so, whether the survey has since been completed; and

(c) when the work on this project will start ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). Yes.

(c) According to the Traffic Survey Report the restoration of Gohana-Panipat line is totally unremunerative and has not been recommended for construction. Due to paucity of funds for new lines during the Fourth Plan and lack of adequate traffic justification to make the proposed restora-

tion financially viable, it would appear that there is no case for considering the restoration of this line at present and will naturally have to wait for better times.

**Expenditure incurred on General
Elections to Lok Sabha**

1278. SHRI K. MALLANNA : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) the expenditure incurred on the last General Elections to the Lok Sabha;

(b) whether the entire expenditure was borne by the Centre or shared by some of the States; and

(c) its comparison with the expenditure incurred on the proceeding Parliamentary Elections ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) An expenditure of Rs. 9,56,20,417.68 was incurred in connection with the Mid-term General Elections to the Lok Sabha. This information is based on the material

furnished by the State/Union Territory Governments which, according to the existing arrangements, initially incur the expenditure on behalf of the Central Government and later recover the same from that Government.

(b) According to the existing arrangement between the Central and State Governments, the expenditure incurred by the State Governments in connection with the preparation and printing of electoral rolls is borne by the Central Government and the State Governments on a 50:50 basis; the expenditure on the actual conduct of elections to the Lok Sabha is met entirely by the Central Government if these elections are held independently of the elections to the Legislative Assemblies of States, and one-half of the expenditure is met by the Centre if the elections to the Lok Sabha and the Legislative Assembly of a State are held simultaneously. Since the mid-term general elections to the Lok Sabha were held simultaneously with the elections to the Legislative Assemblies of the States of Orissa, Tamil Nadu and West Bengal, the expenditure incurred by these three State Governments is shareable by the Central Government and the three State Governments. The entire expenditure incurred by the other State Governments on the mid-term elections to the Lok Sabha is to be borne exclusively by the Central Government.

(c) The total expenditure incurred on the preceding General Elections was as follows :—

General Elections, 1952	Rs. 10,45,47,099
General Elections, 1957	Rs. 11,89,77,505
General Elections, 1962	Rs. 7,31,58,000
General Elections, 1967	Rs. 10,95,33,772

The above elections were held simultaneously to the Lok Sabha and the Legislative Assemblies of the States. The figures of expenditure, therefore, include the expenditure on the elections to Parliament and the State Legislative Assemblies. Separate figures of expenditure for the Parliamentary elections and the Assembly elections are not available. The expenditure incurred on the mid-term elections to the Lok Sabha in 1971 cannot, therefore, be compared

with the expenditure incurred on the previous general elections.

Verification of Antecedents of candidates for a job

1279. SHRI DINEN BHATTACHARIYA : Will the Minister of RAILWAYS be pleased to state:

(a) whether the Railway Board had instructed the South Eastern Railway authorities to have detailed verification about the political antecedents of a candidate before being taken into service;

(b) whether the attention of Government has been drawn to the protests made by Shri Jyoti Basu, ex-Deputy Chief Minister of West Bengal, condemning this step as political victimisation; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Instructions have all along existed regarding verification of character and antecedents of persons seeking appointment in Government service. Recently, it has been impressed *inter-alia* on the South Eastern Railway that no relaxation should be made to the rules.

(b) Yes.

(c) The orders issued to the South Eastern Railway do not contain a new decision and are within the frame work of the existing rules.

Alleged Anti-Labour Attitude of Fitter-Chargeman, Railway Workshop, Palani (Southern Railway)

1280. SHRI DINEN BHATTACHARIYA : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government's attention has been drawn to the alleged anti-labour attitude of the Fitter-Chargeman of the Railway Workshop, Palani (Southern Railway) in collusion with the Railway Doctor;

(b) whether Government have received

any such complaint against them; and

(c) the action taken by Government against such officers ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) (a) and (b). No complaints have been received against the Fitter-Chargeman of the Loco Shed at Palani.

There is no Railway Workshop at Paani station of the Southern Railway.

(c) Does not arise.

**Effect on Indian Goods in world Market
due to increase in Railway and
Shipping Freights**

1281. SHRI RAJA KULKARNI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether there has been any effect on the competition faced by Indian goods in the World Market due to increase in Railway fare and 15 per cent increase in the shipping freight by India-UK Continental Conference; and

(b) if so, the steps being taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) Railway freight and shipping freight are two of the several important factors affecting the country's foreign trade. Any increase in their incidence is apt to weaken the competitive position of Indian commodities in the overseas markets. It is however, not possible to quantify the impact of the increased incidence of freight rates on the competitive position of Indian products in the world market because trade flows are subject to so many other considerations also.

(b) A Govt. of India delegation held discussions with the India-UK/Continent Conference in London in June, 1971. As a result of these, Conference reduced the general increase from 15% to 12½%. Regarding increase in railway freight rates, Railway Ministry have confined the increase to only low-rated commodities.

**General Conditions for Auction of
Railway Materials**

1283. SHRI NARENDRA SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether the General Conditions of Auction are the same for all types of auctions involving any kind of material are so rated that they save the Railway staff concerned for all acts of omission and commission which are discovered only at the time of delivery of materials; and

(b) if so, whether it is proposed to have the General Conditions re-examined and made rational, equitable and fair to all concerned ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) The General Conditions of auctions are generally the same for all types of auctions subject to local minor variations. These are equitable and fair to all concerned and as such reply to the latter Part is in negative.

(b) Does not arise.

**Comparative Cost of Hydro-Power
VIS-A-VIS Nuclear and Thermal
Powers**

1284. SHRI NARENDRA SINGH : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Hydro-Power is cheaper than nuclear and thermal power but its availability fluctuates because of its dependence on monsoons and melting of snow in summer months; and

(b) the number of Hydro-Power Stations which are affected by such fluctuations ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) Yes, Sir. The prevailing cost of power generation from hydro plants is lower than that from thermal and nuclear plants. The power availability depends on the availability of water but the fluctuations are evened out by regulating the water supplies by storage in reservoirs where available.

(b) All hydro power stations are subjected to variation in power output due to fluctuations in the inflows though the fluctuations are moderated by use of storage. In the case of multi-purpose storage projects, the power output is also governed by the pattern of releases made for irrigation.

Loss to Industrial Units in Bihar due to Break down in Power supply

1285. SHRI N. E. HORO : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether several industrial units in Bihar state are suffering huge losses on account of frequent break-downs in power supply;

(b) whether new mineral based industries were not being established due to high power rates demanded by the Bihar state Electricity Board; and

(c) if so, the reaction of the Central Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B.N. KUREEL) : (a) The Bihar State Electricity Board has reported that on account of restricted availability of power due to breakdowns of generating plants at Barauni and patratu power Stations, load shedding had to be resorted to. However, the Board had given priority in the supply of power to industries to the extent possible. The reduction in supply of power would, no doubt, have caused loss in production, but this has not been assessed.

(b) No such case has come to notice.

(c) Does not arise.

Theft of Rails from Hazaribagh (Eastern Railway)

1286. SHRI N. E. HORO : Will the Minister of RAILWAYS be pleased to state :

(a) whether rails worth Rs. 2 lakh had been stolen from Hazaribagh;

(b) whether the Police are not able to curb such crimes in the district; and

(c) if so, the measures taken by Government in this regard ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No such case has come to notice.

(b) and (c). Do not arise.

Canadian Aid for Idikki Project

1294. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Government of Canada has slashed down its aid for the Idikki Project;

(b) if so, the reasons for this and the amount of reduction effected; and

(c) whether the project work can be carried on even without the Canadian aid and if not, Government's future line of action ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (c). An amount of 27.3 million Canadian dollars (Rs. 187.04 million) was provided by the Government of Canada comprising a grant of 7.8 million Canadian dollars (Rs. 48.99 million) towards consultancy services and special construction equipment and a loan of 19.5 million Canadian dollars (Rs. 181.18 million)

for import of other equipment and materials for the construction of the Idikki Hydro-Electric Project. The loan portion has been reduced by 8 million Canadian dollars (Rs. 55.36 million). As the deobligation of this amount is mainly because of indigenous availability of some items of equipment, it has not affected the progress or financing of the project. The savings in respect of foreign exchange has been made available by the Government of Canada to the Government of India in the form of additional commodity assistance.

(b) whether Government received any letter from the concerned officials for supplying enough spare parts and instruments;

(c) if so, whether Government have arranged to provide spare parts; and

(d) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) There is no workshop at Shoranur. A loco shed is however situated there. Enough stocks of spares and instruments are normally available.

(b) and (c). No specific letter has been received for supplying enough spares and instruments. However, stock of certain spares and instruments go down on some occasions and suitable action is taken by the concerned officials for procurement of the same as per normal practice.

(d) Does not arise.

**Machinisation of Coir Industry
in Kerala**

1299. SHRI M. K. KRISHNAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are thinking

in terms of machanising the coir industry in Kerala;

(b) whether Government's attention has been drawn to the reaction of the Coir Workers' Unions that if the machanisation is effected in the coir industry, it will benefit only big coir manufacturers and thousands of workers in the coir industry will be thrown out of employment; and

(c) if so, whether Government propose to rescind the plan to machanise the coir industry?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) There is no such proposal at present.

(b) and (c) Do not arise.

Quarters to Signal and Telecommunication staff of Tughlakabad, Okhala, Tilak Bridge (Northern Railway)

1307. SHRI RAJDEO SINGH :
SHRI B.P. MAURYA :

Will the Minister of RAILWAYS be pleased to state :

(a) whether the Signal and Telecommunication staff posted at Tughlakabad, Okhala, Tilak Bridge, Sahibabad, Ganaur, Jind in Delhi Division of Northern Railway are not provided with Railway quarters near their place of duty;

(b) if so, the reasons therefor;

(c) whether the staff do not fall under the 'Essential' category of Railways; and

(d) the action Government propose to take to remove this grievance of this section of staff ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) to (d) The staff referred to are treated as 'Essential'. Due to an overall shortage of quarters, it has not been possible to house all 'Essential' staff.

Quarters are constructed to house as many of such Railway employees as possible every year on a programmed basis according to the availability of funds.

Approved Yardstick for Signal and Telecommunication Staff

1308. SHRI RAJDEO SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether for new Power Signalling Installations, proper strength of maintenance staff is not posted as there is no standard yardstick for Signal and Telecommunication Department staff approved by Railway Board;

(b) whether there is no arrangement made for Railway accommodation near those places for staff and no arrangement for their weekly rest is made;

(c) whether such staff is not supplied with proper tools for maintenance work and also no 'section or maintenance gangs' are provided after installation of such works; and

(d) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) to (d) The information is being collected and will be laid on the Table of the Sabha.

**Introduction of a new train from
Mangalore to Bombay**

1309. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal under Government's consideration to introduce a new train from Mangalore to Bombay similar to the train which runs from Cochin to Bombay at present for the convenience of the large number of people from Mangalore and the Malabar coastal area who are working in Bombay; and

(b) if so, when such a train is likely to be introduced ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Neither any direct train runs at present between Cochin and Bombay nor is one proposed between Mangalore and Bombay. The existing facility of one III class sleeper through coach between Mangalore and Bombay is considered adequate for the present level of traffic.

(b) if so, the steps taken by Govern-

ment to redress the grievances of the Porters ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) (a) There was no such strike at Farakka. Moreover transshipment of mails at Farakka is the responsibility of the postal authorities and the licensed porters of the Railways have nothing to do with it.

(b) Does not arise.

Installation of Thermal Power Station at Malda District, West Bengal

1313. SHRI DINESH JOARDER. Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Central Government have approved the proposal of the West Bengal Electricity Board for installing the Centre's 300 MW thermal power station at Khajuraghat, Malda District, West Bengal;

(b) if so, the salient features thereof; and

(c) when it will be installed ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (c) The Planning and Construction of power stations is normally the responsibility of the respective States except where the matter concerns more than one State and where the needs of the region as such have to be met economically. In such exceptional cases, the Government of India have to consider setting up of power stations in the Central Sector.

For a situation of this nature in North Bengal and North Bihar, for alternative sites in North Bengal, including that at Khejuria-ghat, Malda District, are under consideration and the State Government have been requested to carry out further investigations necessary for taking a decision in the matter. The power station visualised for the area will have a capacity of 220/240 MW and will be coal-fired. The station is likely to be completed in about five years of the commencement of works.

Japan's proposal to purchase Indian Coffee

1314. SHRI SUBODH HANSDA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Japan proposes to buy Indian Coffee;

(b) if so, whether there is any agreement for this; and

(c) if so, the terms and conditions of this Agreement ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c) A Coffee Market Survey Delegation to South-East Asia recently visited Japan to explore the possibilities of promoting exports of Indian Coffee there. Many Japanese importers have shown keen interest in the high quality Indian Coffee. The report of the Delegation is being compiled.

Damage due to waterlogging between Kharagpur and Nimpura Railway Yard (South Eastern Railway)

1315. SHRI SUBODH HANSDA : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are aware that a large number of houses have collapsed and property has been damaged due to waterlogging between Kharagpur and Nimpura Railway yards during the last week of August, 1971;

(b) whether the waterlogging was due to faulty Planning by the Railways in providing narrow outlet for passage of water; and

(c) if so, whether the damage caused was the responsibility of the Railways and the remedial steps proposed in the matter ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes. Some houses outside the Railway settlement were flooded due to unprecedented heavy rains.

- (b) No.
- (c) Does not arise.

Causes of Earthquake at Koyna-1967

1316. SHRI BIRENDER SINGH RAO : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether a meeting of scientists held recently in Paris auspices of UNESCO, has given contrary opinion to what had been stated earlier as regards the causes of earthquake which occurred at Koyna in 1967; and

(b) if so, whether any steps have been taken by the central Government to save the Koyna-Electric Project and the resultant disaster in case of an accident ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b) Under the auspices of the UNESCO, a working group composed of the representative members of several international organisations, met in Paris in December, 1970 to study the seismic phenomena related to the filling of large reservoirs. Prof. Rothe, on behalf of the Working Group, has requested for information from several countries including India.

The Committee of Experts composed of both foreign and India, appointed in association with the UNESCO in December, 1967, concluded that the earthquake of December, 1967 was due to tectonic causes. The direction of maximum forces was close to the horizontal and it was therefore difficult to attribute the forces released, to the pressure of the water in the reservoir which should be vertical. A number of foreign scientists also have indicated that the vertical loading resulting from the filling of the Koyna reservoir cannot be the sole cause of the earthquake. They suggest that the tectonic strains stored in the rocks in the Koyna region were the sources of the energy released. In this context, it is to be noted that no earthquake occurred during the filling of Bhatgar and Radhanagiri reservoir in the same basaltic terrain. The Bhakra dam is located in a seismically active zone but no activity has been noticed

after the filling of Govind Sagar. This and other data have led to the general view held by the majority of scientists that the reservoir at Koyna was not responsible for any major shock.

It is interesting to note that in 1969 UNESCO experts Prof. Auden and Prof. Gubin, invited to give a report on the Seismicity of Western India, discussed the views of Prof. Rothe regarding the connection between the filling of the Koyna reservoir and the occurrence of earthquake at Koyna. They concluded that there is little connection between the filling of the Koyna reservoir and the occurrence of even the small shocks. They also observed that before making sensational deductions about the production of earth tremors by reservoir filling, more study is required.

While studies continue on the causes of the Koyna earthquake, steps have been taken to ensure the safety of dam against similar future earthquakes. By way of immediate strengthening, the cracks in the dam, caused by the December, 1967 earthquake, were grouted; the portion above the crack was tied to the lower portion of dam by prestressed anchoring. As a permanent measure the dam is being widened in the bottom upto a certain level, and provided with buttresses, to a few feet below the top of the dam. Till the above work is completed, Maharashtra Government is not filling the reservoir above the spillway crest by way of precaution. The permanent additional work is expected to be completed by June, 1972.

Blasting of Railway Tracks and Trains by Pakistani Saboteurs in Northern Regions of West Bengal and Assam

1317. SHRI S. M. BANERJEE : Will the Minister of RAILWAYS be pleased to state :

(a) whether Pakistani saboteurs are regularly blasting the railway tracks and trains in the northern regions of West Bengal and Assam;

(b) if so, the steps taken by Government to counteract this; and

(c) whether army men have been posted to have a watch on these tracks ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) 13 such incidents have occurred since June, 71.

(b) and (c) The steps taken are :

1. Security patrolling by the Police/ Home Guards;
2. Track patrolling by police/home guards/Village Defence Party members in conjunction with the railway gangmen;
3. Guarding of vital railway installations and important bridges by armed police and home guards;
4. Searchlight patrolling by 59 mount brigade;
5. Suspension of night running passenger trains in vulnerable sections;
6. Observation posts have been set up at important railway stations;
7. 3-metre area on either side of the Railway track has been declared as protected area under the Assam Maintenance of Public Order Act 1947;
8. Imposition of punitive tax on two villages bordering East Pakistan territory;
9. Arousing consciousness amongst villages adjacent to railway track against acts of sabotage by Pak. agents;
10. Rewarding persons responsible for timely detection of sabotage activities; and
11. Checking passenger's luggage in trains in vulnerable areas.

Benefits from Narmada Valley Project

1320. SHRI BHAGIRATH BHANWAR : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the nature of benefits likely to accrue from the Narmada Valley Project;

(b) the number of cities and villages likely to be affected by the Narmada Valley Project; and

(c) the action being taken on the said project at present ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND

POWER (SHRI B.N. KUREEL) : (a) to (c) There is no single project by the name of Narmada Valley Project.

The Dhaundear and Dukrikhedra projects in the Narmada basin in Madhya Pradesh are already completed. The Tawa, Barna, Borad and Chandrakesar projects in Narmada basin in Madhya Pradesh are already under construction.

Investigations have been completed by the Government of Madhya Pradesh for the Bargi, Narmadasagar and Bichia Tank projects in the Narmada basin and project reports have been sent to the Centre for consideration.

The information on the benefits and the data on submergence as readily available are indicated below :—

Project	Irrigation benefits. Acres.	Power benefits. K. W.	Area of land to be submerged. Acres
1. Dhaundhar	3,400	—	Not readily available.
2. Dukrikheda	6,000	—	Not readily available.
3. Tawa (Revised)	8,20,000	—	49,557
4. Barna	1,56,000	—	17,500
5. Borad	12,500	—	800
6. Chandrakesar	12,000	—	1,690
7. Bargi	8,25,000	—	67,451
8. Narmadasagar	6,18,000	4,13,000	2,11,285
9. Bichia Tank	5,000	—	158

The water disputes on the Narmada and its valley are now under adjudication by the Narmada Water Dispute Tribunal and the Government of India do not consider it to be appropriate to give clearance to any new projects in the basin when the disputes are under the consideration of the Tribunal.

मध्य प्रदेश में खाद्यान्नों तथा फलों के परिवहन के लिए रेलवे माल डिब्बे

व्यवस्था करने में सामान्यतः कोई कठिनाई नहीं है।

1321. श्री गंगा चरण दीक्षित : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे माल डिब्बों के उपलब्ध न होने के कारण मध्य प्रदेश में खाद्यान्नों के और फलों, जैसे केले, आदि के परिवहन में काफी विलम्ब हो रहा है; और

(ख) यदि हां, तो इस सम्बन्ध में क्या उपचारात्मक कार्यवाही की गई है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) और (ख) खाद्यान्न का जो कि अधिकतर सरकारी लेखे में भेजा जाता है, और केला जैसे फलों का संचलन अपेक्षाकृत उच्च प्राथमिकता के अन्तर्गत किया जाता है। इनकी शीघ्र निकासी की

लेकिन व्यापार लेखे का मोटा अनाज अन्य सामान्य माल के साथ पजीकरण के क्रम के अनुसार प्राथमिकता की श्रेणी ही में भेजा जा सकता है। इसके अलावा, मध्य और पश्चिम रेलों द्वारा संवित मध्य प्रदेश के स्टेशनों से अनाज भेजने की अधिकांश मार्गें व्यापार लेखे में की जाती हैं और प्रायः ऐसे स्टेशनों के लिये हैं जहां माल फरक्का और गड़हरा जैसे कठिन मार्गों के रास्ते भेजना पड़ता है और उसे कोटा प्रणाली द्वारा नियमित करना पड़ता है। इन प्रतिबन्धों के रहते हुए खाद्यान्न का संचलन काफी संतोषजनक है।

Approval for Sukta Dam in Madhya Pradesh

1322. SHRI G. C. DIXIT : Will the

Minister of IRRIGATION AND POWER be pleased to state :

(a) whether any effort or approach has been made during the year 1971 to secure the approval of the Central Government to the revised proposal of the Sukta Dam in Madhya Pradesh State; and

(b) if so, the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER [SHRI B. N. KUREEL] : [a] and [b] The revised Project Report regarding the Sukta Dam has not yet been received from Government of Madhya Pradesh.

Introduction of New Trains between Bombay and Allahabad or Delhi

1323. SHRI G. C. DIXIT : Will the Minister of RAILWAYS be pleased to state the proposals, if any, for running new trains between Bombay and Allahabad or Delhi ?

THE MINISTER OF RAILWAYS [SHRI K. HANUMANTHAIYA] : At present there is no proposal to introduce additional trains between Bombay and Allahabad/Delhi. Introduction of Rajdhani Express between Bombay Central and New Delhi [via the Western Railway route] is, however, planned from April, 72.

Supply of bad quality of food in Dining Cars on Central Railway

1324. SHRI G. C. DIXIT : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have received any complaint during the last one year regarding the supply of bad quality of food in the dining cars on Central Railway;

(b) if so, the reaction of Government thereto; and

(c) the steps taken by Government thereon ?

THE MINISTER OF RAILWAYS [SHRI K. HANUMANTHAIYA] : (a)

Some complaints were received during the last one year.

(b) These complaints were mainly on account of the large number of clientele to be served from the dining cars of long distance trains where the facilities available are necessarily limited.

(c) The following steps have been taken to improve the quality of food :--

(i) Picking up of items of cooked food such as chapatics, rice and dahl from stations en route has been adopted to reduce the cooking work in the dining cars. Further proposals to pick up items like vegetables and mutton curry are also being developed.

(ii) Regular schedule of ingredients has been laid down after practical tests for various recipes to ensure quality in the preparation.

(iii) To maintain the quality of service, equipment such as chapati boxes and thermal urns have been provided in the catering units.

(iv) More frequent checks and inspections by Officers and Supervisory Staff to remove the deficiencies noticed on the spot.

Introduction of A Fast Express Train from Calicut to Cochin

1325. SHRI C.K. CHANDRAPPAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have decided to run a fast express train from Calicut to Cochin on Southern Railway;

(b) whether Government have received any representation demanding that the starting point of that train should be Cannanore instead of Calicut; and

(c) if so, the decision taken thereon.

THE MINISTER OF RAILWAYS [SHRI K. HANUMANTHAIYA] : (a) A

proposal for introduction of an Express train between Calicut and Cochin in replacement of an existing pair of passenger trains on Cochin-Shoranur section has been under examination for the last few months in consultation with the Kerala Government. The decision of Kerala Government is awaited.

(b) Yes.

(c) After a final decision is taken regarding introduction of the proposed Express between Calicut and Cochin, the feasibility of extending the service to and from Cannanore will be examined.

Setting up of Weavers Service Centre in Kerala

1326. SHRI C. K. CHANDRAPPA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether there is any proposal before Government to set up a Weavers Service Centre in Kerala; and

(b) if so, the salient features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). The All India Handloom Board have recommended setting up of some additional Weavers' Service Centres. A Centre in Kerala is also included in the proposal. The matter is still under consideration.

Suggestions by Law Commission to make changes in Constitution (Twenty-fifth Amendment) Bill

1327. SHRI C. K. CHANDRAPPA : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether the Law Commission has suggested certain changes in the Constitution [Twenty-fifth Amendment] Bill;

(b) if so, the changes suggested; and

(c) whether Government have accepted the suggestions ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY):

(a) The Law Commission has suggested certain changes in clause 3 of the Constitution (Twenty-fifth Amendment) Bill, 1971.

(b) and (c). The suggestions are under the consideration of Government. A copy of the Report will be laid before Parliament in due course.

Export of Rubber to G.D.R.

1328. Shri C. K. CHANDRAPPA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether India is going to export rubber to the German Democratic Republic; and

(b) if so, the quality and value thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). Some countries including G.D.R. have indicated keen interest in purchasing Natural Rubber from India. The Proposals are under active consideration by both parties.

Steps to Promote Indian Coffee in South East Asia

1329. SHRI BANAMALI PATNAIK : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the steps taken to promote Indian Coffee in South-East Asia; and

(b) the results achieved so far and further steps proposed to be taken in this direction?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) A Coffee Market Survey Delegation has recently visited Singapore, Hong Kong, Thailand and Japan to explore the possibilities of stepping up exports of Indian Coffee to these countries.

(b) In all these countries major importers

showed keen interest in purchasing high quality Indian Coffee. The report of the Delegation is being compiled.

Increase in Exports

1330. SHRI BANAMALI PATNAIK : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether exports have shown a rise in the first four months of the current year;

(b) if so, the extent thereof;

(c) the latest period for which export performance has been worked out during the current year so far; and

(d) the steps taken or proposed to be taken to keep up the trend?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) Exports during April-July 1971 at Rs. 538 crores increased by Rs. 106 crores or 24.6 per cent over the corresponding period of last year.

(c) While the overall figures of export performance are available upto September, 1971, commoditywise break-up has been worked out for the first two months (April-May) of 1971-72.

(d) The broad outline of the type of policies Government have been pursuing and intends to pursue in support of country's export effort is given in the Export Policy Resolution laid before Parliament in July, 1970. Among the important measures that have been adopted in recent period to promote exports, mention may be made of the export-oriented industrial licensing policy, grant of priority treatment for import of raw materials and capital goods for export-oriented units, priority allocation of domestic and imported raw materials, provision of selected materials at international prices, provision of compensatory support to selected products with significant growth potential and the expanding role of the public sector in the country's foreign trade.

कोटा और रतलाम डिबीजनों (पश्चिमी रेलवे) के ट्रेडिंग टिकट एक्सामिनरों द्वारा हड़ताल

1331. डा० लक्ष्मीनारायण पांडेय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 14 अक्टूबर, 1971 को कोटा तथा रतलाम डिबीजनों के ट्रेडिंग टिकट एक्सामिनरों द्वारा सांकेतिक हड़ताल की गई थी;

(ख) यदि हां, तो इसके कारण क्या थे; और

(ग) सरकार द्वारा उस संबंध में क्या कदम उठाए गए हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) से (ग). कुछ अज्ञात वक्तियों द्वारा कोटा के एक गाड़ी कंडक्टर पर तथाकथित आपराधिक हमले के बाद, इन दोनों मंडलों के टिकट जांच कर्मचारियों के एक भाग ने सामूहिक रूप से बीमार होने की रिपोर्ट कर दी। कर्मचारियों ने सरकारी रेलवे पुलिस, कोटा के स्टेशन अधिकारी और एक चल-टिकट परीक्षक के स्थानान्तरण की मांग की, क्योंकि इस घटना में उन की मांठ-गांठ होने का सन्देह था। चल टिकट परीक्षक स्वेच्छा से कोटा मंडल से बाहर तबादले पर चला गया और सरकारी रेलवे पुलिस का स्टेशन अधिकारी इस मामले में आगे जांच पड़ताल होने तक अस्थायी रूप से स्थानान्तरित कर दिया गया। बाद में कर्मचारियों ने झूठी पर जाना शुरू कर दिया।

डेक्कन क्वीन की "रेस्टोरेट कार" में तृतीय श्रेणी के यात्रियों का प्रवेश निषिद्ध होने के बारे में शिकायतें

1332. डा० लक्ष्मीनारायण पांडेय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बम्बई और पूना के मध्य चलने वाली "डेक्कन क्वीन" में तृतीय श्रेणी के

यात्रियों के लिए "रेस्टोरेंट कार" में प्रवेश निषिद्ध है;

(ख) यदि हां, तो इसके क्या कारण हैं;

(ग) क्या इस संबंध में यात्रियों द्वारा, रेलवे के संबंधित अधिकारियों को शिकायतें भी की गई हैं, परन्तु उनकी शिकायतों को दूर करने के लिए कोई कार्यवाही नहीं की गई;

(घ) वह नियम कौन सा है जिसके अन्तर्गत केवल प्रथम और द्वितीय श्रेणी के यात्री ही उक्त गाड़ी की "रेस्टोरेंट कार" में प्रवेश कर सकते हैं ?

रेल मंत्री (श्री के० हनुमंतैया) : (क) जी हां ।

(ख) से (घ). दूसरे और तीसरे दर्जे में यात्रा करने वाले यात्रियों को भोजन यान का उपयोग करने की अनुमति केवल भोजन के समय में ही दी जाती है और वह भी तब जब वे ए-ला-कार्टे खाद्य वस्तुओं की बजाय पूरे भोजन के लिए आदेश देते हैं। चूंकि दक्कन क्वीन में यात्रा करने वाले यात्रियों को पूरा भोजन नहीं दिया जाता, अतएव दक्कन क्वीन के रेस्तरां कार में तीसरे दर्जे के यात्रियों के प्रवेश की अनुमति नहीं है। लेकिन तीसरे दर्जे के यात्रियों की जरूरतों को पूरा करने के उद्देश्य से उन्हें चाय, काफी, ठंडा पानी और भोज्य पदार्थ देने के लिए तीसरे दर्जे के डिब्बों पर एक बेयरा विशेष रूप से तैनात किया जाता है।

इस सम्बन्ध में 1970-71 के दौरान केवल दो शिकायतें तथा अप्रैल 1971 से सितम्बर, 1971 तक की अवधि में एक शिकायत मिली थी। स्थिति का स्पष्टीकरण करते हुए इन शिकायतों के समुचित उत्तर दे दिये गये हैं।

Treatment of Diesel Shed, Ratlam as Factory

1333. DR. LAXMINARAIN PANDEY :

Will the Minister of RAILWAYS be pleased to state :

(a) whether a Diesel shed is considered as a Factory; and

(b) if so whether the Diesel Shed at Ratlam (Ratlam Division, Western Railway) does not have proper and necessary arrangements which are provided for factory workers ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No.

(b) Does not arise.

जाबरा तथा ढोढर के बीच हॉल्टिंग स्टेशन कायम करने सम्बंधी प्रस्ताव

1334. डा० लक्ष्मीनारायण पांडेय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पश्चिम रेलवे में जाबरा तथा ढोढर रेलवे स्टेशनों के बीच एक हॉल्टिंग स्टेशन कायम करने के प्रस्ताव को स्वीकृति दे दी गई है; और

(ख) उक्त हॉल्टिंग स्टेशन का कार्य कब तक प्रारम्भ हो जायेगा ?

रेल मंत्री (श्री के० हनुमंतैया) : (क) जी हां।

(ख) लगभग जनवरी, 1972 तक।

सोन नदी पर बानसागर बांध (परियोजना)

1335. श्री गंगा चरण बीसित :
श्री शंकर बयाल सिंह :

क्या सिंचाई और बिजुत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सोन नदी पर मध्य प्रदेश सरकार द्वारा प्रस्तावित बानसागर बांध परियोजना पर बिहार राज्य सरकार ने आपत्ति की थी;

(ख) इस प्रस्तावित बांध के विषय में केन्द्रीय सरकार के क्या विचार हैं;

(ग) क्या बिहार सरकार की आपत्ति के परिणामस्वरूप केन्द्रीय सरकार ने 1 अगस्त, 1971 को एक अन्तर्राज्यीय बैठक बुलाई थी;

(घ) क्या उक्त बैठक के फलस्वरूप केन्द्रीय जल और विद्युत आयोग के अध्यक्ष और बिहार तथा उत्तर प्रदेश के चीफ इंजीनियरों ने उक्त राज्यों के मुख्य मंत्रियों द्वारा मामले पर पुनः विचार करने हेतु कोई ब्यौरे तैयार किए हैं; और

(ङ) यदि हां, तो उनकी मुख्य-मुख्य बातें क्या हैं और इस मामले में अब तक क्या प्रगति हुई है ?

सिंचाई और विद्युत मंत्रालय में उपमंत्री (श्री बंजनाथ कुरील) : (क) से (ङ). मध्य प्रदेश सरकार ने सोन नदी पर बानसागर परियोजना के मध्य प्रदेश की विकासात्मक योजनाओं में शामिल करने के लिए योजना आयोग की स्वीकृति हेतु प्रस्ताव किया है।

बिहार सरकार ने मध्य प्रदेश सरकार द्वारा प्रस्तावित बानसागर परियोजना का विरोध किया है जिसमें सोन जल का टोंस नदी में व्यवर्तन शामिल है। यह विरोध इस आधार पर किया गया है कि इससे बिहार में सोन नदी के नीचे की ओर वाली बृहत् सिंचाई प्रणाली प्रभावित होगी जहां पर जल.सप्लाई की स्थिति पहले ही नाजुक बताई जाती है।

उत्तर प्रदेश सरकार जोर दे रही है कि मिर्जापुर जिले में अकालग्रस्त पठारी क्षेत्रों के लिए बानसागर परियोजना एकमात्र सिंचाई साधन है और मध्य प्रदेश सरकार द्वारा प्रस्तावित बानसागर परियोजना में इस क्षेत्र में भी सिंचाई की व्यवस्था करने के लिए परिवर्तन किया जाना चाहिए।

केन्द्रीय सरकार प्रयत्न कर रही है कि ऐसे प्रस्ताव बनाए जाएं जो तीनों राज्यों को स्वीकार्य हों। केन्द्रीय सिंचाई और विद्युत मंत्री और बिहार, उत्तर प्रदेश तथा मध्य प्रदेश के

मुख्य मंत्रियों के बीच 1 अगस्त, 1971 को एक अन्तर्राज्यीय बैठक भी हुई थी। विचार-विमर्श के अनुसरण में, एक तकनीकी समिति, जिसमें अध्यक्ष, केन्द्रीय जल और विद्युत आयोग और तीनों राज्यों के मुख्य अभियंता शामिल हैं, मुख्य मंत्रियों के आगे विचार करने के लिए ब्यौरे तैयार कर रही है।

(c) 63 Rural Electrification Schemes for loan assistance of Rs. 28.91 crores for the electrification of 3973 villages and energisation of 72,754 pumpsets are under consideration of the Rural Electrification Corporation.

Completion of Hydro Projects

1339. SHRI V. MAYAVAN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the particulars of the 62 hydro-power projects, investigations of which have been undertaken as joint venture of

the Government of India and the United Nations;

(b) the number of project reports completed so far together with the particulars of prospective implementation;

(c) whether the ownership of equipment has been handed over to Government; and

(d) when the project reports of all the 62 projects are expected to be completed ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) (a) The particulars are given in the Statement laid on the Table of the House. [*Placed in Library. See. No. L.T. 1086/71*]

(b) Preliminary project reports for 38 schemes have been prepared so far. Of these 12 schemes have been proposed for implementation in the decade plan 1971—81.

(c) No, Sir.

(d) Project reports for 10 more schemes are expected to be got ready by 1973-74. 2 schemes have been found technically not feasible for implementation. In the case of remaining 12 schemes preparation of project reports will be taken up as soon as the investigations, which are in progress, are completed.

Suggestions regarding production and marketing methods of Gems and Jewellery

1341. SHRI V. MAYAVAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) what are the suggestions made by the Delegation sent in October, 1970 to the West European trading and manufacturing centres to study the production and marketing methods of gems and jewellery; and

(b) the action taken by Government on the principal suggestions of the Delegation ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b) The Government sponsored delegation to Western Europe which visited Western Europe in October, 1970 to study the markets for diamonds made a number of recommendations, important amongst them and action taken on each one of them are as under :-

Recommendations made	Action taken
1	2
(i) To further increase export of cut and polished diamond, it is necessary to diversify the industry and take up cutting and polishing of diamonds of superior qualities in higher price ranges.	(i) Advance Licensing Scheme is being operated to encourage cutting and polishing of superior qualities in higher price ranges. There has been considerable success in this regard.
(ii) It is necessary to promote direct exports of cut and polished diamonds to USA which is the biggest market in the world for cut and polished diamonds.	(ii) Leading exporters are making special efforts in USA and are establishing direct contacts.
(iii) It is necessary to allow import of modern equipments to modernise the cutting and polishing of diamonds.	(iii) The machinery and equipment required by the diamond industry from abroad are already being allowed under the replenishment policy for registered exporters.
(iv) Import of prototypes of improved equipment should be allowed.	(iv) Government would be willing to consider applications from interested manufacturers for import of prototypes.
(v) It is necessary to introduce automation in the cutting and polishing of certain categories of diamonds.	(v) Government is aware of the growing automation in the cutting of diamonds abroad. As a general policy, Government would like to introduce automatic machinery only to the extent necessary to meet competition and improve quality in cutting.
(vi) A training centre for cutting and polishing may be set up either at Surat or Navasari.	(vi) The Gem and Jewellery Export promotion Council is planning to set up a training centre at Navasari, Gujarat for our artisans.

1

-
- (vii) Raw un-cut diamonds should be obtained from primary sources and international suppliers.
- (viii) In order to give a fillip to cutting and polishing of superior quality and larger sizes of diamonds and exports thereof a higher replenishment upto 80% of the FOB value may be given.
- (ix) A Diamond Bourse with headquarters at Bombay may be organised.
- (x) Indian commercial banks must have special cells for dealing with problems of financing of diamond trade and industry.
- (xi) To facilitate export of smaller diamonds such exports on consignment account may be allowed through some of the recognised banks which have specialised in dealing with diamonds.
- (xii) For affording priority in dealing with matters relating to diamond trade and industry a special desk should be created in the Ministry and an Officer should be available on the technical side in the DGTD.
- (xiii) It is necessary to set up a gemnological laboratory in the country.
- (xiv) For integrated development of diamond trade and industry the forma-

2

- (vii) Facilities have been created to obtain supplies from primary sources and international suppliers through the NMDC, and by advance licensing.
- (viii) The Advance Licensing Committee considers applications for 80% replenishment in case the applicant is willing to guarantee a realization averaging 150 or more per carat.
- (ix) This is not yet considered necessary.
- (x) Government is anxious to have commercial banks take up financing of gems and jewellery exports including precious stones. However, there have not been much progress due to lack of expertise in this field in the commercial banks.
- (xi) Government is willing to consider specific requests for export of smaller diamonds on consignment basis through recognised banks.
- (xii) The Ministry of Foreign Trade already has a special desk. However, an Officer with sufficient experience on the technical side is not yet available.
- (xiii) The Gem and Jewellery Export promotion Council has taken steps to set up a gemnological laboratory at Jaipur. They have imported equipment and are now trying to recruit a gemnologist with suitable qualifications.
- (xiv) The question of setting up a company known as Gem India Ltd. is under the

1

tion of a Government owned company known as Gem India Ltd., should be established.

- (xv) In view of the higher ruling prices of gold in the internal market import of gold may be allowed at international prices to registered exporters of gold jewellery against their replenishment.

M.M.T.C.'s demand for extra payment equal to New Import duty on non-ferrous metals

1342. SHRI R. P. ULAGANAMBI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Metals and Minerals Trading Corporation has demanded extra payment equal to the new import duties imposed in this year's budget on non-ferrous metals imported prior to 31st May, 1971;

(b) if so, the reasons for the same; and

(c) the reaction of the contracted parties ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c). The quantities of non-ferrous metals imported till the 29th May, 1971 were sold at the old prices to the extent to which the financial arrangements were made by the actual users before that date.

After the 29th May, 1971, non-ferrous metals were sold at the revised prices. They included marginal quantities of some of the metals which had been imported prior to the 29th May, 1971. This is the usual practice and has also been followed by the Corporation in similar situations in the past.

2

consideration of the Ministry of Mines and Metals.

- [xv] It has been agreed in principle to allow the Handicrafts and Handloom Export Corporation to import gold for export production. A detailed scheme is being worked out in consultation with the Gem and Jewellery Export Promotion Council.

Export of Woollen Knitwears to USSR

1343. SHRI R. P. ULAGANAMBI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether orders for woollen knitwears worth over Rs. 10 crores were declined by the hosiery exporters;

(b) if so, the reasons for the same; and

(c) the steps taken or proposed to be taken by Government for materialising the export of Woollen knitwears to U.S.S.R. ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No information regarding declining of orders by Indian hosiery exporters for woollen knitwear worth over Rs. 10 crores has come to the notice of the Government.

Export of Finished leather under G.S.P.

1344. SHRI R. P. ULAGANAMBI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the advantages that would arise from the Generalised System of Preference of Tariffs so far as leather industry is concerned; and

(b) the steps taken by Government to

augment the finished leather export and to increase leather manufactures inside the country?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Finished Leather and Semi-tanned Leather has been excluded from the purview of G.S.P. by the E.E.C. countries. But there is goodscope for increasing the export of Leather Manufacturer to the countries who have agreed to Generalised System of Preference of Tariffs.

(b) A statement indicating the important steps taken in this connection is laid on the Table of the House.

Statement

The Government have taken the following steps to augment the finished leather export and to increase the leather manufactures inside the country.

1. Air freight subsidy is being given against the export of finished leather.
2. Though there is 10% export duty on raw hides and skins tanned skins etc., no export duty is levied against the export of finished leather.
3. Under the Registered Exporters' policy, raw materials, chemicals and other components are allowed to be imported against export of finished leather.
4. Export Promotion Council for Finished Leather and Leather Manufactures at Kunpur is assisting the exporters of finished leather for improving quality of products and also for exploring export markets.
5. An industry-wise drawback rates have been fixed against the exports of finished leather.
6. Leather and leathergoods industries are included in the list of priority industries and liberal import of

materials required for production of finished leather which are not indigenously available, is allowed.

7. Liberal import of machinery for balancing, modernisation and replacement is allowed under the Registered Exporters' Policy for this item.
8. The export of raw goat skins has been brought under quota system and the export quota is being progressively reduced. The export quota during 1971 is only 10% of the best year's exports during 1954—58. Exports of raw hides, sheep skins etc. are not allowed generally in order to increase the production of finished leather and leather manufactures in the country.
9. Imports of major raw materials such as raw hides and skins and wattle extract bark etc. has been kept on O.G.L.
10. Setting up capacities for the production of finished leather is being encouraged and letters of intent/licences have been issued to 7 new undertakings for the manufacture of finished leather in the large scale Sector.

रेलवे प्रशासन द्वारा कुलियों को लाइसेंस दिया जाना

1345. श्री आर० बी० बड़े : क्या रेल मंत्री यह बताने की कृपा करेंगे कि रेलवे प्रशासन ने प्रत्येक रेलवे में कुलियों को कितने-कितने लाइसेंस दिये हैं ?

रेल मंत्री (श्री के० हनुमंतैया) : केवल लाइसेन्स-धारी भारिकों को ही, रेल परिसरों में यात्रियों के सामान को लाने ले जाने की अनुमति है जिसकी संख्या विभिन्न रेलों पर इस

समय इस प्रकार है :—

स्थायी कुलियों की अनुपस्थिति में नैमित्तिक
कुलियों की नियुक्ति के नियम

1346. श्री आर० बी० बड़े : क्या रेल
मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बीमारी, घर पर अपरिहार्य
कार्य त्योहार अथवा किसी अन्य प्रकार के
आवश्यक कार्य के कारण स्थायी कुलियों की
अनुपस्थिति पर उनके स्थान पर स्थानापन्न
कुली प्रदान करने के कोई नियम हैं;

(ख) यदि हाँ, तो वे नियम क्या हैं;

(ग) यदि नहीं तो बड़ी संख्या में कुलियों
के छुट्टी चले जाने के कारण कुलियों की कमी
को किस प्रकार पूरा किया जाता है क्योंकि
इससे यात्रियों को बड़ी कठिनाइयाँ होती हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) जी
नहीं। लाइसेन्स दार भारिकों की अनुपस्थिति
की अवधि में एवजी भारिकों को रखने का
चलन पहले था। लेकिन रेलवे लाइसेन्सदार
भारिकों और कमीशन बैंडरों के सम्बन्ध में

अध्ययन दल की सिफारिशों के फलस्वरूप
सितम्बर 1969 से यह पारिपाटी बन्द कर दी
गयी है।

(ख) सवाल नहीं लठता।

(ग) स्टेशनों पर लाइसेन्सदार भारिकों
की संख्या बीमारी के कारण सामान्य अनु-
पस्थिति, घर पर अपरिहार्य काम आदि को
ध्यान में रखते हुए निश्चित की जाती है।
इसके अलावा, छुट्टी प्रत्येक मामले के गुणावगुण
के आधार पर मंजूर की जाती है और उसके
साथ-साथ इस बात को भी ध्यान में रखा जाता
है कि किसी भी समय स्टेशन पर उपलब्ध
लाइसेन्सदार भारिकों की संख्या यात्रियों की
आवश्यकता पूरी करने के लिए पर्याप्त हो।
इससे किसी समय अधिक संख्या में अनुपस्थिति
होने की सम्भावना नहीं रहती।

मान्यता प्राप्त महासंघ और उनसे
सम्बद्ध यूनियनों

1347. श्री आर० बी० बड़े : क्या रेल
मंत्री यह बनाने की कृपा करेंगे कि :

(क) क्या अखिल भारत स्तर के कई
महासंघ हैं और यदि हाँ, तो उनके नाम
क्या हैं;

(ख) क्या रेलवे विभाग द्वारा मान्यता
प्राप्त कोई महासंघ भी हैं और यदि हाँ, तो
उनके नाम क्या हैं एवं उनकी रजिस्ट्रेशन संख्या
यदि कोई है तो क्या है;

(ग) मान्यताप्राप्त उक्त महासंघों से
सम्बद्ध रजिस्टर्ड यूनियनों की संख्या, डबका
रजिस्ट्रेशन क्रमांक और उनकी तिथि क्या है;
और

(घ) उन यूनियनों की कार्यकारिणियों
की सूची तथा उनकी सदस्य संख्या क्या है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क)
जहाँ तक सूचना उपलब्ध है, अखिल भारतीय

स्तर के रेल कर्मचारियों के चार संघ हैं। उनके नाम हैं इस प्रकार हैं :—

- (1) आल इंडिया रेलवे मैन्स फेडरेशन।
- (2) नेशनल फेडरेशन आफ इंडियन रेलवे मैन्स।
- (3) भारतीय रेलवे मजदूर संघ।
- (4) आल इंडिया रेलवे एम्पलाईज कनफेडरेशन।

(ख) उन दो अखिल भारतीय संघों के नाम, जिनसे क्षेत्रीय रेलों में से प्रत्येक पर मान्यताप्राप्त यूनियनों सम्बद्ध हैं और जिनको वासर्ता करने की सुविधायें प्राप्त हैं, इस प्रकार

और

- (11) नेशनल फेडरेशन आफ इंडियन रेलवेमैन।

ऐसा समझा जाना है कि पहले की पंजीकृत संख्या 679 है जब कि दूसरा ट्रेड यूनियन अधिनियम के अन्तर्गत फिलहाल पंजीकृत नहीं है।

(ग) और (घ). उपर्युक्त भाग (ख) के उत्तर में उल्लिखित दो फेडरेशनों से सम्बद्ध 18 पंजीकृत तथा मान्यताप्राप्त यूनियनों हैं। उनके नाम, पंजीकरण की तारीख और 8-6-1971 को उपलब्ध सदस्य संख्या संलग्न विवरण में दी गयी है।

सूचना इकट्ठी की जा रही है और सभा-

- (1) आल इंडिया रेलवे मैन्स फेडरेशन पटल पर रख दी जायेगी।

संकेत और दूर संचार विभाग के निरीक्षक
 किया जाना

1348. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि रेल दुर्घटना जांच समिति, 1968 की सिफारिश के अनुसार

रेल के संकेत और दूर-संचार विभाग के निरीक्षकों को मूल्यवान व भारी स्टोर के उत्तरदायित्व से मुक्त करने के सम्बन्ध में रेल प्रशासन ने क्या कार्यवाही की है ?

रेल मंत्री (श्री के० हनुमन्तया) : रेल दुर्घटना जांच समिति (1968) की रिपोर्ट के

भाग-II के पैरा 286 के अन्तर्गत की गयी सिफारिश के अनुसार कार्य-संचालन प्रणाली के पुनर्गठन के लिए अध्ययन किया जा रहा है ताकि रेलों के सिग्नल और दूर संचार विभाग के निरीक्षकों को बहुमूल्य और भारी भण्डार को सम्हालने के उत्तरदायित्व से मुक्त किया जा सके।

रेलवे के संकेत तथा दूर संचार विभाग के कर्मचारियों के कार्य की परिस्थितियाँ और उन्हें वर्दी देना

1349. श्री हुकम चंद कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे के संकेत तथा दूर संचार विभाग के कर्मचारियों को सर्दी और वर्षा के बचाव के लिए उन्हें कोई वर्दी नहीं दी जाती है;

(ख) यदि हाँ, तो किस-किस कैटेगरी के कर्मचारियों को क्या-क्या वर्दी दी जाती है; और

(ग) यदि उन्हें वर्दी नहीं दी जाती तो उसके क्या कारण हैं ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) से (ग). रेल कर्मचारियों की वर्दियाँ 1966 में जारी किये गये रेलवे बोर्ड के आदेशों के अनुसार सप्लाई की जाती हैं। इन आदेशों में यह अभीष्ट है कि कर्मचारियों को वर्दियाँ, रेलों के पुराने वर्दी विनियमों या 1963 के मानकीकृत वर्दी विनियमों में से जो भी अधिक कफायती हो उसी के अनुसार, दी जायें। उपर्युक्त आदेशों के अनुसार सिग्नल एवं दूर संचार विभाग के कर्मचारियों सहित कर्मचारियों की जो कोटिया वर्दियों की पात्र हैं वे तथा वर्दी का मान और उम्रका आकार-प्रकार हर रेलवे पर अलग-अलग है। अतः उनकी सूची बनाना सम्भव नहीं है।

वर्दी समिति 1970 की सिफारिशों के

फलस्वरूप रेल कर्मचारियों को विभिन्न कोटियों की वर्दी देने का समूचा प्रश्न विचाराधीन है।

Ad hoc Interim Relief and Ex-gratia Grants to Indian Nationals whose properties were seized in Pakistan

1350. SHRI TRIDIB CHAUDHURI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether any *ad hoc* interim relief and *ex-gratia* grants have been paid to Indian nationals and business concerns in Pakistan whose properties and assets were seized as 'enemy property' in Pakistan, as announced in terms of Government decision in that regard by the Custodian of Enemy Property on 1st May, 1971; and

(b) if not, the reasons for the delay ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). No, Sir. The claims registered with the Custodian are being verified and the payment of *ex-gratia* grants will be made soon. It may, however, be stated that verification of claims takes quite some time especially in majority of cases, when all the documents in support of the claims are not available in India.

Investigation against Textile Mills under Industries (Development and Regulation) Act, 1951.

1351. SHRI TRIDIB CHAUDHURI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the number of cases of closed textile mills located in West Bengal in which statutory investigation under Industries (Development and Regulation) Act, 1951 has taken place and the number of cases in which the Committee of Investigation has recommended the taking over the Mills under Government management under Section 18 of the Act, with the names of those Mills;

(b) the decision of Government in regard to those Mills where take-over of management has been recommended; and

[c] the number of cases in which the recommendation of the Committee has been acted upon and the reasons for not acting upon it in those cases where no action has been taken?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE [SHRI A. C. GEORGE] : [a] Excluding mills considered fit to be scrapped, the affairs of five closed cotton textile mills in West Bengal have been investigated under Section 15 of the I [D&R] Act and the Investigation Committees have recommended take over of the management of the following four mills by Government under Section 18A of the said Act :

1. Bengal Textile Mills Ltd., Cosim bazar.
2. Arati Cotton Mills Ltd., Dassanagar.
3. The Bengal Fine Spg. & Wvg. Mills Ltd., No. 1 & 2, Konnagar.
4. Central Cotton Mills Ltd., Calcutta.

[b] and [c] The Government of West Bengal have recently informed that they propose to take over Arati Cotton Mills Ltd., Dassanagar free from all encumbrances, by enforcing their dues as a mortgage and, therefore, there is no need for take over of the management of the mill by the Government under I [D&R] Act. The views of the State Government in respect of the remaining three mills are still awaited. Further course of action will be decided on receipt of their views.

Non-booking of Goods to and from Assam (Northeast Frontier Railway)

1352. SHRI ROBIN KAKOTI : Will the Minister of RAILWAYS be pleased to state :

[a] whether the booking of goods on the Northeast Frontier Railway to and from Assam was practically kept closed for a number of days from the month of August to the middle of October, 1971 ; and

[b] if so, the total number of days when goods booking was kept closed

during the above period and the reasons therefor?

THE MINISTER OF RAILWAYS [SHRI K. HANUMANTHAIYA] : [a] and [b] Yes; except for high priority movements including Defence and foodgrains, the booking of consignments in general was severely restricted to Assam, Tripura, North Bengal and Manipur areas. Both the Farakka and the Garhara routes remained restricted for practically 3 months for the low priority traffic. This was on account of severe breaches between Gerhara and Katihar on the North Eastern Railway from 6.8.1971 to 21.9.1971 and severe curtailment of movement via Farakka due to breaches and bad riverine conditions from end of July to the first week of October.

Trade agreement with Iraq

1353. SHRI C. CHITTIBABU : Will the Minister of FOREIGN TRADE be pleased to state :

[a] whether A trade agreement has been signed with Iraq recently; and

[b] if so, the salient points of the trade agreement?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE [SHRI A. C. GEORGE] : [a] Yes Sir. A Trade Agreement with Iraq was signed on 24th September, 1971.

[b] A copy of the Agreement is laid on the Table of the house. (*Placed in Library. See no. LT-1087/171*)

Mid-year appraisal of Railway finances

1354. SHRI C. CHITTIBABU : Will the Minister of RAILWAYS be pleased to state :

(a) whether any mid-year appraisal of railway finances has been made; and

(b) if so, the result thereof?

THE MINISTER OF RAILWAYS [SHRI K. HANUMANTHAIYA] : (a) Yes.

(b) Railway earnings during the first six

months of the current year are about Rs. 7 crores more than the proportionate budget anticipations.

Railway working Expenses during the same period are about Rs. 24 crores more than the proportionate budget anticipations.

In the net result, for the first six months there is an adverse swing of about 17 crores with reference to the budget anticipations. However, the excess in expenses is in part due to booking of expenditure being more up-to-date in the first half-year.

Amendment of Electoral Laws

1355. SHRI C. CHITTIBABU : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether the revision of Electoral Rolls throughout the country has been completed;

(b) when the General Elections to the State Assemblies will be held;

(c) whether the Election Commission of India has suggested any changes in the election procedure and in the ballot-papers; and

(d) if so, the nature of changes suggested ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITTIRAJ SINGH CHAUDHARY) :
(a) The revision of electoral rolls with 1st January, 1971, as the qualifying date has been completed in all the States and Union Territories except the following :—

(i) Bihar, (ii) Madhya Pradesh (27 Assembly Constituencies only), (iii) Punjab, (iv) West Bengal, (v) Andhra Pradesh, (vi) Delhi and (vii) Pondicherry.

The work of revision is in progress in these States and Union Territories and the rolls are likely to be finally published before the end of December, 1971.

(b) In the absence of any unforeseen contingency warranting the postponement,

elections in the States, the tenure of whose Legislative Assemblies is due to expire in 1972, will be held as scheduled.

In that event elections are also likely to be held simultaneously in those States which are at present under President's rule except in the State of West Bengal in respect of which Government have not yet taken any decision.

(c) and (d) The Election Commission has suggested certain amendments to the Conduct of Elections Rules, 1961, with a view to introducing a new design of ballot papers with counterfoils on which the signatures or the thumb impressions of the voters will be taken before the ballot papers are issued to them.

Nylon Yarn Manufacturers earning huge profits

1356. SHRI B. R. SHUKLA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Nylon Yarn Manufacturers have been earning 300 to 500 per cent profits in the trade; and

(b) the steps Government propose to take to curb the margin of profit in this trade ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) Does not arise.

Formulation of National Water Policy

1357. Dr. RANEN SEN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government have any proposal to formulate a national water policy to ensure an integrated plan for development of water resources in the country; and

(b) if so, the main features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND

POWER (SHRI B. N. KUREEL) : (a) and (b) A proposal to constitute a high power National Water Resources Council to evolve a national water policy and guide and promote water resources planning and development in the country is being examined.

Attack on Permanent Way Inspector and Pay Clerk on Kazipet-Dornakal Section (South Central Railway)

1359. **SHRI K. SURYANARAYANA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether fifteen armed men attacked the Permanent Way Inspector and a Pay Clerk travelling by push trolley between Gundartimadugu and Garla Railway stations on the Kazipet-Dornakal Section of South Central Railway on the 25th October, 1971 and decamped with Rs. 50,000; and

(b) if so, the action taken by Government in the matter ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes, but there were six persons who decamped with Rs. 39,402.40 P., a .410 musket and a bayonet after killing the Rakshak escorting the cash.

(b) (i) District Police, Garla, have registered a case in this connection and are investigating it.

(ii) Top Police and Railway Protection Force Officers have

visited the scene of occurrence.

(iii) Combing operations were conducted by the Police. A few suspects have been detained for interrogation.

(iv) Railway Protection Force Dog Squad was also pressed into service by which some clues have been made available to the Police.

Implementation of Recommendations of Administrative Reforms Commission on Railways

1360. **SHRI B. R. SHUKLA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether his Ministry has implemented a few of the recommendations of the Administrative Reforms Commission on Railways; and

(b) the percentage of recommendations which have been implemented and the action being taken to implement the rest ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). Out of 49 recommendations, contained in the Administrative Reforms Commission's report on Railways, Government's decisions on 6 recommendations (on four fully and on two partly) have been finalised. Government's decisions on these recommendations and the stages of implementation are indicated below :

<i>Text of the recommendation</i>	<i>Decisions</i>

in the Zonal Railways should be made by an independent Recruitment Board consisting of a non-Railway man as Chairman and a senior officer of the Zonal Railway. The Chairman of the Recruitment Board may be appointed by the Railway Board.

20(2) The work of recruitment relating to two or more zones may be dealt with by a single recruitment board unless the quantum of work clearly warrants the need for a separate recruitment board for a particular Zonal Railway.

24. The Welfare organisation should continue to function under the Department of Personnel and continue to attend to the settlement of grievances of employees. It should be manned by selected persons with special training. These persons should not be frequently changed so as to ensure that they become familiar with the problems of the staff in a particular district or Division.

33(2) The workshop facilities in respect of major repairs and overhauls should, as far as possible, be so distributed among Zonal Railways that each workshop specialises in particular field avoiding duplication.

44. Intensive training should be imparted periodically to the railway staff in the matter of railway safety and railway maintenance. Special courses should be devised for the purpose.

46(3) The Research Designs and Standards Organisation should be staffed with persons endowed with innovative ideas, who have attained high proficiency in their particular field and who have an aptitude for both basic and applied research.

46(4) A watch should be kept on the work of the research staff from the start and those found unsuitable should not be retained in the organisation. A review should also be made of the perfor

Service Commission generally conforms to the pattern suggested by the Administrative Reforms Commission in this recommendation. The recommendation has been accepted and stands implemented.

mance of each research worker periodically, say every three years, with a view to assessing whether he has kept up the standard of work which should be of a high order.

46(5) The recruitment to the R. D. S. O. should be based on rigorous standards and from mixed sources a greater proportion from the Railways and the rest from outside sources including other Government Organisations.

46(6) The prospects of the officers in the R. D. S. O. should be made attractive and should not, in any case, be less than those of their counterparts in operational and executive organisations of Railways.

The remaining recommendations are under examination.

Earnings from Shuttle Trains Running between Ahmedabad and Sabarmati

1361. SHRI B.R. SHUKLA : Will the Minister of RAILWAYS be pleased to state; the daily, average of earnings from the shuttle trains being run between Ahmedabad and Sabarmati ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : Figures of train-wise earnings are not maintained.

Corruption in Allotment of Railway Wagons to Collieries

1362. SHRI B.R. SHUKLA :
SHRI ARJUN STHI :

Will the Minister of RAILWAYS be Pleased to state :

(a) whether there is corruption rampant in the Railway Department in the matter of allotment of railway wagons to the collieries as reported in the BLITZ of the last week of October, 1971; and

(b) if so, the steps taken by his Ministry to remove corruption to facilitate

smooth movement of coal from the collieries to other places in the country ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). The allegations made in the Blitz of 30-10-71 are of a general nature and do not admit of any specific investigation. There are also certain factual inaccuracies in the same which may be pointed out as under :—

1. (i) This Ministry is not aware of the working of any high-powered intelligence team in West Bengal to unearth a corrupt regime operating in the Eastern or South Eastern Railways in the matter of wagon allocation for collieries.

(ii) No Joint conference was held recently between the Railway Board Officers and colliery owners to fix the allotment quota of coal for collieries in Bengal/Bihar area. The level of allotment of coal is, however, discussed in periodical meetings held by both the Railways and

the Railway Board Officers with the coal trade from time to time in which the past performances are analysed and future course of action decided.

(iii) Train loads usually consist of 35 BOX wagons equivalent to 87 four-wheelers. The number of train loads of coal loaded per day from collieries in Bengal-Bihar hardly comes to 70 or 80 and not 200.

(iv) The information collected by the Blitz from the collieries about the latter using up all the wagons supplied do not appear to be correct. In the month of August, out of the wagons supplied for coal loading to collieries in Bengal/Bihar, 746 were drawn out empty and 10187 were detained in colliery sidings. During September, the corresponding figures were 479 and 11162. The corresponding figures during the month of October were also of the same order.

2. No action can be taken on vague allegations about corrupt practices amongst railway officials. Whenever specific cases of irregularity or corrupt practices are received the same are investigated and necessary action taken against the staff found guilty of corruption.

कमला बलान बांध

1363. श्री राम भगत पस्वान : क्या सिंचाई और बिद्युत मंत्री यह बताने की कृपा कर देंगे कि :

(क) क्या कमला बलान बांध का विस्तार न किए जाने के कारण हजारों एकड़ में खड़ी फसल प्रत्येक वर्ष बाढ़ के लपेट में आ जाती है;

(ख) क्या जनता बार-बार कमला बलान बांध का विस्तार आगराबाट तिलकेश्वर तक करने का अनुरोध करती रही है;

(ग) क्या सरकार ने लोक हित में प्रस्ता-

वित्त विस्तार के कार्य के लिए कोई धन राशि मंजूर की है;

(घ) यदि हां, तो कुल कितनी धनराशि मंजूर की गई है; और

(ङ) यह विस्तार कार्य कब तक पूरा हो जाएगा ?

सिंचाई और बिद्युत मंत्रालय में उपमंत्री (श्री बंजनाथ कुरील) : (क) से (ङ) : बाढ़ों से क्षेत्रों की सुरक्षा हेतु तटबंधों के विस्तार के सम्बन्ध में कमला बलान की निम्न पट्टियों में रहने वाले लोगों की मांग से सरकार अवगत है। बिहार राज्य सरकार ने बाढ़ों से निम्न पट्टियों के क्षेत्रों की सुरक्षा के लिए कमला बलान के तटबंधों के विस्तार के वास्ते अनुसंधान कार्य हाथ में लिए हैं। स्कीम की स्वीकृति के पश्चात ही स्कीम पर कार्य आरम्भ किया जाना है।

Permits Issued to Import Global Cotton Bales

1364. SHRI K.G. DESHMUKH : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether his Ministry has issued permits to import 10 lacs of Global Cotton bales for the season 1971-72; and

(b) the staple length of the cotton that is to be imported ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) For the year 1971-72, imports to the extent of 10 lakh bales of cotton from various sources are *planned*, and authorization issued for import of 6.05 lakh bales.

(b) Cotton released for import is of staple length of 1-1/16" and above.

उत्तर रेलवे में नियुक्त आशुलिपिकों की सहायता

1365. डा० संकटा प्रसाद : क्या रेल मंत्री

यह बताने की कृपा करेंगे कि:

(क) क्या रेल मंत्री ने इस सभा में यह आश्वासन दिया था कि भूतपूर्व रेल मंत्री द्वारा उनके पत्रांक पी० सी० 69 पी० एस 5/ओ० एस० 14 दिनांक 13 अगस्त, 1969 में दिए गये आश्वासन को जोकि, आशुलिपिकों को सहायता देने के सम्बन्ध में था उत्तरी रेलवे पर लागू किया जाएगा;

(ख) क्या उनके आश्वासन के उपरान्त भी कई मामलों में उक्त आश्वासन को लागू नहीं किया गया है;

(ग) क्या वे इस मामले की जांच करेंगे; और

(घ) यदि हाँ, तो कब ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) जी हाँ ।

(ख) से (घ) : एक माननीय सदस्य ने केवल एक विशिष्ट मामले का उल्लेख किया है । यह मामला विचाराधीन है ।

उत्तर रेलवे में परीक्षा के द्वारा
आशुलिपिकों की पदोन्नति

1366. डा० संकटा प्रसाद : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या आशुलिपिकों की पदोन्नति संबंधी 1965 के आदेशों को लागू करने के लिए उत्तर रेलवे ने 1969 में एक परीक्षा ली थी;

(ख) क्या उक्त परीक्षा के सम्बन्ध में की गई अनियमितताओं की ओर समय-समय पर सरकार का ध्यान दिलाया गया है और इनके सम्बन्ध में अप्रैल, 1971 में एक संसद सदस्य ने एक पत्र लिखा था परन्तु अभी तक कोई कार्यवाही नहीं की गई है;

(ग) क्या उत्तर रेलवे के मान्यता प्राप्त लोगों ने भी इस सम्बन्ध में पत्र लिखे हैं; और

(घ) उपरोक्त पत्रों में दिए गए सुझाव क्या हैं; और उन पर सरकार की क्या प्रतिक्रिया है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) रेलवे बोर्ड के 1965 के आदेशों को लागू करने के लिए उत्तर रेलवे द्वारा निर्धारित मानदण्ड के आधार पर प्रवरण 1969 के पहले किया गया था । 1969 में स्टेनोग्राफरों के अतिरिक्त पदों का ग्रेड बढ़ाकर 210-425 रु० कर दिया गया । इन पदों के भरने के लिए प्रवरण जून, 1969 में किया गया ।

(ख) 13 मई, 1971 को एक संसद सदस्य का एक पत्र प्राप्त हुआ था जिसका उत्तर दे दिया गया था ।

(ग) उत्तर रेलवे को कोई अभ्यावेदन नहीं मिला है ।

(घ) प्रश्न नहीं उठता ।

Tunnels In Pong Dam Area Himachal Pradesh

1367. SRHI VIKRAM MAHAJAN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) how many tunnels carrying out water from Pong Dam area in Himachal Pradesh will be closed by June 1972;

(b) the total area likely to be submerged in water with their closure and how long that area will remain submerged; and

(c) the estimated number of persons likely to be affected thereby ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) None of the five tunnels presently carrying the waters of river Beas at Pong will be closed by June, 1972. One tunnel will, however, be provided with a gate which would be kept open during the flood.

(b) and (c). Do not arise.

श्री दुबे नामक उच्च श्रेणी रेल कंडक्टर पर घातक हमला

1368. श्री भागीरथ भंडार : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कोटा (राजस्थान) में 11 अक्टूबर, 1971 को श्री दुबे नामक उच्च श्रेणी रेल कंडक्टर पर किए गए घातक हमले के सम्बन्ध में श्रीमती दुबे और टिकट चैकिंग स्टाफ, वैस्टर्न रेलवे के जनरल सेफ्टी से रेलवे पुलिस अधिकारी, कोटा, और कोटा के कलेक्टर के विरुद्ध सरकार को कोई शिकायत प्राप्त हुई है;

(ख) क्या इस घटना को लेकर रेल कर्मचारियों ने हड़ताल की थी; और

(ग) जिन अधिकारियों के विरुद्ध शिकायत की गई थी उनके खिलाफ सरकार ने अब तक क्या कार्यवाही की है ?

रेल मंत्री (श्री के० हनुमन्तया) : (क) जी हां, इस सम्बन्ध में श्रीमती दुबे से एक शिकायत तथा कोटा के रेलवे टिकट चैकिंग स्टाफ एसोसिएशन द्वारा पारित एक प्रस्ताव मिले हैं।

(ख) जी नहीं। लेकिन इसके विरोध में कोटा और रतलाम के टिकट जांच कर्मचारियों ने 12-10-1971 को सामूहिक रूप से अपने बीमार होने की रिपोर्ट कर दी थी।

(ग) इस घटना की पुलिस द्वारा जांच की जा रही है। इस बीच श्री एस० एस० शर्मा, थाना अधिकारी, सरकारी रेलवे पुलिस, कोटा और श्री जी० एस० गौर, चल टिकट परीक्षक, कोटा को कोटा से स्थानान्तरित करने के आदेश पारित कर दिये गये हैं।

रेलवे द्वारा सीमेंट कंक्रीट स्लीपरों का उपयोग

1369. श्री भागीरथ भंडार : क्या रेल

मंत्री यह बताने की कृपा करेंगे कि :

(क) उनके मंत्रालय ने सीमेंट कंक्रीट के स्लीपर बनाने का निर्णय कब किया और ये स्लीपर अब तक कहां कहां और कितने कितने बनाये गये हैं;

(ख) जब से ऐसे स्लीपरों के उत्पादन का कार्य हाथ में लिया गया तब से उनके पास उत्पादन पर वर्ष-वार कितनी राशि व्यय की गई;

(ग) क्या भुसावळ गोडाउन के निकट और लोनावला में गत कई वर्षों से लाखों की तादाद में ये कंक्रीट के स्लीपर बेकार पड़े हुये हैं;

(घ) रेलवे में किन किन डिजायनों में अभी तक उक्त स्लीपरों का उपयोग किया जा रहा है; और

(ङ) क्या लोहे और लकड़ी के स्लीपरों की तुलना में सीमेंट के स्लीपर अधिक सस्ते और टिकाऊ होते हैं ?

रेल मंत्री (श्री के० हनुमन्तया) : (क) 1963 में रेल मंत्रालय ने भारतीय रेलों में इस्तेमाल के लिए कंक्रीट स्लीपर बनाने का विनिश्चय किया था। अब तक निम्नलिखित स्थानों पर स्लीपरों का निर्माण किया गया है :—

स्थान	संख्या
लोनावला	600
* भांसी	5000
(करारी)	
**दिल्ली	2500
* गया	3000
(मानपुर)	
* बम्बई	13000
दक्षिण रेलवे (तिरुवल्लूर)	200

*कारखाने निजी क्षेत्र में हैं।

**कारखाना निर्माण और आवास मंत्रालय के अधीन है।

(ख) रेल मंत्रालय ने बेबल परीक्षा के प्रयोजन के लिए लोनावला के अपने कारखानों 600 में स्लीपर और तिरुवल्लुर में 200 स्लीपर बनाये हैं। इन स्लीपरो के निर्माण पर वर्ष-वार अनुमानित लागत इस प्रकार रही:—

66-67	68-69
42,000 रुपये	16,000 रुपये

बाकी के कंक्रीट स्लीपर व्यापारियों से खुले टेंडर मंगाकर खरीदे जा रहे हैं। इस तरह के स्लीपरो के उत्पादन पर उनकी क्या लागत आती है, इसकी जानकारी रेलों को नहीं है।

(ग) जी नहीं।

(घ) अब तक कंक्रीट स्लीपरो का उपयोग मध्य रेलवे के बम्बई और झांसी मण्डलों में, उत्तर रेलवे के दिल्ली मण्डल में, पूर्व रेलवे के धनबाद मण्डल में और दक्षिण रेलवे के मद्रास मंडल में किया गया है। भारतीय रेलों के बड़ी लाइन के सभी मुख्य मार्गों और अधिक रफ्तार वाली लाइनों पर, कहीं कहीं स्थिति को देखते हुए सम्भव होगा, कंक्रीट स्लीपरो का उपयोग करने का विचार है।

(ङ) ग्रन्थ किस्म के स्लीपरो की अपेक्षा कंक्रीट के स्लीपरो की प्रारम्भिक अधिक है लेकिन ये अधिक टिकाऊ हैं।

Overbridge at Railway Crossing at Chatapathar

1370. SHRI ROBIN SEN : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any plan to construct an overbridge at Railway crossing, Chatapathar near Asansol, West Bengal; and

(b) if so, when the construction work is likely to be started ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) The proposal has been approved for inclusion in Eastern Railway's Preliminary Works Programme for 1972-73, and the work if finally approved will be started in 1972-73.

Shortage of Artificial Silk Yarn

1371. SHRI AMARNATH VIDYALANKAR : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have taken notice of the persistent shortage of artificial silk yarn in the country that has hit hard the industry;

(b) the step being taken to enhance production with a view to fighting the shortage problem;

(c) whether any price control measures are contemplated to meet the needs of the actual consumers; and

(d) whether any steps are being taken to remove the middle men and to ensure the supply to actual users?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) Keeping in view the targets recommended for different types of man-made fibre/yarn for the IV Plan period, the Government is taking suitable steps for creating further capacity by way of grant of Letters of Intent and Industrial licences, leading to enhanced production.

(c) No proposal is under consideration at present for imposing any price control.

(d) Under the voluntary agreements between the spinners and the weavers of rayon yarn and nylon yarn, the actual users get their supplies from the spinners at fixed prices. Therefore, the question of removing any middle man does not arise.

Consideration of Running Allowance for reduction of House Rent

1372. SHRI PRAVINSINGH SOLANKI Will the Minister of RAILWAYS be pleased to refer to the reply given to

Unstarred Question No. 4683 on the 13th July, 1971 regarding consideration of running allowance for deduction of House Rent and state :

	(a) Whether the Works Manager, Railway Wagon Shop, Raipur had debarred a registered but unrecognised Labour Union of the Railway Wagon Shop to collect membership fee from its members;		
	(b) whether the said orders of Works Manager violate the provisions of Article 19(1) (c) of the Constitution and also the Labour Union Rules; and		(b) & (c) Do not arise.
	(c) if so, the action proposed to be taken by Government in this regard.		

**Non-Payment of Running Allowance
to Loco Running Staff, Agra**

1374. SHRI PRAVINSINGH SOLANKI:
Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 4624 on the 13th July, 1971 regarding non-payment of Overtime Allowance to Assistant Station Masters and Levermen, Allahabad Division, (Northern Railway) and state :

(a) whether Loco Running Staff at Agra and other places performing short trips are not being paid the full running allowance but are being paid less;

(b) whether incentive scheme has not so far been implemented; and

(c) how much time Government propose to take in implementing the scheme ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Information is being collected and will be laid on the Table of the Sabha.

(b) The proposed incentive scheme has been cancelled in view of the fact that the rates of Running Allowance have been

revised w.e.f. 1.1.71 in consultation with the Organised Labour.

(c) Does not arise.

**Penalty imposed on Drivers (Ajmer

(b) whether this issue was discussed by the All India Loco-Running Staff Association with the General Manager, Western Railway on 11th July, 1970 at Ajmer; and

(c) if so, the decisions arrived at ?

(b) No. One of the two Drivers met the General Manager in his personal capacity representing their cases.

(c) The case of the two drivers are being reviewed by the competent authority and suitable action will be taken shortly.

**Overbridge near Safdarjang Aerodrome,
New Delhi**

1376. SHRI AMAR NATH CHAWLA : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government had sanctioned construction of an overbridge over the Railway crossing near Safdarjang Aerodrome, New Delhi at the cost of Rs. 2 crores;

(b) when the contract for the said construction work was given and the target date fixed for its completion;

(c) whether upto this time, a sum of more than Rs. 80 lakhs has been spent on the preliminary works in respect of the construction of the said bridge; and

(d) whether for the present it has been decided to abandon the construction work; and if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) An estimate amounting to Rs. 11.67 lakhs was sanctioned for the construction of the road over bridge proper, over the Railway crossing near Safdarjang Aerodrome, New Delhi.

(b) The contract for the said construction work has not yet been let out. No target date for completion of the over bridge has been fixed.

(c) A sum of Rs. 1.50 lakhs has so far been spent by the Railway on preliminary works.

(d) Yes. The Ministry of Civil Aviation is examining the feasibility of retaining Safdarjang Aerodrome at its present site and therefore the work on the construction of the road over bridge has been pending.

**Chance to failures to officiate as Drivers
'B' Grade, Ajmer Division (Western
Railway)**

1377. SHRI CHANDRIKA PRASAD : Will the Minister of RAILWAYS be pleased to refer to the reply given to Ustarred Question No. 4699 on the 13th July, 1971 regarding Panel of Promotion of Drivers, Grade 'B', Ajmer Division and state :

(a) whether the selection has been finalised on Ajmer Division, and if so, the particulars of the selected and unsuccessful candidates;

(b) the rule under which unsuccessful candidates are allowed to officiate in higher grade and whether they are eligible to do so; and

(c) whether the unsuccessful candidates were debarred from officiating in higher grade previously ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Yes. A statement is laid on the Table of the House. [*Placed in Library See No. LT-1089/71*].

(b) and (c). According to the instructions issued by the Railway administration, candidates who failed in the selection, were not promoted to officiate in the higher grade for a period of one year. This has now been revised to the effect that senior failed candidates may also be considered for *ad-hoc* promotion in the event of selected persons not being available, provided the competent authority considers such staff suitable for the *ad-hoc* promotions. The selection of Drivers grade 'B' on Ajmer Division has been finalised, as a result of which unsuccessful candidates are being replaced by selected candidates. Against the remaining vacancies unselected staff

will continue to work on *ad-hoc* basis till a fresh selection of Drivers grade 'B' is conducted.

Regularisation of Quota for promotion from running staff, Ajmer Division (Western Railway)

1378. SHRI CHANDRIKA PRASAD: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 5404 on the 20th July, 1971 regarding Regularisation of Quota for promotion as Assistant, Loco Foremen, Ajmer Division (Western Railwas) and state :

(a) whether the information required has been collected; and

(b) if not, the reasons therefor and the time by which it will be laid on the Table?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). A statement is attached.

Statement

Question No. & date of reference	Subject	remarks
1	2	3
Unstarred Question No. 5404 dated 20.7.1971 by Shri Chandrika Prasad.	Asking : (a) Whether there is a ratio between the running staff and maintenance staff for promotion as Assistant Loco Foreman and further promotion is regulated by virtue of seniority in all cases; (b) if so, the procedure followed in each traction on each Railway;	(a) & (b) . There is no uniformity in this respect on all Railways. No ratio had been laid down on the Southern, Northern, North Eastern and Northeast Frontier Railways. On the remaining five Railways specific quotas have prescribed to suit their local conditions. The position existing on the five Railways is as under :— CETRAL RAILWAY Maintenance Staff. = 25% Running Staff. = 75% SOUTH EASTERN RAILWAYS. Maintenance Staff. = 40% Running Staff. = 40% Shedmen. = 20%

1	2	3
		EASTERN AND SOUTH CENTRAL RAILWAYS
		Maintenance Staff = 50%
		Running Staff. = 50%
		WESTERN RAILWAY.
		Maintenance Staff = 25%
		Running Staff. = 75%
	(c) whether the procedure laid down had correctly been maintained on the Western Railway;	(c), to (e) : The quota of 3:1 between running and maintenance staff promoted as Assistant Loco Foremen in scale Rs. 335-425 is being maintained on all Divisions of Western Railway with a slight variation on Ajmer Division at present. There are 10 posts of Assistant Loco Foremen on that Division of which 6 from the running side and 2 from the maintenance side have been filled on a regular basis observing the prescribed ratio. The remaining 2 posts have been filled on an <i>ad-hoc</i> basis from the staff of maintenance side pending selection as no senior running staff are coming forward to work as Assistant Loco Foremen. The <i>ad-hoc</i> arrangements will be discontinued as soon as the selection is finalised.
	(d) Whether the over quota from the maintenance side had withheld promotion of staff of Ajmer Division ; and	
	(e) the action Government propose to take to regularise the quota for all the Divisions including Ajmer Division ?	

**Regularisation of Promotion of Drivers
'A' Grade Jaipur Division
(Western Railway)**

1379. **SHRI CHANDRIKA PRASAD :** Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 4693 on the 13th July, 1971 regarding Promotion of Drivers Grade 'A', Jaipur Division (Western Railway) and state :

(a) Whether selection for Driver 'A' Grade is held on "four Division basis" and all Drivers 'B' Grade of Rajkot, Bhavnagar, Ajmer and Jaipur divisions are eligible for the post of Driver 'A' Grade on these Divisions;

(b) if so, the particulars of seniority of Drivers Grade 'B' of all the four divisions eligible for promotion as Drivers

grade 'A';

(c) whether the present Drivers 'A' Grade working on Jaipur Division are junior according to the list prepared as per part (b) above; and

(d) if so, what action Government propose to take to regularise the promotion?

**THE MINISTER FOR RAILWAYS
(SHRI K. HANUMANTHAIYA) :** (a) to (d). Information is being collected and will be laid on the Table of the Sabha.

**Open letter by All India Loco Running
Staff Association**

1380. **SHRI CHANDRIKA PRASAD :** Will the Minister of RAILWAYS be pleased to refer to the reply given to

Unstarred Question No. 5344 on the 20th July, 1971 and state :

(a) whether the open letter issued by All India Loco Running Staff Association has since been received; and

(b) if so, the action Government propose to take on the matter referred to therein?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) In the open letter, the Association has stated that Railway Board's orders regarding—

(i) Uniforms to Firemen,

(ii) Arrears of Night Duty Allowance, and

(iii) Change of classification,

have not been implemented on the Western Railway. As regards (i), necessary action for procurement and supply of uniforms has been taken by the Railway Administration.

As regards (ii), action to pay the arrears has been initiated by the Railway Administration and is expected to be completed within the next 3 months.

As regards (iii), under the rules, the Loco Running Staff are to be generally classified as continuous. Hence, the question of upgrading their classification to intensive does not arise at this stage. The rules are, however, under review by the Railway Labour Tribunal 1969.

The Association have also raised the matter of delay in payment of arrears of Running Allowance to the Loco Running Staff but no specific cases of delay have been mentioned.

Promotion of Drivers Grade 'C' of
Jaipur Division (Western Railway)

1381. SHRI CHANDRIKA PRASAD : Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 4698 on the 13th July, 1971 regarding Seniority of Drivers Grade 'C' of Jaipur Division (Western Railway) and state :

(a) whether the Railways have sent

the rankers for diesel training in the required ratio for making them available for promotion;

(b) whether there is a shortage of such staff for promotion;

(c) whether the Railway propose to compensate the rankers in relation to seniority due to the lapses on the part of the Railway itself; and

(d) if not, what action Government propose to take in regularising the seniority and giving due protection to them ?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) to (d). Information is being collected and will be laid on the Table of the Sabha.

Indo-Ceylon long term economic
Co-operation

1382. SHRI J. B. PATNAIK : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Indo-Ceylon long-term economic Co-operation was discussed in the month of September, 1971;

(b) if so, the nature of the discussion; and

(c) the out come thereof ?

THE DEPUTY MINISTER IN THE
MINISTRY OF FOREIGN TRADE (SHRI
A. C. GEORGE) : (a) Yes, Sir.

(b) The discussions *inter alia* covered matters relating to strengthening of the economic relations, expansion of trade between the two countries, industrial collaboration, facilities for training of Ceylon's technical personnel in various fields, expansion of tourism, extension of credit to Ceylon, etc.

(c) (i) A Ceylonese delegation is expected to visit India shortly to finalise negotiations for a further line of credit;

(ii) A team of consultants is to

be sent to Ceylon for undertaking the feasibility studies with a view to establishing joint ventures in Ceylon.

- (iii) A Standing Sub-Committee for consultation on economic and industrial matters at regular intervals is also to be established shortly.

Pumped Storage Scheme for Power Generation under Nagarjuna Sagar Dam

1383. SHRI P. NARASIMHA REDDY : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Government of Andhra Pradesh have prepared a pumped storage scheme for power generation under the Nagarjuna sagar Dam; and

(b) whether the sanction of this proposal will be expedited in view of the apprehended power shortage in the State in the coming years ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). Yes, Sir. The Government of Andhra Pradesh had in June, 1969, submitted a project report for instalation of two Nos. 50 MW each reversible pump turbine sets at a power station located at Nagarjuna-sagar Dam. The project included some features indicating that the station would be used for conventional generation of power during the flood season.

Recently, the Andhra Pradesh Government have submitted in March 1971, a revised report for the pumped storage station at Nagarjunasagar operating as a purely pumped storage scheme throughout the year. Sanction of this proposal is being expedited.

Resumption of export of onions to Ceylone

1384. SHRI P. NARASIMHA REDDY : Will the Minister Of FOREIGN TRADE be pleased to state :

(a) whether the export of onions to Ceylon has been resumed; and

(b) the efforts made to put this trade on a firm and developing basis ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). There are no restrictions on the export of onions to Ceylon and it is for that country to resume imports.

Broad Gauge Line from Katpadi to Tirupati (Southern Railway)

1385. SHRI P. NARASIMHA REDDY : Will the Minister of RAILWAYS be pleased to state :

(a) whether the laying a parallel broad gauge line between Katpadi Railway Station and Tirupati Railway Station in the Southern Railway Zone is proposed in the Perspective Plan for gauge conversion; and

(b) whether a comparatively small investment of rupees 2 crores in this proposal will result in an annual saving of crores of rupees by substantial reduction in distance between Bombay-Bangalore and Bombay-Mangalore, Cochin ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) No.

(b) As the lead of the parallel broad gauge line between Katpadi and Tirupati will be more or less the same as by the existing broad gauge route *via* Arkonam, the proposal is not justified from the traffic and financial considerations.

Restoration of Cut In Fourth Plan For Railways

1386. SHRI P. NARASIMHA REDDY : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Planning Commission has been persuaded to restore the cut imposed in the Fourth Plan for Railways;

(b) if not, whether there are any proposals to secure assistance from International agencies to undertake the developmental projects affected by the said cut; and

(c) what are the developmental projects likely to be affected or abandoned as a result thereof ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMATHAIYA) : (a) The Planning Commission have been approached to provide additional funds to the extent of Rs. 125 crores.

(b) No, Sir

(c) Certain gauge conversions, new lines, some line capacity works and certain items of rolling stock.

Uniform system of Billing for Electricity for Agricultural Purposes

1387. **SHRI P. NARASIMHA REDDY :** Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Central Government propose to persuade the States to adopt uniform system of billing for electricity supplied for agricultural purposes on per-cropped-acre basis with provision for recovery of the charges along with land revenue; and

(b) if not whether the Central Government propose to intervene to revise or subsidise the present levy at least in dry upland areas involving all-the-year round deep-lift-irrigation ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KAREEL) : (a) Power consumption for agricultural pumping depends not only on the area of irrigation but

also on the lift of water which varies from place to place. Therefore, if electricity charges are fixed only on acreage basis, it will result in the discrimination between the same category of consumers. Hence uniform system of billing for electricity on cropped acreage basis is not practicable, Electricity charges and land revenue are realised by different authorities and therefore provision for recovery of electricity charges along with land revenue is not feasible.

(b) With a view to encourage agricultural production, promotional tariffs for agricultural purposes have been introduced by the State Electricity Boards. There is no proposal to subsidise the electricity rates for agricultural purposes by the Centre.

Decline in Exports of Textiles

1388. **SHRI S. R. DAMANI :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) the figures of cotton textile exports during the first 9 months of 1971 and the corresponding figures for the last two years.

(b) in case there is a decline this year, the quantity and value-wise figures for mill-made cloth, yarn, cotton apparel and hosiery ; and

(c) the reasons therefor and the steps taken to achieve larger exports ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c). A statement is attached.

Inadequate availability and high prices of domestic cotton coupled with high cost of conversion due to lack of modernization in the textile industry have adversely affected the competitiveness of Indian cotton textiles in the foreign markets.

2. The steps taken to increase exports include :—

- (i) Arranging import of large quantity of cotton.
- (ii) Allotment of foreign cotton to exporting mills against firm export orders.
- (iii) Cotton stock limits for exporting mills have been relaxed.
- (iv) Import of sophisticated textile machinery, not manufactured in the country, to mills exporting 20 per cent of their exports has been allowed.

Calculation of Iron Ore price

1389. SHRI S. R. DAMANI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether there has been any change recently in the basis of calculating iron ore price to be paid by Mines and Minerals Trading Corporation to the National Minerals Development Corporation ;

(b) if so, the change and the reasons therefor; and

(c) how it is, going to affect Mines and Minerals Trading Corporation's profitability in the handling of iron ore exports ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). In respect of the purchase of Bailadila ore by the MMTC from the NMDC, agreement in principle has recently been reached between the two Corporations on a revised price formula. According to this formula the MMTC will purchase Bailadila ore from the NMDC on FOB loading point

basis instead of FOBT basis as was the case till now. The details for giving effect to the change over are being worked out. The above change over has been considered necessary with a view to dislink the realisation of the NMDC from the foreign sales realisation of the MMTC on the sale of Bailadila ore.

(c) Disclosure of the profitability or otherwise of these transactions will not be in public interest.

Rural Electrification Reforms for Maharashtra

1390. SHRI S. R. DAMANI : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the number and brief outlines of rural electrification schemes received from Maharashtra Government for the Fourth Plan period ;

(b) the number of these schemes which have been sanctioned ; and

(c) the reasons for not sanctioning the others ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (c). 31 rural electrification schemes have been submitted by the Maharashtra State Electricity Board for sanction during the Fourth Plan by the Rural Electrification Corporation for the electrification of 3363 villages and energisation of 20374 pump-sets, covering all the districts of the State except Greater Bombay. The Corporation has sanctioned loan assistance of Rs. 866 lakhs in respect of 13 schemes envisaging the electrification of 1314 villages and energisation of 58600 pump-sets in the districts of Chandrapur, Yeotmal, Kolhapur, Jalgaon, Aurangabad, Satara, Bhir, Dhulia, Poona, Nagpur and Nanded. One scheme relating to Chandrapur District is under scrutiny of the Rural Electrification Corporation. The remaining 17 schemes have been sent to the Maharashtra State Electricity Board for revision on the basis of realistic assessment of loads and rephasing of the expenditure.

**Conversion of Khurdvadi-Pandharpur
Section into Broad Gauge (South
Central Railway)**

1391. SHRI S. R. DAMANI : Will the Minister of RAILWAYS be pleased to state :

(a) whether the survey of the Khurdvadi-Pandharpur, narrow gauge section, has been completed with a view to its conversion into broad gauge; and

(b) if so, its findings and when the conversion work will be taken up ?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) According to the Survey Report, the conversion will not yield any return on the net investment of Rs. 4.25 crores being the estimated cost of conversion. However, the Survey Report is at present under examination of the Railway Board. A decision regarding the conversion of this section will be taken after the examination is completed from all angles.

**Repairing of Railway Track damaged
by recent Cyclone in Orissa**

1392. SHRI CHINTAMANI PANIGRAHI : Will the Minister of RAILWAYS be pleased to state :

(a) whether the damage caused to the Railway track and properties in Orissa by the recent cyclone has been fully repaired; and

(b) the extent of damage and the estimated loss to the Railways ?

THE MINISTER OF RAILWAYS
(SHRI K. HANUMANTHAIYA) : (a) Yes.

(b) Bank slips occurred in Contai Road Nilgiri Road section of Kharagpur Division. Damages to Telegraph and Telephone communication, signals, electrical installations and roofs of Railway buildings occurred in Bhadrak-Cuttack sections of Khurda Road Division of the South Eastern Railway. The total estimated loss is approximately Rs. 6 lakhs.

दक्षिण रेलवे में हिन्दी का प्रयोग

1393. श्री रामचन्द्र बिकल : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दक्षिण रेलवे में हिन्दी की उपेक्षा की जा रही है और फलस्वरूप रेलवे टिकटों, रेलवे स्टेशनों और रेलवे कोचों पर क्षेत्रीय भाषा के साथ हिन्दी के नामों का प्रयोग नहीं किया जाता है; और

(ख) यदि हां. तो हिन्दी के नामों का प्रयोग वहां कब से आरम्भ किया जायेगा ?

रेल मंत्री (श्री के० हनुमंतैया) : (क) जो नहीं ।

(ख) प्रश्न नहीं उठता ।

**CALLING ATTENTION TO MATTER
OF URGENT PUBLIC IMPORTANCE**

ATTACK ON THE TIMES OF INDIA OFFICE
BY FOLLOWERS OF DIVINE LIGHT MISSION

श्री शशि भूषण (दक्षिण दिल्ली) : अध्यक्ष महोदय, मैं अविलम्बनीय लोक महत्व के निम्नलिखित विषय की ओर ध्यान दिलाता हूँ और प्रार्थना करता हूँ कि गृह मंत्री महोदय इस बारे में एक वक्तव्य दें :

"डिवाइन लाइट मिशन के 500 अनुयायियों द्वारा 18 नवम्बर, 1971 को टाइम्स अफ इण्डिया, नई दिल्ली, के कार्यालय पर आक्रमण और उसके परिणामस्वरूप सम्पत्ति की भारी क्षति, एक कान्स्टेबल की मृत्यु और कई अन्य व्यक्तियों के गम्भीर रूप से घायल हो जाने के समाचार ।"

SHRI R. S. PANDEY (Rajnandgaon) : On a point of information. I had also sent a notice. What has happened to that ? I wanted proper inquiry to be made.

MR. SPEAKER : Do not ask me in the House.

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI

K. C. PANT) : On the 18th November about 500 followers of one Divine Light Mission staged a demonstration outside the *Times of India* building in New Delhi. The demonstrators resented the publication of an alleged incorrect report in the *Nav Bharat Times* about the Head of their Mission on the 11th November, through the Newspaper had on the 13th itself published an explanation on behalf of the Mission. When the demonstrators assembled before the building, a Member of the Editorial staff of the paper agreed to meet their representatives. However, the demonstrators suddenly became riotous and started pelting stones at the building and the policemen who had sought to prevent the entry of the demonstrators into the building. To disperse the riotous mob police had to use tear-gas. In the course of these incidents 9 policemen and 5 employees of the *Times of India Press* were injured. One of the injured policemen, a CRP constable, subsequently died in hospital. Some damage was also caused to the building and some of the demonstrators sustained minor injuries. A case has been registered in connection with these incidents and is being investigated according to law. 17 demonstrators were arrested on the spot. A sum of Rs. 2500/- has been sanctioned to the family of the deceased constable for immediate relief.

SHRI R. S. PANDEY : Have those who have been arrested been released on bail ?

श्री शशि भूषण : अध्यक्ष महोदय, बालयोगी श्री हंस जब भी यहाँ दिल्ली शहर में पधारते हैं तो हजारों और लाखों आदमी उन को देखने के लिए जाते हैं। आज से पांच साल पहले भी वह 13 साल के थे और आज भी वह 13 साल के ही हैं। जब भी वह यहाँ शहर में आते हैं तो हजारों अनगिनत पोस्टर्स शहर में लगे हुए हमें चारों तरफ दिखाई देते हैं। अभी हाल में वह एक जम्बो जेट विमान अमरीका से भरकर यहाँ लाये हैं और उनके यहाँ दिल्ली में पधारने पर हवाई अड्डे पर उनका बड़ा स्वागत सरकार हुआ था। अब यह पता नहीं है कि उस जम्बो जेट विमान का किराया कितने

दिया ? वैसे यह डिवाइन लाइट मिशन का नाम बड़ा सुन्दर है। यह बालयोगी जी अपने को ब्रह्मचारी तो कहते हैं साथ ही साथ वह अपने को ईश्वर का अवतार भी कहते हैं। राम व कृष्ण के बारे में भी वह कहते हैं कि उनमें भी कुछ कमियाँ थीं लेकिन स्वयं अपने को यह शुद्ध अवतार कहते हैं। कलियुग में इनके पिता जी भी अपने को अवतार कहते थे लेकिन मालूम देता है कि बहुत दिनों तक प्रयत्न करने के बावजूद जब वह पूरा अवतार नहीं बन सके तो फिर अपने पुत्र को पूर्ण अवतार बनाने के लिए सारे देश में उन्होंने भ्रमण व प्रचार कार्य किया है वे शाखाएं लगाई हैं। आखिर उनको इतना पैसा कहां से मिलता है यह मेरी समझ में नहीं आता है।

पिछले दिनों नवभारत टाइम्स पर जाकर इनके धार्मिक चेलों ने अखबार के कार्यालय पर हमला किया और उस हमले में मोहम्मद लतीफ नाम का एक कान्सटेबल शहीद हुआ। उसके आश्रित परिवार वालों को आपने पैसा दिया लेकिन वह बहुत थोड़ा दिया गया है। टाइम्स आफ इण्डिया के कर्मचारी एक गरीब चौकीदार की बुरी हालत है बाकी भी जो घायल अस्पताल में पड़े हैं उनको भी आप अधिक से अधिक सहायता देंगे ऐसी मुझे आशा है लेकिन एक बात मैं जरूर आपसे निवेदन करना चाहता हूँ कि यह डिवाइन लाइट मिशन की जांच सी० वी० आई० के जरिए कराई जाय कि इनको यह लाखों और करोड़ों रुपया कहां से आता है ? आज जब कि हम लोगों के लिए एक-एक मीटिंग करना मुश्किल होता है यह इस तरह से इंडिया गेट व रामलीला मैदान में लगातार महीनों जलसे करते हैं और प्रचारार्थ लाखों पोस्टर्स लगाते हैं। पता नहीं इतनी भारी संख्या में इन्हें यह अधभक्त अनुयायी भी कहां से मिल जाते हैं और लाखों करोड़ों रुपया इस डिवाइन लाइट मिशन को कहां से मिलता है ? मैं चाहता हूँ कि क्या सी० आई० ए० के द्वारा यह मिशन तो नहीं

चलाया गया है ? सी० बी० आई० से इसके बारे में पूरी तरह से जांच कराई जाय और उसकी रिपोर्ट को सदन की मेज पर रक्खा जाय । इसकी जांच कराई जाय कि वह सी० आई० ए० के द्वारा परिचालित है या नहीं ?

इस हमले के फलस्वरूप इन के जो लोग गिरफ्तार हुए हैं उनको इसके लिए उकसाने के छे जिन लोगों का हाथ है उन बड़े बड़े घनाढ्य लोगों को भी सरकार द्वारा गिरफ्तार किया जाय जिन्होंने कि उन लोगों को वहाँ कार्यालय पर हमले के लिए भेजा था । इसके अलावा बालयोगी की भी सेवा किस प्रकार की जाती है उसे भी हम देखना चाहते हैं । मैं चाहता हूँ कि मंत्री महोदय इस पर कुछ रोशनी डालें ।

श्री कृष्ण चन्द्र पन्त : अध्यक्ष जी, मैं समझा नहीं कि आखिर मैं उनकी किस बात पर रोशनी डालूँ । माननीय सदस्य ने स्वयं बहुत रोशनी डाली है और कुछ सूचनाएं दी हैं । उन्होंने मुझसे कोई सूचना नहीं मांगी है ।

श्री शशि भूषण : मैंने यह सूचना मांगी है कि डिवाइन लाइट मिशन सी० आई० ए० के द्वारा फाइनेंस्ड है या नहीं इस बात की जांच सी० बी० आई० के द्वारा कराई जाय । इसकी जांच कराई जाय कि मिशन के पास यह करोड़ों रुपया कहाँ से आता है ? मैंने यह मांग की है कि जो सिपाही मारा गया है उसके आश्रित परिवार वालों को कम पैसा मिला है इसलिए सरकार उनको अधिक आर्थिक सहायता दे । मैंने यह भी मांग की है कि जो चौकीदार अस्पताल में है उसको भी सरकार मदद दे । यह पांच सात सवाल मैंने मंत्री जी से पूछे हैं...

श्री राम सहाय पांडे : बालयोगी जी की जन्मकुण्डली देखी जाय कि उनकी दरअसल उम्र क्या है ?

अध्यक्ष महोदय : आर्डर, आर्डर । शशि

भूषण जी की मांगें मंत्री महोदय ने सुन ली हैं उन्हें नोट कर लिया जाय ।

श्री शशि भूषण : अध्यक्ष जी, मैंने प्रश्न किया है कि यह डिब इन लाइट मिशन सी० आई० ए० द्वारा फाइनेंस होता है या नहीं और इसकी सी० बी० आई० के द्वारा जो मैंने जांच की मांग की है वह भी एक प्रश्न है । मेरा सीधा सा प्रश्न है कि यह विदेशी लोग इनको पैसा देते हैं या नहीं ? वह बालिग है या नहीं यह भी एक सीधा सा प्रश्न है ?

श्री राम सहाय पांडे : अध्यक्ष महोदय, यह पता नहीं कि बालयोगी जिन्हें कहा जाता है वह बालिग हैं या अभी तक नाबालिग हैं ?

अध्यक्ष महोदय : पांडे जी इस तरह से बीच में मत बोलें ।

श्री राम सहाय पांडे : यह बड़ा गम्भीर प्रश्न है ।

श्री कृष्ण चन्द्र पन्त : माननीय सदस्य ने जो जांच का सुझाव दिया है उस पर सरकार द्वारा विचार किया जायेगा ।

अध्यक्ष महोदय : श्री अटल बिहारी वाजपेयी ।

श्री स० मो० बनर्जी (कानपुर) : सीधा जवाब देने से मंत्री महोदय घबराते हैं क्योंकि उसमें उनके शीशे भी टूटेंगे ।

अध्यक्ष महोदय : कोई और बात होगी ।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : किसी समाचार पत्र के किच्छा हिंसात्मक प्रदर्शन यह लोकतंत्र के लिए एक खतरे की घंटी है और इस प्रवृत्ति को निरुत्साहित किया जाना चाहिए । बड़े आश्चर्य की बात है कि मंत्री महोदय ने इस तथ्य पर प्रकाश नहीं डाला कि पुलिस और प्रशासन प्रदर्शनकारियों को इस से पूर्व कि वह हिंसात्मक होते तितर-बितर करने में कामयाब क्यों नहीं हुए ? प्रदर्शन के

[श्री अटल बिहारी वाजपेयी]

बारे में पुलिस को पहले से सूचना थी। मजिस्ट्रेट भी वहां मौजूद थे। पुलिस को यह भी मालूम था कि 18 तारीख की घटना के पहले भी इस मिशन के कुछ पदाधिकारी और नव-भारत टाइम्स के सम्मानित पत्रकार नवभारत टाइम्स के दफ्तर में एक विवाद में उलझ गये थे। उस समय कुछ हाथा-पाई भी हुई थी, पुलिस को भी बुलाना पड़ा था। इस घटना की पृष्ठभूमि में जब मिशन ने प्रदर्शन करने का फैसला किया और उसकी सूचना पुलिस को थी, तो क्या पुलिस प्रदर्शनकारियों को नवभारत टाइम्स के दफ्तर तक आने से रोक नहीं सकती थी? जब प्रदर्शनकारी पार्लियामेंट भवन पर प्रवेश करने के लिए आना चाहते हैं तब वह पटेल चौक से आगे नहीं बढ़ सकते...

श्री राम सहाय पांडे : वह त्रिसूल लेकर आये थे।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, आप उनसे कहिये कि वह त्रिसूल लेकर ताण्डव न करें।

श्री राम सहाय पांडे : मेरे पास फोटोग्राफ है, वह त्रिसूल लेकर आये थे। गाय का प्रदर्शन हुआ था, महाराज।

श्री जगन्नाथ राव जोशी (शाजापुर) : गाय तो आपने ले लिया बछड़े के साथ।

श्री अटल बिहारी वाजपेयी : यदि पुलिस चाहती तो प्रदर्शनकारियों को अखबार के दफ्तर तक आने से रोक सकती थी। अगर पुलिस चाहती तो उन्हें बहादुरशाह जफर मार्ग पर रख सकती थी। बीच में सड़क रहती, दफ्तर दूर होता, पत्थरबाजी की दशा में भी पत्थर दफ्तर तक नहीं जा सकते थे। लेकिन प्रदर्शनकारियों को वहां एकत्र होने दिया गया, वे वहां उत्तेजनात्मक भाषण करते रहे। नवभारत टाइम्स के सम्मानार्थ सम्पादक के विरुद्ध, जो अपने सुलझे हुए विचारों और सन्तुलित दृष्टिकोण के लिए प्रसिद्ध हैं, अपशब्दों का प्रयोग किया जाता

रहा, यह एलान किया जाता रहा प्रदर्शनकारियों को कि अभी कुछ मत करो, अभी समय बाकी है जब हम इशारा करें तब कुछ करना, अभी दस मिनट रह गये हैं, अभी पांच मिनट रह गये हैं। यह प्रत्यक्ष दर्शियों के बयान हैं। पुलिस खड़ी देखती थी, मजिस्ट्रेट मुंह ताक रहे थे। मंत्री महोदय के पाम इस बात का क्या जवाब है? क्या इसका कारण यह है कि इस मिशन के साथी प्रशासन में बैठे हुए हैं और उच्च पदासीन लोग सम्बन्धित हैं? क्या यह सच है कि उन्होंने उच्च पदासीन व्यक्तियों ने इस मिशन को गत वर्ष इंडिया गेट के पास अपना समारोह करने की इजाजत दी थी? आज तक इंडिया गेट के पास किसी को टेंट लगा कर भारी भीड़ जमा करने की इजाजत नहीं दी गई, तब इस मिशन के सम्बन्ध में यह अपवाद क्यों किया गया? किस की वजह से इजाजत दी गई, कौन जिम्मेदार है इसके लिए? क्या यह भी सच है कि मिशन ने चुनाव के समय में सत्तारूढ़ दल का समर्थन किया था इसलिये यह इजाजत दी गई? क्या यह सच है कि बालयोगेश्वर की माता जी को राय बरेली ले जाया गया था और प्रधान मंत्री ने उससे अपनी सफलता के लिए आशीर्वाद मांगा था? मैं चाहता हूँ कि मंत्री महोदय इसका खंडन करें। जब ऊंचे पदों पर बैठे हुए व्यक्ति इस प्रकार के लोगों से सम्बन्ध रखेंगे तब नीचे स्तर पर प्रशासन कानून और व्यवस्था की जिम्मेदारी का पालन करने के अपने सीमित दायित्व का निर्वाह नहीं कर सकता।

श्री पन्त नैनीताल गढ़वाल से आते हैं, पहाड़ी जिले से...

श्री कृष्ण चन्द्र पन्त : कुमायूं से।

श्री अटल बिहारी वाजपेयी : गढ़वाल और कुमायूं सगे भाई हैं, और यह बालयोगेश्वर भी गढ़वाल की विभूति हैं। क्या मंत्री महोदय के लिये यह सम्भव नहीं है कि वह इस डिवाइन लाइट मिशन के पदाधिकारियों को इस बात के

लिए तैयार करें कि वह नवभारत टाइम्स पर आक्रमण करने के लिए क्षमा मांगें और नवभारत टाइम्स को भी इस बात के लिए तैयार करें। जब इस आक्रमण के खिलाफ सारा देश उनके साथ है और यह सदन साथ है, हम चाहेंगे कि समाचार-पत्रों को निर्भीक रूप से अपनी बात कहने का मौका दिया जाये। यह स्वतन्त्र समाज है, लोकतंत्र है कोई भी कह सकता है कि मैं भगवान हूँ और दूसरा व्यक्ति यह भी कह सकता है कि वह भगवान नहीं है, वह पाखंडी है, वह ढोंगी है और लोग अन्ध-श्रद्धा से उसका समर्थन कर रहे हैं। जब तक इस प्रकार के वक्तव्य कानून और व्यवस्था को खतरे में नहीं डालते, किसी की जबान पर लगाम नहीं लगाई जा सकती।

मुझे यह भी मालूम है कि नवभारत टाइम्स ने जो कुछ छापा वह एक समाचार-समिति द्वारा दी गई रिपोर्ट के आधार पर छापा। वह समाचार-समिति एक जिम्मेदार समाचार-समिति है। उन्होंने खण्डन किया, वह भी नवभारत टाइम्स ने छाप दिया, फिर भी प्रदर्शन किया गया, कानून को हाथ में लेने की कोशिश की गई।

मैं समझता हूँ कि आज जब देश में संकट की स्थिति है, हमारी सेनायें सीमा पर खड़ी हैं, देश का ध्यान युद्ध प्रयत्नों की ओर लगाया जाना चाहिये। इस तरह के विवाद केवल हमारे शत्रुओं को प्रसन्न कर सकते हैं। इस लिए मैं जानना चाहता हूँ कि क्या मंत्री महोदय अपने प्रभाव का उपयोग कर के डिवाइन लाइट मिशन के पदाधिकारियों को पश्चाताप प्रकट करने के लिए तैयार करेंगे? फिर नवभारत टाइम्स से अपील की जा सकती है कि वह सारे मामले को समाप्त कर दें।

एक प्रश्न मैं यह पूछना चाहता हूँ। इसमें एक पुलिस के सिपाही की मृत्यु हुई है। क्या मंत्री महोदय के पास कोई पोस्टमार्टम रिपोर्ट है कि किस प्रकार की चोट लगने से मृत्यु हुई?

क्या पत्थर लगा या लाठी के प्रहार अथवा किसी मोटर के ऐक्सिडेंट में सिपाही की मृत्यु हुई? यह बात प्रचारित की जा रही है और मैं चाहूँगा कि मंत्री महोदय पोस्टमार्टम रिपोर्ट देख लें क्योंकि पुलिस के सिपाही की मृत्यु के कारण यह मामला बहुत गम्भीर बन गया है। उस पुलिस के सिपाही की आत्मा की सद्गति के लिए सारा सदन प्रार्थना करेगा और उसके शोक-संतप्त परिवार के प्रति हमारी संबद्धता है, लेकिन इसकी तह में जाना जरूरी है। जो प्रश्न मैंने उठाया था कि अगर पुलिस हस्तक्षेप करती तो दफ्तर पर हमला करने से प्रदर्शन-कारियों को रोका जा सकता था और उस बेचारे पुलिस के सिपाही के जीवन की रक्षा की जा सकती थी। क्या उसके बारे में मंत्री महोदय जांच करेंगे, जिससे पता लग जाय कि मौके पर जो पुलिस के अफसर और मजिस्ट्रेट मौजूद थे उन्होंने समय रहते कार्यवाही क्यों नहीं की? उन्होंने भीड़ को हिंसा करने से पहले क्यों नहीं रोका? उन्होंने भीड़ को वहाँ एकत्र क्यों होने दिया? क्या मंत्री महोदय इस बारे में सदन को जांच का आश्वासन देंगे?

श्री कृष्ण चन्द्र पन्त : अध्यक्ष महोदय, समाचार-पत्र निर्भीकता से कार्य करें, यह सरकार का भी उद्देश्य है, और जैसा श्री बाजपेयी ने कहा, किसी की जबान पर लगाम नहीं लगानी चाहिये, फ्रीडम आफ स्पीच हो, जब तक कोई कानून को अपने हाथ में नहीं लेता। यह सही है और इसी के साथ-साथ यह भी सही है कि प्रदर्शन करने का अधिकार एक मौलिक अधिकार है जब तक कोई कानून को हाथ में न ले। यह बात सही है कि इसमें पहले मजिस्ट्रेट को सूचना दी गई थी, डिस्ट्रिक्ट मजिस्ट्रेट को, कि वह इस तरह का डिमॉस्ट्रेशन वहाँ करेंगे, लेकिन पत्र में यह भी लिखा था कि वह शांतिपूर्ण प्रदर्शन करना चाहते हैं।

श्री अटल बिहारी वाजपेयी : क्या वह लिख देते कि वह अशांतिपूर्ण प्रदर्शन करेंगे?

श्री कृष्ण चन्द्र पन्त : अगर माननीय सदस्य मुझ से कहें कि शांतिपूर्ण प्रदर्शन होगा और बाद में मामला हाथ से निकल जाये तो ऐसा भी होता है। ऐसा भी अनुभव है। इसी तरह से यह पक्ष उनका आया था। पुलिस वहां मौजूद थी। यह कहना सही नहीं होगा कि पुलिस वहां नहीं थी। उनके आने से पहले जो कुछ इन्तजाम उनका हो सकता था, वह किया था। मजिस्ट्रेट और डी० एस० पी० भी पंद्रह मिनट के अन्दर पहुंच गये। 11 बजे यह लोग जमा हुए और 11-15 पर यह लोग पहुंच गये। उसके बाद जैसा मैंने अपने वक्तव्य में कहा, बात चीत शुरू हुई। पहले उन्होंने कहा कि हम मिलना चाहते हैं एडिटर से। फिर एक असिस्टेंट एडिटर से मिलने की बात हुई। इस पर समझौता भी हुआ कि अच्छा, मिल लेंगे। लेकिन इसके पहले कि वह मिलते यह पत्थर-बाजी शुरू हो गई, हमला शुरू हो गया। यह बहुत ही निन्दनीय चीज हुई, जिसको अग्रेजी में रिप्रेहेन्सिबल कहते हैं और इसमें कुछ नुकसान भी हुआ, कुछ लोग घायल भी हुए और एक पुलिस वाला मर भी गया। अब रहा यह कि मजिस्ट्रेट को दो मिनट पहले करना चाहिये था, या दो मिनट बाद करना चाहिये था, यह जो मजिस्ट्रेट वहां था, जो पुलिस वहां थी उन के निर्णय की बात हमेशा होती है। परिस्थिति तो वही समझ सकते हैं, लेकिन पुलिस वालों की ~~बात~~ से कोई कोताही नहीं थी। उन्होंने कोशिश करके पहले से तैयारी भी करके जब मामला बढ़ा तो रोकने की पूरी कोशिश की।

माननीय सदस्य ने यह सवाल उठाया कि कई उच्च पदाधिकारियों का सम्बन्ध है, तो मैं नहीं जानता, मेरे पास सूचना नहीं है कि कौन उससे सम्बन्धित है।

श्री अटल बिहारी वाजपेयी : इंडिया गेट पर समारोह करने के लिए इजाजत किसने दी ?

श्री कृष्ण चन्द्र पन्त : मैं यह जानता हूँ कि इंडिया गेट पर इस साल समारोह करने के

लिए उन्होंने इजाजत मांगी थी, और इसके लिए वह मेरे पास भी आये थे, लेकिन उन्हें अनुमति नहीं दी गई।

श्री अटल बिहारी वाजपेयी : पिछले साल की बात कीजिये।

श्री कृष्ण चन्द्र पन्त : पिछले साल की जानकारी मुझको नहीं है। अब की उन्हें इजाजत नहीं दी गई।

प्रधान मंत्री का नाम इसमें जबर्दस्ती माननीय सदस्य ले आये। मैं नहीं जानता कि कितने लोग उनसे मिलते हैं और कितने नहीं मिलते हैं। हजारों आदमी उनसे मिला करते हैं, और उसके आधार पर उन्होंने एक बात उनके बारे में भी कह दी। मैं इसके बारे में कुछ कहना नहीं चाहता। (व्यवधान) प्रधान मंत्री को देश के 55 करोड़ आदमियों का आशीर्वाद मिला है, किसी एक का नहीं। माननीय सदस्य ने कहा है कि यह गढ़वाल से हैं। यह जानकारी मुझे उनसे प्राप्त हुई है। उनको धन्यवाद। जहां तक पश्चाताप की बात है, उनको पश्चाताप है या नहीं, मैं नहीं जानता। माननीय सदस्य का धार्मिक संस्थाओं से कुछ ज्यादा सम्बन्ध रहता है। (व्यवधान) मेरा सम्बन्ध भी हो सकता है। उनका अधिक है। वह उन लोगों से बात चीत करें। अगर उनको दिली पश्चाताप है, तो बड़ी अच्छी बात है। लेकिन मेरा काम है कि मैं उन पर कार्यवाही करूं। मैं आपसे कह सकता हूँ कि जिन्होंने कानून तोड़ा है, कानून जितनी इजाजत देता है, उनके खिलाफ उतनी कार्यवाही की जायेगी।

जहां तक पुलिसमैन के पोस्टमार्टम का प्रश्न है, उसकी पोस्टमार्टम रिपोर्ट मैंने नहीं देखी है। मेरे पास यह सूचना है कि उसकी सिर पर चोट लगी थी। वहां सैकड़ों आदमी खड़े थे। कई पुलिसमैन को चोट आई, वे घायल हुए और हास्पिटल ले आये गये। यदि माननीय सदस्य कहते हैं, तो मैं जरूर इसको

भी दिखवा लूंगा कि पोस्टमार्टम रिपोर्ट क्या कहती है।

SHRI S. M. BANERJEE : Let Government take over the Divine Light Mission.

SHRI INDRAJIT GUPTA (Alipore) : The Minister has taken pains to point out that the police force, including the District Magistrate and the DSP, were present at the spot almost from the very beginning. This adds some point to the question which my hon. friend, Shri Vajpayee, raised. He has not replied to that. I can understand if the police did not get information till quite late and were only able to reach the scene after the trouble began. But since he admits that they were there right from the very beginning and this demonstration, by all newspaper accounts, continued in front of the *Times of India* office for quite a long time—

SHRI ATAL BIHARI VAJPAYEE : For 3½ hours.

SHRI INDRAJIT GUPTA : for hours, I think—the question remains unanswered as to how is it, as the situation was getting hotter and hotter and it was obvious after a while what the intentions of the demonstrators were, that this big police force with high ranking police officers present on the spot could not take timely action to stop the actual attack and the physical assaults which took place. This question has not been replied to. I feel that there has been dereliction of duty on the part of the police and this matter must be inquired into; otherwise, if they are just to stand by as spectators and watch everything happening, I do not understand what is the protection which people in this country can expect.

Secondly, I would like to know more specifically whether it is a fact that one Shri Tandan—perhaps, he is a leader or one of the leading lights of this Divine Light Mission; I do not know—was present there on the spot and was seen by large numbers of people as being the most active instigator of this mob. He was the one who was rousing them and instigating them to commit violence and so on. This was all going on in the presence of the police. I would like

to know whether among the people who have been arrested this gentleman, Shri Tandan, is there or not. My information is that he has not been arrested. I would like to know why not.

Thirdly, I would like to know whether this Divine Light Mission is a registered body; if so, does it submit any audited accounts?

SHRI ATAL BIHARI VAJPAYEE : It is a registered body.

SHRI INDRAJIT GUPTA : If it is a registered body, it must submit annual accounts which are duly audited. I want to know whether Government has looked into or propose to look into it because this question is worrying many of our colleagues and worrying me too, as to what is its source of income because ordinary people cannot go on like this spending money as they do.

I also heard from an eye witness about the arrival of this young man, who claims to be an incarnation of God, at Palam airport from abroad on the 7th November in a chartered plane accompanied by a whole lot of his disciples among whom were some foreigners and I am told that a jeep or car was allowed to proceed to the runway up to the plane so that he could board it from there, which is a privilege which is not permitted to most ordinary mortals, and he was specially escorted out of the airport through the special exit and so on. So, obviously he is being treated as a VIP. I do not know whether you, Sir, also had some of these privileges at some time; but certainly ordinary people do not get them.

So, if it is a registered body with duly audited accounts submitted every year, it should not be difficult for the Government to find out what are its sources of income. I would particularly like to know whether foreign sources are involved on a large scale and whether Government will look into this matter to see whether any undesirable sources are behind this whole thing with the object of creating some sort of diversion in our country and doing things which are prejudicial to national integration.

[Shri Inderjit Gupta]

I quite agree with the Minister that until they technically break the law, he cannot do anything about it. But apart from that I would like to ask him as Home Minister whether he thinks that it is in conformity with the proclaimed secularist ideals of our society that somebody should go around like this claiming to be an incarnation of God and then if you do not agree with that—I do not mind anybody claiming it; I think, from time immemorial in our country it has been the privilege of people to claim from time to time that they are incarnations or reincarnations of the Deity—or are critical of that claim, they are going to attack and assault us. I do not think that it is very much in conformity with the secularist ideals that we profess. I myself am a bit nervous, and so are the other four Members, that we may say something critical here today and tomorrow our houses may be surrounded. I do not know. I have not got very much faith that the Minister will be able to protect us after what has happened.

These are my questions. I would like to know whether this conduct of the police particularly will be looked into more deeply because they were present all the time. They could not plead ignorance of the intentions of the demonstrators which were being made quite obvious on the spot hour after hour. Secondly, I want to know about the registration of this Mission, its accounts, the sources of its income and so on; and thirdly, whether this gentleman, called Tandan, has been arrested or not; if not, why not.

I am also rather curious to know whether any members of the present Government are disciples or devotees of this Divine Light Mission. I would like to know this as a matter of curiosity.

SHRI K.C. PANT : To take the last question first, to the best of my knowledge none in the Government is a member of this Mission.....(Interruption). You are flinging a question at me. I can only tell you what I know. To the best of my knowledge none of them is a member.

श्री अटल बिहारी वाजपेयी : क्या इसका

मतलब यह है कि मंत्रि-मंडल में जितने हैं, वे सब समझदार हैं ? यह तो कोई नहीं कह सकता है ।

श्री कृष्ण चन्द्र पन्त : अगर कोई यह मतलब निकाले, तो अच्छा ही है ।

It is rather unfair of Shri Indrajit Gupta to fling such a question at me. If I do not say any thing, tomorrow the thing gains currency that I did not answer and conclusions are drawn from that.....(Interruption). If I say that I am finding out, that is also liable to be misunderstood. I think, he being a fairminded man will not ask such loaded questions. It is not fair. These are not fair questions. He can ask me otherwise.....(Interruption)

A policeman has died and Shri Banerjee is still full of fun. I am sorry to hear him.....(Interruption)

About the main question, the magistrate was there—not the District Magistrate but the Sub-divisional Magistrate. The police force was also there. He has asked me why they did not act earlier. I have explained that the Sub-divisional Police Officer and the Sub-divisional Magistrate contacted the manager, Shri R.C. Jain, who agreed that his Assistant Editor, Shri Vidyalankar, would meet the leaders of the demonstrators.

श्री अटल बिहारी वाजपेयी: अध्यक्ष महोदय, क्या पुलिस का काम मध्यस्थता करना था या कानून और व्यवस्था की रक्षा करना ?

SHRI K. C. PANT : This is what happened. These people wanted to meet them and they spoke to the Manager. I am only explaining why they did not act immediately Mr. Jain agreed that Mr. Vidyalankar would meet the leader of the demonstrators. The demonstrators were, however, insistent that the editor himself should come out. For a while, Shri Tandon agreed to meet Shri Vidyalankar. But later on he went back on it. In the meantime, these people were incited to resort to violence. They were warned by the authorities not to indulge in violence and to disperse peacefully. But

they tried to break the police cordon and started pelting stones at the building and at the policemen. At this stage, the Police used tear-gas. This is the exact sequence of events as it has been reported to me. I would like to place it before the House. This is the reason. As I stated earlier, it was for these policemen and the Magistrate on the spot to take a decision. If the whole thing would have passed off peacefully through a dialogue between the management of the newspaper and some of the demonstrators, I think, the House would have been happy at that result. An attempt was made in that direction. I do not think we should be critical of that attempt to arrange a dialogue between the two. I do not see why we should take objection to it. If the whole thing would have passed off peacefully, we would have been happy.

श्री अटल बिहारी वाजपेयी : पंत जी को मालूम नहीं है पहले भी चर्चा करने गए थे तो हाथापाई हुई थी और पुलिस बुलाई गई थी। उस की पृष्ठभूमि में नये डायलाग की जरूरत क्या थी ?

SHRI K. C. PANT : They agreed. The management also agreed. But later on this thing did not work out.

As I stated earlier, the subsequent conduct of demonstrators is most reprehensible. No one can excuse it. An attempt was made to settle the matter by talks. This is something which we should not criticise.

About Shri Tandon being arrested, 17 persons arrested on the spot included Shri Tandon, General Secretary of the Mission. I add that these persons were later released on bail. But after the death of the constable, Section 302 of the I.P.C. has been added and fresh orders are being issued for the arrest again.

I just asked my officers whether it is a registered body. It is a registered body. Presumably, it does have audited accounts and the rest of it which a registered body should have.

SHRI INDRAJIT GUPTA Will the

Government examine those accounts ?

SHRI K. C. PANT : As I stated earlier to Shri Shashi Bhushan, this is a suggestion that we will consider. You have also repeated that suggestion.

SHRI INDRAJIT GUPTA : My question was that if the accounts are available, will the Government check up to see whether large amounts of money from abroad are being given to this organisation. They may be from CIA or anybody else.

SHRI K. C. PANT : We are all worried about foreign money coming into this country in any guise. Therefore, if it is necessary, we shall certainly look into it. You leave it to us.

So far as the question of some persons claiming that they are re-incarnation of deity and others objecting to it or disagreeing with it, certainly, I entirely agree with Shri Indrajit Gupta that it is open to any of us to agree or disagree. It is very wrong of anybody to take to violence if any of us chooses to disagree with what somebody else holds.

SHRI H. M. PATEL (Dhandhuka) : The hon. Minister in the statement that he read out gave as little information as possible.

He should have said, right from the outset, precisely what he said after Mr. Vajpayee pointed out what had happened. Only if the manner in which the demonstrators worked at violence was taken note of, we may have had a better understanding of the situation. In fact, even now he has not told us the entire sequence of events. He says that he is satisfied that the Police arrangements were adequate and that the Police acted correctly. How did he come to that conclusion? I agree with him that it must be left to the Magistrate on the spot to decide at what point of time to intervene. But, besides saying that he accepts his judgement, he has nothing more to say. Let us put it this way. He says that there was an attempt at reconciliation. That attempt failed and the crowd was incited to violence. That was obviously visible to the Magistrate as well as to the Police. Both the

Magistrate and the Police were aware of the influence that this Balayogiji commanded. When he arrived here on the 7th of November at Palam, there was an enormous crowd that was assembled there. The crowd was so great that passengers as well as visitors were unable to get in to the airport and the Police were powerless to maintain any semblance of law and order. You can say that there was law and order at Palam in the sense that there was no violence. But, there was no order in the sense that the citizens who had the right of access to the airport could not get to the airport. It was the business of the Police to see that the crowd was prevented from obstructing or was organised and not allowed to spread all over the place.

Now, with that experience in front of them, what do they do? The Minister says that they said in their request or in their intimation to the District Magistrate that 'We propose to demonstrate peacefully.' But how could they know that this crowd would not get out of hand? It is the business of the Magistrate and the Police to know at what time the crowd will get out of hand.

By now the Minister and the Government must know that we are encouraging, indeed acquiescing in all manner of violence. There is a spirit of lawlessness spreading in the country. You have students surrounding Vice-Chancellors and beating them up. You have labourers *ghearoing* the management. In the early days when these *gheraos* started, people were indignant about it that this is not the way in which demonstrations by labour should be permitted. Now, it has been accepted as the order of the day. This is something normal. And this is gradually spreading. Law is then taken in one's own hand. We know from the Jantar Mantar episode, that the parties member of the ruling party takes the law into its own hands. But there is no expression of regret about it. The Prime Minister had only this to say, 'If you had patience for two years, why not wait a little longer? Undoubtedly, that was the right advice. But something had happened. Then the first word should have been, What has happened is reprehensible'. The words the Minister used to-day, 'What has happened is reprehensible', should

have preceded others. This is how the spirit of lawlessness spreads in the country.

I would say that in this case on the basis of what the Minister has himself said there is a case for a closer enquiry into it, how this trouble developed in the way in which it developed, if the Magistrate gave orders for the use of tear-gas, was that order given before the Policeman was murdered and killed, and at what point of time was it given? Once tear-gas was used, the crowd would have dispersed and there would have been no question of any further clash or violence. Some of these matters need to be looked into. The Minister has not been fair with this House in not stating the facts in detail in his statement right at the very outset in regard to this incident and information had to be extracted from him by the way Shri Vajpayee gave certain information. How are we to know what exactly took place? It is for the Minister to have supplied us with full data and all information regarding this incident and I say that he has still not given us the full information. If he had not had the information he could have said, I want more time. Here is a matter which is not happening for the first time.

MR. SPEAKER : What is your question ?

SHRI H. M. PATEL : Sir, my question is this. Will the Minister undertake to go further into the matter to satisfy himself and this House that the police acted adequately? Could he tell us whether the Police could have prevented or could not have prevented policemen from being attacked and the *Times of India* building from being damaged? What kind of action was taken by them once they knew that violence was likely to take place? From what Shri Vajpayee said, it was clear that these people were being incited to violence, and so, was there any adequate police force present on the spot? Could it have prevented this or not? These are the questions to which I would like to get an answer from the hon. Minister.

SHRI K. C. PANT : I think my hon. friend Shri H. M. Patel was less than fair when he accused me of withholding any

information. I have not withheld any information from the House. The statement in reply to Call Attention Notices I usually keep as brief as possible, consistent with the major facts connected with the accident being brought out. And, whenever supplementaries are put—and they are put—certain other information has got to be given according to the facts available with the Minister. I think I have adhered to that general pattern. First of all, he referred to some lack of order at Palam. Sir, I have no information on that. He also said, the Magistrate should have taken precautions and should have anticipated that the situation could have turned into violence. I agree with him and I think that the Magistrate and the Police in this case did take precautions to meet the situation in case it turned violent. The letter said, that it was a peaceful demonstration. But, nevertheless, they did take precautions as I have said already and they did not merely go by the contents of the letter. He talked about further enquiry. Investigations will be held according to law.

He mentioned certain other matters, what time was the order of using tear-gas issued, in relation to the time when the policemen were injured. All these questions will be gone into in the course of investigations.

He also wanted to know whether the policemen could have prevented the attack on the other policemen. All these matters will be investigated and I should think already if the policemen could have prevented an attack on themselves, they would have done so. You know, Sir, that the House is very often exercised about the Police not exercising sufficient restraint. And Government are often criticised that the police should have exercised greater restraint. If the House assures me that it is not their desire that the police or the Government should be criticised on that account, then certainly I can draw a lesson from that. But so far, usually the criticism has been that the police has not exercised restraint. In this case, they have exercised restraint, and that is also coming in for criticism.

श्री इसहाक साम्मली (अमरोहा) : माफ

कीजिए, आप बिल्कुल उल्टी बात कह रहे हैं। हाउस ने हमेशा यह कहा है कि ऐसे लोगों के खिलाफ जो अमन तोड़ते हैं, सख्त कार्यवाही की जाय।

(श्री اسحاق سمبلی اور وہرہ سامان کیجئے، آپ بالکل اٹنی بات کہہ رہے ہیں ہاؤس نے ہمیشہ یہ کہا ہے کہ ایسے لوگوں کے خلاف جو امن توڑتے ہیں سخت کارروائی کی جائے۔)

SHRI H. M. PATEL : This is most unfair, if I may say so. What I had asked for was an inquiry into this incident. The fact that a case has been registered will not bring out full facts and full details of exactly how this thing happened.

MR. SPEAKER : The hon. Minister has already made it clear.

SHRI H. M. PATEL : The fact that there is a general feeling that there is excess of force being used by the police is no reason for saying that when they do not use adequate force, we should not come forward to criticise them...

MR. SPEAKER : If he starts making a counter-statement to what the hon. Minister has made, then there will be no end to it.

The hon. Member has had enough time to say whatever he wanted, and he has said everything.

SHRI H. M. PATEL : This is a matter of great importance. So, please permit me to put this point before you...

MR. SPEAKER : No, no. The hon. Minister has already stated the facts.

श्री मूलचन्द डागा (पाली) : अध्यक्ष महोदय, इस वैज्ञानिक युग में दिल्ली की भूमि में इस प्रकार का पाखण्ड और ढोंग का प्रदर्शन हो, ये अध्यात्मिक संस्थाएँ और कुछ व्यक्तिगत स्वार्थी लोग पैसा इकट्ठा करने के लिए, इस प्रकार के काम करें, क्या सरकार इसको बरदाश्त करना चाहती है ? जब श्री अक्षय कुमार

[श्री मूलचन्द डागा]

जी और श्री हरिदत्त शर्मा को 10 मिनट के लिए नीचे आने के लिये कहा गया तो क्या सरकार ने इस बात को जांचने की कोशिश की कि बालयोगेश्वर महाराज ने इस की आज्ञा दी है या नहीं? पुलिस ने उनको अपनी कस्टडी में लिया या नहीं. इसके बारे में इन्वेस्टीगेशन किया या नहीं?

मैं एक बात और बतलाना चाहता हूँ—जब मुहम्मद लतीफ मारा गया और 302 का मुकदमा रजिस्टर हुआ, उसके पहले आपने कातिलों में किस किस का नाम लिया, किस-किस का गिरफ्तार किया? जब इन लोगों ने प्रदर्शन किया और दफा 147 वहां पर लागू हुई, आम सड़क के ऊपर उन लोगों के भाषण हुए कि हम उन लोगों को नीचे उतारेंगे, उनसे बदला लेंगे, जिन्होंने हमारे भगवान का अनादर किया है, जब इस प्रकार की मीटिंग वहां पर हुई तो यह खुद ही अन-लाफुल असेम्बली थी, उस वक्त पुलिस ने एक्शन क्यों नहीं लिया, वह किस बात की इन्तजार में थी? जब इस तरह की अन-लाफुल असेम्बली किसी गलत आब्जैक्ट के लिये फार्म हो जाय तो आपका यह कहना कि वहां जाने के बाद उन्होंने एलान किया कि 10 मिनट के लिये नीचे आ जाय और 10 मिनट के पहले ही लोगों ने तोड़ना-फोड़ना शुरू कर दिया, इस प्रकार का जो अध्यात्मिक ठगों का प्रदर्शन हो रहा हो, इसमें जो विश्वास करनेवाले लोग हैं, वे तो दोषी हैं ही, लेकिन यह भी देश के लिए एक कलंक की चीज है कि समाचार-पत्रों या उनके कार्यालयों पर हमले किये जाय, ताकि हमारी स्वाधीनता खतरे में पड़ जाय और वे अपनी बात को स्वतंत्रता से कह सकें।

पुलिस का यह कहना कि उन्होंने बड़ा प्रोम्प्ट एक्शन लिया, मैं समझता हूँ कि गृह मंत्री और पुलिस ने कोई प्रोम्प्ट एक्शन नहीं लिया, न यह मालूम करने की कोशिश की कि उनके पास दौलत कहां से आती है, न बाल-

योगेश्वर महाराज से पुलिस ने पूछा, न उनको कस्टडी में लिया, न यह बतलाया कि 302 में किस किस के खिलाफ मुकदमा रजिस्टर किया, न यह बतलाया कि टण्डन महोदय, जो इसके सेक्रेटरी हैं, उनका क्या काम है, उनके एन्टीसिडेंट्स क्या हैं, क्या उन्होंने भगवान प्राप्त कर लिया है. उनकी भी जांच की जाय, क्योंकि इस गड़बड़ में उन्होंने भी बड़ा पाप किया है—ये मारी बातें आपने नहीं की हैं, इसलिए आपको कुबूल करना चाहिए कि पुलिस ने प्रोम्प्ट एक्शन नहीं लिया, अगर लेती तो यह घटना न होती।

श्री कृष्ण चन्द्र पंत : अन्य बातों का जवाब मैं दे चुका हूँ, लेकिन एक बात माननीय सदस्य ने यह कही है कि इस तरह की संस्थायें अपने देश में बहुत-सा पैसा इकट्ठा करती हैं और सरकार इनको क्यों बरदाश्त करती है—

अध्यक्ष जी, कोई सूचना सरकार को मिले किसी विशेष संस्था के बारे में तो उसको देखा जा सकता है, उस पर जांच हो सकती है लेकिन आमतौर पर अगर कोई ऐसा करे और वह कानून के अन्दर हो, संविधान के अन्दर हो तो सरकार उस पर कैसे कार्यवाही कर सकती है।

श्री बी० पी० मौर्य (हापुड़) : अध्यक्ष महोदय मैंने भी आपको इसके बारे में एक पत्र लिखा था।

अध्यक्ष महोदय : वह मिला नहीं।

श्री बी० पी० मौर्य : अगर नहीं मिला तो मैं दोषी नहीं हूँ। मैंने अपने हाथ से पत्र लिखकर आप के पास भेजा है। अगर वह आपको नहीं मिला तो उसके लिये आपका सेक्रेटेरियट दोषी हो सकता है।

अध्यक्ष महोदय : कार्लिंग अटेंशन में आप इस तरह से नहीं बोल सकते हैं।

श्री बी० पी० मौर्य : एक रिवाइज लाइट

मिशन मेरे इलाके में भी है। मैंने आपको पत्र लिखा था।

अध्यक्ष महोदय : सिर्फ लिखने से ही तो इजाजत नहीं मिल जाएगी।

श्री बी० पी० मौर्य : आपने उत्तर दिया कि मिला नहीं।

अध्यक्ष महोदय : बँलट में आपका नाम नहीं आया होगा।

**STAMP AND EXCISE DUTIES
(AMENDMENT) BILL***

THE DEPUTY MINISTER IN THE
MINISTRY OF FINANCE (SHRIMATI
SUSHILA ROHATGI) : I beg to move for leave to introduce a Bill further to amend the Indian Stamp Act, 1899, the Central Exercises and Salt Act, 1944 and the Union Duties of Excise (Distribution) Act, 1962.

MR. SPEAKER : Motion moved :

"That leave be granted to introduce a Bill further to amend the Indian Stamp Act, 1899, the Central Excises and Salt Act, 1944 and the Union Duties of Excise (Distribution) Act, 1962".

*Published in the Gazette of India Extraordinary Part II, Section 2, dated 23-11-71.

SHRI S. M. BANERJEE (Kanpur) : My Speaker, Sir, I rise to oppose the Bill, introduction of which has just been sought by my hon. friend, Shrimati Sushila Rohatgi. The statement of objects and reasons says :

“In order to meet the expenditure on the relief of Bangla Desh refugees.....”

The people are being fleeced in the name of Bangla Desh refugees, if there is more corruption, it is in the name of Bangla Desh refugees ; increased dearness allowance is denied to government employees in the name of Bangla Desh refugees, whatever Government want to do is done in the name of Bangla Desh refugees. I am really for this.

What is happening ? A duty of two paise per copy has been imposed on newspapers and all other printed periodicals. In the *Explanation*, it is stated ‘For the purposes of this item, ‘newspaper’ means any printed periodical work containing news or comments on news.’

It has not even been mentioned that those newspapers having a circulation of 15,000 or 20,000 will be exempt from this blanket impost. It applies to all newspapers. Newspapers in Calcutta, at least the *Anand Bazar Patrika* and others have raised the price of their issue by 5 paise on the ground of increase in newsprint price. This is in addition to the 2 paise. In addition to that, they impose another two paise as excise duty on the basis of this ordinance. So, the newspapers cost today 28 paise—whether it is *Anand Bazar Patrika* or *Juganta*, and today, all the newspaper hawkers are on strike, and we could not get newspapers in our houses for so many days, and rightly so. I can understand the monopoly press is earning a lot. They may be taxed, but why this should be levied on the consumer ? We want to increase the circulation of newspapers; we want our people, both in the countryside and in the urban areas, to read newspapers. There is tension in the country and at this time this excise duty is levied, and the newspapers, taking advantage of this, have increased the cost by five paise, seven paise and eight paise in the name of the increase in the

cost of newsprint and again two paise on the basis of this ordinance. This is a very retrogressive measure.

Again, I say that while the State Governors were consulted, the Chief Ministers were consulted, this Parliament was never consulted. It may not be a coincidence. Shrimati Sushila Rohatgi may say that again it is a coincidence; she never knew that Parliament was meeting on the 15th. It is a sad commentary on the functioning of the Ministers. When Parliament was going to meet, it cannot be a coincidence. It is a deliberate attempt to ignore Parliament and therefore I oppose this.

MR. SPEAKER : Since both of you come from Kanpur also, it is also a coincidence !

SHRI INDRAJIT GUPTA (Alipore) : Mr. Speaker, Sir, this is yet another money Bill just like the others which were introduced yesterday. I must repeat once again our very strong objection on principle, that this kind of money Bill is first legislated by ordinance, without consulting the Parliament or the State Assemblies, and then that is done in a way which is calculated to act as an affront to Parliament. I think this is rubbing salt into the wound, if I may say so; this is adding insult to injury, when the hon. Minister comes and says that it is just a matter of coincidence that these new duties and taxes are coming into force from the date on which Parliament assembled; that it just happens to be a coincidence. Coincidence is generally a thing which happens because somebody is not conscious of that particular thing and it happens accidentally. If this is the way in which they regard the summoning of Parliament by the Rashtrapati on a particular day, all that I can say is that this is a cavalier attitude that the Ministry and the Government have taken.

In the case of the other three allied Bills yesterday, it was said that the time-lag was necessary in order to make certain preparations. In the case of the railway fares, she said—or the other Minister said. I forget who—that because advance reservations are made this ought to be done well before-hand so that money can be collected.

In the case of inland air fares, the same argument was advanced, that advance reservations are to be done. In case of the postal charges, it was said that time is required to print these new stamps with "refugee relief" embossed on them. May I know what is there in this particular case of the newspapers? They are not going to have any stamps on them or any new thing has to be produced or added. What was the need in this particular case not to wake until Parliament assembled? This is a tax not only on the people but it is a tax on knowledge; this is a more shortsighted measure that they are introducing. The immediate effect will be to reduce the circulation of newspapers, and therefore, the amount which they have calculated here, in the Statement of Objects and Reasons, as accruing to them is also absolutely misleading the house, because, what is going to happen in our country? People who cannot make two ends meet, who are leading very difficult lives today—the middle class particularly will have to cut down on reading newspapers. The circulation will fall. That is what is going to happen.

13 hrs.

Also, as Mr. Banerjee has pointed out, we read in the newspapers that some exemption is proposed for newspapers with a circulation of 15,000 or less. I find no such thing in the Bill at all. It is a blanket tax on all newspapers and all periodicals. That means that if there is a paper with a circulation of 5000 it will have to pay two paise per copy and that will pass it on to the consumer or reader and a paper with 50,000 circulation will also pay two paise. In an inverted way if you look at it, it is a discrimination against smaller papers. I read in the papers today that some petition has been presented already to the High Court in Orissa on behalf of some small newspaper challenging the right of the Government to discriminate in this way. Therefore some papers may be forced to resort to dishonest practices. They will try to show that their circulation is less than it actually is in order to evade or lessen the incidence.

In other cases where papers have been known to be inflating their circulation

figures in order to get additional newsprint which they can sell in the blackmarket, nothing is done by the Government in order to mop up that black money and use them for refugee relief. Here all newspaper readers are going to be penalised. Mr. Banerjee pointed out that the Ananda Bazar Patrika of Calcutta taking advantage of this has increased its price from 20 paise to 28 paise, some other papers have increased to 24 paise and some to 26 paise, on the plea that the costs are going up and the Government is also putting this tax on them. Are prices to go up like this? What is this? It is a monstrous impost on the reading public of this country which will add to the very great disincentive, especially the small papers and periodicals. Therefore, our group unconditionally and totally objects to this. We oppose it lock, stock and barrel. It is a calculated insult to Parliament; Parliament was not consulted before bringing this Ordinance.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Once again I rise to oppose the introduction of this Bill. Firstly, I oppose the manner in which it has been brought here, showing utter disregard for a national forum like Parliament and also the State Assemblies.

This Bill has two parts—one is about the stamps and other one about newspaper taxation. The stamp part, the money bags will no doubt pass on to the consumer as additional burden, with perhaps a little more advantage to themselves.

As for taxation on newspapers, our country is one of the lowest as far as newspaper reading is concerned, the lowest figure being 22 papers per thousand and the highest has not exceeded 68 papers per thousand population. If you add this amount, in Calcutta they have made it 28 paise which is outside the reach of many readers. Many will discontinue reading newspapers. Is that the Government's intention? Today there is a strike and there is no paper in West Bengal; it is going on for the last few days and the Government has done nothing at all to solve the problem. The Government has no control over the price of newspaper. 28 paise per paper is outside the reach of the common man. Where is the

[Shri Jyotirmoy Bosu]

purchasing power of the common man? What has the Government done to increase his purchasing power? People are groaning. We see in today's paper that a family of four committed suicide due to economic reasons, due to poverty. The Chief Ministers were consulted but Parliament and Assemblies were bypassed and ignored. What is it except political gimmick? What prevented the Government from bringing a budget and taxing the corporate sector and people with high personal incomes? They were left alone in the last budget. They talk about industrial stagnation? They are concealing the true profit and siphoning it out as black money. Therefore there is dearth of money; they are not investing their money. The arrears of income-tax come to Rs. 900 crores. Smuggling takes away about Rs. 400 crores a year. Over-invoicing and under-invoicing to please the foreign monopolies are allowed to the tune of Rs. 400 crores a year; the magnitude of the circulation of black money is not known. Indeed it will be anything between 3000 to 4000 crores. In the circumstances, the Government has no right to bring such a Bill adding fuel to the fire, particularly when the people are groaning under severe pressures.

SHRIMATI SUSHILA ROHATGI : At the very outset, I would like to say that it is only due to the compulsion of circumstances that the Government had to bring these ordinances and it is not the intention of Government to ignore or bypass Parliament, as suggested by Mr. Indrajit Gupta and others. It is not the privilege of the Government to take a cavalier attitude. It is the privilege of the opposition to bring in any matter they like—it may be the Government employees or corruption or something else; I do not know how we can relate these things together but they have the privilege and they can do it. What I meant by coincidence was this. We knew long before that Parliament was meeting on 15th November, but a certain preparatory stage was necessary. Yesterday with reference to the ordinance about railway fares also, I was saying that some time was needed for the preparation. Incidentally, it could have been done on the 12th... *(Interruptions)*.

SHRI INDRAJIT GUPTA : What is the preparation needed?

SHRIMATI SUSHILA ROHATGI : I will explain it. As I was saying, when 15th was chosen as the date, it was not done with the intention of ignoring or bypassing Parliament. I stick to it. Just as any other elected member of this House or of the other House, we also do not relish introducing ordinances. That fear should be set at rest. I am not trying to justify the ordinances. We still say that ordinances should be brought forward only when they are absolutely necessary and in exceptional cases. As you yourself observed yesterday, we should normally avoid it. It is in deference to the desire of hon. Members and your own observations, Sir, that I would like to point out that there are certain extenuating circumstances.

Taking the newspaper industry, a levy of two paise has been introduced. May be in Calcutta the price of the newspaper is 28 paise; we are not fully aware of it. But so far as the Government is concerned, it is only a levy of two paise. This decision was taken after careful deliberation and thought. And, may I point out that 90 per cent of the newspapers will not be affected by this?

SHRI INDRAJIT GUPTA : That is not there in the Bill.

SHRIMATI SUSHILA ROHATGI : All that will come when it is taken up for consideration.

SHRI INDRAJIT GUPTA : We have before us only the Bill as is sought to be introduced. We do not know what they propose to do later on. We are objecting to the Bill as it is now.

SHRIMATI SUSHILA ROHATGI : When the statutory resolution comes up, these things can be considered. The small newspapers will not be affected. It is only 10 per cent of the newspapers, whose circulation exceeds 15,000 copies, which will be affected. Some time was necessary for the newspapers to get used to the licensing formalities, self-removal procedure, etc. If the newspaper was published and if it were not circulated, the industry would have been dislocated. That had to be taken

into consideration because some time was necessary so that they could get familiar with the formalities of excise duty.

The second part is about stamps. About 70 crores of these stamps have to be printed. That takes some time. The Nasik Printing Press which is entrusted with the printing of these stamps has its machinery earmarked for the printing of stamps of various denominations. Therefore, it is not easy all of a sudden to use all these machines only for the printing of this type of stamps. So, some time was necessary for the printing of these 78 crores of stamps.

Coming to the justification for the Ordinance, because of the delay in implementing this measure we were losing Rs. 1½ lakhs every day which we could ill afford. At the same time, the Ordinance could not be brought into force immediately because the stamps have to reach the various treasuries and sub-treasuries all over the country. Otherwise, all the disbursements would be dislocated because the stamped receipt happens to be one of the instruments on which levy has been imposed. So, the measure was brought into force as early as we could.

MR. SPEAKER : The question is :

“That leave be granted to introduce a Bill further to amend the Indian Stamp Act, 1899, the Central Excises and Salt Act, 1944 and the Union Duties of Excise (Distribution) Act, 1962.”

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
अध्यक्ष महोदय, मैं आपकी इजाजत से एक
महत्वपूर्ण विषय की ओर आपका और सदन
का ध्यान खींचना चाहता हूँ। पार्लियामेंट की
बैठक 15 तारीख को आरम्भ हुई। उस दिन
एक काल अटेंशन मोशन था। जवाब में सुरक्षा
मंत्री ने सीमा की स्थिति के बारे में एक
वक्तव्य दिया था। आज 23 तारीख हो गई है,
सीमा पर निरन्तर पाकिस्तान की आक्रमणा-

त्मक गतिविधियाँ हो रही हैं। हमारी वायु
सीमा का उल्लंघन किया जा रहा है। कल तो
पाकिस्तान फौज के जहाज 65 मील भारतीय
सीमा में घुस आये और हमारे नेट विमानों ने
उनका पीछा किया। हमारे जवान मारे जा रहे
हैं, निर्दोश नागरिक मीत के घाट उतारे जा
रहे हैं, देश में एक अघोषित युद्ध की स्थिति
विद्यमान है। बड़े ताज्जुब की बात है कि इस
स्थिति के बारे में सदन को विश्वास में नहीं
लिया गया। जो कुछ हमें पता है वह समाचार
पत्रों से। जो बातें समाचार पत्रों को बतलाई
जा सकती हैं, सुरक्षा मंत्रालय के अधिकारी
समाचार-पत्रों को जो खबरें दे सकते हैं क्या
उनके बारे में इस सदन को विश्वास में नहीं
लिया जा सकता? क्या सदन को अन्धेरे में
रख कर लड़ाई लड़ी जा सकती है? मेरा आप से
निवेदन है कि आप मंत्री महोदय को, प्रधान
मंत्री को या सुरक्षा मंत्री को निर्देश दें कि वह
स्वयं सीमा की ताजा स्थिति के बारे में सदन
को सूचित करें। अगर वह कालअ टेंशन मोशन
मानने की स्थिति में नहीं हैं, हमारे टेढ़े मेढ़े
मवालों से बचना चाहते हैं तो वह खुद आकर
वक्तव्य दे सकते हैं, और फिर हम आपकी
इजाजत से स्पष्टीकरण पूछ सकते हैं, लेकिन
सदन के साथ इस तरह का व्यवहार करना न
तो सदन की प्रतिष्ठा को उठाता है और न इस
संकट की स्थिति में देश के मनोबल को बनाये
रखने में सहायक होता है। हमको संसद को
तस्वीर में रखना चाहिये। जो घटनायें हो रही
हैं उनके बारे में हमें मंत्री महोदय से पता
लगाना चाहिये, न कि समाचार पत्रों से।

SHRI S. M. BANERJEE (Kanpur) : We
tabled a calling-attention motion on this.

**Introduced with the recommendation of the President.

The following Members also recorded their Votes :

AYES : Sarvashri Durgadas Bhatia, K. N. Tewari, Shankerrao Savant, M. C. Daga
and Chakleshwar Singh.

NOES : Sarvashri Bakshi Nayak, Sarjoo Pandey, M. K. Krishnan and Bharat Singh
Chowhan.

SHRI SAMAR GUHA (Contd) : Sir I have written to you on the same subject and I think, you will permit me also to say something about it. I want to add only one point.

It has been admitted by All India Radio that yesterday there was a tank battle somewhere in Nadia and five medium-sized Pakistani tanks were knocked down. Almost every day we are getting from Radio Pakistan that there was a tank battle in Jessore sector and a number of Indians were captured. The Pakistan Radio is broadcasting not only the names of the officer-arrested but the live voice of some of the officers arrested has also been recorded. I have also given several calling-attention motions. Over a hundred refugees have been killed.

MR. SPEAKER : Not each and everything; only one thing you mention. I am allowing only that and not all the subjects that you want to bring in.

SHRI SAMAR GUHA : Shellings going on daily as a result of which 100 refugees just near the border area have been killed and a few of thousand wounded. Within the range of five miles of Bangla Desh 90 lakhs refugees are there. I request that this House should be taken into confidence as to what is happening and what is our position. Either the Government should make a statement or you should permit us to raise some sort of a discussion in this House.

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE SHRI VIDYA CHARAN SHUKLA : It is not correct to say that we are in a state of undeclared war with Pakistan or that there is a state of hostilities between India and Pakistan(Interruption). This is exactly what Pakistan is trying to say in various world capitals and in the UN that there is some kind of a war between India and Pakistan, some kind of hostilities between India and Pakistan, which is absolutely incorrect. There is no state of undeclared war or anything like that. Whatever war is going on is between the rulers of West

Pakistan and the people of Bagla Desh.

That is the only thing. Pakistan is trying to internationalise the conflict by impressing upon the world capitals and others that there is an undeclared war between India and Pakistan and, therefore, U. N. and other bodies should come and intervene in this matter. I would only request the hon. Members not to fall prey to such kind of Pakistani propaganda. This is a propaganda and canard which is being carried on by Pakistan..... (Interruption)

SHRI ATAL BIHARI VAJPAYEE : I take objection to this. We are not falling prey to any Pakistani propaganda. He has no business to impute motives.

SHRI VIDYA CHARAN SHUKLA : I am not imputing any motive. I am only warning that nobody should be taken in by such propaganda. I emphatically deny that there is any undeclared war between India and Pakistan. This is absolutely incorrect to say. Nobody should ever say such things because it is Pakistan's attempt to internationalise the whole situation.

As regards giving information, we do brief the press from time to time about whatever happens on the borders. Our forces are there. Whenever incursions are made by Pakistani armed forces, we throw them back. If they fire artillery, we reply and silence their guns. These kind of things are happening. From time to time, we brief the press so that the people and the nation get informed about these matters.

SHRI INDRAJIT GUPTA (Alipore) : Why don't you brief Parliament?

SHRI VIDYA CHARAN SHUKLA : I am coming to that. There are things happenings inside Bangla Desh. We get information from communiques issued from time to time in Bangla Desh about such things. We have also own sources of information. We will not hesitate for a moment to come before Parliament and give information whenever anything of importance or anything which deserves the attention of Parliament happens on our borders. There is an official brief about

these things which are happening, shelling here or an incursion there which is effectively replied to. If we come daily and give statements about these things, I do not think we shall be setting up a good precedent. If there is anything of importance or anything which is really worth the attention of Parliament, as soon as it comes to our notice, we shall surely inform the House about it. Now, with your permission, Sir, I would like to make a statement.

The hon. Members are aware of the air intrusions that took place yesterday in the afternoon near Boyra about 30 miles north-east of Calcutta.

Here, the hon. Member mentioned that the planes intruded 30 miles inside. It is not 30 miles. They did not intrude 30 miles inside our territory. They came about a few kilometres. This incident took place 30 miles away from Calcutta.

The details of the interception action taken by our Air Force are now available. Four Pakistani Sabres were seen approaching our border at about 14.49 hours. A mission of four Gnats was ordered to intercept them. The Pakistani aircraft intruded about 5 kilometres into Indian air space. They were successfully intercepted at 14.59 hour and chased away. In the engagement that took place, three of the four Sabres have been shot down. The Pakistani pilots baled out. Two of them, Flight-Lieut. Parvez Mehdi and Flg. Officer Khalil Ahmed are in our custody. Our Gnats sustained no damage and returned safely to their bases.

The I.A.F. pilots who shot down these Sabres Fl.-Lt. Massey, Fl.-Lt. M. A. Ganapathi and Flying Officer Lazarus.

श्री अटल बिहारी वाजपेयी : इसके बाद भी यह कहना हास्यास्पद है कि पाकिस्तान के साथ हास्टिलिटीज नहीं हैं। हम वायु सेना को बचाई देना चाहते हैं कि उसने कुछ किया है।
(अवधान)

MR. SPEAKER : I want to make a

*Off the record.

remark off the record.....*

SHRI S. M. BANERJEE : We are not after war, Sir. That was made very clear.

SHRI VIDYA CHARAN SHUKLA : Sir, I want to appeal to the House that we should not say anything here which, even by implication, would support Pakistan's propaganda. We should be very careful about it. This is an appeal I want to make to the House.

MR. SPEAKER : Now, after lunch we will take up the discussion on cyclone havoc in Orissa. I have received a number of names and I assure them that they will all get their chance to speak for a few minutes and we should not finish the debate until the list is exhausted. I hope all of you will co-operate in giving them enough time.

SHRI S. M. BANERJEE : Supposing in any Party there is no Member from Orissa, others should be given time.

MR. SPEAKER : We adjourn now and re-assemble at 2.30.

SHRI S. M. BANERJEE : Sir, to-day the hon. Minister has really made a statement which we all applaud. But he should have made it *suo motu*.

13.27 hrs.

The Lok Sabha adjourned for Lunch till half-past Fourteen of the clock.

The Lok Sabha reassembled after Lunch at thirty-five minutes past Fourteen of the Clock.

[MR DEPUTY SPEAKER *in the Chair*]

RE : SUPPLY OF NEWSPAPERS
IN CALCUTTA

SHRI SAMAR GUHA (Contai) : Mr Deputy-Speaker, Sir, I have to draw

[Shri Samar Guha]

the attention of the House to an urgent problem. In Calcutta, for the last ten days, the supply of all newspapers has come to a standstill, and as a result of this, the entire people of Tripura, West Bengal, Assam and Meghalaya are not able to know what is happening in the eastern sector. Yesterday, when I was coming, there was an air raid practice. But almost nobody knew about it and it was a farce. Just at that moment, there was an attack by the Pakistani saboteurs on the border. This makes the entire civil defence of the entire Government a farce.

Would you, therefore, kindly instruct Government to make a statement and to take early steps for the resumption of the supply of newspapers? Otherwise, when we are in almost an emergency and a situation is developing, the civil defence measures would all prove to be absolutely a farce, because people do not know anything of what is happening. Therefore, I would request you to urge Government to make a statement about the resumption of the supply of the Calcutta papers.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Government must come forward and see that the dispute between the hawkers and the managements are immediately patched up and that the hawkers' legitimate demands are met. The situation in the border States is different from normal and the people should not be forced to go without a single daily paper. At present, the people do not know what is happening.

MOTION RE : SITUATION ARISING
OUT OF RECENT CYCLONE
IN ORISSA

THE DEPUTY MINISTER IN THE
MINISTRY OF IRRIGATION AND
POWER (SHRI B. N. KUREEL) : I beg
to move :

"That the situation arising out of the recent cyclone in Orissa, be taken into consideration."

MR. DEPUTY-SPEAKER Motion
moved :

"That the situation arising out of the recent cyclone in Orissa, be taken into consideration."

There are some substitute motions also. Hon. Members desirous of moving them may move them now.

AN HON. MEMBER : The hon. Minister is not making any speech?

MR DEPUTY-SPEAKER : It is up to him. If he does not want to make a speech, I can not compel him to do so.

SHRI SURENDRA MOHANTY
(Kendrapara) : I beg to move :

That for the original motion, the following be substituted, namely :

"This House, having considered the situation arising out of the recent cyclone in Orissa, is of the opinion that :—

- (a) the failure of the Indian Meteorological Department to issue cyclone warnings in time and the All India Radio's lapses to broadcast the belated cyclone warning with due promptitude and frequency resulted in much avoidable loss to life and property ; which should be investigated into ;
- (b) considering the magnitude of the unprecedented disaster, the Government of India must look upon it as a national disaster and render adequate financial assistance for relief and rehabilitation of the cyclone victims."

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I beg to move :

That for the original motion, the following be substituted, namely :—

"This House, having considered the situation arising out of the recent cyclone in Orissa, is of the opinion that the Government and its appointed Com

mittees' failure to instal a NADWARN system, although Orissa was hit six times by cyclone in last 10 years, has caused a calamity of this magnitude and recommends that :—

- (a) the Centre should go all out to give and arrange resettlement of the victims through monetary aids and grants and free supply of all the necessities ;
- (b) a NADWARN SYSTEM be set up and the meteorological department's scheme to instal 8 powerful cyclone warning radars at Calcutta, Bhubaneshwar, Masulipatnam, Madras, Nagapatinam, Goa and Bombay be implemented and arrangements be made for A.I.R. to give adequate publicity to cyclone warnings in all local languages **3

SHRI CHINTAMANI PANIGRAHI
(Bhubaneshwar) : I beg to move :

That for the original motion, the following be substituted, namely :—

“This House, having considered the situation arising out of the recent cyclone in Orissa, expresses its deep sympathy for all those who have lost their lives in the cyclone and to the entire people of Orissa in their present hour of sufferings.”³

**SHRI MANORANJAN HAZRA (Arambagh) : Mr. Deputy-Speaker, Sir, the terrible and heartrending cyclone that has swept over Orissa is unprecedented in its severity in the last 100 years. I, on behalf of my party and along with all the people of India express my deep sense of sorrow and sympathy to the people of Orissa at their misfortune.

It is true we cannot restore life to those that have fallen victims of this tragedy. But we have much to do for those that have survived. We had hoped that all steps would be taken to provide

all possible help and succour to the victims of this cyclone, but I regret to say that the Government is hopelessly lagging behind in this regard. I have got a report of the ‘Amrita Bazar Patrika’, of Calcutta with me according to which about 25,000 people have lost their lives in this tragedy. If a tidal wave of 15 feet in height rushes at a speed of 175 kilometres per hour, there is no doubt that it will bring untold devastation and destruction in its wake.

In this context I say Sir, that it is not possible for the Government of Orissa to combat this natural calamity of unprecedented magnitude all by itself. The Government of Orissa lacks in resources and it was looking to the Central Government for help. It is true the army was pressed into service there speedily for relief work and although attempts were made to send relief to all affected places speedily, they were not successful. Relief did not reach the interiors. It was not possible to rush relief to all places where they were acutely needed. The relief material that was available was not being distributed properly to all places according to urgency. I find that attention in this respect is being centred at particular places only. The steps that should have been taken by the Central Government in the very beginning but were not taken by them at that time, should now be taken immediately. But we find that the Government is still proceeding in a slipshod and casual manner in this respect although a long time has since elapsed. Even on such a serious and heartrending matter, our Government is playing a game of politics. The people of Orissa, belonging to various political parties and ideologies, have united and are trying their best to bring relief to the affected people but are finding the task difficult due to their lack of resources. But it is being unjustly said by the Government that they are playing a game of politics there. Even today I have read in the newspapers about this. The rulers at the Centre have passed a resolution at their party meeting to the effect that politics is being indulged-in in Orissa in the matter of Cyclone relief. Therefore, they have

**The original speech was delivered in Bengali.

[Shri Manoranjan Hazra]

decided to send a Parliamentary Committee consisting of their own party members to Orissa to probe into the matter and see that politics is not indulged-in. Is it proper? The people of Orissa belonging to various political parties and ideologies have united and are jointly trying to help the victims with their meagre resources, but it is being alleged that they are indulging in politics. By issuing such statements and deciding to send a Parliamentary Committee of their own party members there, the Central Government is mischievously starting their game of politics in Orissa afresh.

The Central Government is trying to interfere in all State Governments wherever there is non-Congress Government in power. In Orissa also, in its hour of misery and suffering, the Government is trying to interfere from a political angle. If Mrs. Gandhi wanted to approach the problem with sincerity and with humanitarian considerations, if she was really interested in providing the maximum possible help to the sufferers, then I would not have said this. But I find that efforts are being made to interfere in Orissa with political motives. The army officers who went to Orissa in connection with the relief work have stated in their report that efficient working has not been possible due to want of coordination. If Mrs. Gandhi wanted to go to Orissa to help in the co ordination work with a view to effect efficient working of various agencies, then I would have welcomed it.

In this connection I, on behalf of my party will place a few suggestions for the consideration of the Government. Firstly, the people of Orissa who, irrespective of their party affiliations have undertaken the relief work may be allowed to function as at present. The Government should supply them with all the necessary relief materials. Secondly, I would like to point out that during the last ten years repeated and dreadful natural calamities have befallen Orissa. The causes of those should be investigated and steps should be taken to prevent such recurrences.

We have noticed how recklessly deforestation is taking place in Orissa today.

Forests have been destroyed indiscriminately. Forests serve as natural checks to such calamities. We have seen that the Sunderbans have protected and shielded Bengal for generations against natural calamities just like one's forefathers. I, therefore, suggest that afforestation should be taken up extensively all along the coastal regions to afford natural protection against calamities. Furthermore, radars should be installed extensively according to modern scientific methods so that our meteorologists may warn the people of such impending dangers well in advance. This would enable the people to escape such dangers to some extent.

In conclusion, Mr. Deputy-Speaker, Sir, I will request the Government not to indulge in politics taking advantage of the miseries and sufferings of the people. If they do not heed, then the people of India and especially the people of Orissa will never forgive them. With these words, Sir, I conclude my speech.

SHRI SHYAM SUNDER MOHAPATRA (Balasore) : Mr. Deputy-Speaker, Sir, at a time when the entire sub-continent is faced with a great problem like war, and when our Prime Minister and the entire Cabinet are busy pondering over this great matter which has confronted 55 crores of the Indian people, we have also, at the same time, an internal matter which has broken the economic foundation of a State of India, that is, Orissa, engulfing about two crores of people.

Sir, I have already spoken in the flood debate and it is needless for me to repeat again and again about the disaster which the floods in the coastal tracts of Orissa had created. I can tell the House that Orissa has become a perpetual place of drought, flood, cyclone and saline-inundation and tidal bore.

AN HON. MEMBER : Just like Assam.

SHRI SHYAM SUNDER MOHAPATRA : The hopes of the people who have looked to the State Government for relief have been utterly belied. In the 1967 drought, about 68.32 lakhs of people were affected; in the 1967 flood, 19.66 lakhs

of people were affected; in the 1967 cyclone, 8.74 lakhs of people were affected; in the 1968 cyclone, 14.23 lakhs of people were affected; in the 1969 floods, 22.96 lakh people were affected; in the 1970 flood, 19.42 lakhs of people were affected; and in 1971, we have already seen in the newspapers what a tremendous amount of catastrophe Orissa had to pass through.

Now, what is the remedy for it? The remedy is that the Government of India should be more vigilant about it, should be more considerate about it and year after year we need not come to the Lok Sabha to repeat our arguments. I can bring to your kind notice the fact that in 1942 October, there was a great cyclone in West Bengal and in Orissa and about 15,000 people died in it, and about 16,000 heads of cattle completely perished. It was just the beginning of the cyclone-effect in our sub-continent.

Now, Dr. Rao, our eminent Minister, told here in the Lok Sabha on 17-11-1969 about the activities of the Meteorological Department in India. He said that the Meteorological Department is one of the very good departments; the people in the Meteorological Department have done their best, but they do not have the equipment; they do not have radars; they do not have the tools; now they have planned to instal radars at Calcutta, Paradip, Vizagapatam and Madras. If Dr. Rao told this on the 17th November, 1969, what prevented the Government of India from installing a radar in Paradip? Supposing Dr. Rao gives us this assurance today-and I know in our party meeting also he was telling us this, and Dr. Karan Singh was telling us that he was requesting the Finance Minister to release the exchange-what is the guarantee that if Dr. Rao tells us that there will be a radar installed at Paradip, it will be installed immediately? So, I would only request the hon. Minister here that action should be taken immediately, and the matters should be expedited, and the Prime Minister and the Finance Minister should be told that to help the people immediate action on a war-time footing should be put through. I have to say certain things about the precautionary measures which the Government of Orissa did not take. That

there will be a cyclone was known to us by the night of the 28th. The next day, about noon, the Chief Secretary of the Government of Orissa was alarmed about it: how to evacuate people. It is a great problem in my district; in Bansa which is in Baisore district, there is not even a mile of road. It is extremely difficult in such circumstances to evacuate about a lakh of people. By merely giving the alarming news that there will be a cyclone, by alarming the emergency department and the State Governments, we are not able to evacuate people. A machinery should be set up to evacuate people. During the war, people were told what to do in emergencies; they were asked to get into the trenches; they were told whether or not to shut the doors and windows; people were told about all these things. If posters are prepared and pasted, people could know what to do. Suppose there is a cyclone, what the people should do. The department has to tell the people so that they can do things accordingly. This was not done. What about the vehicles? How to evacuate 50,000 people or about a lakh of people? Not only the State Government but the Government of India also should ponder over this problem. These are all allied matters and we cannot separate it from getting alarm signals through the radar.

SHRI JYOTIRMOY BOSU: This is the outcome of 25 years of golden rule of the Congress.

SHRI SHYAM SUNDER MOHAPATRA: 25 years of Congress rule has done many good things. I went to say that simultaneously with the installation of the radar, machinery should be set up to evacuate people, unless it is done it will be difficult for the people to save themselves.

I shall briefly refer to the saline inundation. The entire tract from Bagra in Balasore to Astaranga in Puri district is very much affected by saline inundation. Our eminent Irrigation Minister will agree that this is happening year after year. To check this there should be construction of a big bund or a great wall. Committee after committee had been set up and speeches have been made, but not a single mile

[Shri Shyam Sunder Mohapatra]

of bund had been constructed on this border. The hon. Minister should assure the House that he will immediately concern himself with the construction of a big bundh to check the overflow of saline water which spoils crops over a lakh of acres.

We should not concern ourselves only with cyclone. Had there been no cyclone like this, probably this House would not have bothered about floods at all. The real catastrophe of the people of Orissa is from floods in rivers like Swarnarekha, Vaitarani, Brahmani and Rusikulya. Floods in these rivers had been responsible for loss of crores of rupees over the years. Dr. Rao thought about two years ago of construction of double embankment on Swarnarekha. The people of Orissa revolved as about 80 lakhs of people would lose their houses and lands if that idea went through. Eminent man that he is, Dr. Rao thought that it would be a very difficult problem to rehabilitate so many people. So, he felt and he assured me and some others that he would construct dams, barrages, reservoirs and canals on that river. It is a wonderful idea. But when will it be executed? I have gone to the villages of that area and there the people say; ever since 1942 when the entire North Balasore was affected by cyclone and about 5,000 people were thrown into the sea, dead, we have been listening about this. North Balasore lost crores of rupees since then. They have been told that there would be a bundh or a reservoir or a canal or some drainage system. But nothing has been done. We are now in 1971.

I said in my last flood debate and I repeat it. Pending construction of a dam on the river Swarnarekha the hon. Irrigation Minister should concentrate on the drainage system. There is no drainage system at all in North Balasore. The mouth of Swarnarekha has been silted.

Bada Balanga is a very small river. It became famous because Jatindra Mohan Mukherjee, known as Bagha Jatin, was held captive there by the British when he fought against them. It was nothing but a trickle but now it has become a big river during the last flood because of the rains. Such

was the tremendous flow of water as a result of the cyclone and tidal bore that 50 people died. It is unfortunate that the Orissa Government's report does not say anything about it. They have circulated among the MPs so many figures that one does not tally with the other. In one report, they say that 315 people died in Balasore. In another report, it is 200 and odd. Which is true? They have no figure. Now the Orissa Government say that probably 10,000 people died. There is another report, saying, probably 20,000 people died. In another report, it is 25,000 people. How to know which figure is true? The Government has not been able to penetrate into remote, interior areas. If there were no Red Cross or Roman Catholic missionary agencies etc., probably people would have died on the streets, reminding us of the famous Bengal famine of 1943.

The opposition says that we are bringing in politics into this matter. The Finance Minister said, we gave them Rs. 3 crores and odd, but they have not been able to spend it. The Relief Commissioner of Orissa Government has circulated a note among Orissa MPs saying that the statement of the Government of India is incorrect. Who is bringing in politics? We or they? All these papers which the Orissa Government have circulated remind me of the jugglery statistics. I am reminded of a funny thing. I am a student of history and also a Professor. There was a failure of potato crop in England when Pitt, the Younger, was Prime Minister. He was also the Chancellor of the Exchequer. He also had a perfect command over statistics. It was a difficult problem to face the position. He called the opposition for talks across the table. During the discussion, Pitt, the Younger, went on reading out all kinds of statistics, data, figures, etc., with the result that the Wigs and Tories were confused. In utter confusion, they left the meeting and Pitt, the Younger, was saved! Similarly, the Orissa Government have produced so many statistics and data only to confuse us.

SHRI P. R. SHENOY (Udipi) : It is a cyclone of figures !

SHRI SHYAM SUNDER MOHAPATRA : Yes. For cyclone, the

installation of radar and precautionary measures may be all right. But the real problem is the flood havoc. Unless we check the erratic rivers, the economy of Orissa will never improve; So, I suggest that the construction of dams, reservoirs, canals, drainage schemes, etc., should be immediately taken up. Subarnarekha should be connected with Budabalanga by a canal, so that there is a perfect irrigation system. If these things are done, I think the economy of Orissa will improve.

We have sent a central team to Orissa to investigate the loss of human beings, crops, cattle, etc. It is unfortunate that this central team of experts could not go into remote areas. They have probably gone to place where cars could take them. This should not have happened, because the Government of India will not be in a position to get a clear picture. So, I suggest that a Parliamentary team should visit the place. The Prime Minister and the Irrigation Minister must have their own assessment because both of them have gone to Orissa. The people of Orissa repose confidence in them. They look to them for guidance and assistance. I personally feel that if this will be the attitude of the Government towards Orissa, it does not matter whatever be the attitude of others, including political parties, the Indian Government will be in a position to help the people and the economy of Orissa will be improved.

15 hrs.

SHRI D. K. PANDA (Bhanjanagar) : Mr. Deputy-Speaker, Sir, I feel that it is not necessary to go into the details of the havoc wrought by the cyclone, because it has already been admitted not only by the State Government, the coalition of Swatantra and Utkal Congress, but also by the Central Government. All of them have indicated the magnitude of the crisis, although in different tones. But I still feel that neither the State nor the Central Government has actual realisation of its magnitude in the sense of taking practical measures. The action should be commensurate with the declaration. Till today only very little has been done in this direction which is just like a drop in the ocean. If this havoc is

taken into consideration, along with the past havocs since 1970, namely, the drought in 1970, the heavy floods in July to September, 1970, cyclonic winds between 14th, 16th October, 1971, the cyclone, the heavy rainfall, saline inundation and tidal bore on 29th, 30th and 31st October, I feel that the relief measures so far undertaken do not show actual realisation of the problem by the government.

A meeting of the relief committee was organised by the Governor, who is the Chairman of the Committee, on the 13th. At that meeting, without the seal of authority of either the Governor or the State Government, a report was circulated. Being a member of that committee, I pointed out this mistake. On the 15th another statement, which is a supplementary to the statement on the flood situation in the country, was circulated by Dr. K. L. Rao. We can find vast differences between the two statements, the one which the Governor has circulated and which gives some facts—whether he depended upon the State Government machinery or not is not our concern; our concern is that it was the Governor who as the Chairman called the meeting which we attended and at the very outset of which the report was circulated among all the members—and this report which was placed on the Table of House on the 15th and was circulated amongst us. It does not give the same picture as the one of the 13th. The report reveals something different from that circulated on the 13th. At least, the hon. Minister, Dr. K. L. Rao, should have been aware that his own Governor, who also belongs to his own party, has himself circulated this report. That should form the basis. But that is given a go-by. I do not know what are the reasons.

Till today there is no sincere effort to assess the correct position—the real and actual damages, the loss of human beings, property and other crops etc. Anyway, basing upon this report circulated by the Governor to members of an all-party committee I would call upon the Central Government to come to the aid of Orissa and the people who are being affected by the unprecedented cyclone havoc. One after another ministers have visited Orissa and the affected area. But what is it that those

[Shri D.K. Pande]

people have done there? So far Rs. 2 crores have been sanctioned. Is that adequate? Is that worth considering any help or aid? Not at all. Not only that, even the Prime Minister after her visit has not only expressed sympathy but has also admitted the real, indescribable havoc in terms that it is a calamity of great dimensions.

We have been telling the Government—my party, the Communist Party of Orissa, having made investigation into those areas, submitted a report telling the Government that it is a national calamity and, therefore, mere declarations would not do; something concrete, something tangible, something in reality which will benefit the people must be forthcoming from this Government. If not, all these promises and all these declarations will remain only as lip sympathy.

Of course, Dr. K. L. Rao, our hon. Minister, has given certain suggestions and has made certain promises. They are really welcome. But I would read out one or two statements which he made in the year 1969 when this cyclone issue was discussed. He had made this declaration that a radar installation in the coastal areas, such as, Visakhapatnam, Masulipatnam, Paradip, Calcutta and Madras, should be established. But except at Visakhapatnam, nowhere it has materialised. No steps have been taken either in the name of shortage of foreign exchange or otherwise. He had also promised in this very House the establishment of a distress mitigation committee. He said that a distress mitigation committee would first be set up here—that means, at Visakhapatnam—and later on for other States like Orissa. Orissa has come first. Orissa is also one of the badly cyclone-affected States. But no such Committee has been set up. That is the reality.

In 1969, there was a discussion. Dr. Rao made a statement on 17th November, 1969 in answer to a Call Attention Notice. What happened at that time. For the sake of the Central Government, I want to point out one thing. The Government estimated the loss of last cyclone at Rs. 100 crores and Rs. 9 crores were granted at that time.

Now the Central Government is not forthcoming. At that time, Dr. Rao corrected it as Rs. 15.65 crores. Whether it is Rs. 9 crores or Rs. 15.65 crores, one thing is very clear. If the Central Government is really sincere and honest, they should have according to their own assessment come out with relief. They have got their own machinery. They have formed their own relief committee. Their own Governor has already circulated some papers. Basing upon those things, they could have promised some amount. But that amount is not at all being declared till today. Only Rs. 2 crores have been given.

As far as I am concerned, being a communist, I can say this much that a reactionary coalition Government is there in the State sponsored by Shri Biju Patnaik and even if they become heartless, I have nothing to criticise them. I know from the beginning that is their characteristic feature.

Now, when the State Government is not able to meet the requirements of people in ordinary times, in extra-ordinary times, if the Central Government throws all the blame on the State Government and does nothing, simply looking forward to making declarations and other things and giving all tall promises, what will the position of those unfortunate people, 65 lakhs of people, who have been affected by the cyclone? What will be their fate? I want to know here and now from the ruling party about it. They must make an assurance here in this House as to what positive help and the extent of help they are going to give.

I am reminded of one thing. Since 1922 there have been cyclones and floods and in good old British days, there used to be discussions and, every time, the Britishers used to promise and say, "We are taking all steps to eradicate and eliminate the causes of floods and cyclones, etc." In 1927 also, there was a debate about it—I found it in the library—and Shri Meghnath Shah submitted a report that specific measures must be taken to eradicate the causes of cyclones and floods. Since then and even after Independence, our Government have been making only promises and throwing their

promises to winds.

Now, what is required is this. The relief has to continue till the relief works are not only started but they should be provided on a wider scale. And the gratuitous relief should continue to disabled persons and that must continue at least for three months.

Thirdly, regarding test relief work, there are so many areas, there are so many roads and so many fields and so many un-reclaimed lands where the test relief work can be started and till that is started, the people must be allowed to survive.

Now, the main problem is the problem of these 65 lakhs of people who have survived the cyclonic havoc. Regarding loans and aid for raising additional crops and the *rabi* crops, I had been to one area near Paradip and I found that there are so many tanks and so many places where lift irrigation can easily be adopted and tube-wells can be dug. But, when I asked the Tahsildar, the RDO and the Collector, I was surprised to know that no instructions have been issued to any of them to find out as to what are the places and as to what is the extent of the area where we can start and sow the *Rabi* crop.

SHRI BIRENDER SINGH RAO (Mahendragarh) : Sir, I would like to draw your attention to a greater cyclone, a warning of which has been just received. Pakistan has declared emergency to-day and the House should be more interested in knowing the reaction of the Government. You may kindly ask the Prime Minister to make a statement about this.

MR. DEPUTY SPEAKER : Not in the midst of another debate. I know it is important, but not in the midst of another discussion.

SHRI P. K. DEO (Kalahandi) : He is connecting the two cyclones.

SHRI D. K. PANDA : According to their own estimates, 7 lakhs of houses have collapsed. Therefore, for building houses, adequate loans must be given and not only that, those who are share-croppers and

those who are land-less and those who are dependent upon the land and upon their own labour and who work in the field of middle-class and rich landlords, they are completely not only landless but they are now rendered homeless also. For them, not loan or loan without interest—nothing of that kind—they should be granted free aid for the construction of their houses.

About schools, I have presented a memorandum. High Schools, Primary Schools and also Middle Schools numbering about 1500 and 15000 teachers are involved. They are not getting their salary.

MR. DEPUTY SPEAKER : The hon. Member's time is up. May I request that all these suggestions may kindly be sent to the Minister in writing? Now you are only suggesting details as to what should be done. There many other speakers. Now, please conclude.

SHRI D. K. PANDA : Therefore, immediate instructions should be given for disbursing their salaries under some rule or the other, they are saying that they cannot pay their salaries. Therefore, they are also starving.

With regard to students, they must be given free scholarships at least for one year.

As far as irrigation facilities are concerned, lift irrigation and tube-wells are to be set up immediately in those areas where such systems can be adopted. Now as for permanent measures for these saline embankments and irrigation of forests along the coast, measures have to be immediately taken.

Regarding granting of loans, there are so many critical hurdles and the loans are not sanctioned in time. Therefore, the Reserve Bank of India must evolve a liberal policy so that people get loans quickly and in time.

Finally, I want to make one suggestion. Now, there must be a collective effort of all the Parties and groups because everybody is now trying to play politics. The Centre

[Shri D.K. Pande]

is accusing the State and the State is accusing the Centre and if this game goes on and if the same politics continue, then, definitely, we are not really going to help the most afflicted People of Orissa. Therefore, the Governor's Committee which is just a show-piece, should now be activated. All other Committees which are there already must have the necessary co-ordination in order to rush help to the afflicted people. These are my suggestions. Thank you.

SHRI BIRENDRA SINGH RAO : Sir, this is a grave situation which we face; the Prime Minister should come and state the position.

MR. DEPUTY SPEAKER : This is just the time when we must function with dignity and decorum and be disciplined and show that we are not at all perturbed. It is most irregular to project some other subject in the midst of another debate. I now call upon Shri J. B. Patnaik to speak. This is exactly the time when we should not lose our feet.....

SHRI INDRAJIT GUPTA : And heads also.

SHRI J. B. PATNAIK (Cuttack) : I come from Cuttack. This is one of the worst-affected constituencies of the State of Orissa, by various cyclones. There have been 7 cyclones for the last 6 years. Sir, before the last great cyclone, there was another cyclone in September which caused serious damage to crops and also to *kacha* houses in large numbers. The last cyclone only exposed an existing malady—that is, the utter helplessness of the people of the State of Orissa.

Sir, cyclones are also frequent in the USA, in Australia and in Japan. But their people have got the necessary strength and stamina to absorb the shock. I am now reminded of a couplet of Poet Rabindranath Tagore in his *Gitanjali*, which says :

"I do not want your protection from danger; I want the necessary strength to fight it."

What is necessary for Orissa and what is necessary for other parts of the country is to have this strength to fight these natural calamities like cyclones, floods and droughts. Orissa State needs this strength very much because Orissa is the sickliest child of Mother India.

Sir, Orissa has got great natural potentialities. I shall not go into them in detail. They are all very well-known to the house. But these frequent floods and droughts and cyclones have sapped the very vitality of the State as a result of which, in spite of great natural potentialities and resources and development works, the growth of the State since our independence has been very much stunted. What is necessary at present is not mere sympathy of the Centre. Of course, the Centre is very much sympathetic. There is no doubt about it. There could not have been a nobler gesture than the Prime Minister's deduction of her birthday for service of the people of Orissa, the *Daridra* Narayans of the State. After hearing the tales of woe of Orissa, the Defence Minister flew to the State and assured the people of adequate Central help. There are other Ministers also who flew to the State. I pay my compliment to them.

SHRI JYOTIRMOY BOSU : You may pay your compliment to all the 55 of them.

SHRI J. B. PATNAIK : Dr K. L. Rao himself visited the State and discussed these things and studied the problem in great detail.

But there has been an ugly controversy regarding what money the State requires and what money the Centre is able to pay. I am not going into that controversy.

AN HON. MEMBER : Why ?

SHRI J. B. PATNAIK : It is a fact that the State has not been able to spend more than Rs. 4 crores at present. After the floods the Centre gave to Orissa State a sum of Rs. 3.5 crores. After the drought they gave Rs. 2 crores as grant and Rs. 3 crores as agricultural loans.

So, altogether, it comes to about Rs. 8.5 crores.

SHRI SURENDRA MOHANTY : May I say that the amount was released only on the 4th November, 1971 ? Let my hon. friend try to contradict it if he can.

SHRI J. B. PATNAIK : Whatever it is, Rs. 8.5 crores had been granted by the Centre in terms of loans or grants for meeting the flood situation. But because of the inadequate machinery that the State Government have, they have not been able to spend whatever money has been granted by the Centre. This State is having an unfortunate tale of woe because it is at present headed by a Ministry which is a marriage of convenience presided over by a Brahmin priest who is 83 years old.....

SHRI SURENDRA MOHANTY : On a point of order. Is it in order to characterise the Chief Minister of a State who is not present here, that he is a 83-year old Brahmin priest ? Are you going to permit it ?

MR. DEPUTY SPEAKER : I would only say that generally we should refer to people in high public position with some decorum and not unceremoniously.

SHRI J. B. PATNAIK : I am not decrying him. I am only stating that he is 83 years old. He is also a Brahmin. It is a fact that he is a Brahmin. For the marriage of convenience, a Brahmin priest is also necessary.

The point that I would like to make is that the Centre's sympathies are abundant for this State. But it is not the crores of rupees that matter. The Core of the problem has to be understood and it has to be faced properly. The core of the problem, as I have stated already is that the State should be given the necessary strength to fight these visitations and these natural calamities year after year. Nobody knows the position of Orissa in this respect better than the hon. Minister himself. He knows very well the problems of flood and drought in the State of Orissa in great detail, and he knows all the remedies as well. But in spite of this, we find that only temporary palliatives are given to the State.

After Independence, probably hundreds

of crores have been granted to the State in terms of relief and in terms of loan to fight drought and floods. But no permanent measures have been taken, no permanent remedies have been found out to fight the floods and droughts and solve these problems once for all.

I would point out certain very important measures to fight the frequent floods in the three big rivers of the State. The hon. Minister himself knows that unless the Brahmani and the Baitarani rivers are controlled, the Brahmani at Rengali and the Baitarani at Bhimkund, the floods could not be prevented. Besides this, on the Budh Balanga and Subarnarekha rivers, there should be storage reservoirs to control the floods.

For fighting drought also, certain important measures have to be taken, namely electrification on a large scale for lift irrigation. If these measures are taken, it is possible to eradicate the drought for all times to come. There should be a plan presented by the hon. Minister to the Cabinet, and this plan should be worked out in the next five years. It is not a question of mixing Orissa's plan with the all-India plan and to find out a needle in the haystack. Since Orissa is the sickliest child of Mother India, and since Orissa problems are chronic, and since Orissa cannot rise in view of these maladies for the last so many years, the problems of Orissa should be separated or isolated and properly dealt with, I would request the hon. Minister to draw up a plan to fight drought and floods in Orissa on a permanent basis.

Regarding the cyclone, certain measures have been suggested by the hon. Minister. I entirely agree with him so far as these measures are concerned. I do not want to enumerate all these measures. But I would like to stress in particular that there should be the installation of a radar at Paradip port and a meteorological centre at Bhubaneswar. There should be afforestation on a large scale in the coastal belt. There should be high mounds in villages so that people could in an emergency take shelter there. Besides, there is proposal now before Government—it is made not only for Orissa but for the

[Shri J.B. Patnaik]

entire eastern coast-to put in stationary orbit a satellite to watch the atmospheric developments in the Indian ocean. Japan has made the proposal. For that India has to pay her share. I do not know what would be the cost. They say it will cost about Rs. 16 crores for putting it into orbit. Probably the Minister could in his reply answer this point. If it is necessary to instal such a satellite, no money should be wanting for that purpose.

In regard to other measures, the Centre's sympathy is there and there would be nothing to get them implemented. If the State Government is not in a position to spend the money, if the State Government machinery is not equal to the task, what prevents the Government of India from having a joint committee of the Central Government and the State Government to work out schemes and plans to deal with this national emergency. This committee could be presided over by a Central Minister, if possible, to solve these problems.

Regarding formation of committees, the Minister has suggested in his report that there should be a committee at the Central level and at the State level to suggest post-cyclone measures. I do not understand why this suggestion has been made. Such a committee was constituted at the Central level and at the State level in 1969 after the Cyclone in Andhra. They have made some suggestions. But these have still not been implemented. The committees now proposed may make the same suggestions. Why not avoid this duplication and waste of time. In view of the Minister's vast experience and there is no dearth of experts in his Ministry either-it would be better if the findings of the earlier committees are expeditiously implemented instead of having some other committees going into the problem and making the same sort of recommendations. Let the recommendations already made be implemented as early as possible. If this is not done, within a year or two, we may be faced with similar disasters and the same difficulties and problems will remain.

MR. DEPUTY SPEAKER : Shri Surendra Mohanty.

श्री हरेकम चन्द कछवाय : ** (मुरेना)

MR. DEPUTY SPEAKER : Order, order. What he says will not go on record. I have already give a ruling on this. He just comes into the House and injects anything he wants. This is not proper.

SHRI SURENDRA MOHANTY : I have moved the substitute motion standing in my name with a correction in (b) that the disaster referred to there is 'national disaster' and not 'natural disaster', which mistake has crept in there due to a printing error.

The killer cyclone of October 29 and 30 has receded leaving behind uncounted numbers of corpses and carcasses, 25.25 lakh acres of land of green field under deep layers of sand, 8.4 lakhs of houses demolished and 7,600 square miles affected in varying degrees. But in its wake, the evil eye of another kind of cyclone is moving from Delhi towards Orissa. That is a political cyclone, to hit the Government there which is, unfortunately, not of the complexion which the ruling party at the Centre would like or desire. At this stage, I can do nothing but express my regret at the perversity of values of men in authority who do not hesitate to make capital out of the miseries of the people. I warn the people of Orissa so that they can judge this enormity in its true context.

Sir, with these words, I would like to come to the core of the problem which is really besetting the State today. More than the Prime Minister, more than the Finance Minister, I am really beholden and the people of Orissa are beholden to the Minister of Irrigation and Power, Dr. K.L. Rao who, notwithstanding his age, had spent two days in the cyclone-affected areas, not on a helicopter as was done by the Prime Minister, or by the Finance Minister or by the junior Minister, the Minister of State in the Ministry of Information and Broadcasting who, though belonging to that State had not the heart or the time to move among the people, her own stricken people, but moved in a helicopter, Dr. Rao—whom I had—seen in spite of his advanced age—had taken the trouble to move among the afflicted people in cars and boats and really want to take this opportunity of expressing my gratitude and the gratitude of the people

of Orissa towards him for the troubles he had taken.

Now, I would like to place before this House that cyclone is an act of providence. There is no force which can avert it, however scientifically we may have been equipped. But the question arises, can we not mitigate its dangers? Can we not avoid the avoidable loss of human lives and moveable property? I venture to think if only the Indian metrological department of the Government of India warned the State Government that a cyclonic storm of this magnitude was moving towards the coast of Orissa and had the warnings been given in time, I am sure the extent of this calamity could have been very much mitigated and lessened.

The hon. Minister, Dr. Rao, has in his note that was circulated the other day briefly stated about the warning that the Government of India had received, though the date, the time, etc., have not been mentioned. But the *Time* magazine of America, in its issue dated 15th November, 1971, has mentioned this, which I quote here :

"Many in India wondered aloud why the Government had not taken any steps to prepare Orrisa for this cyclone. When it was first spotted and reported by a US weather satellite a full day before it hit land, the storm seemed to be headed for the very area of East Pakistan that was devastated last year. Then, it changed direction, but the satellite forecast well in advance that it was headed for Orrisa."

Sir, I do not vouch for the report of the time nor do I vouch for the statement of the hon. Minister. I only plead that there should be an enquiry into this matter as to whether the Indian metrological institute had received the warning from the US weather satellite well in advance and wheather the warning was transmitted to the State Government and the All India Radio. Whether it be the State Government, or the Government of India or the Indian metrological Department. I hold brief for none. But I only plead that in a matter of this kind, some sense of responsibility

should have been shown. Therefore, I would urge on this House to institute an enquiry into this whole sorry state of affairs. I understand that only when the storm was hitting or lashing the Paradip port, the All India Radio station at Cuttack was issuing the cyclone warning. It could be worthwhile to enquire as to why the Cuttack Station of All India Radio did not pick up the cyclone warning in its news cycle and broadcast it with due promptitude and frequency.

Sir, it may be recalled that the Cyclone Distress Mitigation Committee that had been set up after the Andhra cyclone, made a specific recomendation that the All India Radio should issue the cyclone warnings in due frequency so that the people were warned in due time and they could take care of themselves, by which much avoidable loss to human life and property could be avoided.

But it is a regrettable fact that while the Cuttack station of the All India Radio was broadcasting light music the cyclone was hitting the Paradip port and it was moving in its deadly course towards further east, Therefore I want that there should be an enquiry on these two points : whether the United States weather satellite had warned the Indian Meterological department in time and whethar the Indian Meteorological department had transmitted the warning not only to the Chief Secretary to the Government of Orrisa but also to the Station Director of the All India Radio and whether it had been picked by the All India Radio and warning issued in due frequency.

Dr. K.L. Rao, the expert that he is, has investigated the situation thoroughly and his valuable recommendations are contained in the statement he had circulation the other day. I would not go into those recommendations but I should like to dwell upon an ugly, unseemly controversy that has been raised, over the relief operations between the state and the centre. It has been alleged that the State Government could not spend the money that had already been sanctioned by the Centre. I should like to invite the attention of the House in this context to the

[Shri Surendra Mohanty

great benevolence, that the Central Government has shown towards the misery-stricken Orissa. After the last floods, as against the requirement of Rs. 12.60 crores put forward by the State Government, the Central Government could release only Rs. 3.90 crores. For relief and rehabilitation after the October cyclone which had hit Orissa only a month before, the State Government's requirement was Rs. 29.25 crores as immediate grant-in-aid; Rs 5 crores for agricultural loans; Rs. 5.5 crores for loans for restoration of damaged property. How much out of this has the Central Government in its benevolence released? Rs. 2 crores for ways and means assistance, which was released on 4 November, 1971 and Rs 3 crores loan for agriculture released on 10 November, 1971. Yet I find my friends have the temerity to say that the State Government could not spend the money that the Government of India had released.

We may have our differences but I appeal to our friends: let us not have any difference on a matter which affects the lives of millions of people. I do not make any grouse against the Government of India. I do realise that they have their own problems to face.

But here is a State which has been afflicted either by flood or by drought or by cyclones over a number of years continuously. Therefore it is time that the Government of India considered the last cyclone as a national disaster and rendered adequate financial assistance and not make it a partisan political issue.

There is another matter to which I should like to invite the attention of the House. At the suggestion of Mr. Chavan, the Finance Minister, an all party committee was formed under the presidentship of the Governor of Orissa. As is well known the Governor of a State is the agent of the Central Government. Now what has inspired the ruling Congress to promote a parallel relief committee in Orissa? This parallel relief committee is being utilised to create more confusion, not to help but to hinder the relief operations. I ask in all humility. Is this the time for partisan politics? I do not find the lady Minister,

Mrs. Nandini Satpathy. She has not visited a single afflicted village; she has not seen a single spot. If my memory serves me right, she just issued a statement through the All India Radio, her hand-maid.....

SHRI J. B. PATNAIK : She has visited the area upto Paradip.

SHRI SURENDRA MOHANTY : Paradip is a town.

SHRI J. B. PATNAIK : She visited the villages also.

SHRI SURENDRA MOHANTY : From Paradip, the cyclone moved north-east and the villages around Paradip had not been hit disastrously. I do not know why she took the trouble of visiting these places. I would have expected her to be present here during this discussion. She has the temerity to say that the State Government is using the relief operations for its own political advantage. If she is an honourable lady, I would throw a challenge at her in this House and I am prepared to bear the consequences. She should prove it to the hilt how it has been utilised for political and partisan ends. If she is an honourable lady, I expect her to take up this challenge.

Before the ruling party in its utter benevolence started raising funds for the afflicted people my party has spent Rs. 5 lakhs in the relief operations. We are not so petty-minded to give undue publicity to it through the All India Radio or newspapers. I would like to take this House into confidence : and say there is no partisanship whatsoever in the matter of relief operations. If the ruling Congress members are so keen, so sanguine and so sure about the alleged partisan attitude, it would have been honourable on their part to resign from the all-party relief committee presided over by the Governor set up the instance of the Finance Minister and start their own Relief Committee. Without resigning their seats in protest against alleged partisanship and continuing their membership on the all-party committee; to come out with such wild statements is certainly something very

reprehensible. No more fitting reply could have been given to that kind of Machiavellianism than by a section of the members of the ruling Congress in Orissa who have expressed their regret that such a committee could be formed under the auspices of the ruling Congress, which would only hinder the process of relief operations instead of helping it.

In summing up, I would say, there must be an enquiry into the hiatus between the warning issued by the weather satellite and the issuance of warning by the Indian Meteorological Department to the State Government and the lapses of the All India Radio to broadcast the warning with due frequency. Also, Central help should be more liberal and should not be confined to words of jugglery, to which Mr. Mohapatra has made a reference. There should be no partisan outlook whatsoever in relief operations. Finally, such members of the ruling Congress who have made allegations against the relief operations of the State Government must have the honesty to prove the facts of the case. And I conclude.

SHRI CHINTAMANI PANIGRAHI (Bhubaneswar) : Sir, a great tragedy has overtaken Orissa. If one goes to those places, you find in one home a young boy, 7 or 8 years old, left alone. His father, mother, brothers and sisters with whom he might have been playing a shortwhile ago have all been washed away. You go to an other family and find the wife and children have been washed away, leaving all alone, the young husband. If you visit somewhere else you will find that the old father of 75 alone has survived and his son, daughter-in-law, grand sons and grand daughters who were looking after him in his old age have all been washed away. This is the story of not one, two or three homes but thousands of homes. You hear the same sorrowful tale narrated in all cyclone-affected areas of Orissa, namely, Cuttack, Puri, Balasore, Dhenkanal, Kionjhar and Mayurbhanj. There is nothing but desolation for the surviving young and old after the great deluge.

These are facts which will bring tears

to the eyes of millions of our people. When there are millions of eyes where we have to remove the tears by giving prompt relief, cannot our friends here in this great national forum try to rise to the occasion when the magnitude of the calamity is so enormous and it has affected six million people. It is a matter of regret that some of the members of the opposition are very much obsessed with the Central Government and in their obsession they tend to forget the worries, sorrows and sufferings of our distressed millions. Let us all try to avoid any political acrimony and attempt to find out the magnitude of the loss of the calamity and try what we could do in the matter of giving immediate relief and undertake rehabilitation programmes.

Here I must express the gratefulness of our people to the Minister of Irrigation and Power, Dr. K. L. Rao, for his prompt visit to the affected areas. We are also grateful to the Prime Minister. When we impressed upon her the size and urgency of the problem; she cancelled her birthday celebrations and visited Orissa and saw for herself the distress and sufferings of the people. Our Finance Minister also visited this area. The Ministries of Health and Food and Agriculture have also come to know the sufferings and the loss that has taken place. The Prime Minister has said that the Centre would do their best to relieve the suffering of the affected people in Orissa because the suffering of Orissa is the suffering of the whole country. We are also proud that our great party for the last so many days is engaged in seeing how the miseries of the people could be reduced or removed. Even Central Ministers are regularly coming and looking into the grievances and seeing how they could be removed.

I would like to take this opportunity to bring to the notice of the hon. Minister of Irrigation and Power the Old Imperial Gazetteer of the 18th century, towards 1885 or 1890. If he looks into it he will find what the gentleman had then recorded. The old Imperial Gazetteer of India in its description about Cuttack district in Orissa mentions that "the district is directly on the track of the

[Shri Chintamani Panigrahi]

cyclonic storms which cross Orissa frequent during the monsoon season. In recently years Orissa coast have experienced several severe cyclones, the most notable being that of September 23rd, 1885, which was accompanied by a storm wave that caused much loss of life and property near the coast. In the Kendrapara sub-division alone 5,000 lives were reported to have been lost, while serious damage was caused to crops and houses. The Kanika estate suffered most severely and many villages thus destroyed have not since been inhabited. The salt deposited on the lands by the tidal wave in the year 1885 affected the crops for about five years." Because of that no crop could grow.

The Imperial Gazetteer also speaks the same thing about Balasore and the coastal district of Puri. It says that Puri District in Orissa also is directly on the track of the cyclonic storms which visit Orissa coast frequently.

I was looking to any literature which the Government of India might have also published on the visits of cyclones to this country because I thought that there must be something. After seven days' efforts—as you know, I have become a research student in the library—I found that during the 70-year period from 1891 to 1960—I am leaving out the last ten years—about 400 cyclonic storms formed in the Bay of Bengal and nearly one-fourth of this total number of cyclonic storms in the Bay of Bengal were severe storms. You will find that on an average every two years was a series of cyclonic storms in the Bay of Bengal and the Orissa coast was suffering the most.

I am not going into the details of the loss because till today the loss has not been estimated fully. The Planning Commission has sent a very good officer and the Central team has also visited. But at least, we expect, the Central team should have visited the district of Puri also which has been affected at many places and houses have collapsed in many places. I do not know whether they concentrated their visit to one or two places. But I hope, they must be having a full picture of the colossal damage that has been caused almost in various

parts of the six districts, though some were heavily damaged and some were partially damaged.

There is such a colossal problem of relief and rehabilitation when lakhs of houses have been damaged, more than 60,000 cattle have been lost, more than 21 lakh acres of paddy land have lost good standing paddy crops when harvesting was going to be done very soon. It requires a kind of a herculean effort and massive planning for meeting this gigantic task of rehabilitation in such a vast area which has been completely damaged. Why I say this is because Orissa's economy is a kind of a starving economy for the last five or six years; people were even dying of starvation in the last two or three years. It is a kind of a poor economy; it is not coming up. Orissa is on the lowest rung of the ladder. You can view it from any side. There is no time to cite these things.

Today when the hon. Minister of Irrigation was telling this House about rural electrification, I was thinking in my mind what the Bible has said: put no questions and be told no lies.

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI): Shakespeare has said that.

SHRI CHINTAMANI PANIGRAHI: It is a quotation from the Bible.

SHRIMATI SUSHILA ROHATGI: I thought, it was from Shakespeare.

SHRI CHINTAMANI PANIGRAHI: The hon. Minister was telling us as if we do not know anything about this country and the world. He was saying that rural electrification had achieved a tremendous success. Yes, it has achieved that but if you look to Orissa, you will find that it is at the lowest and the lowest and the lowest rung of the ladder so far as rural electrification is concerned.

SHRI JYOTIRMOY BOSU: West Bengal.

SHRI CHINTAMANI PANIGRAHI: Do not make a political issue out of it. There is Bangla Desh in the eastern region.

What I am just trying to submit before the hon. Minister and the Government is that this requires a unified effort. About 80,000 hectares of land within eight kilometres of the sea-coast of Orissa has been rendered unfit for immediate cultivation because of the recent tidal waves. What are we going to do about it to see that it will be fit for cultivation? 9,33,500 hectares of paddy crop area has been damaged. What are we going to do? The Minister of Irrigation and Power will not be in a position to say because it is the concern of the Ministry of Food and Agriculture. In Puri District the loss of crops was: late variety crops—90 per cent; early varieties—60 per cent damage and medium variety paddy crops—80 per cent damage and 80 per cent of the thatched roofs gone. It is all in six districts. This is the problem. All these farmers have lost their cattle. How are they to carry on agricultural operations? I think, relief is not the only remedy. If a Central team might have visited the area, they must have found our people in an hour of peril. It is not that they have no strength to stand on their own. Their morale is high. They want to fight and survive. But you must provide them with work. If you can make a survey of it, I can say that in 6 lakh acres of land you can grow jute somewhere, ralbi crops somewhere, cereals somewhere, vegetables somewhere, paddy somewhere, groundnut somewhere and all that. You can select the areas. This requires intensive study on the part of the Government of India. You can arrange it in such a way and give assistance to farmers.

16 hrs.

What I am submitting is that it is a colossal loss which needs a massive planning.

As regards the collection of short-term credits from farmers, I can say that in those areas, you shall have to stay the collection of short-term loans advanced to farmers. It may be upto Rs. 66 crores. It requires also a kind of understanding on the part of the Reserve Bank and the Ministry of Food and Agriculture and also the State Government. This year, the farmers are not in a position to pay back short-term credit which were advanced to

them. They need more credit. Short-term credit should be converted into medium-term credit which will be more helpful to the farmers. The parents also cannot help their wards in Schools and Colleges.

If somebody goes and calculates the loss in terms of money, I would say that he is attempting something impossible. You cannot measure the sufferings of millions of people in terms of money. If you go there, you will find that almost the houses of weaker sections of the society, the Harijans and Adivasis, have been completely damaged. I must say that more than 50 per cent of the houses damaged belonged to the weaker sections of society, the Harijans and Adivasis. What are you going to do about their housing problem?

Even the Central Government has incurred a terrible loss. I was talking to the Post-Master General, the other day. The loss to the property of Posts and Telegraphs Department, the Railways, the Paradip Port and even to the State Electricity Board is immense. You cannot calculate it. In a vast stretch of land, if you walk over the land, you will find as if you are walking over the dead bodies in thousands. Even today, they are not in a position to say what is the total loss of human lives. They put the figure at 10,000 or 15,000. I hope, the census which is being made now will give the correct figure. I think, it is not less than a loss of 25,000 human lives. Almost all the public institutions have been completely damaged.

If I only use a poetic word, this is a suffering, a kind of agony and, in short, within only hours what man created in a century has been demolished and a vast stretch of land, if I quote Whitman, lies waste.

As I said earlier, the floods, cyclone and drought are constant companions of Orissa. This is a second calamity. We had a calamity in the same year. In September floods; then we had a calamity in October and then we had it in November. I do not know whether another calamity will come again. Another calamity was about to come when Dr. Rao was visiting that area. At that time, another cyclone was to come but it went to the eastern

[Shri Chintamani Panigrahi]

side. I do not know whether it got afriad of Dr. Rao and the cyclone took a different turn.

So, the immediate and urgent need before us is to give relief to the distressed millions of people who have suffered and it requires taking up vast rural reconstruction programmes. A large number of fair-price shops should be opened for sale of foodgrains at reasonable prices. As you know, in Orissa even the Central Government has got some foodstocks but it should be seen that it reaches the proper quarters and also that the prices are within reasonable limits and the rural works programme can be started so that people can purchase all these things.

Here I have only three suggestions for the Government to consider. Malnutrition among children has become a kind of problem there which has to be faced and which should be faced immediately,

I must congratulate the Army which came there at the earliest and have done a wonderful and magnificent work of rescue and relief in those inaccessible areas while the State Government had neither the means nor perhaps the zeal to do so.

The area which has become saline requires a massive effort so that either you have fresh water or make the salinity of the land go out so that they become fit for cultivation.

I would again bring to the notice of the hon. Minister—he knows it and I have also discussed it in this House—that the Chilka lake area is water-logged and in 1967-68 also there was a terrible cyclone. Now, the Government of India—I must congratulate the hon. Minister—has appointed a committee to look into this matter and recommend as to how this water-logging in the Chilka Lake area should be solved and the Chilka Lake mouth should be dredged. But nothing has come out of the Committee's deliberations. I am repeatedly reminding Dr. Rao as to what happened to that committee and as to why he should not preside over it himself so that the committee can function and some report comes out. I think it should

be expedited.

SHRI B. K. DASCHOWDHURY (Cooch Behar) : That Committee has gone into deep waters.

SHRI CHINTAMANI PANIGRAHI : Therefore, I would again submit that rural works programme for rehabilitation be taken up in that area. It requires the co-ordination of the Ministry of works and Housing and the Ministry of Finance as it is going to finance the programme and also the Ministries of Health, Irrigation & Power and Food & Agriculture. Therefore, this is a tremendous problem of co-ordination and I submit to the hon Minister through you that whatever long range task you are talking of setting up of radars or early cyclone-warning systems or meteorological stations at Bhubaneswar or at Paradip, do it early so that at least before the next cycle of cyclone comes, we are at least equipped properly. The Aviation Minister, Dr. Karan Singh, also is very serious that it is set up early.

Then, I must submit that this tremendous work of rehabilitation and co-ordination requires all the concerned Ministries coming together. It also requires a separate development authority as they are setting up at Cuttack and other places which are backward so that at a certain level the co-ordination of the State and Central Agencies is ensured as it requires hundreds of crores of rupees.

The economy of Orissa is lagging behind for the last 25 years and for the last five years no development work worth the name is taken up there.

I appeal to the hon Minister that these are the suggestions which I have put before him. They require immediate consideration of the Government.

I am sorry my hon. friend said that a cyclone is blowing from the Centre to the State. No, Sir. The Centre is trying to avert the cyclone, but the State is trying to get involved in the cyclone. We want to save it.

SHRI P. K. DEO (Kalahandi) : Sir, a debate like this on the distress of human

beings should have been on a higher plane. But, I find that opportunity has been utilised to hit the Government of Orissa below the belt.

The Government of Orissa, I can say categorically, does not require a good-conduct certificate from my friends here.

The people of Orissa are solidly behind the Government of Orissa which has been fully manifested in the results of the four bye-elections that took place the other day.

Now, coming to the facts, I would like to point out that as stated earlier, Orissa is being visited regularly by drought, cyclone, flood and saline inundations and today Orissa is the victim of the worst cyclone and tidal bore which hit the costal belt on the 29th of October and in its trail brought innumerable death of human beings and cattle and wanton destruction of houses and crop, dismantling of lines of communications and devastating about 8,500 sq. miles of the area, affecting 6 million people. The estimated loss so far has been a loss of Rs. 10,000 human lives and 75,000 heads of cattle.

A HON. MEMBER : More than that.

SHRI P. K. DEO : About $8\frac{1}{2}$ lakhs of houses have been levelled to the ground and the standing crops which stood ready for harvesting in 25 lakhs of acres of land have been completely washed away. A coconut plantation which is contributing to the economy of the area has been totally devastated and those trees are lying as dead soldiers in a battlefield.

Sir, the people of Orissa are extremely grateful to the hon. President for his timely visit. In most unambiguous terms he has stated that the calamity is the biggest disaster of the century. It could be compared to the Bihar earthquake or to the tidal bore in Masulipatnam in the last century.

Thanks to the Rules and Procedures of this House and thanks also to the convenience of the Ministers, at long last, this much-awaited debate is taking place today, that is, after a period of nearly 6 days, in spite of the fact that some of us gave the

earliest notice saying that the first day of this Session should be utilised specifically for the Debate of the calamity of this particular magnitude this country has ever witnessed before. This could only be possible because of the complacent attitude of the Central Government and because of the present composition of the Lok Sabha and also because of the fact that the Government of Orissa, legally functioning there, is not to the liking of the Centre.

If you look at the graph you will find that the intensity of the ravages and the magnitude of the loss have been continuously on the increase. As pointed out by my friend earlier I don't want to quote the figures, - this year it has reached the peak. 6 million people have been affected; 25 lakhs acres of crop have been damaged, I would like to know from the expert like Dr. K. L. Rao, whether it is not due to the fact that underground nuclear tests are being held in some parts of the world which has led to such things to happen here. Sir, as far back as 1967, while there was a debate on Orissa cyclone in this very House, Dr. K.L. Rao was then presiding over the Ministry of Irrigation and power. He promised one thing then which he reiterated on the occasion of the debate on Andhra cyclone. It was that a radar station would be installed in Paradeep. But I am very Sorry to say that up till now, it has remained a moonshine. We are told that the Bharat Electronics at Bangalore has been asked to manufacture and instal the radar units. But considering the way in which the public sector undertaking are functioning in this country today, It would be futile to expect the expeditious installation of the radar. If only the radar had been installed in time, this calamity could have been averted.

Even after the Indo-Soviet treaty and cooperation in the field of technology, it is an irony that we have to depend still on the weather forecast of the American satellites. I do not want to go into the details, but as pointed out by my hon. friend Shri Surendra Mohanty, at least 24 hour's notice had been given by the American satellite that a cyclone of that magnitude was going to hit the coast of Orissa. Dr. K. L. Rao also has stated in his report that on 29th October at 10 a.m. Government

[Shri P.N. Deo]

had learnt from this satellite that a cyclone was moving towards the Orissa coast, and the tidal bore came at midnight. During all this period of 12 hours, no warning was given to the people of that area to be alert. Even though Shrimati Nandini Satpathy is the Minister of Information and Broadcasting and is the solitary representative of Orissa in the Council of Ministers she has been completely neglectful in her duty to warn the people of Orissa through her mass media of communication and through the AIR to be alert and move to safer areas. She has completely failed in her duty. I charge her with dereliction of duty. In all sincerity, I would submit that she should resign if she thinks herself to be honourable. To save her skin, she has started maligning and mud-slinging against the Orissa Government with Don Quixotic statements. She has stated that the Orissa Government have been unable to tackle the situation and there has been a partisan and parochial approach in the matter. I would like to say that for God's sake, let none inject party-politics into human misery. For God's sake, let no one make political capital out of the suffering of humanity.

We are grateful that Shri Yeshwantrao Chavan made an air dash to the area and made a very generous statement :

"Money will not stand in the way of relief and rehabilitation."

But on the other hand the Central team has got the cheek to go and direct the State Government to restrict the relief to a region which is only 3 miles from the coast. The Central leaders made generous statements publicly to get applause from the people. But at the same time, they have given a handle to the political parties and to the people of the area to make demands for more liberal relief. Stealthily, at the same time, they have directed the Central team to act in a different way. I do not want this role of Dr. Jekyll and Mr. Hyde to be adopted by the Government of India in such a calamity.

I would like to quote in this regard from the Prime Minister's statement at Bhubaneswar :

"The Prime Minister told newsmen that finance would not be an inhibiting factor for providing relief to the cyclone-hit people."

In the same breath, she says in the committee that 'for the best part of the plan you need resources'. I cannot understand what is the meaning, behind this.

Regarding the central assistance of Rs. 5 crores, it has been explained that the Orissa Government has lately been given Rs. 5 crores. This is nothing a drop in the ocean. Even for short-term measures, they need Rs. 50 crores. In their memorandum, they have submitted the details and without going into the realities of the situation, the Government of India have advanced Rs. 2 crores as ways and means advances to the State Government and have Rs. 3 crores for loan to agriculturists.

In this regard, I would like to point out that the money is not to be squandered. The Orissa Government's reputation for its financial discipline is always spotless. There is not a single overdraft of the State Government on the Reserve Bank of India. We want that every pie spent is well spent.

Last year—subject to correction—due to drought in Andhra Pradesh and Maharashtra, Rs. 18 crores and Rs. 15 crores respectively were advanced to these States. In all humility, I would like to say that the impression should not go round that because Dr. K. L. Rao comes from Andhra and Shri Chavan from Maharashtra, these liberal amounts have been given to these States by way of central assistance.

An all-Party relief committee has been formed under the chairmanship of the Governor who was till the other day a Congress (R) MP in the other House. This relief committee has been functioning very well. But I cannot understand why some parties who were associated with that relief committee started grumbling and started a rival relief committee. I would like to point out that this rival relief committee has created confusion in the collection of much-needed material and in their distribution. But one redeeming

feature is that some of the saner elements in the Congress (R) like Shri S. S. Mohapatra, Shri Arjun Sethi and Shri Anadi Charan Das have disowned this rival committee and expressed their full confidence in the committee presided over by the Governor.

As for long-term measures, the memorandum which the State Government has given makes out a case for Rs. 145 crores for high embankments, casuarina plantation, rehabilitation and so on. This amount should be granted to the State so that they can go ahead with the long-term measures with full vigour.

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : It is indeed a tragedy that a State which had suffered a visitation of flood in July and August this year has once been subjected to one of the worst cyclones of this century and our hearts go out to the people who have suffered and the families who have been rendered homeless and all those who have become destitute.

Hon. members from both sides are agreed that the tragedy has been of a great magnitude. I wish members on both sides appreciated this and did not make it a party issue and the debate was held at a high level as usually happens in such cases. Because of the magnitude of this tragedy, the question is not which State suffers, which party dominates or which party is ruling in which particular state. It is the humanity in general that has suffered. If one Indian suffered, it is the heart of India which suffer. I think on a vital issue like this, this matter should not have been approached from a partisan angle. I am sorry if some bitterness has been created on this score. This has not come from one side only. There have been insinuations hurled from both sides and I think it is inexcusable, irrespective of the side from which it emanated. I do wish that later speakers would give due consideration to this.

16.24 hrs.

[SHRI K. N. TIWARY *in the Chair*]

Before we go into the financial aspect which I am supposed to touch on, there are one or two points which I would like to clarify to put the record straight.

The first is that the hon. gentleman from the CPI said that the help given by the Centre has not been worth giving ; that it was not adequate and it should be something substantial ; something tangible, as he said. I fail to understand what the word 'tangible' really means in the dictionary of the CPI. As we understand, 'tangible' is something which can be felt, which can be seen, which may be visible to the common eye, and I think that the relief which has been sent by the Centre—it may not be adequate according to his consideration and according to his conjecture—is something which is tangible and which can be seen through the eye even of the CPI if I may be permitted to say so.

Secondly, there was a pun on the word benevolence. I think the word 'benevolence' is in itself a very benevolent term. When we used the word 'benevolent', I think they should be wise enough to understand it in the proper context. I think there was a big pun on that word as there was a feeling that the Central Government was not benevolent when the word was used and they made certain discrimination so far as the particular State of Orissa was concerned.

I come from a very backward State like Uttar Pradesh. We share the agony and the problems of other States that do not happen to be very prosperous. We understand the conditions of the people living in the villages, who are not very rich, whose income is very low. But we do not want to be told what we really do need ; what the people want is full succour and sympathy, and sympathy which is not lip sympathy but real constructive sympathy. Therefore, the term 'benevolent' was not used in a very benevolent spirit

SHRI JYOTIRMOY BOSU : You call Uttar Pradesh backward when it suits your convenience,

SHRIMATI SUSHILA ROHATGI : If it does not suit Shri Jyotirmoy Bosu of West Bengal, certainly it does not suit the UP people. (*Interruption*) The UP character is never subject to doubt, except may be in the present context as expressed by the hon. Member just now'.

MR. CHAIRMAN : No cross-talk please.

SHRIMATI SUSHILA ROHATGI : Certain expressions were made by the hon. Member from the Swatantra party, the leader, who preceded me just now. He said there were certain factors which were due to the present composition of the Lok Sabha. I fail to understand that. Every hon. Member of this Lok Sabha, whether he sits here or there, has been sent by the electorate. This is a sovereign, democratic republic, and so, to say that it is due to the present composition of the Lok Sabha is to make a mockery of the electorate of India, and I do not think that he really meant it when he said it.

Secondly, the complacency of the Ministers, as he said. For that, I can only say there was no complacency about it. Fortunately, there was no complacency, because, first, I would like to give the dates. The date of the cyclone, the devastating tragedy, was 29th and 30th October. The Finance Minister visited the State on the 3rd November, and the date of the release of Rs. 2 crores by the Finance Ministry was immediately the next stage—4th November. Then, Rs. 3 crores were released by the Ministry of Agriculture on the 10th November. The estimate of the State Government which was submitted to the Central team was on the 17th November. It does take a little time even for the State Government to bring everything on paper, because the estimates were only submitted to the Central team on the 17th November. In the meantime, the Central team which has been sent at the initiative of the State Government had already visited the State on the 16th, and stayed there for two days. The Prime Minister, immediately on her return, visited the State on the 19th. Therefore, I do not know where the complacency comes in.

The other point was about the attitude of the Government of India towards Orissa, and probably the feeling was that they were slack. I would like to allay any feeling that there has been any discrimination so far as the financial aspect is concerned. I may only point out two things. It is quite true, as some Members have said, that the Orissa Government's initial estimate for flood relief measures was Rs. 12.6 crores. The Central team ceiling of Rs. 3.90 crores was arrived at after detailed discussion with the State Government representatives. We have not received any communication so far from the State Government that the team's recommendations were not adequate. Who is responsible, and where does the delay lie? In a matter like this, the Centre has necessarily to depend on the judgment of the Central team which consists of representatives of all the concerned Ministries. If the State Government wanted a review of the ceiling, it was open to them to ask for such a review. So far, such a review has not been asked for; where does the delay lie here also? We have not received any report regarding the progress of the expenditure either.

For the first time it has been mentioned here that Rs 3.63 crores have been spent. As soon as details were received more funds will be released. I can only repeat the words of the Prime Minister, the President and also of the Finance Minister that finance will not stand in the way of any relief that is needed by the people of Orissa. The normal procedure is that we await the report of the study team, as we have not received any complaint that the relief work is suffering due to paucity of funds.

In the earlier years various Ministries used to send out their own teams but later on it was realised that a better method would be for the Finance Ministry to send a team and other Ministries should associate with it.

As recommended by the finance Commission, Orissa Government have to provide Rs. 1.25 crores annually in their budget for relief purposes. Central assistance is given towards expenditure in

relief when it exceeds this provision. Therefore when the Centre is asked the Centre has rushed help through the Agriculture, Defence and other Ministries.

On relief items, 75 per cent of the expenditure can be assisted by the Centre, 50 per cent as grant and 25 per cent as loan. The balance of 25 per cent has normally to be met by the State but in case of financial difficulties even this can be covered by Central assistance. Relief items in this category include gratuitous and emergency relief, assistance to students, assistance to the destitute and the homeless etc. public health measures, drinking water supply etc. In special cases, even supply of seed and pesticides to very small farmers can be included in this category although as a normal rule this is discouraged. If the Orissa Government seeks help from the Centre, the Centre will not hesitate to rush this assistance to the State.

The Orissa Government have submitted an estimate of about Rs. 50 crores as their requirement for the year 71-72 for cyclone relief measures. Rs. 29.5 crores for relief and Rs. 20.5 crores for loans. This is being considered. After it has been considered and the report of the Central team comes in I think necessary measures will be taken. In the meantime I have to put it on record that the Centre has rushed assistance as soon as it was possible. The Defence Ministry, the Army provided power boots, medical stores, medicines etc. Every assistance should be provided in the face of a national calamity. We do not have to enumerate all that we have done. I can only end up by saying that funds will continue to be provided subject to proper and effective utilization.

Some Members had already referred to this point that there is today a cyclone of even great or magnitude, that is that an emergency has been declared in Pakistan and that should make us all take note of the situation irrespective of the parties in the country. The country is facing a very grave situation. There is the problem of Bangla Desh refugees and money is needed for them, money is needed for meeting problems creat-

ed by calamities and above all money is needed for defence preparedness. Money should flow where it is necessary and work should not suffer and money should not be wasted. If the State Government of Orissa want anything to be done it will be done immediately. That is all I have to say.

SHRI JAGANNATH RAO (Chatrapur): I was surprised to hear my friend Surendra Mohanty and P. K. Deo criticising the Congress party in Orissa for forming a rival relief committee. The committee that was formed is not a committee of the Congress party alone. It consists of representatives of the Congress, CPI and the PSP in the State, the whole idea being that it should function as a liaison committee so that relief measures undertaken by the State Government are properly done and that no persons are left out. We received complaints that the relief measures are not reaching every section of the affected people. Whether right or wrong, when complaints are received, we thought it necessary that workers of these parties should form vigilance committees at the village level, so that they can inform the Government officials entrusted with relief work about the complaints. That is the main idea. It does not function in opposition to or as a rival to the all party committee. How can a non-official committee raise crores of rupees needed for the relief? It is just a liaison committee.

Another point was made that the central Government is not sympathetic. A section of the press has also said that only aerial surveys were made by central ministers, only lip sympathy has been shown and no money has been released. This is wrong. The Deputy Finance Minister has already given the amount that has been released. The centre is prepared to release more money, but there must be firm data. It has to be verified and apart from the Finance Ministry, Planning Commission is also involved and it takes time. The required information from the State Government has not yet been received. When it is received, it will be scrutinised and the money would be released. That is the undertaking given by the Finance Minister and the Prime Minister also made a similar statement at Bhubaneswar on the 19th.

[Shri Jagannath Rao]

Now, what is to be done to meet this calamity? Several thousands of people and cattle have perished. People who are alive have lost their belongings. Some lands are sand-cast and some inundated by saline water. Therefore, agricultural operations cannot be taken up. Immediate relief and rehabilitation is required. If possible, the sand should be removed from the lands in time for the rabi cultivation or at least for the kharif crop next year. But if the sand is very deep, that area should be reserved for afforestation and cultivation of casuarina or cashew. In the case of lands inundated with saline water, if a channel could be constructed from the sea to those lands, they can be converted into salt pans. It is for the agro-scientists to see those areas and advise what should be done.

Many houses have collapsed. Mr. Biju Patnaik, Chairman of the State Planning Board, has prepared a statement which says that Rs. 166 crores are required. But the statement does not give any data. It only says so many houses have been lost and at the rate of Rs. 4000 per house, it comes to so many crores. It does not say what is the nature of the house, what is the size whether it was bamboo-thatched etc. A census has to be taken in each village about the nature of the house, its value, how much it will cost to reconstruct it etc. These data are not available. Then, where is so much money with the Central Government? It is not a *Kamadhenu* which can be milked at any time we want. Therefore, it is no good blaming any government. We have to see whether the request is based on facts. That has not been done so far. I do not blame the State Government because the State Government had no information. I was in Orissa on the 29th, 30th and 31st October, 1971. I heard a warning when I was at Bhubaneswar. When I left for Delhi on the 31st there was no information because communications were cut off as also roads and telephones. Only on the 2nd the radio announced the damage caused. I do not blame the State Government because even today some of the areas are inaccessible. So, there is every reason for discrepancies in the figures

of the Central Government, the State Government and the Governor.

Coming to rehabilitation, it should be immediate. We cannot think of long term measures which are protective measures at this stage. We have now to think of immediate relief to the cyclone affected people. Embankment, afforestation etc. should form part of the Fourth or Fifth plan. Our immediate problem is to rehabilitate these people by reclaiming agricultural lands. If the lands are fit for agriculture, they should be used for agriculture; otherwise, we should grow cashew trees or use them as salt pans, depending upon the nature of the soil. Technical people should visit the area and suggest what could be done in the circumstances and what is the amount required.

It is said that the meteorological department has failed in its duty. I do not agree with that view. I heard a warning on the radio that a cyclone is likely to hit Orissa at Gopalpur. Later I heard that it will not hit Gopalpur but was likely to hit Puri.

The Jumbo island where thousands of people have perished as a result of tidal bore is a very low lying area; it is in fact below the sea level. We have to see whether that island could be used only for agriculture and the people should stay in the mainland. Government should examine whether there is any danger in allowing the people to continue to stay on that island. If there is no safety to the people when they stay there, they should be settled in the mainland so that they may go and do agricultural work and come back.

These are the measures which should urgently be taken into consideration by the State Government. I am sure the Central Government, the Planning Commission and the Ministries of the Government of India are willing to co-operate. Their willing co-operation would be forthcoming and there is no reason for anyone of us in this House to doubt the sincerity or the sympathy of the Government of India.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : What is happening in Orissa

is without a parallel. But could we not have got prior information so that the effect of the disaster could be minimised? There were a large number of low pressure areas where the wind velocity fell to 17 to 27 knots and then at the time of the hurricane it rose up to 47 to 48 knots. The velocity of the hurricane when it reached Orissa coast was 175 km per hour.

According to government estimates, which I maintain is grossly under-stated it has destroyed property worth Rs. 596 crores and taken 1,023 lives. This is the sixth cyclone in Orissa in ten years. There were two in 1966, one in 1967 and two more in 1968. In the Bay of Bengal and the Arabian Sea which surround our country there are usually 20 such storms every year. This time the Orissa hurricane by comparison was 25 per cent more severer than the previous ones. It takes place during the months of April-May and October-December. In May to October 1969 in Andhra 1,000 people were killed and Rs. 250 crores worth of property were destroyed.

What steps have been taken by the Government in this regard. Dr K. L. Rao is a very intelligent man. Is he not aware of the NADWARN system, the natural disaster warning system? The Irrigation and Power Ministry had set up a committee to coordinate and proceed between the Centre and the State Government. What is the outcome of that? We want to know specifically here today.

Timely warning, and arrangements and facilities for evacuation could easily have minimised the toll if not avoided the loss. The whole world is now thinking of timely warning to avoid the effect of this calamity. At least, warn the fishermen and those people who are taken unawares. Nothing has been done. In the United States this NADWARN SYSTEM is working with a lot of effect.

What has happened to advance detection, including earthquake, and the national radar network? Dr. Rao is fully aware of these things. Is he helpless? Is it not a fact that the Government is not finding money for these essential items which

would save the lives of hundreds of thousands of people and property and cattle worth crores of rupees? I have a feeling that he has not been given enough money by the Central Government.

There is also the question of post-cyclone work. We want to know specifically what is being done. From our experience in West Bengal we know that the Central Government will always come out with hurricane tours, impressive speeches and tall talks. I am not blaming Dr. Rao; I know, he is not very powerful in the matter of allocating funds. But when the question of giving the real money comes, it trickles down. Secretaries and bureaucrats go and try to underplay the calamity. In the mean time, people become more and more feeble; their voice becomes feeble. And they take the opportunity. They try to do politics out of the whole thing. They do not want to spend the money that is required there, but they must take the credit for cashing it.

The Government has failed, not that they do not have talent or the hands, but because of lack of attention and funds. They are not interested in the welfare of the common man. That is what it boils down to.

In ECAFE, United Nations, they are coordinating the world meteorological organisation since 1968. We want to hear all about these things from Dr. Rao's mouth here. Then there are the Australian efforts of tropical cyclone warning system. These are all positive steps. The scientists today say that by sending wall clouds around the eye of the matured cyclone the speed could be considerably reduced. We want to know what you have done with regard to that. You have done practically nothing.

On the long Eastern coastline there is only one radar at Visakhapatnam. The Meteorological Department had strongly suggested that there should be eight radar stations—at Calcutta, Bhubaneswar, Masulipatnam, Madras, Nagapatinam, Goa and Bombay. But the Visakhapatnam one, which was imported from Japan, is the only one functioning today and the rest seven

[Shri Jyotirmoy Bosu]
are hanging fire with Bharat Electronics in Bangalore. Why is it that sufficient importance and priority has not been attached to the delivery and supply of these seven radar equipments? If that would have been done, possibly today we could have saved a lot of human lives and property.

At the present moment it is a 25-or 50-years age-old practice, the primitive practice, of depending on ships to give you the warning. But what happens when the ship gets the danger signal, when they feel that something is coming and they vacate their base and run away to safer places? How do you expect them to give you the information? Kindly tell us about that.

About the television picture from the satellite on the study of cloud structure, you have in Madras, Calcutta and Bombay automatic picture-taking equipment, but the meteorologist can only get them once in a day. It is far too inadequate. The Japanese offer of picture-taking every 20 minutes is good. But how are you going to find the money for that? It costs Rs. 16 crores, if I am right. And it will take a minimum period of three to four years. In the mean time you may lose another several millions of rupees and several millions of lives. This should be taken as seriously as possible and in the mean time the police wireless should be made the fullest use of. Whenever there is a cyclone warning, the police wireless should be made full use of. Also, the All India Radio—I call it All Indira Radio—its services are inadequate. They ignore such warnings and also the summarise the warnings to make them too brief to be understandable to a common man. Don't talk about big things. But do something about it because it is happening everywhere almost every half a year.

The States have very limited resources and they cannot possibly be expected to find the resources and fight such calamity and its after-effects. There is no question of bringing politics with human miseries and their lives.

Besides this, there is the question of floods. I am quoting from Dr. Rao's own speech in the 15th meeting of the Central

Flood Control Board saying that they have lost from 1961-70 at least 1231 crores worth of property. I will not say how many lives have been lost. But these measures would have certainly cost you much less. You are not paying enough attention to those actions which can save the life and property of the common man.

If you have no money, you can draw money from the L.I.C. You have got the nationalised banks. You can float other loans and you reduce your police and other administrative expenses. There should be no difficulty about finding money where saving of human lives and their bare minimum assets are concerned.

SHRI ARJUN SETHI (Bhadrak):
Mr. Chairman, Sir, it is unfortunate for me that I represent a constituency which has been completely devastated by severe flood, saline inundation and cyclone.

I should like to mention here that the Government of Orissa could have saved the situation if they had taken timely measures or timely precautions to give help to the people. According to the guidance of the Meteorological Department, a cyclone is formed in the Bay of Bengal from April to December and in pre-monsoon period, and in post-monsoon period the cyclone is severe. The cyclone of 1942 occurred in the month of October. So, the Government of Orissa could have been more conscious during this period to evacuate people after receiving cyclone alarm.

There is an emergency department in every district during the monsoon months to evacuate the people and to give them relief. There should also have been a cyclone emergency department for the purpose of evacuation and giving timely relief to the people.

The House may be interested to know that in Balasore district, the Government's thinking was that the flood season was over and they had released all boats and motor Launches which were kept for evacuating people. When the flood came, they could not rescue the people in time. They could not rescue a single man in time.

Then, I will say something about the inefficient machinery dealing with relief and rehabilitation. The Government of Orissa has told us through their publications that they have given cooked food for seven days and foodgrains to the people. This may be correct as far as the constituencies of big people are concerned. But I can say with all knowledge that they have not given even an ounce of food to the flood-affected areas of Balasore District and some parts of Cuttack District. The relief is given on the basis of the 1961 Census whereas it should be on the basis of 1971 Census and on account of this there is a great deal of confusion among the people and the officers.

So, I submit that the Government should now concentrate on digging of tube-wells in the villages where there is drought so that people can grow double crops and multiple crops. As a short-term and immediate measure the Central Government should grant at least crores of rupees for rehabilitation of these flood-affected persons and moreover, fair-price shops should be opened in large numbers so that rice and wheat are readily available all-round. Cash assistance also should be immediately given to these poor people so that their purchasing power is restored.

In my constituency it is unfortunate that there are no alternative crops and the position becomes more precarious. So, as a long-term measure, house-building advances should be liberally given to the villagers according to their need and the advances should not be governed by the credit-worthiness of the person concerned.

A team of top scientists should be sent to Orissa to study the problem of desalination of the paddy fields. The scientists should also be asked to suggest measures for permanently solving the problem of saline inundation of the cultivable lands. As you are aware, Sir, this part of Orissa is the fertile paddy belt and unless it is safeguarded, the backbone of Orissa's economy will be broken.

So, I request further that all sorts of

measures and schemes should be launched by the Central Government with promptness and to create job opportunities among the people of these localities. Otherwise, their condition will be very miserable and people will die without any work and without any food.

Thank you, Sir.

*SHRI J. M. GOWDER (Nilgiris) : Mr. Chairman, Sir, at the outset, I would like to draw your attention to the paradoxical situation prevailing now in our country. Forgetting the sorry plight of the people of Orissa who have been seriously afflicted by the cyclone, without giving adequate thought to the immediate relief measures that should be taken, the Central Government is blaming the State Government and the State Government is blaming in its turn the Central Government. In this mutual recrimination, the poor people who have been rendered homeless, the common people who are suffering all sorts of difficulties, have been conveniently forgotten. I would request that both the Central Government and the State Government should remember the hardships of the poor people and not indulge in the game of mud-slinging at this critical juncture.

17 hrs.

On 14th October the Meteorological Department gave a warning that a cyclone was forming in the Bay of Bengal and it might hit the port of Paradip. But it did not come off as anticipated. On 29-30 October, the cyclone hit the entire coastal line of Orissa and it is strange that only a few hours before the cyclone, the Meteorological Department could give the warning. How could the precious lives of the people be saved within such a short time? How could protection be given to them at such a short notice? Are we living in America? At such a critical hour, if we were living in America, a fleet of helicopters would have been employed and the people would have been transported to safer places. Our economic development is so tardy that we don't even have sufficient number of bull-

ock-carts to shift the people away from the cyclone-hit areas. By the time the Government makes up its mind in the matter of taking relief measures, the natural calamity takes its toll of human lives. If you dispassionately see what kind of protection and relief measures have been given to the people, you will find that nothing constructive has been done. What we find is that a natural calamity like cyclone occurs and immediately after that a discussion is held in this House and there ends the matter. In our history there seems to be no occasion in which advance action or immediate relief measures after the calamity has been taken effectively by the Government. The affected people have not been given the succour at the appropriate time.

It might be that the Swatantra Party or some other political party might be ruling the State of Orissa. Mainly on that ground the Centre cannot just brush aside the demand of the State Government saying that it is on the high side. It is an accepted fact that the State Government is the nearest organisation to the affected people and they have got the machinery to make an on-the-spot study of the problem. They might have asked Rs. 100 crores. If only a paltry sum of Rs. 2 crores is sanctioned, where is the question of fairplay and justice? Are you not ashamed to say that a sum of Rs. 2 crores has been sanctioned for cyclone relief measures? For Bangla Desh refugees, the Centre is spending Rs. 3 crores a day. You are also aware, Sir, that so many new taxes have been levied on the people of the country to feed the Bangla Desh refugees. Are the people of Orissa not the refugees from the serious natural calamity of cyclone? Are they not suffering like the Bangla Desh refugees? Should the Centre not give at least Rs. 3 crores to the people of Orissa who have been made destitutes by the cyclone? I am not able to appreciate why even this sum has not been given to the people of Orissa.

For the sake of scoring a point in a debate, the Centre may say that whatever assistance is asked by the State and the people will be extended by the Centre whenever such a request is made. I feel that the Centre is showing a closed fist because of the fear that if adequate assistance is given, the credit might go to the

opposition parties which are ruling the State now. The Centre might also like to appropriate all the credit to itself by doing everything directly and that is why, perhaps, the Prime Minister is going to send a team of ruling party members to Orissa. I need not say that the underlying idea is the coming elections. Are the affected people to be used as the pawns in the chess-game of politics of the ruling party, especially at the time when they are in acute distress? For goodness sake, I would like to appeal to the Centre, they should approach the problem merely on human angle and absolutely without any political considerations. This is not a problem concerning only a particular political party and it should not be exploited for party ends. It is not enough if an aerial survey in a helicopter is made by the high dignitaries of the Government. Dr. Rao was good enough to go in person and he tried to associate himself with the sufferings of the people. The Congress party members who spoke before me ridiculed the demand of the State Government for central assistance in the matter of providing houses to the cyclone affected people. Do they expect that whenever such calamities occur the State Government should come before the Centre with bended knees and with a begging bowl? I can quote a number of instances that even when the States have come to the Centre with genuine demands, the Centre has shown its reluctance even to consider such requests. I am reminded of a story in Tamil. When the daughter-in-law of a house was about to offer food to a hungry beggar, at her door-step, the frowning mother-in-law snatched it from the hands of daughter-in-law and later offered the food herself to the beggar, thereby asserting her unquestioned authority as the mistress of the house. I have to say that in the matter of extending assistance to the people of Orissa the Centre has adopted a similar attitude. Instead of attempting to mitigate the sufferings of millions of people in Orissa, the Centre seems to have a political bias.

Shri Chintamani Panigrahi just now narrated the tale of woe and was of the view that at least 200,00 people would have perished in this cyclone. 60,000 hectares of cultivable land have become barren and it is felt that for coming three years the

cultivators will not be able to plough the land. Has the Centre given thought to the problem of what should be done to the thousands of cultivators who will not be able to till the land for another three years? It is also estimates the crops worth Rs. 200 crores have been destroyed by the cyclone. Has the Centre made any assessment of the quantum of foodgrains needed by the people of Orissa? I would request the hon. Minister to announce in this House the quantum of foodgrains supplied to the people of Orissa to meet this crisis.

There was a news item in the Press, just before the cyclone, that the cyclone was forming 300 miles away from Paradip port and it was expected to hit East Bengal. But, the entire coastal area including Paradip port was subjected to the fury of cyclone. We can imagine how the forecasts made by the Meteorological Department are totally misleading to the detriment of the people living in coastal areas. It might be argued that there are not enough number of radar installations to forecast the weather. How can the entire country be served by one radar station? I would request that the Government should go into the question of the requirement of radar installations throughout the country and make earnest endeavours to have them at the earliest opportunity. Another strange thing that happened here is that the Cuttack All India Radio did not announce even the warning given by the Meteorological Department just a few hours before the occurrence of cyclone. With a view to ensuring that such lapses do not recur in the future, I would suggest that the Government should appoint a Committee to go into the question as to how this happened and to suggest remedial measures for the future.

India has a long coast-line of thousands of miles. In particular, the eastern coast is more susceptible to cyclone havocs. From Calcutta to Madras and Tut'corin, there have been many cyclones from time to time and the entire east has been ravaged any number of times. It is time that the Government here at the cen're gives serious thought to this problem and devise ways and means to give protection to the cro es of people living on the

coast line from cyclone havoc. Inspite of all precautionary steps taken by the Government, if the people are to suffer from such a natural calamity, immediate relief measures should be undertaken by the Centre.

Before I conclude, I would suggest that such problems should be approached on human considerations and definitely not on political plane. So far as the question of sufferings of common people is concerned, the sole criterion for the Centre should be humanitarian consideration and nothing else.

SHRI KUMAR MAJHI (Keonjhar :
Spoke in Oriya.

SHRI SURENDRA MOHANTY : He is speaking in Oriya. There should be arrangements for translation. Kindly convey this to the Speaker.

MR. CHAIRMAN : That is for the future. He has given notice in writing. So he is allowed to speak.

**SHRI KUMAR MAJHI : Mr. Deputy-Speaker Sir, I would like to tell a few words, about petiable conditions of the people, who have been the victims of the recent cyclone in Orissa. All of us know that, this devastating cyclone, accompanied with heavy down pours, and the tidal waves, wrought havoc on lakhs of people, cattle, houses, roads, ambankments, crops etc. The figures of all the damages are not yet known conclusively. The figures of the State Government are, I, believe, Sir, not revealing the true picture of the loss, particularly in respect of loss to private property. The utensils, the food grains personal effects etc. of the villagers have not at all been included in the calculation of loss. Loss of these, together with the collapse, of the cottage like houses of the poorer people, is, to my mind, unbearable on their part. It is very difficult for them to recoup this loss in some years to come. Even so, the State Government is not taking these, into account for estimation of the magnitude of the suffering of the poorer people day by day the figures of human and cattle casualties went on increasing. Even

**The original speech was delivered in Oriya.

[Shri Kumar Majhi]

now, dreadful reports from interior parts of my State are coming with shocks to us. Here again I would like to speak Sir, that the State Government has failed in assessing the damages as soon as it should have been.

In my constituency, Sir, the entire Ananda Sub-division and a part of the Sadar Sub-division in Keonjhar district and the entire Sukinda Assembly constituency have been very badly affected. You know Sir, my constituency is a tribal belt you also know, Sir, the economic condition of the Adibasi people who, do not get a square meal in each day of a year. What a suffering, the cyclone has caused to them, is beyond one's imagination. I would say, in a nutshell, that the recent cyclone, has broken the back boon of the people of my constituency.

Speaker Sir, due to the recent cyclone more than three lakhs of people in Keonjhar district and more than one and half lakhs from Sakinda Assembly constituency in Cuttack district which are under my constituency have been very badly affected. The nature has made the people of these areas a target of its vagaries. It will surely not be irrelevant, Sir, to point out that the people of my constituency are suffering calamities every year either from cyclone or from drought or from flood. In the years 1965-66, 1967, 68, 1969-70 there were heavy flood and prolonged drought. Every year witnesses such natural calamities of one kind or the other I would not like to take time of this House by narrating the past sufferings of the people of my constituency. But I would certainly like to impress on you Sir, that nature has been unkind to the people of my area.

Sir, the Government on the other hand is callous in respect of development of my area. You know, Sir, my constituency is rich in mineral sources and other deposits, but the people are poorest. The State Government has not given full relief to them. Even the scanty relief extended, to these people, were not properly distributed. I would invite and welcome every one of this house to visit my area and see what suffering the people are undergoing. The State Government has stopped the emergent relief measures. Now, the yesterday's relieved has become a today's distressed

due to stoppage of free distribution of succour, I do not like to press that succour should be given always to the people of my constituency. But I believe you will agree that these poor people, especially the infirm and the disabled cannot survive unless succour is given, for some times more, at least till they reap a crop.

Speaker Sir, the people have lost all their assets. They are now asking to each other one question, that is, how to survive. This question has, at its behind, the strong will force. to build up the area for their upliftment. It would be prudent to provide them, means to develop the region. The poor people of a rich area with their strong will force will never fail to come up to the expectations. I would therefore suggest that immediate step should be taken to establish a Nickel plant in Sukinda Mines area for Industrial development, to take up the Bhimkund Dam Project for irrigation facilities and to construct Fakirpur-Nuagoan embankment along the banks of the Baitarani river for protection from flood. These schemes will help both the educated and uneducated victims of nature to survive and to feel that they are not neglected by their brethren in other parts of the country.

श्री भारत सिंह चौहान (धार) : सभापति महोदय, उड़ीसा के तूफान, समुद्रीय तूफान को लेकर जो भारी नुकसान हुआ है, जनहानि हुई है और कई गांव बह गए हैं, और उस सब का जो एक दर्द भरा दृश्य यहां पर खींचा गया है, वह राष्ट्र के लिए एक बहुत ही लज्जाजनक बात है और खास कर शासन के लिए एक बहुत ही बदनामी का बायस है, इस में कोई दो रायें नहीं हो सकती हैं। जहां तक समुद्री तूफान का सम्बन्ध है केन्द्रीय सरकार और शासन का यह फर्ज और कर्तव्य था कि मौसम के दफ्तर को ज़रिम तरह से सक्षमता का परिचय उसने दिया है, जिस तरह से वहां काम करना चाहिये था उसको, वह काम उमने नहीं किया है। यह बात भी यहां वाद विवाद में स्पष्ट हो गई है। यह साफ जाहिर होता है कि जो वर्तमान केन्द्रीय सरकार है वह भारत की रक्षा करने के काम में, जनता की रक्षा करने के काम में और राहत के

काम करने में बिल्कुल निष्कामी साबित हुई है। शासकीय दल की ओर से, केन्द्रीय सरकार से कहा जाता है कि वहाँ की सरकार ने मांग नहीं भेजी, ब्योरा नहीं भेजा। यह रैंड टेप की बात हुई। लेकिन जो भारत सरकार का मुख्य—कर्त्तव्य था उसका उसने निर्वाह नहीं किया। मैं बता चुका हूँ कि मौसम के दफ्तर को जिस तरह से सक्षम और एफिशेंट बनना चाहिये था वह नहीं बना। बीस बाईस सालों में सरकार को जिस तरह से देश को मजबूत बनाने के लिए तथा इस तरह की विपत्तियों से उसकी रक्षा करने के उपाय करने चाहिये थे वे उसने नहीं किये। राहत पहुँचाना भी कोई नई बात नहीं है। समुद्री तूफान तथा बाढ़ें समय समय पर आती रहीं हैं। इनसे नुकसान भी होता रहा है। लेकिन हम अनुभव करते हैं कि जो केन्द्रीय सरकार की जिम्मेदारियाँ थीं कि आधुनिक यंत्रों की सहायता से जन धन की हानि होने से बचाएँ, उनका उसने पालन नहीं किया। जिस तरह से जो नुकसान हुआ है उसका नकशा यहां खींचा गया है उसको देखते हुए मुझे ऐसा लगता कि इन चौबीस सालों में केन्द्रीय सरकार को जिन आधुनिक यंत्रों की स्थापना करनी चाहिए थी, उनकी स्थापना न करके बड़ी भूल की है। समय पर लोगों को तूफान आने की सूचना नहीं दी गई। पिछले वर्षों के इतिहास को आप देखें। बंगाल की खाड़ी का समुद्र आज से नहीं हमेशा से ही भयंकर और उग्र रूप धारण करता रहा है। इस बास्ते बहुत पहले से ऐसे उपाय करने चाहिए थे ताकि समय समय पर होने वाले नुकसान से बचा जा सके।

मेरा अनुभव यह है कि 21 साल में जो भी काम सरकार ने किए हैं मानवता, रक्षा या राहत के नाम पर, उन में उस ने राजनीतिक बातें घुसेड़ी हैं और आज भी हम यही देख रहे हैं। अभी ट्रेजरी बैचिज की तरफ से कहा गया है कि जैसे जैसे वहाँ से राहत के लिए मांग आयेगी, वैसे-वैसे मदद देंगे। वहाँ पर प्रधान मंत्री और अन्य मंत्री गये हैं। एक स्टडी टीम

भी वहाँ गई है। लेकिन जिस ढंग से वहाँ पर हुई हानि का एसेसमेंट किया गया है और जिस तरह से सहायता पहुँचाई गई है, उसको देखकर ताज्जुब होता है। बंगला देश से जो एक करोड़ शरणार्थी आये हैं, उनकी मेनटेनेन्स के लिए तीन करोड़ रुपया प्रतिदिन खर्च किया जा रहा है। लेकिन अपने ही जिन भाइयों पर मुसीबत आई है, उनकी मदद ऐसे की जा रही है, जैसे समुद्र में पानी की एक बूंद डाली क्या जाये। यह इस बात का प्रत्यक्ष प्रमाण नहीं है कि केन्द्रीय सरकार इस बारे में भी अपने कुछ राजनैतिक स्वार्थ को सामने रख रही है। जिस तरह से सरकार ने मानवता के नाम पर शरणार्थियों का मामला लटका रखा है, उसी तरह से वह इस समस्या के सम्बन्ध में भी राजनैतिक बातों को ला कर देश का सत्यानाश करने पर तुली हुई है।

प्रश्न यह है कि जब और देश रैंडार आदि आधुनिक उपकरणों के सम्बन्ध में इतना आगे बढ़ गये हैं, तो क्या कारण है कि हमारे देश ने इस बारे में कोई प्रगति नहीं की है। यह कितने खेद की बात है कि उड़ीसा के तटीय क्षेत्रों की साइक्लोन से रक्षा के लिए हमें हालैंड जैसे छोटे देश से सहायता और सलाह लेनी पड़ रही है। यह इस बात का सबूत है कि हमारी साइंस और टेक्नालोजी कितनी पिछड़ी हुई है। इसकी जिम्मेदारी हमारे शासन पर है।

मानवता के नाम पर बड़ी-बड़ी बातें की जाती हैं, लेकिन हम हमेशा देखते आये हैं कि विपत्तिग्रस्त लोगों को राहत पहुँचाने का कार्य केवल चुनाव के समय किया जाता है और उससे पहले उसकी सर्वथा उपेक्षा की जाती है।

उड़ीसा एक आदिवासी प्रान्त है। वहाँ पर इतनी भारी विपत्ति आई है कि बीस हजार आदमी साइक्लोन में मारे गये हैं और पचास लाख बेघरबार हो गये हैं। वहाँ के लोगों की हमदर्दी प्राप्त करने के लिए सरकार को पूरी सहायता देनी चाहिए, लेकिन वह ऐसी बातें

[श्री भारगसिंह चौहान]

कर के अपनी अक्षमता का उदाहरण पेश कर रही है कि वहाँ एक स्टडी टीम गई है, उसकी रिपोर्ट आयेगी, आदि मेरे पूर्व वक्ताओं ने जो कुछ कहा है, उससे यह साफ जाहिर है कि इस राष्ट्रीय संकट में भी राजनीति को इनवाल्ब किया जा रहा है। मैं आप के माध्यम से कहना चाहता हूँ कि गहन कार्यों और पुनर्वास के सम्बन्ध में प्रकाशन में जो अक्षमता व्याप्त है, उस को समाप्त किया जाये और एक पक्ष-पात्ररहित ढंग से इस प्रकार की राष्ट्रीय विपत्तियों का मुकाबला किया जाये।

आज जब कि देश के एक भाग में इतनी बड़ी विपत्ति आई है, क्या सरकार ने राष्ट्र में वह टैम्पो, वह वातावरण पैदा किया है, जिस से सब लोग इस विपत्ति का मुकाबला करने में अपना योगदान करें? हमने पहले देखा है कि भूकम्प आदि देवी विपत्तियों के समय मारे राष्ट्र में एक सहानुभूति का वातावरण पैदा कर दिया जाता था, जिसमें देश का बच्चा बच्चा मदद करने के लिए तत्पर हो जाता था। लेकिन इस अवसर पर सरकार ऐसा वातावरण पैदा करने में कम्पलीटली फेल हुई है।

श्री अनादि चरण दास (जाजपुर) : मन्त्र-पति महोदय, इस सदन में उड़ीसा का अनुवाद करने की व्यवस्था नहीं है और माननीय सदस्य उसको नहीं समझ सकते हैं, इस लिए मैं हिन्दी में बोलने का प्रयत्न करूँगा।

साइक्लोन के कारण उड़ीसा में कितनी क्षति हुई है, उसके बारे में मेरे दोस्तों ने बहुत कुछ कहा है। समाचारपत्रों में भी उसका काफी विवरण प्रकाशित हुआ है। उड़ीसा सरकार ने रिलीफ के सम्बन्ध में जो काम किया है, मुझे वह बताने की जरूरत नहीं है। उसने कुछ ऐसे काम किये हैं, जिनसे उनकी बदनामी हुई है। लोग कहते हैं कि उड़ीसा के लोगों की सहायता पहुंचाना सरकार का उत्तरदायित्व है और उसको वह काम करना चाहिए। उसने वह काम किया भी है, लेकिन उसमें कुछ

कमियाँ हैं।

यह भी कहा जाता है कि सहायता के लिए जो चावल या अन्य सामग्री भेजी जाती है, उसको बीच के लोग खा जाते हैं। कौन खा जते हैं? पूंजीपति और कोई-कोई सरपंच और बोर्ड मेम्बर। ऐसे लोग सब पार्टियों में होते हैं। कोई राज-नैतिक लोग उसको नहीं खाते हैं। इसलिए यह कहना गलत है कि राजनैतिक लोग उसको खा जाते हैं। वास्तव में यह कहना चाहिए कि जिस ढंग से सहायता-कार्य किया जाना चाहिए, वे उसको नहीं कर पाते हैं। इस कारण वहाँ की जनता बड़े दुख और कष्ट का सामना कर रही है।

जो होना था, सो हो गया। जो लोग मर गए, उनके बारे में तो कुछ नहीं किया जा सकता है। लेकिन जो जिन्दा हैं, वे बहुत कष्ट में हैं। इसलिये उन लोगों की पूरी सहायता की जानी चाहिए।

कटक, बालासोर और पुरी जिलों को ग्रैनरी आफ उड़ीसा कहा जाता है। वहाँ पर जो धान पैदा होता है, वह बंगाल और दूसरे प्रान्तों को भेजा जाता है। पिछले तीन चार सालों में इस इलाके में काफी बड़े पैमाने पर बाढ़ आई है, जिसकी वजह से वहाँ ज्यादा पैदावार नहीं हो सकी है। इस साल वहाँ पर बहुत अच्छी पैदावार होनी थी। लेकिन साइ-कलोन की वजह से सब कुछ बर्बाद हो गया है। वहाँ के लोगों के सामने समस्या है कि वे क्या खायें।

कोस्टल एरिया में ज्यादातर हरिजन और आदिवासी लोग रहते हैं। वे दस लाख से ज्यादा लोग हैं। वे लोग गांवों से बाहर रहते हैं। उसके घर छोटे छोटे होते हैं, जिनके आस-पास पेड़ वगैरह नहीं होते हैं। इसलिए उनके 97 परसेंट घर बिल्कुल समतल हो गए हैं। आज वे लगे बहुत कष्ट में हैं। उनके लिए रिलीफ का जो सामान भेजा गया है, वह

उनको नहीं मिलता है। गांवों के बड़े-बड़े लोग, कास्तकार, उसको ले जाते हैं। उन लोगों को न काम मिलता है और न खाने के लिए चावल मिलता है। कोई भी देखने वाला नहीं है। जिन हरिजनों के घर गिर गए हैं और जिनके पास जमीन नहीं है, वे उस क्षेत्र में नहीं रहना चाहते हैं, क्योंकि वहां पर हर साल फलड और साइक्लोन आते रहते हैं। मेरे पास कम से कम पांच सौ दरख्वास्तें आई हैं कि सरकार को कहा जाए कि उन लोगों को किसी दूसरी जगह बसाया जाए। इसलिए सरकार से मेरी अपील है कि करीब पांच लाख हरिजन लोगों को किसी दूसरे जिले में बसा दिया जाये, जहां जमीन ऐबेलेबल है, अच्छी जगह है, जंगल का एरिया है।

हमने देखा और सरकार से बात भी की। सरकार ने कहा कि हम जगह देने के लिए तैयार हैं। लेकिन तुम पैसे का प्रबंध करो। इस समय तो उनके घर चले गए हैं। यह एक मौका मिला है। कम से कम सरकार कुछ पैसा देगी तो उनको वहां बसाया जा सकता है, जैसे कोरापुट है, धनकानाल है, सम्बलपुर, क्योंकि, वलंगीर और कालाहांडी वगैरह में बहुत जमीन अबेलेबल है जहां उनको सेंटिल किया जा सकता है, मेरा ख्याल है कि सरकार इस काम को करेगी तो इससे हरिजनों का बहुत भला होगा।

मनी लेंडर्स लोग वहां जा कर आज बैठ गए हैं। जिसके पास कुछ बर्तन वगैरह थे उनको वह बहुत कम पैसे में उनसे खरीद लेते हैं और फिर बहुत ज्यादा ब्याज लेकर पैसा देते हैं। इस समय जितना नुकसान वहां हुआ है उतना 25 सालों में भी नहीं जुट सकता है। ऐसे समय में 50 प्रतिशत से लेकर शत प्रतिशत तक ब्याज वह ले रहे हैं। तो कम से कम केन्द्रीय सरकार को इसके लिए कुछ करना चाहिए और मनी-लेंडर्स को वहां पर बैं बनाना चाहिए। यह बैं होंगे तभी उनको राहत मिलेगी। इसके साथ-साथ जो केन्द्रीय सरकार के राष्ट्रीयकरण वाले

बैंक हैं उनको वहां पर खड़े हो जाना चाहिए। जिसके पास जमीन या और कोई दौलत ऐसी हो वह उनको देकर उनसे लोन वह ले सकते हैं।

मेरी एक और अपील है अभी हमने सुना और पेपर में देखा कि वहां कालरा फैल रहा है। सिर्फ कालरा ही नहीं और दूसरी-दूसरी बीमारियां भी फैल रही हैं क्योंकि जब खाना नहीं मिलता है, पेट खाली है तो बहुत सी बीमारी आ जाती है। सरकार को इस ओर ध्यान देना चाहिए और इसके लिए कुछ करना चाहिए।

वहां की जमीन बहुत अच्छी जमीन है। पानी भी बहुत नजदीक है। बहुत जगह नदी है, बहुत जगह कैनाल है, तो सरकार से मेरा कहना है कि कम से कम पानी उनको मुफ्त दे दें और सीड्स और मैन्योर सबसिडाइज्ड रेट में उन्हें लोन के रूप में दिया जाय, उससे जिसके पास जमीन है वह कुछ न कुछ पैदा कर सकेगा। यह मेरी एक अपील है।

इसके साथ-साथ मेरी एक मांग और है। पहले 3 रुपये डेली वेजेज थे। वह अब एक रुपया कर दिया गया है। तो इससे कैसे वह जिन्दा रहेंगे? वह बेचारे गरीब और भूमिहीन लोग हैं जिनके पास कुछ भी नहीं है। आज वह बड़ी मुसीबत में पड़े हैं। इसलिए उनको कहा जाना चाहिए और कोई कानून बनाकर कहना चाहिए कि 3 रुपये से कम मजदूरी न दी जाय। यह उड़ीसा सरकार का काम है। उड़ीसा सरकार को केन्द्रीय सरकार को सलाह देनी चाहिए कि 3 रुपये से कम डेली वेजेज नहीं होने चाहिए। यह एक मेरा प्रस्ताव है।

अभी फलड एफेक्टिव एरियाज बहुत से हैं जहां टैस्ट रिलीफ का काम शुरू नहीं हुआ। सरकार क्या करती है कि टैंडर मांगती है और फिर कैंसिल करती है। वह ऐसे ही चलता रहता है। तो कम से कम जहां पर ग्राम पंचायत

[श्री अनादि चरणदास]

परिषदे हैं, ग्राम सभा परिषद है वहां पर छोटे छोटे काम तो शुरू कर देने चाहिए ताकि मौके पर कुछ पैसा पहुँचे और वह खर्चा करके अपना काम चला सकें।

इसके अलावा हर एक पंचायत में दो तीन राशन शाप्स खोली जायें। लेकिन सरकार कुछ करती नहीं है। जब हम बोलते हैं तो कहा जाता है कि उसमें राजनैतिक फायदा उठाते हैं। राजनैतिक फायदा उसमें क्या है? चावल कोई राजनैतिक लोग खाते ही खाते हैं चावल सरकारी कर्मचारी सरपंच, ग्राम सभा के मेम्बर के जरिये बांटा जाता है और वहाँ के गरीब लोग खाते हैं। तो राजनैतिक आदमी फायदा क्या उठाते हैं?

एक बात और अंत में कहना चाहता हूँ। बहुत सी जगहों को अभी तक साइक्लोन एफेक्टेड एरिया नहीं माना है जैसे जाजपुर का दशरथपुर ब्लॉक। यह बिल्कुल कोस्टल एरिया है और वहाँ पर हमारे गाँव से 25 मील दूर तक समुद्र का पानी आया था। लेकिन अब तक उसको साइक्लोन एफेक्टेड घोषित नहीं किया गया है। मेरी प्रार्थना है कि उसे साइक्लोन एफेक्टेड एरिया घोषित किया जाय और जैसे दूसरे लोगों को रिलीफ दी जाती है। वैसे ही हमें भी देनी चाहिए।

SHRI SAMAR GUHA (Contai) : Sir, on behalf of the Socialist Party I express my deep sympathy for the cyclone victims in Orissa. I also convey, through you, my sincere condolences to the people who have lost their near and dear ones.

I should say I have a direct involvement in this catastrophe for the reason that my constituency is closest to Orissa and is in the coastal belt of the cyclone.

17.36 hrs.

[MR. SPEAKER in the Chair]

Although the casualties have not been very many, there has been destruction of hundreds of thousands of houses. Rece-

ntly, my constituency, Contai, was affected by floods. The rest of the harvest was devastated completely by the cyclone particularly in the Ramnagar area.

A few lakhs of people of the Contai area not only go every year but settle there. They are the main cultivators of Cuttack, Balasore and other areas. Thousands of people from my constituency have lost their lives. They have not only lost their lives but their harvest also. So many thousands of refugees who had settled there have also lost. It has become not only a calamity for Orissa but a national calamity, a calamity for all.

Instead of lamenting over what happened due to nature's fury, we have to see what are the problems before us. The Problems are twofold : firstly, future protection, and secondly, the question of rehabilitation.

About future protection, although Shri Jyotirmoy Bosu very eloquently said that it is possible now-a-days in the days of advanced technology to reduce the speed of the gathering storm, I think, technology has not advanced so much that it is possible to diffuse the fury of an advancing cyclone but it is possible to get to know quite in advance the nature and the speed of the gathering storm through the photographs and other things that we get through satellites. I do not know whether the Irrigation Ministry or the new Ministry of Science and Technology have developed this just to get an idea in advance about where the storm is gathering, what is the speed and what is its direction, Have they got that to give that fact to our Meteorological Department? That is absolutely essential.

I know, it is not an urban area where by the siren system we can give a warning. That is not possible. But it is not unknown that there are certain areas and certain times where and when people become victims of cyclone. It is during the monsoon and the locations are Orissa and the coastal belt of West Bengal and part of 24-Parganas. Every year these areas are frequented by different degrees of cyclone. Therefore, it is possible to locate the areas and specify the time that certain areas at certain

times are likely to be vulnerable to cyclone.

Now-a-days in every police station we have radio receivers and transmitters. It is possible to give a warning through important post offices. Or, of course, we may not save people or their property or harvest from the fury of the cyclone but it is possible to save lives if we can give a warning in time. That warning system can be devised through police stations, post offices and others.

I would make a request to the Minister—the Planning Minister was sitting here but now he is not there—that it is high time that a cell should be immediately constituted in the Planning Ministry to study the problem of cyclones, to locate the areas and also to fix the time, and to make a report to the Irrigation Ministry or the ministry concerned, so that certain precautionary measures can be taken. You can have long dykes along the sea coast. Also, certain precyclone warning arrangements can be made so that, in future, the people can be saved by giving warnings in time. That should be studied by some cell, by the science and technology department of the Planning Commission. I think, the Irrigation Ministry should make that suggestion to the Planning Commission.

Coming to rehabilitation, what are the problems? Firstly, you have to give immediate relief to the people. Secondly, you have to undertake the reconstruction of houses, schools and other Government buildings that have been damaged. The tubewells have also been lost. Thirdly, many harvests which were ripe have been lost. Fourthly, due to salinity, all the cultivable land has been lost. All these problems are there. The tubewells have to be dug, the houses have to be reconstructed and all that.

My apprehension is this. In my constituency, there have been three floods in the last five years. I know the way in which the Central teams work. I have a bitter experience of them. They have no sense of urgency. They do not do things promptly. The things should be done promptly when there is a natural calamity. In

view of the sufferings of the people, the things should be expedited. But that is not done. They take months and months. A recommendation is made from the Centre, a recommendation goes there and things are implemented when the sufferings of the people not only accumulate but they reach a point of, I should say, outburst. That is what is happening. This time also, during the flood and cyclone that has happened.

About reclamation, I do not say that it is very easy to de-saline those devastated areas affected with salinity. It is not so easy. But there are methods by which it can be washed out.

Then, as I said, you can have long dykes along the sea coast to prevent such a natural calamity.

Also, on many places, harvests which were ripe have been lost. There, an alternative crop can be tried and cultivated. That question has to be given immediate attention. Otherwise, there is bound to be famine in that limited area.

There is the question of giving loans, giving fertilisers, seeds, etc. It is not only that. The people are also to be educated about it. Unfortunately, in Orissa and in West Bengal, the people are not educated how to develop an alternative crop. Not only the facilities of fertilisers, seeds, agricultural loans should be given immediately but certain teams should be sent to those areas to educate the people how to develop an alternative crop.

Lastly, I have only one sad comment to make. Even in such a natural calamity, there is a lot of political controversy between different parties. It is a sad commentary on the character of the nation. Can we not rise above petty party considerations when the nature blasts us, when there is devastation by the fury of nature. How can you look at the partisan point of view? I find my congress friends, because their Government is not there, are accusing the State Government and those people who are running the State Government are trying to put the blame on the Central Government. It is a sad commentary on the character of

[Shri Samar Guha]

this nation. We should give up this attitude in the face of natural calamity. We shall have to develop a national perspective. Unless you develop a national perspective, I do not know how we can meet such a national crisis that we are facing today.

I have only one word to say to the hon. Minister that he may please expedite the recommendations of the Central team and see that those recommendations are implemented quickly.

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : Mr. Speaker Sir, I am most thankful to the hon. Members for the very restraint way in which they have participated in this discussion because on an occasion like this, naturally, the tempers would have risen because of the colossal loss of innocent lives. Unfortunately, there has been a strain of distrust, as the last speaker, Shri Samar Guha, said about it. Unfortunately, that has been so.

If that was avoided, Probably, hon. Members, I am sure, would have given a much more valuable suggestion and the Government would have been in a much better position for taking up further action. For example, some hon. Member accused the Prime Minister of not bothering about the sufferings of the people in the cyclone. I may submit that on this occasion the Prime Minister was most anxious about these occurrences.

Though she was far away engaged on the very difficult task of our country, she was so agitated that she was in constant touch with the Government of India and trying to find information about Orissa. Similarly, we should be grateful to the Finance Minister, hon. Mr. Chavan, for having rushed to the spot at a time when, as soon as he heard about the cyclone, he rushed. So, I don't think there is any necessity for accusing either the Central or the State Government. Similarly, I find that some statements have been made about the State Government.

As far as I have moved with them, I find there is absolutely no difference between the two Governments. They are

working together. It is only in the hon. Members that I find that they have got some differences and gave expression to them on this occasion. As hon. Prof Samar Guha said, I will rather avoid it on this occasion. It is a very unfortunate occasion. It is a national disaster. There is no question about it. It is not confined to Orissa. The problem has to be viewed in that light.

I will give a small trouble to the hon. Members. I would like to explain a few points of importance in this connection. So I want to submit a big detail. Regarding the occurrence of cyclone, cyclone is a very complicated phenomenon on which man has not obtained any control so far. It just moves at the rate of ten miles an hour. It has got an eye, the central core where absolute calm prevails. Around it the wind blows on at the rate of 50 miles or 60 miles or 100 miles an hour. The greater the velocity of the wind, the greater the disaster. At the present moment, as hon. Mr. Jyotirmoy Bosu said, they used to depend on the ship's warning. Unfortunately, the ships are now going away. They have got much better equipment and as soon as they find some cyclone coming, they just avoid that area. So, we do not have that source of information. The Indian Meteorological Department which is really a good one and probably it is one of the best in the world, are trying to do their best to forecast the occurrence of these cyclones. Unfortunately, in the Bay of Bengal, these cyclones start every year in April-May and more so in October-November from the Andaman Islands which is the breeding place. From there they go on into the Bay, one after another and all command the longitude of 9.° east. Round that line they travel for a while. Then suddenly they take a turn east or west. That is one peculiarity about these cyclones. You can never say unless you constantly watch them, in what direction it would move, whether it would go east or west. That turn occurs in the last 48 hours and that is what has happened here and for detecting this, the only information we have got at the moment is the one satellite set up by the United States. It goes over India every day between 10 and 11 O'clock in the morning. Then it radiates out

photographs and we have got equipment. I am very glad our Meteorological Department has manufactured an equipment by which they take simultaneously the photographs which are omitted by the Satellite and at all the places like Bombay, Calcutta, Madras and Delhi. That is the only information we get now. That comes, unfortunately, at 10 O'clock.

On the 28th they had this at 10 O'clock and then cyclone was right at the longitude of 90° East. It might move this way or that way. Next day also they got the photograph at 10. When they got it, it has already gone to the west and from then, the Meteorological Department thought that it was going to Contai our hon. Prof. Samar Guha's place because that was the indication they had at that time because they had to look into one photograph, but actually it took a turn and hit Paradip, a distance of 130 miles from Contai.

There has been the warning. The Meteorological Department gave the warning. The Collectors and the Chief Secretary were warned and the radio also announced it but they said that there was going to be a cyclone and depression on the East Coast of Orissa. That is the information they gave. In fact, when I went to the villages, I asked them about it. The unfortunate thing is this. The places where the largest amount of tragedy has occurred have been in Jambu island, Satbhaya area, Rajnagar area, and Gomai and they were absolutely inaccessible spots. There were huge creeks, waterways around, no road in that area. They were almost death-traps. There is no wireless, no telephone, nothing. So, even with regard to warnings also, even if they had been transmitted, they could not have reached them but they could get the warning through the transistor radios. I asked one of those people: "Have you not got any transistor? Why cannot you take the warning and run away from this place?" They said: "Well, Sir, this kind of warning comes very often; and we did not take notice of it." The Meteorological Department could not do anything better, because they have only one photograph to go by. They said the cyclone was going to hit Contai and therefore precautions have to be taken. Also they could not get from the

photograph the velocity of the cyclone. Therefore, want of the equipment was responsible for not getting the precise warning. The hon. Member rightly asked about the radar. In 1969 there was the worst disaster in Andhra. In 1970 it occurred in East Pakistan. In 1971 it came here. It is moving this side and that side. Even this year, the October 29th and 30th one is towards the east, on October 5, it went to Chittagong. It was going this way and that way.

At that time we realised the importance of the radar. With the radar we can see upto a distance of 250 miles. Upto 250 miles you can take a view of the cyclone, in what direction it is coming and from this some expert can say whether it is the violent one or the other one. That is a very limited data but information can be given out with regard to how it is coming etc. provided the picture is within a distance of 250 miles.

The Meteorological Department decided to set up a series of radars all along the coast, more on the east coast of India and some on the West coast of India, because there also cyclones occur but not so severe, in the Arabian sea. The purchase of radars was sanctioned and they were all to be of indigenous manufacture; they were all to be manufactured by the Bangalore indigenous manufacturing concern. But unfortunately there was delay; there has not been delivery, with the result that one old radar obtained in 1961, was set up at Vizag. The Meteorological Department thought that the supply was taking a long time and so they wanted to buy from outside. The department took some time to sort the foreign exchange credit, where they can get from etc. Naturally by the time all this was done, considerable time elapsed it is rather unfortunate; I myself feel that we should have been much more quicker than this, we should not have taken 2 years. Tenders have been called for three of the radars, the one at Calcutta, the other at Paradeep and the other one at Madras. Opening of tender is tomorrow. Before next monsoon they will see that these radars are installed. Whatever it is, I may say, I am not satisfied. There has been some delay in this matter and it is really regrettable.

SHRI P. K. DEO : I want to know whether these frequent occurrences of cyclone are not due to the nuclear underground blasts.

DR. K. L. RAO : I have not gone into that subject and I won't be able to say that.

But generally, the east coast of India has been subject to cyclones every year. This has been so from the very ancient times. Actually, the worst cyclone like this occurred at the same point, that is, exactly where it has occurred this time, in 1885 also.

Now, the question is this. What shall we do about this ? The radars will give the picture of the cyclone located at 250 miles. They cannot give the picture of the cyclone beyond that. What can we do about it then ? Science has advanced so much and there are other methods available. The cyclones start east of the Andamans. We must be able to know what is happening beyond 250 miles also. In order to track it down, there is another device now, namely the geo-stationary satellite. This moves parallel to the earth, so that it is always stationary and it takes continuous photographs throughout the day, every 20 minutes or so. But then this geo-stationary satellite costs a bit high. It costs about 20 million dollars for the machinery only; then, its launching would cost another 6 million dollars, and the photographing equipment etc. would cost another 6 million dollars. So, it is a very costly one. The USA has already set up two such, one for the Atlantic and another for the Pacific. But they have left out this middle portion.

Now, France and Japan are coming forward to set up another two satellites, so that there could be a continuous map of the whole world right through the day, every second. Japan is setting one satellite in which we are interested because their satellite would cover our area, and Japan has offered to launch this satellite. Of course, they are asking for financial participation. Australia and we and Japan have got to share. But it is one of the devices which will help us to know everything about the cyclone. We can just spot the cyclone

and a continuous watch can be kept. Therefore, this device will be a very important and useful one.

There is also another device, namely the aircraft reconnaissance device. It is a special type of aircraft carrier fitted with equipment etc. The aircraft goes inside the eye, and then comes up and gives information about the temperature and everything else inside. In this way, we can get complete information about the inside and what is happening there. It will be able to measure the temperature, velocity and then radio and the whole data. A very good example of it functioning we had in regard to the November 5th cyclone. From the photographs of the satellite on November 4th, it was predicted that the cyclone was going to hit Orissa. But it just happened that a few hours after, in the early hours of 5th the weather reconnaissance aircraft which happened to be in the area, went in to the eye and measured the data and supplied all those data by radioing them to Delhi and Calcutta. From that, we could find out that it was not going to hit Orissa but it was going to hit south of Chittagong. Therefore, this weather reconnaissance aircraft is a very useful thing.

Actually, this matter was taken up last year itself. In the interests of science, some of the foreign countries are also offering to give us the measuring equipment. But then we must have a very strong aeroplane, some supercortellation and not the small Dakotas for this purpose, because the aircraft has to go through the cyclone and then come out. We are trying to get one aircraft.

But, unfortunately, the rush on the finances of India is so much on all the sectors, that there is some delay in these matters and priorities are not fixed up for this equipment. However, I am certain that we shall be having the radar for Paradip.

There is, however, another trouble, and that is, that these radar units must be backed up by good communications, because the wireless, the phones etc. get cut off just at that time. Therefore, we must have strong cable system or microwave

system, something which will not fail in spite of all difficulties, and information could be conveyed. For instance, on this occasion, Paradip was completely cut off. If only Calcutta had the information from Paradip just a few hours before, they would have been able to predict it much better, but Paradip was completely cut off and there was no information available from Paradip, because the wires were cut off. Therefore, I have requested my colleague the hon. Minister of Communications to look into this and try to develop the system cables or microwave communication so that these will be available in spite of every kind of trouble and they will be functioning.

In addition to the radar backed up by a good communication system the places that we want to protect must also have good communications by way of roads, and they must have boats etc. For example, in the Jambu Islands which Shri P.K. Deo had mentioned, there were so many creeks.

18 hus.

Suppose they had the warning, they could not have come out. There is no boat. I did not see any boat there. 40, 000 to 50,000 people collected there. There are deep creeks there. It is impossible to come out, unless you have boats and the necessary road communications. Without these you cannot save the people. It is almost a kind of trap. Therefore, the communications are a very important factor. You must have road communications and wireless communication. You must have a radar. All these equipments are necessary for a precise warning. Then only you can save the people affected. If in spite of all these, the department had failed to convey the warning before hand, then you can find fault with it. Otherwise, it is not fair at the moment to find fault with the State Government or anybody for that matter.

Then if it had hit the Chilka lake, the position would have been much worse. There are so many islands there. One trouble with a cyclone is that if it hits water, it pushes up the water up considerably. Chilka contains a vast quantity of water and if it had hit it, all the islands would have got submerged and smothered. Therefore, it is very necessary for us to

take these precautions.

Then there are certain permanent measures to be taken. I have submitted in my statement that in addition to all these, you must have a high mound in every village. There must be a pucca building there so that if anything happens, the people could take shelter there. In this way 90 per cent of the affected people could be saved. This has occurred in densely populated areas because these are areas which are first class granaries for Calcutta and the Orissa coast. Now 10 per cent of the people died. With these precautions, we could have saved 90 per cent of the people who died.

We have requested the Orissa Government and they have kindly agreed to set up a Committee under the chairmanship of Dr. Khosla to go into all these aspects. We are trying to get some experts from Holland. In Holland, they have got this problem. In yesterday's papers you must have read that a big gale hit Netherlands and Scotland and a number of people died. Netherlands engineers are experts in this line. We have requested them to help. I am trying to get one or two engineers or experts. They will assist this Committee. They will go into the various aspects.

There was a suggestion made that there must be embankment all along. How far it will be helpful in Orissa has to be considered. In Orissa, the conditions are different. In the coastal areas, there is a huge quantity of water from the rivers and unless these are controlled, no such measure can help. In the case of Mahanadi, the waters are controlled by the Hirakund Dam. But in the case of Brahmini and Vaitarani, there are no such dams. So, we cannot stop the water. These are the problems to be solved.

This is why I have suggested that the Bhimkund and Rangali dams are of the utmost importance. They are a must both for controlling flood and tidal waves. If the people have to live safely in this area, you must have these two dams.

Shri Jyotirmoy Bosu said that in America they have NADWARN system,

[Dr. K. L. Rao]

that is natural disaster warning system. He said we should have installed that here. That is exactly what we did. As soon as the Andhra cyclone occurred and disaster took place, we appointed a Cyclone Distress Mitigation Committee. It went thoroughly into the whole matter under the chairmanship of the Director General of Meteorology. They produced a very good report in March, 1971. It is a report that has won very high praise even from foreigners. They have gone into all details. They have related in detail what should be done, what precautions should be taken beforehand, during the cyclone and after the cyclone. Everything has been spelt out completely and nicely. This of course related to Andhra.

Immediately, I requested the Orissa Government to constitute another committee like this to go into the details. While the general principles are there, they must go into details with reference to the area concerned. They must go into each area and see how to deal with it. Chilka lake area, Mahanadi, the Puri area, and all along the coast including Balasore and other areas. The whole problem has to be discussed in detail. Similarly, in Calcutta from Midnapore right up to Sagar island and so on.

AN HON MEMBER : What is the name of that committee ?

DR. K. L. RAO : The Cyclone Distress Mitigation Committee. I will put a copy of this Report in the Library. The hon. Members can see it. It is a very useful one.

Also, the Indian Meteorological Department has prepared a large number of posters in Oriya, to make the people acquainted with cyclones. They have also brought out a film which is going to be shown. Now, I immediately appointed a committee with the concurrence of the Orissa Government to go into the cyclone in Orissa—the Cyclone Distress Committee of Orissa. Their report will be coming up in another two months. It will give all the details, what type of precautions are to be taken and what should be done, so that we can work out the details and the Government can take up

necessary steps.

We must be wise at least after the event. The unfortunate thing has happened. It was really an avoidable one. I agree. If only we had the equipment, the roads, the communication system, definitely, lives of most of the people, if not all, could have been saved.

Hon. Members have mentioned about relief and so on. You may say that it is all right that Parliament has discussed it and taken note of it. But what we must concentrate upon and what is most important is this. The people want to get drinking water because all their tubewells, all their sources of water, have been dislocated, and have become completely saline. Therefore, out of 7,000 wells they have got, only 2,800 or so are working. All the rest have gone. The State Government is trying to appoint a number of contractors to put in a number of tubewells for drinking water. Unfortunately, in the coastal area of Orissa, if you want to get drinking water, you must dig up to 500 or 600 feet. You cannot get water if you dig just 100 feet or so. Because it is a coastal area, unless you pierce through the various layers and go deep, you cannot get fresh water. It takes time. Meanwhile, by tanks and by other methods, you must supply water. When I had been there, I found people drinking some saline water, and the only request that they made was to give them drinking water. So, we must try to work out and try to attend to the work for giving them good drinking water.

Then about housing. About housing, I have suggested to the State Government to buy the materials like roofing materials, etc. They think that distribution of money is much easier and so the money should be distributed. I thought that is not good. I have even yesterday talked to the hon. Mr. Mullick and he sent me a telex message saying that it would be difficult to issue the material and that he would rather prefer distribution of money. We have found in Maharashtra at the time of the Koyana earthquake that the State Government there did a commendable work, and the people were asked to put in walls and

so on, and the Government gave them some building material, and that was done with very great success. I think something like that must be done here also.

Then, about clothing. The people have lost their clothing ; everything. So, drinking water, housing and clothing—these are very important. Added to that, there is need for food. My colleague has just gone out. He asked me to say that so far as food is concerned, whatever food they require to feed those people, will be given. There is no difficulty about food. About the distribution, we said it should be distributed freely. I told Mr. Mullick in the discussions, and as Mr. P.K. Deo also said, we must give them, food till we find an alternative employment for them, by which they can buy the materials. That is very important. So, this relief work must be started, and they have started some work. It has not picked up the momentum. There is plenty of work to be done in that area. If the people are engaged in the work, they can earn some money and with that money they can open fair price shops and also buy materials. So, there must be some method of giving them employment. Some hon. members said that this area is inhabited by the poorer sections of the society. It is all the more necessary that we should be very cautious in drawing up measures which are suited to the particular conditions.

With regard to money: I do not think there is any need to worry so much about it because there is certain formula. Government sends a Central team and that Central team gives its recommendations and it fixes an upper ceiling on the money that can be given. It is a matter of procedure. I do not think I have heard anything from the State Government that they were handicapped for want of money. In a matter like this I am sure the Government of India will definitely will give money. So far they have given only Rs. 5. crores. Naturally the Committee would come up with a higher figure. I think there has not been proper understanding of the problem, otherwise there would not have been this plea. So far as money is concerned, it may not be there for building dams. I would like to have money for building dams but they may not

give but so far as relief is concerned, so far as immediate resolution of the suffering of the people is concerned. I am certain that there is money and it will be given. There is no need to take any other view of the matter.

I am sorry I have taken more time. This is a national disaster and a national calamity and it is a matter for which we feel very sorry. The whole country is responsible for seeing that that particular part off the country is rehabilitated.

There were three substitute motions. So far as Mr. Bosu's motion is concerned where he wants to get the American system I have already explained that we have done that. The other one is about the failure of the Indian Meteorological Department. I had replied to that also. I request them to kindly withdraw those two substitute motions.

The third motion standing in the name of Shri Chintamani Panigrahi expresses the deep sympathy of this House for those who have lost their lives in the cyclone and to the entire people of Orissa in their present hours of suffering. I suggest that the hon. House may kindly adopt this motion.

MR. SPEAKER: I shall put to vote the substitute motions.

SHRI SURENDRA MOHANTY: I withdraw my motion.

MR. SPEAKER: Has the hon Member leave of the House to withdraw his motion?

SOME HON. MEMBERS: Yes.

The motion was, by leave, withdrawn.

MR. SPEAKER: I shall now Put to vote the motion of Shri Jyotirmoy Bosu.

The motion was put and negatived.

MR. SPEAKER: I shall now put to vote the motion of Shri Chintamani Panigrahi which the Minister has accepted. The

[Mr. Speaker]
question is:

'that for the original motion, the following be substituted, namely:-

"This House, having considered the situation arising out of the recent cyclone in Orissa, expresses its deep sympathy for all those who have lost their lives in the cyclone and to the entire people of Orissa in their present hour of sufferings."

The motion was adopted

MR. SPEAKER: The next item is that of Mr. Ghanshyam Oza.

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSAYAM OZA): I have already moved that the Bill be taken into consideration and two hours had been allotted to this Bill.

MR. SPEAKER: Let us take it up later on; we shall fix up some time.

BUSINESS ADVISORY COMMITTEE SIXTH REPORT

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND

TRANSPORT (SHRI RAJ BAHADUR) :
Sir, I beg to present the Sixth Report of the Business Advisory Committee.

MR. SPEAKER: That brings us to the end of the agenda. I hope all the Members from Orissa got time to speak. I am so happy that this very important matter has been discussed.

SHRI P.K. DEO: (Kalahanandi): May I know when the debate on foreign affairs is going to be held?

MR. SPEAKER: This is the second time you are raising it. I am not sure about the date. We may have it on the 29th.

SHRI RAJ BAHADUR : As I submitted before the Business Advisory Committee this evening, let us wait for a few days.

MR. SPEAKER: Yes. I have no idea just now when to fix it up.

18.16 hrs.

ORAL ANSWERS TO QUESTIONS

Suggestions by National Council of Applied Economic Research for Providing Jobs to Unemployed

+
*211. SHRI P. GANGADEB :
SHRI P. M. METHA :
DR. SANKATA PRASAD :

Will the Minister of PLANNING be pleased to state :

(a) whether Rs. 106 crores integrated programme to provide jobs to the unemployed and to launch in attack on poverty has been suggested by the National Council of Applied Economic Research ; and

(b) if so, whether Government have examined these suggestions ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). A statement is laid on the Table of the House.

Statement

Suggestions by National Council of Applied Economic Research for providing jobs to unemployed.

The National Council of Applied Economic Research has suggested an integrated programme, for the generation of additional employment opportunities through undertaking rural public works programme and through providing employment to the educated and trained people for a period in jobs which would strengthen the rural public works programme directly and generally raise the

The proposal envisages providing of employment to educated unemployed under well turned-out schemes for mapping out the country in terms of worthwhile public works projects. The scheme would provide employment to graduate engineers and diploma holders, who will do the initial surveys for road works, irrigation works, soil conservation etc. The proposal also envisages offering employment to one lakh of educated persons with general education such as graduates, intermediates and matriculates, mainly as teachers in village schools. The total financial requirements for the project are Rs. 31 crores for employment to educated unemployed and Rs. 75 crores for the rural works project.

The other suggestions made are : that these programmes should be integrated into the Plan and the cost of it met partly by economy in expenditure and partly by raising fresh resources. Restrictive practices inhibiting production should be removed. Adequate supply of raw materials should be assured.

Government have generally kept in view these considerations and have formulated various programmes under the Plan. Special programmes thus formulated include Small Farmers Development Agencies (Rs. 67.5 crores), Agencies for Marginal Farmers and Agricultural Labourers (Rs. 47.5 crores), Rural Works Programme (Rs. 100 crores), Dry Farming Programmes (Rs. 20 crores) and Area Development Schemes (Rs. 15 crores). In addition, the Crash Scheme for Rural Employment which has been taken up during the current year, is expected to provide employment for 1000 persons on an average in each District. A provision of Rs. 50 crores has been made in the budget for 1971-72 for this programme. A special provision has also been made in the Central Budget for 1971-72 for schemes specially designed to suit the educated unemployed, including engineers and technicians. The main programmes approved relate to : employment of teachers in the primary schools, rural engineering surveys,

assistance to entrepreneurs for setting up small scale industries, investigation of road works to be undertaken in the Fifth Plan, building up of design units for rural water supply and providing assistance to entrepreneurs for setting up of petrol dealerships. These programmes are expected to provide employment to a large number of teachers, engineers, diploma holders, draftsmen, graduates and matriculates besides semi-skilled and un-skilled workers.

SHRI P. GANGADEB : Has this Council suggested that if these programmes are super-imposed on the existing programmes of investments and expenditures its impact will be inflationary and, therefore, to ward off this danger they should be integrated in the Plan and not super-imposed on the plan? If that be so, whether the Government is considering to incorporate these schemes in the reappraisals of the Fourth Plan as well as in the annual plans of 1972-73?

SHRI MOHAN DHARIA : It is true that the Council has suggested that if these plans and programmes are to be accepted, the resources should be mobilised either through economy or through fresh taxation. At the same time, it has also suggested that they should be included in the Plan expenditure. While the Fourth Plan is now on appraisal we are considering these various schemes. At the same time, many of the schemes proposed by the Council are already accepted and under implementation as part of the Plan.

SHRI P. GANGADEB : Since there are more unemployed engineers in this country, and jobs are not available for them, may I know what steps Government are taking to induce these engineers to start their own industries in the villages?

SHRI MOHAN DHARIA : Along with the various plans and programmes now under implementation, the public finance institutions have now declared several schemes of liberal credit. Several facilities are being given by the Industrial Finance Corporations and the industrial development corporations to the young engineers.

SHRI P. GANGADEB : May I know whether the Government is also proposing to accord high priority to employment-oriented industries in this country?

SHRI MOHAN DHARIA : I have assured this House earlier that all schemes which are oriented and production-oriented are being given the highest priority.

SHRI P. M. METHTA : It is mentioned on page 2 of the statement :

"In addition, the Crash Schemes for Rural Employment, which has been taken up during the current year, is expected to provide employment for 1,000 persons on an average in each district. A provision of Rs. 50 crores has been made in the budget for 1971-72 for this programme."

I would like to know from the Minister how many persons have been given employment and what is the actual amount spent under this scheme for the purpose of employment. I would also like to know whether this employment is of a permanent or temporary nature.

SHRI MOHAN DHARIA : This crash programme for rural unemployment is of a permanent nature. It is not only Rs. 50 crores but Rs. 150 crores for the remaining period of the Fourth Plan has already been sanctioned. So far as the exact impact of these schemes is concerned, we are awaiting reports of appraisal of the Fourth Plan. I cannot say today what is the exact impact and how many persons are already employed

श्री हुकम चन्द कछवाय : क्या यह बात सही है कि इस परिषद् के द्वारा जो सुझाव दिया गया है, उसमें एक सुझाव यह भी है कि इस देश के अंदर देहात के क्षेत्र में बहुत बड़े पैमाने पर सड़कों का जाल बिछाया जाये, जिससे देहात की बेरोजगारी दूर हो और शहरों की बेरोजगारी को दूर करने के लिये बड़ी तादाद में मकान निर्माण करने का सुझाव दिया है? यदि हां, तो कितनी सड़कों का आप बिछाव करने वाले हैं और कितने मकान आप बनाने वाले हैं?

SHRI MOHAN DHARIA : It is true that they have proposed a massive scheme of road construction and house construction. All these schemes are under consideration. I cannot say exactly what would be the mileage of roads or the number of houses constructed.

श्री हुकम चन्द कछवाय : मकान कितने बनाने वाले हैं ?

श्री मोहन धारिया : वह मैंने कहा कि मैं इस समय नहीं बता सकता ।

श्री अबबेश चंद्र सिंह : क्या यह सही है कि इस योजना में जहां एक तरफ पढ़े लिखे लोगों को कोई रोजगार नहीं मिल रहा है, वहां दूसरी तरफ पढ़े लिखे लोग काम के लिये नहीं मिल रहे हैं, जिनके लिये कि यह योजना गांवों में चलाई जा रही है ?

SHRI MOHAN DHARIA : It is true that some of the educated people are not prepared to go to rural areas. But we have plans to give a lot of incentives so that they will go to the rural areas also.

SHRI RAJA KULKARNI : Have the NCAER studied the impact of modern technology on the structure of employment and the potential for creating further unemployment? Has it made any study of the impact of computers, for instance, on the problem of unemployment ?

MR. SPEAKER : He is enlarging the question.

SHRI RAJA KULKARNI : When NCAER is studying the impact of unemployment it should also consider those things which create unemployment.

SHRI MOHAN DHARIA : It is not under our control. But in any good work that is undertaken by it we will give our co-operation.

SHRI P. VENKATASUBBAIAH : While these programmes may be good and worthwhile, difficulties are created when it comes to the question of implementation because they are being frustrated by some bureaucrats and vested interests.

MR. SPEAKER : Let there be no introduction.

SHRI P. VENKATASUBBAIAH : May I know whether the Government propose to have a vigorous follow-up action by appointing a reviewing committee to see that these plans are implemented as per programme ?

SHRI MOHAN DHARIA : I entirely agree with the hon. Member that even when good schemes are sanctioned they are not properly implemented. Therefore, while reorienting the whole Plan we are insisting on certain monetary system whereby it would be possible not only to prepare plans but also to see that they are properly implemented.

SHRI DINEN BHATTACHARYYA : It is mentioned in this statement that a provision of Rs. 50 crores has been made in the budget for 1971-72 for this programme. Is it something different from the Crash Programme ? Secondly, if it is a special and separate sanction may I know whether it is a fact that in West Bengal a large number of half-educated and uneducated young people have been recruited in the police department out of this fund ?

SHRI MOHAN DHARIA : The main question is regarding the suggestions made by the NCAER. In the reply I have said that the scheme of this crash programme for rural employment opportunities with a provision of Rs. 50 crores is a Government scheme, sponsored by the Central Government, and it is made applicable to all the States. The plan submitted by the Council for employment is absolutely different from the schemes which are under implementation by the Government. However, it is true that many of the suggestions are already being executed by the Central and State Governments. So far as the other question is concerned, I am not in a position to say anything just now.

Establishment of T. V. Training Institute in Delhi

*212. **SHRI N. E. HORO :** Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the Television Training Institute has been established in Delhi by Government ; and

(b) if so, its training course and qualifications for trainees ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) A TV Training Wing is being

set up in the Film and TV Training Institute at Poona. Pending construction of buildings at Poona, arrangements for TV training have been made at Delhi.

(b) It provides post-entry and in-service training for different categories of personnel employed in TV stations.

SHRI N. E. HORO : I would like to know whether the Government are thinking of opening more T. V. training centres in other States also. If they do not have any programme at the moment, in view of the fact that T. V. is getting more popular and more technicians are needed so that the benefit of T. V. could be available to all the States, will they open T. V. training centres in other States also ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : The present training centre is sufficient for the T. V. stations we have in India. But as and when the need will arise, we will look into the matter.

Legislation to curb role of foreign money

***215. SHRI RANA BAHADUR SINGH :** Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a note was recently circulated by Government to all opposition parties for their comments in respect of the proposed legislation to curb the role of foreign money ;

(b) whether the views of the political parties concerned have been received in this connection ;

(c) if so, the main features thereof ; and

(d) when the proposed legislation is likely to be introduced in Parliament ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) to (d). The views of only three parties have been received, so far. They have suggested that the contents of the report of the Intelligence Bureau should be disclosed and that the scope of the proposed legislation

should be enlarged. In his statement of 14th May, 1969, the then Minister of Home Affairs explained the reasons why it would not be possible to disclose the contents of the report of the Intelligence Bureau. The proposed legislation will be introduced after the views of opposition parties have been ascertained.

SHRI RANA BAHADUR SINGH : In part (d) of my Question I had asked for an indication as to the time factor by when such a law would be supposed to be made operative.

SHRI K. C. PANT : As I said in my main reply, the Opposition parties were asked to give their views. Some of them have replied. Many of them have not replied. We are waiting for their replies. We shall give adequate opportunity to all Opposition parties to give their views.

SHRI RANA BAHADUR SINGH : I had asked whether there is any time limit before the Government as to when the law could possibly be made operative. In view of the fact that the Opposition parties have yet to come out with their views in this regard, may I know whether the Government has any idea by when the law would be made operative ?

SHRI K. C. PANT : We would not rather like to lay down any time-limit. We would like to consult the Opposition parties.

श्री राम चंद्र बिकल : किन राजनीतिक दलों के उत्तर आ चुके हैं और किन किन के बेष हैं ?

श्री कृष्ण चंद्र पन्त : स्वतन्त्र पार्टी, सी० पी० (एम०) और कांग्रे—इन तीन के उत्तर आ गये हैं। हमने सभी विरोधी दलों को लिखा था, बाकियों के उत्तर अभी नहीं आये हैं।

Lockout declared by M/s. Braithwaite and Co. (India) Ltd.

***216. SHRI MANORANJAN HAZRA :
SHRI K. MALLANNA :**

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state.

(a) whether M/s. Braithwaite and Co.

(India) Ltd. has declared lockout in Angus Works at Bhadreswar and Hooghly on the 10th September, 1971 ;

(b) if so, the reasons therefor ; and

(c) whether any steps have been taken by the Government to lift the lockout ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) M/s. Braithwaite and Co. (India) Ltd. has declared a lock-out at Angus Works with effect from the 11th September, 1971.

(b) Due to inter-union on rivalry, workers of Angus Works had been indulging for some time in agitation, persistent disorderly behaviour, threats of assault, intimidation of officers and resort to go slow tactics resulting in serious shortfall all in production. The unrecognised union did not accept the bipartite agreement between the Company and the recognised union on the issue of bonus for 1970 and intensified its agitation bringing the production in the shops almost to stop. On 10th September, 1971 a group of workers rushed into the office of the General Manager where he was dragged, abused and assaulted. In view of the state of disorder, violence and hooliganism which had developed, the management had no alternative but to declare a lockout from 11th September, 1971.

(c) The management has been having discussions separately with the representatives of the recognised and unrecognised unions at a series of meetings to reach an agreement on the basis of which the factory could be reopened. These discussions are in progress.

SHRI MANORANJAN HAZRA : May I know from the hon. Minister whether the lock-out took place while the conciliation talks were going on for the bonus ?

SHRI MOINUL HAQUE CHOUDHURY : The position was this that one Union wants that the bonus agreement should be given effect to and another Union wants that it should not be given effect to and both the Unions went into such a fix that they brought the factory almost to a stand-still. Some of

the workers went and assaulted the officers at the shoplevels. They also man-handled the Manager. At that stage the factory had to be closed.

SHRI MANORANJAN HAZRA : My question was whether during the conciliation talks, the lock-out took place or not ?

SHRI MOINUL HAQUE CHOUDHURY : No.

SHRI MANORANJAN HAZRA : My second supplementary is, that in view of the answer given by the hon. Minister that the unrecognised union did not accept the agreement, may I know whether it is a fact that the recognised union was a mere paper union with a view to serve the cause of the Company ?

SHRI MOINUL HAQUE CHOUDHURY : I do not subscribe to this view.

SHRI INDRAJIT GUPTA : Is the Minister aware of the fact that the Management of this Angus Works itself has been taking a partisan attitude as between the two Unions and despite the fact that one is the recognised union, the management has been trying to favour the un-recognised Union in many ways and this is what has exacerbated the situation ? Is he aware of this ? If this is so, when he says in his reply that now the management is trying to come to a settlement with each of the Unions, would it not be better for the Government to take a hand in it directly because the Management itself is a partitisan.

SHRI MOINUL HAQUE CHOUDHURY : I am not aware of any such partisan attitude taken by the Management. What I know is that the demand made by the unrecognised union is beyond the capacity of this factory to meet.

MR. SPEAKER : There is another gentleman also—Mr. Mallanna. Is he here ? He is not here.

DR. KARNI SINGH : Absent. Shri Afzal-purkar.

SHRI PAMPAN GOWDA : Sir, I have been authorised to put the question, (No. 218).

MR. SPEAKER : Yes.

Additional Functions and Responsibilities of Department of Science and Technology

*218. SHRI PAMPAN GOWDA (on behalf of SHRI DHARAMRAO AFZALPURKAR) : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether there is any proposal under Government's consideration to expand the functions and responsibilities of the newly created Department of Science and Technology ; and

(b) if so, the salient features of the proposal ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) and (b). The responsibilities and functions of the Department of Science and Technology have been specified in Presidential Notification Doc. No. GD-610/71 dated October 12, 1971. SHRI PAMPAN GOWDA : As many highly qualified and well-trained Indian scientists are working in foreign countries for want of jobs, is there any proposal before the Government to call them back and give them proper jobs to serve better our country ?

Mr. SPEAKER : This is just a suggestion for action, but, if the Minister has got something to say, he is very welcome to say.

SHRI C. SUBRAMANIAM : We will consider the suggestion made by the hon. Member. But we should have proper jobs for them here, and that is one of the functions of the COST.

Reopening of closed Industrial Units in Calcutta

*219. SHRI FATEH SINGH RAO GAEKWAD : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the total number of closed factories in Calcutta, which have not yet been reopened together with the number of those which are considered as having been closed permanently ;

(b) the total number of people rendered out of employment as a result of these closures ;

(c) the reasons for the closures ; and

(d) the steps being taken by the reopening of the closed factories ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) to (d). A statement is laid on the Table of the House.

Statement

(a) Regionwise figures of closed units are readily available only for the period from 1.1.1971 to 31.8.1971. According to the provisional statistics received from the Government of West Bengal, during the period 1.1.71 to 31.8.71, 55 industrial units were closed down in Calcutta ; out of these, 38 units had not reopened. One out of these 38 units is considered as permanently closed.

(b) In the 38 units which had not reopened, the total number of persons employed was 7,798.

(c) The closure of industrial units is mainly due to the following reasons :

- (i) Labour-management problems,
- (ii) shortage of raw materials,
- (iii) lack of demand, and
- (iv) financial difficulties.

(d) Among the various steps being taken by the Government for reopening of closed factories in West Bengal, including Calcutta, the main and important ones are as follows :

(i) The Industrial Reconstruction Corporation of India was set up in April 1971 with its headquarters at Calcutta, for reviving and rehabilitating the closed and sick industrial units ;

(ii) An Ordinance has been promulgated amending the Industries (Development and Regulation) Act, 1951. Among other things, it provides, in respect of industrial undertakings which have been taken over for management under the provisions of the Act, a moratorium from pre-existing liabilities, up to a maximum period of five years. It also provides, in the case of those undertakings whose current liabilities exceed current assets for the sale of the undertaking at a reserve price and simultaneous

winding up of the company owning the industrial undertaking. Government may also, in public interest, move the court for reconstruction of the company, so as to ensure that the undertaking is not handed over at the end of the period of take over to the same hands which were responsible for its earlier misfortunes.

(iii) The Government of West Bengal have announced a package scheme of incentives.

(iv) Provision has been made in the import policy for 1971-72 for advance allocation of imported raw materials to closed industrial units in West Bengal.

(v) Instructions have been issued to commercial banks to liberalise the credit facilities to the industrial units in West Bengal.

SHRI FATEH SINGH RAO GAEKWAD : May I know whether the Minister will kindly spell out the incentives which he refers to in para (d) of his statement and will the Minister say that these incentives will suffice to inspire the confidence of the new and the old entrepreneurs to set up new factories in West Bengal ?

SHRI CHINTAMANI PANIGRAHI : I suggest Question No. 234 may also be taken up along with this.

MR. SPEAKER : I am sorry they cannot go together, as I have seen them.

SHRI MOINUL HAQUE CHOUDHURY : The incentives of West Bengal Government are all listed by them. It is a package deal. If the hon. Member wants, I can read them. There are 16 points

MR. SPEAKER : 16 points ? Better you send them a copy of this. It need not be at the cost of other Members.

SHRI MOINUL HAQUE CHOUDHURY : With regard to the other part of the question it is too early to say.

MR. SPEAKER : Is it not in the written statement ? Are these 16 points not in the written statement ?

SHRI MOINUL HAQUE CHOUDHURY : No ; we had announced the 16 point scheme

SHRI INDRAJIT GUPTA : You should tell us what it is.

SHRI FATEH SINGH RAO GAEKWAD : What is his answer to my question ?

SHRI INDRAJIT GUPTA : You will be sent a copy.

SHRI MOINUL HAQUE CHOUDHURY : You have said that I may not read the 16 points. That is the first point. With regard to the second point it is too early to say whether these are giving any results or not. (Interruptions).

MR. SPEAKER : Order, please. How much time will it take if you read ?

SHRI MOINUL HAQUE CHOUDHURY : The hon. Member asked that I should spell them out. In part (d) (iii) of my answer I have said that the Government of West Bengal have announced a package scheme of incentives. The West Bengal Government have announced certain concessions with regard to sales tax and such other matters and they are working out the details.

SHRI JYOTIRMOY BOSU : It is no proper reply, Sir.

MR. SPEAKER : The point is this. If these were to be the replies, the details should have been included in the written statement. You have not done it. Therefore, I do not think there is any harm if you read the 16 points. You may do it in another 2 or 3 minutes.

SHRI MOINUL HAQUE CHOUDHURY : The Government of West Bengal announced such schemes as refund of sales-tax, interest-free loans, refund of fresh taxes specified etc.

श्री हुकम चन्द कछवाय : ये जानबूझ कर प्रश्न को टाल रहे हैं ।

SHRI MOINUL HAQUE CHOUDHURY : These relate to the State Government. These are to be given by the State Government. I can give only broad details of it.

MR. SPEAKER : I agree with you. Let the Member ask the question first.

SHRI FATEH SINGH RAO GAEKWAD : May I know the extent to which production is affected on account of closures and also the quantum of loss suffered by the factory-owners?

SHRI MOINUL HAQUE CHOUDHURY: It is not assessed in that way.

SHRI FATEH SINGH RAO GAEKWAD : In what way has it been assessed?

SHRI MOINUL HAQUE CHOUDHURY : I would only say that the assessment has been made in regard to the number of factories closed and the people unemployed as a result of it. In that way, it has been assessed.

MR. SPEAKER : The hon. Member did ask for these details in his main question. It would require time to give answers to all these questions. The hon. Member may give a separate notice of the question and then the answer can be given.

SHRI JYOTIRMOY BOSU : Sir, you may please allow a half-an-hour discussion.
SOME HON. MEMBERS rose—

MR. SPEAKER : The proper procedure is that when the leader of a party is standing, the others from that party should not stand. But I find that Shri Dinan Bhattacharyya and some other Members from his party are also standing along with the leader of his party, for asking supplementary questions.

SHRI DINEN BHATTACHARYYA : On a point of order. Let these questions not be shut out, because the hon. Minister's reply to the question is not correct. The question is about the total number of factories closed in Calcutta...

MR. SPEAKER : When the hon. Members turn comes, he can ask this question. He cannot intervene at any time he likes.

DR. RANEN SEN : Is it a fact that the Industrial Reconstruction Corporation of India has been set up with a view to reopening all the closed industrial units in West Bengal? May I also know whether it is a fact that certain people have been taken on the board of directors or the managerial committee of the Industrial Reconstruction Corporation who themselves are occasionally closing their

factories and trying to get money out of the Industrial Reconstruction Corporation, and if so, whether Government have thought it fit to keep those persons on the board of directors or the managerial committee, and if Government have taken a decision, may I know what it is?

SHRI MOINUL HAQUE CHOUDHURY : I have no such information, but if specific information is given to us, we shall certainly look into it.

DR. RANEN SEN : The Sen-Raleigh authorities are there, and they have closed their factories...

MR. SPEAKER : The main question is about the number of factories.

SHRI DINEN BHATTACHARYYA : The main question specifically relates to the total number of closed factories in Calcutta, and Calcutta means the whole of West Bengal. I suppose that is what the hon. Minister means.

SHRI MOINUL HAQUE CHOUDHURY : Why?

SHRI DINEN BHATTACHARYYA : It also relates to the total number of closed factories which have not yet been reopened, together with the number of those what are considered as having been closed permanently. The answer is that 55 industrial units have been closed so far, and 38 are still remaining closed. Among the reasons for their closure, nowhere do we find any mention about the corruption and mismanagement of the authorities due to which some of the factories have been closed. He has only mentioned labour-management problems, shortage of raw materials, lack of demand and financial difficulties. But there is no reference to the corruption on the part of the management, owing to which a number of factories have been closed. He is trying to shield the bad management.

MR. SPEAKER : The main question is only about the number of factories closed. But he is now adding so many other things to it.

SHRI DINEN BHATTACHARYYA : These things have been mentioned in the statement and therefore, I am asking my question. The reply given is not correct. I would request the hon. Minister to take some time and give a proper reply, because the

answer given now is misleading. In this House, we have raised the question many times that it is because of the mismanagement and corruption on the part of the managements that so many factories have been closed, but here the hon. Minister mentions other things only but has not mentioned these factories; he is finding fault always with the workers only.

DR. RANEN SEN : The hon. Minister of Labour himself had admitted in this House on an earlier occasion that there were cases in West Bengal where due to the malpractices resorted to by the employers many mills had been closed. But now the hon. Minister of Industrial Development comes and pleads his ignorance. This is misleading the House.

SHRI DINEN BHATTACHARYYA : What is your direction, Sir? We are very much agitated about this.

MR. SPEAKER : Let the hon. Minister say something, and then the hon. Members can rise one after the other.

SHRI MOINUL HAQUE CHOUDHURY : The question relates to Calcutta and the reply also relates to Calcutta. I never knew Calcutta was West Bengal. That is not my knowledge of geography. So far as the mismanagement question goes, only after an inquiry we can say so. During this period, such a case has not come to our notice among these cases.

But it cannot be denied that some of the closures also related to mismanagement. In fact, some of the units we ourselves have taken over were due to mismanagement.

SHRI H. M. PATEL : Will the Minister please indicate what are the special instructions issued to the banks for special facilities to these units?

MR. SPEAKER : This is going into detail.

SHRI H. M. PATEL : It is in the reply. He says instructions have been issued to the banks. He should obviously know what the instructions are?

SHRI MOINUL HAQUE CHOUDHURY : Banks have been instructed to give liberal credit facilities to industrial units in W. Bengal.

SHRI H. M. PATEL : Surely he must be able to indicate that.

SHRI RAJA KULKARNI : How many factories have been taken over in West Bengal after the recent Ordinance on takeover?

SHRI MOINUL HAQUE CHOUDHURY : We have not taken over any.

SHRI P. R. SHENOY : Have Government taken any steps to take over any of the closed factories?

MR. SPEAKER : That is what we are discussing.

SHRI MOINUL HAQUE CHOUDHURY : We are already processing some cases under the powers given to us under the Ordinance.

SHRI H. M. PATEL : The replies given are very unsatisfactory.

SHRI FATEH SINGH RAO GAEKWAD : There should be a half hour discussion on this. We will give him time to prepare.

MR. SPEAKER : That will be considered later.

SHRI INDRAJIT GUPTA : May I specifically ask this? Reference is made here to the Industrial Reconstruction Corporation which was set up with headquarters in Calcutta for the purpose of reviving and rehabilitating the closed and sick industrial units. According to him, in Calcutta proper, out of 55 industrial units which were closed, 38 have not reopened. That means only 17 have been reopened and 38 are still closed. Out of the 17 reopened, how many have been reopened thanks to the direct intervention or help of the Industrial Reconstruction Corporation?

SHRI MOINUL HAQUE CHOUDHURY : I cannot say about Calcutta.

SHRI INDRAJIT GUPTA : This is about Calcutta. Now he will not be allowed to go outside of Calcutta.

SHRI MOINUL HAQUE CHOUDHURY : I have not got the information for Calcutta as such.

DR. RANEN SEN : He does not know where is Calcutta.

SHRI INDRAJIT GUPTA : In Calcutta, not a single closed factory has been reopened by this Corporation.

SHRI JYOTIRMOY BOSU : I must say that although the Minister has been here since six or eight months, his performance till date has been far from satisfactory. May I ask if he knows that the West Bengal Government has published a book entitled *Labour 1970* ? That says that labour-management disputes accounted for 20 per cent of the closures. Has he read that, and if so, what is his reaction ?

MR. SPEAKER : I cannot allow it ; he must be relevant.

SHRI JYOTIRMOY BOSU : This is about closure. Will the hon. Minister kindly tell us whether lack of supply of raw materials particularly steel, working capital and power are the reasons for the closure of many factories, and if so, what steps have the Central Government taken to go to the aid of these closed industrial units ?

SHRI MOINUL HAQUE CHOUDHURY : I have already said that shortage of raw materials is one of the reasons. It is there already in the list of causes. Labour management relation is not the only cause. It is one of the causes, and I am glad that the hon. Member himself put it as 20 per cent. There is, one-fourth i. e., one of the four causes, I have given. He attributes one-fifth to labour relations.

SHRI JYOTIRMOY BOSU : That shows your character.

SHRI MOINUL HAQUE CHOUDHURY : That shows my character ; true. (*Interruption*).

MR. SPEAKER : No such remarks please. (*Interruption*) Kindly sit down. The hon. Member is in a position to revise any time whatever he says.

SHRI JYOTIRMOY BASU : He has not replied to my question, Sir.

MR. SPEAKER : He has replied.

श्री हुकम चन्द कच्छबाबू : अध्यक्ष महोदय, मैं आपके माध्यम से मंत्री जी से जानना चाहता हूँ कि यह जो कलकत्ते में उद्योग बंद हुए हैं, यह एक विशेष परिस्थिति के अन्दर बन्द हुए हैं, मुख्यतः घेराव और तोड़फोड़ के कारण ही अधिकतर उद्योग बंद हुए हैं। तो यह जो उद्योग चालू किये जा रहे हैं, उनमें ऐसी चीजें न हों, उसके लिए सरकार ने क्या कोई व्यवस्था की है, यदि हां, तो वह क्या है ?

दूसरे, जो उद्योग यहां से दिल्ली बम्बई आदि अन्य स्थानों में चले गये हैं, उन्हें पुनः वापिस कलकत्ते भेजा जाय, इसके लिये सरकार की ओर से क्या प्रयास किया जा रहा है ?

SHRI MOINUL HAQUE CHOUDHURY : I may inform the hon. Member and the House that in some of the factories which we have taken over there, we are having the same experience including the Braithwaite where the manager has been assaulted only the other day.

SHRI FATEH SINGH RAO GAEKWAD : Sir, have you acceded to my request for an half-hour discussion on this ?

MR. SPEAKER : Not now. After I allow all the questions ; because that was not accepted, so I allowed further questions.

Closed Sick Mills in States

+
*220. SHRI G. Y. KRISHNAN :
SHRI ROBIN KAKOTI :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of sick mills in the country that have been closed by their owners, State-wise ; and

(b) the number of mills out of them which are being controlled by the Union Government ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) and (b). A statement is laid on the Table of the House.

Statement

(a) Presumably, the Member refers to cotton-textile mills. According to the information furnished by the Ministry of Foreign Trade, the number of cotton textile mills closed as at the end of September, 1971 is as follows :

Name of the State	No. of Cotton Textile Mills closed down as at the end of September, 1971.
1. Andhra Pradesh	5
2. Assam	1
3. Bihar	1
4. Gujarat	7
5. Kerala	1
6. Maharashtra	3
7. Mysore	5
8. Punjab	1
9. Rajasthan	2
10. Tamil Nadu	14
11. Uttar Pradesh	3
12. West Bengal	15
13. Pondicherry	1
Total	59

(b) The number of cotton textile mills taken over by the Central Government, after investigation under the Industries (Development and Regulation) Act, is 34.

SHRI G. Y. KRISHNAN : In the statement, it has been given that 59 textile mills have been closed, but the statement does not show, statewise, which of the mills have been taken over. Will the Minister be pleased to state that ?

MR. SPEAKER : Sick mills, Statewise. Have you got it ?

SHRI MOINUL HAQUE CHOUDHURY : Azamshahi Mills in Warangal, Andhra Pradesh; Ajodhya Textile Mills, Delhi; New Mallicans Spinning and Weaving Mills, Ltd., Ahmedabad, Gujarat; The Ahmedabad New Textile Mills, Gujarat; Homibhoy Manufacturing Co. Ltd.,

Ahmedabad; Mahalakshmi Mills, Ltd., Bhavnagar; Rajkot Spinning and Weaving Mills, Rajkot. (Interruption) If I do not read, you say, "I am not prepared with the answer." If I read, you are impatient. Have patience now, Then, Keshav Mills, Ltd.; Jehangir Mills, Ahmedabad; Jupiter Spinning and weaving Mills and Manufacturing Co., Ltd., Ahmedabad—these are in Gujarat. Then, in Maharashtra—

MR. SPEAKER : You can lay it on the Table of the House.

SHRI MOINUL HAQUE CHOUDHURY : Yes, Sir. Thank you.

SHRI G. Y. KRISHNAN : Instead of reading the whole list, you would better give the number of sick mills, Statewise. That will do.

MR. SPEAKER : What did you enquire ? Part (b) of the question asks for "the number of mills out of them which are being controlled by the Union Government." (Interruption) He only wanted the number now ; not the names.

SHRI MOINUL HAQUE CHOUDHURY : Maharashtra, 8; Madhya Pradesh, 5; Mysore, 2; Pondicherry, 1; Rajasthan, 1; Tamil Nadu, 5; Uttar Pradesh 2; Andhra Pradesh 1. Delhi administration—1; Gujarat—8.

SHRI G. Y. KRISHNAN : In the statement, in Gujarat cotton mills reopened are 8. Is it a fact ? (Interruptions). I am asking whether it is a fact that one more sick mill has been opened. In the statement it is shown as 7, whereas he said it was 8.

My second question is this. In view of the growing unemployment problem, will the Government assure the House that the other sick mills would be taken over by the Government immediately ?

SHRI MOINUL HAQUE CHOUDHURY : I cannot assure that; we shall look into each case and then decide.

SHRIMATI JYOTSNA GHANDA : I find from the statement that the only cotton mill in Assam has been closed. What are the reasons for closing down this mill, which is the only one cotton mill in Assam, and have the Government taken any measures to reopen it ?

SHRI MOINUL HAQUE CHOUDHURY : I understand that the Chief Minister of Assam during his recent visit took it up with the Minister of Foreign Trade and as and when this matter comes to us, we shall look into it.

श्री शंकर बयाल सिंह : हमारे सामने जो स्टेटमेंट है, उसमें दिया गया है, कि 59 मिलें बन्द थीं जिनमें से 34 चलाई गई हैं। बिहार में गया में भी एक काटन मिल है। 50 लाख आबादी वाले इस जिले में केवल एक मिल है जिसमें दस हजार लोग काम करते थे, और वह बन्द पड़ी है। मैं जानना चाहता हूँ कि क्या निकट भविष्य में सरकार उस को चालू करने का विचार रखती है ?

अध्यक्ष महोदय : वह तो एक जनरल सवाल था। इसमें नम्बर पूछा गया था। यह विशेष सवाल नहीं था, स्पेसिफिक सवाल नहीं है।

श्री शंकर बयाल सिंह : मंत्री महोदय उत्तर देने को तैयार हैं। अगर आप उनको उत्तर देने का इशारा कर दें तो बड़ा अच्छा होगा।

अध्यक्ष महोदय : मैं आपकी तरफ इशारा करना ज्यादा जरूरी समझता हूँ।

SHRI R. S. PANDEY : There are two aspects to this problem. One is unemployment ; the other is scarcity of cloth. What special efforts are contemplated by the Government to solve the problems : scarcity of cloth and unemployment of people ?

MR. SPEAKER : This was about the last question.

SHRI MOINUL HAQUE CHOUDHURY : The sick mills that are taken over are managed by the Ministry of Foreign Trade. If a separate question is put to them, they will be able to give details about every scheme. This Ministry is concerned only with authorising investigation under the Industries Development and Regulation Act. I can only answer this question generally : how many mills have closed and how many have been taken over by the Government.

SHRI SOMCHAND SOLANKI : The hon. Minister mentioned about the sick mills in Gujarat. May I know whether the Prabha Cotton Mills of Viramgaon and the Durga Cotton Mills of Khadi in Gujarat are considered sick mills or not ? What is the latest position of these mills ?

MR. SPEAKER : This question does not arise. There may be hundreds of sick mills. If you ask how many patients there are in the hospital, he can reply, but if you ask about the health and diagnosis of each and every individual, you will have to give the names of the persons.

SHRI MOINUL HAQUE CHOUDHURY : I could not follow the question.

MR. SPEAKER : He should give specific notice.

श्री बी० पी० मौर्य : हर वक्त इस तरह की शिकायतें आती रहती हैं कि फलानी मिल बीमार हो गई, ठीक नहीं चल रही है, या बन्द हो गई, चाहे घेराव के कारण हो चाहे उद्योगपतियों की साजिश के कारण हो। चाहे कच्चे माल की सप्लाई की कमी के कारण हो। मैं सरकार से नीति सम्बन्धी एक प्रश्न करना चाहूंगा। क्या वह यहां पर यह विश्वास दिलायेगी कि कोई भी मिल एक विशेष अवधि के बाद बन्द नहीं रहेगी, क्योंकि इससे बेकारी बढ़ती है, तरह तरह की सामाजिक समस्याएँ पैदा होती हैं और इस वक्त देश पर संकट भी है ?

SHRI MOINUL HAQUE CHOUDHURY : As a matter of policy it is impossible to commit that every mill can be taken over. Some of the mills are so out-dated and outmoded.

SHRI B. P. MAURYA : That is my question.

अध्यक्ष महोदय : आप जवाब देने दीजिये। मुझे आपसे यह गिला है कि आप जवाब नहीं देने देते।

श्री बी० पी० मौर्य : मुझको आपसे गिला है। या तो आप प्रश्न करने मत दीजिये और

अगर प्रश्न करने देते हैं तो उसका ठीक जवाब भी माने दीजिये। जो प्रश्न किया जाता है, आप उसका उत्तर माने ही नहीं देते।

अध्यक्ष महोदय : आप बैठेंगे या नहीं ? आप मंत्री महोदय को जवाब नहीं देने देते हैं, दरम्यान में बोलते हैं।

श्री बी० पी० शीर्ष : आपको मुझसे गिला है और मुझको आपसे गिला है।

MR. SPEAKER : I am not going to tolerate it. Please sit down. Every day this is going on from you.

SHRI MOINUL HAQUE CHOUDHURY : It cannot be said as a policy decision that every mill be taken over by the Government or that no mill is going to be allowed to be closed down because there is a provision for investigation. It will have to be seen whether the mill is viable, whether it has outlived its utility or not, whether it can be run as a feasible proposition. That is why each case is investigated. Wherever it is found that it is a feasible proposition, even if it costs the exchequer, such mills are taken over.

A. R. C. Report on Centre-State Relations

*221. **SHRI HARI KISHORE SINGH :** Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have since taken any decision on the A. R. C. Report on Centre-State relations ; and

(b) if so, what are the decisions taken by Government ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The report is under the consideration of the Government.

SHRI HARI KISHORE SINGH : I understand that this Report was submitted on 19th June, 1969. It is more than two years now. May I know how much time it will take for Government to come to any decision on this Report ?

SHRI RAM NIWAS MIRDHA : It is true that the Report was submitted by the ARC in June, 1969, but the Report, by its very nature, is a very complicated one, and consultations with the State Governments are being held. We have sent the Report to the State Governments for their comments, but none of them has yet made any comment. When their comments are received, it is proposed to call a conference of the Chief Ministers to consider the Report as a whole, and then some ideas will be formulated.

SHRI HARI KISHORE SINGH : May I know when the Report was sent to the State Governments for their comments ?

SHRI RAM NIWAS MIRDHA : The Report was sent in August, 1971 and they were asked to reply by October, 1971. But up to this day they have not sent any replies.

SHRI DINESH CHANDER GOSWAMI : May I know whether Government has taken note of the Rajamannar Committee report on Centre-State relations and what is the Government's reaction thereto ? In considering the report of the ARC, may I know whether the Government is taking a note of the other considerations that have been mentioned in the Rajamannar Committee report ?

SHRI RAM NIWAS MIRDHA : That committee was appointed by the Tamil Nadu Government and it is primarily for them to formulate their view-point on that. When the Tamil Nadu Government gives its reactions and comments on the ARC report, they can as well take note of the Rajamannar Committee report. But what we propose to do is to take note of only the views of the Tamil Nadu Government.

Some Hon. Members rose—

अध्यक्ष महोदय : बहुत ही कम सवाल हो पाते हैं। ऐसा लगता है कि हमें प्रोसीजर को रिवाइज करना पड़ेगा। Next question.

Controversy between I. A. S. Officers and Confederation of Central Government Officers and Central Information Service Association

* 222. **SHRI H. M. PATEL :** Will the PRIME MINISTER be pleased to state :

(a) whether a controversy has come up

between the Indian Administrative Service personnel, on the one hand, and the confederation Central Government Officers and the Central Information Service Association, on the other, in regard to certain administrative matters ;

(b) whether the attention of Government has been invited in this regard to a report published in the Statesman of the 20th September, 1971 and

(c) if so, the reaction of Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). Attention of the Government has been drawn to the report published in the Statesman of the 20th September, 1971 under the caption 'Information Men Challenge I. A. S.'. However, Government are not aware of the existence of any controversy between the personnel of one Service and another, as made out in the press report.

SHRI H. M. PATEL : The press report is fairly detailed and it shows that the Associations have represented to Government. Has Government not thought it fit to go into them ?

SHRI RAM NIWAS MIRDHA : The matter arose out of a letter that Shri Raina wrote in the press. He was given a notice regarding that and the matter is still pending. There is nothing for the Government to do in the matter except that Ministry concerned should take proper action.

SHRI H. M. PATEL : When notice is given with reference to the action of the Vice President of a Service Association and the matter is called into question on that ground, would it not have been advisable for the Government to have gone into this question whether he ought to have been called upon to explain and the possible consequences of this ?

SHRI RAM NIWAS MIRDHA : Government always goes into all the questions that come before it. In this specific matter, it is only a letter which is in dispute. A certain officer wrote a particular letter for which disciplinary proceeding has been initiated. We do not want to do anything more than that.

Report on the attack on the life of Shri Jyoti Bosu

+
* 223. SHRI BIRENDER SINGH RAO :
SHRI K. LAKKAPPA :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the report on the attack on the life of Shri Jyoti Bosu, a West Bengal leader, has been received by the Central Government ; and

(b) if so, the findings of the report and Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). According to the information received from the Government of Bihar, a charge sheet was submitted in the court against two persons in connection with the attempt made on the life of Shri Jyoti Bosu at Patna railway station on 31st March, 1970. The committal proceedings have been concluded and the case is now pending in the sessions court.

SHRI BIRENDER SINGH RAO : May I know whether there was the hand of any politicians behind this offence ?

SHRI K. C. PANT : The case is now before the court.

MR. SPEAKER : It is a *sub judice* matter. It has already been committed to the sessions. We should not ask for any further questions till the judgment comes.

AN HON. MEMBER : Then, how was it admitted ?

SHRI BIRENDER SINGH RAO : This much can be asked whether all the persons against whom there was mentioned in the report have been proceeded against.

MR. SPEAKER : Which report ?

SHRI BIRENDER SINGH RAO : Report of the enquiry committee. He has said that only two persons have been challaned. I want to know whether from the enquiry it transpired that there were more than two persons

and whether there are any persons who have not yet been proceeded against in the same case ?

MR. SPEAKER : It is a very thin line.

SHRI K. C. PANT : I think the relevant point he is raising is against how many people the charge-sheet was made. I do not have here the number of people mentioned in the FIR but I have here this information received from the Government of Bihar in May, 1971 that the investigation of the case has been completed and a charge-sheet under sections 302, 307 and 114 of IPC and section 25A of the Arms Act has been submitted against two persons—Havinash Yadhav and Surendra Prasad.

Exploitation of Atomic Energy by Indian Atomic Scientists in Collaboration With Russian Scientists

*226. **SHRI N. K. SANGHI :** Will the Minister of Atomic Energy be pleased to state :

(a) Whether some Indian Atomic Scientists are likely to visit the Soviet Union for discussing programmes of scientific collaboration in pursuance of the provisions of the Indo-Soviet Treaty ;

(b) If so, when the visit of the team is scheduled ; and

(c) Whether the team will be authorised to negotiate with the Soviet authorities for creation of facilities in India for exploitation of atomic energy for civilian and non-civilian purposes ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). Under the collaboration agreement between the Department of Atomic Energy of the Government of India and the State Committee on the Peaceful Uses of Atomic Energy of the U. S. S. R., visits of atomic scientists are being arranged. The collaboration between the two countries in this area will be further strengthened under Article VII of the Indo-Soviet Treaty of Peace, Friendship and Cooperation. Our collaboration is for the utilisation of Atomic Energy for peaceful purposes only.

SHRI N. K. SANGHI : In view of the serious situation on our border and the bellicosity of Pakistan, will you reconsider your decision to use atomic energy only for peaceful purposes ? If so, at what intervals do you reconsider this ?

SHRI K. C. PANT : I do not know whether the course advocated by my hon. friend will have any immediate impact on the situation on hand. Therefore, what decision has to be taken on the larger question has to be taken on its own merits.

SHRI N. K. SANGHI : In view of the Indo-Soviet Treaty, may I know whether any dialogue has already started with the Soviet Government that in case Pakistan uses atomic weapons in a war against India, Russia will supply us with atomic weapons for defence and retaliation ? Have we got any assurance from them to that effect ?

MR. SPEAKER : There should be a limit to new suggestions.

SHRI K. C. PANT : It is a very hypothetical question. I do not think there is any serious danger of Pakistan being able to acquire nuclear weapons.

SHRI P. V. G. RAJU : May I know whether there is any proposal to have a desalination plant, in collaboration with some other country, to convert sea water or brackish water into fresh water through the use of atomic energy ?

SHRI K. C. PANT : This is one of the areas that has been identified and proposals have been made for the visit of our scientists to desalination units in the USSR. The proposal has been accepted by USSR.

WRITTEN ANSWERS TO QUESTIONS

Seizure of Arms and Ammunition in Punjab

*213. **SHRI PILOO MODY :** Will the Minister of Home Affairs be pleased to state :

(a) Whether sizeable quantity of arms and ammunition have been seized by the Punjab Police during the raids on Naxalite hide-outs in the State ; and

(b) if so, the action, if any, taken against them ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes Sir.

(b) 47 persons have been arrested in connection with the recovery of arms and ammunition. Criminal cases have been registered in respect of these recoveries, and are under investigation.

Production and Requirement of Tractors

*214. SHRI NAWAL KISHORE SHARMA :
SHRI RAJDEO SINGH :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) Whether Government have decided to stop the import of tractors after 1972 ;

(b) If so, how the needs of the country will be met by the indigenous tractors ;

(c) What is the expected production of tractors in the country by the end of the Fourth Plan period ; and

(d) the steps being taken by Government to check the rise in prices of tractors ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) and (b). No decision has been taken to stop all tractor imports after 1972. However, all out efforts are being made to step up the indigenous production of tractors with a view to do away with imports as soon as possible.

(c) 60,000 tractors per year.

(d) Selling prices of tractors are fixed by Government after periodical investigations into the cost of production to ensure that there is no unjustified rise in prices.

Issue of Letters of intent for setting up Scooter Plants

*217. DR. KARNI SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether letters of intent have been given to four parties to set up scooter plants ;

(b) if so, the total production capacity thereof ;

(c) when the said four plants are expected to commence production ; and

(d) the extent to which their combined production is likely to result in the reduction of waiting period for the allotment of a scooter ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) and (b). Twenty three Letters of Intent for a total capacity of 534,000 Nos. per annum for the manufacture of scooters have been issued.

(c) and (d). The implementation of these letters of intent are in different stages of progress. It is not possible to indicate at this stage when production in respect of each of these letters of intent will be established. Obviously the shortage will be mitigated and waiting periods reduced substantially if even part of the capacity covered by the letters of intent materialises. It is, however, difficult to indicate precisely the extent to which waiting periods for allotment of scooters will be reduced at any specified future date as a result of new projects coming up.

Fifth National Conference of all India Newspaper Employees' Federation

*224. SHRI DINESH JOARDER : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the attention of Government has been drawn to the decisions and resolutions of the Fifth National Conference of the All India Newspaper Employees' Federation held in Madras on August 21-22, 1971 ;

(b) if so, the salient features of the resolutions ; and

(c) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) and (b). The Federation passed 15 resolutions at the Conference of which a copy of the resolution on 'Press Monopoly', was forwarded by them to the Ministry of Information and Broadcasting. A copy of this Resolution is laid on the Table of the House.

(c) Certain proposals for the diffusion of ownership of major newspapers and news agencies are at present under Government's consideration. A group of Ministers will go into all aspects of the matter.

**Resolution on the Press Monopoly
All India Newspaper Employees Federation,
New Delhi**

This fifth conference of the All India Newspaper Employees Federation, held in Madras from August 20 to 22, 1971, expresses its grave concern about the growing control of the newspapers by monopoly houses in the country. Organised sections of the newspaper employees, including the working journalists, and the progressive forces have always felt concerned about this dangerous trend in the newspaper industry during the post-independence period.

Not only an overwhelming circulation of the newspapers is controlled by monopoly business houses, such as Tatas, Jains, Birlas, Goenkas and others, but also overwhelming capital assets invested in the newspaper industry, including newspaper printing industry, is concentrated in the hands of these handful of monopoly houses. Profits, which these houses have been making from these monopoly controlled newspapers, are enormous. Particularly during the last three years the profits have gone up by leaps and bounds. Some of them are paying fabulous dividends which are higher than what is paid even by the industries, which are known as high rate of profit-making, like Pharmaceuticals, Oils and Chemicals.

The policies adopted by the monopoly Press in the recent years have made it imperative that immediate steps be taken to divest the control and ownership of newspapers owned by the big monopoly houses. Monopoly Press has been nakedly and openly propagating through their columns anti-people policies. In every struggle carried on by the working people against capitalists and landlords the monopoly Press consistently comes out as the champion of vested interests to suppress democratic movements.

In every measure taken by the Government of India towards nationalisation of banks, life insurance and general insurance or acquisition of land, this monopoly Press stoutly defends the vested interests of the capitalist and land-

lord class. On the issue of the withdrawal of privy purses the monopoly Press solidly sided with the princely clan. On the issue of the amendments to the Constitution of India, so as to vest the amending power with Parliament, the monopoly Press stood with the reactionary forces. Invariably this Press stands on the side of the communalists during communal riots.

Thus, in short the monopoly Press in the country has become the main weapon of the reactionary forces against toilers' movements for democracy and socialism.

Noting these tendencies in the monopoly Press in India as back as in the year 1956, the Press Commission warned the Government to take immediate steps to check the growing control of the newspaper industry by the monopoly houses. Thereafter the Monopoly Commission presided over by a Supreme Court judge also made similar recommendations warning against the grave danger of continuation of monopoly-controlled Press in India. Eminent economists like Prof. Mahalonobis also warned the Government of this danger.

All these years the Government of India turned a deaf ear to these recommendations, and the repeated demand from the newspaper employees.

Compelled by the pressure of the demand from the people and the newspaper employees, the Government of India has announced its intention to amend the Company Law to "diffuse" the ownership and control of the newspapers owned by the big business houses. It has been, however, stated by the Union Minister of Company Law that as yet no decision has been taken by the Union Cabinet on the question of amendments to the Company law to curb monopoly control of the Press. It has been said that the draft Bill has not received the approval either from the Minister in charge or by the Law Ministry. This state of affairs clearly raises doubts whether the Government is serious about enacting legislation to curb monopoly Press.

This conference is of the view that a perusal of the proposed draft Bill, a summary of which has appeared in the Press, clearly indicates that there are serious lacunae in the proposed amendments to the Company Law. The propo-

posed Bill exempts newspaper houses which are owned by partnership firms, owned by co-operative societies or trusts, or owned by individual persons, irrespective of circulation. Partnership firms whose circulation is less than one lakh, publishing not more than one newspaper, or exempted from the operation of the Bill.

The Bill only provides that no person or his agent can have more than 5% of the share holdings in a newspaper company. The Bill does not provide the manner in which the present ownership of the newspapers by the monopoly houses can be divested of their present share holdings on the commencement of the amended Act.

On the contrary the Bill provides an extension of time in the case of individuals to retain the control of the newspaper for a period exceeding six months from the commencement of the Act.

This lacunae give rise to doubts about the intention of the Government whether it is really serious about putting restrictions on the monopoly Press. The Bill is completely silent about the divestiture of the present ownership of the newspaper industry by the monopoly houses such as Times of India, Statesman, Hindu, Hindustan Times and the Indian Express group. This clearly shows that no provision, which the Government of India wants to take, will deprive immediately the newspaper monopoly and ownership of the newspapers by big business houses.

On the contrary our past experience in this regard is not very reassuring. Steps recently taken by the Government of India in connection with the nationalisation of the general insurance clearly shows how half hearted measures have been taken by the Government on the question of nationalisation of the insurance business.

Directors of the general insurance companies have been appointed as Custodians and big business houses are paid Rs. 30 lakhs per month only for the administration of the general insurance business.

When the Life Insurance was nationalised the people had cherished a hope that nationalisation of the life insurance would help the

common man to improve his conditions. But the experience shows that nationalised Life Insurance Corporation is put to the services of the capitalists by advancing fabulous loans to the big business houses and by investment of the funds in the private sector industry. The same is the case with regard to nationalised banks. Judging from the past experience about the nationalisation of some of the industries these lacunae in the Bill show that the measures which are proposed to be taken to divest ownership of the newspapers by the monopoly houses are not likely to yield the desired result.

At the same time this conference strongly resents the attitude of the newspaper employers and reactionary forces who have started attack in their newspaper columns against the proposed steps of the Government. Every newspaper during the last few days wrote editorials against the move of the Government to "diffuse" ownership of the newspapers of the monopoly business houses.

These monopoly newspapers and the reactionary forces have started shedding crocodile tears in the name of democracy in order to retain control of the newspapers and of the entire economy of the country.

In the circumstances, this conference is of the firm opinion that newspaper employees cannot take this announcement of the Government of India at its face value. We will have to be very vigilant in regard to the steps the Government will take in this regard.

This conference warns every section of the newspaper employees not to be taken in by the Government's announcement in this regard. Sixteen years back the Press Commission had recommended immediate steps to check the monopoly in the newspaper industry. It is nine years since a judge of the Supreme Court, sitting as the Monopoly Commission, recommended urgent steps to be taken in the direction. But the Government till recently did not move in the matter. In this situation unless the newspaper employees, along with all progressive forces, unitedly launch vigorous campaign and agitation and create a public pressure the Government is not likely to take steps in the right direction.

This conference appeals to every section of

the newspaper employees and particularly to the IFWJ, the PTI Federation and the UNI Staff, to launch a joint agitation to create the pressure of public opinion in the country against monopoly control of newspapers and to bring pressure on the Government to take the following steps immediately.

This conference calls upon the Government to take immediate steps to bring adequate legislation to divest ownership of the newspapers from the business houses.

This conference is of the firm opinion that unless the proposed Bill is amended, the Government will not be able to divest the ownership of the newspapers from the hands of the monopoly houses. Without these steps the press will not become free in the real sense of the term, which can be put to the service of the people for the advancement of democracy and socialism in this country.

This conference calls upon the Government to make the following provisions in the proposed Act :

1. Remove the provision of 5% share for an individual in the newspaper and provide that not less than 60% share capital shall be owned by the employees.
2. Instead of calling upon the shareholders to surrender their shares in excess of 5% of the share capital within six months the Act should provide for confiscation of shares owned by present shareholders on the day of the commencement of the Act.
3. To withdraw exemptions granted in the proposed Bill from the operation of the Act in such case as
 - (a) Ownership vested with individual irrespective of circulation.
 - (b) Partnership, Co-operative Societies and Trusts.
4. Amend the provision regarding directors to be allotted to the journalists and the non-journalists from 50% to 60%.

This conference appeals to all newspaper employees, democratic political parties and organisations to realise the danger of continu-

ing monopoly Press in the country which has been the weapon of the reactionary forces and put pressure on the Government to bring forward an effective legislation to divest the ownership of the Press from the big monopoly houses.

Commission to review the Functioning of Police Forces in the Country

*227. SHRI BIREN DUTTA :
SHRI C. JANARDHANAN :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have appointed any Commission to review the functioning of the Police forces throughout the country ;

(b) if so, the terms of reference of the Commission ; and

(c) the reasons for appointing the Commission ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) No Commission to review the functioning of the police forces in the country has been set up. However, a high powered Committee under the Chairmanship of Prof. M. S. Gore has been constituted to go into matters relating to police training.

(b) The terms of reference to the Committee are in the statement attached.

(c) The reasons for setting up such a Committee are (i) the urgent needs to identify, and find ways and means of eliminating, basic shortcomings in the arrangements for the training of police officers of various ranks in the Centre and the States, and also (ii) the need to restructure such arrangements in the light of the socio-economic background of the country,

our value systems, and the continuing impact of science and technology not only on social norms and behaviour, but also on the methodology of the Government and its functionaries.

Statement

Terms of reference to the Committee on Police Training

- (1) To lay down the objectives which should govern all arrangements for the training of Police Officers in the socio-economic background of the country and our value systems and the continuing impact of the progress of science and technology not only on social norms and behaviour but also on the methodology of Government and its functionaries ;
- (2) To identify the basic shortcomings in the arrangements for the training of Police Officers under the Centre and in the States ;
- (3) To suggest measures to be taken to bring about the desired improvement in the existing state of affairs and in particular to make recommendations on the following points :
 - (a) whether it is necessary to set up any more institutions for this purpose either under the Centre or in the States ;
 - (b) Whether it is necessary to start any new refresher/specialist course for any one or more categories of Police Officers ;
 - (c) in what manner the curricula of the existing courses may be revised ;
 - (d) what modern aids to and methods of instruction can be usefully employed in the training of Police Officers ;
 - (e) what steps are necessary to improve the quality of Instructors in Police Training Institutions ;
 - (f) what means are necessary to produce the educative literature that is necessary for this purpose ; and

(g) improvement in the relations between the police force and the public based on mutual trust, confidence and co-operation.

(4) To suggest changes considered necessary in the educational and other qualifications prescribed for and the methods of the recruitment of Police Officers of various ranks so that they may be able to benefit from the improvement of training arrangements; and

(5) To make any other suggestions considered relevant to this subject.

Pakistani Undertrial Prisoners Escaped from Amritsar Jail

*228. SHRI MADHURYA HALDAR : Will the Minister of HOME AFFAIRS be pleased to state :

(a) Whether Government are aware that seven Pakistani undertrial prisoners escaped from Amritsar Jail with help of the Jail officials;

(b) Whether any action has been taken against the concerned Jail officials ; and

(c) If so, the nature thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) According to the information furnished by the Government of Punjab, seven undertrial prisoners of Pakistani nationality escaped from the Central Jail, Amritsar, on the night between 26th and 27th August, 1971, due to the alleged negligence of some of the jail officials.

(b) and (c). The following action has been taken against the concerned Jail officials :

(i) The Superintendent of Jail, one Assistant Superintendent of Jail, one Head Warder and two Warders have been placed under suspension.

(ii) Charge-sheets have been served on the Superintendent of Jail, and two Deputy Superintendents of Jail.

(iii) 3 Warders and 3 Convict officials have been arrested by the police in connection with this case.

Students Unrest and Law and Order situation in the Country

*229. SHRIMATI SAVITRI SHYAM : Will the Minister of HOME AFFAIRS be pleased to state :

(a) Whether students' unrest in the country is on the increase as a result of the lawlessness indiscipline in the country ;

(b) Whether clashes between the students and the Police are on the increase day by day ; and

(c) If so, whether Government are considering a proposal to take over and transfer the item of law and Order from the Concurrent List of the Constitution to the Union List ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). The Government do not have any information to indicate such increase either in students unrest or clashes with police.

(c) No, Sir.

Naxalite Movement in Delhi

*230. SHRI NARENDRA SINGH BISHT : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Naxalite movement has set its feet in the Schools of Delhi and that a student of Higher Secondary Class was among those who were arrested in Delhi on the 30th October, 1971 ; and

(b) if so, the steps taken or proposed to be taken to nip this evil in the bud in the Schools and Colleges of the capital ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). No, Sir. However, strict vigilance is being maintained in regard to such activities.

Trained Pak Spy Ring in Punjab

*231. SHRI SAT PAL KAPUR :
SHRI R. V. BADE :
SHRI NAGESHWARARAO :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a highly trained Pakistani spy

ring has been smashed in Punjab on the 30th October, 1971 ;

(b) if so, the number of persons of this gang arrested and the action taken against them ;

(c) whether highly incriminating documents and maps had been seized from the spies ;

(d) whether these Pakistani spies had any connection with some high and influential persons of the State ; and

(e) if so, the action taken against them ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). One Pakistani national, suspected to be a spy, was arrested on the 30th October, 1971 and the case is under investigation. It would not be in the public interest to disclose further details at this stage.

(d) No, Sir.

(e) Does not arise.

Arrest of a Pakistani Woman and her Son on Spying Charges in Udaipur

*232. SHRI AMAR NATH CHAWLA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Police had arrested a Pakistani woman and her son on the charge of spying in Udaipur ;

(b) whether she had connections with many influential persons ; and

(c) if so, the action taken or proposed to be taken against her and the persons with whom she had connections ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). According to information received from the Government of Rajasthan, a Pakistani national and her minor son were arrested for contravention of the provisions of the Foreigners and Passport Acts and remanded to judicial custody. The cases against them are under

investigation. There is no information that they were involved in espionage activities.

Ban on Forward Trading in Gur

*233. SHRI S. M. BANERJEE : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether forward trading in Gur has been banned ;

(b) if so, the reasons therefor ;

(c) whether a lot of black-marketing was going on in forward trading in Gur ; and

(d) whether the action has been taken against them and, if so, the results thereof ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) Forward trading in gur has been suspended with effect from the 18th October, 1971.

(b) In view of the rising prices of sugar and gur and the possibility of large scale diversion of sugarcane to the production of gur, adversely affecting the production of sugar.

(c) and (d). No black marketing as such was going on in forward trade nor was any serious or large scale irregularity brought to the notice of Forward Markets Commission.

16-Point Programme to step Industrial Development in West Bengal

*234. SHRI CHINTAMANI PANIGRAHI : SHRI SAMAR GUHA :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the Central Government have drawn up a 16-point programme to step up industrial development in West Bengal ; and

(b) if so, the main features thereof ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) Yes, Sir.

(b) The recommendations contained in the 16-point programme for stepping up industrial development in West Bengal are :

1. Legislation, similar to the Textile Mills Act of Maharashtra, should be promoted for taking over free of encumbrances, industrial units which were in difficulties, by Government. This legislation would necessarily cover the country as a whole, but should be considered in the special context of the West Bengal situation.
2. Steps should be taken to suitably amend the Industries (Development and Regulation) Act to enable the Government permanently to acquire industrial units, the management of which might be taken over under Section 18A of the Industries (Development and Regulation) Act. Government would have to invest large sums in some of the undertakings so taken over and it would not be proper to return them to private control after bringing them to a state of good health.
3. Multiple shift working should be allowed to units located in West Bengal where at present they are allowed to work only a single shift.
4. Special steps should be taken to endeavour to augment the orders for wagons placed by the Railways (on units in West Bengal).
5. Final decisions for placing orders in regard to the second Howrah bridge should be taken very early by the Transport Ministry. Much of industry in West Bengal is engineering. Recommendations 4 and 5 are likely to stimulate considerable industrial activity in West Bengal.
6. The Raw material requirements of West Bengal will be considered with special sympathy. A raw materials bank could be organised by the State Small Industries Development Corporation acting as an agency for stocking and distribution. Secretary, Industries, West Bengal, would indicate realistic requirements of the State SSIDC for iron and steel. If necessary, the requirements could be met by allowing imports.
7. An endeavour should be made to raise productivity and improve management labour relations in West Bengal. The Union Ministers of Education and Social Welfare and Labour already had this matter in hand.
8. Immediate steps should be taken to vitalise and strengthen the West Bengal Industrial Development Corporation. The set ups needed reorganisation, in order to make these bodies active and dynamic promotional agencies for industrial growth broadly on the SICOM model in Maharashtra. Considerable emphasis was laid on this suggestion. It was noted that the State Industrial Development Corporation was reported to be short of funds. Once it was reorganised and activated, it might be possible to issue debentures and persuade the public financing institutions to subscribe to them.
9. The Development Commissioner, Small Scale Industries, should set for his organisation the creation of a target of 2000 small units per year in West Bengal, i.e. double the existing number.
10. The State Government should carry out a rapid survey of each district, from the point of view of identifying industries suited to the area based on local raw materials and skills, capable of providing employment to local youth. This should be supplemented by active steps for assistance, e. g. the preparation of feasibility and project reports, earmarking and acquisition of land, etc.
11. A branch office of the proposed Bureau of Entrepreneurial Guidance may be opened in Calcutta for the benefit of West Bengal entrepreneurs.
12. Pending applications should be disposed of very quickly. The pending applications of the larger houses should be examined on merits.
13. The State Government should actively pursue and ensure prompt implementation of letters of intent that are issued.
14. Except for Calcutta, Howrah and 24 Parganas Districts, the whole of West

Bengal may be treated as 'backward area' for purposes of the provisions of concessional finance by public financing institutions. At the same time special steps should be taken to ensure liberalised credit of facilities by the commercial banks to West Bengal units. The Government of West Bengal should hold immediate consultations with the Reserve Bank of India in this regard.

15. The incentives presently given to new industrial units by the States Governments should be reviewed to see if additional incentives could not be offered on the pattern of the practice in Maharashtra, Tamil Nadu, Gujarat, etc.
16. The 10% subsidy scheme should be reviewed from the point of view of increasing its effectiveness as well as coverage for the country as a whole, but with special and immediate reference to West Bengal. The possibility of population being adopted as the operative criterion for nominating the number of districts to qualify for 'backward area' treatment should be considered as also the necessity for and advisability of increasing the quantum of subsidy.

**Police Firing on Students at Imphal
(Manipur)**

*235. SHRI DASARATHA DEB : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a judicial inquiry has been ordered into the Police firing and lathi-charge on students at Imphal, Manipur resulting in the wounding of six students ?

(b) whether Government are aware that the student's unrest has been caused by the acute food scarcity and rocketing prices ; and

(c) if so, the reasons why the Border Security Force, the Manipur Rifles and the Central Reserve Police were used against students who were agitating about a popular course regarding food scarcity ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). According to information received from the Government of

Manipur, the All Manipur Students Union organised an agitation in September, 1971 ostensibly on the question of adequate food supplies at reasonable prices. The Government had made arrangements for the sale of food-grains through fair price shops. However, on the 23rd and 24th September batches of students organised demonstrations at various places in Imphal had also indulged in violence and arson on public property. On the 24th September, to disperse the violent mobs the police had to resort to firing. The incidents during these two days resulted in injuries to two magistrates, 40 police personnel and 9 others. There was damage to 7 Government vehicles and other public property. In all 231 persons were arrested. Upon tendering apology, all of them, except 46, who were involved in incidents of violence, have been released. The cases against these 16 persons are sub-judice. No judicial inquiry has been ordered.

Scarcity of Essential Goods in Assam

*236. SHRI NIHAR LASKAR : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether there is a scarcity of essential goods in Assam ; and

(b) if so, the reasons therefor and the steps taken by Government in this regard ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) and (b). Reports of scarcity of certain essential goods have been received from Assam, apparently as a result of transports difficulties, floods and influx of refugees. Efforts are being made to tide-over the situation by removing transport bottlenecks and by pushing additional supplies. Powers have also been delegated under Essential Commodities Act, 1955 to all State Governments including Assam Government to deal with the situation.

*238. SHRI C. CHITTIBABU : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the Administrative Reforms Commission had suggested a review of Research and Development in Telecommunications technology so as to keep pace with the advances in other countries ; and

(b) if so, the action taken thereon.

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) The Administrative Reforms Commission have, in their Report on Posts and Telegraphs, recommended that the production of telecommunications equipment in the existing public sector undertakings or others which may come up in future, should be so organised that the country keeps pace with modernisation and developments in other countries and our telecommunications system keeps abreast of the latest technology.

(b) The Government of India are considering the setting up of a Committee of technical experts to undertake a comprehensive review of

the present position prevailing in the various research and development organisation under the Ministry of Communications and to recommend steps for widening the scope of research in these organisations and for ensuring that they keep pace with the latest developments in technology in the field of telecommunications. The composition and terms of reference of the Committee have not yet been finalised.

Rate of Growth of Small Scale Industrial and Corporate Sectors

*239. SHRI SHYAMNANDAN MISHRA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether a firm figure of the rate of growth in the organised corporate sector of industry during 1970-71 has been arrived at ;

(b) if so, how does it compare with the rate of growth in the small scale industrial sectors ; and

(c) the rate of growth in the small scales industrial sector during 1969-70 ?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : (a) The rate of growth of the corporate sector has been estimated to be 4.8% in 1970 and 1.5% in the first five months of 1971.

(b) and (c). The rate of growth in the small scale sector for 1970-71 has not been computed; the rate of growth for 1969 over the previous year is estimated at about 11%.

Theft of Jewellery from Ashoka Hotel, New Delhi

*240. SHRI M. M. JOSEPH : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether any enquiry was held into the theft of jewellery from the Ashoka Hotel, New Delhi on the 1st November, 1971 and any arrests were made in that connection ; and

(b) if so, the result thereof and the action taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) The stolen property has been recovered and six accused persons arrested. Investigation is in progress.

Damage due to Flood and Excessive Rainfall in Palamau (Bihar)

1394. KUMARI KAMALA KUMARI : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether her attention has been drawn to the front page news item appearing in famous weekly namely the '*Saptahik Haldhar*' dated the 29th July, 1971 of Bihar regarding the flood and excessive rainfall in July-August, 1971 in the District of Palamau (Bihar);

(b) whether the damage worth Rs. one crore has been claimed and in all one thousand houses have been destroyed depriving nearly ten thousand people of their houses ; and

(c) if so, the remedial measures adopted by Government ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) to (c). The requisite information is being collected and will be placed on the Table of the House as soon as it is received.

Ban on creation of New Posts in P & T Department

1395. SHRI SAMAR MUKHERJEE : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the Posts and Telegraphs Department is considering to withdraw the ban order issued by it on the creation of new posts of *mazdoors* (Regular) to absorb the casual labourers who have completed more than two years continuous service in the Telephone Districts ;

(b) whether the case for withdrawal of the said ban order is lying with the Posts and Telegraphs (Finance) for approval since March, 1971, and if so, the reasons therefor ; and

(c) the action proposed to be taken to expedite the issue of order withdrawing the ban on the creation of new posts of *mazdoors* ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Apparently the reference to the ban order in this part of the question is to the orders issued by the P and T Department on 30. 11. 67, according to which it was, *Inter alia*, decided that no new posts of regular *mazdoors* should be created till further orders in the Telephone Districts. The position has been recently reviewed and a decision has been taken that pending fixing of proper standards as a result of a regular study by the Work Study Unit of the P and T Directorate, 50% of the casual *mazdoors* who have put in service of five years and above on 1. 10. 1970 may be brought on regular establishment.

(b) The presumption made is not correct.

(c) The position has already been explained in the reply to part (a) above.

Persons Arrested for Spying for Pakistan and China

1399. KUMARI KAMALA KUMARI : Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 5975 on the 10th April, 1970 regarding persons arrested for spying for Pakistan and China and state :

(a) whether the requisite information has since been collected ; and

(b) if so, the broad outlines thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). Yes, Sir. 117 persons were arrested during the year 1969 for such activities. 76 of them were Indians, 33 Pakistanis, four Tibetans and the remaining four from Pak occupied Kashmir.

Absorption of Surplus Employees of Delhi Administration

1400. SHRI K. M. MADHUKAR : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the services of about 500

L.D.Os. employed by the Delhi Administration in 1965-66 on *ad hoc*/temporary basis, were terminated during the year 1968 on being declared surplus ;

(b) the number of persons out of those who have since been reinstated or absorbed in various offices of the Delhi Administration ; and

(c) the steps taken by Government to absorb the remaining persons and the time likely to be taken in absorbing them ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) to (c). LDCs appointed on *ad hoc*/temporary basis were accorded three opportunities during the years 1966 to 1968 to pass the prescribed competitive examination. A limited examination was also organised for *ad hoc* employees and the standard of this examination was kept lower than other competitive examinations. Those who qualified in these examinations were retained in service and the services of the failures (30) as well as those who did not take the examination deliberately (197) were terminated.

Three Harijans killed in Bilaspur District

1401. SHRI AMBESH : Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 1837 on the 7th August, 1970 regarding three Harijans killed in Bilaspur District (Madhya Pradesh) and state :

(a) whether Government have since received the report in this regard ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The assurance given in answer to the Lok Sabha unstarred question No. 1837 dated 7th August, 1970 was later fulfilled on the basis of information received from the Government of Madhya Pradesh. It was stated that three Satnamis of district Bilaspur had been murdered on the 2nd May, 1970. The Police had registered a case under sections 148, 149 and 302, IPC and had arrested 23 out of the 24 persons accused. The Police had taken

appropriate steps to ensure that there was no recurrence of the trouble. The progress made in the investigation/trial of the case is being ascertained from the Government of Madhya Pradesh.

गृह मन्त्रालय में उप-मन्त्री (श्री एक० एच० श्रीहस्तिन) : (क) पश्चिम बंगाल राज्य में नक्सलवादी तथा उग्रवादी तत्वों की गतिविधियों से उत्पन्न गम्भीर स्थिति से निपटने के लिए असेनिक प्रशासन की सहायता के लिए राज्य सरकार ने कुछ स्थानों पर केन्द्र से सेना तथा अन्य सशस्त्र बलों की सेवाएं प्राप्त की थीं ।

(ख) बीरभूम जिले में जब नक्सलवादियों पर प्रशासन का दबाव बढ़ा तो कुछ उग्रवादी बिहार राज्य में सन्थाल परगना के पड़ोसी जिलों में चले गये और अनेक हिंसात्मक कार्य किए ।

(ग) किन्तु बिहार सरकार को ऐसी कोई मांगें प्राप्त नहीं हुई हैं । लेकिन उग्रवादियों के विरुद्ध कार्यवाही करने का प्रश्न विधान सभा में उठाया गया था ।

(घ) नक्सलवादियों और उग्रवादियों की गतिविधियों को रोकने के लिए बिहार सरकार ने सभी आवश्यक कदम उठाये हैं जैसे आसूचना प्रबन्धों को सुदृढ़ करना, अधिक पुलिस तैनात करना, पुलिस गश्त तेज करना और पश्चिम बंगाल सरकार से समन्वय स्थापित करना ।

Attack on residents of Rajendra Prasad Colony Jadavpur (West Bengal)

1418. SHRI MADHURYYA HALDAR : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government are aware that the anti-social elements attacked with bombs and fire arms the peaceful inhabitants of Rajendra Prasad Colony, Jadavpur P. S., 24 Parganas District (West Bengal) on the 6th October, 1971 and killed Shri Ajit Bose, one of the inhabitants ; and

(b) if so, the steps taken by Government to book the culprits responsible for this attack and murder and to arrest the prevailing terror in the area ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According to the information received from the Government of West Bengal, no such incident took place. However, shortly after the mid-night of 6th/7th October, 1971, an explosion occurred in a house at Haripada Datta Lane, adjacent to Rajendra Prasad Colony, while some persons, reported to belong to CPI (M) were making bombs. As a result of the explosion, the house was badly damaged and some persons were injured. Three of the injured persons subsequently expired in the hospital. A case has been started over this incident.

Foreign Exchange for Small Car Project

1419. SHRI PILOO MODY : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government's attention has been invited to a report in the Motherland of the 9th September 1971, saying that contrary to understanding given to Parliament, Shri Sanjay Gandhi has been granted foreign exchange for importing certain machinery and components for his small car project ; and

(b) if so, the reaction of Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Shri Sanjay Gandhi has not been granted any foreign exchange for the import of plant and machinery or components for his passenger car project.

Malpractices in Indian Enterprises Abroad

1420. SHRI R. P. ULAGANAMBI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether 90 per cent of the 167 Indian enterprises abroad have not repatriated even a single paise so far ;

(b) whether some of the business men are indulging in malpractices ; and

(c) if so, the steps taken by Government to remedy the situation ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). As on 31st March, 1971, 125 proposals have been approved for joint ventures abroad, involving a total investment of roughly Rs. 18.2 crores. So far remittances have been made of approximately Rs. 86 lakhs which works out of the proposals approved to 4.7% in terms of the investment. There is need for systematic remittances by entrepreneurs who have established joint ventures abroad but may not have made regular remittances in full of the foreign exchange earned by them. It is necessary to ensure that all earnings, arising out of joint ventures abroad, are repatriated. This matter is under examination.

भोपाल स्थित हैवी इलेक्ट्रिकल्स लिमिटेड, में भर्ती

1421. डा० लक्ष्मीनारायण पांडेय : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) सरकारी क्षेत्र के उपक्रमों में तकनीकी और गैर-तकनीकी पदों पर सम्बन्धित राज्यों के व्यक्तियों की नियुक्ति करने के लिये सामान्यतः क्या मापदण्ड निर्धारित किया गया है ; और

(ख) भोपाल स्थित हैवी इलेक्ट्रिकल्स लिमिटेड में गत दो वर्षों में मध्य प्रदेश में और अन्य राज्यों के कितने-कितने व्यक्तियों को नियुक्त किया गया ?

औद्योगिक विकास मन्त्रालय में राज्य-मंत्री (श्री घनश्याम ओझा) : (क) सरकार की हमेशा यह नीति रही है कि स्थानीय लोगों को इस बात की शिकायत नहीं होनी चाहिए कि उनके ही क्षेत्रों में स्थित सरकारी क्षेत्र के उपक्रमों में उन्हें उपलब्ध रोजगार के अवसरों में पर्याप्त हिस्सा न मिल सके। इसे ध्यान में रखते हुए ये अनुदेश जारी कर दिए गए हैं कि सरकारी उपक्रमों में ऐसे पदों, जिनका वेतन 500 रु० से अधिक नहीं है, पर नियुक्तियाँ रोजगार कार्यालय के माध्यम से ही की जानी चाहिए, अन्य स्रोतों का सहारा तभी लेना

चाहिए जबकि रोजगार कार्यालय उपलब्ध न होने का प्रमाण-पत्र दे दे। इन अनुदेशों को ध्यान में रखते हुए हैवी इलेक्ट्रिकल्स (इण्डिया) लि० भोपाल में 210 रु० तथा इससे कम मासिक मूल वेतन के तकनीकी तथा वैज्ञानिक पदों को तथा 500 रु० और इससे कम मूल वेतन वाले गैर तकनीकी पदों को स्थानीय रोजगार कार्यालय के माध्यम से भरा जाता है। 210 रु० से अधिक वेतन वाले तकनीकी तथा वैज्ञानिक पदों तथा 500 रु० से अधिक वेतन वाले गैर-तकनीकी पदों के लिए केन्द्रीय रोजगार कार्यालय को सूचित कर दिया जाता है।

(ख) अपेक्षित जानकारी इकट्ठी की जा रही है और वह सभा-पटल पर रख दी जाएगी।

Voluntary cut in Salaries by Ministers for Bangla Desh Refugees

1422. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of HOME AFFAIRS be pleased to state the number of the Central Ministers, who have voluntarily offered cut from their salaries for the Bangla Desh refugees ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : All the Members of the Council of Ministers have accepted a cut in their respective salaries as a measure of economy in the context of Bangla Desh problems.

Activities of Pakistani Saboteurs in India

1423. SHRI K. LAKKAPPA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a bridge near Mohanpur on the Agartala-Simba road was destroyed by the Pakistani saboteurs on the 22nd October, 1971 ;

(b) if so, the extent of damage caused as a result thereof and whether any Pakistani saboteurs have been apprehended ; and

(c) the details of the protest lodged with Pakistan and the steps taken to check such recurrences ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According to information received from the Government of Tripura, on the 22nd October, 1971 at about 8.45 p.m. the wooden bridge near Mohanpur on Agartala-Simba Road was damaged as a result of explosion. The damage is estimated at Rs. 10,000/-. No arrests have been made so far in connection with the incident.

(c) No protest has been lodged with Government of Pakistan. Appropriate precautionary measures, have been taken to safeguard the security of our vulnerable points and vital installations.

Pakistani Agents in Camps for Bangla Desh Refugees

1424. **SHRI M. M. JOSEPH :**
SHRI HUKAM CHAND KACH-
WAI :
SHRI N. E. HORO :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether some Pakistani agents have entered in the camps set up for the Bangla Desh refugees ; and

(b) if so, the steps taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) No such arrest has been made in Bihar, Madhya Pradesh and Uttar Pradesh. The Government of Assam have intimated that 8 persons, including 2 from Meghalaya suspected to be Pak. agents entered camps set up for the refugees. They have been arrested and cases under Section 3 Official Secrets Acts/ 8 (B) of the Assam Maintenance of Public Order Act have been taken up against them. Information in respect of West Bengal and Tripura is awaited and will be laid on the Table of the House.

(b) The utmost vigilance is being maintained by all concerned agencies. Systematic arrangements exist for the registration, screening and interrogation of refugees.

Decline in Percentage of Working Population

1426. **SHRI S. P. BHATTACHARYYA :**
Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn to the fact that according to the 1971 Census, the working population of our country has come down to 34 per cent (1971) from 43 per cent (1961) of the total population ;

(b) if so, the causes for the decrease ; and

(c) the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) Yes, Sir.

(b) and (c). It may be because of difference in the concept and definition of "worker" adopted in the 1961 and 1971 Censuses, the two figures as such are not strictly comparable. Detailed tabulations of the census economic data have to be awaited in order to draw definite conclusions.

Discovery of Bombs, Mines and other Material by Border Security Force

1427. **SHRI H. M. PATEL :**
SHRI BIRENDER SINGH RAO :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Indian Border Security Force during the last few days have discovered bombs, mines and other materials for sabotaging in the country from the hide-outs of the Pakistani saboteurs on the eastern borders ; and

(b) if so, whether any action has been taken to check the activities of the Pakistani saboteurs in India ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a). Yes, Sir. In the past few weeks there have been a number of instances in which the Border Security Force unearthed anti-personnel mines and other explosives meant for sabotaging installations, from Pakistani saboteurs, who had sneaked into our territory adjoining East Bengal, at many places.

(b) The Border Security Forces and the State police forces have intensified the vigil all along the border areas which are being intensively patrolled ; besides, the people in these areas have also been actively assisting our security forces in rounding up these gangs.

Illegal Movement of Explosives detected in West Bengal

1428. SHRI JYOTIRMOY BOSU : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number and quantity of illegal movement explosives detected in West Bengal since 1968 ;

(b) the authorities who have detected them ;

(c) the steps taken by Government in this regard ; and

(d) the names of firms which have drawn enhanced quota of explosives ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (d). The information is being collected and will be laid on the Table of the House.

मितव्ययता के उपाय के रूप में मंत्रियों के वेतन में कटौती

1429. श्री आर० बी० बड़े :
श्री फूलचन्द वर्मा :

क्या गृह मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार के सभी मंत्रियों

ने मितव्ययता के उपाय के रूप में अपने वेतनों में कटौती किया जाना स्वीकार किया है ; और

(ख) यदि हां, तो एक मास में इस मितव्ययता कटौती की कुल राशि कितनी होगी ?

गृह मंत्रालय में उप-मंत्री (श्री एफ० एच० मोहसिन) : (क) जी हां, श्रीमान् ।

(ख) मंत्रिमंडल के सदस्यों तथा राज्य-मंत्रियों ने स्वेच्छा से अपने वेतनों में 10 प्रतिशत की कटौती तथा उप-मंत्रियों ने अपने वेतनों में 5 प्रतिशत की कटौती स्वीकार की है । मंत्रि-परिषद की वर्तमान संख्या के आधार पर कटौतियों की कुल राशि 9,812.50 रु० प्रति मास होती है ।

Setting up of Industrial Reorganisation Commission

1430. SHRI P. M. MEHTA :
SHRI P. GANGADEB :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government propose to set up an Industrial Reorganisation Commission to disperse the holding of large industrial Houses ; and

(b) if so, how far the Commission will help the country ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) No such proposal is under consideration in this Ministry.

(b) Does not arise.

Lock-out in Indian Tobacco Company

1431. SHRI MUHAMMED SHERIFF : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the management of the Indian

Tobacco Company had not taken permission from Government before declaring a lock-out in the factory on October 6, 1971; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA): (a) and (b). No permission is required to be obtained from the Central Government under the provisions of the Industries (Development and Regulation) Act, 1951 or Companies Act, 1956 for declaring such a lock-out. If, however, an industrial undertaking remains closed for a period exceeding 30 days, then the owner thereof is required to inform the Government of the fact within 7 days of the expiry of the said period of 30 days. The factory of Indian Tobacco Company is reported to have remained closed for 13 days only.

Setting up of Investment Guidance Centre in Calcutta

1432. DR. RANEN SEN: Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state:

(a) whether there is a proposal to set up an Investment Guidance Centre in Calcutta to assist the prospective investors to take investment decision;

(b) if so, the main features thereof; and

(c) when the Guidance Centre is expected to be set up?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) Yes, Sir.

(b) The Bureau will be an advisory body providing facilities of guidance to the entrepreneurs in matters relating to basic and factual information about investment prospects and needs etc. It is expected that the Bureau will assist in harnessing national resources for expanding production and employment opportunities.

(c) It is in the process of being setting up and is expected to start functioning soon.

Unearthing of Foreign Exchange Racket

1433. SHRI NAWAL KISHORE SHARMA: Will the PRIME MINISTER be pleased to state:

(a) whether a racket in connection with foreign exchange has been recently unearthed;

(b) if so, the total amount of foreign exchange seized from the gangsters;

(c) whether some arrests have been made in this regard;

(d) whether some missionaries and foreigners are involved in the racket; and

(e) the steps taken by Government to put a check on such rackets in the country?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) and (b). The reference appears to be a seizure made on 18th August, 1971 by the officers of the Special Customs Preventive at Kasargod, Mysore when some documents and foreign exchange amounting to about U. S. Dollars 10400 and £ 4003 were received.

(c) 15 persons have been arrested during further enquiries in connection with this seizure.

(d) Since the investigation into the matter is in progress, it will not be desirable to divulge the nature of the allegations or further details, as this may hamper the enquiry.

(e) The Directorate of Enforcement take action in accordance with law in specific cases of violations that come to notice. Appropriate legislative and administrative measures are taken from time to time to curb violations of Foreign Exchange Regulations.

Jammu and Kashmir Lottery Scandal

1434. SHRI MUKHTIAR SINGH MALIK:
SHRI YAMUNA PRASAD MANDAL:
SHRI HARI KISHORE SINGH:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the members of the Indian

Audit and Accounts Service have come under cloud in the Jammu and Kashmir Lottery Scandal ;

(b) whether Government have any organisation to act as a watchdog on its behalf in case of lotteries run by the State Government ; and

(c) the measures which Government propose to take to check malpractices in such cases ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). The required information is being collected and will be laid on the table of the House on receipt.

Measures for Civil Defence

1435. SHRI DINESH CHANDER GOSWAMI :
SHRI HARI KISHORE SINGH :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) the reason why inspite of serious threat of war from Pakistan, no effective measures for the Civil Defence have been taken in the country and more particularly in the Eastern region ; and

(b) what further steps Government are taking to make the Civil Defence more effective to meet the situations arising from the hostile neighbour across the border ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). Adequate steps within the means available are being taken by the Central and State Governments to strengthen civil defence measures in the various parts of the country including Eastern region. Some of these measures are installation of additional sirens, mobilisation of civil defence services including improved communications, and black-out exercises.

Creation of Artificial Shortage of Consumers goods by Manufacturing concerns

1436. SHRI SHIV KUMAR SHASTRI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government are aware that a large number of Companies, some of whom are manufacturing products such as Eveready Battery Cells, Sunlight soap, Colgate tooth paste, Safety Razor Blades are monopolist and have manoeuvred short supplies, are indulging in black-marketing through tagging i.e. pushing other products on the back of short supplied products ; and

(b) if so, the steps Government propose to take to stop such malpractices ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) Government have not received any such complaint against manufacturing companies.

(b) Does not arise.

Police Firing at Haldia (West Bengal)

1437. SHRI R. P. DAS : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether five persons were killed and a number of people injured at Haldia (West Bengal) on the 22nd September, 1971 as a result of the Police firing ; and

(b) if so, the action taken against the Police officials responsible for this firing ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) According to report received from the State Government a police party, which had gone to Haldia for apprehending offender was subjected to severe brickbatting by a mob of about 2,000 strong. The police opened fire in self-defence, as a result of which 15 persons were injured. 3 of them later died. 13 police officials were also injured as a result of brickbatting.

(b) An executive inquiry into the matter was being held and the report of the inquiry is awaited.

Sarkar Committee Report

1438. SHRI N. K. SANGHI : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether the Sarkar Committee has suggested the need for redefining the objective of the C. S. I. R. and to make the research now being done in the national laboratories more purposeful for industrial utilisation ;

(b) if so, whether for achieving the objective, Government have considered the desirability of effecting a report between the industrialists and the scientists to ensure that the plans for research are such that when completed, can be helpful for industrial exploitation ; and

(c) what particular steps have been taken by Government to realise the objectives ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) The Committee of Inquiry (CSIR) in their Report (Part-II) have recommended that in future the activities of the CSIR should be confined practically to industrial research and fundamental research should be undertaken only in areas where it is relevant to programmes of industrial research.

(b) and (c). The Committee has recommended that there should be an annual Get-together of industrialists and Scientists for exchange of views and for better appreciation of mutual problems. There was recently a research-industry meet organised by the Indian Merchants' Chamber, Bombay with the Directors of National Laboratories to create an atmosphere of mutual trust. Similarly the National Laboratories of the CSIR are taking initiative in organising Get-togethers in their respective fields of operation in a bid to come more closer to the industry.

3-Dimensional Map of India

1439. SHRIMATI SAVITRI SHYAM : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state ;

(a) whether Government are planning a 3-Dimensional map of India ;

(b) whether some foreign collaboration will be obtained for preparation of map or it will be prepared by the Indian experts only ;

(c) the main features of the map and the useful purpose expected to be served by this map ; and

(d) the approximate expenditure to be incurred on the scheme ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) No.

(b) to (d). 3-Dimensional maps have considerable advantages for engineers and planners in contour appreciation. But there are quite a number of technical difficulties involved both in the use of these maps and in their production. This matter, therefore, will have to be considered from all technical aspects.

Staff Working in C. S. I. R.

1440. SHRI FATEH SINGH RAO GAEKWAD : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether the non-research staff outnumber the research staff in the Council of Scientific and Industrial Research ;

(b) if so, the number, separately, of the research and non-research staff ;

(c) whether quite often persons have been given scientific designations in Divisions concerned with purchase, stores, publicity, publication etc. ; and

(d) the steps being taken by Government to reduce the number of non-research staff ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) and (b). There were 9444 Scientific and Technical Personnel and 2550 Administrative staff (excluding Class IV) in the C. S. I. R. and its National Laboratories/Institutes as on 31. 12. 1970.

(c) and (d). The Committee of Inquiry (CSIR) in their Report Part-I has *inter-alia* observed that quite often persons have been given scientific designations in divisions con-

cerned with purchase, stores, publicity, publications, library, information, extension services, manpower, pilot plant work, etc., when, from an analysis of their work and record, it would appear that they are clearly performing administrative/technical tasks. The Committee do not consider it correct to give scientific designations in these cases. The Committee has, therefore, recommended that the C.S.I.R. should reclassify all the existing posts into scientific, technical and administrative and for this purpose the Governing Body of the CSIR should appoint a broad-based Committee. The recommendation has been accepted by the Governing Body and a broad-based Committee has been appointed accordingly.

Expenditure on C. S. I. R.

1441. SHRI FATEH SINGH RAO GAEKWAD : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) the total expenditure on the Council of Scientific and Industrial Research during the last three years, year-wise, together with the amount on establishment expenditure ;

(b) whether the poliferation of non-research activities of the C. S. I. R. is consuming a sizeable proportion of the available funds ; and

(c) if so, the steps taken or proposed to be taken to reduce the expenditure on establishment ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) A Statement is attached.

(b) and (c). The expenditure on administration on an average comes to about 22% on the overall establishment expenditure of the C. S. I. R. as a whole during the last 8 years. The National Laboratories have been advised that the ratio of research staff supporting technical staff : administrative staff should be kept at 1 : 2 : 1 (including the strength of Class IV staff) and the imbalances where they exist, between scientific, technical and administrative staff should be corrected gradually and administrative expenditure on salaries should be brought down gradually to 20% and less of the total establishment expenditure.

Statement

The total expenditure on the CSIR during the last three years, year-wise together with the amount on establishment expenditure is as under :—

	(Figures in lakhs)		
	1968-69	1969-70	1970-71
Total Expenditure	1871.670	1839.680	2120.147
Establishment expenditure :			
(i) Administration	165.275	153.918	185.704
(ii) Scientific and Technical	564.400	534.465	643.301
Total	729.675	688.383	829.005

Note : The expenditure on establishment for the Month of March, 1969 was made in March, 1969. Hence the expenditure establishment for 1968-69 is for thirteen months while 1969-70 is for eleven months.

Non-Utilization of Existing Facilities in National Laboratories by Industrial Centres

1442. DR. KARNI SINGH : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether facilities existing in the National Laboratories located near industrial centres, have remained unused by industries despite representation of industrial interests on the Executive Council of the Laboratories, Scientific Sub-Committees, Advisory panels etc. ; and

(b) if so, the steps being taken for bringing industry and the Council of Scientific and Industrial Research close to each other for making the latter more responsive to the needs of farmer ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) No, Sir. The use of the laboratory facilities by way of sponsored research, consultancy, testing etc. by the industries is on the increase.

(b) The Sarkar Committee in Part II of their report has recommended that there should be an annual Get-together of industrialists and Scientists for exchange of views and for better appreciation of mutual problems. There was recently a research-industry meet organised by the Indian Merchants' Chamber, Bombay with the Directors of National Laboratories to create an atmosphere of mutual trust. Similarly the National Laboratories of the CSIR are taking initiative in organising Get-togethers in their respective fields of operation in a bid to come more closer to the industry.

Shortage of Steel Materials in Madhya Pradesh

1443. SHRI G. C. DIXIT : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the construction works of certain factories and plants are being handicapped at present in Madhya Pradesh owing to an acute shortage of steel materials ; and

(b) if so, the names of those factories and plants and the steps taken by Government to solve the problem ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). There is a general shortage of steel due to which the construction programmes of factories and plants both in the private and in the public sectors are getting delayed. This is an all India feature and to that extent is true of Madhya Pradesh also. Several steps are being taken to meet the steel shortage, such as efforts to increase production, regulation of exports and a liberal imports policy in respect of categories in short supply.

उत्तराखण्ड में यूरेनियम के निक्षेप

1444. श्री नरेन्द्र सिंह बिष्ट : क्या परमाणु ऊर्जा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तराखण्ड क्षेत्र में यूरेनियम के निक्षेप पाये गये हैं ;

(ख) यदि हां, तो निक्षेप कितने-कितने स्थानों पर पाये गये तथा इनका खुदाई कार्य कब तक आरम्भ हो जायेगा ; और

(ग) इनके परिणामस्वरूप कितने व्यक्तियों को रोजगार मिलने की आशा है ?

प्रधान मंत्री, परमाणु ऊर्जा मंत्री, इलेक्ट्रो-निक्की मंत्री, गृह मंत्री तथा सूचना और प्रसारण मंत्री (श्रीमती इन्दिरा गांधी) : (क) से (ग). उत्तराखण्ड के चमोली जिले के पोखरी, तुंजी, ओखीमठ, मंडल, रुद्रप्रयाग और चमोली तथा जिला पिथौरागढ़ के किरोली और कल्लेटी नामक स्थानों के आसपास बहुत से स्थलों पर थोड़ी-थोड़ी मात्रा में यूरेनियम पाया गया है। इनमें से कुछ निक्षेपों की जांच विस्तृत रूप से की जा रही है किन्तु अभी तक कोई ऐसा निक्षेप नहीं मिला है जिससे यूरेनियम की बड़ी मात्रा प्राप्त हो सके। इसलिए अभी यह अनुमान नहीं लगाया जा सकता कि यहां कितने लोगों को रोजगार मिल सकेगा।

Recommendations of the Committee on Defections

1445. SHRI HARI KISHORE SINGH : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have since taken a decision on the recommendations of the Committee on Defections ; and

(b) if so, the broad features of the decisions taken ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). Legislative proposals giving effect to the recommendations of the Committee on Defections had been placed before the leaders of various political parties on 10th December, 1970. Comments of the Chief Ministers of States have now been invited on these proposals. Replies from some of the Chief Ministers are awaited.

Manufacture of Consumer Goods with Soviet Collaboration

1446. SHRI N. K. SANGHI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the Soviet Union has offered to the Government of India to have certain of their consumer goods manufactured in India with Soviet raw materials ;

(b) the terms and conditions of the offer with particular reference to the items required by the Soviet Union ; and

(c) whether the terms of offer in each case has been processed by this Ministry and, if so, whether an agreement has been entered into in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). An agreement has been reached between India and Soviet Union about the supply of raw cotton to India for processing. In terms of the agreement which is for a period of 4 years commencing from 1972, India would receive every year approximately 20,000 metric tons of Russian cotton for conversion into cotton textiles and manufactures to be exported back to the USSR. India will get conversion charges, which would be mutually settled every year. The protocol envisaging the various details of the agreement would be signed shortly.

Manufacture of Consumer Goods in Public Sector

1448. SHRI P. GANGADEB :
SHRI P. M. MEHTA :
SHRI MUKHTIAR SINGH MALIK :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government are considering to enter the field of consumer industries in a big way and also to set up profit yielding industries ;

(b) if so, the names of those industries ; and

(c) how far Government is hopeful of its success ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). It has been decided in principle that the role of public sector should be expanded and extended to new fields, including those consumer industries in which major production gaps are likely to develop in coming years. A final selection of such industries to be taken up in the public sector has not been completed so far.

National Committee on Science and Technology

1449. SHRI P. GANGADEB :
SHRI DHARAMRAO AFZALPURKAR :
SHRI P. M. MEHTA :

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether the Union Government are considering a proposal to set up National Committee on Science and Technology ; and

(b) if so, when it is likely to be set up ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) and (b). The Government has set up a National Committee on Science and Technology to advise and assist Government on matters pertaining to development of science and technology in the country, particularly on the preparation, updating and evaluation of national scientific and technological plans, both Five Year and Perspective Plans, in close cooperation with the Planning Commission. The Committee's work was inaugurated by the President on 16.11.1971.

Paper and Printing Crisis in P&T Department

1450. SHRI P. GANGADEB :
SHRI P. M. MEHTA :

Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the Posts and Telegraphs Department is in the midst of paper and printing crisis ;

(b) the total paper requirements for the printing of Posts and Telegraphs material; and

(c) the steps taken to overcome the shortage?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Some difficulty has been experienced in the printing of P&T forms due to inadequate supplies of paper.

(b) Approximately 15,000 tons only.

(c) (i) A survey of the stocks of P&T forms held by various P&T offices has been taken in hand with a view to diverting the stocks in excess of immediate requirements to other offices where there is a shortage.

(ii) Heads of P&T Circles have been authorised to purchase paper from the open market up to four months' requirements for printing of forms which are not available. Their financial powers in this regard have also been increased.

(iii) A review has been taken in hand regarding the distribution of circulars and notices to cut down on the number printed.

(iv) A cell is being created in the P&T Directorate to rationalise forms and reduce their number with a view to economy.

(v) The inadequate supply of P&T forms the Government of India Forms Presses has been brought to the notice of the Ministry of Works, Housing and Urban Development. The Ministry of Industrial Development is also taking action in regard to the inadequate supply of paper.

उत्तर प्रदेश के पिछड़े जिले

1451. श्री मुल्कीराज सैनी : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) उत्तर प्रदेश में कितने जिलों को पिछड़ा हुआ घोषित किया गया है ; और

(ख) किन जिलों को पर्वतीय जिले माना गया है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) राज्य सरकार ने 27 जिलों को "पिछड़ा" निर्धारित कर उन्हें तदनुसार मान्यता प्रदान की है।

(ख) पहाड़ी जिलों के नाम इस प्रकार हैं :

1. नैनीताल
2. अल्मोड़ा
3. चमोली
4. उत्तरकाशी
5. देहरादून

इसके अलावा, टिहरी गढ़वाल, गढ़वाल, और पिथौरागढ़ को पहाड़ी और सीमान्त जिले माना गया है।

जिलों तथा क्षेत्रों को पिछड़ा हुआ घोषित करने का आधार

1452. श्री मुल्कीराज सैनी : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) पिछड़े जिले और पिछड़े क्षेत्र घोषित करने का क्या आधार है ;

(ख) पिछड़े क्षेत्रों के विकास के लिये सरकार ने क्या विशेष उपाय किये गये हैं ;

(ग) क्या सरकार उत्तर प्रदेश के सहारनपुर जिले के गंगा और यमुना नदियों के खादर और घाड़-क्षेत्रों को पिछड़ा हुआ मानती है ; और

(घ) यदि हां, तो क्या इस क्षेत्र के लिये सरकार का विचार विशेष अनुदान देने का है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) योजना आयोग ने पिछड़े जिलों के निर्धारण के लिए संलग्न विवरण 1 के अनुसार राज्यों को आधार के एक सेट का सुझाव दिया था।

(ख) पिछड़े क्षेत्रों के विकास के लिए समुचित कार्यवाही करने की जिम्मेदारी राज्य

सरकारों की है। भारत सरकार तथा राज्य सरकारों ने पिछड़े क्षेत्रों के विकास के लिए जो विशेष उपाय अपनाये हैं, वे नीचे दिए जा रहे हैं :

- (1) चौथी पंचवर्षीय योजना के लिए विभिन्न राज्यों में केन्द्रीय सहायता आवंटित करते समय विशेष समस्याओं वाले असम, नागालैंड और जम्मू तथा कश्मीर राज्य के लिए व्यवस्था कर बाकी वितरण के लिए उपलब्ध धनराशि का 10 प्रतिशत राष्ट्रीय औसत से कम प्रतिव्यक्ति आय वाले 6 राज्यों यानी बिहार, उड़ीसा, राजस्थान, केरल, मध्य प्रदेश और उत्तर प्रदेश को केन्द्रीय सहायता के रूप में दे दी गई है।

- (2) नौ राज्यों (आंध्र प्रदेश, असम, जम्मू तथा कश्मीर, केरल, मध्य प्रदेश, मैसूर, उड़ीसा, राजस्थान तथा पश्चिम बंगाल) के संसाधनों की गैर-योजना कमी, जिसके चौथी योजना अवधि में 795.23 करोड़ रुपये होने का अनुमान है, केन्द्र द्वारा पूरी की जा रही है ताकि वे उन सभी अतिरिक्त संसाधनों का उपयोग कर सकें जिन्हें वे अपने विकास कार्यक्रमों के वित्त-पोषण के लिए चौथी योजना अवधि के दौरान जुटा सकते हैं।

- (3) सभी पहाड़ी तथा सीमान्त क्षेत्रों के विकास के लिए केन्द्रीय सहायता का एक उदार आधार विकसित किया गया है। उनके विकास का पूरा व्यय सम्बन्धित प्रत्येक राज्य को की जाने वाली कुल केन्द्रीय सहायता की सीमान्तर्गत भारत सरकार द्वारा वहन किया जा रहा है। मेघालय, असम, नागालैंड

जम्मू-कश्मीर (लद्दाख) तथा हिमाचल प्रदेश (लाहौल, स्पीति तथा किन्नौर जिले) में इस पर होने वाला 90 प्रतिशत व्यय अनुदान के रूप में दिया जाता है। शेष 10 प्रतिशत अंश को ऋण माना जाता है। उत्तर प्रदेश की पहाड़ी तथा सीमान्त जिलों, दार्जिलिंग (पश्चिमी बंगाल) तथा नीलगिरी (तमिलनाडु) में केन्द्रीय सहायता का आधार 50 प्रतिशत अनुदान तथा 50 प्रतिशत ऋण है।

- (4) असमानताओं को कम करने का एक महत्वपूर्ण उपाय पिछड़े क्षेत्रों में औद्योगिक विकास की गति को तीव्र करना है। पांडे तथा बांचू समितियों की रिपोर्टों में निर्धारित कसौटियों के अनुसार राज्य सरकारों के सहयोग से उन जिलों का अभि-निर्धारण तथा उनको अधिसूचित कर दिया गया है, जिन पर ध्यान देने की आवश्यकता है। सरकारी क्षेत्र में ऐसे स्थानों पर बड़ी औद्योगिक परियोजनाओं की स्थापना को वरीयता दी जा रही है, बशर्ते कि वे तकनीकी आर्थिक दृष्टियों से सम्भाव्य समझे जायें। लाइसेंस समिति भी पिछड़े क्षेत्रों से प्राप्त निवेदन पत्रों को प्राथमिकता देती है।

- (5) एक केन्द्र प्रायोजित स्कीम के अन्तर्गत 489 जनजाति विकास खण्डों के लिए चौथी पंचवर्षीय योजना में 32.50 करोड़ रुपये का आवंटन किया गया है।

- (6) कुछ राज्यों में जिला योजनाएं बनाई जा रही हैं जिनसे पिछड़े क्षेत्रों की समस्याओं का पता लगाया जा सकेगा तथा इन समस्याओं का

पता लगाया जा सकेगा तथा इन समस्याओं के हल के उपाय ढूँढने में भी ये सहायता करेंगी।

- (7) वित्तीय तथा ऋण संस्थाओं से नए उद्योगों के लिए रियायती वित्त हेतु सारे देश में औद्योगिक दृष्टि से पिछड़े हुए 209 जिलों का चयन किया गया है। इसके अतिरिक्त आंध्र प्रदेश, असम, बिहार, जम्मू तथा कश्मीर, मध्य प्रदेश, नागालैंड, उड़ीसा, पश्चिम बंगाल तथा उत्तर प्रदेश इन औद्योगिक दृष्टि से पिछड़े 9 राज्यों में से प्रत्येक के चुने हुए दो जिलों में तथा शेष राज्यों तथा संघ शासित क्षेत्रों में से प्रत्येक के एक जिले में ऐसे नए एककों के स्थिर पूंजी निवेश के 10वें अंश के बराबर केन्द्रीय सरकार सीधा अनुदान या राजसहायता देती है जिनका कुल स्थिर निवेश प्रत्येक के मामले में 50 लाख रुपये से अधिक नहीं है।

- (8) ग्रामीण जनसंख्या के कमजोर वर्ग और शुष्क तथा अनुर्वर क्षेत्रों के विकास के लिए बृहद् आकार के विशेष कार्यक्रम कार्यान्वित किये जा रहे हैं। इन विशेष कार्यक्रमों की स्वीकृति तथा कार्यान्विति केन्द्रीय समन्वय समिति के मार्गदर्शन में किया जा रहा है। इस समिति के अध्यक्ष योजना आयोग के एक सदस्य हैं। 46 छोटे कृषक विकास अभिकरण परियोजनाएं, उप-सीमान्त किसानों और कृषि अभिकों के लिए 41 परियोजनाएं और शुष्क क्षेत्रों में किसानों के लिए 24 परियोजनाएं स्वीकृत की जा चुकी हैं। 54 निरन्तर सूखाग्रस्त क्षेत्रों में ग्रामीण निर्माण के लिए समेकित कार्यक्रम शुरू करने के

लिए 100 करोड़ रुपये की व्यवस्था की गई है।

- (9) हाल में ग्रामीण बिजलीकरण निगम का गठन किया गया है जो पिछड़े क्षेत्रों में ग्रामीण बिजलीकरण कार्यक्रमों के लिए राज्य बिजली बोर्डों को रियायती शर्तों पर वित्तीय सहायता दे रहा है।

(ग) सहारनपुर जिले के गंगा और यमुना नदियों के खादर घाड़ क्षेत्रों को राज्य सरकार ने पिछड़ा हुआ नहीं माना है।

(घ) केन्द्रीय सरकार किसी पिछड़े क्षेत्र को इस प्रकार का विशेष अनुदान नहीं देती। किसी राज्य को चौथी योजना में कितनी केन्द्रीय सहायता दी जाय, इसका निश्चय करने में अपने पिछड़ेपन से निपटने की राज्य सरकार की आवश्यकता को भी ध्यान में रखा जाता है।

Strength of C. R. P.

1453. SHRIMATI BIBHA GHOSH GOSWAMI : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have increased eight more battalions to the Central Reserve Police recently ;

(b) if so, the present force of the Central Reserve Police ;

(c) whether the group centres for stationing the Central Reserve Police are proposed to be raised ; and

(d) if so, the reasons therefor and the expenses likely to be incurred ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) The total sanctioned strength of C.R.P. is 60 battalions out of which 8 are, at present, under raising.

(c) No, Sir.

(d) Question does not arise.

Classification of Detenus kept in Jails in West Bengal under P. V. A. Act

1454. SHRI SAROJ MUKHERJEE : Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Starred Question No. 1707 on the 11th August, 1971, regarding the classification of detenus kept in Jails in West Bengal under the Prevention of Violent Activities Act and state :

(a) whether the necessary information has since been collected from the State Government of West Bengal ; and

(b) if so, the broad outlines thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According

*इसमें वे क्षेत्र सम्मिलित हैं—बोया गया शुद्ध क्षेत्र, वर्तमान पड़ती भूमि, वर्तमान पड़ती भूमि के अलावा पड़ती

to the information received from the Government of West Bengal, persons detained under the West Bengal (Prevention of Violent Activities) Act, 1970, are classified into two groups namely, Group A and Group B, corresponding to 'under-trial prisoners' in Division II and Division I, respectively, under the West Bengal Jail Code, for the purpose of treatment in jails. The detenus in both groups are entitled to get such facilities as : (i) medical attendance, (ii) to appear at university examinations or examinations conducted by the Board of Secondary Education, West Bengal, from the jails, (iii) family allowance for dependents, (iv) study allowance of Rs. 15/- per month and (v) maintenance of private funds with money received from the relatives of prisoners, which were enjoyed by Group C detenus under the Preventive Detention Act, 1950. Group B detenus are also entitled to monthly personal allowance for purchase of articles like newspapers, periodicals, clothings, stationery, toilet articles, etc. The classification of detenus into C Group, which was made under the Preventive Detention Act, 1950, corresponded to the classification 'civil prisoners' under the West Bengal Jail Code, who, under the provisions of the Code, had free access to visitors from outside. As the detentions under the West Bengal (Prevention of Violent Activities) Act, 1970, are ordered in respect of persons who commit or are likely to commit or instigate the commission of grave offences, the State Government have not considered it desirable, taking into consideration the security and other relevant considerations, to extend to such detenus the disciplinary conditions applicable to 'civil prisoners' under the West Bengal Jail Code and, hence, no classification of detenus into C Group has been made.

Manufacture of Batteries

1455. SHRI N. E. HORO :
SHRI G. Y. KRISHNAN :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government are considering the question of setting up factories to manufacture batteries ; and

(b) if so, the main features of the scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Government have under consideration proposals for setting up a factory for the manufacture of 2.5 lakh nos. of Storage batteries and train lighting cells and another for the manufacture of 120 million nos. of dry cells and midget electrodes. Detailed Project Reports for both these projects are under preparation.

Distribution of Soviet Literature in India

1456. SHRI K. MALLANNA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the U.S.S.R. literature is distributed in India on a very large scale at present ; and

(b) if so, the number of languages in which this literature is circulated ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). Information regarding Soviet periodicals printed and published in India is contained in the annual reports of the Registrar of Newspapers which are placed on the table of the House. Such periodicals are published in thirteen languages including English. The value in rupees of books, newspapers and periodicals imported from USSR was Rs. 0.29 lakhs in 1967-68, 2.83 lakhs in 1968-69 and 0.57 lakhs in 1969-70. The imported literature is generally in English.

Issue of Licences for setting up Small Industries in Madhya Pradesh

1457. SHRI RANABAHADUR SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the Madhya Pradesh Government have requested the Central Government to issue licences to 10 small industries in the State ; and

(b) if so, the names of parties and places where these industries are to be set up ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). Information has been sought

from the Madhya Pradesh Government and will be laid on the Table of the House.

Production in Industries Beyond Licensed Capacity

1458. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to refer to the reply given to Unstarred Question No. 142 dated the 25th May, 1971 regarding the production by Industrial concerns beyond licensed capacity and state :

(a) whether any action has since been taken against the firms ; and

(b) if so, the nature thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The matter is still under the consideration of Government.

Setting up of Cement Factory in Gulbarga

1459. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether a Cement Factory was set up in Gulbarga (Kurakunta) by the Cement Corporation of India with the grant of 10 crores of rupees ;

(b) the date on which the work was started ; and

(c) its progress and the time by which this project would be completed ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (GHANSHYAM OZA) : (a) The Cement Corporation of India has set up a Cement Factory at Kurkunta in Gulbarga District of Mysore State at an estimated cost of Rs. 510.27 lakhs, composed of equity and loans advanced by the Govt. of India.

(b) June, 1966.

(c) The erection of plant and machinery etc. had been completed and load trial of raw mill is in progress after which the kiln will be lighted. The factory is expected to start commercial production early in 1972.

Foreign Collab

1460. SHRI SAMAR MUKHERJEE : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to refer to the reply given to Unstarred Question No. 7469 on the 10th August, 1971 regarding foreign collaboration agreements and state :

(a) whether the requisite information has since been collected ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The information is still being collected and will be laid on the Table of the House.

Representatives of News Papers Agencies Accompanying Prime Minister, Ministers, Official Delegation etc.

1461. SHRI K. LAKKAPPA : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether newspapers and news agencies send their representatives to accompany the President, Vice-President and the Prime Minister, Ministers or other Official Delegations going abroad ; and

(b) if so, the number and names of such representatives who went abroad during the last three years alongwith the President, Vice-President, Prime Minister, Minister and other Official Delegations ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Newspapers and news agencies sometimes make arrangements at their own cost to cover the tours of the President and the Prime Minister abroad. Sometimes, however, a limited number of seats are available in the (VIP) plane for the Press free of charge. On such occasions, selected journalists are provided free air travel by Government. No newspaper or news agency ordinarily sends its representative abroad to cover the visits of other dignitaries or Parliamentary Delegations.

(b) A list of Press representatives who went abroad during the year 1969, 1970 and 1971 to cover the visits of the President and the Prime Minister is laid on the Table of the House. [Placed in Library See. No. LT—1103/71]

Alleged Killing of Persons in the Name of Naxalites in Punjab

1462. SHRI DINESH JOARDER : Will the Minister of HOME AFFAIRS be pleased to state :

(a) the total number of people shot dead or killed by the Police in the name of Naxalites in Punjab (from the 1st May to 15th October, 1971) ;

(b) whether the attention of Government has been drawn to the protests made by the Communist Party of India (Marxists) and other political parties in the State against the brutal killings ;

(c) if so, whether Government propose to institute any inquiry in regard thereto ; and

(d) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) According to information received from the State Government, five Naxalites were killed during encounters with police.

(b) Yes, Sir.

(c) and (d). Magisterial inquiries were conducted in all these cases and the findings of these inquiries do not disclose any justification for fresh inquiries.

Completion of Major and 'Continuing' Scheme during Fourth Plan

1463. SHRI M. RAM GOPAL REDDY : Will the Minister of PLANNING be pleased to state :

(a) whether the cost of 50 major and 161 'Continuing' schemes included in the Fourth Plan has already doubled raising it to nearly Rs. 1,400 crores ;

(b) the steps being taken by Government for speeding completion of these projects ; and

(c) the time by which these will be completed ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) to (c). From the question it is not clear which schemes are being referred to. However, it is seen that in some sectors the cost of some Major and continuing schemes has gone up, but in no case has the cost doubled as indicated in the question.

As a consequence of the Mid-term Appraisal which is now being conducted in the Planning Commission, it has been proposed that in future there should be a shelf of well prepared projects from which proper selection could be made for inclusion in the five year plans. Such a system would ensure not only speed in implementation but also an adequate check on cost escalation. No doubt, this will involve considerable preparatory work on the part of the agencies in charge of project formulation.

In the absence of details relating to the projects the Hon'ble Member has in mind it is not possible to give an indication of the time of completion.

Production of Raw Films

1464. SHRI N. K. SANGHI :
DR. KARNI SINGH :
SHRI FATEH SINGH RAO GAEKWAD :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the country is faced with an acute shortage of raw films ;

(b) whether the scarcity has arisen because of the failure of the public sector Film Factory at Ootacamund to produce even 50 per cent of its rated capacity on the one hand and stoppage of imports on the other ;

(c) if so, whether Government have made an overall assessment of the requirement of the country's annual needs especially of X-ray

films and the steps taken or proposed to be taken to gain near self-sufficiency ; and

(d) the steps taken to ensure that during the interim period the supply of X-ray films vital for modern treatment is not hampered by shortages and the patients do not suffer as a result thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Yes, Sir.

(c) and (d). M/s. Hindustan Photo Films Manufacturing Co. Ltd., Ootacamund, are engaged in the manufacture of following types of films :

- (i) Cine Film Positive (Black & White).
- (ii) Cine Film Sound.
- (iii) X-ray film.
- (iv) Roll film.
- (v) 35 mm Negative film.

Due to the complex processes involved in the manufacture of these items and due to certain technical difficulties faced by the Company in the matter of utilisation of indigenous raw materials, the Company could not achieve their rated capacity so far, particularly in x-ray film.

The current demand for x-ray films is placed around 1.3 to 1.5 million sq. mts. per annum. Imports have been authorised to meet the requirements of x-ray films. Hindustan Photo Films also have been allowed to import Jumbo Rolls for conversion into x-ray films and sale in the market. The Company is making all efforts to get over the technical problems to achieve the rated capacity of 1 million sq. meter of x-ray film.

Issue of Licences to Private Parties for manufacture of Small Car

1465. SHRI BIREN DUTTA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the proposed low-cost car

production unit is to be undertaken with foreign collaboration with a number of firms like Fiat and Nissan ;

(b) whether Government have already given two licences to Indian parties to produce Small cars ; and

(c) if so, the reasons why Government are collaborating with foreign firms when there is indigenous talent available ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a). It is presumed that the question relates to manufacture of passenger cars in the public sector. The proposals made by foreign automobile manufacturers interested in collaborating in the public sector car project are under examination.

(b) Three parties in the private sector have been granted letters of intent for the manufacture of passenger cars subject to certain conditions. These letters of intent will be converted into industrial licences after the parties have fulfilled, the conditions of the letters of intent.

(c) A proven indigenous design for a passenger car has yet to be evolved. Further more, for the proposed public sector car project, mass production technology will be needed. Such mass production technology is not yet developed indigenously and foreign assistance has to be availed of for the purpose. For these reasons, while it is Government's policy to encourage the development of indigenous talent, design and technology, they have come to the conclusion that foreign collaboration is necessary for the establishment of the public sector car project.

Manufacture of Passenger Buses in Public Sector

1466. SHRI MUKHTIAR SINGH MALIK : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether there is any proposal under consideration of Government to start produc-

tion of Passenger buses in the public sector in the country ;

(b) if so, the main features thereof ; and

(c) the funds allocated for the purpose ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) No, Sir.

(b) and (c). Do not arise.

State Sector Scooterette Project

1467. SHRI MUKHTIAR SINGH MALIK : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state the progress so far made in the matter of preparation of feasibility of State Sector Scooterette project ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : There is no proposal under consideration for the manufacture of scooterettes in the public sector.

Setting up of Industries in U. P.

1468. SHRI RAJDEO SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the Central Government have undertaken an industrial survey of Uttar Pradesh ;

(b) if so, the names of the industries which are likely to be set in public and private sectors respectively in that State during the remaining period of the Fourth Five Year Plan ;

(c) whether the Uttar Pradesh Government have requested the Central Government for the setting up of any particular type of industry in public sector ; and

(d) if so, the main features of the scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The Industrial Development Bank of India, in collaboration with agencies like the Industrial Finance Corporation of India, the Industrial Credit and Investment Corporation of India, etc. has made a survey of the State of Uttar Pradesh and its report is under preparation.

(c) and (d). Recently the U. P. Government had requested the Central Government to put up projects in the state in the public sector for the manufacture of (i) Paper/Pulp, (ii) Scooters, (iii) Small Cars, (iv) Oil Refinery and (v) Nuclear power station.

The request of the State Government will be kept in view by the respective departments while taking a decision on the individual projects.

Security Deposits with Scooter manufacturing factories

1469. SHRI RAJDEO SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of persons along with the money deposited by them as security with the scooter manufacturing factories for the purchase of scooters ; and

(b) the number of scooters produced by the factories every month and by what time these factories will be able to meet the requirements of their customers ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : 4,19,721 persons had registered their names for two-wheeler scooters and 25,978 for three-wheelers as on 31.10.1971. They have made deposits at the rate of Rs. 250/- each for two-wheelers and Rs. 500/- each for three-wheelers in the post offices by opening Security Deposit Accounts and pledging them to the respective dealers ;

(b) The monthwise production of scooters by the different manufacturing units during the year 1971 is as under :

	Automobile Products of India		Bajaj Auto		Enfield	Escorts
	2	3	2	3	2	2
	wheeler	wheeler	wheeler	wheeler	wheeler	wheeler
January	2020	—	3880	395	6	959
February	2312	—	3179	384	8	251
March	1227	—	2173	297	10	201
April	1977	127	4606	309	5	205
May	2200	94	3915	198	—	285
June	2340	161	3250	406	—	250
July	2423	225	3420	365	—	175
August	1920	164	3276	440	9	225
September	2000	180	3100	376	5	271
	18,419	951	30,799	3,170	43	1,922

The schemes of these units for effecting substantial expansion in their units are at various stages of consideration by the Government. If these schemes are approved by the Government and their production materialises, the supply position will improve.

Investment in large and Small Scale Industries

1470. SHRI RAJDEO SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the total investment in large and small scale industries in India as on the 30th October, 1971 ; and

(b) the total number of persons employed in large scale and small scale industries respectively in India as on the said date ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) The figures of total investment in large and small industries in India as on 31.10.71 are not available, as the relevant data regarding investment especially in Private Sector becomes available after a considerable lapse of time. However, the investment in large and medium industries and mineral projects in the Public Sector is provisionally estimated to be of the order of Rs. 515 crores during 1970-71.

(b) The total number of persons employed in manufacturing industry, as at the end of March, 1970 is approximately 46.8 lakhs in the

public and private sectors taken together. This information is available in the Economic Survey 1970-71 (pp. 109-110).

भारत में पाकिस्तानी नागरिकों की घुसपैठ

1471. श्री हुकुम चन्द कछवाय : क्या गृह मंत्री भारत में पाकिस्तानी नागरिकों की घुसपैठ के बारे में 11 अगस्त, 1971 के अतारंकित प्रश्न संख्या 7598 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या अपेक्षित जानकारी इस बीच प्राप्त कर ली गई है ; और

(ख) यदि हां, तो इसकी मुख्य मुख्य बातें क्या हैं ?

गृह मंत्रालय और कार्मिक विभाग में राज्य-मंत्री (श्री राम निवास मिर्जा) : (क) और (ख). जम्मू व कश्मीर और राजस्थान सरकारों से अपेक्षित सूचना प्राप्त नहीं हुई है। जैसे ही यह प्राप्त हो जायगी, उसे सदन के पटल पर रख दिया जायगा। नागरिकों के

सूचित किया है कि 1-1-1968 से 1-1-8-1971 तक की अवधि में ऐसी घुसपैठों के कोई दृष्टान्त नहीं हुए हैं।

असम के मामले में राज्य सरकार द्वारा प्रेषित सूचना के अनुसार 1968, 1969 तथा 1970 वर्षों के दौरान पाकिस्तान से घुसपैठियों की संख्या 12818 थी। जिसमें 11,452 गिरफ्तार किये गये और निष्कासित कर दिये गये।

नई दिल्ली में पाकिस्तानी उच्चायोग के सामने भारतीय जनसंघ के प्रदर्शनकारियों पर लाठी-चार्ज

1472. श्री हुकम चन्द कछवाय : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अगस्त, 1971 में भारतीय जनसंघ के तत्वावधान में नई दिल्ली स्थित पाकिस्तानी उच्चायोग के सामने एक प्रदर्शन किया गया था ;

(ख) क्या प्रदर्शनकारियों पर अश्रु-गैस तथा लाठी-चार्ज किया गया था ; और

(ग) यदि हां, तो इसके क्या कारण थे ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) से (ग). दिल्ली प्रशासन से प्राप्त सूचना के अनुसार भारतीय जनसंघ ने 7 अगस्त, 1971 को बंगला देश की समस्याओं के सिलसिले में नई दिल्ली स्थित पाकिस्तान उच्चायोग के सामने एक प्रदर्शन किया था। पुलिस ने प्रदर्शनकारियों को उच्चायोग के अहाते में प्रवेश करने तथा उसकी सम्पत्ति को कोई क्षति पहुंचाने से रोकने के प्रबन्ध किये थे। प्रदर्शनकारियों ने पुलिस के दो चेरों को तोड़ा और तीसरे पर पहुंच गये। इस अवस्था में सब-डिवीजनल मजिस्ट्रेट के आदेशों के अन्तर्गत पुलिस को प्रदर्शनकारियों को तितर-बितर करने के लिए अश्रुगैस के 47 गोले छोड़ने पड़े। लाठी नहीं चलाई गई। कुल

547 प्रदर्शनकारियों को गिरफ्तार किया गया। इस घटना में 41 पुलिस कर्मचारियों तथा 9 प्रदर्शनकारियों को मामूली चोटें आईं।

दिल्ली में कांग्रेस दल द्वारा आयोजित ईजी

1473. श्री हुकम चन्द कछवाय : क्या गृह मंत्री यह बताने की कृपा करेंगे :

(क) क्या यह सच है कि 9 अगस्त, 1971 को कांग्रेस दल के तत्वावधान में दिल्ली में एक रैली का आयोजन किया गया था ;

(ख) क्या प्रबन्ध के लिए अन्य राज्यों से पुलिस बुलाई गई थी ; और

(ग) इस सम्बन्ध में सरकार ने कुल कितना रुपया व्यय किया है ?

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण चन्द्र पन्त) : (क) जी हां, श्रीमान्।

(ख) जी हां, श्रीमान्। उत्तर प्रदेश, हरियाणा, राजस्थान और मध्य प्रदेश से 21 कम्पनियां मंगाई गई थीं।

(ग) इस सम्बन्ध में हुए व्यय का व्यौरा अभी नहीं दिया जा सकता, क्योंकि इन राज्य सरकारों से अभी बिल प्राप्त नहीं हुए हैं।

देश में जासूसों की गतिविधियां

1474. श्री हुकम चन्द कछवाय : क्या गृह मंत्री देश में जासूसों की गतिविधियों के सम्बन्ध में 21 जुलाई, 1971 के अतारांकित प्रश्न संख्या 5482 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या जम्मू-कश्मीर, उत्तर प्रदेश, पंजाब और पश्चिमी बंगाल की राज्य सरकारों से अपेक्षित सूचना इस बीच एकत्र कर ली गई है ; और

(ख) यदि हां, तो उसका व्यौरा क्या है ?

गृह मंत्रालय और कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्धा) : (क) और (ख). जम्मू व कश्मीर, पंजाब, उत्तर प्रदेश तथा पश्चिम बंगाल सरकारों द्वारा दी गई सूचना के अनुसार उल्लिखित अवधि के दौरान पाकिस्तानी जासूस होने के सन्देह में 61 व्यक्ति गिरफ्तार किये गये थे और उनके विरुद्ध मामलों की जांच की जा रही है।

प्रधान मंत्री के चुनाव सम्बन्धी दौरों पर व्यय

1475. श्री हुकम चंद कछवाय : क्या गृह मंत्री प्रधान मंत्री के चुनाव सम्बन्धी दौरों पर व्यय के सम्बन्ध में 30 जून, 1971 के अतारांकित प्रश्न संख्या 3485 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(ख) यदि नहीं, तो सूचना कब तक एकत्र कर सदन के पटल पर रख दी जायगी ?

गृह मंत्रालय में उप मंत्री (श्री एफ. एच. मोहसिन) : (क) जी नहीं, श्रीमान्। सूचना अभी तक एकत्रित नहीं हुई है।

(ख) सूचना यथाशीघ्र सदन के पटल पर रख दी जायगी।

A.R.C.'s recommendations re : functions of Officers of I. C. S. and I. A. S. Cadres

1476. SHRI D. B. CHANDRA GOWDA : Will the PRIME MINISTER be pleased to state :

(a) whether Government have since accepted the Administrative Reforms Commission's recommendations regarding the functions of Officers of the I. C. S. and I. A. S. Cadres ; and

(b) if so, the action taken in pursuance of the above recommendations ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and

(b). The recommendations of the Administrative Reforms Commission are under consideration.

Seminar on Small Scale Industries

1477. SHRI D. P. JADEJA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether any Seminar on the financing of small scale industries in Asia and the Far-East, organised by the U. N. Industrial Development, was held in New Delhi this year ;

(b) whether any proposal was put by the Government of India ; and

(c) if so, the salient features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) :

(a) Yes, Sir.

(b) and (c). The principal objective of the seminar was an exchange of experience of the various countries of the region in matters of financial assistance to small scale industries, which might lead to suggesting a plan of action at the national, regional and international level so as to achieve a balanced growth of small industries in the different countries, consistent with their overall socio-economic objectives. The Indian experience and our programme for the development of small scale industries, particularly in matters of financial assistance, was highly appreciated by the participants in the Seminar. The plan of action at the national level suggested for the various developing countries in the region was to a large extent based on Indian experience. As for regional and international cooperation, the Indian suggestion for increasing financial and technical assistance from the Asian Development Bank to promote small scale industries in the region was accepted by the Seminar. The Seminar also recommended that opportunities for training in the Small Industry Extension Training Institute in India should be availed of by the participating countries of the region.

Study, Legislation and Enforcement of Ecology

1478. SHRI D. P. JADEJA : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state the measures Government have taken regarding the study, legislation and enforcement of Ecology ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : It has been recently decided by the Government to develop a major programme of research in the fields of ecology and environment under the UNESCO's inter-disciplinary and inter-governmental programme, 'Man and the Biosphere'. The activities of the programme can be grouped essentially under the following four sub-heads :

- (1) Research on the structure and functioning of biosphere ;
- (2) Assessment of the extent to which the biosphere can be modified by Man without impairing its functioning structure ;
- (3) Study of the effect of man-made environment on man himself ; and
- (4) Education, related to these items.

The general responsibility of organising research under this programme in India is proposed to be entrusted to a Special Committee of the National Committee on Human Environment, which has been engaged in the preparatory work of the 1972 U.N. Conference on Human Environment, and has been functioning since October, 1970.

UNESCO had convened the first meeting of the International Coordinating Council for Man and the Biosphere Programme in Paris, 9-19, November, 1971. The Indian representative is an eminent Ecologist and Member of the National Committee on Human Environment. The details of the national programme are being worked out.

Disciplinary Action against C. R. P. Constables

1479. **SHRI VAYALAR RAVI :** Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 7759 on the 11th August, 1971 and state :

(a) the action taken by Government to prevent victimisation and the action taken against the concerned officials who victimised the Constables ; and

(b) the total number of Constables against whom disciplinary action has been taken ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) The C. R. P. Force has a time-tested and in-built system of meetings where senior supervisory officers meet all the members of the force where they are called upon to express freely their problems and grievances if any. Such meetings are also periodically held in the battalions themselves where Commandants, Deputy Commandants and Coy. Commanders meet the personnel under their control for the same purpose. All the supervisory officers, including the Commandants and Company Commanders, have been exhorted to ensure justice and fairplay in the administration of the Force. Since there has been no case of victimisation, the question of taking any action against the concerned officials does not arise.

(b) Disciplinary action was taken against 1548 constables during the period 1.1.1969 to 31.7.1971.

संघ लोक सेवा आयोग द्वारा विज्ञापित पदों के लिये आवेदन पत्र देने के सम्बन्ध में उत्तराखण्ड के अभ्यर्थियों द्वारा अनुभव की जा रही कठिनाइयाँ

1480. **श्री नरेन्द्र सिंह बिष्ट :** क्या प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तराखण्ड में समाचार पत्र देरी से पहुँचने के कारण संघ लोक सेवा आयोग के पदों के विज्ञापन अथवा देश के अन्य प्रमुख सरकारी सेवाओं सम्बन्धी विज्ञापनों की सूचना वहाँ के अभ्यर्थियों को आवेदन पत्र पहुँचने की अन्तिम तिथि के बाद मिलती है जिसके फलस्वरूप वह सरकारी सेवाओं के लाभ से वंचित रह जाते हैं ; और

(ख) यदि हाँ, तो इस कठिनाई को दूर करने के लिये सरकार का विचार क्या कार्यवाही करने का है ?

गृह मंत्रालय और कर्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्चा) : (क) और (ख). सामान्यतः उत्तर प्रदेश तथा आस-पास के राज्यों से प्रकाशित होने वाले समाचार पत्र, जिनमें संघ लोक सेवा आयोग तथा अन्य भर्ती से सम्बन्धित विज्ञापन दिये जाते हैं, दो या तीन दिन के भीतर उक्त क्षेत्र में पहुँच जाते हैं, इस प्रकार इच्छुक अभ्यर्थियों को पदों के लिए आवेदन करने के लिए पर्याप्त समय मिल जाता है। आकाशवाणी के 'युवावाणी' प्रसारण में भी प्रत्येक शनिवार संघ लोक सेवा आयोग के विज्ञापन प्रसारित किए जाते हैं। इसके अतिरिक्त, जो पद प्रवर्ण के आधार पर भर्ती से भरे जाते हैं, उनके सम्बन्ध में प्रत्याशित अभ्यर्थियों को आवेदन-पत्र प्राप्त करने तथा उन्हें संघ लोक सेवा अ.योग को भेजने के लिये एक महीने का समय दिया जाता है और नियमित प्रतियोगिता परीक्षाओं द्वारा भरे जाने वाले पदों के लिए लगभग 2 महीने का समय दिया जाता है। इस प्रकार देश के विभिन्न भागों में रहने वाले अभ्यर्थियों के लिए आवेदन-पत्र प्राप्त करने तथा उन्हें भेजने के लिए दिया गया समय पर्याप्त होता है।

Plan for Solving Unemployment in Kerala

1481. SHRI M. K. KRISHNAN : Will the Minister of PLANNING be pleased to state :

(a) whether the Government of Kerala had submitted a Rs. 180-crore plan to the Government of India for solving unemployment in Kerala ;

(b) if so, the main features thereof ;

(c) whether Government have considered this plan ; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) to (d). The Kerala Government has formulated various programmes for increasing employment opportunities in the State on the basis of a Report of the Committee on unemployment set up

by the State Government. The proposals cover a wide range of activity and aim at providing employment to about 1.3 lakh persons, involving an outlay of Rs. 175 crores during the remaining years of the Fourth Plan. The State Government had suggested that they would find about Rs. 30 crores from their own resources, that the Central Government might provide another Rs. 30 crores and that the remaining provision has to be found from institutional agencies and private sector.

The feasibility of these proposals was considered by Planning Commission in consultation with the various Central Ministries and the Kerala Government. In the light of these discussions, the Planning Commission has suggested that some of the proposals, which would be specially intended to benefit the educated unemployed, might be taken up by the State Government expeditiously. The details of these proposals are awaited from the State Government. As the other schemes required considerable preparatory work and scrutiny before they could be accepted, it has been suggested to the State Government that they might undertake necessary studies and preparation of detailed project reports in respect of these programmes for which token provision might be included in the State's Annual Plans. These suggestions have been communicated by the Planning Commission to the State Government for further action.

Streamlining of Administration in West Bengal

1482. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of HOME AFFAIRES be pleased to state :

(a) whether Government have taken some steps to tone up the administrative machinery in West Bengal ;

(b) whether cases for taking action against some Police and I. A. S. Officers are currently being examined by Government ; and

(c) if so, the steps taken in these cases and the effect of the Government's action on the administration ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). In accordance

with the broad objective of the Government to provide the State with a clean, efficient and dynamic administration, the working of the administrative machinery including I. A. S. and I. P. S. Officers is kept under constant review and appropriate steps taken from time to time.

Transfer of Present Commissioner of Municipal Corporation of Delhi

1483. SHRI SHASHI BHUSHAN : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn to the Press reports appearing in the newspapers to the effect that the present Commissioner of Municipal Corporation of Delhi has become a controversial figure ;

(b) whether Government propose to post him to some suitable post in some other Department ; and

(c) if so, when it is likely to be done ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS : (SHRI K. C. PANT) : (a) In press reports published on the 14th and 16th September, 1971, the present Commissioner, Delhi Municipal Corporation was accused of playing politics. However, enquiries made in the matter have revealed that the allegations are not based on facts.

(b) and (c). Do not arise.

Incentive to Industrialists for setting up Industries in West Bengal

1484. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether some of the leading industrialists of the country have suggested to Government that along with the concessions proposed to be given for the setting up of industries in backward Districts of West Bengal, Government should also provide infrastructure for the industries also ; and

(b) whether it has also been suggested that the whole of the State of West Bengal should be declared as backward to attract more in-

vestment and, if so, the reaction of Government to all these and the reasons for lack of response for setting up of industries in the backward districts ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (GHANSHYAM OZA) : (a) Yes, Sir.

(b) Government have decided that industries to be set up in the whole of West Bengal, except in the districts of Calcutta, Howrah and 24 Parganas, would be eligible for concessional finance from financial institutions in line with similar concessions extended to backward districts in other States.

It is too early to assess the impact of the incentives offered for the development of backward areas in the country.

Alleged Bungling in National Savings Certificates in Delhi

1485. SHRI AMAR NATH CHAWLA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether a gang indulging in the National Savings Certificates has been unearthed in Delhi in the third week of October, 1971 ;

(b) the persons who have been arrested in this connection and the documents recovered from them ; and

(c) the action taken or proposed to be taken against these persons and others involved in this illegal trade ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes. But this was about National Savings Stamps (not National Savings Certificates).

(b) *Persons arrested*

(i) Shri Uma Shankar Gupta, UDC, Office of the Director, Audit and Accounts, P & T, Delhi.

(ii) Shri Arjan Singh, resident of Village Garhi, New Delhi 24.

- (iii) Shri Daulat Ram, Clerk, Office of the Senior Supdt. of Post Offices, New Delhi (South Division).

Documents recovered

Used up National Savings Stamps value about Rs. 10,000/- and 5 Savings Bank Pass books along-with some White papers.

- (c) The case is under police investigation. The two officials mentioned above are under suspension.

Closure of Industrial Units

1486. SHRI AMAR NATH CHAWLA :
SHRI DHARAMRAO AFZALPUR-
KAR :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

- (a) the number and particulars of industrial units in the country which have closed down or are on the verge of closure due to mismanagement or other reasons ; and

- (b) the steps taken by Government in this respect and particularly in the interest of workers working in those industrial units ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Information regarding the number of industrial units which are closed down in different parts of the country or are on the verge of closure due to mismanagement, etc., is not readily available. In the interest of maintaining production and employment in such units, Government have taken powers through promulgation of the Industries (Development and Regulation) Amendment Ordinance, 1971, on the 1st November, 1971 to provide for certain matters in connection with the taking over of mismanaged or closed undertakings by them. A copy of the Ordinance has been laid on the Table of the House on the 15th November, 1971.

Crossing over of Pak Saboteurs in India in the guise of Refugees to commit Sabotage and Subversion

1487. SHRI AMAR NATH CHAWLA :
SHRI SAT PAL KAPUR :

Will the Minister of HOME AFFAIRS be pleased to state :

- (a) whether Government are aware that a large number of Pakistani Saboteurs have crossed over and Pakistan is sending them in the guise of refugee to India to commit Sabotage and subversion ;

- (b) whether Government are aware that the martial law authorities of Pakistan were purchasing at handsome prices identity cards issued by the Government of India to Bangla Desh refugees some of whom might have gone back to Bangla Desh and these cards are being given by Pakistani authorities to dependable stooges with orders to cross over India and commit sabotage and subversion ; and

- (c) if so, the reaction of Government thereto and the steps taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) Yes, Sir.

- (b) and (c). No such specific instance has come to notice. However, the possibility of the Pakistani authorities trying to cover their agents with forged documents cannot be ruled out. All our agencies are fully vigilant.

Unlawful occupation of Telephone Exchange at Habra, West Bengal

1488. SHRI JAGADISH BHATTACHARYA : Will the Minister of HOME AFFAIRS be pleased to state :

- (a) whether Government are aware that some miscreants occupied the Telephone Exchange at Habra in West Bengal on the 13th October, 1971 ; and

- (b) if so, what steps Government have taken to bring the miscreants to book ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). Facts are being ascertained.

State of Industries in West Bengal

1489. SHRI JAGADISH BHATTACHARYYA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the cause of the deplorable condition of so many industries in West Bengal ; and

(b) the steps taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) Shortage of raw materials, particularly for engineering goods, lack of demand, financial stringency, labour-management problems are mainly the factors which have adversely affected industrial growth in West Bengal.

(b) A number of measures have been taken to revive industrial growth in West Bengal. These are mainly :—

- (i) An Industrial Reconstruction Corporation of India has been established with its headquarters at Calcutta to rehabilitate and revive the sick and closed industrial units.
- (ii) All districts in West Bengal, excepting Calcutta, Howrah and 24-Parganas, have been declared as backward and industries to be set up in these districts will be eligible for concessional finance from the financial institutions.
- (iii) An ordinance has been promulgated amending the Industries (D&R) Act, 1951 to enable the Government of India *Inter alia* to take over and run closed industrial Undertakings.
- (iv) The Licensing Committee has been specifically directed to speed up the applications from West Bengal and for this purpose the Committee has been meeting more frequently than before. Similarly applications for import of capital goods and for foreign collaboration are also being processed on a priority basis.

(v) The Government of West Bengal have sanctioned a package of incentives such as refund of sales tax, interest free long term loans, refund of entry taxes, in specified cases and assistance from the State Financial Institutions for the sick/closed units.

(vi) Provision has been made in the Import policy for 1971-72 for advance allocation of imported raw materials to closed industrial units in West Bengal to enable them to re-start their manufacturing activities.

(vii) A comprehensive 16-point programme has been drawn up for stepping up the industrial development of the State and it is being actively implemented.

Setting up of Industries in Midnapur (West Bengal)

1490. SHRI JAGADISH BHATTACHARYYA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government plan to set up any industries in Midnapur, West Bengal this year or in 1972 ;

(b) the number of industries to be set up and the nature of those industries ; and

(c) the number of persons likely to get employment in these new industries ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). Midnapur is one of the districts declared as backward ; concessional finance from financial institutions will be available to industries to be set up there.

The West Bengal Industrial Development Corporation has taken steps to set up a small paper mill based on agro-waste at Jhargram. This mill, when completed, will employ 147 persons. The Haldia Refinery is under construction. Government of India has given clearance for a fertilizer project with methanol and soda ash plant at Haldia. A committee

has been set up to find out suitable location for the ship building yard and suggest the range of tonnage of ships that could be manufactured at Haldia. A committee has also been set up to prepare a blue print for petrochemical industries based on byproducts from the oil refinery. Employment potential under these different projects is about 1.05 lakhs.

It is mainly for the State agencies and individual entrepreneurs to take advantage of the incentives and set up industries in backward districts.

As part of the 16 point programme, the State Government propose to set up 200 small scale units every year in Midnapur district.

This Ministry has at present no plans to set up any industries in Midnapur district.

Assistance for a New Capital of Assam

1491. SHRI BISWANARAYAN SHASTRI: Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the nature of assistance to the Government of Assam to build a new capital for the State has been finalised ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) No, Sir.

(b) Does not arise.

Headquarters of N.E.F.A.

1492. SHRI BISWANARAYAN SHASTRI : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the site for the Headquarters NEFA has been finally selected ;

(b) if so, when its construction is likely to commence : and

(c) if the reply to part (a) above be in the negative when the final selection is expected and the reason for the delay in arriving at a decision ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) No, Sir.

(b) Does not arise.

(c) NEFA Administration have reported that after the three sites suggested for the Headquarters of NEFA were examined by a Technical Committee, suggestions was received for a fourth site which is now being examined by the members of Technical Committee. A decision in the matter would be taken on receipt of the final report of the Committee.

Decision has been delayed because the possible sites have to be examined from the geological, townplanning and public health engineering point of view and finally selected in consultation with the NEFA Agency Council.

Alleged recovery of dead bodies of C.P.I. (M) workers in Burdwan District (West Bengal)

1493. SHRI KRISHNA CHANDRA HALDER : Will the Minister of HOME AFFAIRS be pleased to state :

(b) if so, whether any steps have been taken by Government to bring the culprits who are responsible for this murder and attack on the employees to book ; and

(c) if so, the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) to (c). Facts are being ascertained from the State Government.

Alleged harassment of workers of Graphite (India) Ltd. Durgapur

1495. SHRI KRISHNA CHANDRA HALDER : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government are aware that anti-social and goonda elements are consistently harrasing and assaulting the workers of the Graphite (India) Ltd., Durgapur, West Bengal ;

(b) if so, whether Government have received any representation protesting against these assaults and harassments ; and

(c) if so, the action taken to bring the culprits to book and to protect the workers therefrom ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b) No. Sir.

(c) However, a police picket consisting of C. R. P. personnel under charge of one Assistant Sub-Inspector of the State Police has been posted in the area for prevention of crime and for providing protection to the law abiding residents.

Removal of Telephone from A. V. B. Employees' Unions' Office Durgapur

1496. SHRI MOHAMMAD ISMAIL : Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 7612 on the 11th August, 1971 and state :

(a) whether the requisite information has since been collected ;

(b) if so, the broad outlines thereof ; and

(c) the steps taken by Government to re-install the telephone in the office of the A. V. B. Employees' Union ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) The telephone in the A. V. B. Employee's Union' Office, Durgapur, was not taken away either by the State Police or by the C. R. P. This telephone which was provided by the Management was taken away by them when the Union was de-recognised.

(c) Since the telephone was taken away by the Management, no action is called for on the part of Government to re-install the telephone.

Agitation for Separate State of Vidharba

1497. SHRI P. K. DEO : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether there has been a serious agitation for a separate State of Vidharba resulting in killings of several people ; and

(b) if so, the nature thereof and the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According to information received from the Government of

Maharashtra a bundh was organised in Nagpur by the Maha Vidarbha Rajya Sangharsha Samiti, which was also supported by the Vidharbha Bunkar Sangram Samiti. On the 5th, 6th and the 7th September, 71, the supporters of the bundh indulged in acts of violence. To disperse the violent crowds the police had to resort to the use of teargas and firing on a number of occasions. In all 7 persons died as a result of firing. State Government have ordered a judicial inquiry into the firing.

The question whether Vidarba should be made into a separate State or form part of Maharashtra had been gone into carefully by the Central Government and Parliament at the time of the reorganisation of States and the matter had been finally settled by deciding to include Vidarbha in the composite State of Bombay and later, in the State of Maharashtra. Government do not propose to re-open this question.

Shortage of Raw Materials, Plants and Equipments in Chemical Industry

1506. SHRI RAJA KULKARNI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the Chemical industry has been seriously affected due to the shortage of raw materials, plants and equipments ; and

(b) if so, the steps taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) There is a general shortage of certain items of raw materials used in Chemical Industry like Caustic Soda, Soda Ash, Calcium Carbide etc. Engineering industries based on steel have also been some what affected due to shortage of steel.

(b) With a view to make available the required material to the industrial units, the supply position is reviewed periodically and essential imports are being allowed. A number of steps have since been taken to increase the production of items which are currently in

short supply and are likely to be in short supply for some time to come.

The import policy concerning the import of industrial raw materials is also being reviewed from time to time by the Standing Internal Departmental Committee to meet the short-term scarcity conditions. The import policy of 1971-72 contains special provisions for import of items which are in world short-supply. The industries which are affected due to short supply of raw-materials arising from the world shortage are being permitted to apply for import of raw materials for over a period of six months at a time.

The import policy also provides for review of entitlements of Actual Users. Cases of Actual Users, in which it is established that the operation of existing import policy has caused undue hardship and is likely to affect industrial production, are considered for imports by the Sub-Committee under the C.C.I.&E.

(b) if so, the action that has been taken against the assailants, whose names have been disclosed by the deceased in his death declaration ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According to the information furnished by the Government of West Bengal, on 10th September, 1971 S/Shri Bablu Dutt and Shyam Sunder Konar alias Kachi who were witnessing a cinema show were called out of the cinema hall by one

Madhu Mandal and two other anti-social elements and stabbed. Shri Bablu died instantaneously while Shri Konar was seriously injured and admitted to B. C. Hospital, Burdwan, for treatment, where he later succumbed to his injuries. A case has been started over the incident and it is under investigation. Madhu Mandal has been arrested by the police.

Action against alleged Murder of Lekshmi Nayak in West Bengal

1512. SHRI S. P. BHATTACHARYYA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) the names of persons stated in the death declaration by Shri Lekshmi Nayak who had been stabbed to death on 6th April, 1971 before the First Class Magistrate, Kalna, District Burdwan (West Bengal) ; and

(b) the action that has been taken against them ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN) : (a) and (b). According to the information received from the Government of West Bengal, Shri Lekshmi Nayak did not make any dying declaration before any Magistrate. He, however, stated to the Sub-Divisional Medical Officer, Kalna, that he was assaulted by Sarit Banerjee, Madan Poddar and Sujay Chakraborty, all of Kalna P. S., who are absconding. Their houses were searched and all efforts are being made to secure their arrest. The police have registered a case and have arrested two other persons who were also mentioned in the F. I. R.

No date of enforcement of the plan can yet be given.

Utilisation of installed capacity in Sugar Mill Machinery Industry

1518. **SHRI R. P. ULAGANAMBI :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

- (a) the reasons for only 65 percent utilisation of the installed capacity in the Sugar Mill Machinery industry ; and
- (b) the steps proposed to be taken to reach the full utilisation of installed capacity ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) As against the current installed capacity of the order of Rs. 2100 lakhs per annum, production of sugar mill machinery during the year 1969 and 1970 was of the order of Rs. 1242 lakhs and 1463 lakhs respectively. Production of sugar machinery depends upon the orders received by the manufacturers from time to time and a capacity utilisation of 65% to 70% is considered reasonable.

(b) Government have banned import of complete sugar plant and are also encouraging exporting of sugar mill machinery for purposes of setting up joint ventures abroad. Most of the major sugar machinery manufacturers are also engaged in the production of other items of machinery and heavy equipment and could optimize utilization of capacity through diversification.

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). As a result of action taken by Police authorities of State Governments and Union Territory Administrations against violation of Control regulations relating to Essential Commodities including foodgrains, 22739 cases were sent to courts and 17535 persons prosecuted during the year 1970. The nature of punishment varied from fines, confiscation of goods, suspension of business to award of imprisonment. The commodities involved were foodgrains and other essential commodities such as Kerosene, Baby Goods, Torch Cells, Tyres and Tubes.

Rajamannar Report on Centre-State Relations

1520. SHRI C. CHITTIBABU :
SHRI H. N. MUKERJEE :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have completed the study of the Rajamannar Report on the Centre-State Relations ; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The Rajamannar Committee was set up by the Government of Tamil Nadu and it is essentially for that government to examine its recommendations. The Administrative Reforms Commission had also gone into the question of 'Centre-State Relationship' and submitted its report, which is under the consideration of the government. The government of Tamil Nadu has been informed that if its views on this matter are made available, they would also be taken into account and that the Central Government intends to consult all the Chief Ministers in the matter.

1521. SHRI B. K. DASCHOWDHURY :
Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Delhi Gurdwara Parbandhak Sudhar Committee gave any memorandum to the Home Minister on the 31st October, 1971 opposing the draft Bill on the Delhi Gurdwaras Board ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) All the suggestions made to the Government will be considered before finalising the new Bill.

Warning by Federation of Telangana Employees' Associations and Unions on Replacement of Mulkies in Telangana Region

1522. SHRI B. K. DASCHOWDHURY :
Will the PRIME MINISTER be pleased to state :

(a) whether the President of the newly formed Federation of Telangana Employees' Associations and Unions has warned the Government on the 28th October, 1971 for the replacement of 20,000 mulkies who were employed in Telangana region ; and

(b) if so, the reaction of the Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). According to a news item published in the DECCAN CHRONICLE dated the 29th October 1971, Shri R. B. Mooli, said to be President, Federation of Telangana Associations and Unions, said at a press conference that "the Telangana employees would resort to bitter struggle if the Government would not replace 20,000 non-mulkies working in Telangana by the end of November". The Government of Andhra Pradesh have intimated that

Shri Mooli is not an office bearer of any of the recognised service associations in that State. No formal letter or resolution has been received from him by Government. The State Government have clarified that since the said Federation is not a recognised service association, it is not proposed to take any cognisance of the said press statement of Shri Mooli.

बेरोजगारों को रोजगार देने के लिए नियत की गई राशि का उपयोग न किया जाना

1524. श्री आर० बी० बड़े: क्या योजना मंत्री यह बताने की कृपा करेंगे कि क्या बेरोजगारों को रोजगार देने के लिए योजना में जिस 25 करोड़ रुपये की राशि की व्यवस्था की गई थी, उसका उपयोग नहीं किया जायेगा; क्योंकि न तो सरकार के पास कोई योजना है और ना ही देश में बेरोजगार व्यक्तियों के आंकड़े हैं?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन चारिया): एक विवरण सभा पटल पर रख दिया गया है।

बिबरण

• शिक्षित बेरोजगारी को दूर करने के लिए 1971-72 के केन्द्रीय बजट में 25 करोड़

रुपये के किए गए प्रावधान के अनुसार, सम्बन्धित मंत्रालयों ने योजना आयोग द्वारा प्रदत्त मार्गदर्शी सिद्धान्तों के आधार पर योजनाएं बनाई थीं। सम्बन्धित मंत्रालय अब योजनाओं को क्रियान्वित करने का काम कर रहे हैं। योजनाओं पर विचार करते समय योजना आयोग इस निष्कर्ष पर पहुंचा कि ये योजनाएं केवल तदर्थ योजनाएं नहीं होनी चाहिए, बल्कि निरन्तर चलने वाली होनी चाहिए। अतएव, अब जो योजनाएं स्वीकृत की गई हैं, वे चौथी योजना के शेष वर्षों में भी चलती रहेंगी।

संक्षेप में, योजना आयोग द्वारा स्वीकृत योजनाओं का विवरण इस प्रकार है:—

शिक्षा मंत्रालय

इस प्रस्ताव के अनुसार इस वर्ष प्राथमिक स्कूलों में 30,000 अतिरिक्त अध्यापकों की नियुक्ति का अनुमान लगाया गया है। इसके अलावा निरीक्षकों और कृषि स्नातकों सहित अन्य वर्गों के शिक्षित व्यक्तियों को भी इतनी ही संख्या में रोजगार दिया जायेगा। इस प्रकार इस कार्य पर बारह महीनों की अवधि में लगभग 12 करोड़ रुपये व्यय होंगे।

सिंचाई एवं बिजली मंत्रालय

क्रियान्वित की जा रही योजना में 500 ग्रामीण अभियान्त्रिकी सर्वेक्षण दलों के गठन का अनुमान है। प्रत्येक दल में इंजीनियरिंग स्नातक, कृषि स्नातक, मैट्रिक पास व्यक्ति तथा कुछ अकुशल कर्मचारियों सहित 9 व्यक्ति होंगे। इस योजना पर बारह महीनों में लगभग 2.85 करोड़ रुपये व्यय होने का अनुमान है।

पेट्रोलियम तथा रसायन मंत्रालय

इस योजना द्वारा भारतीय तेल निगम के अधीन डीलरशिप गठित करने के लिए बेरोजगार स्नातकों को सहायता प्रदान की जाती है। यह आर्थिक सहायता के रूप में

बीकों द्वारा उद्यमियों को दिए गये ऋण पर अदा किए जाने वाले सूद की पूर्ति के बराबर दी जाती है। युवा इंजीनियरों को बीज पूंजी के रूप में सहायता देने के लिए मंत्रालय ने एक आवर्ती निधि की भी कल्पना की है। इस प्रस्ताव पर प्रति वर्ष 40 लाख रुपये खर्च होंगे।

कृषि मंत्रालय

चुनी हुई उपभोक्ता सहकारी समितियों के फुटकर केन्द्रों के विस्तार के लिए सहकार विभाग ने एक योजना बनाई है जिससे मैट्रिक पास लिपिकों, भाण्डागार-सहायकों, लेखाकारों, कोषाध्यक्षों आदि के रूप में लगभग 4000 लोगों को रोजगार मिलने की संभावना है। इस योजना पर 55 लाख रुपये वार्षिक व्यय होने का अनुमान है।

200 कृषि सेवा केन्द्रों के विकास के लिए कृषि विभाग ने एक योजना बनाई है। इस योजना के अन्तर्गत अभियान्त्री स्नातकों को प्रशिक्षण तथा वित्तीय सहायता दी जायेगी। इस योजना पर लगभग 150 लाख रुपये वार्षिक व्यय होगा।

औद्योगिक विकास मंत्रालय

लघु उद्योगों की स्थापना हेतु प्राविधिक योग्यता वाले लोगों को राष्ट्रीय लघु उद्योग नियम तथा राज्य औद्योगिक विकास निगम के माध्यम से सहायता पहुंचाने का प्रस्ताव है। इसके लिए लगभग 650 लाख रुपये के वार्षिक परिव्यय की व्यवस्था किए जाने की आशा है।

जहाजरानी तथा परिवहन मंत्रालय

पांचवीं योजना में केन्द्रीय क्षेत्र में किये जाने वाले सड़क निर्माण कार्यों की जांच के बारे में अभिम कार्रवाई करने के लिए यह योजना बनाई गई है। इस योजना पर लगभग 90 लाख रुपये वार्षिक व्यय होगा।

स्वास्थ्य तथा परिवार नियोजन मंत्रालय

ग्रामीण जल आपूर्ति के लिए अच्छी डिजाइन तथा सम्भाव्य परियोजना-शेल्फ बनाने हेतु सभी राज्यों के लिए डिजाइन एगकों की स्थापना करने की योजना है, ताकि पांचवीं योजना अवधि में कार्यान्वयन के लिए सुगठित परियोजनाएं चुनी जा सकें। इस स्कीम पर लगभग 48 लाख रुपये वार्षिक व्यय होगा तथा इसके द्वारा लगभग 900 शिल्प-वैज्ञानिकों को रोजगार मिलने की आशा है।

उत्तर प्रदेश में उद्योगों के विकास के लिये केन्द्रीय अंशदान

1525. श्री महादीपक सिंह शाय्य : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश में औद्योगिक विकास के लिये केन्द्रीय अंशदान प्रति वर्ष होता रहा है ;

(ख) क्या उत्तर प्रदेश में औद्योगिक विकास रुकने के लिये केन्द्रीय सरकार की नीति उत्तरदायी रही है ; और

(ग) यदि हां, तो चालू वर्ष के दौरान उत्तर प्रदेश के किस किस जिले में कौन कौन से उद्योग धंधे खोले जा रहे हैं तथा उन जिलों में अलग अलग कितना-कितना धन खर्च होगा तथा यह खर्च कितने समय में पूरा होने की आशा है ?

औद्योगिक विकास मंत्रालय में राज्य मंत्री (श्री धनश्याम ओझा) : (क) से (ग). सभी राज्यों को दी गई कुल केन्द्रीय सहायता की प्रतिशतता में उत्तर प्रदेश को दी गई केन्द्रीय सहायता इस प्रकार रही है :—

प्रथम पंचवर्षीय योजना	9.9
द्वितीय पंचवर्षीय योजना	11.4
तृतीय पंचवर्षीय योजना	14.2
वार्षिक योजनाएं 1966-69	14.4

अन्य राज्यों के साथ तुलना करने में ये आंकड़े अच्छे हैं। सरकारी क्षेत्र के उपक्रमों तथा गैर सरकारी क्षेत्र के उपक्रमों की स्थापना तकनीकी, आर्थिक तथा अन्य स्थापना स्थल सम्बन्धी विचारों और प्रायोजना विशेष की आवश्यकताओं से अनिवार्य रूप से प्रभावित होती है। डीजल लोको फैक्टरी, वाराणसी, गोरखपुर फरटीलाइजर्स, गोरखपुर, त्रिवेणी स्ट्रक्चरल्स, इलाहाबाद, हैवी इलैक्ट्रीकल इक्विपमेंट प्लान्ट, आदि जैसी वर्तमान केन्द्रीय परियोजनाओं के अतिरिक्त उत्तर प्रदेश के लिए कुछ और अधिक केन्द्रीय परियोजनाओं के प्रस्ताव हैं। ये गैस सिलिण्डर प्रोजेक्ट, इलाहाबाद तथा पम्पस काम्प्रेसर्स प्रोजेक्ट, इलाहाबाद, लॉग डिस्टेन्स ट्रान्समिशन इक्विपमेंट फैक्टरी, इलाहाबाद हैं। इन एककों के लिये चौथी योजना में कुल 16.35 करोड़ रुपये की व्यवस्था का अनुमान किया गया है। इसके अतिरिक्त राज्य क्षेत्र में पर्वतीय उत्तर प्रदेश के जिलों के हाल ही में एक सीमेंट फैक्टरी चालू की गई है। इन जिलों में नये उद्योगों की स्थापना हेतु वित्तीय संस्थानों से रियायती धन राशि पाने के लिये उत्तर प्रदेश के 36 जिले मात्र हैं। झांसी तथा बलिया दो जिलों में इस वर्ष अगस्त में घोषित योजनानुसार नये उद्योगों की स्थापना अथवा पर्याप्त विस्तार के लिये 10 प्रतिशत निवेश अनुदान भी उपलब्ध है। आशा की जाती है कि उद्योगों के प्रोत्साहनार्थ उद्यमों व राज्य के अधिकरण इन सुविधाओं का लाभ उठावेंगे तथा इन क्षेत्रों में उद्योग स्थापित करेंगे।

Suspension of a Member of Board of Revenue in Kerala

1526. SHRI K. SURYANARAYANA : Will the PRIME MINISTER be pleased to state :

(a) whether the Government of Kerala have suspended a member of the Board of Revenue of that State ;

(b) whether the Association of I. A. S. Officers led by the Additional Chief Secretary of the State Government has adopted a protest

resolution against the State Government's order ; and

(c) if so, the reasons for the suspension of the Board's member and the reaction of the State Government on the protest made by the Association of the I. A. S. Officers of the Kerala State ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : The Government of Kerala have intimated as under :

(a) Yes, Sir.

(b) The I. A. S. Association has not passed any Resolution protesting against the suspension of the officer as such.

(c) The Officer was suspended as the Government considered that there were grounds for inquiry into the truth of serious charges of misconduct against the officer.

Rural Industries in Madhya Pradesh

1527. SHRI G. C. DIXIT : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the particulars of schemes allotted for industries in Madhya Pradesh upto April, 1971 ; and

(b) the other schemes under consideration for rural industries in Madhya Pradesh ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). Schemes under the Small Scale Sector (other than those pertaining to Rural Industries projects) are not allotted to States. They are discussed at the time of consideration of the Annual Plan of the State by the Planning Commission with the State representatives and the Ministries concerned. On the basis of agreed allocations the State Government is free to incur expenditure on these schemes subject to its budgetary provisions.

In 1962-63, four Rural Industries Projects were allotted to the State in the districts of Bilai, Bhind, Sarguja and East Nimar covering in each case 3 to 6 blocks ; the coverage has been recently extended to the whole district.

Under the Rural Artisan Development Programme, assistance will be provided to upgrade the skills of rural artisans in select areas of the State.

Decision on Khosla Committee Report on Film Censorship

1528. SHRI MUKHTIAR SINGH MALIK : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government have since taken any decision on the recommendations of the Khosla Committee Report on Film Censorship ;

(b) if so, the salient features thereof ; and

(c) if not, when the decision will be taken ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) to (c). The decisions are likely to be taken shortly.

Rejection of Housing Ministry's Suggestion for Transferring Slum Clearance and Improvement Scheme from States to Central Sector

1530. SHRI S. A. MURUGANANTHAM : Will the Minister of PLANNING be pleased to state :

(a) whether the Planning Commission has rejected the suggestion of the Housing Ministry that the slum clearance and improvement scheme should be transferred from the States to the Central Sector for its successful implementation ; and

(b) if so, the grounds on which the suggestion has been rejected ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). Consequent on the recommendations of the Housing Ministers' Conference held in Bangalore in June 1969, the Ministry of Works and Housing approached the Planning Commission with a proposal that the slum clearance and improvement Scheme should be treated as a Centrally-sponsored scheme. The question was examined by the Planning Commission in consultation

with the Ministries of Finance and Works and Housing and it was agreed that the transfer of the scheme to the Central Sector will not be possible on account of the following reasons :—

- (i) Since slum clearance and improvement schemes are deficit schemes, they cannot be considered nor executed in isolation to other urban developments. Both financially and physically it is desirable that they should form a part of a composite scheme, the remunerative part making up for the deficit part ;
- (ii) The total quantum of Central Assistance for the Plan assistance to the States for the Plan has already been committed and it is not possible to find additional funds in the Central Sector.
- (iii) Most of the slum clearance and improvement scheme is in metropolitan cities into which there is more and more of migration. Therefore, unless State Governments take necessary action to develop other towns the problem of slum clearance and improvement in metropolitan cities will continue to increase with increasing liabilities both on the Centre and the States.

The question came up again in the Housing Ministers' Conference held in New Delhi on 5th and 6th November, 1971 and on the suggestion of the Planning Commission, it was unanimously agreed that the problem was essentially the responsibility of Local Self Government and State agencies and composite schemes of urban development should be executed by the State Governments through funds made available by the Housing and Urban Development Corporation and other financing agencies. The following Resolution was adopted at this Conference :

"After discussing the merits and demerits of earmarking funds and transferring slum clearance to the Centrally sponsored sector, it was recognized that slum clearance cannot be separated from urban development. While the formation of HUDCO would enable viable composite schemes with slum clearance elements being undertaken with marginal

subsidy element, it was agreed that for a long time to come, the total resources available would not be sufficient for the eradication. Further as slums come into existence through migration and other factors over which the States may not always have full control, the Centre would play a useful role by lending support and special financial assistance for slum improvement programmes.

The Conference, therefore, recommends that slum improvement projects formulated by the States for the larger metropolitan cities be considered by the Central Government for Special financial accommodation apart from arrangements to be evolved for financial assistance for slum clearance schemes generally."

Appointment of Committee to probe into Film and Television Institute of India, Poona

1531. SHRI S. A. MURUGANANTHAM :

SHRI MUHAMMED SHERIFF :
Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether a Committee to probe into the working of the Film and Television Institute of India at Poona has been appointed by Government recently ;

(b) if so, the composition and the terms of reference of the Committee ; and

(c) when the Committee is expected to submit its report ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Yes, Sir.

(b) Shri G. D. Khosla, formerly Chief Justice, Punjab is the Chairman of the Committee. Other members are S/Shri Hrishikes Mukerjee, Mani Kaul, Shrimati Teji Bachchan, Dr. V. K. Naryana Menon and Shri K. L. Khandpur, Controller of the Films Division. Shri K. K. Khan, Under Secretary, Ministry of Information and Broadcasting is the Member Secretary to the Committee.

The terms of reference of the Committee are :

- (i) to study generally the working of the Film Wing of the Film and Television Institute of India and to suggest ways and means for improving its working ;
- (ii) in particular to scrutinise the prescribed qualifications in the matter of age and general education for admission of students to various courses and the procedure followed for the purpose and to suggest changes therein ;
- (iii) to examine the theoretical curricula for the different courses and to suggest improvements ;
- (iv) to study the system of practical training provided for different courses and suggest improvements ;
- (v) to examine facilities for board, lodging and other facilities provided in the hostels for Indian and foreign students and to suggest improvements having due regard to the charges payable by the students ;
- (vi) to suggest ways and means for better utilisation of the financial, technical and other resources provided at the Institute with a view to improving the quality of the diploma-holders who pass out of the Institute, and
- (vii) to go into the system of examination and tests prevalent at the Institute and to suggest improvements in them.

(c) The Committee is expected to submit its report within three months from the commencement of the enquiry.

Issue of Licences

1532. SHRI B. R. SHUKLA :
SHRI NAGESHWARA RAO :
SHRI M. KALYANASUNDARAM :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the total number of new licences issued to the industrial undertakings during

the period from 1st January, 1971 to 31st October, 1971, State-wise and District-wise ;

(b) the items of production under these licences ;

(c) the total number of applicants for participating in industrial undertakings during the same period and whose applications have been rejected ;

(d) whether the cooperation of those industrialists have been sought for participating in industrial undertakings in the regions identified as backward areas for industrial development ; and

(e) if so, the reaction of the industrialists thereto and, if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) Statistical data is maintained State-Wise and not district-wise. A statement showing the total number of Licences issued state-wise from 1-1-1971 to 31-10-71 is attached.

(b) Details of all licences and letters of intent including the items of manufacture licensed are published from time to time in the Weekly Bulletin of industrial licences, import licences and export licences. Weekly Indian Trade Journal and the Monthly Journal of Industry and Trade. Copies of these publications are available in the Parliament Library.

(c) Out of the total number of 2464 Industrial Licence applications received during the year upto 31-10-71, 164 have been rejected.

(d) and (e). Government is doing its best to attract new entrepreneurs to industrially develop the backward areas and districts. Special concessions have been announced to encourage parties to go to these areas and it is expected that the Government will meet with an encouraging response.

Statement

Setting up of Factories in Public and Private Sectors

1533. **SHRI B. R. SHUKLA :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of factories proposed to be opened during the current year in public and private sectors together with their location and the articles to be manufactured by them in the country ;

(b) the total capital investment likely to be made in those factories and the number of persons likely to get employment as a result thereof ; and

(c) the number of those factories which have been sanctioned to be opened during the current year in places identified as industrially backward areas State-wise and the total investment of the capital proposed for the propose ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The number of factories to be open-

ed in the current year will depend on the number of licences issued in the past few years. It takes about 2 to 3 years for an undertaking to be set up and it is difficult to forecast as to how many new undertakings will be established in any given period.

Apart from the large number of letters of intent, 198 licences were issued under the Industries (Development and Regulation) Act, 1951 for the setting up of new industrial undertakings during the period 1968 to 23.10.1970. The break-up is as under :

1968	37
1969	34
1970	63
1971 up to 23.10.71	64
	198

Details of licences issued, including articles of manufacture, location of units, etc., are published in the Weekly Bulletin of Industrial Licences, Import Licences and Export Licences, the Weekly Indian Trade Journal and the Monthly Journal of Industry and Trade. Details of capital investment and number of persons actually employed in undertaking are not readily available.

(c) Industrial licences issued, Statewise, for the setting up of new industrial undertakings in the 9 backward States during the period 1.1.1971 to 23.10.1971 are as below :

Sl. No.	Name of the State	No. of Industrial Licences issued for setting up of new industrial undertakings
1.	Andhra Pradesh	.. 6

6.	Nagaland	.. —
7.	Orissa	.. 2
8.	Rajasthan	.. 1
9.	Uttar Pradesh	.. 6
	Total	23

Information about investment involved in these industrial licences is not available.

A. R. C's Recommendations on Personnel Administration

1534. SHRI B. R. SHUKLA : Will the PRIME MINISTER be pleased to state :

(a) whether several hindrances have come in the way of accepting and implementing the recommendations of the Administrative Reforms Commission on 'Personnel Administration ; and

(b) if so, the steps being taken to remove those hindrances ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) No, Sir.

(b) Does not arise.

Petition Received for Commutation of Death Sentence passed on a Naxalite Leader of Andhra Pradesh

1535. SHRI INDRAJIT GUPTA :
SHRI D. K. PANDA :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have received a number of petitions from different quarters praying for commutation of the death sentence passed on Shri Nagabhushan Patnaik, a former Naxalite Leader of Srikakulam District, Andhra Pradesh ; and

(b) if so, Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) Yes, Sir.

(b) It is for the Government of Andhra Pradesh to consider the mercy petitions in the first instance.

Hindustan Cables Ltd.

1536. SHRI INDRAJIT GUPTA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the output of telephone cables

at the Hindustan Cables Plant has not been stepped up and if so, the reasons therefor ; and

(b) whether valuable imported machinery is laying idle at the above Plant ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) Yes, Sir ; this is mainly due to labour trouble. HCL has not been able to achieve even the targetted production during the current year.

(b) The machinery imported for copper ply project have not been erected for want of completion of the building, due to dispute with the civil contractor.

Rated Capacity of Indian Telephone Industries

1537. SHRI INDRAJIT GUPTA :
SHRI FATEH SINGH RAO
GAEKWAD :

Will the Minister of COMMUNICATIONS be pleased to state :

(a) the reasons for the continuing failure of the Indian Telephone Industries undertak- ing to reach the rated capacity ;

(b) whether there are any technical defects in the collaboration performance of the foreign experts ;

(c) whether the plant is also suffering because of delayed supply and poor quality of indigenous raw materials ; and

(d) if so, the action taken to remedy the situation ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) to (d). Except in the case of crossbar exchange equipment, the Indian Telephone Industries Ltd., Bangalore, have more or less achieved the rated capacity in respect of equipments manufactured by them. Delay in receipt of imported raw materials due to foreign exchange difficulties and unsatisfactory quality

of some indigenous raw materials have affected the production to some extent. The reasons for the shortfall in the production of crossbar equipment have recently been discussed with the top representatives of the collaborators, M/s. Bell Telephone Manufacturing Company of Belgium, who have assured full co-operation and assistance to enable the Indian Telephone Industries Ltd. to reach the rated capacity. They have agreed to supply some additional machines at their cost and also make available the services of their technical experts. With these steps, the Indian Telephone Industries Ltd. hope that they would reach the rated capacity in the crossbar division by the end of March, 1972. The collaboration agreement with the Bell Telephone Manufacturing Company has also been extended for another year beyond 21st May, 1971 without payment of royalty.

Monopoly Houses in the Field of Advertising

1538. SHRI INDRAJIT GUPTA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to refer to the reply given to Unstarred Question No. 4612 on the 13th July, 1971 regarding monopoly houses in the field of advertising and state :

(a) whether Government have since informed themselves of the growth of commercial advertising agencies owned/controlled by one or other of the 20 largest Business Houses ; and

(b) the steps being taken at least to ensure that such growth is not further accelerated by patronage from leading public sector concerns?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). No separate statistics are being maintained by the Government regarding the commercial advertising agencies set up by the 20 Larger Business Houses. The Monopolies and Restrictive Trade Practices Act, however, controls and regulates the spread of all big business houses in the fields of industry, trade and services. In view of this, the need for any separate action does not arise.

‘मित्सुबिशी’ के सहयोग से भारत में उद्योगों की स्थापना

1539. डा० सक्तीनारायण पांडेय : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जापान की एक औद्योगिक कम्पनी ‘मित्सुबिशी’ ने भारत के सहयोग से अन्य देशों में उद्योगों की स्थापना करने की पेशकश की है ; और

(ख) यदि हां, तो की गई पेशकश की मुख्य मुख्य बातें क्या हैं ?

औद्योगिक विकास मंत्रालय में राज्य मंत्री (श्री घनश्याम ओझा) : (क) और (ख). ‘मित्सुबिशी’ आर्थिक मिशन ने, जिसने जुलाई, 1971 में भारत का दौरा किया था, भारतीय फर्मों के सहयोग से जापान द्वारा दूसरे देशों में उद्योग स्थापित करने की संभावना पर विचार किया। किन्तु अभी तक कोई पक्का प्रस्ताव नहीं आया है।

1540. SHRI RAMAVATAR SHASTRI: Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the investment of the proprietors of the Gold Spot and Limca drinks as in 1962 ; and

(b) the assets of these Companies as on the 31st March, 1971 ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The financial position of M/s. Parle Bottling Co. Ltd., who are the manufacturers of beverage bases for Gold Spot, as per their balance sheet, as on 31. 3. 1962, is as under :—

<i>Liabilities :</i>	<i>Rs.</i>
Subscribed and paid up capital (5,000 Equity shares of Rs. 100/- each fully paid).	5,00,000
Reserves and Surplus	4,06,444
Unsecured Loans	11,29,770
Current liabilities and Provisions	10,31,778
	30,67,992
<i>Assets :</i>	
Fixed assets (after depreciation)	15,42,654
Investments	25,000
Current assets	5,40,799
Loans and Advances	4,89,146
Cash and Bank Balances	4,70,393
	30,67,992

Company's latest Balance Sheet is as on 31. 12. 1970 and its total assets, according to this are Rs. 1,62,16,760.

M/s. Bisleri India Pvt. Limited are the manufacturers of beverage bases for Limca. The financial position of the company, as per their balance sheets, as on 31. 12, 1962 is as, under :

<i>Liabilities :</i>	
Issued and subscribed capital	20,000
Reserve and surplus	—
Unsecured Loans	1,85,721
Current liabilities and provisions	39,358
	2,45,079

<i>Assets :</i>	
Fixed assets (after depreciation)	1,38,595
Current assets	94,713
Loans and Advances	2,098
Cash and Bank Balance	5,330
Profit and Loss account	4,343
	2,45,079

Assets of the Company as on 31. 3. 1971 are not available. The Company has filed its latest Balance Sheet as on 31. 12. 1970, according to which its total assets as on that

date were Rs. 25,46,706. (This is derived after deducting an amount of Rs. 14,87,335/- being Misc. expenditure and losses).

Substitute for paper insulated cables

1541. DR. RANEN SEN: Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state:

(a) whether Government have taken any steps to substitute the use of paper insulated cables by 11 KV PVC cables; and

(b) if so, the main features of the scheme?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA): (a) and (b). In Power Cables upto 1.1 kv the use of paper and lead has been discontinued. Substitution by P. V. C. cables up to 6.6 KV and by cross linked polyethylene cables upto 11 KV is in progress.

Shortage of Telephone Cables in Madhya Pradesh

1542. STRI G. C. DIXIT: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether the work connected with telephone wires is not progressing smoothly on account of shortage of telephone cables in Madhya Pradesh; and

(b) if so, the steps proposed to be taken in the matter?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Yes, Sir, to a certain extent. The cable supply position during the past years has not been very satisfactory primarily due to shortfall in production of M/s. Hindustan Cables Ltd. Roopnarainpur, which is the only indigenous source of supply. Consequently the progress in provision of telephone connections all over the country including the state of Madhya Pradesh has been affected to a certain extent, by the cable shortage. Iron wire and some other line stores also in short supply impede the quick progress.

As regards M. P. Circle the actual supply of cables have been 61% and 68% of

the allotments made for the years 1969-70 and 1970-71 respectively.

(b) Sizeable quantities of cables have been ordered on imports under the Third IDA Loan (supply of which has already commenced). Considering this, M. P. Circle has been allotted in 1971-72 programme a total of 1.36 lakh CKMs of cables which is about 400% of the previous year's allotment. Out of this about 80% is to be supplied from the imports referred to above. Conceding a shortfall in supplies from M/s. H. C. L. during the current year also, M. P. Circle is likely to receive about 1.0 lakh CKMs of cables during 1971-72. With the progressive receipt of supply of cables from imports, it is expected that the difficulties, if any, in provision of telephone connections in M. P. Circle would be overcome.

Planning Minister's Meeting with Labour Leaders Representing all India Trade Union

1543. DR. RANEN SEN: Will the Minister of PLANNING be pleased to state:

(a) whether he had called a meeting of various labour leaders, representing All India Trade Union on the 10th September, 1971;

(b) if so, whether opinions were expressed on the wage-price policy;

(c) if so, the views expressed by various labour leaders; and

(d) whether any decision has been taken in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (d). The Planning Minister had convened a meeting of Trade Union Leaders and Management Experts on the 10th September 1971 and had some informal discussions on how to improve industrial relations and the feasibility of evolving a wages-incomes-prices policy which would be consistent with industrial development and economic growth. Most of the labour leaders stressed the need for taking effective measures for stabilising price level in the country. Some of them also pointed out that the need-based minimum wage should be extended to labour. The general consensus was that while

the evolution of an integrated wages-incomes-prices policy was desirable, this would require drastic economic and social changes which can be brought about only through sustained economic growth and over a long span of time.

Agreement between India and West Germany in the Field of Atomic Energy

1544. SARI C. K. CHANDRAPPAN : Will the Minister of ATOMIC ENERGY be pleased to state :

(a) whether India and West Germany had signed an agreement of collaboration in the field of Atomic Energy ; and

(b) if so, the terms of the agreement ?
